ARTICLE ... *Patent rights.* (1) Where used in this Article and not elsewhere in this contract, the expression "Subject Invention" means each invention, improvement and discovery (whether or not patentable) conceived or first reduced to practice in the performance of this contract, including any subcontract hereunder, or in the performance of any research or development work relating to the subject-matter hereof which was done upon the understanding that this contract or any subcontract hereunder would be awarded, unless disclosed in a patent application filed prior to the commencement of such performance; the expression "Technical Personnel" means each person employed by or working under the direction of Contractor or any subcontractor hereunder who, by reason of the nature of his duties in connection with the performance of this contract, or any subcontract hereunder, would reasonably be expected to make inventions; and the expression "Contractor's Patent Rights" means all patents and applications for patent, under which Contractor now has or may hereafter acquire the right to grant a license, to the extent that they are based upon the disclosure of inventions other than a Subject Invention.

(2) Each Subject Invention made by Technical Personnel and, to the extent of Contractor's assignable rights therein, each Subject Invention made by others than Technical Personnel, shall be the sole and exclusive property of the Government, and the Contracting Officer or his designee shall have sole power to determine to whom, and in what manner and form, consistent with law, title thereto shall be assigned and patent protection therefor shall be obtained in any country; *Provided, however,* That nothing contained in this sentence shall be deemed to grant a license under Contractor's Patent Rights. Contractor agrees (i) to deliver to the Contracting Officer or his designee, promptly and in any event prior to final settlement, a complete written disclosure of each Subject Invention which reasonably appears to be patentable and, as to each such invention, to exert its best efforts to effect such delivery within six months after first publication, public use or sale; and (ii) to deliver to the Contracting Officer or his designee, duly executed, such instruments of assignment, application papers and rightful oaths, relating to each Subject Invention title to which is to be assigned pursuant to this contract, as the Contracting Officer or his designee may require in order to enable patent applications therefor to be filed and prosecuted, and title to such applications to be assigned and recorded, in any country.

(3) Contractor agrees to and does hereby grant to the Government the right to reproduce, use and disclose for any governmental purpose all or any part of the reports, drawings, blueprints, data and technical information to be delivered by Contractor to the Government under this contract; *Provided, however,* That nothing contained in this sentence shall be deemed to grant a license under any patent now or hereafter issued.

§ 803.335–4 *Indemnity against patent risks (broad form).* Where it is proper (see § 811.1117–3) to require the contractor to indemnify the Government against all patent infringement risks, the appropriate contract article is as follows:

ARTICLE ... *Patent indemnity.* The Contractor agrees to indemnify the Government, its officers, agents, servants and employees against liability including costs and expenses for infringement upon any Letters Patent of the United States (except Letters Patent issued upon an application which is now or may hereafter be ordered to be kept secret under the provisions of the Act of October 6, 1917, as amended, 35 U.S.C. 42) occurring in the performance of this contract or arising (in respect only of inventions which are actually embodied in items manufactured or supplied hereunder, or are involved in the use, unless there be more than one practicable use, of such items) by reason of the use or disposal of such items by or for the account of the Government.

§ 803.335–5 *Indemnity against patent risks (narrow form).* Where it is proper (see § 811.1117–4) to require the contractor to indemnify the Government against all patent infringement risks except those which necessarily result from the contractor's compliance with specifications (unless originating with the contractor) forming a part of the contract or with specific written instructions given by the Contracting Officer for the purpose of directing the manner of performance thereof, the appropriate contract article is as follows:

ARTICLE ... *Patent indemnity.* (a) The Contractor agrees to indemnify the Government, its officers, agents, servants and employees, against liability including costs and expenses for infringement upon any Letters Patent of the United States (except Letters Patent issued upon an application which is now or may hereafter be ordered to be kept secret under the provisions of the Act of October 6, 1917, as amended, 35 U.S.C. 42) occurring in the performance of this contract or arising (in respect only of inventions which are actually embodied in items manufactured or supplied hereunder, or are involved in the use, unless there be more than one practicable use, of such items) by reason of the use or disposal of such items by or for the account of the Government; excepting however infringements necessarily resulting from the Contractor's compliance with specifications (unless originating with the Contractor) now or hereafter forming a part of this contract or with specific written instructions given by the Contracting Officer for the purpose of directing the manner in which the Contractor shall perform this contract.

(b) The Contractor shall diligently and promptly report to the Contracting Officer in reasonable written detail (i) each claim of patent infringement asserted with respect to, and (ii) the identity and apparent pertinence of each adversely-held domestic patent having a bearing or apparent bearing upon, the subject-matter or performance of this contract, which said claim or bearing has heretofore or shall hereafter prior to final settlement come to the attention of the Contractor's legal representatives or executive agents.

§ 803.335–6 *Authorization and assistance.* Where there is reason to believe (see § 811.1117–6) that the manufacture, use or disposal of any of the items to be supplied under a contract may create risk of patent infringement or may involve the payment of royalties (whether or not the contractor indemnifies the Government against patent infringement risks), the appropriate contract article is as follows:

ARTICLE ... *Authorization and assistance.* (a) For the purpose set forth in Section 6 of the Royalty Adjustment Act 1942 (Public No. 768, 77th Cong.; 35 U.S.C. 94), insofar as said Section 6 refers to the Act of June 25, 1910, as amended (35 U.S.C. 68), and for no other purpose whatsoever, the Government shall, without prejudice to its rights of indemnification if any be deemed to have given its authorization and consent to the use and manufacture, in the performance of this contract or of any subcontract hereunder, (1) of any patented invention embodied in the structure or composition of any article the delivery of which is accepted by the Government under this contract and (2) of any patented invention utilized in machinery, tools or methods the use of which necessarily results from compliance by the Contractor or the using subcontractor with (i) specifications or written provisions now or hereafter forming a part of this contract or (ii) specific written instructions given by the Contracting Officer for the purpose of directing the manner of such performance.

(b) The Contractor shall diligently and promptly report to the Contracting Officer in reasonable written detail (i) each claim of patent infringement asserted with respect to, and (ii) the identity and apparent pertinence of each adversely-held domestic patent having a bearing or apparent bearing upon, the subject-matter or performance of this contract, which said claim or bearing has heretofore or shall hereafter prior to final settlement come to the attention of the Contractor's legal representatives or executive agents.

(c) In case the rates or amounts of any royalties, which are directly or indirectly chargeable to the Government under this contract, are adjusted pursuant to the provisions of the Royalty Adjustment Act 1942 (Public No. 768, 77th Cong.; 35 U.S.C. 89) or in any other manner, the prices herein shall be reduced to the extent that the Contractor receives the benefit of such adjustment, or fails to take the benefit thereof after the Government has given the Contractor notice in writing not to make the payment involved, and the Contractor shall pay or credit, as the Contracting Officer may direct, the amount of such price reduction. Nothing contained in this contract shall be deemed to constitute an approval by the Government of the rates or amounts of any royalties chargeable to the Government hereunder, or to prejudice or impair the right of the Government or any department or agency thereof to adjust the rate or amount of such royalties.

Attention is directed to the fact that clause (b) of the foregoing article is a duplicate of clause (b) of the contract article set forth in § 803.335–5 above. If the contract articles set forth in this section and in § 803.335–5 are both used in the same contract, the duplicating provision of this section should be eliminated.

§ 803.335–7 *Indemnity bond.* Where the giving of bond in support of the contractor's indemnity obligation is deemed necessary (see § 804.406–5) the appropriate contract article is as follows:

ARTICLE ... *Patent infringement bond.* The Contractor shall give a bond in an amount satisfactory to the United States, the terms of which shall fully protect the Government against loss should the Contractor default in any patent indemnity obligation herein set forth.

§ 803.335–8 *Patent applications disclosing certain classified subject-matter.* Where it is proper for the Government to control the filing of patent applications disclosing top secret, secret or confidential subject-matter of a contract (see § 811.1116–13), the appropriate contract article is as follows:

While and so long as the subject-matter of this contract is classified by the War Department as "Confidential" or "Secret" or higher, Contractor agrees that, before filing or causing to be filed a patent application disclosing such subject-matter, Contractor will refer the proposed application to the Contracting Officer or his designee for a recommendation by the War Department whether such application should be ordered to be kept secret under the provisions of the Act of October 6, 1917, as amended (35 U.S.C. 42), and will faithfully observe any reasonable instructions given by the Contracting Officer or his designee in that regard which instructions may include a direction not to file the same so long as the Contracting Officer or his designee deems such action necessary in the interests of national security. It and to the extent that the subject-matter of this contract is classified by the War Deparment as "Secret" or higher, Contractor agrees upon request of the Contracting Officer or his designee to assign and convey to the Government the entire right, title and interest in and to each United States patent application, disclosing the said subject-matter or any part thereof of this contract and filed by or on behalf of Contractor, which Contractor is not obligated to assign to the Government by virtue of any other provision of this contract, the same to be held by the Government subject to reversion of the entire right, title and interest therein to Contractor upon allowance of the said application; *Provided, however,* That nothing contained in this sentence shall enlarge or diminish the rights otherwise granted to or reserved by the Government or Contractor in respect of said application or the invention covered thereby except as and to the extent herein expressly provided.

§ 803.336 *Classified contracts: disclosure of information clause.* All top secret, secret, confidential or restricted contracts will contain the following clause without deviation:

Disclosure of information. (a) It is understood that disclosure of information relating to the work contracted for hereunder to any person not entitled to receive it, or failure to safeguard all secret, confidential and restricted matter that may come to the Contractor or any person under his control in connection with the work under this contract, may subject the Contractor, his agents, employees, and subcontractors to criminal liability under the laws of the United States. See Title 1 of an Act approved June 15, 1917 (40 Stat. 217; 50 U.S.C. 31–42) as amended by an Act approved March 28, 1940 (54 Stat. 79); and the provisions of an Act approved Jan. 12, 1938 (52 Stat. 3; 50 U.S.C. 45–45d, as supplemented by Executive Order No. 8381, dated March 22, 1940, 5 F.R. 1147.

(b) The Contractor shall cause a like provision to be inserted in all subcontracts under this contract.

§ 803.337 *Classified contracts; employment of aliens clause.* All top secret, secret, confidential or restricted contracts will contain the following clause without deviation (for a further discussion of the subject of employment of aliens, see Subpart K of Part 809):

Employment of aliens. The Contractor will not permit any alien employed or to be employed by it or by any sub-bidder or subcontractor to have access to the drawings, specifications and accompanying enclosures relating to the performance of this contract, or to the models or material referred to therein, or to engineering principles, composition, subassemblies, or assemblies which are vital to the functioning or use of the article or articles forming the subject matter of this contract, without the written consent beforehand of the Secretary of War.

With respect to any classified contract, now in effect and not completely performed, which contains a provision with respect to the employment of aliens in a different form from that herein prescribed, the chiefs of technical services concerned will take steps, where they deem it necessary to do so, to amend such provision by substituting therefor the clause herein prescribed.

§ 803.337–1 *Employment of aliens in connection with contracts for aircraft, aircraft parts or aeronautical accessories.* All top secret, secret, confidential or restricted contracts which are also subject to the act approved July 2, 1926, as amended March 3, 1927, section 10 (j)–(p); 10 U.S.C. 310 (j)–(p), relating to the employment of aliens in connection with contracts for furnishing or constructing aircraft, aircraft parts or aeronautical accessories for the United States may also contain such reference to that act or its provisions as the Commanding General, Army Air Forces, deems appropriate.

§ 803.338 *Plant protection; contract clauses.* In those cases where the contracting officer deems it necessary to retain some control as to the plant protective devices in a particular plant, the contract will contain a clause substantially similar to one of those set forth below. Such a clause will not normally be necessary in construction contracts.

Plant protection. The Contractor shall maintain in and about his plant adequate plant protective devices and shall employ such watchmen, guards and other personnel as the Contracting Officer may deem necessary to prevent espionage, sabotage, and other malicious destruction or damage.

Plant protection. The Contractor shall maintain in and about his plant adequate plant protective devices and shall employ such watchmen, guards and other personnel as the Contracting Officer may deem necessary to prevent espionage, sabotage, and other malicious destruction or damage. If the Contracting Officer from time to time shall require the installation of plant protective devices or the employment of watchmen, guards or other personnel, or both, in addition to those deemed necessary by him on the date the Contractor shall commence performance of this contract, the cost of any such devices installed or the pay of any such personnel employed, or both, at the written request and upon the written authorization of the Contracting Officer, shall be reimbursed to the Contractor upon submission of vouchers approved by the Contracting Officer, provided that no reimbursement of the cost of any such installation or pay of any such personnel, or both, shall be made in excess of the cost thereof, as estimated in advance and approved in writing by the Contracting Officer.[1]

Plant protection. (a) The Contractor and each Subcontractor, at his own expense, at all times during the term of this contract, or any subcontract hereunder, shall continue all such precautions for the guarding and protection of his plant, property and work in process, as immediately prior to the date of this contract have been taken by the Contractor or Subcontractor for the protection of the plant, and shall make available such information with respect thereto as the Contracting Officer may request.

(b) The Contractor agrees to furnish the authorized Security and Safety personnel of the War Department with a survey of the existing internal security system at the Contractor's plant. The Contractor agrees, at his own expense, to make the changes set forth in Appendix . . . hereto annexed and made a part hereof to cause his existing internal security system to comply with the regulations of ----------

(Chief of Technical Service)

including the recommendations made by the appropriate War Department Internal Security personnel

(c) At any time during the term of this contract, the Contracting Officer or his duly authorized representative may require the Contractor or Subcontractor to install and maintain in and about the plant additional protective devices, equipment and personnel. The Contractor and each Subcontractor shall submit promptly to the Contracting Officer or his duly authorized representative, for prior approval as to estimated cost, detailed inventories, including the estimated cost of each item of protective devices or equipment so required to be installed and of installing the same and a detailed estimate of the cost of maintaining any such additional protective devices or equipment and personnel.

(d) The Contractor or Subcontractor shall be reimbursed upon the submission of a voucher approved by the Contracting Officer, or his duly authorized representative, for the cost of maintaining such additional personnel as may have been required under paragraph (c) hereof, and the Contractor shall be reimbursed also for all payments made by it to Subcontractors pursuant to paragraph (h) hereof. The Contractor or Subcontractor shall be reimbursed, upon the submission of a voucher approved by the Contracting Officer or his duly authorized representative, the invoice price of the additional plant protective devices or equipment so required pursuant to Paragraph (c) hereof. In addition the Contractor or Subcontractor shall be reimbursed the reasonable cost of installing such additional plant protective devices or equipment. Such reasonable cost shall include only transportation to the Contractor's or Subcontractor's plant, direct labor, and direct material necessary for the installation of the additional plant protective devices or equipment. The Government shall not be under obligation to make reimbursement of total cost of such additional plant protective devices or equipment and of installing the same in excess of the estimate approved in advance by the Contracting Officer unless payment of such excess shall be

[1] If desired an additional proviso may be added, reading substantially as follows:

Provided further that no reimbursement of the cost of any such installation or pay of any such personnel is being made to the contractor by other means.

approved or ratified by the Contracting Officer as reasonable. If the Contracting Officer and the Contractor or Subcontractor, as the case may be, are able to agree upon the amount of the cost of such additional devices or equipment, such sum shall be the amount to be reimbursed hereunder.

(e) Title to all plant protective devices and equipment added under Paragraph (c) of this Article shall be in the Government. The Contractor or Subcontractor, during the term of this contract or any extension thereof or during the term of the Subcontract or any extension thereof, at his own expense, shall maintain and keep in good condition and repair all such protective devices and equipment. If such protective devices and equipment are to be installed on premises leased by the Contractor, the Contractor shall take appropriate steps to preserve the Government's right to remove such property pursuant to Paragraph (g) of this Article.

(f) The _____
(Chief of Technical Service)
or his duly authorized representative, and authorized plant protection personnel of the War Department, at all times during the performance of this Contract or any extension thereof, or during the term of the Subcontract or any extension thereof, and until after expiration of the right of removal set forth below, shall have access to the Contractor's plant, or the plant of the Subcontractor, in order to inspect, inventory, or remove any of said plant protective devices or equipment required pursuant to Paragraph (c) hereof, and to inspect the premises with respect to compliance with all regulations and requirements concerning plant protection, including any recommendations made by the appropriate War Department Internal Security personnel.

(g) After the completion or termination of this contract and prior to final settlement thereof, the Contractor, or the Subcontractor, as the case may be, shall have the option, exercisable in writing, to purchase at the then value as fixed by the Contracting Officer, or his duly authorized representative, any special plant protective devices or equipment theretofore installed in his plant pursuant to Paragraph (c). Not later than the date of final settlement, the Contractor or Subcontractor shall notify the Contracting Officer in writing to remove any such devices or equipment as to which the option to purchase is not to be exercised, and the Government shall have the right, at any time within 180 days after the receipt of such notice, to remove at its own expense any such plant protective devices or equipment.

(h) The Contractor agrees to insert in each of his subcontracts the following provision:

"The Subcontractor agrees to be bound by the provisions of Article _____ of the
(This Article)
prime contract with the Government insofar as they are applicable to this contract. The Prime Contractor will reimburse the Subcontractor for the cost of such special devices, equipment and personnel as have been or hereafter may be added by the Subcontractor, pursuant to Paragraph (c) of Article _____, for which reimbursement has not been made by the Government direct to the Subcontractor according to the terms set forth in Paragraph (d) of Article _____"

(i) For the purpose of this Article, a subcontract is defined as any contract or agreement entered into between the Contractor and any other party, for the performance of all or any part of the work called for under this Contract.

(j) The Contractor, upon request of the Contracting Officer, shall suspend from access to work under this contract any officer or employee whose continued employment is deemed by the Contracting Officer to endanger the security of the war effort.

(k) If guard personnel are members of the Civilian Auxiliary to the Military Police or successor organization, the Contractor shall be reimbursed for such additional cost approved by the Contracting Officer as may be incurred because of compliance with regulations and orders issued by a military commanding officer in charge of the Contractor's plant guards.

§ 803.340 *Rental of gas cylinders; contract clause.* Every contract for the rental of gas cylinders will contain a clause substantially similar to one of the following:

Rental of gas cylinders (individual basis). Cylinders shall remain the property of the contractor and will be loaned, without charge, to the Government for a period of 30 days after the date of shipment of cylinders from the contractor's plant. Beginning with the first day after the expiration of the 30-day free loan period to and including the day the cylinders are released to the transportation company for return to the contractor, there will be charged and the United States agrees to pay the contractor a rental at the rate of $_____ per cylinder per day for the use of cylinders not returned to the contractor.

Rental of gas cylinders (quantity basis). Cylinders shall remain the property of the contractor and will be loaned, without charge, to the Government for a period of 30 days after the date of shipment of cylinders from the contractor's plant. Beginning with the first day after the expiration of the 30-day free loan period to and including the day the cylinders are released to the transportation company for return to the contractor, there will be charged and the United States agrees to pay the contractor a rental at the rate of $_____ per cylinder per day, computed on a quantity basis, as indicated below, for the use of cylinders not returned to the contractor. This rental charge will be computed separately for oxygen and acetylene cylinders and for each point of delivery named in the contract. A credit of 30 cylinder days will accrue for each cylinder shipped. A debit of one cylinder day will accrue for each cylinder for each day held beginning with the day after date of shipment from contractor's plant to and including the day the cylinder is released to the transportation company for return to the contractor. At the end of the contract period, in the event the total number of debits exceeds the total number of credits, rental will be charged for the difference. If the total number of credits equals or exceeds the total number of debits, no charge will be made for the use of the cylinders.

All cylinders not returned to the contractor on or before the expiration of a 90-day rental period or lost or damaged beyond repair while in the possession of the United States Government shall be paid for by the United States to the contractor at a replacement value of $_____ for each oxygen cylinder of 100 to 110 cubic feet capacity, $_____ for each oxygen cylinder of 200 to 220 cubic feet capacity, $_____ for each acetylene cylinder of 100 to 150 cubic feet capacity, and $_____ for each acetylene cylinder of 250 to 300 cubic feet capacity.

Cylinders retained or lost and so paid for shall be considered the property of the United States. But if and when located they may, at the option of the Government, be returned to the contractor, and, in such event, credit shall be allowed to the Government at the replacement value paid, less rental at the rate of $_____ per day beginning at the expiration of the 30-day loan period as aforesaid to the date upon which cylinders are turned over to carrier for return to contractor's plant.

§ 803.341–3 *Article _____. Conversion to fixed price contract.* The following article will be used in cost-plus-a-fixed-fee contracts in accordance with § 803.232–3 of this chapter:

ARTICLE _____. *Conversion to fixed price contract.* (a) The Government and the Contractor agree to convert this contract from a cost-plus-a-fixed-fee basis to a fixed price basis in accordance with this article.

(b) Within (15) days after the production of ____% of the items covered by this contract, the Contractor will submit to the Contracting Officer the following data: [1]

(1) Statements showing the cost of producing all items theretofore completed for delivery for which cost figures are available, and such other statements as the Contracting Officer may require.

(2) Estimates of the cost of producing the remainder of the contract based upon the previous cost experience of the Contractor and upon all other relevant factors.

(3) Proposed prices for the items theretofore delivered and to be delivered during the remainder of the contract.

(c) Upon the filing of the data required by section (b) hereof, the Contractor and Contracting Officer will negotiate in good faith to agree upon a price or prices for this contract on a fixed price basis. In negotiating such prices consideration may be given to all pertinent factors which have affected the Contractor's costs during the preceding period and which are likely to affect such costs during the remainder of the contract and to all pertinent factors bearing upon the profit margin which is reasonable for the Contractor to earn under the contract. The agreement to convert may make the fixed price basis applicable to the entire contract, including performance before as well as after the effective date of the conversion; and it may provide for the treatment of any advance payments and reimbursements theretofore made to the Contractor as payments under the revised contract, for appropriate credit for deliveries theretofore made by him, and for releasing to the Contractor any interest or title of the Government in any materials and property acquired for the performance of the contract. The terms of the agreement shall be evidenced by a supplemental agreement.

(d) Any conversion made or contract price fixed under this Article is without prejudice to the determination of any excessive profits of the Contractor upon subsequent renegotiation under Section 403 of the Sixth Supplemental National Defense Appropriation Act, 1942, as amended, or the contract article inserted herein pursuant to that Act.

§ 803.342 *Articles governing statutory renegotiation.* The following articles dealing with statutory renegotiation will be used in accordance with Part 812 of this chapter (§ 812.1202 et seq., § 812.1207 et seq.).

§ 803.342–1 [*Form I*] *Renegotiation pursuant to the Renegotiation Act: Form for general use.*

[1] Where it will be unduly difficult for the Contractor to submit the data in the form specified in paragraphs (1) and (2), the following form may be substituted for these paragraphs, if the Contracting Officer is satisfied that it will provide reliable and sufficient data for the purposes of the article:

"(1) Revised estimates of the cost of performing the entire contract, based upon the cost experience of the Contractor during the trial run and upon all other relevant factors, itemized in the same way as the estimated cost stated in section (b) above, and showing separately any reserves for contingencies included in the estimate."

Paragraph (3) will then be renumbered (2).

ARTICLE _____. *Renegotiation.* (a) This contract shall be deemed to contain all the provisions required by subsection (b) of the Renegotiation Act as amended by Section 701 of the Revenue Act of 1943 (Public Law No. 235, 78th Congress, enacted February 25, 1944).

(b) In compliance with said subsection (b) of the Renegotiation Act, the Contractor shall insert in the subcontracts specified in said subsection (b) either the provisions of this Article or the provisions required by said subsection (b).

§ 803.342–2 [*Form II*] *Same: Form for contracts exempt under discretionary exemption.*

ARTICLE _____. *Renegotiation.* (a) The Contractor agrees to insert in the subcontracts specified in subsection (b) of the Renegotiation Act as amended by Section 701 of the Revenue Act of 1943 (Public Law No. 235, 78th Congress, enacted February 25, 1944), either the provisions required by said subsection (b) or the following:

"Article _____. Renegotiation. (a) This contract shall be deemed to contain all the provisions required by subsection (b) of the Renegotiation Act as amended by Section 701 of the Revenue Act of 1943 (Public Law No. 235, 78th Congress, enacted February 25, 1944)

"(b) In compliance with said subsection (b) of the Renegotiation Act, the Contractor shall insert in the subcontracts specified in said subsection (b) either the provisions of this Article or the provisions required by said subsection (b)."

(b) The Contractor agrees that there may be retained by the United States from amounts otherwise due the Contractor or that the Contractor will repay to the United States, as the Secretary of War or his duly authorized representative may direct, any amounts which under subsection (b) of the Renegotiation Act he is directed to withhold from a subcontractor and which are actually unpaid at the time the Contractor receives such direction.

§ 803.342–3 [*Form III*] *Same: Form for supplemental agreements.*

ARTICLE _____. *Renegotiations.* (a) This contract shall be deemed to contain all the provisions required by subsection (b) of the Renegotiation Act as amended by Section 701 of the Revenue Act of 1943 (Public Law No. 235, 78th Congress, enacted February 25, 1944).

(b) In compliance with subsection (b) of the Renegotiation Act, the Contractor shall insert in the subcontracts specified in said subsection (b) and made by the Contractor after the date of this instrument either provisions similar to paragraphs (a) and (b) of this Article or the provisions prescribed by said subsection (b) of the Renegotiation Act.

(c) This Article applies only to the supplemental agreement by which it was added and to any supplemental agreement or change orders hereafter executed except that the Contractor may discharge any obligation under the basic contract to insert renegotiation provisions in subcontracts, by inserting therein either the provisions of paragraphs (a) and (b) of this Article or the provisions prescribed by subsection (b) of the Renegotiation Act.

§ 803.343 *Davis-Bacon Act: contract clause.* All contracts subject to the Davis-Bacon Act will contain the following clause without deviation (for a discussion of the Davis-Bacon Act and information as to the contracts which are subject to and those which are exempt from such act, see Subpart D of Part 809):

Rate of wages. (In accordance with the act of August 30, 1935, 49 Stat. 1011, as amended by the act of June 15, 1940, 54 Stat. 399 (U. S. Code, title 40, secs. 276a and 276a–1), this article shall apply if the contract is in excess of $2,000 in amount and is for the construction, alteration, and/or repair, including painting and decorating, of a public building or public work within the geographical limits of the States of the Union, the Territory of Alaska, the Territory of Hawaii, or the District of Columbia.)

(a) The contractor or his subcontractor shall pay all mechanics and laborers employed directly upon the site of the work, unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account, the full amounts accrued at time of payment, computed at wage rates not less or more than those stated in the specifications (subject to Executive Order Number 9250 and the General Orders and Regulations issued thereunder) regardless of any contractual relationship which may be alleged to exist between the contractor or subcontractor and such laborers and mechanics; and the scale of wages to be paid shall be posted by the contractor in a prominent and easily accessible place at the site of the work. The contracting officer shall have the right to withhold from the contractor so much of accrued payments as may be considered necessary by the contracting officer to pay to laborers and mechanics employed by the contractor or any subcontractor on the work the difference between the rates of wages required by the contract to be paid laborers and mechanics on the work and the rates of wages received by such laborers and mechanics and not refunded to the contractor, subcontractors, or their agents.

(b) In the event it is found by the contracting officer that any laborer or mechanic employed by the contractor or any subcontractor directly on the site of the work covered by the contract has been or is being paid a rate of wages less than the rate of wages required by the contract to be paid as aforesaid, the Government may, by written notice to the contractor, terminate his right to proceed with the work or such part of the work as to which there has been a failure to pay said required wages and prosecute the work to completion by contract or otherwise, and the contractor and his sureties shall be liable to the Government for any excess costs occasioned the Government thereby.

(c) The regulations of the Secretary of Labor, referred to in article ____ (non-rebate of wages) hereof, allow certain "permissible deductions" from the wages required by this article to be paid.

The article to which cross reference is made in paragraph (c) of the above clause is that contained in § 803.344.

§ 803.343–1 *Minimum wages.* There will be contained in each contract subject to the Davis-Bacon Act (or in the specifications accompanying the contract) a clause substantially as follows:

The minimum wages to be paid laborers and mechanics on this project, as determined by the Secretary of Labor to be prevailing for the corresponding classes of laborers and mechanics employed on projects of a character similar to the contract work in the pertinent locality, are as follows:

Classification of laborers and mechanics	Minimum rates of wages per hour

Any class of laborers and mechanics not listed in the preceding paragraph, which will be employed on this contract, shall be classified or reclassified conformably to the foregoing schedule by mutual agreement between the contractor and class of labor concerned, subject to the prior approval of the contracting officer. In the event the interested parties cannot agree on the proper classification or reclassification of a particular class of laborers and mechanics to be used, the question, accompanied by the recommendation of the contracting officer, shall be referred to the Secretary of Labor for final determination. The wages specified in this schedule shall be the maximum wages to be paid, subject, however, to Executive Order No. 9250 and the General Orders and Regulations issued thereunder.

§ 803.344 *Copeland "Kick-back" Act: contract clause.* All contracts subject to the Copeland "Kick-back" Act will contain the following clause without deviation (for a discussion of the Copeland "Kick-back" Act and information as to the contracts which are subject to and those which are exempt from such act, see Subpart C of Part 809):

Nonrebate of wages. The contractor shall comply with the regulations of the Secretary of Labor pursuant to the Act of June 13, 1934, 48 Stat. 948 (U.S. Code, title 40, secs. 276b and 276c), and any amendments or modifications thereof, shall cause appropriate provisions to be inserted in subcontracts to insure compliance therewith by all subcontractors subject thereto, and shall be responsible for the submission of affidavits required of subcontractors thereunder, except as the Secretary of Labor may specifically provide for reasonable limitations, variations, tolerances, and exemptions from the requirements thereof.

§ 803.345 *Convict labor; contract clause.* All contracts, except those to which the prohibition against use or employment of convict labor is clearly inapplicable, and except those containing the clause set forth in either §§ 803.353 or 803.353–4 will contain the following clause without deviation:

Convict labor. The contractor shall not employ any person undergoing sentence of imprisonment at hard labor. This provision shall not be construed to prevent the contractor or any subcontractor hereunder from obtaining any of the supplies, or any component parts or ingredients thereof, to be furnished under this contract or any of the materials or supplies to be used in connection with the performance of this contract, directly or indirectly, from any Federal, State or territorial prison or prison industry: *Provided*, That such articles, materials or supplies are not produced pursuant to any contract or other arrangement under which prison labor is hired by or employed or used by any private person, firm or corporation.

Any contract related to the prosecution of the war which contains a convict labor provision in a different form from that herein prescribed will be amended by the contracting officer to substitute the form herein prescribed for such other form if the contractor so desires.

For discussion of the above clause as well as of the convict labor provision of the Walsh-Healey clause, see Subpart A of Part 809 of this chapter.

§ 803.346 *Eight-Hour Law of 1912; contract clause.* All contracts subject to the provisions of the Eight-Hour Law of 1912 will contain the following clause without deviation (for a discussion of the Eight-Hour Law of 1912 and information as to contracts which are subject to and

those which are exempt from such law, see Subpart B of Part 809):

Eight-hour law. No laborer or mechanic doing any part of the work contemplated by this contract, in the employ of the contractor or any subcontractor contracting for any part of said work contemplated, shall be required or permitted to work more than 8 hours in any one calendar day upon such work at the site thereof, except upon the condition that compensation is paid to such laborer or mechanic in accordance with the provisions of this article. The wages of every laborer and mechanic employed by the contractor or any subcontractor engaged in the performance of this contract shall be computed on a basic day rate of 8 hours per day and work in excess of 8 hours per day is permitted only upon the condition that every such laborer and mechanic shall be compensated for all hours worked in excess of 8 hours per day at not less than one and one-half times the basic rate of pay. For each violation of the requirements of this article a penalty of $5 shall be imposed upon the contractor for each laborer or mechanic for every calendar day in which such employee is required or permitted to labor more than 8 hours upon said work without receiving compensation computed in accordance with this article, and all penalties thus imposed shall be withheld for the use and benefit of the Government: *Provided*, That this stipulation shall be subject in all respects to the exceptions and provisions of U. S. Code, title 40, sections 321, 324, 325, and 326, relating to hours of labor, as modified by the provisions of Section 303 of Public Act No. 781, 76th Congress, approved September 9, 1940, relating to compensation for overtime.

§ 803.347 *Advance payments with interest; clause for fixed price contracts.* A clause substantially as follows will be included in fixed-price contracts when it is contemplated that advance payments with interest will be made thereon:

Advance payments. (a) At any time and from time to time, after the approval of this contract, at the request of the Contractor and subject to the approval of the ---------- or his duly authorized
(Chief of supply service)
representative, or of the person to whom authority has been delegated to make advance payments, as to the present need therefor, the Government shall advance to the Contractor sums not to exceed ----------
(Insert amount of advance payment)
---------- or -------- per centum (----%) of the contract price, as it may be amended, whichever shall be the smaller. On the unliquidated balance of the advance payments outstanding, the Contractor agrees to pay interest at the rate of two and one-half per cent per annum to be computed in accordance with the provisions of paragraph (f).

(b) As a condition precedent to the making of any advance payment or payments as hereinbefore provided, the Contractor shall furnish the Government with such adequate security as the Under Secretary of War or the person to whom authority has been delegated to make advance payments shall prescribe; *Provided:* That, if other security is not prescribed, the terms of this contract shall be considered adequate security for such advance payments; *Provided further:* That, if at any time the Under Secretary of War deems the security furnished by the Contractor inadequate, the Contractor shall furnish such additional security as shall be satisfactory to the Under Secretary of War.

(c) Until all advance payments hereunder are liquidated, all funds received as advance payments under this contract together with -------- per cent (----%) of all other cash
(Insert per cent to be deposited which shall be not less than 85%)
payments under this contract, shall be deposited in a special bank account or accounts at a member bank or banks of the Federal Reserve System, or any "insured" bank within the meaning of the Act creating the Federal Deposit Insurance Corporation (Act of August 23, 1935; 49 Stat. 684), as amended (12 U.S.C. 264), separate from the Contractor's general or other funds. Such special bank account or accounts shall be so designated as to indicate clearly to the bank their special character and purpose, and the balances in such account or accounts shall be used by the Contractor exclusively as a revolving fund for carrying out the purposes of this contract (including reimbursement to the Contractor for any reasonable amounts expended by him for such purposes), and any amendments thereto, and not for the other business of the Contractor; *Provided:* That for the purpose of determining proper disposition of funds hereunder such of the Contractor's costs as may not be directly allocable to this contract, as it may be amended, may be charged against funds deposited in the special account in that proportion which the amount of work being done under this contract, as it may be amended, approximately bears to the total amount of work being performed by the Contractor, out of which such costs also arise, but within the period to which such costs relate. When required by the --------
(Chief of
---------- or his duly authorized repre-
technical service)
sentative, or any other person to whom authority to make advance payments has been delegated, withdrawals from such special account or accounts shall be made subject to the prior written approval of the Contracting Officer or his duly authorized representative. Any balances from time to time in such special account or accounts shall secure the repayment of the advances in connection with which the special account or accounts are opened, and the Government shall have a lien upon such balances to secure the repayment of such advances which lien shall be superior to any lien of the bank or any other person upon such account or accounts by virtue of assignment to it of such contract or otherwise; *Provided:* That the bank shall be under no liability to any party hereto for the withdrawal of any funds from said special account upon checks, properly endorsed and signed by the Contractor, except that after the receipt by the bank of written directions from the ----------
(Chief of technical service)
or his duly authorized representative, the bank shall act thereon and be under no liability to any party hereto for any action taken in accordance with the said written directions. Any instructions or written directions received by the bank through the Contracting Officer upon War Department stationery and purporting to be signed by, or by the direction of, the ----------
(Chief of technical service)
or his duly authorized representative shall, insofar as the rights, duties, and liabilities of the bank are concerned, be conclusively deemed to have been properly issued and filed with the bank by the ----------
(Chief of technical service)
or his duly authorized representative.

(d) If, upon the completion of the contract, or upon its termination for other than the fault of the Contractor, the advance payments made to the Contractor have not been fully liquidated in the manner herein provided, the unliquidated balance of such advance payments shall be deducted from any payments otherwise due the Contractor, and if the sum or sums due the Contractor be insufficient to cover such balance, the deficiency shall be paid by the Contractor in cash forthwith after demand and final audit by the Government of all accounts hereunder: *Provided, however*, That in the event of such termination of the contract for other than the fault of the Contractor, such deduction shall not be made prior to final audit; unless and only to the extent that, the Contracting Officer or his duly authorized representative shall determine that such action is reasonably required in order to secure the eventual repayment in full to the Government of such unliquidated advance payments. In the event of cancellation or termination of this contract because of the fault of the Contractor, the Contractor agrees to return to the Government, upon demand, without set-off of any sums alleged to be due the Contractor, the unliquidated balance of any advance payment. Furthermore, if, in the opinion of the ----------
(Chief of technical
------ or his duly authorized representative,
service)
the unobligated balance of the advance payments made by the Government under paragraph (a) hereof exceeds the amount necessary for the current needs of the Contractor, as determined by the ----------
(Chief of technical service)
or his duly authorized representative the amount of such excess shall, upon demand made by the ---------- or his duly au-
(Chief of technical service)
thorized representative be promptly returned to the Government and will be credited against the balance due the Government on advances previously made. If the demand made in any event set forth in this subparagraph is not met upon receipt of such demand by the Contractor, the amount demanded will bear interest at the rate of six percent (6%) rather than two and one-half percent (2½%) per annum from the date of the receipt of the demand until payment is made. *Provided, however*, That such additional interest over and above the regular two and one-half percent is hereby waived as to any sum paid by the Contractor within 15 days after the amount becomes due hereunder.

(e) Except as otherwise provided herein, liquidation of the principal of any advance payment or advance payments made to the Contractor hereunder shall be made by deductions of -------- per cent (----% from any and all payments made by the Government under the terms of the contract or by means of direct repayment by the Contractor from his own free funds or from the special account or accounts: *Provided*, That if at any time, as a result of amendments to the contract or otherwise, the unliquidated balance of the principal of advance payments made exceeds -------- per cent (----%) of the balance of the total contract price then unpaid, the amount of such excess which has not then been expended or obligated shall upon demand of the ----------
(Chief of technical service)
his duly authorized representative be promptly returned to the Government by withdrawal from the special account or accounts or otherwise, and that portion of the excess which has been expended or obligated may, at the option of the Contractor, be so returned and if not so returned, shall, together with any unexpended or unobligated portion of the excess not otherwise returned to the Government, be deducted from any and all payments to be made by the Government under the contract: *Provided further*, That, if and when the contractor has, by means of deductions or otherwise, reimbursed the Government in full for payments made, any money remaining in the special bank account or accounts shall be free and clear of any lien hereunder and the bank or banks concerned shall have authority to pay same to the contractor and shall thereupon be relieved of any further obligation to the Government on account thereof.

(f) On the unliquidated balance of the advance payments outstanding, the contractor agrees to pay interest at the rate of two and one-half per cent per annum. Such interest shall be computed at the end of each calendar month on the average daily balance of the principal of the unliquidated advance payments outstanding. In determining such balance, charges on account of the advance payments to the Contractor hereunder shall be made as of the dates of the checks therefor; credits arising from deductions from payments to the Contractor under this contract shall be made, upon the issue of the check for such payment, as of the dates of shipment as indicated on the Contractor's invoice and/or Government Receiving Report; and credits arising from cash repayments to the Government by the Contractor shall be made as of the dates the checks therefor are received by the disbursing officer. As soon as such monthly computations shall have been made, the interest so determined shall be deducted from the payments otherwise due to contractor under this contract: *Provided, however*, That in no event shall deductions on account of interest exceed five per cent (5%) of the gross payment due the contractor prior to any deduction under this paragraph or paragraph (e) or any other provisions of this contract. In the event the accrued interest exceeds such five per cent, the excess of such interest shall be carried forward and deducted from subsequent payments. The interest shall not be compounded, and shall, subject to the provisions of paragraph (d) hereof, cease to accrue upon the termination of the contract for other than the fault of the contractor, or upon the date found by the Contracting Officer to be the date upon which the contractor completed his performance under the contract.

(g) The contractor shall, at all times, afford to the Contracting Officer or his duly authorized representative, proper facilities for the inspection and audit of the contractor's accounts, and the contractor hereby agrees that the Contracting Officer, or his duly authorized representative, shall have the right, so far as the contractor's rights are concerned, during business hours, to inspect and make copies of any entries in the books and records of the bank relating to the said special account.

(h) Subject to the approval of the Contracting Officer or his duly authorized representative the contractor may make payments to subcontractors and materialmen in advance out of the special account, for labor or services, or to pay for material in advance of delivery at the site of the work or at an approved storage site. Such subadvances shall not exceed ------ per cent of the subcontract price and the subcontractor or materialmen to whom such advances are made shall furnish adequate security therefor. Unless other security is furnished, covenants in subcontracts, expressly made for the benefit of the Government, providing for a subspecial account with Government lien thereon and for a Government lien on property, tangible or intangible, purchased from the special account, and imposing upon the subcontractor substantially the same duties and giving the Government substantially the same rights as are provided herein between the Government and the contractor, have been prescribed by the Under Secretary of War as minimum adequate security for such subadvances.

(i) If no surety bond is furnished as part of the security under subparagraph (b) hereof, then, upon receipt of items or materials paid for from such special account or accounts, such items or materials shall be segregated and the Government shall have a lien on such items or materials until the advance payment or payments have been fully liquidated, or until the item or items and/or materials concerned have become the property of the Government as the result of partial payments, or otherwise; *Provided:* That if segregation in any instance be impracticable and the items or materials concerned are consequently intermingled with other property of the Contractor, then and in that event the lien above provided for in favor of the Government shall extend to the intermingled mass to the amount represented by the value of the items or materials involved; and without limiting the generality of the foregoing, such lien shall continue as follows: (a) In case the contract covers construction, until such items or materials are incorporated into the building, and thereafter on the building in the construction of which the items or materials are incorporated; (b) in the case of items or materials comprising facilities, on such facilities both before and after their installation in the plant; and (c) in the case of articles contracted for, until the items or materials so paid for are fabricated into such articles, and thereafter on the articles until accepted by the Government [and the Government shall hereby likewise have an effective assignment of a security interest in all intangible property purchased, or otherwise acquired, with funds from said special account].[1] If at any time during the progress of the work under this contract it becomes necessary to deliver any item or items and/or materials upon which the Government has a lien as aforesaid to a third person, the contractor shall notify such third person of the lien herein provided and shall obtain from such third person a receipt, in duplicate, acknowledging, among other things, the existence of such lien. A copy of each receipt shall be delivered by the contractor to the contracting officer.

(j) Any assignment of moneys due or to become due under this contract shall be subordinate to the rights or claims of the Government arising under this contract or any amendment thereto by virtue of any advance payments authorized herein or otherwise; *Provided*, that, if at any time any claim arising under this contract is assigned or purportedly assigned in any manner inconsistent with the said rights of the Government, the ----------
(Chief of technical service)
or his duly authorized representative shall have the right to suspend further advance payments without notice.

§ 803.348 *Advance payments without interest.* A clause substantially as follows will be included in fixed price contracts when it is contemplated that advance payments without interest will be made thereon:

Advance payments. (a) At any time and from time to time, after the approval of this contract, at the request of the Contractor and subject to the approval of the ----------
(Chief of technical service)
or his duly authorized representative, or of the person to whom authority has been delegated to make advance payments, as to the present need therefor, the Government shall advance to the Contractor, without payment of interest therefor by the Contractor, sums not to exceed ---------- or -------- per
(Insert amount of advance payment)
centum (----%) of the contract price, as it may be amended, whichever shall be the smaller.

(b) As a condition precedent to the making of any advance payment or payments as hereinbefore provided, the Contractor shall furnish the Government with such adequate security as the Under Secretary of War or the person to whom authority has been delegated to make advance payments shall prescribe; *Provided:* That, if other security is not prescribed, the terms of this contract shall be considered adequate security for such advance payments; *Provided further:* That if at any time the Under Secretary of War deems the security furnished by the Contractor inadequate, the Contractor shall furnish such additional security as shall be satisfactory to the Under Secretary of War.

(c) Until all advance payments hereunder are liquidated, all funds received as advance payments under this contract together with ---------- per cent (----%) of all
(Insert per cent to be deposited which shall be not less than 85%)
other cash payments under this contract, shall be deposited in a special bank account or accounts at a member bank or banks of the Federal Reserve System, or any "insured" bank within the meaning of the Act creating the Federal Deposit Insurance Corporation (Act of August 23, 1935; 49 Stat. 684), as amended (12 U.S.C. 264), separate from the Contractor's general or other funds. Such special bank account or accounts shall be so designated as to indicate clearly to the bank their special character and purpose, and the balances in such account or accounts shall be used by the Contractor exclusively as a revolving fund for carrying out the purposes of this contract (including reimbursement to the Contractor for any reasonable amounts expended by him for such purposes), and any amendments thereto, and not for the other business of the Contractor; *Provided:* that for the purpose of determining proper disposition of funds hereunder such of the Contractor's costs as may not be directly allocable to this contract, as it may be amended, may be charged against funds deposited in the special account in that proportion which the amount of work being done under this contract, as it may be amended, approximately bears to the total amount of work being performed by the Contractor, out of which such costs also arise, but within the period to which such costs relate. When required by the ---------- or his duly authorized
(Chief of technical service)
representative, or any other person to whom authority to make advance payments has been delegated, withdrawals from such special account or accounts shall be made subject to the prior written approval of the Contracting Officer or his duly authorized representative. Any balances from time to time in such special account or accounts shall secure the repayment of the advances in connection with which the special account or accounts are opened, and the Government shall have a lien upon such balances to secure the repayment of such advances which lien shall be superior to any lien of the bank or any other person upon such account or accounts by virtue of assignment to it of such contract or otherwise; *Provided:* That the bank shall be under no liability to any party hereto for the withdrawal of any funds from said special account upon checks, properly endorsed and signed by the Contractor, except that after the receipt by the bank of written directions from the ----------
(Chief of
---------- or his duly authorized repre-
technical service)
sentative, the bank shall act thereon and be under no liability to any party hereto for any action taken in accordance with the said written directions. Any instructions or written directions received by the bank through the Contracting Officer upon War Department stationery and purporting to be signed by, or by the direction of, the ----------
(Chief of
---------- or his duly authorized represen-
technical service)
tative shall, in so far as the rights, duties, and liabilities of the bank are concerned, be conclusively deemed to have been properly issued and filed with the bank by the ----------
(Chief of technical service)
---------- or his duly authorized repre-
(Chief of technical service)
sentative.

(d) If, upon the completion of the contract, or upon its termination for other than the fault of the Contractor, the advance payments made to the Contractor have not been fully liquidated in the manner herein pro-

[1] The bracket provision may be inserted in the case of experimental contracts or other cases where deemed especially appropriate.

vided, the unliquidated balance of such advance payments shall be deducted from any payments otherwise due the Contractor, and if the sum or sums due the Contractor be insufficient to cover such balance, the deficiency shall be paid by the Contractor in cash forthwith after demand and final audit by the Government of all accounts hereunder: *Provided, however,* That in the event of such termination of the contract for other than the fault of the Contractor, such deduction shall not be made prior to final audit unless, and only to the extent that, the Contracting Officer or his duly authorized representative shall determine that such action is reasonably required in order to secure the eventual repayment in full to the Government of such unliquidated advance payments. In the event of cancellation or termination of this contract because of the fault of the Contractor, the Contractor agrees to return to the Government, upon demand, without set-off of any sums alleged to be due the Contractor, the unliquidated balance of any advance payment. Furthermore, if, in the opinion of the----------or his duly author-

(Chief of technical service)

ized representative, the unobligated balance of the advance payments made by the Government under Paragraph (a) hereof exceeds the amount necessary for the current needs of the Contractor, as determined by the ----------or his duly authorized

(Chief of technical service)

representative the amount of such excess shall, upon demand made by the----------

----------or his duly authorized

(Chief of technical service)

representative be promptly returned to the Government and will be credited against the balance due the Government on advances previously made. If the demand made in any event set forth in this subparagraph is not met upon receipt of such demand by the Contractor, the amount demanded will bear interest at the rate of six per cent (6%) per annum from the date of the receipt of the demand until payment is made: *Provided, however,* That such payment of interest is hereby waived as to any sum paid by the Contractor within 15 days after the amount becomes due hereunder.

(e) Except as otherwise provided herein, liquidation of any advance payment or advance payments made to the Contractor hereunder shall be made by deductions of -------- per cent (----%) from any and all payments made by the Government under the terms of the contract or by means of direct repayment by the Contractor from his own free funds or from the special account or accounts: *Provided:* That if at any time, as a result of amendments to the contract or otherwise, the unliquidated balance of the principal of advance payments made exceeds -------- per cent (----%) of the balance of the total contract price then unpaid, the amount of such excess which has not then been expended or obligated shall upon demand of the ----------

(Chief of technical service)

or his duly authorized representative be promptly returned to the Government by withdrawal from the special account or accounts or otherwise, and that portion of the excess which has been expended or obligated may, at the option of the Contractor, be so returned and if not so returned, shall, together with any unexpended or unobligated portion of the excess not otherwise returned to the Government, be deducted from any and all payments to be made by the Government under the contract; *Provided further,* that, if and when the Contractor has, by means of deductions or otherwise, reimbursed the Government in full for payments made, any money remaining in the special bank account or accounts shall be free and clear of any lien hereunder and the bank or banks concerned shall have authority to pay same to the Contractor and shall thereupon be relieved of any further obligation to the Government on account thereof.

(f) The Contractor shall, at all times, afford to the Contracting Officer or his duly authorized representative, proper facilities for the inspection and audit of the Contractor's accounts, and the Contractor hereby agrees that the Contracting Officer, or his duly authorized representative shall have the right, so far as the Contractor's rights are concerned, during business hours, to inspect and make copies of any entries in the books and records of the bank relating to the said special account.

(g) Subject to the approval of the Contracting Officer or his duly authorized representative the Contractor may make payments to subcontractors and materialmen in advance out of the special account, for labor or services, or to pay for material in advance of delivery at the site of the work or at an approved storage site. Such subadvances shall not exceed -------- per cent of the subcontract price and the subcontractor or materialmen to whom such advances are made shall furnish adequate security therefor. Unless other security is furnished, covenants in subcontracts, expressly made for the benefit of the Government, providing for a subspecial account with Government lien thereon and for a Government lien on property, tangible or intangible, purchased from the special account, and imposing upon the subcontractor substantially the same duties and giving the Government substantially the same rights as are provided herein between the Government and the Contractor, have been prescribed by the Under Secretary of War as minimum adequate security for such subadvances.

(h) If no surety bond is furnished as part of the security under subparagraph (b) hereof, then, upon receipt of items or materials paid for from such special account or accounts, such items or materials shall be segregated and the Government shall have a lien on such items or materials until the advance payment or payments have been fully liquidated, or until the item or items and/or materials concerned have become the property of the Government as the result of partial payments, or otherwise: *Provided,* That if segregation in any instance be impracticable and the items or materials concerned are consequently intermingled with other property of the Contractor, then and in that event the lien above provided for in favor of the Government shall extend to the intermingled mass to the amount represented by the value of the items or materials involved; and without limiting the generality of the foregoing, such lien shall continue as follows: (a) in case the contract covers construction, until such items or materials are incorporated into the building, and thereafter on the building in the construction of which the items or materials are incorporated; (b) in the case of items or materials comprising facilities, on such facilities both before and after their installation in the plant; and (c) in the case of articles contacted for, until the items or materials so paid for are fabricated into such articles, and thereafter on the articles until accepted by the Government [; and the Government shall hereby likewise have an effective assignment of a security interest in all intangible property purchased, or otherwise acquired, with funds from said special account].[1] If at any time during the progress of the work under this contract it becomes necessary to deliver any item or items and/or materials upon which the Government has a lien as aforesaid to a third person, the Contractor shall notify such third person of the lien herein provided and shall obtain from such third person a receipt, in duplicate, acknowledging, inter alia, the existence of such lien. A copy of each receipt shall be delivered by the Contractor to the Contracting Officer.

(i) Any assignment of moneys due or to become due under this contract shall be subordinate to the rights or claims of the Government arising under this contract or any amendment thereto by virtue of any advance payments authorized herein or otherwise: *Provided,* That, if at any time any claim arising under this contract is assigned or purportedly assigned in any manner inconsistent with the said rights of the Government, the ---------- or his duly

(Chief of technical service)

authorized representative shall have the right to suspend further advance payments without notice.

§ 803.348a *Advance payments; cost-plus-fixed-fee contracts; with interest.* A clause substantially as follows will be included in cost-plus-fixed-fee contracts when it is contemplated that advance payments with interest will be made thereon:

Advance payments. (a) At any time and from time to time after the execution of this contract, the Government at the request of the Contractor and subject to the approval of the ---------- or his duly

(Chief of technical service)

authorized representative, or the person to whom authority to make advance payments has been delegated, as to the present need therefor, shall advance to the Contractor sums not to exceed ---------- per centum (------ %) of the estimated cost of this contract (exclusive of the Contractor's fixed fee), as it may be amended from time to time. On the unliquidated balance of the advance payments outstanding, the Contractor agrees to pay interest at the rate of two and one-half percent (2½ %) per annum to be computed in accordance with the provisions of paragraph (f) hereof.

(b) As a condition precedent to the making of any advance payment or payments as hereinbefore provided, the Contractor shall furnish the Government with such adequate security as the Under Secretary of War or the person to whom authority has been delegated to make advance payments shall prescribe: *Provided,* That, if other security is not prescribed, the terms of this contract shall be considered adequate security for such advance payments; and *Provided further,* That if at any time the Under Secretary of War deems the security furnished by the Contractor inadequate, the Contractor shall furnish such additional security as shall be satisfactory to the Under Secretary of War.

(c) Until all advance payments hereunder are liquidated, all funds received as advance payments under this contract together with all funds received as reimbursements for the cost of the work under Article ------ of this contract, exclusive of the Contractor's fixed fee, shall be deposited in a special bank account, or accounts at a member bank or banks of the Federal Reserve System or any "insured" bank within the meaning of the Act creating the Federal Deposit Insurance Corporation (Act of August 23, 1935; 49 Stat. 684, as amended; 12 U.S.C. 264) separate from the Contractor's general or other funds. Such special bank account or accounts shall be so designated as to indicate clearly to the bank their special character and purpose, and the balance in such account or accounts shall be used by the Contractor exclusively as a revolving fund for carrying out the purposes of this contract and any amendments thereto, and not for other business of the Contractor. Any balances from time to time in such special account or accounts shall at all times secure the repayment of the advances in connection with which the special account

[1] The bracket provision may be inserted in the case of experimental contracts or other cases where deemed especially appropriate.

or accounts are opened, and the Government shall have a lien upon such balances to secure the repayment of such advances, which lien shall be superior to any lien of the bank or any other person upon such account or accounts by virtue of assignment to it of such contract or otherwise; *Provided:* That the bank shall be under no liability to any party hereto for the withdrawal of any funds from said special account upon checks properly endorsed and signed by the Contractor, except that after the receipt by the bank of written directions from the ---------- or his duly authorized

(Chief of technical service),

representative, the bank shall act thereon and be under no liability to any party hereto for any action taken in accordance with the said written directions. Any instructions or written directions received by the bank through the Contracting Officer upon War Department stationery and purporting to be signed by, or by the direction of, the ---------- or his duly authorized

(Chief of technical service)

representative, shall, insofar as the rights, duties, and liabilities of the bank are concerned, be conclusively deemed to have been properly issued and filed with the bank by the ---------- or his duly authorized representative.

(Chief of technical service)

(d) It is agreed that the aggregate of the advance payments outstanding under this contract, together with funds received as reimbursement for the cost of the work by the Contractor under Article ------ of this contract, shall, at no time, exceed the total estimated cost of the work under this contract as it may be revised from time to time, and any such excess shall be immediately repaid by the Contractor to the Government or if any reimbursement is due from the Government to the Contractor, shall be deducted therefrom: *Provided, however,* That if the total cost of the work under this contract shall be in excess of the amount so paid to the Contractor, including said advance payments, the Government upon presentation of satisfactory evidence shall currently and promptly reimburse the Contractor to the extent of such excess cost (subject to any delay in the availability of appropriated funds).

(e) If, upon completion of this contract, or upon the termination thereof for other than the fault of the Contractor, the advance payments made to the Contractor in respect of this contract have not been fully liquidated in the manner herein provided, the unliquidated balance of such advance payments shall be deducted from any payments otherwise due the Contractor in respect of this contract; and if the sum or sums due the Contractor be insufficient to cover such balance, the deficiency shall be paid by the Contractor in cash forthwith after demand and final audit by the Government of all accounts hereunder in respect of this contract: *Provided, however,* That in the event of such termination of the contract for other than the fault of the Contractor, such deduction shall not be made prior to final audit unless, and only to the extent that, the Contracting Officer or his duly authorized representative shall determine that such action is reasonably required in order to secure the eventual repayment in full to the Government of such unliquidated advance payments. In the event of cancellation or termination of this contract because of the fault of the Contractor, the Contractor, notwithstanding any ultimate rights to be reimbursed, agrees to return to the Government, upon demand, without set-off of any sums alleged to be due the Contractor, the unliquidated balance of any advance payment. Furthermore, if, in the opinion of the ---------- or

(Chief of technical service)

his duly authorized representative, the unobligated balance of the advance payments made by the Government under paragraph (a) hereof exceeds the amount necessary for the current needs of the Contractor, as determined by the ---------- or his

(Chief of technical service)

duly authorized representative, the amount of such excess shall, upon demand by the ---------- or his duly authorized

(Chief of technical service)

representative, be promptly returned to the Government and will be credited against the balance due the Government on advances previously made. If the demand made in any event set forth in this paragraph is not met upon receipt of such demand by the Contractor, the amount demanded will bear interest at the rate of six percent (6%) rather than two and one-half percent (2½ %) per annum from the date of the receipt of the demand until payment is made: *Provided, however,* That such additional interest over and above the regular two and one-half percent is hereby waived as to any sums paid by the Contractor within 15 days after the amount becomes due hereunder. If and when the Contractor has, by means of deductions or otherwise, reimbursed the Government in full for payments made, any money remaining in the special bank account or accounts shall be free and clear of any lien hereunder, and the bank or banks concerned shall have authority to pay same to the Contractor and shall thereupon be relieved of any further obligation to the Government on account thereof.

(f) On the unliquidated balance of the advance payments outstanding, the Contractor agrees to pay interest at the rate of two and one-half percent (2½ %) per annum. Such interest shall be computed at the end of each calendar month on the average daily balance of the principal of the unliquidated advance payments outstanding. In determining such balance, charges on account of the advance payments to the Contractor hereunder shall be made as of the dates of the checks therefor; credits resulting from disbursements made by the Contractor which are applied against advance payments shall be made upon the approval of the vouchers therefor by the disbursing officer, as of the dates respectively upon which the Contractor presents to the Contracting Officer or his duly authorized representative full and accurate data for the preparation of each such voucher which date shall, as to each such voucher, be certified by the Contracting Officer or his duly authorized representative on the face thereof; and credits arising from cash repayments to the Government by the Contractor shall be made as of the dates the checks therefor are received by the disbursing officer. As soon as such monthly computations shall have been made, the interest charge so determined shall be deducted from any payments on account of the fixed fee which may be made to the Contractor from time to time under this contract. In the event the accrued interest exceeds any such payment, the excess of such interest shall be carried forward and deducted from subsequent payments on account of the fixed fee. The interest shall not be compounded, and shall, subject to the provisions of paragraph (e) hereof, cease to accrue upon the termination of the contract for other than the fault of the Contractor, or upon the date found by the Contracting Officer to be the date upon which the Contractor completed his performance under the contract.

(g) The Contractor shall, at all times, afford to the Contracting Officer, or his duly authorized representative, proper facilities for the inspection and audit of the Contractor's accounts, and the Contractor hereby agrees that the Contracting Officer, or his duly authorized representative, shall have the right so far as the Contractor's rights are concerned, during business hours, to inspect and make copies of any entries in the books and records of the bank or banks relating to the said special account or accounts.

(h) Subject to the approval of the Contracting Officer or his duly authorized representative the Contractor may make payments to subcontractors and materialmen in advance out of the special account, for labor or services, or to pay for materials in advance of delivery at the site of the work or at an approved storage site. Such subadvances shall not exceed ------ percent (------%) of the subcontract price or estimated cost, as the case may be, and the subcontractor or materialmen to whom such advances are made shall furnish adequate security therefor. Unless other security is furnished, covenants in subcontracts, expressly made for the benefit of the Government, providing for a subspecial account with Government lien thereon and for a Government lien on or title to property, tangible or intangible, purchased from the special account, and imposing upon the subcontractor substantially the same duties and giving the Government substantially the same rights as are provided herein between the Government and the Contractor, have been prescribed by the Under Secretary of War as minimum adequate security for such subadvances.

(i) Any assignment of moneys due or to become due under this contract shall be subordinate to the rights or claims of the Government arising under this contract or any amendment thereto by virtue of any advance payments authorized herein or otherwise; *Provided,* That, if at any time any claim arising under this contract is assigned or purportedly assigned in any manner inconsistent with the said rights of the Government, the---------- or his duly

(Chief of technical service)

authorized representative shall have the right to suspend further advance payments without notice.

§ 803.348b *Advance payments; cost-plus-fixed-fee contracts: without interest.* A clause substantially as follows will be included in cost-plus-a-fixed-fee contracts when it is contemplated that advance payments without interest will be made thereon:

Advance payments. (a) At any time and from time to time after the execution of this contract, the Government at the request of the Contractor and subject to the approval of the ---------- or his duly author-

(Chief of technical service)

ized representative, or the person to whom authority to make advance payments has been delegated, as to the present need therefor shall advance to the Contractor, without payment of interest thereon by the Contractor, sums not to exceed ---------- per cent (----%) of the estimated cost of this contract (exclusive of the Contractor's fixed fee), as it may be amended from time to time.

(b) As a condition precedent to the making of any advance payment or payments as hereinbefore provided, the Contractor shall furnish the Government with such adequate security as the Under Secretary of War or the person to whom authority has been delegated to make advance payments shall prescribe: *Provided:* That, if other security is not prescribed, the terms of this contract shall be considered adequate security for such advance payments: *And provided further,* That if at any time the Under Secretary of War deems the security furnished by the Contractor inadequate, the Contractor shall furnish such additional security as shall be satisfactory to the Under Secretary of War.

(c) Until all advance payments hereunder are liquidated, all funds received as advance payments under this contract together with all funds received as reimbursements for the cost of the work under Article ------ of this contract, exclusive of the Contractor's fixed fee, shall be deposited in a special bank account or accounts at a member bank or banks of the Federal Reserve System or any "insured" bank within the meaning of the Act

creating the Federal Deposit Insurance Corporation (Act of August 23, 1935; 49 Stat. 684) as amended (12 U.S.C. 264) separate from the Contractor's general or other funds. Such special bank account or accounts shall be so designated as to indicate clearly to the bank their special character and purpose, and the balance in such account or accounts shall be used by the Contractor exclusively as a revolving fund for carrying out the purposes of this contract and any amendments thereto and not for other business of the Contractor. Any balances from time to time in such special account or accounts shall at all times secure the repayment of the advances in connection with which the special account or accounts are opened, and the Government shall have a lien upon such balances to secure the repayment of such advances, which lien shall be superior to any lien of the bank or any other person upon such account or accounts by virtue of assignment to it of this contract or otherwise; *Provided:* That the bank shall be under no liability to any party hereto for the withdrawal of any funds from said special account upon checks, properly endorsed and signed by the Contractor, except that after the receipt by the bank of written directions from the ---------- or his duly
(Chief of technical service)
authorized representative, the bank shall act thereon and be under no liability to any party hereto for any action taken in accordance with the said written directions. Any instructions or written directions received by the bank through the Contracting Officer upon War Department stationery and purporting to be signed by, or by the direction of, the ---------- or his duly author-
(Chief of technical service)
ized representative, shall, in so far as the rights, duties, and liabilities of the bank are concerned, be conclusively deemed to have been properly issued and filed with the bank by the ---------- or his duly au-
(Chief of technical service)
thorized representative.

(d) It is agreed that the aggregate of the advance payments outstanding under this contract together with funds received as reimbursement for the cost of the work by the Contractor under Article ------ of this contract shall, at no time, exceed the total estimated cost of the work under this contract as it may be revised from time to time and any such excess shall be immediately repaid by the Contractor to the Government or if any reimbursement is due from the Government to the Contractor, shall be deducted therefrom; *Provided, however,* That if the total cost of the work under this contract shall be in excess of the amount so paid to the Contractor, including said advance payments, the Government upon presentation of satisfactory evidence shall currently and promptly reimburse the Contractor to the extent of such excess cost (subject to any delay in the availability of appropriated funds).

(e) If, upon completion of this contract, or upon the termination thereof for other than the fault of the Contractor, the advance payments made to the Contractor in respect of this contract have not been fully liquidated in the manner herein provided, the unliquidated balance of such advance payments shall be deducted from any payments otherwise due the Contractor in respect of this contract; and if the sum or sums due the Contractor be insufficient to cover such balance, the deficiency shall be paid by the Contractor in cash forthwith after demand and final audit by the Government of all accounts hereunder in respect of this contract; *Provided, however,* That in the event of such termination of the contract for other than the fault of the Contractor, such deduction shall not be made prior to final audit unless, and only to the extent that, the Contracting Officer or his duly authorized representative shall determine that such action is reasonably required in order to secure the eventual repayment in full to the Government of such unliquidated advance payments. In the event of cancellation or termination of this contract because of the fault of the Contractor, the Contractor, notwithstanding any ultimate rights to be reimbursed, agrees to return to the Government, upon demand, without set-off of any sums alleged to be due the Contractor, the unliquidated balance of any advance payment. Furthermore, if, in the opinion of the ---------- or
(Chief of technical service)
his duly authorized representative, the unobligated balance of the advance payments made by the Government under paragraph (a) hereof exceeds the amount necessary for the current needs of the Contractor, as determined by the ---------- or his
(Chief of technical service)
duly authorized representative, the amount of such excess shall, upon demand by the ---------- or his duly authorized
(Chief of technical service)
representative, be promptly returned to the Government and will be credited against the balance due the Government on advances previously made. If the demand made in any event set forth in this paragraph is not met upon receipt of such demand by the Contractor, the amount demanded will bear interest at the rate of six percent (6%) per annum from the date of the receipt of the demand until payment is made; *Provided, however,* That such payment of interest is hereby waived as to any sum paid by the Contractor within 15 days after the amount becomes due hereunder. If and when the Contractor has, by means of deductions or otherwise, reimbursed the Government in full for payments made, any money remaining in the special bank account or accounts shall be free and clear of any lien hereunder and the bank or banks concerned shall have authority to pay same to the Contractor and shall thereupon be relieved of any further obligation to the Government on account thereof.

(f) The Contractor shall, at all times, afford to the Contracting Officer, or his duly authorized representative, proper facilities for the inspection and audit of the Contractor's accounts, and the Contractor hereby agrees that the Contracting Officer, or his duly authorized representative shall have the right so far as the Contractor's rights are concerned, during business hours, to inspect and make copies of any entries in the books and records of the bank or banks relating to the said special account or accounts.

(g) Subject to the approval of the Contracting Officer or his duly authorized representative the Contratcor may make payments to subcontractors and materialmen in advance out of the special account, for labor or services, or to pay for materials in advance of delivery at the site of the work or at an approved storage site. Such subadvances shall not exceed ------ percent (%) of the subcontract price or estimated cost, as the case may be, and the subcontractor or materialmen to whom such advances are made shall furnish adequate security therefor. Unless other security is furnished, covenants in subcontracts, expressly made for the benefit of the Government, providing for a subspecial account with Government lien thereon and for a Government lien on or title to property, tangible or intangible, purchased from the special account, and imposing upon the subcontractor substantially the same duties and giving the Government substantially the same rights as are provided herein between the Government and the Contractor, have been prescribed by the Under Secretary of War as minimum adequate security for such subadvances.

(h) Any assignment of moneys due or to become due under this contract shall be subordinate to the rights or claims of the Government arising under this contract or any amendment thereto by virtue of any advance payments authorized herein or otherwise, *Provided* That, if at any time any claim arising under this contract is assigned or purportedly assigned in any manner inconsistent with the said rights of the Government, the ---------- or his
(Chief of technical service)
duly authorized representative shall have the right to suspend further advance payments without notice.

§ 803.349 *Advance payments; additional provision.* The following sentences may be inserted immediately following the second sentence of clause (c) of the Advance Payments Articles set forth in §§ 803.347 and 803.348 when (a) a contractor has more than one contract with the supply service concerned and segregation of materials and separate accounting between the contracts are difficult or impracticable and (b) the contracts to be included within the pooling arrangement run concurrently or substantially overlap each other in time of performance:

When so authorized in writing by the Contracting Officer or his duly authorized representative, funds received as advance payments under this contract and any other contract or contracts now in existence or hereafter entered into between the ----------
(Chief of tech-
---------- and the Contractor, together with
nical service)
any or all payments under this contract and such other contracts which are required to be deposited in a special account, may be considered to be a single revolving fund which may be used by the Contractor for the purposes of any or all of said contracts without regard to the origin of such funds. In such event, any provision of this contract inconsistent with the foregoing provision shall be automatically modified accordingly.

Under like circumstances a similar insertion may be made after the second sentences of Article 3 of War Department Contract Forms Numbers 20 and 23. (See §§ 813.1320 and 813.1323).

§ 803.349a *Advance payments; optional amendment to clause in § 803.348a.* (a) The following sentence may be inserted immediately following the third sentence of paragraph (f) of the advance payments article set forth in § 803.348a, either before or after termination, when it is desired to make partial payments to subcontractors in accordance with §§ 843.331 and 845.564–2 of this chapter:

When the work under this contract is terminated in whole or in part and partial payments are made to subcontractors against their termination claims out of the revolving fund set up under paragraph (c) hereof, the average daily balance of the principal of the unliquidated advance payments will be reduced for the purpose of the computation of interest by the amount of such partial payments from the time such payments are made until the contractor is reimbursed for termination settlements with such subcontractors.

(b) If the article in § 803.348a is amended as provided for in (a) above, the following new clause also should be inserted in the article:

Subject to the approval of the Contracting Officer or his duly authorized representative the Contractor may, in the event of the termination of this contract in whole or in part, make partial payments to subcontractors and suppliers out of the special account against their termination claims without regard to the provisions of paragraph (h) hereof.

(c) Under like circumstances similar insertions may be made in War Department Contract Form Number 21. (See § 813.1321.)

§ 803.350 *CPFF construction contracts; termination article.* The following clause will be incorporated in all cost-plus-a-fixed-fee construction contracts without deviation:

Termination for convenience of the Government. 1. The Government may terminate this contract at any time by a notice in writing from the Contracting Officer to the Contractor. Such termination shall be effective in the manner and upon the date specified in said notice and shall be without prejudice to any claims which the Government may have against the Contractor. Upon receipt of such notice, the Contractor shall, unless the notice directs otherwise, immediately discontinue all work and the placing of all orders for materials, facilities, and supplies in connection with performance of this contract and shall proceed to cancel promptly all existing orders and terminate all subcontracts insofar as such orders and/or subcontracts are chargeable to this contract.

2. If this contract is terminated for the fault of the Contractor, the Contracting Officer may enter upon the premises and take possession for the purpose of completing the work contemplated by this contract, of any or all materials, tools, machinery, equipment, and appliances which may be owned by or in the possession of the Contractor and all options, privileges, and rights, and may complete or employ any other person or persons to complete said work. Following such termination, rental shall be paid to the Contractor for such construction plant or parts thereof as he may own, and which the Government may retain at rates prescribed in Article ——.

3. Upon the termination of this contract, full and complete settlement of all claims of the Contractor arising out of this contract shall be made as follows:

a. The Government shall assume and become liable for all obligations, commitments, and claims that the Contractor may have theretofore in good faith undertaken or incurred in connection with said work, the cost of which would be reimbursable in accordance with the provisions of this contract; and the Contrator shall, as a condition of receiving the payments mentioned in this article, execute and deliver all such papers and take all such steps as the Contracting Officer may require for the purpose of fully vesting in the Government, the rights and benefits of the Contractor under such obligations or commitments.

b. The Government shall reimburse the Contractor for all expenditures made in accordance with Article ------ and not previously reimbursed.

c. The Government shall reimburse the Contractor for such further expenditures after the date of termination for the protection of Government property and for accounting services in connection with the settlement of this contract as are required or approved by the Contracting Officer.

d. The Government shall pay to the Contractor any unpaid balance for the rental of the Contractor's equipment in accordance with Article ------ to date of termination.

e. If the contract is terminated for the convenience of the Government, the Contractor will be paid that proportion of the prescribed fee which the work actually completed bears to the entire work under this contract less fee payments previously made. If the contract is terminated due to fault of the Contractor, no additional payments on account of the fee will be made.

f. The obligation of the Government to make any of the payments required by this Article, or by Article ------ of this contract, shall be subject to any unsettled claims in connection with this contract which the Government may have against the Contractor.

4. Prior to final settlement the Contractor shall furnish a release as required in Article ------ hereof.

§ 803.351 *OPA escalation articles.* The articles appearing in §§ 803.351–4, 803.351–5, and 803.351–6, providing for escalation upon a change in maximum prices fixed by the Office of Price Administration, are authorized for use in the contracts and upon the conditions specified in the italic heading of each of those sections.

§ 803.351–4 *Article for use in contracts for the purchase of lumber or coal.*

ARTICLE ----. *Escalation in relation to OPA ceiling prices.* The contractor represents and warrants that the prices shown herein are not in excess of the maximum prices established by the Office of Price Administration, or other authorized government agency, and in effect upon the date hereof for the supplies to be furnished hereunder. In the event such maximum price applicable to any item is increased or decreased the price payable for any subsequent delivery of such item made in accordance with the provisions of the contract, shall be increased, or decreased, by the same number of cents, or fraction thereof, per unit, that such maximum price may be increased, or decreased, up to and including the date of delivery.

NOTE: Where the foregoing article is used, the following clause may be added:

Price adjustment in relation to other factors. In the event that the establishment and maintenance by the Office of Price Administration or other Government agency of maximum prices for the type of ---------- covered by this contract is terminated during the contract period, and if during the remainder of such period changes should occur in working hours, wage scales, or other conditions of employment, which changes are a part of the general revision of such conditions [within the producing district where the coal is mined], the parties hereto, upon the request in writing of one to the other within 30 days after the effective date upon which any such change occurs, may redetermine by negotiation the unit price affected, provided that pending such negotiation the contractor shall continue deliveries hereunder. Any price redetermination as herein provided shall be applicable to all deliveries after the effective date upon which the change occurs permitting redetermination as herein provided.

§ 803.351–5 *Article for use in contracts for the purchase of basic steel products from steel mills (Schedule I of CMP Regulation 1, as amended from time to time).*

ARTICLE ----. *Escalation in relation to OPA ceiling prices.* The contractor represents and warrants that the prices shown herein are not in excess of the maximum prices established by the Office of Price Administration, or other authorized government agency, and in effect upon the date hereof for the supplies to be furnished hereunder. In the event such maximum price applicable to any item is increased the price payable for any subsequent delivery of such item made in accordance with the provisions of the contract, shall be increased by the same number of cents, or fraction thereof, per unit, that such maximum price may be increased up to and including the date of delivery. If the OPA maximum price in effect on the date of shipment of any of the supplies to be delivered hereunder is less than the price stated herein, the price payable for such supplies shall be the OPA maximum ceiling price in effect on the date of shipment.

NOTE: Where the foregoing article is used, the clause set forth in the note to § 803.351–4 may be added.

§ 803.351–6 *Article for use only in long term contracts (six months or more) for the purchase of gasoline and fuel oil (other than aviation gasoline).*

Article ----. Escalation in relation to OPA ceiling prices. The contractor represents and warrants that the prices shown herein are not in excess of the maximum prices established by the Office of Price Administration, or other authorized government agency, and in effect upon the date hereof for the supplies to be furnished hereunder. In the event such maximum price applicable to any item is increased the price payable for any subsequent delivery of such item, made in accordance with the provisions of the contract, shall be increased by the same number of cents or fractions thereof, per unit, that such maximum price may be increased up to and including the date of delivery unless such price is redetermined as hereinafter provided. In the event such maximum price is decreased, the price payable for any deliveries made subsequent to the reduction shall not be changed (except that if such maximum price shall be below the contract price, the contract price shall be reduced to the maximum price) unless such price is redetermined as hereinafter provided. Within sixty days after the date of any change in such maximum price, the contractor, if required by the contracting officer so to do, shall furnish the contracting officer with such pertinent data, as he may reasonably require showing the extent to which the factors causing such change are applicable to the supplies to be furnished. Any accounting data shall be that resulting from customary accounting practice in the industry. Upon the basis of such information the parties, by negotiation, shall redetermine the price applicable to such items, which redetermined price shall be effective from the date of the change in such maximum price until another change occurs in said maximum price. In the event of the failure of the parties to agree upon a redetermined price the contracting officer may terminate at the end of said sixty-day period (and within fifteen days thereafter) the right of the contractor to proceed with further deliveries of such item without liability upon either party except liability incurred with respect to deliveries made or orders placed prior to the date of termination. Failure on the part of the contracting officer to terminate the contract under the provisions of this paragraph shall not affect the right of the government to terminate under any other provisions of this contract.

§ 803.352 *Delays-damages clause.* Every lump-sum supply contract, regardless of subject matter except contracts for an amount of less than $5,000, will contain a clause substantially as follows:

Delays-Damages. (a) If the Contractor refuses or fails to make deliveries of the supplies within the time specified in Article --, or any extension thereof, the Government, subject to the provisions of paragraph (b) below, may, by a notice in writing from the Contracting Officer to the Contractor of its intention to terminate under this Article, terminate the right of the Contractor to proceed with delivery of the supplies or such parts thereof as to which there has been delay. In such event, the Government may (1) require the Contractor to deliver to the Government such completed supplies, partially completed supplies and materials,

parts, plans, drawings, information, and contract rights of the Contractor, (hereinafter called manufacturing material), as the Contractor has produced or acquired for the performance of such portion of this contract as to which the right to proceed with delivery is terminated, and accomplish or secure the completion or manufacture of supplies therewith; and, in addition thereto or in lieu thereof (2) purchase in the open market or secure by contract or otherwise, the manufacture and delivery of supplies similar to those called for by this contract in an amount which together with the supplies, if any, completed under (1) above shall not exceed the amount of supplies the right to proceed with delivery of which is terminated. If delivery is made pursuant to clause (1) of the preceding sentence the Government shall pay to the Contractor, less any previous payments, the following: (a) For each unit of the completed supplies accepted by the Government the unit contract price, and (b) for all partially completed supplies and manufacturing material delivered, the unit contract price for each unit of supplies completed or manufactured therewith, less the cost to the Government of completion or manufacture, but if that cost exceeds the unit contract price, the Contractor and his sureties shall be liable for such excess. If the cost to the Government of supplies procured in accordance with clause (2) above exceeds the corresponding unit price or prices under this contract, the Contractor and his sureties shall be liable for such excess.

(b) The Government shall not have a right of termination under this Article if (i) the delay of the Contractor in making deliveries is an excusable delay, as hereinafter defined, and (ii) the Contractor notifies the Contracting Officer in writing of such delay and the cause thereof, within ten days from the beginning thereof or within such further period as the Contracting Officer shall, with the approval of the Secretary of War or his duly authorized representative, prior to the date of final settlement of the contract, grant for the giving of such notice. Upon receipt of such notification from the Contractor, the Contracting Officer shall ascertain the cause of the delay, and his findings of fact thereon shall be final and conclusive on the parties hereto, subject to appeal within thirty days by the Contractor to the Secretary of War or his duly authorized representative, whose decision on such appeal as to the cause of delay shall be final and conclusive on the parties hereto. The term "excusable delay" as used in this paragraph means any delay in making deliveries which results without fault or negligence on the part of the Contractor and which is due to unforeseeable causes beyond his control including, without being limited to, acts of God or of the public enemy, any preference, priority or allocation order issued by the Government or any other act of the Government, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, and unusually severe weather; and, unless the Contracting Officer shall determine that the materials or supplies to be furnished under a subcontract are procurable in the open market, any delay of a Subcontractor which results without fault or negligence on the part of the Contractor, and which is due to unforeseeable causes beyond the control of the Contractor, including without being limited to the types of causes above enumerated.

§ 803.352–1 If desired, paragraph (b) of the clause set forth in § 803.352 may be modified in either of the following manners:

(a) The portion of said paragraph (b) commencing with the word "and" in the fifth line and ending with the word "Contractor" in the fifteenth line of that paragraph, may be eliminated. In such event, the "(i)" in the third line of that paragraph will be eliminated, the comma after the word "defined" in the fifth line will be changed to a period, and the word "the" in the fifteenth line will be changed to "The".

(b) There may be substituted for the first sentence of said paragraph (b), the following sentence:

The Government shall not have a right of termination under this Article if (i) the delay of the Contractor in making deliveries is an excusable delay, as hereinafter defined, and (ii) the Contractor notifies the Contracting Officer in writing of such delay and the cause thereof, prior to the date of final settlement of the contract.

§ 803.352–2 If desired, the word "unforeseeable", contained in the clause set forth in § 803.352, may be omitted. If the word is omitted, and bids are being solicited informally or otherwise, and there exists some foreseeable and probable cause of delay which would be beyond the control of the contractor, care should be exercised in evaluating the various bids submitted. It is possible under those circumstances for contractor "A" to submit a bid which requires performance within a time schedule which could not possibly be adhered to if such cause of delay materialized. Under the delays-damages clause, as modified in accordance with this section, the failure to perform within the time schedule might well be construed as an excusable delay. Contractor "B", although capable of performing with as great despatch as "A" may allow for the probable cause of delay, and submit a bid calling for deliveries at a date later than that offered by "A". In evaluating the two bids, the fact that "A" has not made allowance for the probable cause of delay should be taken into account.

§ 803.352–3 For the purpose of the first sentence of paragraph (b) of the Delays-Damages clause set forth in § 803.352, and for the purpose of any like provision contained in any contract clause which has been inserted in a contract in lieu of said Delays-Damages clause, the chief of the technical service or such person as he may designate shall be deemed to be the "duly authorized representative of the Secretary of War". If desired, the term "chief of technical service or his duly authorized representative" may be substituted for the term "Secretary of War or his duly authorized representative".

§ 803.352a *Provision for liquidated damages.* Except with the permission of the chief of the technical service concerned (which may be granted with respect to contracts individually or by class), or in accordance with general instructions given by him, no contract shall provide for liquidated damages in the event of default. Where a contract provides for liquidated damages and a default takes place, action will be taken, subject to the provisions of §§ 803.308e, 803.379 and 803.380, promptly on behalf of the Government to enforce any remedies available under the contract. So far as possible, such action will be taken in such manner as will prevent the inequitable accumulation of liquidated damages.

§ 803.353 *Walsh-Healey Act; representations and stipulations.* All supply contracts subject to the Walsh-Healey Act (Act of June 30, 1936; Public Law No. 846, 74th Congress; 49 Stat 2036; 41 U.S.C. 35–45) (see § 809.916 and sections following), except as provided in § 803.353–4, will contain the following clause without deviation:

Representations and stipulations pursuant to the Walsh-Healey Act:

(a) The contractor is the manufacturer of or a regular dealer in the materials, supplies, articles, or equipment to be manufactured, or used in the performance of the contract.

(b) All persons employed by the contractor in the manufacture or furnishing of the materials, supplies, articles, or equipment used in the performance of the contract will be paid, without subsequent deduction or rebate on any account, not less than the minimum wages as determined by the Secretary of Labor to be the prevailing minimum wages for persons employed on similar work or in the particular or similar industries or groups of industries currently operating in the locality in which the materials, supplies, articles, or equipment are to be manufactured or furnished under the contract: *Provided, however,* That this stipulation with respect to minimum wages shall apply only to purchases or contracts relating to such industries as have been the subject matter of a determination by the Secretary of Labor.

(c) No person employed by the contractor in the manufacture or furnishing of the materials, supplies, articles, or equipment used in the performance of the contract shall be permitted to work in excess of 8 hours in any 1 day or in excess of 40 hours in any 1 week unless such person is paid such applicable overtime rate as has been set by the Secretary of Labor: *Provided, however,* That the provisions of this stipulation shall not apply to any employer who shall have entered into an agreement with his employees pursuant to the provisions of paragraphs 1 or 2 of subsection (b) of section 7 of an act entitled "The Fair Labor Standards Act of 1938": *Provided further,* That in the case of such an employer, during the life of the agreement referred to, the applicable overtime rate set by the Secretary of Labor shall be paid for hours in excess of 12 in any 1 day or in excess of 56 in any 1 week and if such overtime is not paid, the employer shall be required to compensate his employees during that week at the applicable overtime rate set by the Secretary of Labor for hours in excess of 8 in any 1 day or in excess of 40 in any 1 week.

(d) No male person under 16 years of age and no female person under 18 years of age and no convict labor will be employed by the contractor in the manufacture or production or furnishing of any of the materials, supplies, articles, or equipment included in the contract.

(e) No part of the contract will be performed nor will any of the materials, supplies articles, or equipment to be manufactured or furnished under said contract be manufactured or fabricated in any plants, factories, buildings, or surroundings or under working conditions which are unsanitary or hazardous or dangerous to the health and safety of employees engaged in the performance of the contract. Compliance with the safety, sanitary, and factory inspection laws of the State in which the work or part thereof is to be performed shall be prima facie evidence of compliance with this subsection.

(f) Any breach or violation of any of the foregoing representations and stipulations shall render the party responsible therefor liable to the United States of America for liquidated damages, in addition to damages for any other breach of the contract, in the sum of $10 per day for each male person under 16 years of age or each female person under 18 years of age, or each convict laborer knowingly employed in the performance of the contract, and a sum equal to the amount of any deductions, rebates, refunds or underpayment of wages due to any employee engaged in the performance of the contract; and, in addition, the agency of the United States entering into the contract shall have the right to cancel same and to make open-market purchases or enter into other contracts for the completion of the original contract, charging any additional cost to the original contractor. Any sums of money due to the United States of America by reason of any violation of any of the representations and stipulations of the contract as set forth herein may be withheld from any amounts due on the contract or may be recovered in a suit brought in the name of the United States of America by the Attorney General thereof. All sums withheld or recovered as deductions, rebates, refunds, or underpayments of wages shall be held in a special deposit account and shall be paid, on order of the Secretary of Labor, directly to the employees who have been paid less than minimum rates of pay as set forth in such contracts and on whose account such sums were withheld or recovered: Provided, That no claims by employees for such payments shall be entertained unless made within 1 year from the date of actual notice to the contractor of the withholding or recovery of such sums by the United States of America.

(g) The contractor shall post a copy of the stipulations in a prominent and readily accessible place at the site of the contract work and shall keep such employment records as are required in the Regulations under the act available for inspection by authorized representatives of the Secretary of Labor.

(h) The foregoing stipulation shall be deemed inoperative if this contract is for a definite amount not in excess of $10,000.

§ 803.353–1 *Changes in regulations under Walsh-Healey Act.* From time to time there are issued by the Secretary of Labor changes in regulations under the Walsh-Healey Act which have the effect of modifying the standard representations and stipulations which are required to be inserted in supply contracts subject to that act (see Subpart E of Part 809). Accordingly, if desired, there may be added to the representations and stipulations set forth in § 803.353 an additional paragraph as follows:

(i) The foregoing representations and stipulations shall be subject to all applicable regulations, determinations and exemptions of the Secretary of Labor now or hereafter in effect.

§ 803.353–2 *Convict labor.* For discussion of the provision with respect to convict labor contained in paragraph (d) of the representations and stipulations set forth in § 803.353, see § 809.903–2.

§ 803.353–3 *Minimum wage determinations under the Walsh-Healey Act.* (a) It is not necessary that contracts subject to the Walsh-Healey Act contain a statement as to the minimum wage determination which is applicable.

(b) Provisions of paragraph (a) above do not however, affect the requirement that the applicable minimum wage determinations, if any, be set forth in the individual purchase action report (see item 20) in § 802.297–1a.

§ 803.353–4 *Incorporation by reference of Walsh-Healey Act stipulations.* By Circular Letter No. 12–42, dated January 4, 1943, the Administrator of the Wage and Hour and Public Contracts Divisions of the Department of Labor permitted the incorporation of the Walsh-Healey Act representations and stipulations by reference. Accordingly, notwithstanding the provisions of § 803.353, such representations and stipulations may be incorporated by reference. The following language is suggested.

The representations and stipulations required by Section 1 of the Act of June 30, 1936 (Walsh-Healey Act, Public No. 846, 74th Congress) to be included in all contracts therein specified are hereby incorporated and made a part of this contract with the same force and effect as if fully set forth in the contract.

If desired, the following sentence may be added:

Such representations and stipulations shall be subject to all applicable regulations, determinations, and exemptions of the Secretary of Labor now or hereafter in effect.

(Compare § 803.353–1.)

§ 803.354 *Notice of labor disputes; contract clause.* The following clause will be contained without deviation in all contracts except (a) those to which it is clearly inapplicable, (b) those which are written on a standard form of contract, such as War Department Contract Form No. 47 (§ 813.1317c), which does not contain the clause:

Notice to the Government of labor disputes. Whenever an actual or potential labor dispute is delaying or threatens to delay the timely performance of this contract, the Contractor will immediately give notice thereof to the [1]----------
Such notice shall include all relevant information with respect to such dispute.

§ 803.355 *Assignment of rights; contract clause.* In accordance with the Assignment of Claims Act of 1940 (54 Stat. 1029) every contract which provides for payments aggregating $1,000 or more, with the exception of secret, confidential and restricted contracts, will contain the following clause without deviation:

Assignment of rights hereunder. (a) Claims for monies due or to become due the Contractor from the Government under this contract may be assigned to a bank, trust company or other financing institution, including any Federal lending agency. Any such assignment shall cover all amounts payable under this contract and not already paid, and shall not be made to more than one party, except that any such assignment may be made to one party as agent or trustee for two or more parties participating in such financing.

(b) In the event of any such assignment the assignee shall file four signed copies of a written notice of the assignment, together with one copy of the instrument of assignment, with each of the following:

(i) General Accounting Office;

(ii) the Contracting Officer;

(iii) the surety or sureties upon the bond or bonds, if any, in connection with this contract;

(iv) the officer designated in this contract to make payments thereunder.

(c) Any claim under this contract which has been assigned pursuant to the foregoing provisions of this Article may be further assigned and reassigned to a bank, trust company or other financing institution, including any Federal lending agency. In the event of such further assignment or reassignment the assignee shall file one signed copy of a written notice of the further assignment or reassignment together with a true copy of the instrument of further assignment or reassignment with the contractor; and shall file four signed copies of such written notice and one copy of such instrument with each of the parties designated in the preceding paragraph.

(d) No assignee shall divulge any information concerning the contract except to those persons concerned with the transaction.

(e) Payment to an assignee of any claim under this contract shall not be subject to reduction or set-off for any indebtedness of the assignor to the United States arising independently of this contract.

(f) Indication of the assignment of claim and of any further assignment thereof and the name of the assignee will be made on all vouchers or invoices certified by the contractor.

§ 803.356 *Provisions concerning assignment of rights under classified contracts.* Unless the omission of such provision is authorized by the chief of the technical service concerned, secret, confidential and restricted contracts will contain the following clause without deviation:

Assignment of Rights Hereunder. No claim under this contract shall be assigned

In the event that the omission of the foregoing provision is authorized as aforesaid, the contract will contain without deviation the clause set forth in § 803.355 and there shall be added thereto the following paragraphs without deviation:

(g) In no event shall copies of any plans, specifications, or other similar documents marked "Secret", "Confidential" or "Restricted" and annexed or attached to this contract be furnished to any assignee of any claim arising under this contract or to any other person not entitled to receive the same.

(h) The contractor agrees that he will obtain from the assignee an agreement signed by such assignee similar to that required by paragraph 61, AR 380–5. In such agreement the assignee shall also agree that, in case of further assignment, it will obtain a similar agreement from such assignee.

§ 803.357 *Tax articles in fixed price (lump sum) contracts.* Form of tax articles are set forth below in §§ 803.357–1 and 803.357–2. Whichever form is applicable must be used in all contracts executed on or after June 1, 1944 and may be used (in preference to the forms of articles formerly contained in such sections) in contracts executed before that date.

§ 803.357–1 *Long form tax article.* Except as otherwise stated in §§ 803.357–2 and 803.357–5 all fixed price (lump sum) contracts will include a tax article substantially in the form set forth in this section. Attention is directed to the necessity of including in each contract suitable provisions (see §§ 803.358) to specify any taxes to be excluded from or included in the contract price otherwise than as provided in such tax article. If desired, the words "of the award of this contract" or "of the bid upon the basis of which this contract was placed" may be substituted for the italicized words "of this contract" in the following article,

[1] Such officers as may be designated by the chief of the technical service concerned.

provided that such substitution is made uniformly throughout the article and that the date of the award or the date of the bid, as the case may be, is specified in the contract.

Article ----- Taxes. (a) Unless otherwise indicated in this contract, (A) the prices herein do not include any state or local sales, use or other tax from which the Contractor or this transaction of the procurement of these supplies or work is exempt, and (B) the prices herein include all applicable Federal taxes and other applicable state and local taxes in effect at the date *of this contract*. Upon request of the Contractor the Government will issue tax exemption certificates or furnish other similar proof of exemption with respect to all taxes excluded from the price.

(b) If after the date *of this contract* the Federal Government or any state or local government shall impose, remove or change (including any change by the removal by statute of an exemption available to the Contractor for the purposes of this contract) any duty, sales, use or excise tax or any other tax or charge directly applicable to the supplies or work covered hereby or the materials used in the manufacture thereof or directly upon the importation, production, processing, manufacture, construction, sale or use of such supplies, work or materials, which tax or charge must be borne by the Contractor because of a specific contractual obligation or by operation of law, or, in case of a decrease or elimination of any such tax, where the Contractor is relieved to that extent, and if in case of an increase in such an existing tax or the imposition of such a new tax the Contractor has paid such tax or charge to the Federal Government or to a state or local government, or any other person, then the prices named herein will be increased or decreased accordingly and any amount due to the Contractor as a result of such change will be charged to the Government and entered on vouchers (or invoices) as a separate item: *Provided, however*, That the Government reserves the right to issue to the Contractor in lieu of such payment a tax exemption certificate or certificates acceptable to the Federal Government or state or local government, as the case may be. The amount of any adjustment pursuant to this paragraph (b) may be determined by a written agreement between the parties hereto. Nothing contained herein shall be construed as requiring the Government to reimburse the Contractor for any Federal, state, or local income taxes, income surtaxes or excess profits taxes, transportation taxes, or taxes on property.

(c) In the case of any state or local tax or charge which the Contractor contends is chargeable to the Government because of the provisions of this Article, or any other provision of this contract, the Contractor agrees to refrain from paying any such tax or charge upon the direction of the Contracting Officer (in which event the Government will save the Contractor harmless from penalties and interest incurred through compliance with the direction of the Contracting Officer not to pay such tax); to take such steps as may be directed by the Government to cause such tax or charge to be paid under protest; to preserve and, if so directed by the Contracting Officer, to cause to be assigned to the Government any and all rights to the abatement or refund of such tax or charge; if so requested, to permit the Government to prosecute any claim, litigation or proceeding for the refund of such tax in the name of the Contractor, and to furnish to the Government all reasonable assistance and cooperation requested by the Government in any litigation or proceeding for the recovery of such tax or charge.

(d) Where any duties or taxes have been included in the contract price (including the price as adjusted under paragraph (b) of this Article) and a refund or drawback is obtained by the Contractor by reason of the export or re-export of supplies covered hereby, or of materials used in the performance of this contract, the amount of such refund or drawback will be paid over to the Government, or credited against amounts due from the Government under this contract: *Provided, however*, That the Contractor shall not be required to apply for such refund or drawback unless so requested by the Contracting Officer.

If desired the following sentence, or substantially similar language, may be added at the end of paragraph (b) of the foregoing tax article:

For the purposes of any additional procurement of supplies or work called for by any agreement supplemental hereto, the words *"date of this contract"* shall be deemed to refer to the date of such supplemental agreement.

§ 803.357–2 *Short form tax article.* (a) The short form tax article set forth below may be used, in lieu of the form set forth in § 803.357–1, (1) where the estimated time for performance does not exceed sixty days, (2) where the contract is executed on a standard form of contract (as that term is defined in § 803.304–1) which contains the short form tax article, and (3) where the contract instrument is a purchase order. The long form tax article (§ 803.357–1) may be inserted in lieu of the short form tax article in any standard form of contract which contains the short form tax article.

Article ----- Taxes. Unless otherwise indicated in this contract, (A) the prices herein do not include any state or local sales, use or other tax from which the Contractor or this transaction of the procurement of these supplies is exempt, and (B) the prices herein include all applicable Federal taxes and other applicable state and local taxes in effect at the date of this contract. Upon request of the Contractor the Government will issue tax exemption certificates or furnish other similar proof of exemption with respect to the taxes excluded from the price. Where any duties or taxes have been included in the contract price and a refund or drawback is obtained by the Contractor by reason of the export or re-export of supplies covered hereby, or of materials used in the performance of this contract, the amount of such refund or drawback will be paid over to the Government, or credited against amounts due from the Government under this contract: *Provided, however*, That the Contractor shall not be required to apply for such refund or drawback unless so requested by the Contracting Officer.

(b) Attention is again directed to the necessity of including in each contract (see § 803.358) suitable provisions to specify any taxes to be excluded from, or included in, the contract price other than as provided in such tax article.

§ 803.357–4 *State and local taxes.* State and local sales or use taxes generally do not apply to sales directly to the United States or to the use of property by the United States (see § 808.831). Special provisions may be included in any contract with respect to any state or local excise tax as to which there is doubt whether an exemption exists applicable to the transaction covered by the contract. Any such special provisions should clearly specify whether such tax is to be included in or excluded from the price and whether the Government must pay or reimburse the contractor for the tax if no exemption is applicable. Contracting officers, so far as is practicable, should take precautions to see that contractors do not include in their bid, or price any amount for (a) any state or local sales or use taxes which do not apply to sales to the Federal Government or to the use of property by the Federal Government, or (b) any other state or local taxes, exemption from which is available in the case of transactions to which the Federal Government is a party.

§ 803.357–5 *Omission of standard tax articles.* The chief of any technical service may authorize the omission of the tax articles set forth in §§ 803.357–1 and 803.357–2 from any contract where they are plainly inapplicable or inappropriate. In any class or classes of contracts for services where a major part of the cost of performance consists of payroll expense, e. g., stevedoring contracts, the chief of any technical service may authorize the inclusion of a provision for price adjustment in the event of changes in payroll taxes with respect to such services. The form of any such provision in general should be similar to the provision found in paragraph (b) of the tax article set out in § 803.357–1 but should not be made applicable to taxes other than those paid with respect to the wages of the employees of the particular contractor.

§ 803.357–6 *Customs duties.* Customs duties are Federal taxes and under the contract clauses set forth in §§ 803.357–1 and 803.357–2, will, unless otherwise indicated in the contract, be deemed to be included in the contract price. As to the right to "drawback," see §§ 805.506 to 805.506–3.

§ 803.358 *Specification of taxes included or excluded; information to bidders.* (a) The standard tax articles state that the contract prices include Federal taxes. However, as stated in Part 808 of this chapter, certain exemptions from Federal excise taxes are available to the United States. In the event any contract for the procurement of an item for which an exemption is available to the United States is executed containing one of the standard tax articles, and any Federal tax is to be excluded from the contract price, it will be necessary in such contract to show expressly and accurately the Federal tax so excluded.

(b) Likewise, where any particular state or local tax is included in or excluded from the contract price otherwise than as is stated in the standard provision of the tax article used in the contract, such contract must contain appropriate provisions indicating expressly and accurately the nature of any such particular tax.

(c) Invitations to bid, requests for proposals, specifications, instructions to bidders, and proposals should indicate expressly the types of taxes to be included in or excluded from the contract price and whether tax exemption certificates will be given or required. The tax provisions of each contract must be in conformity with any invitation to bid, specifications and proposals issued or made in connection therewith.

(d) Information with respect to Federal, state or local taxes may be found in Part 808 of this chapter.

§ 803.362 *Lump sum construction contracts; accident prevention clause.* Every lump sum construction contract, regardless of subject matter or amount, except contracts for the construction and/or repair of vessels and other floating equipment, will contain a clause substantially as follows:

Accident prevention. In order to protect the life and health of employees in the performance of this contract, the contractor will comply with all pertinent provisions of the "Safety Requirements for Excavation—Building—Construction" approved by the Chief of Engineers, December 16, 1941, as revised 15 March 1943, (a copy of which is on file in the office of the contracting officer) and as may be amended, and will take or cause to be taken such additional measures as the contracting officer may determine to be reasonably necessary for this purpose. The contractor will maintain an accurate record of and will report to the contracting officer in the matter and on the forms prescribed by the contracting officer, all cases of death, occupational disease and traumatic injury arising out of or in the course of employment on work under this contract. The contracting officer will notify the contractor of any non-compliance with the foregoing provisions and the action to be taken. The contractor shall, after receipt of such notice, immediately correct the conditions to which attention has been directed. Such notice, when served on the contractor or his representatives at the site of the work, shall be deemed sufficient for the purpose aforesaid. If the contractor fails or refuses to comply promptly, the contracting officer may issue an order stopping all of any part of the work. When satisfactory corrective action is taken, a start order will be issued. No part of the time lost due to any such stop order shall be made the subject of claim for extension of time or for excess costs or damages by the contractor.

Every fixed-fee construction contract, regardless of subject matter or amount, will contain a clause substantially similar to the foregoing except that the last sentence will be omitted.

§ 803.363 *Disposition of Government-owned property by contractors.* (a) An article substantially as follows may be inserted in Cost-plus-a-fixed-fee Contracts when authorized by the provisions of § 827.727:

It is recognized that property (including without limitation machine tool and processing equipment, manufacturing aids, raw, manufactured, scrap and waste materials), title to which is or may hereafter become vested in the Government, will be used by or will be in the care, custody or possession of the Contractor in connection with the performance of this contract. With the approval in writing of the Contracting Officer (whether such approval is given prior to or after the giving of a notice of the termination of this contract for the convenience of the Government), the Contractor may transfer or otherwise dispose of such Government-owned property to such parties and upon such terms and conditions as the Contracting Officer may approve or ratify, or, with like approval by the Contracting Officer, the Contractor may itself acquire title to such property or any of it at a price mutually agreeable. The proceeds of any such transfer or disposition of the agreed price of any property, title to which is so acquired by the Contractor, shall be applied in reduction of any payments to be made by the Government to the Contractor under this contract, or shall otherwise be paid in such manner as the Contracting Officer may direct.

(b) If desired, the article authorized in paragraph (a) may be designated as subparagraph (a) and there may be added thereto provisions substantially as follows:

(b) The Contractor is authorized to insert in any subcontract made by the Contractor on a cost-plus-a-fixed-fee basis under this contract substantially the following provision:

ARTICLE ----- Sale of Government Property—It is recognized that property (including without limitation machine tools and processing equipment, manufacturing aids, raw, manufactured, scrap and waste materials) title to which is or may hereafter become vested in the Government, will be used by or will be in the care, custody or possession of ---------- (Subcontractor) in connection with the performance of this subcontract. With the approval in writing of the Contracting Officer for the plant of ---------- (Subcontractor) (whether such approval is given prior to or after the giving of a notice of the termination of this subcontract), ---------- (Subcontractor) may transfer or otherwise dispose of such Government-owned property to such parties and upon such terms and conditions as such Contracting Officer may approve or ratify, or, with like approval by, and at a price agreeable to, such Contracting Officer, ---------- (Subcontractor) may itself acquire title to such property or any of it. The proceeds of any such transfer or disposal or the agreed price of any property, title to which is so acquired by ---------- (Subcontractor) shall, at the direction of such Contracting Officer, be applied by ---------- (Subcontractor) in reduction of any payments to be made by ---------- (Prime Contractor) under this subcontract, or shall be paid to the Treasurer of the United States, or to ---------- (Prime Contractor) for the account of the United States, in such manner as such Contracting Officer may direct.

(c) Upon approval of any transfer or other disposition of Government-owned property as provided in paragraph (b) above, which transfer or disposition is made to a transferee other than the Contractor, the Contractor shall be and hereby is released and discharged from liability for such property, if any, except that the Contractor shall be obligated to account to the Government for the proceeds of any such transfer or disposal of such property paid or credited to the Contractor pursuant to the direction of the Contracting Officer for the plant of any such subcontractor.

(c) Any existing cost-plus-a-fixed-fee contract may be amended to include an article substantially similar to that authorized by paragraph (a) above or that authorized by paragraphs (a) and (b) above.

(d) If a cost-plus-a-fixed-fee contract contains an article authorized by paragraph (a) above and it is desired, without amending such contract, to confer upon subcontractors authority to dispose of Government-owned property, the subcontracts may be amended to insert therein the article contemplated by clause (b) contained in paragraph (b) above.

§ 803.364 *Marking of shipping containers.* Every supply contract relating to supplies destined for overseas shipment will contain a clause substantially as follows (see §§ 811.1101 to 811.1101–7):

Marking of shipping containers. The Contractor will follow any directions set forth in the contract specifications concerning the marking of containers in which the supplies are to be shipped. If the contract specifications contain no such directions, the Contractor will follow such instructions on the matter as he may from time to time receive from the Contracting Officer.

§ 803.365 *Contract clauses in connection with bonds and insurance.*

§ 803.365–1 *Liability for Government-owned property; cost-plus-a-fixed-fee contracts.* In compliance with the policy expressed in § 804.434, the following article is prescribed for inclusion in cost-plus-a-fixed-fee contract (see Note 2 below).

Liability for Government-owned property. (a) Except as otherwise specifically provided, the contractor shall not be liable for loss or destruction of or damage to property of the Government in the possession or control of the contractor in connection with this contract (hereinafter called "Government property") unless such loss, destruction or damage results from wilful misconduct or failure to exercise good faith on the part of the contractor's corporate officers or other representatives having supervision or direction of the operation of the whole of the contactor's business or of the whole of any plant operated by the contractor in the performance of this contract.

(b) The contractor represents that it is not maintaining and agrees that it will not hereafter maintain insurance (including self-insurance funds or reserves) covering loss or destruction of or damage to Government property, and represents that it is not including and agrees that it will not hereafter include in any price to the Government any charge or reserve for such insurance.

(c) Upon the happening of loss or destruction of or damage to Government property caused by:

Fire; lightning; windstorm, cyclone, tornado, hail; explosion; riot, riot attending a strike, civil commotion; vandalism and malicious mischief; aircraft or objects falling therefrom; vehicles running on land or tracks, excluding vehicles owned or operated by the contractor or any agent or employee of the contractor; smoke; sprinkler leakage; earthquake, or volcanic eruption; flood, meaning thereby rising of rivers or streams; enemy attack or any action taken by the military, naval or air forces of the United States in resisting enemy attack,

the contractor shall communicate with the contracting officer and with the Loss and Salvage Organization now or hereafter designated by the contracting officer and, with the assistance of that organization employed by the contractor to perform services in accordance with instructions or regulations of the Government (unless the contracting officer directs that no such organization be employed), shall take all reasonable steps to protect the Government property from further damage, separate the damaged and undamaged Government property, put all the Government property in the best possible order, and furnish to the contracting officer a statement of: (1) the lost, destroyed and damaged Government property, (2) the time and origin of the loss, destruction or damage, (3) all known interests in commingled prop-

erty of which the Government property is a part, and (4) the insurance, if any, covering any part of or interest in such commingled property. *If and as directed by the contracting officer, the contractor shall make repairs and renovations of the damaged Government property.*[1] The contractor shall be reimbursed the expenditures made by it and approved by the contracting officer in performing its obligations under this paragraph (c) (including charges made to the contractor by the Loss and Salvage Organization, except any of such charges, the payment of which the Government has, at its option, assumed direct).

(d) In the event the contractor is indemnified, reimbursed or compensated for any loss or destruction of or damage to Government property, it shall equitably reimburse the Government. The contractor shall do nothing to prejudice the Government's rights to recover against third parties for any such loss, destruction or damage and, upon the request of the contracting officer, shall, at the Government's expense, furnish to the Government all reasonable assistance and cooperation (including the prosecution of suit and the execution of instruments of assignment in favor of the Government) in obtaining recovery.

(e) The Government shall at all times have access to the premises wherein any Government property is located.

(f) The contractor shall insert in all cost-plus-a-fixed-fee subcontracts under this contract provisions which will make applicable to the Government and the subcontractors substantially the same rights and obligations in respect to the Government property as are made applicable to the Government and the contractor under this Article.

NOTE 1: Where *facilities*, such as machinery, are furnished by the Government or acquired for Government account under cost-plus-a-fixed-fee contracts, appropriate *additional* provisions, dealing with such subjects as standby, storage and removal, may be included.

NOTE 2: (a) The Article set forth above will be included in all cost-plus-a-fixed-fee contracts executed on or after March 15, 1944.

(b) Whenever the terms of a cost-plus-a-fixed-fee contract are to be modified by the execution, on or after March 15, 1944, of a supplemental agreement, and the contract to be modified does not contain an Article identical in wording with that set forth above, the supplemental agreement will provide that the contract is modified to include the Article.

(c) In order that the services of the Loss and Salvage Organizations may be made available, widely and promptly, it is desired, in addition, that existing contracts be amended whenever practicable to incorporate the Article even when occasion does not arise to write a supplemental agreement for other reasons.

NOTE 3: See §§ 804.434–1 and 804.498 in regard to Loss and Salvage Organizations.

NOTE 4: In the event that the Government property is located in an area outside of the United States, where the services of the Loss and Salvage Organizations are not available, the following clause will be used in lieu of paragraph (c) above:

Upon the happening of loss or destruction of or damage to Government property, the contractor shall communicate with the contracting officer, shall take all reasonable steps to protect the Government property from further damage, separate the damaged and undamaged Government property, put all the Government property in the best possible order, and furnish to the contracting officer a statement of: (1) the lost, destroyed and damaged Government property, (2) the time and origin of the loss, destruction or damage, (3) all known interests in commingled property of which the Government property is a part, and (4) the insurance, if any, covering any part of or interest in such commingled property. *If and as directed by the contracting officer, the contractor shall make repairs and renovations of the damaged Government property.*[1] The contractor shall be reimbursed the expenditures made by it and approved by the contracting officer in performing its obligations under this paragraph (c).

[1] Italicized language may be omitted in appropriate cases.

§ 803.365–1a *Same; fixed or unit price contracts.* Except in the special cases discussed in § 804.451, the following article is prescribed for inclusion in fixed or unit price contracts under which Government-owned property is furnished to the contractor. (See Note 1 below). When deemed desirable by a technical service, because of the amount of Government property involved or for other reasons in the best interests of the United States, the substance of the following article may also be approved for inclusion in fixed or unit price subcontracts under either cost-plus-a-fixed-fee or fixed or unit price prime contracts. This article is not intended to cover Government-owned facilities furnished under fixed or unit price contracts or subcontracts, as to which see § 803.332.

Liability for Government-owned property. (a) Except as otherwise specifically provided, the contractor shall not be liable for loss or destruction of or damage to property of the Government in the possession or control of the contractor in connection with this contract (hereinafter called "Government property") (1) caused by any peril while the property is in transit off the contractor's premises, or (2) caused by any of the following perils while the property is on the contractor's or subcontractor's or other premises or by removal therefrom because of any of the following perils:

Fire; lightning; windstorm, cyclone, tornado, hail; explosion; riot, riot attending a strike, civil commotion; vandalism and malicious mischief; aircraft or objects falling therefrom; vehicles running on land or tracks, excluding vehicles owned or operated by the contractor or any agent or employee of the contractor; smoke; sprinkler leakage; earthquake or volcanic eruption; flood, meaning thereby rising of rivers or streams; enemy attack or any action taken by the military, naval or air forces of the United States in resisting enemy attack.

The perils as set forth in (1) and (2) above are hereinafter called "excepted perils".

(b) The contractor represents that it is not maintaining and agrees that it will not hereafter maintain insurance (including self-insurance funds or reserves) covering loss or destruction of or damage to Government property caused by any excepted peril, and represents that it is not including and agrees that it will not hereafter include in any price to the Government any charge or reserve for such insurance.

(c) Upon the happening of loss or destruction of or damage to Government property caused by an excepted peril, the contractor shall communicate with the contracting officer and with the Loss and Salvage Organization now or hereafter designated by the contracting officer and, with the assistance of that organization employed by the contractor to perform services in accordance with instructions or regulations of the Government (unless the contracting officer directs that no such organization be employed), shall take all reasonable steps to protect the Government property from further damage, separate the damaged and undamaged Government property, put all the Government property in the best possible order, and furnish to the contracting officer a statement of: (1) the lost, destroyed and damaged Government property, (2) the time and origin of the loss, destruction or damage, (3) all known interests in commingled property of which the Government property is a part, and (4) the insurance, if any, covering any part of or interest in such commingled property. *If and as directed by the contracting officer, the contractor shall make repairs and renovations of the damaged Government property.*[1] The contractor shall be reimbursed the expenditures made by it in performing its obligations under this paragraph (c) (including charges made to the contractor by the Loss and Salvage Organization, except any of such charges the payment of which the Government has, at its option, assumed direct), as approved by the contracting officer and set forth in a Supplemental Agreement.

(d) With the approval of the contracting officer after loss or destruction of or damage to Government property, and subject to such conditions and limitations as may be imposed by the contracting officer, the contractor may, in order to minimize the loss to the Government or in order to permit resumption of business or the like, sell for the account of the Government any item of Government property which has been damaged beyond practicable repair, or which is so commingled or combined with property of others, including the contractor, that separation is impracticable.

(e) Except to the extent of any loss or destruction of or damage to Government property for which the contractor is relieved of liability under the foregoing provisions of this Article, and except for reasonable wear and tear or depreciation, or the utilization of the Government property in accordance with the provisions of this contract, the Government property (other than property permitted to be sold) shall be returned to the Government in as good condition as when received by the contractor in connection with this contract. In aid of its obligation so to return the Government property, the contractor shall maintain a property control, accounting and maintenance system consistent with good business practice.

(f) In the event the contractor is reimbursed or compensated for any loss or destruction of or damage to Government property, caused by an excepted peril, it shall equitably reimburse the Government. The contractor shall do nothing to prejudice the Government's rights to recover against third parties for any such loss, destruction or damage and, upon the request of the contracting officer, shall at the Government's expense, furnish to the Government all reasonable assistance and cooperation (including the prosecution of suit and the execution of instruments of assignment in favor of the Government) in obtaining recovery.

(g) The Government shall at all times have access to the premises wherein any Government property is located.

NOTE 1: (a) The Article set forth above will be included in all fixed or unit price contracts under which Government-owned property is furnished to the contractor, executed on or after March 15, 1944.

(b) Whenever the terms of such a fixed or unit price contract are to be modified by the execution, on or after March 15, 1944, of a supplemental agreement, and the contract to be modified does not contain an Article identical in wording with that set forth above, the supplemental agreement will provide that the contract is modified to include the Article.

(c) In order that the services of the Loss and Salvage Organizations may be made available, widely and promptly, it is desired, in addition, that such existing contracts be amended whenever practicable to incorporate the Article even when occasion does not arise to write a supplemental agreement for other reasons.

NOTE 2: See §§ 804.451–1 and 804.498 in regard to Loss and Salvage Organizations.

NOTE 3: In the event that the Government property is located in an area outside of the United States, where the services of the Loss and Salvage Organizations are not available, the following clause will be used in lieu of paragraph (c) above:

Upon the happening of loss or destruction of or damage to Government property caused by an excepted peril, the contractor shall communicate with the contracting officer, shall take all reasonable steps to protect the Government property from further damage, separate the damaged and undamaged Government property, put all the Government property in the best possible order, and furnish to the contracting officer a statement of: (1) the lost, destroyed and damaged Government property, (2) the time and origin of the loss, destruction or damage, (3) all known interests in commingled property of which the Government property is a part, and (4) the insurance, if any, covering any part of or interest in such commingled property. *If and as directed by the contracting officer, the contractor shall make repairs and renovations of the damaged Government property.*[1] The contractor shall be reimbursed the expenditures made by it in performing its obligations under this paragraph (c) as approved by the contracting officer and set forth in a Supplemental Agreement.

§ 803.365–1b *Liability and insurance clauses for use in fixed price contracts for transportation services.* The contract articles set forth below shall be used under the conditions prescribed for the use of each article in fixed price contracts for services accessorial to or forming a part of a transportation movement, including contracts for freight handling, car loading and unloading, packing and crating, stevedoring, lighterage, trucking, heavy lift service, lumber handling and other contracts for terminal services not procured by means of a bill of lading.

(a) *Where eliminating cost of insurance results in savings.* Where savings to the Government may be obtained by eliminating the cost of insurance on Government property which otherwise would be added to the contract price, the contract will, unless an indemnity article for liability for extraordinary wartime risks and hazards is required, contain the article set forth in § 803.365–1 (omitting paragraph (f) and, in cases where the contract is performed on Government premises, paragraph (e)).

(b) *Where services performed by common carrier or warehouseman.* The following liability provision will be used where the services are performed by a common carrier or a common warehouseman at tariff or established rates, since such rates include a factor for the liability imposed or assumed:

Liability for Government-owned property. The Contractor's responsibility for Government property in its possession or control pursuant to the performance of this contract shall be that imposed by law.

(c) *Where savings trivial in amount, difficult of ascertainment or performed at tariff rates.* Except as otherwise provided in paragraph (b) of this section, where savings will be trivial in amount or difficult of ascertainment or where the services are performed at tariff or established rates, which rates include a factor for liability imposed or assumed, the following article will be used:

Liability for Government-owned property. The Contractor shall be liable to the Government for all loss of or damage to property of the Government in its possession or control in connection with this contract resulting from the fault or negligence of the Contractor's officers, agents, or employees.

(d) *Where contractor carries limited amount of insurance.* Where insurance covering Contractor's liability for property is carried in a limited amount and no substantial savings will accrue to the Government if this insurance is eliminated, yet if the Contractor be required to assume total liability the Contractor's insurance limits would have to be increased or additional insurance purchased, thereby increasing the cost of services, the following article will be used:

Liability for Government-owned property. (a) The Contractor shall be liable to the Government for all loss or destruction of or damage to the property of the Government in its possession or control in connection with this contract (hereinafter called "Government property") resulting from the fault or negligence of the Contractor's officers, agents, or employees: *Provided, however,* That the liability of the Contractor under this paragraph shall not exceed $(A) on account of any one accident or occurrence and that with respect to so much of any loss or destruction of or damage to Government property on account of any one accident or occurrence as exceeds $(A) the Contractor shall be liable only under the conditions set forth in subparagraph (b) hereof.

(b) Except as otherwise specifically provided, the Contractor shall not be liable for loss or destruction of or damage to Government property unless such loss, destruction or damage results from the willful misconduct or failure to exercise good faith on the part of the Contractor's corporate officers or other representatives having supervision or direction of the operation of the Contractor's business or of the whole of Contractor's operations at any place where the Contractor may perform services under this contract.

(c) The Contractor represents that it is not maintaining and agrees that it will not hereafter maintain insurance (including self-insurance funds or reserves) covering loss or destruction of or damage to Government property in excess of the maximum amount of liability provided in subparagraph (a) hereof, and represents that it is not including and agrees that it will not hereafter include in any price to the Government any charges or reserve for such insurance.

(d) Upon the happening of loss or destruction of or damage to Government property in excess of $(A) the Contractor shall communicate with the Contracting Officer and, if directed by the Contracting Officer, with the Loss and Salvage Organization now or hereafter designated by the Contracting Officer; and, with the assistance of that organization, if employed by the Contractor to perform services in accordance with instructions or regulations of the Government, shall take all reasonable steps to protect the Government property from further damage, separate the damaged and undamaged Government property, put all the Government property in the best possible order, and furnish to the Contracting Officer a statement of: (1) the lost, destroyed and damaged Government property, (2) the time and origin of the loss, destruction or damage, (3) all known interests in commingled property of which the Government property is a part, (4) the insurance, if any, covering any part of or interest in such commingled property. The Contractor shall be reimbursed the expenditures made by it and approved by the Contracting Officer in performing its obligations under this subparagraph (d) (including charges made to the Contractor by the Loss and Salvage Organization, except any of such charges, the payment of which the Government has, at its option, assumed direct).

(e) In the event the Contractor is indemnified, reimbursed or compensated for any loss or destruction of or damage to Government property, it shall equitably reimburse the Government. The Contractor shall do nothing to prejudice the Government's rights to recover against third parties for any such loss, destruction or damage and, upon the request of the Contracting Officer, shall, at the Government's expense, furnish to the Government all reasonable assistance and cooperation (including the prosecution of suit and the execution of instruments of assignment in favor of the Government) in obtaining recovery.

(f) The Government shall at all times have access to the premises wherein any Government property is located. (Omit this subparagraph if the contract is to be performed at an Army installation.)

(e) *Where Government may obtain benefit of insurance carried as part of contractor's regular operations.* If the Contractor carries as a part of its regular commercial operations insurance on property covering loss or damage caused by fire, lightning, flood, windstorm and the like, and the Government may obtain the benefit of such additional insurance protection without substantial increase in the contract price, the following provision will be added at the end of the articles prescribed in paragraphs (a) and (b), at the end of subparagraph (a) of the article prescribed in paragraph (d) of this section or (with the first seven words of the second sentence deleted) in lieu of subparagraph (a) of the article prescribed in paragraph (d) of this section, depending upon the nature of the Contractor's insurance:

The Contractor carries and will maintain as a part of its regular commercial operations insurance covering loss or destruction of or damage to property in the amount of $------. In addition to the liability hereinabove imposed, the Contractor shall be liable to the Government for any loss or damage to property of the Government in its possession or control in connection with this contract to the extent coverage is provided in such insurance.

(f) *Where extraordinary risks and hazards are involved.* In rare cases contracts which may involve extraordinary risks and hazards of loading and unloading, discharging, handling, storage, or proximity of ammunition,, explosives, gasoline, or other inherently dangerous freight may provide that the Government assumes such extraordinary risks and hazards incident to wartime operations to which the Contractor may be exposed. In such instances, where a lower contract rate may be obtained thereby and it is deemed that the assumption of such risks and hazards by the Government will facilitate the prosecution of the war, the article set forth below may be used with such minor variations as may be necessary to fit the particular situation.

[1] Italicized language may be omitted in appropriate cases.

All contracts containing such article will be submitted for prior written approval in accordance with § 802.238–3 of this chapter. No indemnity provision will be used in contracts at tariff rates with common carriers or common warehousemen.

Liability and indemnity. (a) The Contractor shall procure and maintain at all times during the continuance of this contract a policy or policies of insurance insuring the Contractor against liability for injury to, or death of any person or persons in an amount not less than $(X) in any one accident, and for liability for property damage, including but not limited to property of the Government, in an amount not less than $(Y) in any one accident. The Contractor shall have attached to and made a part of all said insurance policies a provision by the terms of which the insurer agrees to waive any and all rights of subrogation which it may have against the United States by reason of any payment under said policy or policies.

(b) The Contractor shall be liable to the Government for any loss or damage which may be sustained by the Government as a result of the fault or negligence of the Contractor's officers, agents or employees, subject, however, to the following limitations and conditions:

(i) The Contractor's liability to the Government in connection with any one accident shall be limited to the amount of $(Y) (or the amount of insurance carried by the Contractor, whichever is greater). The Contractor represents that the prices stated herein do not include the cost of insurance against the risks assumed by the Government nor any provision for a reserve to cover such risks.

(ii) The Contractor shall not be responsible to the Government for any loss or damage resulting from any act or omission of any employee of the Government or resulting from compliance by officers, agents, or employees of the Contractor with specific directions of the Contracting Officer; nor shall the Contractor be so responsible for any such loss or damage resulting from failure of the equipment supplied by the Government, unless the Contractor is negligent in the care and use of such Government furnished equipment.

(c) The services to be performed under this contract are incident to war activities of the Government and may include, in addition to services of a nature normally performed by the Contractor in peacetime commercial operations with the risks and hazards normally incident thereto, the loading, discharging, handling, presence or proximity of ammunition, explosives, gasoline or other inherently dangerous freight. It is understood that the compensation to the Contractor for the work has been established with regard only to the normal risks and hazards involved in similar services in peacetime commercial operations, and that such consideration does not include any allowance for the additional and extraordinary risks and hazards described above. To induce the contractor to undertake the performance of such services for the compensation herein provided, and thus obtained for the Government the resulting benefit of such reduced compensation, the Government will hold the Contractor harmless.

(i) Against liability to parties other than the Government because of death, bodily injury, or property damage or destruction or otherwise of any kind whatsoever, irrespective of negligence of the Contractor, its officers, agents, servants, or employees; and

(ii) For any expense, not excluded under subparagraph (4) hereof, which may be incurred by the Contractor, and which is attributable to such liability:

subject, however, to the following conditions and limitations:

(1) The undertaking of the Government shall be applicable and limited to situations where such liability arises out of, results from, or is in any way attributable to or connected with the presence or proximity of ammunition, explosives, gasoline or other inherently dangerous freight, or the loading, unloading, discharging, handling or storing of such freight by the Contractor.

(2) The undertaking of the Government shall be limited to the excess over and above $ (X), or the amount of insurance carried by the Contractor, whichever is greater, for injury to or death of persons, and $ (Y), or the amount of insurance carried by the Contractor, whichever is greater, for property damage, of the total and entire amount of such liability arising out of any single accident.

(3) The undertaking of the Government shall not be applicable and the Government shall have no obligation or liability in respect of such undertaking or otherwise, in situations in which such liability and expense is due in whole or in part to willful and deliberate disregard of instructions of the Government or to the personal failure to exercise good faith, or, insofar as the character of the work permits under wartime operations, that degree of care normally exercised under like conditions in the performance of the Contractor's peacetime commercial operations, by the elected corporate officers of the Contractor or the representative of the Contractor having supervision or direction of all operations at any place where the contractor may perform services hereunder, unless such failure to exercise such normal care is in compliance with express instructions of the Government.

(4) The Contractor shall cooperate with the Government and, upon the Government's request, shall assist in effecting settlements, securing and giving evidence, obtaining the attendance of witnesses and in the conduct of suits; and the Government shall reimburse the Contractor for actual out-of-pocket expenses incurred by it in compliance with such a request, other than the cost of maintaining the contractor's usual organization and loss of earnings, unless and to the extent such expenses are covered by a policy or policies of insurance carried by the Contractor. The Contractor shall not, except at its own cost, voluntarily make any payment, assume any obligation or incur any expense other than for such immediate medical and surgical relief to others as shall be imperative at the time of said occurrence of such event.

(5) This undertaking of the Government to hold the Contractor harmless against liability, as herein provided, shall not create or give rise to any right, privilege, or power in any person or organization, except the Contractor, nor shall any person or organization be or became entitled to join the Government as a co-defendant in any action against the Contractor brought to determine the Contractor's liability or for any other purpose: *Provided, however,* That as to any risk borne or assumed by the Government through its undertaking above set forth, the Government shall be subrogated to any claim, demand or cause of action against third persons or organizations which exists in favor of the Contractor, and the Contractor shall, if so required, forthwith execute one or more formal assignments or transfers of such claims, demands or causes of action.

(6) The undertaking of the Government shall not be applicable to the Contractor's liability arising under the applicable provisions of a federal, state, territorial or district Workmen's Compensation law.

(7) Upon the happening of any event from which the obligation of the Government to hold the Contractor harmless against liability and expenses might arise, the Contractor shall communicate with The Judge Advocate General, Washington, D. C., the Contracting Officer and with the Loss and Salvage Organization now or hereafter designated by the Contracting Officer. If claim is made or suit is brought thereafter against the Contractor as a result or because of such event, the Contractor shall immediately deliver to the Government every demand, notice, summons or other process received by it or its representatives, and the Government shall provide appropriate attachment or appeal bonds or undertakings where required in the course of such litigation.

§ 803.365–2 *Cost-plus-a-fixed-fee contract; clause concerning reimbursement for losses and insurance expenses.* Every cost-plus-a-fixed-fee contract will contain the following clause without deviation:

Allowable items of cost shall include the contractor's actual expenses incurred under his contract for:

a. Such bonds and insurance policies as have been approved or required by the Contracting Officer.

b. Losses or expenses not compensated by insurance or otherwise (including settlements made with the written consent of the Contracting Officer) actually sustained by the Contractor in connection with the work and found and certified by the Contracting Officer to be just and reasonable, unless reimbursement therefor is expressly prohibited; provided that such reimbursement shall not include any amount for which the Contractor would have been indemnified or compensated by insurance except for failure of the Contractor to procure or maintain bonds or insurance in accordance with the requirements of the Contracting Officer.

c. The cost of reconstructing and replacing any of the work or property destroyed or damaged and not covered by insurance, but expenditures under this item must have the written authorization of the Contracting Officer in advance.

d. The cost, including incidental expenses and premiums (if any), of providing such death, injury, internment, and other benefits to the Contractor's employees engaged in performing services under this contract as the Contracting Officer may approve or require

§ 803.365–3 *Cost-plus-a-fixed-fee contracts; insurance clause.* Every cost-plus-a-fixed-fee contract will contain the following clause without deviation:

Insurance. a. The Contractor shall procure and thereafter maintain such bonds and insurance in such forms and in such amounts and for such periods of time as the Contracting Officer may require in writing and shall be reimbursed for the cost thereof;

b. In every instance where this contract requires the United States to pay the premium on a bond or insurance policy, the bond or insurance policy shall contain an endorsement or other recital excluding by appropriate language any claim on the part of the insurer or obligor to be subrogated, on payment of a loss or otherwise, to any claim against the United States;

c. The Contractor shall give the Contracting Officer or his representative immediate notice in writing of any suit or action filed against the Contractor arising out of the performance of this contract and of any claim against the Contractor the cost and expense of which are reimbursable under the provisions of Article ____ hereof, and the risk of which is then uninsured or in which the amount claimed exceeds the amount of insurance coverage. The Contractor shall furnish immediately to the Contracting Officer copies of all pertinent papers received by the Contractor. Insofar as the following shall not conflict with any policy or contract of insurance, and upon request of the Contracting Officer, the Contractor shall do any and all things to effect an assignment and subrogation in favor of the Government of all Contractor's rights and claims except against the Government, arising from or growing out of such asserted claims, and, if required by the Contracting Officer, shall authorize representatives of the Government to settle and/or defend any such claim and to represent or take charge of any such litigation affecting the Contractor.

§ 803.365–4 *Cost-plus-a-fixed-fee contracts; clause concerning insertion of insurance and liability provisions in CPFF subcontracts.* Every cost-plus-a-fixed-fee contract, the terms of which do not require the incorporation by reference in cost-plus-a-fixed-fee subcontracts, of all of the terms and conditions of the prime contract in regard to insurance and liability, will contain the following clause without deviation:

Additional provisions. (1) The Contractor will include in each cost-plus-a-fixed-fee subcontract made under this contract a provision as follows:

(a) The title to all work under this subcontract, completed or in the course of manufacture or assembly in the Subcontractor's plant, shall be in the Government. Upon delivery thereof to the Subcontractor at any point within the continental limits of the United States or any place approved by the Contractor, title to all purchased materials, parts, assemblies, subassemblies, tools, machinery, equipment and supplies, for which the Subcontractor shall be entitled to be reimbursed hereunder, shall vest in the Government.

(b) The Subcontractor shall not be reimbursed for the cost of any insurance on any property of the Government.

(c) As used herein the term "Government" shall be deemed to mean the United States of America.

(2) The Contractor will, if so requested by the Contracting Officer, include in any particular cost-plus-a-fixed-fee subcontract, a provision as follows:

The Subcontractor shall procure and thereafter maintain the following insurance: ---------- (there shall be inserted the types, amounts and limits of insurance, as specified in writing by the Contracting Officer). The cost of such insurance and losses or expenses (including settlements made with the written consent of the Contracting Officer who executed the principal contract or his duly authorized successor or representative) not compensated by insurance or otherwise and found and certified by the Contractor and said Contracting Officer or his duly authorized successor or representative to be just and reasonable, actually sustained by the Subcontractor in the defense and/or discharge of such claims of others on account of death or bodily injury of persons or loss or destruction of or damage to property as may arise out of or in connection with the performance of the work under this subcontract shall be allowable items of cost hereunder; *Provided,* That such reimbursement shall not include any amount for which the Subcontractor would have been indemnified or compensated except for the failure of the Subcontractor to procure or maintain insurance in accordance with the requirements of this subcontract. The Subcontractor shall give the Contractor immediate notice in writing of any suit or action filed against the Subcontractor, arising out of the performance of this subcontract and of any claims against the Subcontractor, the cost and expense of which is reimbursable under the provisions of this subcontract pertinent to allowable items of cost, and the risk of which is then uninsured or in which the amount claimed exceeds the amount of insurance coverage. The Subcontractor shall furnish immediately to the Contractor copies of all pertinent papers received by the Subcontractor. Insofar as the following shall not conflict with any policy or contract of insurance, and upon request of the Contractor, the Subcontractor shall do any and all things to effect an assignment and subrogation in favor of the Contractor or its nominee of all Subcontractor's rights and claims, except rights and claims of the Subcontractor against the Contractor or such nominee, arising from or growing out of such asserted claim, and, if required by the Contractor, shall authorize representatives of the Contractor or of its nominee to settle and/or defend any such claim and to represent the Subcontractor in or take charge of any such litigation. Every policy for the insurance referred to in this paragraph shall contain an indorsement or other recital excluding by appropriate language any claim on the part of the insurer or obligor to be subrogated on payment of a loss or otherwise to any claim against the Contractor or the Government.

(3) Whenever a provision as set forth in paragraph (2) of this article is inserted in any subcontract, then the contractor will forthwith transmit to the Contracting Officer all notices and copies of papers received by it from the subconstractor, will make the Government its nominee for all assignments and subrogations received by it from the subcontractor thereunder and, if required by the Contracting Officer, will do everything in its power to have representatives of the Government authorized to settle and/or defend the claims therein referred to and to represent the subcontractor in or to take charge of the litigation therein referred to.

§ 803.365.5 In accordance with the instructions contained in §§ 803.365–6 to 803.365–9, inclusive, there will be inserted without deviation in Architect-Engineer-Construction-Management Service Contracts and all contracts (except supply contracts), executed under or in connection with such contracts, the appropriate clause or clauses set forth in said sections.

§ 803.365–6 In the Architect-Engineer-Construction - Management - Service-contract the following clause:

The A-E-M hereby agrees that he will procure and maintain bonds and insurance in such forms and in such amounts and for such periods of time as the Contracting Officer may require or approve. Insurance shall cover all work required by this contract, regardless of whether it is performed by the A-E-M's own forces, subcontractors, or under direct contracts with the Government, as is contemplated in Article---------- (Article containing ---------- of this contract. General Statement of Work and Services)

§ 803.365–7 In cost-plus-a-fixed-fee subcontracts, executed under Architect-Engineer - Construction - Management Service Contracts, there will be inserted without deviation the following clause:

All necessary insurance protection required under the terms of this contract will be provided by the policies maintained by the Architect-Engineer-Manager Contractor.

§ 803.365–8 In lump-sum subcontracts, executed under Architect Engineer-Construction-Management Service Contracts, there will be inserted without deviation the following clause:

(1) The Architect-Engineer-Manager Contractor will, at no cost to the Subcontractor, maintain policies providing the following insurance protection for the Subcontractor, which insurance shall apply only to operations of the Subcontractor under this subcontract and employees of the Subcontractor engaged therein and shall not apply to any other operations or employees of the Subcontractor:

(a) *Workmen's compensation.* (i) In jurisdictions where there are Workmen's Compensation Laws, either mandatory or elective, statutory coverage; and in jurisdictions where the Workmen's Compensation Law does not cover all occupational diseases, occupational disease coverage by endorsement for limits of $50,000 per person in any one case and, subject to that limit for each person, an aggregate limit of $100,000 for each year of the policy period;

(ii) In those states where there is a "per accident" limitation of coverage under paragraph 1 (b) of the policy, an endorsement will be added to provide $100,000 limit for each accident;

(iii) In those states where there is a "per person" limitation of coverage under paragraph 1 (b) of the policy, an endorsement will be added to provide $50,000 limit for each person;

(iv) In jurisdictions where there are no Workmen's Compensation Laws, Employers' Liability Insurance, including occupational disease coverage, for limits of $50,000 per person in any claim and, subject to that limit for each person, $100,000 for two or more persons in any one accident and $100,000 aggregate limit for each year of the policy period for occupational disease claims.

(b) *General liability.* Insurance with limits of $50/100,000 for bodily injury liability on the comprehensive policy form; the policy will be endorsed to include coverage for aircraft and watercraft operations by elimination of any such exclusions therein.

(c) *Automobile public liability and property damage.* Insurance with limits of $50/100,000 for bodily injury liability and $5,000 for property damage liability on the comprehensive policy form covering all owned, nonowned and hired automobiles which will be used in connection with the work to be done under the contract, and which are not for use exclusively on the premises at which the work under such contract is performed.

(2) The Subcontractor may purchase at his own expense such additional or other insurance protection as he may deem necessary. The Contracting Officer or his authorized representative may restrict access to the site of the work to such personnel of any insurance carrier providing additional or other insurance coverage referred to in this paragraph for the proper servicing of such insurance as he may deem necessary.

§ 803.365–9 In prime lump sum or unit price contracts, collateral to Architect - Engineer - Construction - Management Service Contracts, there will be inserted without deviation the following clause:

(1) The Architect-Engineer-Manager Contractor will, at no cost to the Contractor, maintain policies providing the following insurance protection for the Contractor and his Subcontractors (excluding supply subcontractors) which insurance shall apply only to operations of the Contractor and such Subcontractors under this contract and employees of the Contractor and such Subcontractors engaged therein and shall not apply to any other operations or employees of the Contractor and such Subcontractors:

(a) *Workmen's compensation.* (i) In jurisdictions where there are Workmen's Compensation Laws, either mandatory or elective, statutory coverage; and in jurisdictions where the Workmen's Compensation Law does not cover all occupational diseases, occupational disease coverage by endorsement for limits of $50,000 per person in any one case, and subject to that limit for each person, an aggre-

gate limit of $100,000 for each year of the policy period;

(ii) In those states where there is a "per accident" limitation of coverage under paragraph 1(b) of the policy, an endorsement will be added to provide $100,000 limit for each accident;

(iii) In those states where there is a "per person" limitation of coverage under paragraph 1 (b) of the policy, an endorsement will be added to provide $50,000 limit for each person;

(iv) In jurisdictions where there are no Workmen's Compensation Laws, Employers' Liability Insurance including occupational disease coverage, for limits of $50,000 per person in any claim and, subject to that limit for each person, $100,000 for two or more persons in any one accident and $100,000 aggregate limit for each year of the policy period for occupational disease claims.

(b) *General liability.* Insurance with limits of $50/100,000 for bodily injury liability on the comprehensive policy form; the policy will be endorsed to include coverage for aircraft and watercraft operations by elimination of any such exclusions therein.

(c) *Automobile liability and property damage.* Insurance with limits of $50/100,000 for bodily injury liability and $5,000 for property damage liability on the comprehensive policy form covering all owned, non-owned and hired automobiles which will be used, in connection with the work to be done under the contract, and which are not for use exclusively on the premises at which the work under such contract is performed.

(2) The contractor or his subcontractors may purchase at their own expense such additional or other insurance protection as they may deem necessary. The Contracting Officer or his authorized representative may restrict access to the site of the work to such personnel of any insurance carrier providing additional or other insurance coverage referred to in this paragraph for the proper servicing of such insurance, as he may deem necessary.

§ 803.366 *Clause concerning discounts to be contained in invitations for bids.* All invitations for bids, formal or informal, directed to more than one prospective contractor, will contain a clause substantially as follows:

Offers of prompt payment or cash discounts will not be considered in the award of contracts or purchase orders, but if such an offer is made, the Government reserves the right to take advantage of the same according to its terms in making payment.

§ 803.367 *Clause concerning subcontracting: for fixed price supply contracts.* All fixed price supply contracts, except those in which, in the opinion of the contracting officer, subcontracting (as defined in (d) below) is impracticable, will contain the following clause without deviation:

Subcontracting. (a) It is mutually understood and agreed that the policy of the Government, as declared by Congress in Public Law 603—77th Congress (the Smaller War Plants Act) is to bring about the greatest utilization of small war plants facilities which is consistent with efficient production of war materials.

(b) The Contractor agrees to accomplish the maximum amount of subcontracting to smaller war plants that the Contractor finds to be consistent with the efficient performance of all its other obligations undertaken by this contract.

(c) The Government agrees that in any renegotiation proceedings involving this contract, proper consideration will be given to the efficiency and ingenuity exhibited by the prime contractor in subcontracting to and in utilizing the facilities of, smaller war plants; to the amount of such subcontracting so accomplished; and to the amount of technical, engineering and other assistance rendered by the Contractor to such subcontractors.

(d) For the purposes of this article the term "subcontracts" includes only contracts for the production or of work upon an item, component, or asembly manufactured according to Government specifications or specifications of a prime contractor and does not include (1) any purchase of a standard commercial or catalog item, or (2) any purchase of a basic raw material, or (3) any purchase of supplies or services for the general operation of the contractor's plant, or (4) any purchase from a parent subsidiary or affiliate of the contractor.

§ 803.368 *Clause concerning subcontract; for cost-plus-a-fixed-fee supply contracts.* All cost-plus-a-fixed-fee supply contracts, except those in which, in the opinion of the Contracting Officer, subcontracting is impracticable, will contain the following clause without deviation:

Subcontracting. It is mutually understood and agreed that the policy of the Government, as declared by Congress in Public Law 603—77th Congress (the Smaller War Plants Act) is to bring about the greatest utilization of small plants which is consistent with efficient production of war materials. It is also recognized that business concerns operating small plants are frequently unable to produce certain articles at as low a per unit cost as business concerns operating large plants. Accordingly, the Contractor, with the written approval of the Contracting Officer, may, in cases where the manufacturing costs are found to be greater, pay to firms operating small plants higher prices than to firms operating large plants, to the extent determined to be reasonable in the light of the difference in their costs of manufacturing the article to be sub-contracted.

§ 803.369 *Release upon final payment under cost-plus-a-fixed-fee contracts.* To facilitate the prosecution of the war and the final settlement of war procurement contracts, authority is granted to the chiefs of technical services and their representatives, pursuant to the First War Powers Act, 1941, Executive Order No. 9001 and the Contract Settlement Act of 1944, to amend existing cost-plus-a-fixed-fee contracts, whether or not terminated or completed, but in no event after final payment thereunder has been made, to include substantially the following article, and concurrently to delete any existing provisions of such contracts which are inconsistent with the following article:

Article ____. *Release provisions.* 1. Prior to final payment and as a condition thereof the Contractor shall furnish the Government with a release of all claims against the Government arising under and by virtue of this contract, other than (a) such claims, if any, as may be specifically excepted by the Contractor from the operation of the release in stated amounts to be set forth therein, or in estimated amounts where the amounts are not susceptible of exact statement, and (b) any claim based upon responsibility of the Contractor to third parties arising out of the performance of this contract not known to the Contractor at the time of furnishing the release.

2. Even though the existence or amount thereof shall not be determined until after the furnishing of such release as is described next above, reimbursement to be made for payments made by the Contractor shall include, along with wages and salaries otherwise reimbursable, all additional amounts determined (either by approval of the Contracting Officer or by litigation as hereinafter provided) to be due and payable for overtime compensation and allowances under local, state or Federal laws in connection with such wages and salaries.

3. The Contractor shall promptly notify the Contracting Officer of any claims of the type described in paragraph 1 (b) above which are asserted subsequent to the execution of the release.

4. In the event the Contracting Officer shall determine that the best interests of the Government require that the Contractor initiate or defend litigation in connection with claims of third parties arising out of the performance of this contract, the Contractor will proceed with such litigation in good faith and the costs and expenses of such litigation, including judgments and court costs, allowances rendered or awarded in connection with suits for wages, overtime or salaries, and reasonable attorneys' fees for private counsel when the Government does not furnish Government counsel, shall be reimbursable under this contract. The term "litigation" shall include suits at law or in equity and proceedings before any Governmental agency having jurisdiction over the claim.

§ 803.370 *General cosiderations.*

§ 803.370-1 *General policy.* As announced in Part 802 of this chapter, the policy of the War Department is to enter into supply contracts on a fixed price basis whenever such a course is feasible. Fixed price contracts at close prices tend to stimulate contractors to keep down costs by making the most effective use of manpower, materials and productive equipment and thus to minimize the cost of the war in terms of those economic resources as well as in terms of monetary outlay. Every effort must be made, therefore, to place supply contracts at close prices, regardless of whether any of the Price Revision Articles set out in §§ 803.370 to 803.377, inclusive, are used. Where the use of such an article is deemed necessary, the appropriate article may and should be incorporated in the contract if the conditions prescribed for its use are satisfied. The various articles to which the foregoing statements are applicable, together with the rules governing their use, are set forth hereinafter in §§ 803.370 to 803.377, inclusive.

§ 803.370-2 *Exceptions to general policy and regulations.* In specific instances where the contracting officer is of the opinion that (a) prices submitted by prospective contractors have not been arrived at independently, or (b) reasonable prices cannot be established from cost break-downs and other available data, or (c) other circumstances require protection of the Government's interests by the use of an appropriate Price Revision Article, or a modification thereof providing for downward adjustment only, he may initiate a request through channels to the Director Purchases Division, Headquarters, Army Service Forces, for authority to deviate from the policy and regulations set forth herein. Such requests will be accompanied by (1) a full statement of all the facts and circumstances deemed to require such deviation, (2) a statement of the proposed manner and effect of the deviation, and (3) the recommendation of the chief of the technical service with respect thereto.

§ 803.370-3 *Arrangement of articles and regulations.* (a) Forms I-A, I-B and I-C provide for periodic revision of price at fixed intervals. Forms II-A and II-B provide for optional periodic revision of price upon the demand of either party. These forms constitute the basic price revision articles and are identical in provision except to the extent that their specific purposes require variations therein. The regulations common and applicable to all these forms are contained in § 803.371. Additional regulations governing the use and administration of each separate form will be found in the paragraph setting out that form.

(b) Form III, providing for revision of price on account of retroactive changes in labor conditions, and the regulations for its use and administration, are set out in § 803.374.

(c) Form IV, providing for downward price revision after completion or termination of the contract, and the regulations for its use and administration, are set out in § 803.375.

(d) Form V, providing for downward or limited upward price revision after completion or termination of the contract, and the regulations for its use and administration, are set out in § 803.376.

(e) Form VI, providing for repricing upon the happening of a specified contingency, and the regulations for its use and administration, are set out in § 803.377.

§ 803.370-4 *Relation of revision of prices under contract articles to statutory renegotiation.* (a) It is the policy of the War Department that each War Department contract should stand on its own feet insofar as the price is concerned and that, in arriving at a sound price initially or in revising the price pursuant to a contract article, no consideration should be given to the fact that the contractor may have incurred low profits or losses under other war contracts. It is recognized that where a Price Revision Article calls for a revision of the prices of items delivered during a completed fiscal period the price change may affect the billings for a period which has been included in a renegotiation settlement. It is the policy of the War Department that, except insofar as a different result is required by reason of contractual provisions which are now no longer authorized, there shall be no difference in net result to the contractor and the Government whether the price revision relating to the completed fiscal period follows or precedes the statutory renegotiation of sales for that period. This policy is given effect by a provision inserted in those Price Revision Articles which call for retroactive price revision (e. g. §§ 803.372-7 (j) and 803.373-6 (j)).

(b) In the great majority of cases the revision of prices of items delivered in the completed fiscal period can be completed before conclusion of the statutory renegotiation for that period. Contracting officers will make every effort to see that this result is attained. In the few cases where the revision of prices of items delivered in a completed fiscal period has not been completed before the conclusion of the statutory renegotiation for that period, the negotiation to establish the revised price should be carried to conclusion as promptly as possible. In determining what changes are to be made in the amounts paid or payable by or to the contractor in respect of items delivered during the completed fiscal period, the following general guides should be considered by the contracting officer:

(1) If the renegotiation resulted in a clearance notice or clearance agreement:

(i) Any reduction in price should be recovered from the contractor;

(ii) An increase in price should be allowed to the contractor if and to the extent that the office which conducted the renegotiation advises the contracting officer that excessive profits will not result therefrom.

(2) If the renegotiation resulted in a recapture of excessive profits:

(i) No increase in price should be allowed, since that would merely have the effect of increasing the excessive profits;

(ii) To the extent that the renegotiation has permitted the contractor to set up a reserve against possible downward price revisions, any reduction in price should be recovered from the contractor;

(iii) After exhaustion of any reserves against downward price revisions the contracting officer may permit the amount recaptured in renegotiation to be treated as an offset against any downward price revision to the extent that he is reasonably satisfied that the renegotiation recapture has not been applied as an offset against downward price revisions under other contracts.

§ 803.370-5 *Tabular view of price revision articles.*

NOTE: This table is designed to assist contracting officers and other procurement personnel to familiarize themselves with the price revision articles and to enable them quickly to ascertain which article appears most appropriate for a particular proposed contract. It is not designed to supplant in any way the textual regulations themselves, since the effect of each article and the conditions for its use are not stated in detail. Before any article is proposed to be used or is used in a particular case, the full text of the applicable regulations will be carefully examined and followed.

Effect of article	Conditions for use	
	Applicable to particular article	Applicable to all Form I and Form II articles
Form I-A (§ 803.372-5) Upward or downward price revision negotiated at fixed periods, with prospective effect only.	(§ 803.372-2) 1. Contract is such that both parties should be bound by price for the first period. Pricing periods range from 3 to 4 months in length. 2. Price is based on projections not extending beyond end of first period. 3. Periods should conform with operation of contractor's cost accounting system and need not be of equal length. 4. Periods may be measured in time or production or delivery of items.	(§ 803.371-1) 1. Contract is fixed price contract for supplies or services. 2. There is an absence of competition as that term is defined in § 803.371-1 (b). 3. Price is negotiated on understanding that particular article is to be included in contract and is a close price containing substantially no contingency charges. 4. Contractor employs proper estimating methods. 5. Contractor's cost accounting system is sufficiently reliable and accurate for proper operation of article. 6. One article is not to be substituted for another without express authority. 7. Alternative provisions for disagreements are provided. See §§ 803.372-2, 803.372-8, 803.373-2 and 803.373-7.
Form I-B (§ 803.372-6) Upward or downward price revision negotiated at fixed periods, with prospective effect only and with first period price based on experience under prior contract for same or similar item.	(§ 803.372-2) 1. Production under prior contract will continue to beginning of production under new contract. 2. Where new contract is of short duration, it may constitute one period. 3. Price is based on projections which do not extend beyond end of first period. 4. Periods should conform with operation of contractor's cost accounting system and need not be of equal length. 5. Periods may be measured in time or production or delivery of items.	
Form I-C (§ 803.372-7) Upward or downward price revision negotiated at fixed intervals, with retroactive revision at end of first period and prospective revision thereafter.	(§ 803.372-2) 1. Contract is such that neither party should be bound by price for first period. First period not to extend beyond 40% of production under contract. 2. Price is based on projections not extending beyond end of first period. 3. Periods should conform with operation of contractor's cost accounting system and need not be of equal length. 4. Periods may be measured in time or production or delivery of items. 5. Article may provide for one repricing, both retroactive and prospective, in appropriate cases.	

Effect of article	Conditions for use	
	Applicable to particular article	Applicable to all Form I and Form II articles
Form II-A (§ 803.373-5) Upward or downward price revision negotiated upon demand of either party, with prospective effect only, and subject to specified limitations on frequency of demands.	(§ 803.373-2) 1. Contract is such that both parties should be bound by initial price. 2. Price is based on projections extending over life of entire contract, taking into account reasonably expected cost decreases. 3. Date before which first demand cannot be made is specified. Ninety-day limitation effective thereafter may be varied by chief of technical service.	(§ 803.371-1) 1. Contract is fixed price contract for supplies or services. 2. There is an absence of competition as that term is defined in § 803.371-1 (b). 3. Price is negotiated on understanding that particular article is to be included in contract and is a close price containing substantially no contingency charges. 4. Contractor employs proper estimating methods. 5. Contractor's cost accounting system is sufficiently reliable and accurate for proper operation of article. 6. One article is not to be substituted for another without express authority. 7. Alternative provisions for disagreements are provided. See §§ 803.372-2, 803.372-8, 803.373-2 and 803.373-7.
Form II-B (§ 803.373-6) Upward or downward negotiated price revision, with first period fixed and subject to retroactive revision, and with prospective revision thereafter upon demand of either party, subject to specified limitations on frequency of demands.	(§ 803.373-2) 1. Contract is such that neither party should be bound by initial price. 2. Price is based on projections extending over life of entire contract, taking into account reasonably expected cost decreases. 3. Ninety-day limitation on frequency of demands may be varied by chiefs of technical service. 4. Percentage figure in paragraph (b) (1) of article to be kept as low as possible and never is to exceed 40%.	
Form III (§ 803.374-5) Negotiated price revision in event of retroactive changes in wages, salaries or employment conditions ordered or authorized by War Labor Board or any other authorized Government Agency.	(§ 803.374-2) 1. Contract must contain one of the Form I or Form II price revision articles. 2. Price must contain substantially no charge for changes in wages, salaries or employment conditions.	
Form IV (§ 803.375-4) Downward price revision negotiated upon contracting officer's demand after completion or termination of contract.	(§ 803.375-2) 1. Contract amount is $100,000 or less. 2. Initial price bears reasonable relationship to expected final price under contract. 3. Items are strictly developmental or experimental in character. 4. Contractor's cost accounting system is sufficient to show costs under contract.	
Form V (§ 803.376-4) Downward or limited upward price revision negotiated after completion or termination of contract.	(§ 803.376-2) 1. Maximum price does not exceed $1,000,000. 2. Contract calls for experimental or developmental items or service for tests in laboratories or field operations or similar experiments. 3. Form I-C or II-B cannot be used in contract. 4. Price is as close as circumstances permit. Maximum price bears reasonable relationship to initial price. 5. Contractor has or will establish adequate cost accounting system. 6. Prior written approval of Director, Purchases Division is required before article is used in any contract.	
Form VI (§ 803.377-2) Upward or downward price revision negotiated upon happening of specified contingent event and limited to that event and its direct effect.	(§ 803.377-2) 1. Contingency or basic assumption must be clearly stated in article. 2. Contingency must come within one of specified categories. 3. Certain events are excluded as possible contingencies. 4. Price contains no charge or allowance on account of specified contingency. 5. Article may be used even though one of Form I or Form II articles is used in same contract.	

§ 803.371 *Rules applicable to Forms I–A, I–B, I–C, II–A and II–B.*

§ 803.371–1 *Conditions for use.* None of Forms I–A, I–B, I–C, II–A and II–B will be used unless all of the following conditions are satisfied:

(a) The contract is a fixed price contract for supplies or services.

(b) The contracting officer believes that there is an absence of competition for the business to which the contract is to relate and that the prices quoted do not clearly reflect competition. The term "competition" as used herein means an actual striving by two or more persons for the particular order. It generally presupposes that available productive facilities are more than sufficient to meet the entire demand for the item in question, with the consequence that there is a free interaction between the forces of supply and demand. The term does not include formal bids or quotations which do not reflect a genuine attempt on the part of the bidders to obtain the order in actual rivalry with one another or which do not indicate independent action in arriving at the prices quoted.

(c) The price (1) is negotiated upon the express understanding that the particular Price Revision Article is to be included in the contract and (2) is a close price meeting the requirements of Army Service Forces Manual M601, "Pricing in War Contracts," and Subpart C of Part 802 of this chapter and containing substantially no charge or allowance for contingencies.

(d) The contracting officer is satisfied that the contractor employs methods of estimating its costs which accurately reflect current shop and engineering experience and proper quantity and price allowances for material, labor, machine utilization and other cost elements.

(e) The contracting officer is satisfied that the contractor has a cost accounting system of sufficient accuracy and reliability to show the cost information required by the article at the time or times provided therein.

(f) Except as otherwise specifically authorized in §§ 803.370 to 803.377, inclusive, no Price Revision Article will be substituted for another in or be deleted from an existing contract without the prior approval of the Director, Purchases Division, Headquarters, Army Service Forces.

(g) The special conditions for the use of the particular Form I or Form II article to be employed, hereinafter prescribed, are met and satisfied.

§ 803.371–2 *Rules for administration.* In negotiating a price adjustment under any of the Form I or Form II articles, the contracting officer will adhere to the following rules:

(a) The negotiations to revise prices should ordinarily take into account all changes in specifications which have been made up to the time of the negotiations.

(b) Negotiations to revise prices will be conducted upon substantially the same basis as the original negotiation of a price when like information on costs and estimates is available. The contracting officer ordinarily should not give consideration to an increase in price beyond the amount estimated to be the excess of (1) any increases in cost beyond the contractor's control over (2) any offsetting reductions in the contractor's costs. However, this rule should not be applied to deprive a contractor of a reasonable reward in the form of an increased estimated profit margin for especially efficient and economical production.

(c) The contracting officer should take into consideration the fact that increases in certain costs may be offset by decreases in others. The contracting officer should also recognize that increases in wages and in the prices of materials will not necessarily increase, immediately or proportionately, the cost of items to be delivered by the contractor. For example, some of the labor on work in process at the time of a wage increase may have been performed while lower rates of wages were in effect. Again, materials included in work in process may have been bought by the contractor before the effective date of a price increase. Similarly, the contractor may have an inventory on hand or materials on order at prices which do not reflect the current increases therein. Also, there may be offsetting savings not attributable to the efficiency of the contractor.

(d) The contractor's estimate of future costs will be considered in the light of all available data, including shop, engineering, accounting and other relevant information, which will help to check the accuracy of the estimate. When any component or components of the estimate are in question, the contracting officer should inquire into the physical facts, e. g., the number of men actually engaged in a particular operation or process, the quantity of material actually used, etc. Expense and overhead allocations are based upon an estimated amount of expense spread over an anticipated volume to be obtained. Check of the actual rate of expenditures and the actual volume being obtained should be made so that the rates used may be founded on up-to-date forecasts. The aggregate of those charges included in the prices of contracts entered into within the current period should be considered in order to avoid excessive prices through over-absorption of such charges.

(e) In addition to consideration of the contractor's cost experience under the contract and its estimates of future production costs, the contracting officer should make use of comparative prices, comparative costs and the trends of such prices and costs. If, since the making of the contract, prices have become competitive (in the sense indicated in § 803.371–1), particular weight shall be given to comparative prices, to the end that the effect of competitive forces may be fully realized for the benefit of the Government.

(f) The contracting officer should make such use and verification of the estimate and the supporting cost data submitted by the contractor as he would make with respect to similar data upon the negotiation of a price under a new contract. The verification may include the examination of the contractor's records, accounts and books and, if necessary in a particular case, may include an audit thereof, but generally the emphasis should be upon a check of the physical facts underlying the estimate (e. g., the quantity of material actually used, scrap losses, man and machine hours consumed, etc.) and the prices and rates used therein.

(g) The negotiations will be promptly instituted and concluded in strict accordance with the provisions of the particular article. Every effort will be made to come to an agreement as to revised price or prices. The provisions operative in the event of failure of the parties to agree shall be relied upon only as a last resort. If the alternative provisions of §§ 803.372–8 or 803.373–7 have been used and an order is to be entered pursuant to section 801 of the Revenue Act of 1943, the price thereunder will be fixed in accordance with Subpart I of Part 812 of this chapter.

(h) Upon the conclusion of each negotiation for price revision, the revised price or prices will be evidenced by a supplemental agreement. The supplemental agreement should clearly indicate what costs, if any, of a nonrecurrent nature have been recognized as having been paid for in prices for the preceding period or periods, so as to avoid the possibility of a second payment therefor in the event of termination at the option of the Government. This is particularly important where Form I–C or Form II–B has been used.

(i) Whenever a contract containing one of the Form I–A, I–B, I–C, II–A or II–B Price Revision Articles is modified by change order or supplemental agreement, so as to affect the rate of deliveries or quantities of items called for, the contracting officer will take care to deal with and cover explicitly any modifications in the operation of the Price Revision Article which he considers are made necessary by the modification of rates of deliveries or quantities.

§ 803.371–3 *Exemption from statutory renegotiation.* Provisions for exemption from renegotiation may be added to any Form I or Form II Article in accordance with and subject to the provisions of § 812.1205 of this chapter.

§ 803.372 *Forms I–A, I–B and I–C, for periodic pricing at fixed intervals.*

§ 803.372–1 *Nature and effect of articles.* (a) Form I–A, appearing in § 803.372–5 provides for negotiated upward or downward revision of the price at intervals fixed in paragraph (b) of the Article. Every revision is prospective only and may result in a price which is the same as, or higher or lower than, the price for the preceding period. In appropriate cases the contract may be divided into two periods, with the result that there will be only one revision of price.

(b) Form I–B, appearing in § 803.372–6 is the same as Form I–A except that specific reference is made to a prior existing contract for the same or substantially similar items or services as those called for by the new contract and the price for the first period is subject to a revision at the beginning of the period on the basis of the contractor's experience under the prior contract and all other relevant factors.

(c) Form I–C, appearing in §803.372–7 (replacing the articles formerly appearing in §§ 803.360–2 and 803.341–2), is the same as Form I–A except that the price for the first period is subject to retroactive revision at the end thereof. Every revision thereafter has a forward effect only, and any revision may result in a price which is the same as, or higher or lower than, the price previously in effect. In appropriate cases the contract may be divided into two periods, with the result that there will be only one revision of price.

§ 803.372–2 *Conditions for use of Forms I–A, I–B and I–C.* (a) Form I–A may be used where the nature of the product, the relative intricacies of manufacture, the proposed methods of production, the experience of the contractor and his labor force, the prior use of the particular plant, the ability of the contractor to make reasonably accurate estimates, and other surrounding conditions are such that the Government and the contractor should be bound by the price for the first period. Generally such circumstances exist where the contractor has had substantial prior experience in producing the item, but this is not necessarily so, as where the item is simple and an accurate cost estimate may be made at the outset. The length of the pricing periods will depend on the circumstances of each case and will normally range from 3 to 4 months each.

(b) Form I–B may be used where the conditions for the use of Form I–A are satisfied and where the production under the previous contract will continue substantially to the beginning of production under the contract containing Form I–B. The length of the pricing periods will depend upon the circumstances of each case and will normally range from 3 to 4 months each. Where the duration of the contract subject to the Form I–B Article is relatively short, it may be appropriate to provide for only one pricing period. In such case the Form I–B Article will be appropriately modified.

(c) Form I–C may be used where the conditions prescribed in paragraph (a) above for the use of Form I–A cannot be satisfied and where, in consequence, the circumstances are such that neither the Government nor the contractor should be bound by the price initially negotiated for the first period. Generally such circumstances exist where the contractor has not had substantial prior experience in producing the items, but they may exist even in cases where the contractor has had substantial experience, as in cases where specification changes, the substitution of important materials, the use of an untried plant or labor force, the intricacies of manufacturing processes, or other conditions prevent the making of sufficiently reliable cost estimates at the outset of the contract. The first pricing period under this article should be no longer than is necessary to enable the contractor to gain the experience necessary to make an accurate estimate, but in any event shall not include more than 40 per cent of the items or services called for by the contract. The Article may also be used in those cases in which one price revision, both retroactive and prospective, is deemed appropriate.

(d) When any one of the Form I Articles is used, the price for the first period will be based on projections which do not extend beyond that period.

(e) The periods selected should be made to conform, as nearly as possible, with the operation of the contractor's accounting system, so that the contractor may submit the required experienced cost information with the least possible delay and interference with routine procedures. The periods need not be of equal length.

(f) The pricing periods under any of the Form I Articles may be measured by the production or delivery of a specified number or percentage of items in lieu of calendar periods. Where this course is followed the pricing periods will conform substantially to the foregoing limitations, and the Article will be appropriately modified to reflect the change in type of period.

(g) The conditions laid down in § 803.371–1 must be satisfied before any of the foregoing Articles is used.

(h) The optional paragraph (e) (Disagreements) set out in § 803.372–8 may

be substituted for paragraph (e) (Disagreements) in Form I–A, I–B or I–C at the option of the chief of the technical service.

§ 803.372–3 *Substitution or insertion by amendment.* (a) Any of the Form I Articles may be substituted for the old form of the corresponding Article contained in an existing contract.

(b) Form I–A or I–B may be inserted in an existing contract by amendment if all the conditions for its use in a new contract are satisfied and if (1) the price is substantially reduced or (2) the quantity is increased and the article is made applicable only to the increased quantity.

(c) Form I–C may be inserted in an existing contract only with the prior written approval of the Director, Purchases Division, Headquarters, Army Service Forces.

(d) It has been determined that the insertion of Form I–A, I–B or I–C in existing contracts by supplemental agreement in conformity with the requirements of this section will facilitate the prosecution of the war.

§ 803.372–4 *Administration of Forms I–A, I–B and I–C.* (a) The price revised prospectively for any period shall be based on projections which do not extend beyond the end of that period.

(b) In administering Form I–C particular care will be taken to conclude the retroactive price revision thereunder before conclusion of an agreement or unilateral determination under the Renegotiation Act which is applicable to any part of the period subject to such retroactive price revision.

(c) The rules for administration of all the Form I and II Price Revision Articles, set out in § 803.371–2, will be followed and applied with respect to Forms I–A, I–B and I–C.

§ 803.372–5 *Text of Form I–A.*

(a) The prices fixed in Article — may be increased or decreased in accordance with this Article.

(b) *Price periods.* The Government and the Contractor agree to revise the contract prices under this contract periodically in accordance with this Article and agree that the performance of this contract will be divided into successive periods for that purpose. The first period will extend from ------ to ------; and the second and each succeeding period will extend for -------- months from the end of the preceding period. The first day of the second and each succeeding period is hereinafter referred to as "the effective date of the price revision." Fifteen days before the end of each period hereunder, except the last, or at such time or times as the Contracting Officer may fix, the Contractor shall furnish the statements and data referred to in paragraph (c) of this Article.

(c) *Submission of data.* At the time or each of the times specified or provided for in paragraph (b) of this Article the Contractor shall submit (i) a new estimate and breakdown of the unit cost and the proposed prices of the items to be delivered in the succeeding period under this contract, itemized so far as is practicable in the manner prescribed in War Department Procurement Form No. 3, (ii) an explanation of the differences between the original (or last preceding) estimate and the new estimate; (iii) such relevant shop and engineering data, cost records, overhead absorption reports and accounting statements as may be of assistance in determining the accuracy and reliability of the new estimate; (iv) a statement of experienced costs of production hereunder to the extent that they are available at the time or times of the negotiation of the revision of prices hereunder; and (v) any other relevant data usually furnished in the case of negotiation of prices under a new contract. The Government may make such examination of the Contractor's accounts, records and books as the Contracting Officer may require and may make such audit thereof as the Contracting Officer may deem necessary.

(d) *Negotiations.* (1) Upon the filing of the statements and data required by paragraph (c) of this Article, the Contractor and the Contracting Officer will negotiate promptly in good faith to agree upon prices for items to be delivered on and after the effective date of the price revision. Negotiations for price revision under this Article shall be conducted on the same basis, employing the same types of data (including, without limitation, comparative prices, comparative costs, and trends thereof) as in the negotiation of prices under a new War Department contract.

(2) After each negotiation the agreement reached will be evidenced by a supplemental agreement stating the revised prices to be effective with respect to deliveries on and after the effective date of the price revision.

(e) *Disagreements.* If within thirty days after the effective date of the price revision (or such further period as may be fixed by written agreement) the Contracting Officer and the Contractor fail to agree to revised prices for the period in question, the failure to agree shall be deemed to be a disagreement as to a question of fact which shall be disposed of in accordance with Article —. (Disputes).

(f) *Payments.* Until new prices shall become effective in accordance with this Article, the prices in force at the effective date of the price revision shall be paid upon all deliveries, subject to appropriate later revision made pursuant to paragraph (d) or (e) or (h) (2) (B) of this Article.

(g) *Reservation of Government's rights.* Any provision of this Article and any action thereunder shall be without prejudice to (1) the determination of the existence of any excessive profits of the Contractor under the Renegotiation Act; and (2) to any Order fixing the price of items to be furnished or services to be rendered hereunder made under Section 801 of the Revenue Act of 1943.

(h) *Termination provisions.* For any of the purposes of Article —. (Termination at the Option of the Government) of this contract (including without limitation, the computation of "the total contract price" and "the contract price of work not terminated") the contract price of delivered articles shall be deemed to be,

(1) for all items delivered prior to the effective date of the price revision, the contract price (giving effect to any prior revisions under this Article) applicable to each such item;

(2) for all items delivered on or after the effective date of the price revision,

(A) the contract price as revised in accordance with this Article, if such revision shall have been agreed upon; and

(B) if such revision shall not have been agreed upon, then such estimated prices as the Contractor and the Contracting Officer may agree upon as reasonable under all the circumstances and in the absence of such agreement such reasonable prices as may be determined in accordance with Article —. (Disputes).

§ 803.372–6 *Text of Form I–B.*

(a) The prices fixed in Article —, may be increased or decreased in accordance with this Article.

(b) *Price periods.* The Government and the Contractor agree to revise the contract prices under this contract periodically in accordance with this Article and agree that the performance of this contract will be divided into successive periods for that purpose. The first period will extend from ---------- to ----------; and the second and each succeeding period will extend for ---- months from the end of the preceding period. The first day of each period is hereinafter referred to as "the effective date of the price revision". Fifteen days before the beginning of the first period hereunder, or at such other time as the Contracting Officer may fix, the Contractor will furnish the statements and data referred to in paragraph (c) of this Article, which shall, however, be based on the Contractor's experience under Contract No. ----------, which also calls for the manufacture and delivery to the Government of ---------- Fifteen days before the end of the first and each succeeding period hereunder, except the last, or at such other time or times as the Contracting Officer may fix, the Contractor shall furnish the statements and data referred to in paragraph (c) of this Article, which shall be based on the contractor's experience under this contract.

(c) *Submission of data.* At the time or each of the times specified or provided for in paragraph (b) of this Article the Contractor shall submit (i) a new estimate and breakdown of the unit cost and the proposed prices of the items to be delivered in the succeeding period under this contract itemized so far as is practicable in the manner prescribed in War Department Standard Procurement Form No. 3; (ii) an explanation of the differences between the original (or last preceding) estimate and the new estimate; (iii) such relevant shop and engineering data, cost records, overhead absorption reports and accounting statements as may be of assistance in determining the accuracy and reliability of the new estimate; (iv) a statement of experienced costs of production hereunder to the extent that they are available at the time or times of the negotiation of the revision of prices hereunder; and (v) any other relevant data usually furnished in the case of negotiation of prices under a new contract. The Government may make such examination of the Contractor's accounts, records and books as the Contracting Officer may require and may make such audit thereof as the Contracting Officer may deem necessary.

(d) *Negotiations.* (1) Upon the filing of the statements and data required by paragraph (c), of this Article, the Contractor and the Contracting Officer will negotiate promptly in good faith to agree upon prices for items to be delivered on and after the effective date of the price revision. Negotiations for price revision under this Article shall be conducted on the same basis, employing the same types of data (including, without limitation, comparative prices, comparative costs, and trends thereof) as in the negotiation of prices under a new War Department contract.

(2) After each negotiation the agreement reached will be evidenced by a supplemental agreement stating the revised prices to be effective with respect to deliveries on and after the effective date of the price revision.

(e) *Disagreements.* If within thirty days after the effective date of the price revision (or such further period as may be fixed by written agreement) the Contracting Officer and the Contractor fail to agree to revised prices for the period in question, the failure to agree shall be deemed to be a disagreement as to a question of fact which shall be disposed of in accordance with Article — (Disputes).

(f) *Payments.* Until new prices shall become effective in accordance with this Article, the prices in force at the effective date of the price revision shall be paid upon all deliveries, subject to appropriate later revision made pursuant to paragraph (d) or (e) or (h) (2) (B) of this Article.

(g) *Reservation of Government's rights.* Any provision of this Article and any action thereunder shall be without prejudice (1) to the determination of the existence of any excessive profits of the Contractor under the Renegotiation Act; and (2) to any Order fixing the price of items to be furnished or services to be rendered hereunder made under Section 801 of the Revenue Act of 1943.

(h) *Termination provisions.* For any of the purposes of Article — (Termination at the Option of the Government) of this contract (including, without limitation, the computation of "the total contract price" and "the contract price of work not terminated") the contract price of delivered articles shall be deemed to be,

(1) for all items delivered prior to the effective date of the price revision, the contract price (giving effect to any prior revisions under this Article) applicable to each such item;

(2) for all items delivered on or after the effective date of the price revision;

(A) the contract price as revised in accordance with this Article, if such revision shall have been agreed upon; and

(B) if such revision shall not have been agreed upon, then such estimated prices as the Contractor and the Contracting Officer may agree upon as reasonable under all the circumstances and in the absence of such agreement such reasonable prices as may be determined in accordance with Article — (Disputes).

§ 803.372–7 *Text of Form I–C.*

(a) The prices fixed in Article — may be increased or decreased in accordance with this Article.

(b) *Price periods.* The Government and the Contractor agree to revise the contract prices under this contract periodically in accordance with this Article and agree that the performance of this contract will be divided into successive periods for that purpose. The first period will extend from ---------- to ----------; and the second and each succeeding period will extend for ---- months from the end of the preceding period. The first day of the second and each succeeding period is hereinafter referred to as "the effective date of the price revision." Fifteen days before the end of each period hereunder, except the last, or at such other time or times as the Contracting Officer may fix, the Contractor shall furnish the statements and data referred to in paragraph (c) of this Article.

(c) *Submission of data.* At the time or each of the times specified or provided for in paragraph (b) of this Article the Contractor shall submit (i) a new estimate and breakdown of the unit cost and the proposed prices of the items to be delivered in the succeeding period under this contract, itemized so far as is practicable in the manner prescribed in War Department Standard Procurement Form No. 3; (ii) an explanation of the differences between the original (or last preceding) estimate and the new estimate; (iii) such relevant shop and engineering data, cost records, overhead absorption reports and accounting statements as may be of assistance in determining the accuracy and reliability of the new estimate; (iv) a statement of experienced costs of production hereunder to the extent that they are available at the time or times of the negotiation of the revision of prices hereunder; and (v) any other relevant data usually furnished in the case of negotiation of prices under a new contract. The Government may make such examination of the Contractor's accounts, records and books as the Contracting Officer may require and may make such audit thereof as the Contracting Officer may deem necessary.

(d) *Negotiations.* (1) Upon the filing of the statements and data required by paragraph (c) of this Article, the Contractor and the Contracting Officer will negotiate promptly in good faith to agree upon prices for items to be delivered on and after the effective date of the price revision, and in the case of the first negotiation under this Article the prices for items delivered prior to the effective date of the price revision. Negotiations for price revision under this Article shall be conducted on the same basis, employing the same types of data (including, without limitation, comparative prices, comparative costs, and trends thereof) as in the negotiation of prices under a new War Department contract.

(2) After each negotiation the agreement reached will be evidenced by a supplemental agreement stating the revised prices to be effective with respect to deliveries on and after the effective date of the price revision. The supplemental agreement made upon completion of the first negotiation shall also state revised prices for items delivered prior to the effective date of the price revision.

(e) *Disagreements.* If within thirty days after the effective date of the price revision (or such further period as may be fixed by written agreement) the Contracting Officer and the Contractor fail to agree to revised prices for the period in question, the failure to agree shall be deemed to be a disagreement as to a question of fact which shall be disposed of in accordance with Article — (Disputes).

(f) *Payments.* Until new prices shall become effective in accordance with this Article, the prices in force at the effective date of the price revision shall be paid upon all deliveries, subject to appropriate later revision made pursuant to paragraph (d) or (e) or (h) (2) (B) of this Article.

(g) *Reservation of Government's rights.* Any provision of this Article and any action thereunder shall be without prejudice (1) to the determination of the existence of any excessive profits of the Contractor under the Renegotiation Act; and (2) to any Order fixing the price of articles to be furnished or services to be rendered hereunder made under Section 801 of the Revenue Act of 1943.

(h) *Termination provisions.* For any of the purposes of Article — (Termination at the Option of the Government) of this contract (including, without limitation, the computation of "the total contract price" and "the contract price of work not terminated") the contract price of delivered articles shall be deemed to be,

(1) for all items delivered prior to the effective date of the price revision, the contract price (giving effect to any prior revisions under this Article) applicable to each such item;

(2) for all items delivered on or after the effective date of the price revision,

(A) the contract price as revised in accordance with this Article, if such revision shall have been agreed upon; and

(B) if such revision shall not have been agreed upon, then such estimated prices as the Contractor and the Contracting Officer may agree upon as reasonable under all the circumstances and in the absence of such agreement such reasonable prices as may be determined in accordance with Article — (Disputes).

(i) *Termination during the first period.* In the event that this contract is terminated under Article — (Termination at the Option of the Government) or the Contractor's right to deliver is terminated under Article — (Delays—Damages), so that the last delivery under the contract as terminated is made prior to the completion of the first period as defined in paragraph (b) of this Article, the Contractor within ---- days after such last delivery shall furnish the data required by paragraph (c) of this Article and thereupon the parties shall negotiate in good faith to agree upon revised prices under this contract. The agreement reached shall be evidenced by a supplemental agreement to this contract stating the revised prices under the contract. Any failure to agree as to the revised prices shall be deemed to be a disagreement as to a question of fact which shall be disposed of in accordance with Article — (Disputes).

(j) *Effect of prior renegotiation.* If, prior to any revision of the price under this Article, any sums paid or payable under this contract in respect of items the price of which may be affected by such revision have been included as renegotiable income received or accrued by the Contractor in any fiscal period for which there has been a final determination (by agreement or unilateral determination) as to the Contractor's liability to repay to the Government excessive profits under the Renegotiation Act, appropriate weight shall be given to the results of the proceedings in renegotiation in determining the sums, if any, to be paid or credited by or to the Contractor in connection with this revision under this Article of that part of the price applicable to that fiscal period, it being the intent of the parties that the net result shall be substantially the same as it would have been if the revision had preceded such final determination.

§ 803.372–8 *Optional paragraph (b) (Disagreements) for use with Form I–A, I–B or I–C.*

(e) *Disagreements.* (1) If within 30 days after any effective date of the price revision (or such further period as may be fixed by written agreement) the Contracting Officer and the Contractor fail to agree as to revised prices, the Contractor, if it has substantially complied with the requirements of this Article as to the furnishing of statements and data, may give written notice to the Contracting Officer requiring the Government to pay the prices set forth in such notice from the time at which such price revision was to be effective under the provisions of this Article and until the beginning of the next succeeding period hereunder.

(2) The Government shall pay the prices set forth in such notice from the time such price revision was to be effective as aforesaid, unless within 30 days after the delivery of such notice there shall be served upon the Contractor an Order pursuant to Section 801 of the Revenue Act of 1943 (which may contain any terms or conditions permitted by that Section) fixing the prices to be paid for items and services to be delivered from and after the date of the Order for the balance of the contract or until a date specified in the Order. If no such Order is served on the Contractor, the prices set forth in the Contractor's notice shall be incorporated in an appropriate supplemental agreement.

(3) The Contractor's delivery of a notice pursuant to this paragraph (e) shall constitute (1) a refusal, within the meaning of Section 801, to agree to prices for the items and services to be furnished under this contract lower than those specified in the Contractor's notice, (2) a waiver and release of any right (under said Section 801 or otherwise) of the Contractor to further negotiation with any representative of the War Department as to fair and reasonable prices and (3) a consent by the Contractor that an Order may be made pursuant to Section 801 without other or further notice to the Contractor than the service of such Order. In the event of the service of such an Order, the contract shall continue in effect except as modified by said Order and the Contractor shall have the rights and remedies granted to it under paragraph (c) of said Section

801. It is agreed that the prices fixed in the Order shall also be the prices applicable from the time at which such price revision was to be effective under the provisions of this Article until the effective date of the Order.

(4) If the Contracting Officer and the Contractor fail to agree as aforesaid, and if Section 801 of the Revenue Act of 1943 shall not be in force, the Contracting Officer within 30 days after the delivery of the Contractor's notice may serve upon the Contractor a written election by which the Government agrees to pay to the Contractor fair and just compensation for all deliveries made under the contract from the time at which such price revision was to be effective under the provisions of this Article until the beginning of the next succeeding period hereunder. The written election shall specify the amount which the Contracting Officer deems to be fair and just compensation. If no written election is served upon the Contractor, the prices set forth in the Contractor's notice shall be incorporated in an appropriate supplemental agreement. If a written election is served upon the Contractor as above provided, the contract shall continue in effect as modified by such written election and the Contractor (a) shall be paid currently the amount specified by the Contracting Officer in such written election for all deliveries affected thereby and (b) may recover from the United States, by suit brought within six months after the delivery of such written election or after the completion of deliveries under this contract whichever shall last occur, the amount, if any, by which such fair and just compensation exceeds the amount so specified.

(5) If the Contracting Officer and the Contractor fail to agree and no notice has been given by the Contractor as contemplated in subparagraph (e) (1) of this Article, the Contractor shall be entitled to receive, from the time at which such price revision was to be effective under the provisions of this Article until the beginning of the next succeeding period hereunder, fair and just compensation the amount of which shall be determined as a question of fact under Article — (Disputes).

§ 803.373 *Forms II–A and II–B, for optional periodic pricing upon demand.*

§ 803.373–1 *Nature and effect of Articles.* (a) Form II–A, appearing in § 803.373–5 (formerly § 803.360a), provides for negotiated upward or downward revision of the price from time to time upon the written demand of either the Government or the Contractor, subject to specified limitations on the frequency of the demands. All revisions made under Form II–A have a prospective effect only, and upon any revision the new price may be the same as, or higher or lower than, the price theretofore in effect.

(b) Form II–B, appearing in § 803.373–6 replacing § 803.360a–1) provides for a negotiated upward or downward revision of the prices upon completion of delivery of a specified percentage of the principal items called for by the contract, without a demand by either party. Thereafter there may be upward or downward revision of the price upon written demand of either party, subject to specified limitations on the frequency of the demands, exactly as in the case of Form II–A. Any revision made pursuant to a demand after the initial period has a prospective effect only.

§ 803.373–2 *Conditions for use of Forms II–A and II–B.* (a) Form II–A may be used where the nature of the product, the relative intricacies of manufacture, the proposed methods of production, the experience of the Contractor and his labor force, the prior use of the particular plant, the ability of the Contractor to make reasonably accurate estimates, and other surrounding conditions are such that the Government and the Contractor should be bound by the initial price. Generally such circumstances exist where the Contractor has had substantial prior experience in producing the item, but this is not necessarily so, as where the item is simple and an accurate cost estimate may be made at the outset. Since price revision is not required under Form II–A unless one of the parties makes a demand therefor, the price initially fixed in a contract containing this Article may remain unchanged for the life of that contract. The price should therefore be based on projections extending over the entire life of the contract. The projections should give effect to all decreases in costs which might reasonably be expected to occur during performance of the contract. Because of the protection afforded the Contractor by the Article, however, the projections should not give effect to possible increases in costs.

(b) Form II–B may be used where the conditions prescribed in paragraph (a) above for the use of Form II–A cannot be satisfied and where, in consequence, the circumstances are such that neither the Government nor the Contractor should be bound by the price negotiated for the initial period. Generally such circumstances exist where the Contractor has not had substantial prior experience in producing the item, but they may exist even in cases where the Contractor has had substantial experience, as where specification changes, the substitution of important materials, the use of an untried plant or labor force, the intricacies of manufacturing processes, or other conditions prevent the making of sufficiently reliable cost estimates at the outset of the contract. The initial price should be based on projections which do not extend beyond the completion of the initial portion of the contract as specified in paragraph (b) of Form II–B.

(c) In the case of Form II–A the date before which the first demand may not be made will be fixed so as to preclude a first demand that may be premature, and will be inserted in the blank provided therefor in paragraph (b). In appropriate cases the 90-day limitations in paragraph (b) of Form II–A and II–B may be changed by the chief of the technical service to meet the exigencies of those cases.

(d) The percentage figures to be inserted in paragraph (b) (1) of Form II–B should be kept as low as circumstances will permit and should never exceed forty per cent.

(e) The conditions laid down in § 803.371–1 must be satisfied before either Form II–A or II–B is used.

(f) The optional paragraph (e) (Disagreements) set out in § 803.373–7 may be substituted for paragraph (e) (Disagreements) in Form II–A or II–B at the option of the chief of the technical service.

§ 803.373–3 *Substitution or insertion by amendment.* (a) Either Form II–A or II–B may be substituted for the old form of the corresponding Article contained in a preexisting contract.

(b) Form II–A may be inserted in an existing contract if all the conditions for its use are satisfied and (1) if the price is substantially reduced or (2) the quantity is increased and the Article is made applicable only to the increased quantity.

(c) Form II–B may be inserted in an existing contract only with the prior written approval of the Director, Purchases Division, Headquarters, Army Service Forces.

(d) It has been determined that the insertion of Form II–A or II–B in existing contracts by supplemental agreement in conformity with the requirement of this section will facilitate the prosecution of the war.

§ 803.373–4 *Administration of Forms II–A and II–B.* (a) Proper administration of Forms II–A and II–B requires that the contracting officer make regular periodic reviews of the contract price to ascertain whether or not a demand should be served. No demand should be made unless the contracting officer has good grounds for believing that a revision in price is necessary to protect the Government's interests. The need for such a demand may be indicated by factors such as the following: (1) Comparative prices, (2) movements or trends in such prices, (3) movements or trends in the costs of other contractors for the same or similar items or services, (4) information supplied by the Contractor in the ordinary course of business, (5) changes in market prices of materials or components, (6) changes in subcontract prices, (7) information revealed in connection with statutory renegotiation or the application of the company pricing program to the Contractor, and (8) changes in the Contractor's prices under other Government contracts.

(b) The first revised forward price under Form II–B and prices negotiated pursuant to a demand under either Article should be based on projections extending over the remaining life of the contract and should not take into account possible increases in costs.

(c) In administering Form II–B particular care will be taken to conclude the retroactive price revision thereunder before the conclusion of an agreement or unilateral determination under the Renegotiation Act which is applicable to any part of the period subject to such retroactive price revision.

(d) The rules for administration of the Form I and Form II price revision articles set out in § 803.371–2 will be followed and applied with respect to Forms II–A and II–B.

§ 803.373–5 *Text of Form II–A.*

(a) The prices fixed in Article — may be increased or decreased in accordance with this Article.

(b) *Demand for negotiation.* (1) At any time and from time to time, subject to the limitations specified in this Article, either the Government or the Contractor may deliver to the other a written demand that the parties negotiate to revise the prices under this contract. No such demand shall be made before ---------- and thereafter neither party shall make a demand having an effective date within 90 days of the effective date of any prior demand, provided, however, that this limitation shall not be applicable in the event that during any 90-day period the War Labor Board or any other similar Government agency shall authorize or order a change in wages, salaries or conditions of employment in the plants of the Contractor used in the performance of this contract. Each demand shall specify a date (identical with or subsequent to the date of the delivery of the demand) as of which the revised prices shall be effective as to the deliveries made thereon and thereafter. This date is hereinafter referred to as "the effective date of the price revision". Any demand under this Article, if made by the Contractor, shall state briefly the ground or grounds therefor and shall be accompanied by the statements and data referred to in paragraph (c) of this Article. If the demand is made by the Government, such statements and data will be furnished by the Contractor within 30 days of the delivery of the demand.

(2) In the event all remaining work under this contract, as it may from time to time be amended, shall be terminated under Article —. (Termination at the Option of the Government), no demand shall then or thereafter be made and any demand the effective date of which is less than 30 days before the effective date of such termination shall be void and of no effect.

(c) *Submission of data.* At the time or each of the times specified or provided for in paragraph (b) of this Article the Contractor shall submit (i) a new estimate and break-down of the unit cost and the proposed prices of the items remaining under this contract after the effective date of the price revision, itemized so far as is practicable in the manner prescribed in War Department Standard Procurement Form No. 3; (ii) an explanation of the differences between the original (or last preceding) estimate and the new estimate; (iii) such relevant shop and engineering data, cost records, overhead absorption reports and accounting statements as may be of assistance to determining the accuracy and reliability of the new estimate; (iv) a statement of experienced costs of production hereunder to the extent that they are available at the time or times of the negotiation of the revision of prices hereunder; and (v) any other relevant data usually furnished in the case of negotiation of prices under a new contract. The Government may make such examination of the Contractor's accounts, records and books as the Contracting Officer may require and may make such audit thereof as the Contracting Officer may deem necessary.

(d) *Negotiations.* (1) Upon the filing of the statements and data required by paragraph (c) of this Article, the Contractor and the Contracting Officer will negotiate promptly in good faith to agree upon prices for items to be delivered on and after the effective date of the price revision. Negotiations for price revisions under this Article shall be conducted on the same basis, employing the same types of data, including, without limitation, comparative prices, comparative costs, and trends thereof, as in the negotiation of prices under a new War Department contract.

(2) After each negotiation the agreement reached will be evidenced by a supplemental agreement stating the revised prices to be effective with respect to deliveries on and after the effective date of the price revision for such other later date as the parties may fix in such supplemental agreement).

(e) *Disagreements.* If, within 30 days after the date on which the statements and data are required pursuant to paragraph (b) of this Article to be filed (or such further period as may be fixed by written agreement), the

Contracting Officer and the Contractor fail to agree to revised prices, the failure to agree shall be deemed to be a disagreement as to a question of fact which shall be disposed of in accordance with Article — (Disputes), and the prices so fixed shall remain in effect for the balance of the contract notwithstanding any other provision of this Article.

(f) *Payments.* Until new prices shall become effective in accordance with this Article, the prices in force at the effective date of the price revision shall be paid upon all deliveries, subject to appropriate later revision made pursuant to paragraph (d) or (e) or (h) (2) (B) of this Article.

(g) *Reservation of Government's rights.* Any provision of this Article and any action thereunder shall be without prejudice (1) to the determination of the existence of any excessive profits of the Contractor under the Renegotiation Act, and (2) to any Order fixing the price of items to be furnished or services to be rendered hereunder made under Section 801 of the Revenue Act of 1943.

(h) *Termination provisions.* For any of the purposes of Article — (Termination at the Option of the Government) of this contract (including, without limitation, the computation of "the total contract price" and "the contract price of work not terminated"), the contract price of delivered articles shall be deemed to be,

(1) for all items delivered prior to the effective date of the price revision, the contract price (giving effect to any prior revisions under this Article) applicable to each such item;

(2) for all items delivered on or after the effective date of the price revision,

(A) the contract price as revised in accordance with this Article, if such revision shall have been agreed upon; and

(B) if such revision shall not have been agreed upon, then such estimated prices as the Contractor and the Contracting Officer may agree upon as reasonable under all the circumstances and in the absence of such agreement such reasonable prices as may be determined in accordance with Article — (Disputes).

§ 803.373–6 *Text of Form II–B.*

(a) The prices fixed in Article — may be increased or decreased in accordance with this Article.

(b) *Times for negotiation.* (1) Upon completion of delivery of ____ per cent of the (*here specify the principal items to be furnished under the contract*) to be furnished under this contract, the parties shall negotiate to revise the prices of all items theretofore and thereafter to be delivered. Within 5 days after the completion of delivery of said ____ per cent, the Contractor shall furnish to the Contracting Officer the statements and data referred to in paragraph (c) of this Article. At any time and from time to time after the completion of delivery of said ____ per cent, subject to the limitations specified in this Article, either the Government or the Contractor may deliver to the other a written demand that the parties negotiate to adjust the prices under this contract. No demand shall be made prior to 90 days after the completion of delivery of said ____ per cent an dthereafter neither party shall make a demand having an effective date within 90 days of the effective date at any prior demand, *Provided, however,* That this limitation shall not be applicable in the event that during any 90-day period the War Labor Board or any similar Government agency shall authorize or order a change in wages, salaries or conditions of employment in the plants of the Contractor used in the performance of this contract. Each demand shall specify a date (identical with or subsequent to the date of the delivery of the demand) as of which the revised prices shall be effective as to the deliveries made thereon and thereafter. This date is hereinafter referred to as "the effective date of the price revision". For the purposes of the first negotiation contemplated by this paragraph, the date of execution of this contract shall be deemed to be the effective date of the price revision. Any demand under this Article, if made by the Contractor, shall state briefly the ground or grounds therefor and shall be accompanied by the statements and data referred to in paragraph (c) of this Article. If the demand is made by the Government, such statements and data will be furnished by the Contractor within 30 days of the delivery of the demand.

(2) In the event all remaining work under this contract, as it may from time to time be amended, shall be terminated under Article — (Termination at the Option of the Government), no demand shall then or thereafter be made and any demand the effective date of which is less than 30 days before the effective date of such termination shall be void and of no effect.

(c) *Submission of data.* At the time or each of the times specified or provided for in paragraph (b) of this Article the Contractor shall submit (i) a new estimate and break-down of the unit cost and the proposed prices of the items remaining under this contract after the effective date of the price revision, itemized so far as is practicable in the manner prescribed by War Department Standard Procurement Form No. 3; (ii) an explanation of the differences between the original (or last preceding) estimate and the new estimate; (iii) such relevant shop and engineering data, cost records, overhead absorption reports and accounting statements as may be of assistance in determining the accuracy and reliability of the new estimate; (iv) a statement of experienced costs of production hereunder to the extent that they are available at the time or times of the negotiation of the revision of prices hereunder; and (v) any other relevant data usually furnished in the case of negotiation of prices under a new contract. The Government may make such examination of the Contractor's accounts, records and books as the Contracting Officer may require and may make such audit thereof as the Contracting Officer may deem necessary.

(d) *Negotiations.* (1) Upon the filing of the statements and data required by paragraph (c) of this Article, the Contractor and the Contracting Officer will negotiate promptly in good faith to agree upon prices for items to be delivered on and after the effective date of the price revision. Negotiations for price revisions under this Article shall be conducted on the same basis, employing the same types of data (including, without limitation, comparative prices, comparative costs, and trends thereof) as in the negotiation of prices under a new War Department contract.

(2) After each negotiation the agreement reached will be evidenced by a supplemental agreement stating the revised prices to be effective with respect to deliveries on and after the effective date of the price revision (or such other later date as the parties may fix in such supplemental agreement).

(e) *Disagreements.* If within 30 days after the date on which the statements and data are required pursuant to paragraph (b) of this Article to be filed (or such further period as may be fixed by written agreement) the Contracting Officer and the Contractor fail to agree to revised prices, the failure to agree shall be deemed to be a disagreement as to a question of fact which shall be disposed of in accordance with Article — (Disputes), and the prices so fixed shall remain in effect for the balance of the contract notwithstanding any other provision of this Article.

(f) *Payments.* Until new prices shall become effective in accordance with this Article, the prices in force at the effective date

of the price revision shall be paid upon all deliveries, subject to appropriate later revision made pursuant to paragraph (d) or (e) or (h) (2) (B) of this Article.

(g) *Reservation of Government's rights.* Any provision of this Article and any action thereunder shall be without prejudice to (1) the determination of the existence of any excessive profits of the Contractor under the Renegotiation Act, and (2) to any Order fixing the price of items to be furnished or services to be rendered hereunder made under Section 801 of the Revenue Act of 1943.

(h) *Termination provisions.* For any of the purposes of Article — (Termination at the Option of the Government) of this contract (including, without limitation, the computation of "the total contract price" and "the contract price of work not terminated"), the contract price of delivered articles shall be deemed to be,

(1) for all items delivered prior to the effective date of the price revision, the contract price (giving effect to any prior revisions under this Article) applicable to each such item;

(2) for all items delivered on or after the effective date of the price revision,

(A) the contract price as revised in accordance with this Article if such revision shall have been agreed upon; and

(B) if such revision shall not have been agreed upon, then such estimated prices as the Contractor and the Contracting Officer may agree upon as reasonable under all the circumstances and in the absence of such agreement such reasonable prices as may be determined in accordance with Article — (Disputes).

(i) *Termination during the initial period.* In the event that this contract is terminated under Article — (Termination at the Option of the Government) or the Contractor's right to deliver is terminated under Article — (Delays—Damages), so that the last delivery under the contract as terminated is made prior to the completion of the initial period as specified in paragraph (b) of this Article, the contractor within —— days after such last delivery shall furnish the data required by paragraph (c) of this Article and thereupon the parties shall negotiate in good faith to agree upon revised prices under this contract. The agreement reached shall be evidenced by a supplemental agreement to this contract stating the revised prices under the contract. Any disagreement as to the revised prices will be disposed of as a question of fact in accordance with Article — (Disputes).

(j) *Effect of prior renegotiation.* If, prior to any revision of the price under this Article, any sums paid or payable under this contract in respect of items the price of which may be affected by such revision have been included as renegotiable income received or accrued by the Contractor in any fiscal period for which there has been a final determination (by agreement or unilateral determination) as to the Contractor's liability to repay to the Government excessive profits under the Renegotiation Act, appropriate weight shall be given to the results of the proceedings in renegotiation in determining the sums, if any, to be paid or credited by or to the Contractor in connection with the revision under this Article of that part of the price applicable to that fiscal period, it being the intent of the parties that the net result shall be substantially the same as it would have been if the revision had preceded such final determination.

§ 803.373–7 *Optional paragraph (e) (Disagreements) for use with Form II–A or II–B.*

(e) *Disagreements.* (1) If within 30 days after the date on which the statements and data are required pursuant to paragraph (b) of this Article to be filed (or such further period as may be fixed by written agreement) the Contracting Officer and the Contractor fail to agree to revised prices, the Contractor, if it has substantially complied with the requirements of this Article as to the furnishing of statements and data, may give written notice to the Contracting Officer requiring the Government to pay the prices set forth in such notice from the time at which such price revision was to be effective under the provisions of this Article.

(2) The Government shall pay the prices set forth in such notice from the time such price revision was to be effective as aforesaid, unless within 30 days after the delivery of such notice there shall be served upon the Contractor an Order pursuant to Section 801 of the Revenue Act of 1943 (which may contain any terms or conditions permitted by that Section) fixing the prices to be paid for items and services to be delivered from and after the date of the Order for the balance of the contract or until a date specified in the Order. If no such Order is served on the Contractor, the prices set forth in the Contractor's notice shall be incorporated in an appropriate supplemental agreement.

(3) The Contractor's delivery of a notice pursuant to this paragraph (e) shall constitute (1) a refusal, within the meaning of Section 801, to agree to prices for the items and services to be furnished under this contract lower than those specified in the Contractor's notice, (2) a waiver and release of any right (under said Section 801 or otherwise) of the Contractor to further negotiation with any representative of the War Department as to fair and reasonable prices and (3) a consent by the Contractor that an Order may be made pursuant to Section 801 without other or further notice to the Contractor than the service of such Order. In the event of the service of such an Order, the contract shall continue in effect except as modified by said Order and the Contractor shall have the rights and remedies granted to it under paragraph (c) of said Section 801. It is agreed that the prices fixed in the Order shall be the prices applicable from the time at which such price revision was to be effective under the provisions of this Article.

(4) If the Contracting Officer and the Contractor fail to agree as aforesaid, and if Section 801 of the Revenue Act of 1943 shall not be in force, the Contracting Officer within 30 days after the delivery of the Contractor's notice may serve upon the Contractor a written election by which the Government agrees to pay to the Contractor fair and just compensation from the time at which such price revision was to be effective under the provisions of this Article. The written election shall specify the amount which the Contracting Officer deems to be fair and just compensation. If no written election is served upon the Contractor, the prices set forth in the Contractor's notice shall be incorporated in an appropriate supplemental agreement. If a written election is served upon the Contractor as above provided, the contract shall continue in effect as modified by such written election and the Contractor (a) shall be paid currently the amount specified by the Contracting Officer in such written election for all deliveries affected thereby and (b) may recover from the United States, by suit brought within six months after the delivery of such written election or after the completion of deliveries under this contract, whichever shall last occur, the amount, if any, by which such fair and just compensation exceeds the amount so specified.

(5) If the Contracting Officer and the Contractor fail to agree and no notice has been given by the Contractor as contemplated in paragraph (e) (1) of this Article, the Contractor shall be entitled to receive, from the time at which such price revision was to be effective under the provisions of this Article, fair and just compensation the amount of which shall be determined as a question of fact under Article — (Disputes).

§ 803.374 *Form III Price Revision Article; for retroactive changes in employment conditions.*

§ 803.374–1 *Nature and effect of Article.* This Article (formerly § 803.360b), authorized for use only in conjunction with any one of the Form I or Form II Articles, is designed to protect contractors against retroactive changes in wages, salaries, or condition of employment ordered or authorized by the War Labor Board or any other similar agency of the Government. It provides for a negotiated price revision applicable to items delivered and to be delivered under the contract between the effective date of the wage increase and the earliest possible time for price revision under the Form I or Form II Article used in the contract. Any price revision giving effect to the wage increase for deliveries made after such earliest possible time, e. g., the end of the current pricing period under the Form I–A Article, is to be negotiated under that Article.

§ 803.374–2 *Conditions for use.* (a) The contract must contain one of the Form I or Form II price revision Articles.

(b) The contract price must contain substantially no contingency allowance or charge on account of any possible change in wages, salaries or conditions of employment.

§ 803.374–3 *Insertion by amendment.* The Article may be inserted by amendment in an existing contract if and only if the following conditions are satisfied: (a) The conditions set out in § 803.374–2 are met; and either (b) the Article is inserted at the time when the quantities of items called for by the contract are increased and is limited in its application to the items added at that time, or (c) (1) the Article is inserted at the time of a price revision under one of the Form I or Form II Articles and is limited in its retroactive application to items the prices of which are then being revised and (2) the amendment is approved by the Director, Purchases Division, Headquarters, Army Service Forces. Every request for such approval by the Director, Purchases Division, shall contain a full statement of facts which justify the insertion of the Article, including estimates of (i) the Government's maximum liability under the Article, (ii) its probable liability thereunder, (iii) reference to pending or threatened labor disputes, and (iv) the amount of the price reduction made in return for the insertion of the Article. It has been determined that the insertion of Form III in existing contracts by supplemental agreement in conformity with the requirements of this paragraph will facilitate the prosecution of the war.

§ 803.374–4 *Rules for administration.* (a) The procedure prescribed by the Article will be strictly followed before any negotiations are had or any price revision is made thereunder.

(b) In the negotiations particular care will be taken to see that the price revision is applied only to such deliveries as shall have been affected by the change in employment conditions and is not applied to (1) completed items or work in process at the effective date of the order authorizing or directing the change in employment conditions, or (2) work performed but not completed by delivery during the period subject to revision under the Article.

(c) The price revision made under this Article shall be limited to items delivered and to be delivered under the contract between the effective date of the order and the earliest possible time for price revision under the Form I or Form II Article to which this Article is supplemental.

(d) Any price revision made pursuant to this Article will be evidenced by a supplemental agreement, which shall be subject to prior approval of the Director, Purchases Division, Headquarters, Army Service Forces.

§ 803.374–5 *Text of Form III.*

Article . . . . *Price revision upon change of wages or employment conditions.* (a) The prices fixed in Article—may be revised from time to time in accordance with this Article. As used in this Article, the term "adjustment in wages" shall include any adjustment in wages, salaries or conditions of employment.

(b) *Conditions precedent.* If all the following conditions are satisfied, the Contracting Officer shall enter into negotiations with the Contractor for the revision of the prices of items called for under this contract but only to the extent set forth in paragraph (c) of this Article:

(1) The Contractor shall advise the Contracting Officer in writing of any reference to the War Labor Board or to any other similar Government agency of any request on behalf of the employees of the Contractor for any adjustment in wages which may materially effect the costs of performing this contract. This advice shall be given within twenty days after the Contractor shall learn that such reference has been made. In the event that the reference has been made prior to the inclusion of this Article—in this contract and has not been finally acted upon, the written advice shall be given at the time of execution of the instrument effecting such inclusion.

(2) The Contractor, prior to the expiration of thirty days (or such greater period as may be agreed upon in writing) after the date of the order for or authorization of any adjustment in wages, but, in any event, prior to the expiration of one year after the date specified for the delivery of the last item of supplies called for by this contract as it may from time to time be amended, shall submit to the Contracting Officer the following:

A. A true copy of the order or authorization for such adjustment.

B. A written demand that the parties negotiate to revise the contract prices of items delivered and to be delivered under the contract during a period stated in the demand. That period shall not commence at a date earlier than the first day specified in the order or authorization for the adjustment in wages.[1] That period shall not extend after the earliest date after the demand as of which the contract prices of items to be delivered under this contract can be revised pursuant to Article — (Revision of Prices).

C. Estimates of the probable effects of such adjustment in wages upon the Contractor's costs of producing the items delivered or to be delivered during the period stated in the demand. These estimates shall give due effect to estimates of completed items and work in process on hand at the beginning of such period and to the fact that the full effect of such adjustment will not normally be reflected immediately in the cost of items delivered under the contract. The estimates shall be accompanied by estimates of the effect of such adjustment on the direct and indirect labor costs of the items delivered and to be delivered during the stated period.

D. Proposed revised prices for the items delivered or to be delivered under the contract during the stated period.

(c) *Negotiations.* Upon the filing of the estimates and data required by paragraph (b) (2) of this Article, the Contracting Officer and the Contractor will negotiate promptly in good faith to agree upon revised prices for the items delivered or to be delivered during the stated period, the cost of producing which has been affected by such adjustment in wages. In the negotiation the Contracting Officer and the Contractor in good faith will estimate the effect of such adjustment upon the cost of such items. It is recognized that it will not be practicable to make precise computations of the effect of any such adjustment on the Contractor's costs and therefore it is the intention of the parties that negotiation and determination of any revision in price under this Article shall be on the basis of the estimates of the effect of the adjustment. The prices payable for the items so delivered and to be delivered will be revised to reflect, to an extent which is deemed reasonable under all the circumstances, such estimated effect on costs.

(d) *Limitation on revision.* The Contractor agrees that it will not request and shall not be entitled to receive a price revision under this Article except to the extent that such adjustment in wages operates to make the price under this contract less than a fair and reasonable one under all the circumstances. In no event shall any such revision exceed the amount of the estimated effect of such adjustment in wages on the Contractor's costs hereunder during the stated period specified in the written demand mentioned in subparagraph (b) (2) B of this Article.

(e) *Supplemental agreement.* Any agreement reached under this Article will be incorporated in a supplemental agreement to this contract which shall be subject to the written approval of the Director, Purchases Division, Headquarters, Army Service Forces [in AAF contracts, substitute: "the Under Secretary of War or his duly authorized representative"] and which shall state (1) the revised prices to be effective with respect to deliveries during a specified period to be set forth in such agreement and (2) the method of adjusting the payments therefor.

(f) *Disagreements.* If within 30 days after the time for filing the estimates and data required by paragraph (b) (2) of this Article (or such further period as may be fixed by written agreement) the Contracting Officer and the Contractor fail to agree to revised prices, the failure to agree shall be deemed to be a disagreement as to a question of fact which shall be disposed of in accordance with Article — (Disputes).

(g) *Effect of Article.* Any provision of this Article and any action thereunder shall be without prejudice to (1) the determination of the existence of any excessive profits of the Contractor under the Renegotiation Act; and (2) to any Order fixing the price of articles to be furnished or services to be rendered hereunder made under Section 801 of the Revenue Act of 1943.

(h) *Effect of prior renegotiation.* If, prior to any revision of the price under this Article the final or contingent cost of retroactive wage adjustments increasing the cost of performing this contract has been included and allowed for the purpose of the final determination (by agreement or unilateral determination) for a fiscal period, as to the Contractor's liability to repay to the Government excessive profits under the Renegotiation Act, appropriate weight shall be given to the results of the proceedings in renegotiation in determining the sums, if any, to be paid or credited to the Contractor in connection with the revision of the price under this Article, it being the intent of the parties that the net result shall be substantially the same as it would have been if the revision had preceded such final determination.

§ 803.375 *Form IV Price Revision Article; retroactive price revision by mutual agreement.*

§ 803.375–1 *Nature and effect of Article.* This Article is designed for use in contracts of $100,000 or less for experimental or developmental items or services. By its terms the contracting officer is empowered, after completion or termination of the contract, to demand that the parties negotiate to reduce the entire contract price. The revision effected thereunder is wholly retroactive.

§ 803.375–2 *Conditions for use.* (a) The amount of the contract is $100,000 or less.

(b) The price initially fixed in the contract should bear a reasonable relationship to the expected final price thereunder.

(c) The items or services called for by the contract are strictly developmental or experimental in character.

(d) The contractor's cost accounting system is sufficient to show the costs under the contract.

§ 803.375–3 *Rules for administration.* (a) If the production cost figures indicate that the price was high, the contracting officer will make the demand contemplated by the Article and will proceed promptly with and conclude the revision of the price in accordance with the Article.

(b) The Contracting Officer should make such use and verification of the cost data as he would make with respect to similar data upon the negotiation of a price under a new contract. The verification may include an examination and audit of the contractor's books and records.

(c) The profit agreed to upon the revision will be dependent upon the contractor's efficiency in the performance of the contract.

(d) The revised price will be evidenced by a supplemental agreement making adequate provision to secure to the Government the benefit of the reduction.

§ 803.375–4 *Text of Form IV.*

(a) Within sixty days after the completion or termination of this contract, the Contractor will submit to the Contracting Officer a detailed statement of the costs of performing this contract. Upon the written demand of the Contracting Officer, made at any time within thirty days after the submission of such statement, the Contractor will negotiate to reduce the contract price to an amount representing fair and reasonable compensation for the performance of the contract. In such negotiations the efficiency of the contractor in production, buying and management will be given due weight.

(b) The Contractor will furnish to the Contracting Officer such other statements of actual costs of production and such other financial statements, at such times and in such form and detail, as the Contracting Officer may prescribe, and will permit such

[1] Where this Article is inserted in a contract by amendment, insert at this point an additional sentence stating the earliest date as of which this Article may apply (see paragraph (c) of this section).

audits and examinations of its books, records and accounts as the Contracting Officer may request.

(c) If within thirty (30) days after the making of such demand (or such further period as may be fixed by written agreement) the Contracting Officer and the Contractor fail to agree to a revised price, the failure to agree shall be deemed to be a disagreement as to a question of fact which shall be disposed of in accordance with Article —. (Disputes).

(d) The Government shall retain from amounts otherwise due the Contractor, or the Contractor shall repay to the Government if paid to him, any amount by which the contract price is found as a result of the application of this Article to exceed a fair and reasonable price, as the Contracting Officer may direct.

(e) Any provision of this Article and any action thereunder shall be without prejudice to (1) the determination of the existence of any excessive profits of the Contractor under the Renegotiation Act, and (2) any Order fixing the price of items to be furnished or services to be rendered hereunder made under Section 801 of the Revenue Act of 1943.

§ 803.376 *Form V Price Revision Article—for retroactive pricing with limited upward revision.*

§ 803.376–1 *Nature and effect of Article.* This Article, providing for upward and downward price revision, is authorized for use in certain limited kinds of experimental or developmental contracts which involve a maximum price of not more than $1,000,000. Under the Article a contract price is agreed upon which it is believed will tend to compel the contractor to do as efficient a job as possible in the circumstances, and at the same time a maximum price is fixed as a ceiling on any upward revision under the Article. The revision takes place after completion or termination of the contract and is of course wholly retroactive.

§ 803.376–2 *Conditions for use.* (a) The maximum price under the contract as set forth in paragraph (c) of the Article must never exceed $1,000,000.

(b) The contract must call only for experimental or developmental items or services for tests in (1) laboratories, (2) field operations, or (3) similar experiments.

(c) The items or services called for by the contract are of such a non-repetitive character as to preclude the proper use of Form I–C or II–B. (See §§ 803.371–2, 803.372–2 and 803.373–2.)

(d) The contract price shall be as close as the circumstances of the particular procurement will permit. The maximum price will bear a reasonable relationship to the initial contract price in the light of the predictability of costs.

(e) The Contractor must have or establish a cost accounting system which will show the costs of performing the contract. If the Contractor's normal cost accounting methods are not satisfactory, it will be necessary to use one of the optional alternative sentences set out in paragraph (b) of the Article, in which event it will be necessary to prescribe the cost records which the contractor is to maintain and the method of maintaining such records. Wherever possible this determination concerning the records should be made at the time the contract is initially executed, using the first optional alternative sentence and specifying in detail what is to be required of the contractor. When such determination cannot be made at once, the contracting officer may conclude that after further investigation he will be able to prescribe the appropriate cost records, in which event the second optional alternative sentence should be used; and in that case such determination should be reflected, when possible, by an agreement supplemental to the contract.

(f) Any use of the Article shall be subject to prior written approval of the Director, Purchases Division, Headquarters, Army Service Forces. The request for such approval shall show in detail full compliance with the foregoing conditions and shall include, to the extent practicable, the information called for by § 803.305–4

§ 803.376–3 *Rules for administration.* (a) The time limitations prescribed in the Article will be strictly followed.

(b) The contracting officer should make such use and verification of the cost data submitted by the contractor as he would make with respect to similar data upon the negotiation of a price under a new contract. The verification may include the examination and audit of the contractor's books and records.

(c) The negotiations under the Article may result in a revised price which is the same as, or higher or lower than, the contract price but never in a revised price in excess of the maximum price. The profit agreed to upon the revision of the price will be dependent upon the contractor's efficiency in performing the contract.

(d) The revised price will be evidenced by a supplemental agreement making adequate provision to secure to the Government the benefit of any price reduction negotiated, or for payment to the contractor of any price increase, as the case may be.

§ 803.376–4 *Text of Form V.*

(a) Because of the experimental and developmental nature of the work called for by this contract and the great uncertainty as to the cost of performance hereunder, the parties agree that the contract price fixed in Article — hereof may be increased or decreased in accordance with the provisions of this Article.

(b) Within ____ [not exceeding 60] days after the completion or termination of this contract, the Contractor will file with the Contracting Officer a statement showing, in such form and detail as the Contracting Officer may prescribe, the Contractor's cost of producing the supplies or furnishing the services called for hereunder, together with such other information as may be pertinent in the negotiations for a revised price pursuant to this Article. Such statement of cost shall fairly reflect the normal operation of the Contractor's cost system. [*First optional alternative to preceding sentence:* The Contractor will establish and maintain records of the costs of performing this contract, as follows: * * *] [*Second optional alternative:* The Contractor will establish and maintain such records of the costs of performing this contract as the Contracting Officer may require in writing.] The Contracting Officer shall have the right at all reasonable times to make or cause to be made such examinations and audits of the Contractor's books, records and accounts as he may request.

(c) Upon the filing of the statement and other pertinent information required by paragraph (b) of this Article, the Contractor and the Contracting Officer will promptly negotiate in good faith to agree upon a reasonable revised price for the entire contract which, upon the basis of such statement and other pertinent information, will constitute fair and just compensation to the Contractor for the performance of this contract. In determining the extent of any estimated allowance for profit to be taken into account in fixing such revised price, consideration will be given to the extent to which the Contractor has performed the contract with efficiency, economy and ingenuity. In no event shall the revised price exceed the sum of $------. The revised price shall be evidenced by a supplemental agreement to this contract.

(d) If within ------ [not exceeding 90] days after the completion or termination of this contract, the parties shall fail to agree upon a revised price in accordance with the provisions of this Article, the failure to agree shall be deemed to be a disagreement as to a question of fact which shall be disposed of in accordance with Article — (Disputes).

(e) In the event of a price increase the Government will pay or credit to the Contractor the amount by which the revised price shall exceed the contract price aforesaid. In the event of a decrease in price the contractor will repay or credit the amount of such decrease to the Government in such manner as the Contracting Officer may direct.

(f) For any of the purposes of Article — (Termination at the Option of the Government) of this contract (including without limitation, computation of "the total contract price" and "the contract price of work not terminated") the contract price shall be the revised contract price agreed upon under paragraph (c) of this Article or determined under paragraph (d) of this Article, as the case may be.

(g) The provisions of this Article and any revision of price made hereunder shall be without prejudice to the determination of the existence of any excessive profits of the Contractor upon subsequent renegotiation under the Renegotiation Act or any contract article inserted pursuant to that Act.

(h) *Effect of prior renegotiation.* If, prior to any revision of the price under this Article, any sums paid or payable under this contract in respect of items the price of which may be affected by such revision have been included as renegotiable income received or accrued by the Contractor in any fiscal period for which there has been a final determination (by agreement or unilateral determination) as to the Contractor's liability to repay to the Government excessive profits under the Renegotiation Act, appropriate weight shall be given to the results of the proceedings in renegotiation in determining the sums, if any, to be paid or credited by or to the Contractor in connection with the revision under this Article of that part of the price applicable to that fiscal period, it being the intent of the parties that the net result shall be substantially the same as it would have been if the revision had preceded such final determination.

§ 803.377 *Form VI Price Revision Article—for repricing upon happening of specified contingency.*

§ 803.377–1 *Nature and effect of Article.* This Article provides for an equitable adjustment of prices upon the happening of a contingency specified in the Price Revision Article. The equitable adjustment may require either an increase or decrease in the price.

§ 803.377–2 *Conditions for use.* (a) The contingency upon which the equitable adjustment is to take place will be clearly and accurately stated in the place provided therefor in paragraph (a) of the Article. Particular care will be taken to exclude from the statement of the contingency any point or matter which is not intended to be considered in making the equitable adjustment. For example, if the contingency relates to possible changes in price of a specified material, the statement will be strictly confined to that possibility and will not allow any adjustment on account of changes in the quantity of material to be used or on account of any factor other than price. The dollar estimate of the unit cost predicated on the realization of the basic assumption should also be clearly specified in the blank space, so that the difference in costs resulting from a non-realization of the basic assumption may be readily ascertained.

(b) The contingency must come within one of the following categories: (1) Cases where the Government actually fixes the price or effectively controls the entire supply of material to be used by the contractor in performance of the contract (e. g., natural or synthetic rubber); (2) cases where freight rates upon specified materials to be used by the contractor in performing the contract are changed under authority of the Interstate Commerce Commission; (3) cases where the cost of freight on specified materials to be used by the contractor in performing the contract is changed as the result of allocation or priority orders of the Government or any of its instrumentalities; (4) cases where the contractor contemplates the purchase of a single specified important material or component, which is to be used in performing the contract, from a stated source or at a stated price and such source or price is necessarily changed without fault or any voluntary action on the part of the contractor; (5) cases where the contractor's compliance with the delivery schedule of the contract is prevented as a direct or proximate result of any act of the Government or any of its instrumentalities. In each of such cases the probable effect of the happening of the contingency should be a substantial change in the contractor's costs.

(c) The Article is not authorized for use to cover any of the following contingencies: (1) Changes in taxes or duties (see § 803.357); (2) changes in wage rates or employment conditions (see § 803.374); (3) changes in OPA maximum prices of either components or end items (see § 803.351); (4) risks arising in connection with patents (see § 803.335); (5) termination of the contract in whole or in part (see § 803.324).

(d) The price must contain no charge or allowance on account of the specified contingency.

(e) In appropriate cases the Article may be included in a new contract even though such contract may also contain one of the Form I or Form II Price Revision Articles.

§ 803.377–3 *Rules for administration.* (a) The contracting officer will determine from the information supplied by the contractor and all other relevant data whether the contingency specified in the Article has occurred and the amount by which the contractor's costs have been changed thereby. The contracting officer may make such examination and audit of the contractor's books and records as he deems necessary.

(b) The adjustment in price should be sufficient to compensate the contractor or the Government for the net changes in the contractor's costs resulting from the happening of the contingency. There must be no adjustment under the Article on account of cost changes resulting from other factors.

(c) The adjustment in price will be evidenced by a supplemental agreement.

§ 803.377–4 *Text of Form VI.*

(a) *Basic assumption.* The contractor represents that the prices under this contract have been fixed on the following assumption (hereinafter called the basic assumption):

In the event that the basic assumption is not realized, in whole or in part, and that as a result the Contractor's costs vary materially from its presently anticipated costs as specified above, the parties agree that an equitable adjustment shall be made in the contract price on account of any net increase or decrease in such costs resulting from that non-realization.

(b) Within 30 days after the entire or partial nonfulfillment of the basic assumption, the Contractor shall notify the Contracting Officer in writing of the fact and extent of such occurrence, and shall also, within such time (or within such further period as the Contracting Officer may in writing allow before the date of final settlement of the contract) present in writing to the Contracting Officer any claim which it may then have for adjustment under this Article. Within 30 days after the Contractor's notification to him (or within such further time as the parties may agree upon in writing), the Contracting Officer shall present in writing to the Contractor any claim for adjustment under this Article which the Government may then have. The parties agree to negotiate in good faith concerning these claims and the amount and terms of any equitable adjustment which should be made. If the parties fail to agree whether an equitable adjustment is required under this Article, or upon the terms or amount of such adjustment, the dispute shall be disposed of as a question of fact in accordance with Article — (Disputes). But nothing provided in this Article shall excuse the Contractor from proceeding with the contract in accordance with its terms. Any adjustment hereunder shall be evidenced by a supplemental agreement to this contract. Nothing provided in this Article is intended to alter, restrict or limit the terms of Article — (Changes) or the authority of the Contracting Officer thereunder.

(c) *Warranty.* The Contractor represents and warrants that there is not included in the price hereunder any charge, allowance, or reserve for the possible non-fulfillment, in whole or in part, of the basic assumption.

(d) *Relation to Delays—Damages Article.* To the extent that performance of this contract may be delayed because of the non-realization of the basic assumption, in whole or in part, and that the Contractor shall have been unable to prevent such delay, the delay shall be deemed to be excusable for the purposes of Article — (Delays—Damages).

(e) *Reservation of Government's rights.* Any provision of this Article and any action thereunder shall be without prejudice to (1) the determination of the existence of any excessive profits of the Contractor under the Renegotiation Act, and (2) any Order fixing the price of items to be furnished or services to be rendered hereunder made under Section 801 of the Revenue Act of 1943.

(f) *Effect of prior renegotiation.* If, prior to any adjustment of the price under this Article, any sums paid or payable under this contract in respect of items the price of which may be affected by such adjustment have been included as renegotiable income received or accrued by the Contractor in any fiscal period for which there has been a final determination (by agreement or unilateral determination) as to the Contractor's liability to repay to the Government excessive profits under the Renegotiation Act, appropriate weight shall be given to the results of the proceedings in renegotiation in determining the sums, if any, to be paid or credited by or to the Contractor in connection with the adjustment under this Article of that part of the price applicable to that fiscal period, it being the intent of the parties that the net result shall be substantially the same as it would have been if the adjustment had preceded such final determination.

§ 803.378 *Incentive type contract article.*

§ 803.378–1 *General considerations.* (a) The contract Article set forth in § 803.379–5 is designed to reduce contract prices by providing contractors with an incentive to minimize the cost of performing contracts. The contractor shares with the Government the savings brought about by such reduction in costs. The contractor's profit per unit increases as costs decrease and decreases as costs increase up to a point where additional costs result in losses.

(b) Under this Article a target price, which should not exceed the sum of a realistic estimate of the total cost of performing the contract and a reasonable profit, is determined. Because of the advantage to the contractor in the opportunity to increase his profit by cost reductions and to be reimbursed up to a point for cost increases, his risk is less than under a fixed price contract; and therefore the profit margin at the target price will ordinarily be lower than that allowed for an equal fixed price. A maximum (ceiling) price which the final price cannot exceed is also set. The contractor and the Government share in the reduction in cost below that price. The final price consists of (1) the contractor's costs determined by negotiation and agreement after completion of all work under the contract and (2) a profit computed by the application of an agreed formula to the difference between the maximum (ceiling) price and such negotiated costs.

(c) The Article will be found more useful than the standard fixed-price contract in many situations. It provides a strong incentive to control and reduce costs. For contractors expecting to operate after the war it affords the opportunity to begin the restoration of efficiencies usually necessary in a competitive market. It furnishes protection to contractors who are not financially strong enough or are unwilling to accept the risk of loss which may possibly result from close fixed pricing. Contracting officers should carefully consider use of the Article in cases where satisfactory fixed prices cannot be agreed upon. The opportunity to adjust the price based on experienced costs will be found particularly adaptable in converting CPFF contracts, because it represents a less hazardous transition to a fixed-price basis.

When a contractor's volume is reduced by the termination of some but not all of its contracts, it may be expedient to insert the incentive provisions in remaining contracts; and such insertion will not be considered an amendment without consideration under § 803.308a merely because the maximum price exceeds the original fixed price. The incentive type contract is adaptable for use in contracts for first production quantities of items not previously produced. In some cases it may be feasible to utilize it in research, experimental and development contracts, particularly where considerable repetitive work is involved. In such cases provision should be made for revision of the target and maximum prices at some early point in performance of the contract.

(d) The Article is not intended to take the place of the Price Revision Article set out in §§ 803.370 to 803.377, inclusive. Rather, it is intended to provide another technique, for use in certain cases, of obtaining close prices from War Department contractors. This Article will not be used in any contract containing one of the Price Revision Articles set out in §§ 803.370 to 803.377, inclusive.

§ 803.378–2 *Conditions for use.* The Article may be used in fixed price contracts, subject to the following conditions:

(a) Sufficient experience is available to make a reasonably accurate determination of the target price.

(b) The maximum (ceiling) price is as low as possible under the circumstances and affords no protection to the contractor against extravagance and inefficiency.

(c) The formula for fixing the profit is so scaled that an effective premium is afforded for reducing costs below the estimate and a deterrent provided to discourage the contractor from increasing costs.

(d) The contracting officer is satisfied that the contractor's accounting system is sound, since final costs will be determined by negotiation and not by audit. The contract provides for the contractor to furnish detailed cost statements which can and should be supplemented by investigation whenever and to the extent deemed desirable by the contracting officer.

(e) The contract will be made subject to the approval of the Director, Purchases Division, Headquarters, Army Service Forces. The submission of the contract to him for approval will explain in detail how the foregoing conditions have been fulfilled, will analyze the target and maximum (ceiling) prices and the price data, if any, submitted by the contractor, and will contain any other information considered relevant.

§ 803.378–3 *Assistance by Purchases Division.* Purchases Division, Headquarters, Army Service Forces, has made a special study of the incentive type contract and the experience of other Government departments in its use. Contracting officers are encouraged to seek the assistance of representatives of the Purchase Division in connection with negotiation of such contracts.

§ 803.378–4 *Explanatory illustration of incentive type contract.* A case is assumed where a substantial number of a particular item have been furnished. The contracting officer has estimated that a price of $1,266,000 per unit would be fair and reasonable. Because of the uncertainty of the future the contractor has insisted on many contingency allowances and was unwilling to agree to a firm price of less than $1,335,000 per unit. An incentive contract was, therefore, resorted to which is explained by the following figures:

Target price	$1,266,000
Estimated Cost without contingencies	1,200,000
Maximum (ceiling) price	1,350,000

Formula for determining final price to include negotiated cost plus sum for profit which shall be equal to the following percentages of the amount by which negotiated cost is less than maximum (ceiling) price:

Fifty-two per cent (52%) of such amount to the extent of the first Fifty Thousand Dollars ($50,000) thereof;

Forty-eight per cent (48%) of such amount to the extent of the next Fifty Thousand Dollars ($50,000) thereof;

Thirty-two per cent (32%) of such amount to the extent of the next Fifty Thousand Dollars ($50,000) thereof;

Twenty per cent (20%) of such amount to the extent of any balance thereof.

Using various figures for the negotiated cost, the following table is illustrative of the results which would be obtained:

Negotiated final cost	Profit	Equal to—	Total final unit price to Government
		Percent	
$1,350,000	0	0	[1] $1,350,000
$1,300,000	$26,000	2	1,326,000
$1,250,000	50,000	4	1,300,000
$1,200,000	66,000	5.5	[2] 1,266,000
$1,100,000	86,000	7.82	1,186,000
$1,000,000	106,000	10.6	1,106,000
$900,000	126,000	14.0	1,026,000
$800,000 etc	146,000	18.25	946,000

[1] War Department estimated cost.
[2] Target price.
[3] Maximum (ceiling) price.

§ 803.378–5 *Text of incentive type contract article.*

ARTICLE —. *Price Redetermination.* (a) *Scope of Article.* The parties hereto agree that the price stipulated in Article — hereof is a fair and reasonable negotiated price based upon estimates made in the light of the information available to the parties at the time of the negotiation. (The prices of spare parts to be determined in accordance with Appendix A hereto shall be negotiated on the same basis.) Such price(s) shall, however, be increased or decreased as provided in this Article.

(b) *Submission of data.* After the last delivery to be made hereunder, the Contracting Officer and the Contractor shall redetermine by negotiation in the manner provided in paragraph (c) of this Article the contract price(s) (and the prices of spare parts) (exclusive of changes agreed to from time to time pursuant to the Article hereof entitled "Changes"). For that purpose, within ninety (90) days (or such longer period as the Contracting Officer may approve) after the last delivery to be made hereunder, the Contractor shall submit to the Contracting Officer, in such form and detail and accompanied by such supporting data as the Contracting Officer may require, a statement of (1) all costs incurred by the Contractor in performing the contract to such time and chargeable thereto in accordance with generally accepted and sound accounting practices consistently followed by the Contractor and (2) the estimated cost of such further performance, if any, as may be necessary to complete the contract, excluding from such statement any costs separately reimbursable to the Contractor pursuant to any provision of this contract other than the provisions of the Article hereof entitled "Changes." Such statement and supporting data shall be certified by two officers or other responsible officials of the Contractor as having been prepared in compliance with the provisions of this paragraph. One of such persons shall be a person supervising accounting under the contract. Such certification shall be in the following form:

> The undersigned, as individuals and as authorized representatives of ———— (Contractor) (hereinafter called the Contractor), hereby certify that we have examined the statement and supporting data to which this certificate is attached and that, to the best of our knowledge and belief, such statement and supporting data, except as otherwise indicated therein in the case of estimates, have been prepared from the books of account and records of the Contractor; that such books of account and records have been kept in accordance with generally accepted and sound accounting practices consistently followed by the Contractor; that they include only actual and estimated costs allocable to the performance of Contract No. ——; and that they have been prepared with the knowledge that they will be used in connection with the negotiation of the final contract price under such contract.

Variations in the foregoing form shall not be made except with the approval of the Contracting Officer.

(c) *Manner of redetermination.* The redetermination provided in paragraph (b) above shall be effected in the following manner:

(1) On the basis of such statement and supporting data and such investigation as the Contracting Officer shall deem appropriate in the circumstances, there shall be established by negotiation the average unit cost of the items to be delivered hereunder. This shall then be adjusted by deducting therefrom the aggregate amount of all increases in cost, reduced to a unit basis, and adding thereto the aggregate amount of all decreases in cost, reduced to a unit basis, as provided for pursuant to the provisions of the Article hereof entitled "Changes." In the event of failure to agree, such adjusted average unit cost shall be determined under the provisions of the Article hereof entitled "Disputes."

(2) The redetermined unit price shall be established by adding to the adjusted average unit cost, as established under subparagraph (1) above, an allowance for profit equal to the following percentages of the amount, if any, by which such adjusted average unit cost is less than the sum of $—— (the maximum price specified below):

——% of such amount to the extent of the first $—— thereof.
——% of such amount to the extent of the next $—— thereof.
——% of such amount to the extent of the next $—— thereof.
——% of such amount to the extent of any balance thereof.

In no event, however, shall such redetermined unit price exceed $——.

(3) The price of spare parts shall be redetermined by applying to the price of each spare part as it was first established hereunder (exclusive of packing and similar charges, if any) a percentage determined by dividing the total number of dollars in the redetermined unit price established pursuant to subparagraph (2) above by $—— (the base unit prices specified in Article —).

(d) *Exclusion of changes.* The price adjustment for changes determined from time to time pursuant to the Article hereof entitled "Changes" shall not be redetermined under this Article and shall be paid in addition to or shall be deducted from, as the case may be, the redetermined prices established in accordance with paragraph (c) of this Article.

(e) *Supplemental Agreement.* When such redetermined prices shall have been arrived at as hereinabove provided, the amount thereof shall be evidenced by a supplemental agreement. In the event that the redetermined prices shall be greater than the prices previously in effect, the Contractor, upon submission of invoices therefor, shall be promptly paid the amount of the increase applicable to items theretofore delivered. In the event that the redetermined prices shall be less than the prices previously in effect, the Contractor shall promptly refund to the Government the amount of the decrease applicable to items theretofore delivered, or, with the approval of the Contracting Officer, the same may be deducted from any amount thereafter payable to the Contractor under this contract.

(f) *Effect of termination.* If this contract shall be terminated pursuant to the Article hereof entitled "Termination at the Option of the Government" prior to a price redetermination under this Article and if (A) such termination shall occur after deliveries have commenced or (B) such termination shall be partial, leaving one or more items to be delivered thereafter, then in that event (i) there shall at the request of the Contractor promptly be established by negotiation between the parties an amendment to this contract, subject, in the event of failure to agree, to final determination under the provisions of the Article hereof entitled "Disputes", which shall establish such revisions, if any, in the maximum price and profit allowances specified in subparagraph (c) (2) hereof as shall be equitable under the circumstances; and (ii) upon completion of deliveries under the contract as terminated, the contract prices for items delivered shall be redetermined under the provisions of this Article on the basis of the adjusted average unit cost for such completed items, exclusive of all costs allocable to the terminated portion of this contract.

(g) *Termination under Delays-Damages Article.* In the event that this contract shall be terminated pursuant to the Article hereof entitled "Delays-Damages," prior to a price redetermination under this Article, the prices, if any, payable to the Contractor pursuant to said Delays-Damages Article shall be either (i) the prices currently in effect as of the effective date of termination, as established under paragraph (h) of this Article, or if the contracting officer shall determine in his discretion that the payment of the said prices is not in the best interest of the Government, (ii) the prices redetermined in accordance with paragraph (c) of this Article on the basis of the adjusted average unit cost for completed items, exclusive of all costs allocable to the terminated portion of the contract.

(h) *Revision of tentative contract prices.* Pending the price redetermination pursuant to the provisions of paragraph (c) of this Article, the sum of $—— specified in Article — hereof and based upon an assumed average unit cost of $——, (and the prices of spare parts to be determined in accordance with Appendix A hereto) (hereinafter called the tentative contract prices), as the same may be revised pursuant to the provisions of this paragraph, shall be deemed to be the contract prices for all purposes of this contract. If at any time after the delivery of the —— item under the contract, it appears that the average unit cost will be substantially greater or less than such assumed average unit cost, either the Contractor or the Contracting Officer may by notice to the other request negotiations for the fixing of revised tentative contract prices. If the parties are unable within thirty (30) days after the receipt of such notice to agree upon revised tentative contract prices, the dispute shall be deemed a question of fact to be determined under the Disputes Article. Within thirty (30) days after revised tentative contract prices shall have been so fixed, the amounts paid to the Contractor on the basis of the previous tentative contract prices shall be recomputed upon the basis of such prices as revised, and if such amounts so recomputed are in excess of the amounts theretofore paid, the Government will promptly pay the excess to the Contractor upon the submission of invoices therefor and, if such amounts so recomputed are less than the amounts theretofore paid, the Contractor shall promptly refund the difference to the Government or, with the approval of the Contracting Officer, the same may be deducted from any amount thereafter payable to the Contractor under this contract. The fixing of revised tentative contract prices pursuant to the provisions of this paragraph shall not limit nor affect in any way the price redetermination thereafter required to be effected pursuant to the provisions of paragraph (c) of this Article.

SUBPART I—TERMINATION OF FIXED-PRICE (LUMP SUM) CONTRACTS UPON DEFAULT OF CONTRACTOR

§ 803.379 *Steps to be taken in event of default.* The rigid enforcement of contract provisions (a) imposing liquidated damages on contractors for failure to perform within specified periods, or (b) authorizing termination of contracts for default, has been found in many instances to impede the prosecution of the war. The exercise by the several chiefs of technical services of discretion to take such action as may seem to them fair and equitable under all the circumstances will expedite the procurement of necessary war matériel and facilitate the prosecution of the war. For the foregoing reasons authority is delegated to and confirmed in the chief of each technical service to authorize the contracting officers under his command, subject to such limitations as the chief of the technical service may establish, to take any of the following courses in the event of default of the contractor:

(1) Permit the contractor to proceed and to charge the contractor with the actual damages resulting from the default. If the contract provides for liquidated damages, such damages and not actual damages must be charged.

(2) Enter into a supplemental agreement with the contractor's surety providing for the completion of performance of the contract and for payment therefor. Such supplemental agreement should clearly state that all rights against the contractor are reserved so far as the surety does not undertake to cure the effect of the defaults by the contractor.

(3) Terminate the contract:

(i) Under any provision of the contract permitting termination in the event of default, in which case the provisions of § 803.380 shall be applicable. In exercising the authority to terminate for default due regard should be given to the preservation of rights against any surety on any performance bond.

(ii) Under any contract article providing for termination for the convenience of the Government, when the defaults of the Contractor have not been gross or willful, and have not caused substantial injury to the Government, if the Contracting Officer shall find that the use of that termination article will be equitable under all the circumstances.

(4) Extend by supplemental agreement the time fixed in the contract for performance in the manner provided in § 803.308e, and within the time prescribed by § 803.308f, if the default consists of failure to perform within the time specified by the contract. In general, it is not the policy of the Government to terminate contracts for default under the stringent provisions of a delays-damages article, in a manner to bring about a forfeiture or a severe loss on the part of the contractor, merely because, at a time when the Government desires to terminate its contract for reasons not based upon the defaults of the contractor, the contractor happens to be in technical default under the contract. Attention is directed as to the provisions of § 803.308g.

§ 803.380 *Steps to be taken in event of termination because of default.* If termination is effected pursuant to a contract provision substantially similar to that set forth in §§ 803.352 or 813.1302 (Art. 9) of these procurement regulations (or any similar authorized contract provision used in lieu of either of these provisions), the chief of a technical service may, but is not required to, pursue the remedies provided for in such contract provision or available by law. In the event the contract remedies are elected, the procedure set forth in §§ 803.380a to 803.380a–7 will be followed. In lieu of making use of the contract remedies he may within the time prescribed by § 803.308f, if he finds that to do so will facilitate the prosecution of the war, make a supplemental agreement with the contractor and relieve the contractor of liability which would result from the enforcement of such remedies. Such an agreement may be entered into only with the prior approval of the Director, Purchases Division, Headquarters, Army Service Forces (obtained in the manner provided in § 803.308a except where the chief of a technical service shall find any one of the following facts:

(a) That the Government no longer has need for the supplies, services, or construction called for by the contract;

(b) That the supplies or services, undelivered because of the contractor's default, can be obtained from some source other than the contractor on a basis as favorable as that set forth in the contract or that the construction provided for in the contract can be accomplished on terms substantially as favorable to the Government as though performed under the original contract;

(c) That for reasons of policy the technical service wishes to buy supplies of the type covered by the contract on terms

more expensive or less favorable to the Government than those set forth in the terminated contract. (For example, the technical service may desire to buy from particular producers or in particular geographical areas in order to distribute war work more widely despite any extra expense involved. The excess expense in such a case should not equitably be charged to the contractor);

(d) That any excess cost charged to the contractor would be nominal;

(e) That the contractor currently employs less than 100 employees or was recommended as a prime contractor by the Smaller War Plants Division, War Production Board, has other war contracts existing or prospective, and that enforcement of the remedies provided in the contract would materially impair his ability to perform such contracts.

In any case where, pursuant to the foregoing provisions of this paragraph, a supplemental agreement relieving the contractor of liability is authorized, the chief of the technical service may, instead of entering into such a supplemental agreement, enter into a supplemental agreement (1) cancelling the contract by mutual consent without cost to the Government and (2) granting a mutual release of all claims arising out of the contract.

§ 803.380a *Procedure to be followed when remedies under delays-damages contract article are pursued.* If a contractor defaults and it is determined to pursue the remedies provided by a contract provision substantially similar to that set forth in §§ 803.352 or 813.1302 (Art. 9) of these Procurement Regulations (or any similar authorized contract provision used in lieu of either of these provisions), the following procedure will, in general, be followed:

(a) The contractor will be notified in writing that his right to proceed has been terminated.

(b) A copy of the termination notice will be furnished to the disbursing officer who will be advised to withhold further payments to the contractor pending additional instructions.

(c) Supplies or materials similar to those called for by the contract will then be procured elsewhere at as reasonable a price as practicable considering the quantity and quality required by the Government and the time in which the supplies or materials are required. In the case of a construction contract, the work will be completed according to the plans and specifications either by such other responsible contractor who offers the lowest price or by Government plant and hired labor. In either construction or supply contracts the excess cost to the Government will be charged to the contractor and the proper disbursing officer will be notified to withhold payments to cover the excess costs, pending payment thereof by the contractor.

(d) The contracting officer, immediately upon making the contract for the purchase of the materials or supplies, or for the completion of the construction contract, will request immediate remittance of the excess cost from the defaulting contractor.

(e) If the contracting officer collects the entire amount of the excess cost, he will furnish a report with reference thereto to the proper disbursing officer, transmitting the amount collected for disposition by the disbursing officer in accordance with paragraph 5*g*, AR 35–6040.

(f) If the contracting officer is unable to make collection of the entire amount of excess cost, he will furnish a complete report of the facts and circumstances to the proper disbursing officer.

If the contractor was given financial assistance by the Government (see Subpart G of this part) appropriate steps will be taken to protect the interest of the Government.

§ 803.380a–1 *Reports of default.* (a) The reports to which reference is made in § 803.380a (e) and (f) will be made on the form set forth in § 803.380a–7, or such other form as may be prescribed by the chief of the technical service; or, if the contract in question is a Treasury Procurement Supply Contract, such report will be made on Form 59 Treasury Department, Procurement Division, Branch of Supply (Report on Delinquent Contractor).

(b) The number of copies of the report to be made is as follows:

(1) It will be submitted to the disbursing officer in quadruplicate, except that when the contracting officer makes the collection in accordance with § 803.380a (d) and (e), the report will be submitted in duplicate.

(2) If the purchase was made against a defaulting contractor of the Procurement Division, Treasury Department, three additional copies will be made and submitted to the disbursing officer.

(c) The form which is suggested for use under contracts generally is self-explanatory. However, attention should be given to the following:

(1) Under "Remarks," include a statement as to the reason why the purchase was made against the defaulting contractor, substantiated by copies of correspondence and other pertinent papers, if any. If the space under "Remarks" is not sufficient, the back of the form may be used.

(2) The contracting office will sign the form in the space provided therefor under the heading "Remarks".

(d) In preparing reports covering TPS contracts on Form 59, in addition to paragraph (c) (1) and (2) of this section attention should be given to the following:

(1) Above the line noted "Item No." enter the applicable contract number and, if stated in the contract, the period governed by the contract. For example, if the item is purchased on the General Schedule of Supplies, the TPS contract number and period covered thereby would be given as TPS–8920–11/2/33 to 8/31/36.

§ 803.380a–2 *Collection of the excess cost.* (a) The disbursing officer, upon receipt of the report to which reference is made in § 803.380a (f), will effect collection of the excess cost from the defaulting contractor by deducting the amount thereof from any funds payable to the defaulting contractor.

(b) If the disbursing officer effects collection of the entire amount of excess cost due the Government in accordance with paragraph (a) of this section, he will indicate that action on the appropriate form and sign the form under the heading "Remarks" or on the back of the form, and dispose of the report as follows:

(1) The original will be attached to the voucher or other form covering the collection.

(2) The duplicate copy will be filed in the office of the disbursing officer.

(3) The triplicate and quadruplicate copies, if any, will be transmitted to the contracting officer, marked for his information only.

(4) The three additional copies to which reference is made in § 803.380a–1 (b) (2) will be transmitted to the Branch of Supply, Procurement Division, Treasury Department, in cases where collection has been made by either the disbursing officer or the contracting officer.

(c) If the disbursing officer finds it impracticable to collect the entire amount of excess cost due the Government, he will indicate his action and recommendation on the appropriate form and sign the form under "Remarks" or on the back of the form, and dispose of the report as follows:

(1) If the default was made on a War Department Contract:

(i) The original and quadruplicate copy will be transmitted to the Office of the Fiscal Director, Headquarters, Army Service Forces, the original to be forwarded to the General Accounting Office and the quadruplicate copy to be retained by the Office of the Fiscal Director, Headquarters, Army Service Forces.

(ii) The duplicate copy will be filed in the office of the disbursing officer.

(iii) The triplicate copy will be transmitted to the contracting officer with a notation to the effect that the excess cost could not be collected and that the matter has been reported to the Office of the Fiscal Director, Headquarters, Army Service Forces, for reference to the General Accounting Office.

(2) If the default was made on a contract of the Procurement Division, Treasury Department:

(i) The original, quadruplicate and the three additional copies to which reference is made in § 803.380a–1 (b) (2), will be transmitted directly to the Branch of Supply, Procurement Division, Treasury Department.

(ii) The duplicate copy will be filed in the office of the disbursing officer.

(iii) The triplicate copy will be transmitted to the contracting officer with a notation to the effect that the excess cost could not be collected and that the matter has been reported to the Procurement Division, Treasury Department.

§ 803.380a–3 In the event that collection of the excess cost is effected by means of contractor's check, money order, cash, or any means other than set-off against another account due the contractor, Standard Form No. 1044 (Schedule of Collections), properly completed, will be submitted in accordance with AR 35–780 with the required number of copies to be submitted with Form 59. In the cases to which reference is made in § 803.380a–1 (b) (2), when collection is effected, three additional copies of Standard Form No. 1044 will be made for transmission with the additional copies of the report.

§ 803.380a–4 If purchase is made against a defaulting contractor under a War Department contract and no excess cost is involved, a report on the appropriate form will be made and disposition of the report will be made as indicated in § 803.380a–2 (c). If a TPS contract is involved a report will be made on Form 59 and submitted by the contracting officer directly to the Branch of Supply, Procurement Division, Treasury Department, in triplicate.

§ 803.380a–5 A purchase or purchases against the account of a defaulting contractor must not exceed the quantity originally ordered, with consideration given, of course, to the variation clause, if any, in the contract, and must be secured on the same unit basis, such as each dozen, pound. However, this does not preclude the Government from entering into one contract with the completing contractor which includes additional needed supplies provided that the excess costs to be charged against the account of the defaulting contractor are determined as provided in the preceding sentence of this section.

§ 803.380a–6 The foregoing instructions do not apply to defaulting contracts under Navy Supply or Post Office Department Contracts. On such defaults, no action should be taken until after the matter has been submitted by the contracting officer by letter to the department concerned through the chief of the technical service. In an emergency, telegraphic submission will be in order.

SUBPART J—MISCELLANEOUS

§ 803.390 *Assignments.*

§ 803.390–1 *Basic statutes.* There are two statutes creating restrictions on assignments of contracts with and claims against the United States. In 1940 both of these statutes were amended by the addition thereto of a paragraph making the restrictions inapplicable in certain situations. (See § 803.390–2.)

Prior to the amendment in 1940, Revised Statutes 3737 provided as follows:

> No contract or order, or any interest therein, shall be transferred by the party to whom such contract or order is given to any other party, and any such transfer shall cause the annulment of the contract or order transferred, so far as the United States are concerned. All rights of action, however, for any breach of such contract by the contracting parties are reserved to the United States. (41 U.S.C. 15.)

Prior to said amendment in 1940, Revised Statutes 3477 provided as follows:

> All transfers and assignments made of any claim upon the United States, or of any part or share thereof, or interest therein, whether absolute or conditional, and whatever may be the consideration therefor, and all powers of attorney, orders, or other authorities for receiving payment of any such claim, or of any part or share thereof, shall be absolutely null and void, unless they are freely made and executed in the presence of at least two attesting witnesses, after the allowance of such a claim, the ascertainment of the amount due, and the issuing of a warrant for the payment thereof. Such transfers, assignments, and powers of attorney, must recite the warrant for payment, and must be acknowledged by the person making them, before an officer having authority to take acknowledgments of deeds, and shall be certified by the officer; and it must appear by the certificate that the officer, at the time of the acknowledgment, read and fully explained the transfer, assignment, or warrant of attorney to the person acknowledging the same. The provisions of this section shall not apply to payments for rent of post-office quarters made by postmasters to duly authorized agents of the lessors. * * * (31 U.S.C. 203.)

§ 803.390–2 *Assignment of Claims Act of 1940.* (a) In 1940 by the enactment of the Assignment of Claims Act (Public No. 811—76th Congress), approved October 9, 1940, the restrictions created by sections 3477 and 3737 of Revised Statutes referred to in paragraph (a) above were, subject to certain conditions therein specified, made inapplicable to any case in which monies due or to become due under a contract providing for payments aggregating $1,000 or more, are assigned to a bank, trust company, or other financing institution including any Federal lending agency. The conditions specified in the act are, in general, those set forth in paragraphs (a), (b) and (c) of the standard article contained in § 803.355.

(b) Where direct payment is made to the assignee, the contractor will furnish on each voucher, invoice, or other supporting paper a statement to the effect that he recognizes the assignment, its validity, and the right of the assignee to receive payment. (See par. 2*i*, AR 35–1040.)

§ 803.390–3 *Assignments by operation of law.* It has been held that the provisions of sections 3477 and 3737 of the Revised Statutes, do not apply where a contract or claim is transferred by order of a court in receivership or bankruptcy proceedings, such an assignment, being by operation of law. (See 3 Comp. Gen. 623; 5 id. 592.)

§ 803.390–4 *Transfer of entire business.* It has been held that where an individual or corporation having a contract with or claim against the Government sells an entire business to another individual or corporation, the transferee will be recognized by the United States as the lawful successor in interest of the contractor or claimant notwithstanding the provisions of sections 3477 and 3737 of the Revised Statutes, referred to above. (9 Comp. Gen. 72, 74.)

§ 803.390–5 *Corporate mergers.* It has likewise been held that the provisions of section 3477 of the Revised Statutes are inapplicable to the transfer of a claim against the United States resulting from the merger of one corporation into another. (Seaboard Airline Railway v. U. S., 256 U. S. 655.)

§ 803.390–6 *Recognition of assignments prohibited by Revised Statutes.* Assignments or transfers of contracts and claims prohibited by sections 3477 and 3737 of the Revised Statutes are merely voidable and may be validated by the Government. Authority to validate such assignments or transfers is vested in the chiefs of the technical services.

§ 803.390–7 In connection with the assignment of claims, contracting officers will, upon request of the contractor, furnish proposed assignees information regarding the status of the contract at the time of the assignment. In so doing, the contracting officer will advise the assignee that the information is so furnished only for confidential use in connection with the assignment.

§ 803.391 *Charges for telegraph, cable, and radio messages in cost-plus-a-fixed-fee contracts.* Pursuant to the

provisions of Public Law, 4, 78th Congress, approved March 6, 1943, cost-plus-a-fixed-fee contractors and subcontractors are no longer entitled to send telegraph, cable or radio messages at government rates.

§ 803.392 *Handling defaults and threatened defaults by suppliers and subcontractors under cost-plus-a-fixed-fee prime contracts.* The following procedures are established to assure to the Government the maximum amount of protection and salvage in cases where suppliers or subcontractors of cost-plus-a-fixed-fee prime contractors fail or refuse to perform their obligations under purchase orders or subcontracts, or threaten to do so:

(a) In general, it is the responsibility of the prime contractor to administer and police his purchase orders and subcontracts; and nothing herein contained shall be construed to remove, lessen or impair such responsibility. In case of a threatened breach of contract by a supplier or subcontractor, it is the duty of the prime contractor to use all lawful means employed by businessmen in the trade to obtain performance. This will normally include the sending of a reminder to the supplier or subcontractor that compliance with contract terms is expected and that the supplier or subcontractor will be held to strict accountability for breach; personal interviews where feasible; and similar steps. It is also the duty of the prime contractor to take steps reasonably necessary to assure that he will not lose contract rights through waiver or estoppel.

(b) Where default is threatened by a supplier or subcontractor because of bona fide misunderstandings or differences between him and the prime contractor which appear to be capable of fair settlement, the prime contractor will attempt, through negotiation, to obtain such settlement. But no settlement involving any change in the terms of a purchase order or subcontract previously approved by the Contracting Officer shall be made without the written approval of the Contracting Officer.

(c) The prime contractor will notify the Contracting Officer promptly of any situation which may require the issuance of a purchase order or subcontract to another supplier or subcontractor for supplies or services covered by a purchase order or subcontract as to which default is in prospect or has occurred. Such additional purchase order or subcontract may be issued when the successful and speedy completion of the prime contractor's work is imperilled by default of a supplier or subcontractor. The prime contractor will maintain full and accurate records of cost under such additional purchase order or subcontract for the purpose, among others, or establishing a claim for damages against the defaulting supplier or subcontractor. He will also prepare and keep careful notes of all other information pertinent to the case which may be of assistance in the event of a lawsuit.

(d) Where a supplier or subcontractor has defaulted, and a claim arises in favor of the prime contractor, the latter will attempt to negotiate and settle the claim on reasonable terms whenever it appears that a fair settlement capable of prompt consummation is preferable to litigation. The prime contractor will keep the Contracting Officer informed of the progress of such settlement negotiations. The Contracting Officer shall have authority to approve a settlement and no settlement agreement will be made without his written approval.

(e) When, in the opinion of the prime contractor further efforts at settlement will be ineffectual, he will promptly so notify the Contracting Officer. If the Contracting Officer concurs in this opinion, he will reimburse the prime contractor, if the latter has not been reimbursed previously for the amount of his claim against the supplier or subcontractor and if the claim is a reimbursable one under the prime contract, and he will direct the prime contractor to execute an assignment to the United States of the claim on the defaulted purchase order or subcontract, to assemble all the papers pertinent to the claim, to make or obtain any affidavits or other records of the transaction, and to prepare any necessary report on the claim. The Contracting Officer will forward this record (in triplicate), together with his own report and recommendation (in triplicate) to the Litigation Division, Office of The Judge Advocate General, through the chief of the technical service concerned.

(f) The Judge Advocate General may from time to time in the further handling of the claim request cooperation and assistance from the prime contractor, the Contracting Officer, and the chief of the technical service concerned.

(g) If the matter is to be forwarded to the General Accounting Office by The Judge Advocate General it will be forwarded through the Office of The Fiscal Director, Headquarters, Army Service Forces.

§ 803.393 *Disclosure of information in connection with completing Selective Service affidavit.* (a) It appears that some industrial firms have been setting forth detailed information on their war production activities, including dollar value of contracts, in completing the Affidavit — Occupational Classification (Industrial) D.S.S. Form 42A, Selective Service System.

(b) The information elicited on the reverse side of this form, pertaining to activities, production, contemplated conversion and numbers of employees, should be stated in general terms only. Detailed confidential data will not be included.

(c) All companies holding War Department contracts will be informed by the chiefs of the technical services that they must avoid any inclusion of confidential war production and related data in completing above mentioned forms.

§ 803.394 *Contracts for electric power.*

§ 803.394–1 *Presidential directives.* (a) Under date of September 26, 1942, the following letter was received by the Secretary of War from the President:

September 26, 1942.

My dear Mr. Secretary:

It is of the utmost importance that the costs of the war program be held to a minimum consistent with the fullest and most rapid progress. In arranging for the electric power supply for war plants or establishments, the cheapest sources of power consistent with war requirements should be used.

Public and private power supplying agencies should be advised as far in advance as possible of the prospective location and requirements of plants or establishments on or near their systems in order that they may assist in solving the power supply problem involved at the lowest possible cost. In many instances it should be possible to lessen power costs if provision is made for power to be supplied to the consuming agencies directly from the power generating agency. If the lines of the lowest cost power supplying agency do not connect immediately with the war plants, there is no reason why connecting lines of other companies or agencies should not be utilized for a reasonable transmission charge. I am asking the Federal Power Commission to cooperate by using its emergency powers when necessary to make available transmission and other appropriate services for the effectuation of this policy.

I do not think that companies not themselves having sufficient power to supply war plants should be purchasing power from neighboring public power agencies for resale to these plants at a substantial profit. In such cases business like procedure would suggest that the power be purchased directly from the power supplying agencies and reasonable transmission charges be paid to the transmitting companies.

Adoption of my suggestion will not discriminate in favor of public or private power, but will accord with sound business practice.

Sincerely yours,

FRANKLIN D ROOSEVELT

Hon. HENRY L. STIMSON,
Secretary of War.

(b) Under date of October 22, 1942, the following letter was received by the Chairman, Federal Power Commission from the President:

October 22, 1942.

My dear Mr. Olds:

I would like the Federal Power Commission, after consultation with the procurement agencies and the War Production Board, to establish the procedure, outlined in the attached memorandum, to effectuate the policies set forth in my letter of September 26, 1942, addressed to the War Department, Navy Department, Maritime Commission, Defense Plant Corporation, Federal Housing Agency and the War Production Board.

Sincerely yours,

FRANKLIN D ROOSEVELT

Hon. LELAND OLDS, *Chairman,*
Federal Power Commission.

The following memorandum was attached to the October 22, 1942 letter from the President to Mr. Leland Olds, Chairman, Federal Power Commission.

Outline of Procedure for Purchase of Power for War Plants and Establishments:

(1) Each agency directly or indirectly responsible for power procurement to designate a Power Procurement Officer to handle all contracts and arrangements for electric power as hereinafter provided.

(2) Each agency to direct its representatives to report promptly to the Power Procurement Officer each proposed procurement of power, in excess of a reasonable minimum, which involves Government approval or any Government obligation. Such reports to include all essential facts in accordance with forms approved by the Federal Power Commission.

(3) Power Procurement Officers to refer such reports promptly to the Federal Power Commission, together with proposed contracts, for determination whether cheaper power supply is available and, if so, how it can be delivered. Federal Power Commission to issue necessary orders after consultation with War Production Board as to priorities and allocations.

(4) Federal Power Commission to determine whether proposed rates and conditions are reasonable and, if unreasonable, to fix proper terms and otherwise cooperate with Power Procurement Officers in effectuating arrangements necessary for securing power on best possible terms.

(5) Review and renegotiation of existing contracts to be in accordance with above procedure.

§ 803.394–2 *War Department Power Procurement Officer.* Pursuant to the directives from the President, set forth in § 803.394–1 the Secretary of War has designated Col. S. M. Weaver as War Department Power Procurement Officer and Major George P. Steinmetz as Deputy War Department Power Procurement Officer, with the following responsibilities for contracts of 1000 kilowatts or over for electric service to all installations where the War Department has an interest in the cost of electric service:

(a) Review of all existing contracts and initiation of such modifications or changes as are considered to be required to comply with the principles expressed in the President's directives.

(b) Review of proposed contracts and of proposed supplements to existing contracts, if such supplements extend the time, alter the contract price, or make any other substantial change in the contract terms, to assure that such contracts and supplements are consistent with the principles expressed in the President's directives.

§ 803.394–3 *Representatives of War Department Power Procurement Officer.* The Repairs and Utilities Divisions of the Service Command Engineer Offices are designated as representatives of the War Department Power Procurement Officer. These representatives will carry out, under his direction, such field activities as may be necessary in connection with contracts and supplements to contracts for electrical service to all establishments within the geographical boundaries of the Service Commands, where the War Department has an interest in the cost of electric service. Commanding Officers at all such establishments will cooperate with these representatives by making available such information as is required for their review of existing and proposed contracts and supplements.

§ 803.394–4 *Liaison with War Department Power Procurement Officer.* The Commanding General, Army Air Forces, and the chiefs of the technical services are directed to designate an officer or civilian representative to maintain liaison with the War Department Power Procurement Officer on matters pertaining to contracts for electric service. The latter should be notified of such appointment and of the address and telephone number of the person designated.

§ 803.394–5 *Required provision in contracts and supplements.* All contracts and supplements of the character referred to in § 803.394–2 will contain a provision that the contract or supplement is subject to the approval of the War Department Power Procurement Officer or Deputy War Department Power Procurement Officer and will not be binding until so approved. Such contracts and supplements which are Army Air Forces utility contracts (see § 803.397–1) will be forwarded as provided in § 803.397–1 to the War Department Power Procurement Officer for approval. Such contracts and supplements which are not Army Air Forces utility contracts (see § 803.397–1) will be forwarded through the Repairs and Utilities Division of the Service Command to the War Department Power Procurement Officer, Office of the Chief of Engineers, for approval.

§ 803.395 *Contracts within section 9, Military Appropriation Act, 1944 and 1945.*

§ 803.395–1 *Section 9, Military Appropriation Act, 1944 and 1945.* Section 9, Military Appropriation Act, 1944 (Public Law 108, 78th Congress) provides:

Whenever, during the fiscal year ending June 30, 1944, the Secretary of War should deem it to be advantageous to the national defense, and if in his opinion the existing facilities of the War Department are inadequate, he is hereby authorized to employ, by contract or otherwise, without reference to section 3709, Revised Statutes, civil service or classification laws, or section 5 of the act of April 6, 1914 (38 Stat. 335), and at such rates of compensation (not to exceed $25 per day for individuals) as he may determine, the services of architects, engineers, or firms or corporations thereof, and other technical and professional personnel as may be necessary.

Section 9, Military Appropriation Act, 1945 (Pub. Law 374, 78th Congress) provides:

Whenever, during the fiscal year ending June 30, 1945, the Secretary of War should deem it to be advantageous to the national defense, and if in his opinion the existing facilities of the War Department are inadequate, he is hereby authorized to employ, by contract or otherwise, without reference to section 3709, Revised Statutes, civil service or classification laws, or section 5 of the Act of April 6, 1914, (38 Stat. 335), and at such rates of compensation (not to exceed $25 per day and travel expenses, including actual transportation and per diem in lieu of subsistence while traveling from their homes or places of business to official duty station and return as may be authorized in travel orders or letters of appointment for individuals) as he may determine, the services of architects, engineers, or firms or corporations thereof, and other technical and professional personnel as may be necessary.

§ 803.395–2 *Effect of statutes on contracts.* Except as may be provided in other applicable statutes (see, e. g., section 12, Public Law 580, 77th Congress), the statutes above-quoted affect (a) each War Department contract for architectural, engineering, technical or professional services (1) made with any individual; or (2) made with a firm or corporation which is engaged primarily in the business of furnishing such services, and (b) each War Department contract for the employment of the services of accountants or other experts to assist in inaugurating new or changing old methods of transacting business of the Department. Except as above stated, they do not apply to any contracts with firms or corporations for services related to the development, invention, design, procurement, production, repair, or maintenance of war supplies, matériel or facilities or for research or services concerning any such supplies, matériel or facilities, or to any other type of War Department contract.

§ 803.395–3 *Approval of contracts.* Notwithstanding anything contained in Subpart B of this part, each contract of the type described in the first sentence of § 803.395–2 above, regardless of amount, and each supplemental agreement or change order making a material change in such a contract, will contain a provision stating that it is subject to the approval of the Secretary of War or Under Secretary of War and will not be binding until so approved; and such contract, supplemental agreement or change order will be forwarded by the chief of the technical service involved for approval by the Secretary of War or Under Secretary of War through the Director, Purchases Division, Headquarters, Army Service Forces. The chief of the technical service, in recommending approval, will refer specifically to the statute above quoted and will furnish a full statement of facts supporting the findings and determination required by the statute to be made by the Secretary of War (Under Secretary of War).

§ 803.395–4 *Citation of authority on contracts.* Each such contract, supplemental agreement and change order will cite as authority the statute above quoted, the First War Powers Act, 1941, and Executive Order No. 9001.

§ 803.395–5 *Compensation.* Where such contract is with an individual, it will expressly limit the compensation payable to him to not more than twenty-five dollars per day, plus additional compensation for overtime pursuant to the provisions of the War Overtime Pay Act of 1943 (Public Law 49, 78th Cong., approved 7 May 1943).

§ 803.395–6 *Approval of awards.* See § 803.396 below, requiring that the technical services obtain approval before making awards of certain contracts, supplemental agreements and change orders for "management consultant" services. As noted in § 803.396 (d), obtaining approval of such awards does not eliminate the requirement that the contracts, supplemental agreements and change orders embodying those awards be also processed under § 803.395–3 where § 803.395–3 is otherwise applicable.

§ 803.396 *Prior approval of awards of "management consultant" contracts.* (a) Notwithstanding anything contained in Subpart B, the technical services will obtain the approval of the Director, Purchases Division, Headquarters, Army Service Forces, before making an award of any contract to a corporation or firm (including a proprietorship) for "management consultant" services, or an award of any supplemental agreement or change order which involves any substantial change in the nature or the services or any substantial increase in the amount of the services to be performed under such a contract. "Management consultant" services are defined as including assistance in inaugurating new or changing old methods of transacting

business of the War Department, or in investigating, devising or developing procedures, methods, systems, forms or the like for accomplishing the business of the War Department. Assistance in developing systems of item identification, nomenclature or interchangeability of war matériel is an example of "management consultant" services within the meaning of this section. The character of the work to be performed determines whether the services involved are "management consultant" services within the meaning of this section; the question whether the proposed contractor is engaged primarily in the business of furnishing such services, and the dollar amount of the project, are irrelevant to the determination.

(b) It is the policy of the War Department that to the extent possible, firms shall not be employed to perform "management consultant" services on continuous operating activities, on projects which should be carried on by the War Department with its own personnel, or in lieu of the direct employment of individuals by the War Department or the employment of individuals as consultants. Where it is necessary to employ corporations or firms to perform "management consultant" services, the agreement should be made on a temporary basis and provision should be made for recruiting and training War Department personnel to take over the performance of such services as soon as practicable.

(c) Requests for approval of awards under this section will include the information indicated below or such parts thereof as are relevant to the particular transaction:

(1) Name and address of proposed contractor; its qualifications to perform the services; prior experience, if any;

(2) Necessity for and full description of the work to be performed;

(3) Types of personnel to be employed (for example, clerical, supervisory, engineers, draftsmen) and number of each type;

(4) Period of time required to complete the contract;

(5) Explanation of why the work cannot be accomplished by War Department personnel or by the employment of individual consultants, and steps taken to recruit such personnel;

(6) Price and justification;

(7) Reference to form of contract to be used, noting and justifying any provisions requiring approval of higher authority, or referring to any such approval previously obtained (see, for example, §§ 803.306–2 and 803.306–4.

(d) Obtaining approval of an award under this section does not eliminate the requirement that the contract, supplemental agreement or change order be approved by higher authority under § 803.395–3 if the contract, supplemental agreement or change order is of a type which must receive such approval under the provisions of § 803.395–3.

§ 803.397 *Utility contracts.*

§ 803.397–1 *Army Air Forces utility contracts.* (a) Army Air Forces utility contracts are those utility contracts, as defined in § 803.318c–1, which affect Class III installations and which (1) are not of general or regional application or (2) do not primarily affect Class I, II and IV installations. Army Air forces utility contracts are the responsibility of the Commanding General, Army Air Forces, subject, however, to the provisions of §§ 803.306–1 through 803.306–4 and §§ 803.394 through 803.394–5, inclusive. Army Air Forces commanding officers, however, may request the advice and assistance of Service Command Engineers in connection with Army Air Forces utility contracts.

(b) Any Army Air Forces utility contract requiring approval of higher authority, will be referred by the commanding officer of the Class III installation concerned through Army Air Forces command channels to the Director, Purchases Division, Headquarters, Army Service Forces. If approval of any such contract is required under §§ 803.394 through 803.394–5, inclusive, it will contain the approval provision required by § 803.394–5 and will be forwarded by the Director, Purchases Division, to the War Department Power Procurement Officer for necessary action.

§ 803.397–2 *Service command utility contracts.* Utility contracts, as defined in § 803.318c–1, other than Army Air Forces utility contracts, are the responsibility of the Commanding Generals of the service commands. In this connection see §§ 803.318c to 803.318c–4, inclusive.

§ 803.397–3 *Engineer utility contracts.* Notwithstanding the provisions of §§ 803.397–1 and 803.397–2, if utility contracts, as defined in § 803.318c–1, are required during construction at Class I, II, III or IV installations, under the jurisdiction of the Chief of Engineers, such contracts will be entered into by Engineer contracting officers and administered as Engineer contracts until transferred to Army Air Forces or service command jurisdiction.

§ 803.398 *Certification by contracting officers, under cost-plus-fixed-fee contracts, of unusual items likely to be questioned.* (a) Experience has shown that in connection with the administration of many cost-plus-fixed-fee contracts a number of items of reimbursement are claimed by contractors which are unusual in nature and consequently require special attention of the contracting officer in making his administrative determination of whether the contractor is entitled to reimbursement therefor. Because of the possibility of subsequent inquiries by the General Accounting Office concerning reimbursement of such items, the procedure prescribed in paragraph (b) below will be followed. The following are illustrations of the types of items of this nature:

Attorneys' fees
Accountants' fees
Bonuses and special payments to employees
Cafeteria and other special activity losses or expenses
Check cashing fees or other expenses in connection therewith.
Expense of recruiting employees and transporting them to the site of work
Employee morale expenses
Losses not covered by insurance
Membership fee in Associations
Publications, including technical manuals, war law and labor services
Travel expenses

(b) Where in the judgment of the contracting officer, the item claimed is of the nature described in paragraph (a) above, the contracting officer will prepare and place in his files a memorandum setting forth in detail all pertinent facts and the particular reasons for approving reimbursement, including the nature of the expenditure and the necessity for its being made in connection with the contract. This memorandum will provide a basis for justifying the contracting officer's action if the item is later questioned by the General Accounting Office.

(c) Should the item in question be the subject of either an informal inquiry or a formal exception, the reply thereto may include a copy of the memorandum above mentioned. Should the matter of clearing any question raised by the General Accounting Office require the attention of higher authority, a copy of the memorandum will be furnished to assist in such clearance.

§ 803.398a *Reimbursement under cost-plus-fixed-fee supply contracts of contributions to charitable or community organizations.* (a) Supplemental Cost Interpretation No. 9, as originally issued December 9, 1942 and as published in paragraphs 263–267 of TM 14–1000 ("Administrative Audit Procedures for Cost-Plus-A-Fixed-Fee Supply Contracts") provided for the reimbursement of CPFF supply contractors for contributions to charitable or community organizations under certain limitations. In a decision of the Comptroller General, B–35488, August 15, 1944, the allowance of contributions to charitable or community organizations was questioned, and, in the particular case, the contribution was disallowed. Disbursing officers are now being instructed not to pay vouchers representing reimbursement of costs based upon contributions, even though the contract incorporates by reference TD 5000 and the costs are allowable under the provisions of Supplemental Cost Interpretation No. 9.

(b) Nevertheless, contracting officers are not necessarily required, because of the decision of the Comptroller General, to refuse to certify vouchers for reimbursement of such contributions if contractors appear otherwise to be entitled to such reimbursement under the terms of their contracts and in accordance with Supplemental Cost Interpretation No. 9. If in any case a voucher is to be certified in accordance with Supplemental Cost Interpretation No. 9, a separate voucher covering such item only will be prepared to which there will be attached a statement that the voucher has been certified in accordance with this section. Any voucher so certified will not be submitted to the disbursing officer but will be returned to the contractor.

§ 803.398b *Adjustments of fixed-price subcontracts under cost-plus-a-fixed-fee prime contracts.* (a) The principles set out in § 803.329b–3 apply to adjustments of a fixed price subcontract under a cost-plus-a-fixed-price prime contract attributable to the balance of the work under such subcontract.

(b) In view of section 3 (d) of the Contract Settlement Act and § 841.111–4 of this chapter the claim of a fixed-price subcontractor under a cost-plus-a-fixed-fee contract for work terminated or cancelled in whole or in part under any circumstances which require the Government to bear the cost of settlement, is a termination claim. The settlement of such a termination claim will be effected in accordance with the principles and under the procedures set out in Subchapter C of this chapter (see especially Part 846 of this chapter).

(c) Approval by the contracting officer of adjustments and settlements of the character described in paragraphs (a) and (b) above will be effected to the extent required by the prime contract. In some cases the settlement of the subcontract may have been pursuant to an authorization to settle subcontracts under § 846.642 or § 846.643 of this chapter. Where the settlement has been made under such an authorization, any such approval will be taken to indicate only that the subcontract was terminated under circumstances which require the Government to bear the cost of the subcontract settlement and that the contractor has made the settlement under the authorization.

[Procurement Reg. 4]

PART 804—BONDS AND INSURANCE

SUBPART A—GENERAL

Sec.
804.401 Rescission of regulations.
804.402 Compliance with this part.
804.403 Exceptions to requirements of this part.
804.404 Definition of "Contract Insurance Branch".

SUBPART B—BONDS

804.405 Types of bonds.
804.406 Contract bond requirements on lump sum construction and supply contracts.
804.407 Contract bond requirements for cost-plus-a-fixed-fee contracts.
804.408 General policy as to rates.
804.409 Filing and examination of bonds and consents of surety.
804.410 Bonds executed by receivers, trustees, administrators, guardians, or executors as principal obligors.
804.411 Bonds executed by limited partnerships as principal obligors.

SUBPART C—SURETIES ON BONDS

804.415 Definition of consent of surety.
804.416 Requirement.
804.417 Forms.
804.418 Procedure for accomplishing execution of consent or correction of bonds and consents.
804.419 Corporate sureties.
804.420 Individual sureties.
804.421 Partnerships as sureties.
804.422 Substitution or replacement of a surety.
804.423 Options in lieu of sureties on bonds.

SUBPART D—INSURANCE

General

804.431 General policy.
804.432 Exclusion of subrogation.

Insurance in Connection with Cost-Plus-a-Fixed-Fee Contracts

804.434 Insurance on Government-owned property.
804.435 Waiver of Defense Plant Corporation insurance requirements.
804.436 Casualty insurance.
804.437 Miscellaneous insurance.
804.438 Group insurance.
804.439 Procedure.
804.440 Description of Plan.
804.441 Benefits in event of capture or detention of employees.
804.442 Insurance in connection with cost-plus-a-fixed-fee contracts outside of the continental United States.

Insurance in Connection With Lump Sum Contracts

804.450 General.
804.451 Insurance on government-owned property.
804.452 Waiver of Defense Plant Corporation insurance requirements.
804.453 Lump sum contracts excluding cost of insurance.

Architect-Engineer-Management Contracts

804.460 Architect - Engineer - Management contracts.

War Risk Insurance in Connection With Vessels or Other Floating Equipment

804.461 Master policy.

Purchase of Insurance by Cost-Plus-a-Fixed-Fee Contractors

804.470 Acceptability of insurance carrier.
804.471 Methods of purchase of casualty insurance.

War Department Insurance Rating Plan

804.473 Plan in general.
804.474 Duration of coverage.
804.475 Endorsements to be attached to policy.
804.476 Rules and rates under War Department Insurance Rating Plan.
804.477 Rules and rates with respect to workmen's compensation.
804.478 Employers' liability insurance (Mississippi).
804.479 Employers' liability and voluntary compensation insurance (Oregon and Washington).
804.480 Experience rating not to be employed.
804.481 Automobile bodily injury and property damage liability insurance.
804.482 Comprehensive bodily injury liability insurance.
804.483 Insurance advisor.
804.484 Assignment to Government of premiums due under policies written under War Department Insurance Rating Plan upon termination or completion of cost-plus-a-fixed-fee contracts.

Special Instructions for the Preparation of Policies

804.499 Extension of policy period endorsement for workmen's compensation and employers' liability policy.

SUBPART A—GENERAL

§ 804.401 *Rescission of regulations.* Army Regulations 5–140, May 22, 1940, as amended; Army Regulations 5–220, August 7, 1940, as amended; and all other directives and instructions relating to bonds and insurance issued prior to February 1, 1943, are hereby rescinded.

§ 804.402 *Compliance with this part.* Unless otherwise specifically provided, compliance with any provision of this part or of any amendment thereto which requires a change in procedure or in any contract provision shall not be mandatory until thirty days after the issuance of such regulation or amendment.

§ 804.403 *Exceptions to requirements of this part.* Where any provisions of this part, establishes requirements the application of which is impractical in a given special case or in a particular situation, the matter should be submitted to the Insurance Branch, Fiscal Division, Headquarters, Army Service Forces with a full statement of the facts and circumstances. That Branch has authority to make exceptions to requirements set forth in this part.

§ 804.404 *Definition of "Contract Insurance Branch".* Whenever used in this part, the terms "Insurance Branch" or "Contract Insurance Branch" shall be deemed to mean the Contract Insurance Branch, Special Financial Services Division, Office of the Fiscal Director, Headquarters, Army Service Forces.

SUBPART B—BONDS

§ 804.405 *Types of bonds.* There are set forth in §§ 804.405–1 to 804.405–14, inclusive, brief descriptions of the more common types of bonds, riders, and endorsements used in connection with War Department Contracts. In certain of those sections there are contained cross references to the forms of bonds, riders, and endorsements which are contained in Subpart E of this part.

§ 804.405–1 *Bid bond.* A bid bond is a bond accompanying a bid in which the obligor obligates himself in an amount stated (the penal sum), which obligation, it is stated, is to be void if:

(a) The bid is not withdrawn after the opening within the period specified in the bid, or, if no shorter period is specified, within sixty days; and

(b) A written contract, with such bond or bonds as may be required, is executed within ten days after the prescribed forms are presented for signature. (For form see § 804.496–1.)

§ 804.405–2 *Annual bid bond.* An annual bid bond is a single bond securing all bids submitted to a designated agency

during the fiscal year. Such a bond is executed in lieu of executing separate bid bonds for each bid. (For form see § 804.496–2.)

§ 804.405–3 *Performance bond.* A performance bond is a bond which is executed in connection with a contract and which secures the performance and fulfillment of all the undertakings, covenants, terms, conditions and agreements contained in the contract. (For form see § 804.496–3.)

§ 804.405–4 *Annual performance bond.* An annual performance bond is a single bond securing the performance and fulfillment of all the undertakings, covenants, terms, conditions and agreements of all contracts executed with a designated agency during a fiscal year. Such a bond is executed in lieu of executing separate performance bonds for each contract. (For form see § 804.496–4.)

§ 804.405–5 *Payment bond.* A payment bond is a bond which is executed in connection with a contract and which secures the payment of all persons supplying labor and material in the prosecution of the work provided for in the contract. (For form see § 804.496–5.)

§ 804.405–6 *Advance payment bond.* An advance payment bond is a bond which secures the performance and the fulfillment of a contractual provision for the making of advance payments of the type described in § 803.321, et seq. (For form see § 804.496–6.)

§ 804.405–7 *Patent infringement bond.* A patent infringement bond is a bond which secures the performance and fulfillment of the undertakings contained in a patent clause of the type set forth in § 803.335–7. (For form see § 804.496–7.)

§ 804.405–8 *Fidelity bond (blanket).* A fidelity bond is a bond under which the obligor agrees to indemnify an employer up to an amount stated in the bond for losses caused by dishonesty on the part of all employees except those expressly excluded by written endorsement on the bond. (For form see § 804.496–9.)

§ 804.405–9 *Forgery bond or policy (depositor's form).* A forgery bond or policy is a bond or policy under which the obligor agrees to reimburse a purchaser and others named in the bond or policy (the insureds) to an amount stated in the bond or policy:

(a) For losses caused by the forging or altering of a check, draft, or similar instrument issued by or purported to have been issued by any of the insureds named in the bond or policy.

(b) For losses resulting from the fact that a check or draft has been obtained from the insureds through the device of impersonation. (For form see § 804.496–10.)

§ 804.405–10 *Retroactive reinstatement rider.* This rider contains a provision which is available for blanket fidelity and forgery bonds whereby after a loss has been sustained the penalty of the bond is restored to its original amount with respect to prior losses. There is contained in the bond itself a provision which automatically restores the penalty of the bond to the original amount with respect to future losses.

§ 804.405–11 *Waiver of restoration premium rider.* This rider contains a provision which is available for blanket fidelity and forgery bonds which has the effect of eliminating the premium charge for restoring the penalty of the bond after a loss has been sustained.

§ 804.405–12 *Endorsement excluding subrogation to claims against the United States.* This endorsement contains a provision which excludes any claim on the part of the surety company to be subrogated on payment of a loss or otherwise to any claim against the United States. It is required to be placed on any fidelity or forgery bond, the premium for which is either paid by the Government directly or is a reimbursable item under a cost-plus-a-fixed-fee contract.

§ 804.405–13 *Cancellation or change notice rider.* This rider contains a provision by which a surety agrees to notify certain named interested parties in the event that the bond is cancelled or changed in any other manner.

§ 804.405–14 *License or permit bond.* This is a bond which secures to a municipality or other public authority the payment of fines or the amount of any losses sustained as a result of action taken, or omitted to be taken, in violation of the terms of a license or permit. The indemnity sometimes runs to third persons in addition to the municipality.

§ 804.406 *Contract bond requirements on lump sum construction and supply contracts.*

§ 804.406–1 *Bid bonds.* Bid bonds will not be required in connection with lump sum construction and supply contracts except when the contract was placed as a result of formal advertising and the invitation to bidders specified that the contracts were to be supported by performance and/or payment bonds. On such bonds as are required the penal sum will be in an amount deemed adequate for the protection of the United States. The maximum rates of premiums on such bonds are as follows:

(a) On construction contracts not exceeding $2,500, a premium of twenty cents per $100 of bid price, the minimum premium being $1.00;

(b) On construction contracts in an amount in excess of $2,500, a flat fee of $5.00 per bond;

(c) On supply contracts not in excess of $1,250 in amount, a premium of twenty cents per $100 of bid price, the minimum premium being $1.00;

(d) On supply contracts in excess of $1,250 in amount, a flat fee of $2.50 per bond.

The charge for a bid bond is applied as a credit against the premium for the performance bond if the contractor is the successful bidder.

§ 804.406–2 *Performance bonds.* The extent to which performance bonds will be required in connection with lump sum construction and supply contracts will be determined by the chief of the technical service concerned. The requirement of performance bonds will of necessity change from time to time to meet both changing conditions and specific situations. On such bonds as are required the penal sum will be the lowest which, in the exercise of sound judgment, is deemed adequate for the protection of the United States. The maximum rates of premiums on such bonds are as follows:

(a) On lump sum construction contracts for both performance and payment bonds on the same contract with stipulated completion time not exceeding twelve months:

(1) For Class "A" construction (including dredging):

(i) $5.00 per thousand of the contract price up to $2,500,000 and $3.75 per thousand of the portion of the contract price in excess of $2,500,000; or

(ii) Where the total penal sum of the performance and payment bonds is less than 10% of the contract price, $40.00 per thousand of the aggregate penal sum of both the performance and payment bonds; and

(iii) A minimum premium in any case of $7.50 per bond.

(2) For Class "B" construction (including highways and bridges):

(i) $6.65 per thousand of the contract price up to $2,500,000 and $5.00 per thousand of the portion of the contract price in excess of $2,500,000; or

(ii) Where the total penal sum of the performance and payment bonds is less than 15% of the contract price, $45.00 per thousand of the aggregate penal sum of both the performance and payment bonds; and

(iii) A minimum premium in any case of $10 per bond.

(b) On lump sum supply contracts (for performance bonds only) a premium of $1.00 per thousand of the contract price, the premium in no event to exceed $3.00 per thousand of the penal sum of the bond and in no event to be less than $5.00.

§ 804.406–3 *Payment bonds—(a) Lump sum construction contracts.* Payment bonds will be required in connection with all lump sum construction contracts where performance bonds are required. As a general rule payment bonds will also be required in connection with all other construction contracts which exceed $2,000 in amount. However, as to contracts where performance bonds are not required, the requirement of a payment bond may in the discretion of the chief of the supply service concerned be waived when the credit of the contractor makes the requirement unnecessary. The penal sum of payment bonds executed in connection with lump sum construction contracts will be as follows:

(1) When the contract price is $1,000,000 or less, 50 percent of the contract price;

(2) When the contract price is in excess of $1,000,000 but less than $5,000,000, 40 percent of the contract price;

(3) When the contract price is $5,000,000 or more, $2,500,000.

The maximum rates of premium for payment bonds executed in connection with lump sum construction contracts will be $4.50 per thousand of contract price up to $2,500,000 and $3.35 per thousand of the portion of the contract price in excess of $2,500,000; the premium in no case to exceed 3.3 percent of the penal sum of the bond. The minimum premium will be $10.00 per bond.

(b) *Lump sum supply contracts.* Payment bonds will not be required in connection with lump sum supply contracts except where, in the opinion of the chief of the supply service concerned, the requirement of such a bond would facilitate the prosecution of the war. The penal sum of the bond will be the lowest sum which in the exercise of sound judgment is deemed reasonably adequate for the protection of the United States as the representative of the suppliers of labor and materials. The maximum rates of premium on payment bonds executed in connection with lump sum supply contracts are as follows:

(1) On lump sum supply contracts of $1,000,000 or less where the penalty of the bond does not exceed 50% of the contract price: $2.25 per thousand on 50 percent of the contract price;

(2) On lump supply contracts of $1,000,000 or less where the penalty of the bond exceeds 50 percent of the contract price: $2.25 per thousand of the penal sum of the bond;

(3) On lump sum supply contracts in excess of $1,000,000 but not in excess of $6,250,000 where the penalty of the bond does not exceed 40 percent of the contract price: $2.25 per thousand on 40 percent of the contract price;

(4) On lump sum supply contracts in excess of $1,000,000 but not in excess of $6,250,000 where the penalty of the bond exceeds 40 percent of the contract price: $2.25 per thousand of the penal sum of the bond;

(5) On lump sum supply contracts in excess of $6,250,000: $2.25 per thousand of the penal sum of the bond and in no event less than $5,625.

If both performance and payment bonds are required in connection with a supply contract, the rates set forth in §§ 804.406–2 (b) and 804.406–3 (6) represent the maximum rates of premium for each separate bond.

§ 804.406–4 *Advance payment bonds.* The extent to which advance payment bonds will be required in connection with lump sum construction and supply contracts is discretionary with the chief of the supply service concerned, but such bonds will be required only in the most exceptional circumstances. The penal sum of the bond will be the lowest sum which in the exercise of sound judgment is deemed reasonably adequate for the protection of the United States. The maximum rates of premium are as follows:

(a) On the first $2,500,000 advanced—$6.00 per thousand;

(b) On any sum advanced in excess of $2,500,000 and up to $5,000,000—$5.75 per thousand;

(c) On any sum advanced in excess of $5,000,000 and up to $7,500,000—$5.50 per thousand;

(d) On any sum advanced in excess of $7,500,000—$5.00 per thousand.

The above rates are computed on all moneys advanced, and are for bonds guaranteeing performance of contractual provisions covering advance payments only; they are not for guaranteeing the performance of any other contracts.

§ 804.406–5 *Patent infringement bonds.* (a) A patent infringement bond will not be required with respect to any contract in connection with which a performance bond has been executed.

(b) Even if a performance bond has not been executed the requirement of a patent infringement bond will be the exception rather than the rule. Where, however, a lump sum supply contract or construction contract contains a patent clause of the type set forth in § 803.335 and the financial responsibility of the contractor is unknown or doubtful, a patent infringement bond may, in the discretion of the chief of the supply service concerned, be required.

(3) On such bonds as are required, the penal sum will be the lowest which, in the exercise of sound judgment, is deemed adequate for the protection of the interests of the United States. The maximum rate of premium is $10 per thousand per annum on the penal sum of the bond. The maximum premium for the term of the bond is five annual premiums of $10 per thousand each. If the term premium is paid in advance, a discount of 20 percent is applicable.

§ 804.406–6 *Annual bid bonds.* The annual bid bond is not in general use for lump sum construction and supply contracts.

§ 804.406–7 *Annual performance bonds.* The annual performance bond is not in general use for lump sum construction and supply contracts.

§ 804.407 *Contract bond requirements for cost-plus-a-fixed-fee contracts.*

§ 804.407–1 *Bonds not required.* Bid, performance, payment advance payment, patent infringement, annual bid and annual performance bonds will not be required for cost-plus-a-fixed-fee supply contracts, construction contracts, or contracts for the operation of Government-owned plants.

§ 804.407–2 *Fidelity bonds.* Fidelity bonds will be approved in connection with cost-plus-a-fixed-fee supply contracts, construction contracts or contracts for the operation of Government-owned plants only in those cases where in the opinion of the chief of the supply service concerned it is desirable to obtain the investigating and claims facilities of a surety company and such bonds are considered to be reasonably necessary for the protection of the contractor or the Government. A Primary Commercial Blanket form of bond with a rider providing for retroactive reinstatement for prior losses in the penal sum of $10,000 will be considered sufficient. The following additional clauses will be required:

(a) A rider excluding any claim on the part of the surety company to be subrogated on the payment of loss or otherwise, to any claim against the United States;

(b) A rider providing for pro rata refund of premium in the event of cancellation by the insured;

(c) A rider providing for a notice to the chief of the supply service concerned in the event of any change in or cancellation of the bond;

(d) A rider providing for investigation of all claims;

(e) A rider providing for investigation of all Class "A" employees.

There are a variety of discounts which may be applied to blanket fidelity insurance under certain circumstances. A 30% class discount may be applicable to the class A employee premium charge, depending on the nature of the assured's contracts on hand when the bond is written or renewed. A 10% general discount may be applicable to the combined class A and class B employee premium charge for a Primary Commercial Blanket Bond, depending on the number of employees involved and the amount of the bond. An experience discount ranging as high as 25% may be applicable to the final premium, depending on the size of the premium and the amount of claims or losses incurred. Therefore, when blanket fidelity insurance is purchased, carriers should be cautioned to apply all appropriate discounts.

When, pursuant to § 804.409–3 hereof, a duplicate of the fidelity bond or policy is forwarded to the Contract Insurance Branch, it will be accompanied by (1) a statement showing what percentage of the name assured's total volume of contracts for all departments and agencies of the Government is cost-plus-a-fixed-fee, (2) a classification of the employees showing the number placed in A, B, and C classes, and (3) if available a complete computation of the premium charge or proposed premium charge. Upon receipt of this data the Contract Insurance Branch will advise the service concerned if the premium has not been correctly computed.

§ 804.407–3 *Forgery bonds.* This type of bond will be approved in connection with cost-plus-a-fixed-fee supply contracts, construction contracts or contracts for the operation of Government-owned plants only in those cases where, in the opinion of the chief of the technical service concerned, the operation of the contract requires the employment of a large number of new employees who may be inexperienced in the proper method of handling accounting matters and where the contractor concerned transacts the greater part of his business by checks. If, in such a case, it is determined that a forgery bond or policy is desirable to obtain the investigating and claims facilities of a surety company and is considered reasonably necessary for the protection of the Government or the contractor, a forgery bond or policy with a retroactive reinstatement rider may be approved in the penal sum of $10,000. This sum is considered sufficient. The clauses referred to in paragraph (a) to (d), inclusive, of § 804.407–2 will be required.

§ 804.407–4 *License and permit bonds.* These types of bonds will be approved only in those cases where in the opinion of the chief of the technical service concerned such bonds provide a necessary protection to the Government or to the

contractor against liability to third parties or where failure to provide such bonds would constitute a violation of an applicable ordinance or statute of a municipality or other public authority.

§ 804.407–5 *Endorsement excluding subrogation to claims against the United States.* In every case where a contract requires the United States to pay the premium, either directly or by way of reimbursement, on a bond, the bond will contain an endorsement or other recital excluding by appropriate language any claim on the part of the surety to be subrogated, on payment of a loss or otherwise to any claim against the United States.

§ 804.408 *General policy as to rates.* The rates referred to in §§ 804.406 to 804.406–5, inclusive:

(a) Are maximum rates. Where a surety charges less than the rates shown in said section, care should be observed that the savings resulting therefrom are reflected in the contract price.

(b) Apply to both prime contracts with the War Department and subcontracts thereunder.

(c) Apply to all bonds which were executed on or after August 28, 1942 in connection with contracts of the types referred to in § 804.406.

(d) Apply to the increased amount of any contract, the amount of which is increased on or after August 28, 1942.

(e) Are based on a stipulated completion time not exceeding twelve months on Class "A" and Class "B" construction contracts.

§ 804.408–1 *Bond premium computation on terminated contracts.* (a) Premium on the bonds described in §§ 804.406–2 and 806.406–3 (except in certain instances mentioned in such sections where the rate is applied to the penalty of the bond or bonds) is determined by multiplying the appropriate rate of premium by the final contract price, that is, the total remuneration received by the contractor after final settlement. The rule followed by the surety industry generally is as follows:

> The "contract price" on which premium is computed means the whole sum of money or other reimbursement which has passed from the owner to the contractor when final settlement between the two has been made, excluding any bonus for "time". If this sum is different from the original estimate, premium must be adjusted accordingly, either by a refund of part of the original premium by the surety if the original estimate was larger than the actual contract price, or by payment of additional premium by the contractor if the original estimate was smaller than the actual contract price. (Towner Rating Bureau bond manual—page 47.)

Accordingly, when a contract is terminated short of original estimate, the decrease in contract price requires that an adjustment in bond premium be taken into account when final settlement is made. Such adjustment (or return premium) on a contract decrease is ascertained by subtracting from the original premium the amount of premium developed in multiplying the appropriate rate by the terminated contract price. By "appropriate" rate is meant the rate that would have been used for a contract in the amount of the terminated contract price at the time the original contract was awarded. Care should be observed in connection with construction contracts in excess of $2,500,000 in amount for the reason that prior to August 28, 1942, such contracts were accorded special rates of a graduated nature, depending on the size of the contract and the performance time involved. Subsequent to August 28, 1942, special rates have been promulgated for construction contracts where performance time required more than twelve months.

(b) Premium on bonds required in support of War Department contracts other than those described in §§ 804.406–2 and 804.406–3 is determined by various methods, depending on the nature of the bond or contract involved. As a general rule, adjustment of bond premium is in order where a contract is terminated short of completion. Especially is this true where the bond premium is included in the contract price as an item of cost.

(c) Premium on fidelity and forgery bonds furnished in connection with cost-plus-a-fixed-fee contracts is paid for a certain period of time, which is generally one year. There is attached to each such bond a rider providing for pro rata refund of premium on a calendar day basis when the bond is canceled upon contract termination.

§ 804.409 *Filing and examination of bonds and consents of surety.*

§ 804.409–1 *Bonds executed in duplicate.* All bonds of the types described in §§ 804.405–1 to 804.405–14, will be executed in duplicate.

§ 804.409–2 *Forwarding of bonds and consents of surety to Judge Advocate General.* (a) The original of all surety bonds required by the various elements of the War Department (except as hereinafter provided in paragraph (c) will be forwarded to The Judge Advocate General. If such bond was required in support of a contract or modification thereof, the original signed number of the bond should be attached to the original signed number of the contract or modification thereof, as the case may be, and forwarded to The Judge Advocate General. In the event it is not practicable to forward the original number of the contract or modification, a duplicate signed number or an authenticated copy thereof should be attached to the original bond and forwarded to The Judge Advocate General. The Judge Advocate General will examine bonds as to legal sufficiency and as to form and execution. In the case of corporate sureties he will examine them to ascertain whether the corporate officials who purported to execute the bonds on behalf of the corporate sureties had authority to do so; and in the case of individual sureties he will examine them to ascertain whether the affidavit of justification and the certificate of sufficiency of the surety or sureties are in accordance with regulations. The Judge Advocate General will then forward the bond, together with any contract or modification thereof which it supports, to the proper office for filing. In this connection, it is important that the forwarding office indicate clearly the Army Audit Branch of the General Accounting Office to which the contract or modification and the bond should be sent (see §§ 803.317b–1 and 803.317b–2). The duplicate bond will be retained and filed in the office to which it pertains or which authorized its acceptance.

(b) Consents of surety will be handled in the same manner as bonds, except that for more expeditious handling they may be forwarded in blank to the Office of The Judge Advocate General which will have them executed in Washington under the Expediter Plan and then approve them.

(c) The following bonds will not be forwarded to The Judge Advocate General:

(1) Bid bonds (except annual bid bonds). The original and duplicate numbers will be retained in the office to which they pertain or which authorized their acceptance.

(2) Blanket fidelity and forgery bonds. Refer to § 804.409–3 for filing of duplicates.

(3) All bonds required by Army Regulations to be filed elsewhere than at the War Department. The orginal and duplicate will be retained in the office to which they pertain or which authorized their acceptance.

§ 804.410 *Bonds executed by receivers, trustees, administrators, guardians, or executors as principal obligors.* (a) Receivers, trustees, administrators, guardians or executors are officers of the court which appointed them. Their powers are limited to those specified in the court order appointing them. Accordingly, when a bond is executed by such an officer of a court, a duly authenticated copy of the court order showing his authority to execute the bond should be obtained.

(b) All bonds executed by such a court officer should commence substantially as follows:

> I (we) John Doe (and ----------) as executor(s) (administrator(s)) of the estate of ----------, deceased (trustee(s) of ----------) (receiver(s) of ----------) (guardian(s) of ----------).

(c) The execution should be prepared and signed by such court officer in the blank space provided for the signature of the individual obligors and should be in substantially the following form:

> John Doe (and ----------) as executor(s) (administrator(s)) of the estate of ----------, deceased (trustee(s) of ----------) (receiver(s) of ----------) (guardian(s) of ----------).

(d) In the case of a bond executed by the receiver of a corporation, the corporate seal should not be affixed inasmuch as the bond is not the bond of the corporation itself, but a bond executed by the receiver on behalf of the estate of which he is receiver.

(e) Bonds executed by a receiver or trustee which may extend beyond the term of his appointment, and all bonds executed by administrators, guardians or executors will not in general be acceptable, unless the court has entered a specific decree authorizing the type of bond in question, or unless in the general decree appointing the officer the court has specifically granted authority to execute the type of bond in question. In either event a duly authenticated copy of the court order should be attached to the copy of the bond.

§ 804.411 *Bonds executed by limited partnerships as principal obligors.* If the principal obligor is a limited partnership the individual names and residences of the general and limited partners will appear in the body of the bond with a recital that they are general and limited partners respectively. The limited partnership shall be named, the location of its business specified, and the bond shall be executed in the name of the limited partnership by all of the general partners with a recital that they are general partners and by such general partners as individuals.

SUBPART C—SURETIES ON BONDS

§ 804.415 *Definition of consent of surety.* A consent of surety is an instrument by which the surety or sureties on a bond or bonds supporting a contract:

(a) Consent to a supplemental agreement which modifies or amends the contract, or

(b) Consent to a change order making an authorized modification.

§ 804.416 *Requirement.* The circumstances under which consents of sureties are required are set forth in §§ 803.314 to 803.314–3.

§ 804.417 *Forms.* The form of consent to be used in cases where an advance payment provision was added by supplemental agreement subsequent to the original execution of the contract is set forth in § 804.496–8 (b).

The forms of consent to be used in all other cases are set forth in § 804.496–8 (a).

§ 804.417–1 *Filing and examination of consents of surety.* See § 804.409–2.

§ 804.418 *Procedure for accomplishing execution of consent or correction of bonds and consents.* There are two procedures for obtaining the execution of consents. Either may be used but it is suggested that the so-called "expediter plan" expedites the handling of these matters particularly where a number of co-sureties are involved. On occasion, use of the so-called "standard plan" has resulted in considerable delay in obtaining consents or correction of bonds. Accordingly, the expediter plan is recommended. The following is a description of the two procedures:

(a) *Expediter plan.* There has been established in Washington at the Office of the Association of Casualty and Surety Executives, Washington Building, an arrangement whereby either Mr. Howard M. Starling or Mr. Charles M. Walker, on his sole unwitnessed signature, will execute consents of surety and make corrections in bonds and consents in compliance with requests originating either in Washington or in the field offices. These representatives of the surety industry have been so empowered by all of the surety companies on the Treasury Department List and authenticated evidence of their authority as above described has been filed with Office of The Judge Advocate General and with the Section of Surety Bonds, Treasury Department. Whenever a supply service desires to avail itself of the expediter plan, it should transmit an unexecuted consent or the incorrect bond or consent in the manner described in § 804.410–2 (b) to the Office of The Judge Advocate General. That office will get in touch with Mr. Starling or Mr. Walker who will handle all the details for the surety companies concerned and will execute or correct the instrument. The Office of The Judge Advocate General will then handle the document in the manner set forth in § 803.314–4.

(b) *Standard plan.* If the expediter plan is not used, the request for a consent or for a correction of a bond or consent should be made directly to the surety company concerned or its representative.

§ 804.419 *Corporate sureties.*

§ 804.419–1 *Corporate surety acceptability requirements.* In order to be acceptable to the War Department, the corporate surety must have obtained from the Secretary of the Treasury authority to do business under the Act of August 13, 1894 (28 Stat. 279), as amended by the Act of March 23, 1910 (36 Stat. 241); 6 U. S. C. 8; M. L. 1939, sec. 534. A list of the corporations approved by the Secretary of the Treasury is published semi-annually by the Treasury Department as Form No. 356 (Section of Surety Bonds). This list indicates the maximum penal sum in which any corporate surety may underwrite any one obligation. Any corporation whose name is on this list is acceptable within the limits of such approval. The chiefs of the supply services are responsible for distributing copies of the list. It may be procured through The Judge Advocate General to whom a requisition for the requirements of each supply service should be sent semi-annually on or before March 15 and September 15.

§ 804.419–2 *Qualifications of agents and corporate sureties.* Corporate sureties should forward to The Judge Advocate General, Washington, D. C. for filing: powers of attorney or certified copies of resolutions of their Boards of Directors or Trustees authorizing their officers or agents to execute bonds, and certificates evidencing the revocation of authority previously granted to execute bonds.

§ 804.419–3 *Corporate co-sureties.* More than one corporate surety may be accepted as surety upon any recognizance, stipulation, bond, or undertaking in connection with either supply or construction contracts: *Provided*, That in no case will the liability of any such co-surety exceed the maximum penal sum in which the corporate surety is qualified to underwrite any one obligation. On bonds covering supply contracts where the amount of the bond is greater than the underwriting limitation of the corporate surety, the latter may reinsure with a corporation on the acceptable list of corporate sureties and having the required underwriting capacity. Reinsurance agreements are not acceptable in connection with construction contracts. As indicated by the forms of bonds (see §§ 804.496–3 (e), 804.496–5 (d) and 804.496–6 (e)), it is not necessary that corporate co-sureties obligate themselves for the full amount of the bond. Each corporate surety may, by setting forth the limit of its liability in the bond as a definite and specified sum, limit such liability. In all cases the liability shall be limited to the maximum penal sum in which the corporate surety is qualified to underwrite any one obligation. As further indicated by the aforementioned forms, the sureties must, however, bind themselves "jointly and severally" for the purpose of allowing a joint action or actions against any or all of them.

§ 804.420 *Individual sureties.*

§ 804.420–1 *Acceptability.* Individual sureties are acceptable for all types of bonds other than fidelity and forgery bonds: *Provided*, That they meet the requirements specified in §§ 804.420–3 and 804.420–5.

§ 804.420–2 *Number.* If individual sureties are used there shall be at least two responsible individuals on each bond.

§ 804.420–3 *Citizenship.* Except as prescribed in paragraph (b) individual sureties will be citizens of the United States.

(b) Sureties on bonds executed in foreign countries, the Canal Zone, Porto Rico, Hawaii, Alaska or any other possession of the United States, to secure the performance of contracts entered into those places need not be citizens of the United States. However unless they are citizens of the United States they must be domiciled in the country, territory or possession where the contract is to be performed.

§ 804.420–4 *Extent of liability.* The liability of each individual surety shall extend to the entire penal amount of the bond, except that when more than two sureties are furnished, the Insurance Branch, Fiscal Division, Headquarters, Army Service Forces, may authorize special provision with respect to the extent of liability.

§ 804.420–5 *Justification.* Individual sureties will each justify in an amount not less than the penal amount of the bond.

§ 804.420–6 *Stockholders as sureties.* In connection with any bond of which a corporation is the principal obligor, a stockholder of that corporation is acceptable as a surety on the bond: *Provided*, That his net worth exclusive of his stock holdings in the corporation is equal to the amount for which he justified: *And provided further*, That such fact is expressly stated in his affidavit of justification.

§ 804.421 *Partnerships as sureties.* A partnership or other unincorporated association, as such, will not be accepted as a surety. The individual members of the partnership or association may, of course, if they meet the requirements of §§ 804.420–3 and 804.420–5 qualify as sureties. Individual members of a partnership or association will not, however, be acceptable as sureties on bonds under which the partnership or association, or

any co-partner or member thereof, is the principal obligor.

§ 804.422 *Substitution or replacement of a surety.* In case of financial embarrassment, failure or other disqualifying cause on the part of a surety under a bond the chief of the supply service concerned will require the substitution of a new surety satisfactory to him.

§ 804.423 *Options in lieu of sureties on bonds.* Under the conditions set forth in §§ 804.423–1 and 804.423–2, United States bonds or notes, certified checks, money orders or currency may be deposited in lieu of furnishing sureties on bonds.

§ 804.423–1 *United States bonds or notes.* (a) Under the provisions of the act of February 24, 1919, as amended, any person required to furnish a bond executed by him as principal obligor has the option, in lieu of furnishing sureties on his bonds, of depositing United States Liberty bonds or other bonds or notes of the United States except as provided in paragraph (b) (3) below at a sum equal at their par value to the penal amount of the bond (Act of February 24, 1919, ch. 18, sec. 1320, as amended; 6 U.S.C. 15; M.L. 1939, sec. 540).

(b) Procedure: The procedure for carrying out the authority conferred by the above mentioned act, is contained in Treasury Department Circular No. 154, issued under date of February 6, 1935. In general, the procedure is as follows:

(1) The contracting officer is the "bond approving officer" who will turn over the securities deposited with him to the local disbursing officer for safekeeping. The disbursing officer will receipt for the securities in duplicate on Form D, Treasury Department Circular No. 154.

(2) Instead of retaining the securities turned over to him, the disbursing officer may deposit them with the Treasury of the United States, a Federal Reserve Bank, a branch of the Federal Reserve Bank, having the requisite facilities, or other depository duly designated for that purpose by the Secretary of the Treasury. The procedure is set forth in more detail in Treasury Department Circular No. 154.

(3) United States Savings bonds may only be pledged in lieu of furnishing sureties, when the bond approving officer is the Secretary of the Treasury. The acceptance by a War Department contracting officer of United States savings bonds is thus precluded.

(4) Treasury Certificates of Indebtedness are not acceptable in lieu of furnishing sureties.

§ 804.423–2 *Certified checks, money orders or currency.* Any person required to furnish a bond executed by him as principal obligor has the option in lieu of furnishing sureties on his bond, of depositing a certified check, a Post Office money order or currency provided that the penal sum of the bond is not in excess of $50,000. The following procedure will be followed:

(a) Certified checks or Post Office money orders will be drawn to the order of the Treasurer of the United States.

(b) Certified checks, Post Office money orders and currency accepted by the contracting officer in lieu of sureties on a bond will be promptly turned over to the local disbursing officer and deposited by him in a special deposit account. A certificate as to this action will be executed by the disbursing officer and attached to the original bond.

(c) The amount of the security deposited will be refunded to the contractor when the obligation of the bond has by its terms ceased.

SUBPART D—INSURANCE

General

§ 804.431 *General policy.* Insurance coverages will be authorized or required only in those instances where public policy or interest makes it desirable to use the organization, facilities or other services of the insurance industry, or where a commingling of property and operations or circumstances of ownership make the carrying of insurance reasonably necessary for the protection of the several interests concerned.

§ 804.432 *Exclusion of subrogation.* In every instance where a contract requires the United States to pay the premium either directly or by way of reimbursement on an insurance policy, the policy will contain an endorsement or other recital excluding by appropriate language any claim on the part of the insurer to be subrogated, on payment of a loss or otherwise, to any claim against the United States. For contract language see § 803.365–3.

Insurance in Connection with Cost-Plus-a-Fixed-Fee Contracts

§ 804.434 *Insurance on Government-owned property.* (a) No insurance covering loss or destruction of or damage to property, legal title to which is in the United States and which is to be used in connection with a cost-plus-a-fixed-fee contract, will be required or authorized without the prior approval of the Contract Insurance Branch, Special Financial Services Division, Headquarters, Army Service Forces. To implement this policy of self-insurance on government-owned property, there shall be included in the contract, the clause set forth in § 803.365–1. The policy of self-insurance rests to a large degree upon savings to the Government obtained by eliminating the cost of insurance which otherwise would be added to the contract price.

(b) Where it is considered advisable to impose specific standards of care such as an obligation to keep the facilities in good operating condition and repair and to make all necessary repairs and replacements, a clause to this effect may be included in the contract.

§ 804.434–1 *Procedure to be followed in the event of loss or destruction of or damage to property of the Government in the possession or control of contractors (or subcontractors).* (a) In the event of loss or destruction of or damage to property of the Government in the possession or control of contractors (or subcontractors), it is of the utmost importance that immediate action be taken so that the property will be conserved and production will suffer the least interruption. Contractors are generally not in a position to handle losses with maximum efficiency and War Department personnel may not be available or equipped to give all the required attention to such a problem.

(b) Accordingly upon the happening of loss or destruction of or damage to Government property, the prescribed contract article (§ 803.365–1) requires the contractor (or subcontractor) to give notice to and employ the services of a loss and salvage organization designated by the contracting officer (unless the contracting officer directs that no such organization be employed).

(c) The loss and salvage organizations referred to are the Fire Companies Adjustment Bureau, Inc., The Western Inspection and Adjustment Company, or the Underwriters Adjustment Company (hereinafter or elsewhere designated as loss and salvage organization). A list of the offices of these organizations with telephone numbers, is set forth in § 804.498. Their services will be rendered to contractors (or subcontractors) under a schedule of rates filed with the War Department and intended to cover costs without allowance for profit.

(d) Each office has been instructed to respond immediately to requests of contractors in connection with loss or destruction of or damage to Government property while at fixed locations or in course of transit, and thereafter investigate the damage or loss, prevent the accrual of further damage or deterioration, eliminate hazards to life or other property, clear debris, locate and remove property to appropriate places of storage or erect suitable shelter therefor and otherwise conserve and protect all possible salvage. In the event of catastrophic loss, the loss and salvage organizations may procure the services of others and temporarily augment their own staffs so that the loss may be handled with the utmost dispatch and efficiency. The organization so employed will report as may be appropriate to the contracting officer or to the contractor, and generally will operate under the regulations and the specific instructions of the contracting officer.

(e) The prevention of further and progressive loss to damaged property, its repair or disposal, are steps which are related and which are, in commercial practice, generally combined into one series of operations performed or directed by one organization. Where, under the prescribed contract article (§ 803.365–1) the contractor (or subcontractor) has undertaken, if and as directed by the contracting officer, to make repairs and renovations, it may be to the advantage of the Government to request the contractor to employ the loss and salvage organization to assist in repair and renovation. Similarly, under the contract clause set forth in § 803.363, assistance may be sought from the loss and salvage organization in respect to disposal of damaged Government property.

(f) In the event that the Government property is located in an area outside of the United States, where none of the above organizations has resident representatives reasonably accessible, there will be included in the contract the clause set forth in Note 4, § 803.365–1 and in the event of loss, the contracting officer will supervise and enforce the discharge of the contractor's obligations.

§ 804.435 *Waiver of Defense Plant Corporation insurance requirements.*

§ 804.435–1 Where cost-plus-a-fixed-fee contracts are being performed in facilities owned by the Defense Plant Corporation and leased to a contractor, the contractor is required by the terms of the lease to procure and maintain at his own expense fire and supplementary coverage, and general liability and automobile liability insurance for bodily injury and property damage, on special forms. The Defense Plant Corporation is named as the insured on such policies. Inasmuch as the cost of such insurance is ultimately borne by the Government as a reimbursable item of cost, arrangements have been made with the Defense Plant Corporation pursuant to which that corporation has agreed to waive its insurance requirements in specific cases where it is requested to do so by the War Department. In such cases the War Department agrees that neither the failure to carry insurance nor any ensuing damage to or destruction of the facility will relieve the War Department of its existing obligation to the Defense Plant Corporation under take-out letters.

§ 804.435–2 In all cases where a definite saving in cost to the Government can be effected by eliminating insurance requirements of the Defense Plant Corporation, the Contract Insurance Branch will be advised promptly of the following: (a) Name of contractor; (b) number of contract; (c) type of contract; (d) location of facility involved; (e) the plancor or lease number; (f) the estimated saving, if the same can be estimated; and (g) the recommendation of the chief of the technical service. For those cost-plus-a-fixed-fee contractors insured under the War Department Insurance Rating Plan, special policy forms required by Defense Plant Corporation will be terminated and the name of Defense Plant Corporation will be endorsed onto the contractor's policies as an additional insured together with a recital of the indemnity provisions of the lease agreement. The Defense Plant Corporation will be requested by the Contract Insurance Branch, in appropriate cases, to waive its insurance requirements.

§ 804.436 *Casualty insurance.* Cost-plus-a-fixed-fee contractors, including, but not limited to, constructors, architect-engineers, architect-engineer managers, operators, and suppliers will be required to procure and maintain the insurance specified in §§ 804.436–1 to 804.436–3 which, where practicable, will cover the operation of the prime contractor, cost-plus-a-fixed-fee subcontractor, and such other contractors or subcontractors for which provision is made in § 804.460.

§ 804.436–1 *Workmen's compensation insurance.* This coverage will be required as follows:

(a) In jurisdictions where there are workmen's compensation laws, either mandatory or elective:

(1) Statutory coverage, plus

(2) In jurisdictions where the workmen's compensation law does not cover all occupational diseases, occupational disease coverage by endorsement for limits of $50,000 per person in any one case; and, subject to that limit for each person, for an aggregate limit of $100,000 for each year of the policy period;

(3) In those jurisdictions where there is a "per accident" limitation of coverage under paragraph 1 (b) of the policy, an endorsement providing a $100,000 limit for each accident; and

(4) In those jurisdictions where there is a "per person" limitation of coverage under paragraph 1 (b) of the policy, an endorsement providing a $50,000 limit for each person;

NOTE: In certain states the occupational disease aggregate limit is determined by the occupational disease premium. If such basic aggregate limit is less than $100,000 the lowest multiple thereof necessary to increase the aggregate limit to $100,000 will be used.

(b) In jurisdictions where there are no workmen's compensation laws, or where workmen's compensation insurance is carried in a State Fund, which Fund does not afford complete coverage as herein required, employers' liability insurance, including occupational diseases coverage for limits of $50,000 per person in any one claim and, subject to that limit for each person, $100,000 for two or more persons in any one accident and an aggregate limit of $100,000 for each year of the policy period for occupational disease claims.

§ 804.436–2 *General liability insurance.* This insurance will be required with limits of $50/100,000 for bodily injury liability on the comprehensive policy form. The policy will be endorsed to include coverage of aircraft and water craft operations by elimination of any exclusions of such coverage contained in the policy.

§ 804.436–3 *Automobile public liability and property damage insurance.* This insurance will be required with limits of $50/100,000 for bodily injury liability and $5,000 for property damage liability on the comprehensive policy form covering all owned, non-owned, and hired automobiles which will be used in connection with the work to be done under a cost-plus-a-fixed-fee contract and which are not used exclusively on the premises at which the work under such contract is performed.

§ 804.436–4 *Self-insurance.* Self-insurance by cost-plus-a-fixed-fee contractors, in lieu of the requirements outlined in §§ 804.436–1 to 804.436–3, will not be approved except in unusual circumstances and then only after approval is obtained from the Contract Insurance Branch. Where the contractor requests and the chief of the technical service deems it desirable, that workmen's compensation insurance be provided by self-insurance, there will be submitted to the Contract Insurance Branch the following:

(a) A duly authenticated copy of the authority to self-insure from the state or political subdivision having jurisdiction, if such authority is required by law;

(b) A detailed statement of the method or plan of self-insurance to be used and of the safety, claim and medical facilities which will be provided, including the cost thereof.

§ 804.436–5 *Insurance requirements for lump-sum subcontractors.* (a) Lump-sum subcontractors will provide the contractor and the contracting officer with a certificate of insurance evidencing the fact that workmen's compensation, public liability and automobile liability and property damage insurance are carried with an acceptable insurance carrier covering operations in connection with the project, and that termination or alteration of the coverages enumerated on the certificate of insurance will not be made without ten days' prior notice of such termination or alteration to the chief of the technical service concerned. Limits of insurance should be at least equal to those required of the prime contractor. Where authenticated evidence of authority to self-insure workmen's compensation and ability to respond in damages can be shown to the satisfaction of the chiefs of the technical services, the above requirements may be waived.

(b) For the purposes of paragraph (a) the term "subcontractor" is defined as any individual, partnership, association, corporation, estate, trust or other business enterprise or legal entity which has undertaken, pursuant to a purchase order or by agreement with the prime contractor, to perform on the prime contractor's premises all or any part of the work or to make or furnish on such premises any article (other than raw materials or standard or commercial articles) required for the performance of the prime contract. By the term "prime contractor's premises" is meant the premises, under the control of the prime contractor, at which the work under the prime contract is to be performed.

§ 804.437 *Miscellaneous insurance.* The chiefs of the technical services may consider that other forms of insurance are necessary in special instances. The circumstances under which these forms of insurance may be authorized are described in §§ 804.437–1 to 804.437–10. In general, the authorization of any of these forms of insurance will be the exception rather than the rule.

§ 804.437–1 *Payroll robbery, hold-up, and safe burglary insurance.* This form of insurance will be approved only in those cases where substantial sums of money are in the care, custody, and control of the contractor in isolated areas where normal protection, which would be available in a stabilized situation, is lacking, or where a commingling of property and operations or circumstances of ownership make the carrying of insurance reasonably necessary for the protection of the several interests concerned.

§ 804.437–2 *General liability insurance for damage to property of others.* This form of insurance will be approved only in those cases where the operations conducted are of such a nature that an accident might reasonably involve extensive destruction of property belonging to

others, and it is considered desirable to obtain the experienced claims and investigating services of a reliable insurance carrier. When such insurance is authorized there will be provided a limit of $50,000 per accident and an aggregate limit of $100,000 for each year of the policy period. It is anticipated that this form of coverage will be necessary only for contractors engaged in the manufacture or handling of high explosives and in certain cases of aircraft operations.

§ 804.437–3 *Products liability insurance.* This form of insurance may be authorized in instances where a contractor under authority of its contract operates a commissary or other similar facility for dispensing food. Such insurance, when authorized, will be by endorsement to the general liability policy and will provide a limit of $50,000 per person in any one accident; and, subject to that limit for each person, $100,000 for injuries sustained by two or more persons in any one accident; and, subject to the foregoing limits, an aggregate limit of $100,000 for all accidents during each year of the policy period.

§ 804.437–4 *Contractual liability insurance.* This form of insurance is provided in the Comprehensive general liability policy where a contractor or subcontractor has assumed liability under:

(a) A lease of premises,
(b) An easement agreement,
(c) An agreement required by municipal ordinance,
(d) A sidetrack agreement, or
(e) An elevator or escalator maintenance agreement.

The chief of the technical service concerned may approve the purchase of insurance for other assumed liability where the assumption of the liability by the contractor or subcontractor has been authorized and the chief of the technical service determines that the purchase of such insurance is necessary.

§ 804.437–5 *Boiler and machinery insurance.* (a) This form of insurance will not be authorized. It may be desirable to arrange for boiler inspection service.

(b) *Boiler inspection service.* When a cost-plus-a-fixed-fee contractor is performing his contract in a plant containing a number of boilers or other pressure vessels, it is generally desirable that such boilers or other pressure vessels receive periodic inspections. This is in the interest of continuous and safe operation. Accordingly, the chief of the technical service may authorize the use of the boiler inspection service contract by such a contractor (for form see § 804.497–27). When practicable the boiler inspection service of the insurance company carrying the workmen's compensation insurance of the contractor will be used provided that such carrier has a fully qualified and experienced boiler inspection department. Otherwise, some other qualified insurance carrier will be selected.

§ 804.437–6 *Ocean or inland marine insurance.* These forms of insurance will not be required and their purchase will be authorized only on those instances where the chief of the technical service concerned determines that the procurement of such insurance is desirable or necessary for the protection of the contractor or the Government.

§ 804.437–7 *Marine war-risk insurance.* See § 804.461 and following.

§ 804.437–8 *Fidelity bonds.* See § 804.407–2.

§ 804.437–9 *Forgery bonds.* See § 804.407–3.

§ 804.437–10 *License and permit bonds.* See § 804.407–4.

§ 804.438 *Group insurance.* Group insurance plans and such other forms of insurance as are provided voluntarily to employees in order to indemnify them in the event of disabilities, dismemberments, hospitalizations or surgical treatments and to provide payments in the event of old age or death will be governed by the provisions set forth in §§ 804.438–1 to 804.438–6.

§ 804.438–1 All programs providing insurance of the character referred to in above in this section will be subject to the written authorization of the contracting officer.

§ 804.438–2 In determining proper standards for the type of group insurance benefits to be offered, unless there is substantial reason for providing otherwise, such plans will be consistent with the general employee relations policies existent throughout the contractor's organization or in conformity with approved agreements made as a result of collective bargaining with employees' representatives.

§ 804.438–3 If in the opinion of the chief of the technical service concerned the existing plan of group insurance is, in the light of § 804.438–2, undesirable for the cost-plus-a-fixed-fee contractor, there shall be forwarded a full description of the plan desired by the contractor, together with the recommendation of the chief of the technical service to the Insurance Branch, Fiscal Division, Headquarters, Army Service Forces, for appropriate decision.

§ 804.438–4 If a particular cost-plus-a-fixed-fee contractor, because his organization is of recent origin or for any other reason, has not previously provided a plan of group insurance and now desires to take out such insurance the following information will be forwarded to the Insurance Branch, Fiscal Division, Headquarters, Army Service Forces: (a) A statement as to whether such insurance is common to the industry and to the community; (b) the purposes for which the group insurance plan is needed at the particular plant; (c) any other pertinent information; and (d) the recommendation of the chief of the technical service concerned.

§ 804.438–5 Different considerations are involved for group annuities, and for other insurance not purchased under a group insurance policy. When it is desirable in the opinion of the chief of the technical service concerned to provide such insurance, a request for prior approval will be forwarded to the Insurance Branch, Fiscal Division, Headquarters, Army Service Forces, together with the following information: (a) A complete outline of the hazards involved; (b) the number of personnel involved; (c) the nature and probable duration of the coverage; (d) any other pertinent information; and (e) the recommendation of the chief of the supply service concerned.

§ 804.438–6 War Department Group Insurance Rating Plan: The War Department Group Insurance Rating Plan, which is set forth in §§ 804.440 to 804.440–18, is to be applied as provided in said paragraphs on and after March 1, 1943, in accordance with §§ 804.439 to 804.439–4.

§ 804.439 *Procedure.* The chief of each supply service concerned will require cost-plus-a-fixed-fee contractors and their subcontractors to whom this plan is applicable to:

(a) Immediately request their insuring companies to attach to the policies involved a War Department Group Insurance Rating Plan Endorsement. Copies of all such requests will be obtained, and forwarded to the Insurance Branch, Fiscal Division, Headquarters, Army Service Forces.

(b) Request the insuring companies to furnish immediately to the Insurance Branch, Fiscal Division, Headquarters, Army Service Forces, all details pertinent to underwriting properly the policies involved.

§ 804.439–1 *Effective date of plan.* A careful review of the group insurance program which is involved in each case will be made by the Insurance Branch, Fiscal Division, Headquarters, Army Service Forces, and, upon completion of such review, the supply service concerned will be advised of the date on which the War Department Group Insurance Rating Plan is to be effective in each particular case.

§ 804.439–2 *Application for plan to be made immediately.* There will be certain cost-plus-a-fixed-fee contractors and subcontractors involved in this program, particularly those whose cost-plus-a-fixed-fee operations are commingled with lump sum or private operations, for whom it will be necessary to have the group insurance program carefully correlated with existing conditions; and there may be certain legal steps involved which will have to be fully explored. It is desired, therefore, that each contractor and subcontractor involved be required to make application immediately to the insuring companies for the War Department Group Insurance Rating Plan Endorsement, irrespective of the renewal dates of their policies.

§ 804.439–3 *Applicability of plan.* It is contemplated at this time that the War Department Group Insurance Rating Plan will be applied only in connection with policies covering cost-plus-a-fixed-fee contractors' employees when the work is either 100 percent cost-plus-a-fixed-fee or when the cost-plus-a-fixed-fee operations are physically separated from other operations of the contractor, either private or lump sum. There may be cases, however, where, pursuant to a review of the commingled operations, it will be possible to apply the rating plan.

§ 804.439–4 *Review by Insurance Branch.* Prior to the final acceptance of renewals or new purchases of group insurance, all such renewal or new purchase programs, together with the pertinent data, will be referred to the Insurance Branch, Fiscal Division, Headquarters, Army Service Forces, for approval.

§ 804.440 *Description of plan.*

§ 804.440–1 *General requirements.* On and after March 1, 1943, renewal of existing group insurance policies or the purchase of new group insurance policies, so far as cost is concerned, for prime cost-plus-a-fixed-fee contractors and cost-plus-a-fixed-fee subcontractors thereof, will be authorized only if the factors which the insuring company uses for that portion of such policies covering the cost-plus-a-fixed-fee contract are not greater than the maximum factors set forth in §§ 804.400–4 to 804.440–7 except that:

(a) The provisions of §§ 804.440 to 804.440–18 shall apply only to such policies under which more than 500 employees, operating under the cost-plus-a-fixed-fee contract, have been insured either on the effective date, if such policy is issued on or subsequent to March 1, 1943, or on any renewal date on or subsequent to that date irrespective of when the policy was issued.

(b) If the contractor desires to renew existing group insurance policies or to purchase new group insurance policies with or from an insuring company which uses factors greater than herein set forth, the United States shall not make, nor be liable for, reimbursement in an amount greater than would result from calculation in accordance with the provision of §§ 804.440 to 804.440–18, but no authorization shall be granted in any case if the pool reserve (§ 804.440–7 (b)) is not established and maintained exactly as specified herein.

NOTE: If the contractor does not desire to renew existing group insurance policies with an insuring company which refuses to issue a War Department Group Insurance Rating Plan Endorsement, the contractor's cost for the terminating year will be reimbursed in accordance with his contract.

§ 804.440–2 *Experience refund.* When the amount resulting from use of all factors is less than the earned premium according to the premium rates in force for the period for which calculation is made, the excess shall be returned by the insuring company to the contractor within two months of the date of calculation, except as otherwise provided in the succeeding sections.

§ 804.440–3 *Premium limitations.* Furthermore, anything contained herein to the contrary notwithstanding, the maximum charge by the insuring company to the contractor for such insurance in any period shall be determined by applying the premium rates in the policy in effect for such period.

§ 804.440–4 *Factor No. I; total losses.* Total losses shall be the amount of drafts issued during the period of calculation subject to the following modifications:

(a) An appropriate adjustment may be included for the amount of drafts issued during the succeeding period of two months on claims occurring during the period covered by the calculation (if corresponding adjustment is made at the beginning of the period) or, an insuring company which administers its business regularly on such basis may determine as its total losses for any policy period for the purposes of this section the drafts issued on claims occurring in such period or within the succeeding two months, plus an estimate of the drafts issued on unclosed claims occurring within such period.

(b) For death claims and for total and permanent disability claims approved for payment by the insuring company but for which either no payment or only partial payment has been made, an appropriate adjustment of losses may be included so as to include the face amount of claims approved for payment, with a deduction for the commuted value of any remaining installments on disability recoveries when the face amount of the claim approved for payment has previously been included in the losses charged under this plan.

(c) For waiver of premium total and permanent disability claims, losses may be appropriately adjusted to include, in lieu of actual payments at death, an amount of $850 for each $1,000 of such claims approved, and such amount shall be increased upon death by $150 and reduced upon recovery by $850 for each such $1,000 of insurance. Two years after the completion or termination of all cost-plus-a-fixed-fee contracts effective with each insuring company under this rating plan, or after the termination of the last insurance policy effective with each insuring company under this plan, whichever occurs sooner or at such earlier date as may be considered appropriate by the Insurance Branch, Fiscal Division, Headquarters, Army Service Forces, the reserves remaining on account of all such approved claims shall be subject to revaluation by an Arbitration Committee as provided in § 804.440–11.

§ 804.440–5 *Factor No. II*—(a) *Expense and risk charges.* The maximum allowable charge for taxes, conversions, and claim administration shall be 3.75 percent of the premium at the rate effective for the period of calculation, subject to the following modifications:

(1) *Taxes.* If the estimated amount incurred by the insuring company on all its policies operating under this plan for taxes on premium, surplus, or income exceeds 2 percent of the premium, such estimated amount of taxes may be charged, subject to the approval by the Insurance Branch, Fiscal Division, Headquarters, Army Service Forces, of the items to be included and the method of calculation. With such approval, the insuring company may estimate as of January 1 of each calendar year what its average tax rate will be for the policy years ending in the coming calendar year and charge that rate on all the policy years ending in that calendar year. If the actual taxes incurred on renewals in that calendar year, computed on either an average or individual contract basis, whichever basis is used by the insuring company for charging such items on its business, generally differ from the amount produced by the estimated factor the difference shall be charged or credited by the insuring company in its calculation of the estimated average tax rate for renewal in the following calendar year. Any difference remaining after the completion or termination of the last cost-plus-a-fixed-fee contract effective with each insuring company under this rating plan, or after the termination of the last insurance policy effective with each insuring company under such plan, whichever occurs sooner, shall be credited or charged, as the case may be, before the final disposition of the pool reserve as set forth in § 804.440–7 (b).

(2) *Conversions.* An insuring company may elect to have the percentage of 3.75 percent reduced to 2.25 percent for life insurance and include in lieu of the difference the actual cost charged by the insuring company to its group department, for actual conversions under all policies operating under this plan, if such charge per $1,000 of insurance converted is no larger than such insuring company charges its group department during the period for all such conversions. However, an insuring company which so elects will be considered to have experienced a conversion rate in excess of normal, if during the period that each policy comes under this rating plan the ratio of the amount of insurance converted for such policy to the total of the amount of insurance terminated for such policy is greater than the corresponding ratio for the remainder of such insuring company's corresponding business for this period, and under such circumstances charges for insurance converted will be subject to the approval of the Insurance Branch, Fiscal Division, Headquarters, Army Service Forces. (Such elections will be made in writing to the Insurance Branch, Fiscal Division, Headquarters, Army Service Forces, and will apply to all such insuring company's business under this rating plan.)

(3) *Claim expense.* If the actual amount incurred by the insuring company for claim expense on all its policies operating under this plan exceeds the amount otherwise determined by this paragraph, the actual amount of such claim expense may be charged only if the Insurance Branch, Fiscal Division, approves the calculation. With such approval, the insuring company may estimate as of January 1 of each calendar year what its average claim expense rate will be for renewals in the coming calendar year and charge that rate on all renewals in that calendar year. If the actual claim expense incurred on renewals in that calendar year, computed on either an average or individual contract basis, whichever basis is used by the insuring company for charging such items on its business, generally differs from the amount produced by the estimated factor the difference shall be charged or credited by the insuring company in its calculation of the estimated

average claim expense rate for renewals in the following calendar year. Any difference remaining after the completion or termination of the last cost-plus-a-fixed-fee contract effective with each insuring company under this rating plan, or after the termination of the last insurance policy effective with each insuring company under such plan, whichever occurs sooner, shall be credited or charged, as the case may be, before the final disposition of the pool reserve as set forth in § 804.440–7 (b).

(4) *Plans self-administered.* Where claims drafts are issued by the contractor or the contractor's agent the amount of the maximum allowable charge for all coverages other than life insurance shall be reduced by 1.25 percent of the premium.

(b) *Other expenses and risk charges.* The maximum allowable charge for expenses not included in paragraph (a) above, or in § 804.440–6, and for the insuring company's risk charges, shall be determined by Table I as follows:

TABLE I

Percentage of Earned Premium Developed by Applying Standard Rates With Extras for Industry, Sex, Race, or Any Other Cause

Annual premium:	1st Year	Renewal
$10,000 or less	16	11
$25,000	12	7
$50,000	11	6.5
$100,000	10	5.5
$250,000	9	4.5
$500,000	7	3.5
$1,000,000	6	3
Over $1,000,000	5	2.5

(1) The annual premium in Table I shall be taken as the premium for each form of coverage under each insurance policy, except dependent coverage shall not be considered as a separate coverage.

(2) If the annual premium lies between any two of the figures in the annual premium column, the percentage shall be interpolated to the nearest tenth of one percent.

(3) The figures shown in the column headed "1st year" shall not be used on premiums other than those earned in the first 12 months that an insurance policy was effective on a company, plant, or unit.

(4) For policies which are not operated on the so-called "self-accounting plan," all percentages in the above table may be increased by 1 percent of the premium.

§ 804.440–6 *Factor No. III: Commissions.* The maximum allowance for commission charges by the insuring company in connection with payments to soliciting agents or brokers will be:

(a) *Coverage in effect prior to March 1, 1943.* For insurance plans effective before March 1, 1943, not more in amount nor longer in duration than would be provided upon the basis of commission agreements applicable to such plans and consummated prior to March 1, 1943, *Provided:*

(1) That such agreements are pursuant to customary practice of the respective insuring companies.

(2) That so-called "1st year" commissions shall not be paid on premiums other than those earned in the first 12 months that the insurance was effective on a company, plant, or unit, and that such "1st year commission treatment" was decided and entered in the home office records prior to March 1, 1943.

(3) That renewal commissions shall not be paid for longer than nine years subsequent to the expiration of the first year commissions.

(b) *New coverage.* For insurance plans effective on or after March 1, 1943, not more than the percentages in the following table as applied to earned premiums without extras for industry, race, sex, or any other cause:

TABLE II

Total combined earned premium as calculated in accordance with this paragraph:	*Maximum soliciting agent's or broker's commission (percent)*
1st $10,000	7½
Next $40,000	4
Next $50,000	2
Next $400,000	1
Over $500,000	½

In determining the percentage from the above table, an insurance plan will be considered as including all coverages issued on and after the effective date of this rating plan covering the same group of employees working in operations to which a cost-plus-a-fixed-fee contract applies. If the insurance plan so defined is handled by more than one insuring company, the maximum allowance for commission charges for all coverages combined will be the same as that which would be allowed if the insurance plan were being handled by one insuring company. The maximum percentage allowance to be used by each insuring company concerned on that portion of the insurance plan which it is handling will be the percentage based on the combined premium for all the coverages included in the plan, regardless of what insuring company handles each coverage. Commissions on "extensions", "increases in coverages", and similar actions will be paid in accordance with the scale in Table II, but premiums on which first year or renewal commissions have been paid previously shall be counted in determining the proper place in the above premium column to commence the commission computation.

(c) *Commission savings.* Any savings which an insuring company may effect by reason of paying less commission on these insurance policies than are charged to these policies shall be credited to the contractors insured in accordance with this plan in the manner determined by the Insurance Branch, Fiscal Division.

(d) *Additional commissions.* Any charges above and beyond the agreements herein specified shall not be allowable as an item of reimbursable expense unless and until approved by the Insurance Branch, Fiscal Division.

§ 804.440–7 *Factor No. IV*—(a) *Policy reserves*—(1) *Open claims.* As a maximum allowance for a reserve for claims incurred but for which no payment has been made, or for a reserve for additional payments on claims on which partial payment has been made (in addition to any amounts already charged as losses under § 804.440–4), the insuring company may retain the percentage of premiums in Table III (see subparagraph (3) of this paragraph), calculated by using minimum rates with extras for industry, race, sex, or other cause.

(2) *Final disposition.* Two years after the completion or termination of all cost-plus-a-fixed-fee contracts effective with each insuring company under this rating plan, or after the termination of the last insurance policy effective with each insuring company under this plan, whichever occurs sooner, or at such earlier date as may be considered appropriate by the Insurance Branch, Fiscal Division, the difference between the total amount charged under this rating plan by each insuring company for such reserves over the sum of (i) the amounts actually paid as the result of claims under this rating plan for which such reserves were held, and (ii) the amounts required for subsequent payments (such latter amounts to be calculated by the insuring company and submitted for the approval of the insurance Branch, Fiscal Division), shall be returned to the contractors or their successors or nominees (policies on which the insuring company has paid out an amount equal to or greater than the amount charged for policy reserves shall be excluded in making this calculation) according to the ratio that the difference between the amount of policy reserves charged on each such policy and the amount of policy reserves paid or required for subsequent payments on each such policy bears to the total of such differences, or shall be deducted by the insuring company from any settlement otherwise available from the pool reserve set forth in paragraph (b) of this section, as the case may be, but such charge shall be made to the pool reserve only if satisfactory proof is furnished the Insurance Branch, Fiscal Division, that the policy reserves, in the aggregate, set up by the insuring company at the time this rating plan became effective, were sufficient to pay all losses on claims occurring prior to the date this plan became effective with respect to such policies.

TABLE III

Forms of insurance	*Percentages of earned premium as defined in subparagraph (1) above*
Life insurance:	
(a) With permanent total disability benefit	30
(b) With premium waiver provision	15
(c) With extended death benefit	10
Indemnity for accidents or sickness	10
Indemnity for hospital confinement	[1] 10
Indemnity for surgical operations	[1] 10
Accidental death and dismemberment insurance	10

[1] For policies including maternity or obstetrical benefits for dependents of employees, an additional reserve of 25 percent of the premium for the dependent coverage (including the premium for the maternity coverage) may be held.

(3) Subject to the limitations of this plan, the policy reserves maintained shall be in strict accordance with the general practice of the insuring company.

(b) *Pool reserve*—(1) *Final disposition.* Each insuring company shall create and maintain a pool reserve which shall be available for the payment of losses (as outlined in subparagraph (2) of this paragraph) under that portion of all of its policies to which a War Department Group Insurance Rating Plan Endorsement applies. Two years after the completion or termination of all cost-plus-a-fixed-fee contracts effective with each insuring company under this rating plan, or after the termination of the last insurance policy effective with each insuring company under this plan, whichever occurs sooner, or at such earlier date as may be considered appropriate by the Insurance Branch, Fiscal Division, any portion of this reserve which has not been used for any of the purposes authorized by this rating plan shall be returned to the contractors or their successors or nominees. Such return shall be allocated to the various policies in proportion to the difference between each policy's contribution to the total pool reserve and the amounts withdrawn from such reserve to pay claims under such policy, but policies on which the insuring company has paid out an amount equal to or greater than the amount charged for the pool reserve shall be excluded in making this calculation.

(2) *Use.* If the total losses under any contractor's policy for any policy year plus one-half the maximum increase in the policy reserve permitted for the period by reason of increase in premium, or minus the decrease in policy reserve by reason of decrease in premium, to the extent that the result is not less than the premium, as the case may be, shall exceed 100 percent of the earned premium for such year calculated on the basis of minimum rates with any extras for industry, race, sex, or other cause, the insuring company shall be entitled to reimbursement for all such amounts in excess of such premium and this amount shall be added to the contribution required of this policy to the pool reserve.

(3) *Establishment and maintenance.* To establish and maintain this pool reserve, the insuring company shall, in calculating any experience refund for any year, be entitled to deduct the amount, if any, by which the larger of (i) 20 percent of the premium for the year for which such experience refund is applicable, such premium to be calculated on the basis set forth in the preceding paragraph, or (ii) the extra premium for industry accumulated from the renewal date prior to March 1, 1943, to the date of calculation, exceeds any amount actually remaining in the pool reserve from previous contributions to such reserve by this contract. The amount of such deduction for any year shall in no event exceed the amount, if any, remaining after completing the operations set out in § 804.440–8 (a) to (h), inclusive.

§ 804.440–8 *Experience rating account.* The insuring company shall maintain an experience rating account for the insurance under each policy to which this rating applies. As of each renewal date and within 60 days, this account shall be adjusted in the order indicated:

(a) Credit the actual premium.

(b) Charge losses as described in § 804.440–4.

(c) Charge one-half the maximum increase in the policy reserve permitted for the period by reason of increase in premium in accordance with § 804.440–7 (a) (3).

(d) Credit the decrease in policy reserve by reason of decrease in premiums to the extent that (b) exceeds (a).

(e) Credit from the pool reserve:

(1) In the event of an increase in policy reserve (b) plus (c) minus (a).

(2) In the event of a decrease in policy reserve (b) minus (d) minus (a).

(f) Charge expenses not greater than the maximum allowable under §§ 804.440–5 and 804.440–6.

(g) Charge deficit carried over (if any) from previous period. (In first calculation under this plan (g) shall be taken as zero. For subsequent calculations, it shall be taken as (k)).

(h) Charge an amount, if available, which if added to (c) shall not be greater than sufficient to attain one-half the maximum policy reserve for the period as set forth in § 804.440–7 (a).

(i) Charge an amount, if available, not greater than sufficient to establish and maintain the appropriate maximum amount in the pool reserve as of the end of the period in accordance with § 804.440–7 (b).

(j) Charge an amount, if available, not greater than sufficient to attain the maximum policy reserve for the period as set forth in § 804.440–7 (a).

(k) Deduct total charges from total credits. If result is positive, treat as experience refund; if result is negative, treat as deficit.

It is recommended that each insuring company maintain in connection with each policy an experience rating account, a policy reserve account, and a pool reserve account, showing the maximum allowable reserves under each account, the actual reserves set up, and all debit and credit transactions affecting these accounts.

§ 804.440–9 *Distribution of experience refund.* When an experience refund or reserve refund is made by the insuring company the contractor shall proceed in the following manner unless approval for a different procedure is given by the Insurance Branch, Fiscal Division:

(a) Any such refund shall be credited to the contractor's charge to the War Department, except that the contractor may, with the consent of the Insurance Branch, Fiscal Division, continue any practice he may have had prior to March 1, 1943, as to the application of all or any part of such refund. In any event, if the refund exceeds the contractor's contribution to the cost of the plan, the excess shall be applied for the sole benefit of the employees.

(b) In the event that unforeseen circumstances prevent such division of any refund, any or all of such monies so affected shall be payable to the United States.

§ 804.440–10 *Minimum contribution by employees.* If any contractor has a group insurance policy under which the employees' contributions are at a rate lower than specified in this section, the United States shall not make or be liable for reimbursement in an amount greater than the maximum reimbursement that could result under such plan of group insurance if the employees' contributions were at the rates herein set forth. If the group insurance was in force on March 1, 1943, the minimum rate of contributions for the purpose of this paragraph shall be the scale of contributions applicable at that time, and if the group insurance was not in force on March 1, 1943, the minimum contributions shall be the equivalent of 60¢ per month per $1,000 of group life insurance and 60¢ per month per $10 of weekly indemnity for accidents and sickness, unless a lower scale of contributions is approved by the Contract Insurance Branch, Special Financial Services Division, Office of the Fiscal Director, Headquarters, Army Service Forces.

§ 804.440–11 *Establishment of arbitration committee.* For revaluation of the reserves described in § 804.440–4 (c), and for decision relative to other reserves not returned within the time limits specified, an arbitration committee shall be selected consisting of three members, one selected by the insuring company, one by the contractor and the third by these two members, and the majority decision of this committee shall be final if approved by the Contract Insurance Branch.

§ 804.440–12 *Forwarding of data.* As soon as the insuring company has furnished to the contractor the renewal data required herein, it shall be forwarded to the Contract Insurance Branch for examination.

§ 804.440–13 *Limitation of reimbursement.* There shall be no reimbursement, or liability for reimbursement, in excess of that developed by applying generally recognized extras for sex, industry, or race (except extra higher rates in effect prior to March 1, 1943), unless such reimbursement has had approval of the Contract Insurance Branch prior to the effective date of any rates greater than above specified.

§ 804.440–14 *Termination of contract by the Government.* In the event the cost-plus-a-fixed-fee contract is terminated on the basis set forth in the preceding paragraph, or (ii) the extra premium for industry accumulated from the renewal date prior to March 1, 1943, to the date of calculation, exceeds any amount actually remaining in the pool reserve from previous contributions to such reserve by this contract. The amount of such deduction for any year shall in no event exceed the amount, if any, remaining after completing the operations set out in § 804.440–8 (a) to (h), inclusive.

§ 804.440–15 *Endorsement of policies.* All policies shall bear suitable identifying endorsement, in a form acceptable to the Contract Insurance Branch, as evidence that the War Department Group Insurance Rating Plan is applicable.

§ 804.440–16 *Effective date.* The effective date of this rating plan, as to any policy or portion thereof to which it is applicable, shall be determined by the Contract Insurance Branch, but shall not be earlier than March 1, 1943.

§ 804.440–17 If in the opinion of the Contract Insurance Branch, Special Financial Services Division, there are circumstances which would make the application of this plan inappropriate, it shall not become operative, anything contained herein to the contrary notwithstanding.

§ 804.440–18 Nothing contained herein shall be construed as regulating the charges which an insurance company can make under any policy or policies.

§ 804.441 *Benefits in event of capture or detention of employees.* Standards for the amount of benefits and the methods of providing payment to employees in the event of their capture or detention are set forth in Public Law 784, 77th Congress. This law sets forth the policy of Congress and provides that upon claims being filed as specified therein, payment or reimbursement will be negotiated through the United States Employees Compensation Commission. Where, in the opinion of the chief of the technical service concerned, it is necessary that the amount of benefits be increased over that prescribed in the statute above referred to, prior approval of the Contract Insurance Branch, Special Financial Services Division, Headquarters, Army Service Forces will be obtained. The following information will be forwarded to that Branch: (a) Reasons why such increase is necessary; (b) statement as to whether qualified employees can be obtained without providing increased benefits; (c) number of employees involved; (d) location of operations; (e) any special hazards; (f) any other pertinent information; (g) the recommendation of the chief of the technical service concerned.

§ 804.442 *Insurance in connection with cost-plus-a-fixed-fee contracts outside of the continental United States.* The foregoing §§ 804.434 to 804.441, inclusive, may not be applicable to cost-plus-a-fixed-fee contracts for work to be performed outside the continental United States. Such contracts involve questions of the applicable laws and local conditions which will be encountered in the country where the work is to be performed, as well as questions of the medical and hospital facilities for the treatment and care of employees of the contractor. Insurance companies generally are not equipped or licensed to underwrite insurance in foreign countries. In order to establish the required coordination in connection with such contracts, the chief of the technical service concerned will advise the Contract Insurance Branch, Special Financial Services Division, Headquarters, Army Service Forces, of all such contemplated work as far in advance as possible. Arrangements will then be made to have a representative of that Branch present, if practicable, during the negotiations with respect to the contract provisions pertaining to insurance liability, medical and hospital matters. The Contract Insurance Branch, will be responsible for the establishment and proper functioning of insurance facilities on such projects, and direct communication is authorized for this purpose.

Insurance in Connection With Lump Sum Contracts

§ 804.450 *General.* No insurance requirements, other than statutory requirements, will be imposed on the contractor unless in the opinion of the chief of the technical service concerned the imposition of certain insurance requirements will serve to safeguard the contractor's ability to perform the contract. If performance and payment bonds support the contract, the requirement of any insurance should be unnecessary.

§ 804.451 *Insurance on Government-owned property.* (a) The same general policy exists with respect to Government-owned property in the possession, care, custody or control of lump sum or unit price contractors as exists with respect to such property in the possession, care, custody or control of cost-plus-a-fixed-fee contractors (see § 804.434.) To implement this policy—under which the Government is in effect a self-insurer on its own property—there shall be inserted in lump sum or unit price contracts for the performance of which Government-owned property is furnished to contractors, the article set forth in § 803.365–1a, or, in case where Government-owned production machinery or other facilities are so furnished, the liability provisions of § 803.332.

(b) The contract articles referred to are intended to put the contractor in the same position he would occupy if he obtained commercial insurance policies providing broad coverage against the "expected perils" set forth in the contract article. In view of the protection thus afforded to the contractor by the Government in lieu of commercial insurance, the contractor has no liability for loss or destruction of or damage to Government-owned property caused by any "excepted peril" against which he may obtain commercial insurance, and the contractor is in fact required by the contract article to make the express representation (among others) that he is not maintaining and will not maintain insurance (including self-insurance funds or reserves) covering such liability.

(c) The policy described above rests to a large degree upon the savings to the Government obtained by the elimination of charges for commercial insurance, which savings are, of course, intended to be reflected in the contract price. When, by reason of special circumstances, it is not practicable to obtain such savings (for example, when Government interests are so far commingled with other interests as to be practically incapable of segregation) or the savings are trivial in amount, the chief of the technical service concerned may, in his discretion, determine that the general policy will not be applied. Typical cases where this determination has been made in the past are: service contracts such as laundry contracts; shoe, tent or tire repair contracts; machinery maintenance or repair contracts; fixed rate storage contracts. In such cases neither the contract article set forth in § 803.365–1a nor the liability provision of § 803.332 will be used. In lieu thereof the following will be used:

(1) Instead of the article set forth in § 803.365–1a, a clause may be used stating in substance that except for reasonable wear and tear or depreciation or the utilization of the Government-owned property in connection with the contract, the contractor shall be liable for any loss or destruction of or damage to such property.

(2) Instead of the liability provision appearing in § 803.332, a clause may be used stating in substance that except for reasonable wear and tear or depreciation, the Government-owned facilities shall be returned to the Government or delivered to the Government's designee, at the time elsewhere in the article provided, in as good condition as when received.

(d) The same general policy as exists with regard to lump-sum supply contracts applies to fixed-price contracts for services accessorial to or forming a part of a transportation movement, including contracts for freight handling, car loading and unloading, packing and crating, stevedoring, lighterage, trucking, heavy lift service, lumber handling and other contracts for terminal services not procured by means of a bill of lading. For forms of contract articles covering liability for Government-owned property, see § 803.365–1b.

§ 804.451–1 *Procedure to be followed in the event of loss or destruction of or damage to property of the Government in the possession or control of contractors (or subcontractors).* (a) Except when insurance is permitted, upon the happening of loss or destruction of or damage to property in the possession or control of contractors (or subcontractors) caused by an "excepted peril" (see §§ 803.365–1a and 803.332) the procedure to be followed is the same as that described in § 804.434–1.

(b) In connection with the disposal of damaged Government property, attention is invited to paragraph (d) of the article set forth in § 803.365–1a and paragraph (F) (4) of article set forth in § 803.332, which are comparable with § 803.363.

§ 804.452 *Waiver of Defense Plant Corporation insurance requirements.* Inasmuch as the insurance costs are included in the contract price, the provisions of §§ 804.435 to 804.435–2 are also applicable to lump sum contracts.

§ 804.453 *Lump sum contracts excluding cost of insurance.* In certain cases contracts are awarded on a basis of a contract price exclusive of the cost of the forms of insurance specified in §§ 804.436 to 804.436–3. Such contracts contain a provision pursuant to which the Government agrees to reimburse the contractor on an actual cost basis for the cost of such insurance. In such cases, the provisions of §§ 804.434 to 804.442, inclusive, of this subpart, are applicable to such insurance. The contractor may purchase at his own expense such additional or other insurance protection as he may deem necessary.

Architect-Engineer-Management Contracts

§ 804.460 *Architect - engineer - management contracts.* (a) In the interest of security and in order to obtain the most suitable and efficient arrangements with respect to insurance, hospital, and medical, loss paying and safety engineering facilities, the chief of the technical service concerned will require the contractor under an architect-engineer-management contract to provide through one insurance company specified insurance for all cost-plus-a-fixed-fee contractors and subcontractors, lump sum contractors and lump sum subcontractors other than contractors and subcontractors under supply contracts and subcontracts. Such insurance will afford the contractors and subcontractors the coverage referred to in §§ 804.436–1 to 804.436–3 (for contract provisions see §§ 803.365–5 to 803.365–8).

(b) The contractors or their subcontractors may purchase at their own expense such additional or other insurance protection as they deem necessary. When insurance carriers furnishing such additional protection request access to the site of the work for personnel engaged in servicing such insurance, the chief of the supply service concerned may deny such access, or restrict it to such of those personnel as it is, in his judgment, necessary to admit for the proper servicing of the insurance.

War Risk Insurance in Connection With Vessels or Other Floating Equipment

§ 804.461 *Master policy.* A master policy issued by the War Shipping Administration to the War Department permits the War Department to insure with the War Shipping Administration war risks or liabilities which it has assumed or for which it is obligated in connection with certain persons, vessels or other floating equipment. Declarations under this policy will be made to the War Shipping Administration by the Chief of the technical service concerned or any subordinate whom he may designate. All declarations will be numbered in sequence as reports are made. For required form of report see § 804.497–3.

§ 804.461–1 *Risks covered.* The master policy covers risks or liabilities that are assumed by or that may be imposed on the War Department:

(a) As owner, operator or owner and operator of vessels or other floating equipment;

(b) Under charters or other forms of contracts for the use by the War Department of privately owned vessels or other floating equipment;

(c) Under any form of agreement for the operation of such vessels or equipment;

(d) Under any form of agreement for the carriage by water of any person or property on a commercial basis; and

(e) Under any contract for the construction of vessels or other floating equipment for the War Department.

§ 804.461–2 *Property and interests insurable.* The persons, vessels, property, or interests that may be insured under the master policy are those set forth in section 222 of Public Law 523, 77th Congress, namely:

(a) Vessels:

(1) American vessels (including vessels under construction);

(2) Vessels registered under the law of the Philippine Islands;

(3) Foreign-flag vessels owned by citizens of the United States (as said term "citizen" is used in Public Law, 173, 77th Congress, approved July 14, 1941) or owned or controlled by or made available as described in § 804.461–1 (c) but engaged in the waterborne foreign commerce of the United States or other transportation by water or other vessel services deemed by the Maritime Commission to be in the interest of the war effort or the domestic economy of the United States, while so engaged.

(b) Cargoes shipped or to be shipped on any vessels specified in paragraph (a) above, including shipments by express or registered mail.

(c) The disbursements (including advances to masters and general average disbursements) and freight and passage moneys of such vessels.

(d) The personal effects of the masters, officers and crews of such vessels, and of other persons transported on such vessels:

(1) Personal effects of licensed officers and other persons may be covered for $500; and of unlicensed crew members for $300;

(e) Master, officers and crews of such vessels and other persons employed or transported thereon against the loss of life, personal injury or detention by an enemy of the United States following capture. ((1) Crew life: Personnel of vessels and other persons may be covered for $5,000 against loss of life and for scheduled benefits against injury. (2) Wages and bonuses: Liability for wages and bonuses of personnel of vessels may be covered against loss resulting from internment or destruction or abandonment of vessels resulting from capture, seizure, etc.)

(f) Protection and indemnity: Statutory or contractual obligation or other liabilities of such vessels or of the owner or charterer of such vessels of the nature customarily covered by insurance. (If protection and indemnity is required, report should reflect value of the vessel or approximately $150 per gross ton subject to a minimum of $50,000 per vessel.)

§ 804.461–3 The master policy does not cover:

(a) Total or constructive total loss, or partial loss (particular average) of any vessels, equipment, or property owned by the War Department;

(b) Claims for damage or service of any nature asserted by any other Government Department or Agency, or barrel by decision of the Comptroller General;

(c) Liabilities of any nature toward personnel of the military forces of the United States and other United Nations;

(d) Any losses or liabilities existing or imminent at the time any vessel, property or other interest is reported to the War Shipping Administration for coverage under this policy;

(e) Losses or liabilities of any nature excluded by the provisions of War Shipping Administration policies.

Purchase of Insurance by Cost-Plus-a-Fixed-Fee Contractors

§ 804.470 *Acceptability of insurance carrier.*

§ 804.470–1 The contractor will designate its own insurance carrier on all projects except where insurance is placed on a competitive bid basis as hereafter provided in § 804.470–2. The insurance carrier selected must meet the following minimum standards of acceptability:

(a) At least 80% of the outstanding stock of the insurance carrier must be owned by citizens of either the United States or one or more of the other United Nations; and the carrier must be wholly controlled and operated by such citizens and free from any direct or indirect Axis or Pro-Axis connections or influence.

(b) The carrier must have an unobligated minimum surplus of $350,000.

(c) In the case of a contract of casualty insurance, other than Workmen's Compensation insurance, the financial condition of the insurance carrier must be such that the policy wil not expose it in a single accident or occurrence to a loss (1) in the case of a fixed-premium carrier of more than 10% of its total capital stock and surplus, or (2) in the case of a dividend paying carrier of more than 10% of its net assets.

(d) In the case of workmen's compensation insurance, the insurance carrier shall have (1) in the case of fixed-premium carrier, a total capital and surplus of at least a million dollars, or (2) in the case of a dividend paying carrier, at least a million dollars of net assets.

§ 804.470–2 The chief of the technical service concerned will pass upon the acceptability of the insurance carrier whether selected by the contractor or chosen on a competitive basis. The chief of the technical service will obtain from the contractor the following information which will be used by him in conjunction with the standards set forth in § 804.470–1 in determining the acceptability of the carrier:

(a) The name of the insurance carrier;

(b) The jurisdiction in which the insurance carrier is organized;

(c) Whether the insurance carrier is qualified to write the required insurance in the jurisdiction in which the project is located;

(d) A statement executed by an authorized official of the insurance carrier that the insurance carrier meets the standards of acceptability set forth in § 804.470–1;

(e) The engineering, claims and medical facilities, if required, which will be provided at the project by the insurer;

(f) The latest financial statement of the insurance carrier;

(g) A separate letter which may be forwarded directly by the insurance carrier to the chief of the technical service concerned, setting forth the actual amount of each risk retained by the primary carrier and its reinsurance arrangements, including the names of all reinsurers and the amount of risk accepted by each. Such letter will embody a statement that the reinsurance arrangements will not be modified or cancelled until thirty days advance notice shall have been given to the Contract In-

surance Branch. Where a reinsurer is a foreign company or a foreign controlled company, the letter outlining the reinsurance arrangements will include a statement that the primary carrier will not divulge the name, nature or location of the risk and that if such disclosure is required to obtain payment of a reinsured loss, prior approval will be obtained from the Contract Insurance Branch before any information is given to the foreign reinsurer or foreign controlled reinsurer.

§ 804.471 *Methods of purchase of casualty insurance.* Casualty insurance required or authorized under any section of this part will be purchased in the manner specified in §§ 804.471–1 to 804.471–4.

§ 804.471–1 Where the premiums involved are estimated to amount to $300 or less the contractor will select the insurance carrier and procure the necessary insurance.

§ 804.471–2 Where the premiums involved are estimated to exceed $300, but not to exceed $5,000, the contractor will be required to purchase the insurance on a competitive bid basis. In order to secure a fair market price, at least four bids will be required, two of which will be from reliable fixed-premium carriers and two from reliable dividend paying carriers. If one bid is received from a fixed-premium paying association or syndicate and another from a dividend paying association or syndicate, such bids will be sufficient to comply with these requirements. The terms "associations" or "syndicates" refer to groups of insurance carriers which have joined together for participation in the risk involved on a predetermined basis which contemplates that they will be jointly and severally liable under the insurance policy. The chief of the technical service concerned will assure himself that all insurance purchased on a competitive bid basis is placed with the carrier or carriers offering the lowest net cost commensurate with sound protection and service before approving the policy or policies.

§ 804.471–3 (a) Except as provided in paragraph (b), where the premiums involved are estimated to exceed $5,000 the contractor will select its own insurance carrier and require the issuance of policies under the War Department Insurance Rating Plan described in §§ 804.473 to 804.489 below. An exception will be made to this requirement when the statutes of the jurisdiction involved expressly prohibits the use of this plan and permission cannot be obtained without modification of the statutes of the jurisdiction concerned.

(b) Where the operations of the contractor under a cost-plus-a-fixed-fee contract are commingled with its other operation, or where operations are being performed by the contractor under more than one cost-plus-a-fixed-fee contract with one or several of the technical services, the use of the War Department Insurance Rating Plan may not be appropriate. In such cases the chief of any technical service concerned will forward to the Contract Insurance Branch, Special Financial Services Division, Office of the Fiscal Director, Headquarters, Army Service Forces, his recommendations, and that Branch, after coordinating with any other technical services concerned, will advise as to the proper insurance requirements.

§ 804.471–4 Insurance coverages which cannot be written under the War Department Insurance Rating Plan will be purchased on the competitive bid basis or as set forth in § 804.436–4.

War Department Insurance Rating Plan

§ 804.473 *Plan in general.* The War Department Insurance Rating Plan is a comprehensive retrospective rating formula for the determination of premium specially adapted to fit the needs of the War Department. The Plan was approved for use by the War Department on May 3, 1941, and is available for use in connection with the required casualty insurance coverage as outlined in §§ 804.436–1 to 804.436–3. It may be extended to include the coverages outlined in §§ 804.437–2 to 804.437–4. The plan will be used where the cost of insurance provided by the contractor is reimbursable under the contract. The clauses which are required to be attached to policies written in connection with the plan are enumerated in § 804.475.

§ 804.474 *Duration of coverage.* The insurance will be continuous and concurrent until completion of the project or operation except that if the project or operation is of indefinite duration, the insurance to be written under the plan shall be for an initial period of twenty-four (24) months. In such event, if the project or operation continues for a longer period than twenty-four months, the policies of insurance will be renewed at the expiration of the first twenty-four months by attachment of endorsement in accordance with forms set forth in §§ 804.499 and 804.499–1, to workmen's compensation, comprehensive general liability and comprehensive automobile policies, respectively.

§ 804.475 *Endorsements to be attached to policy.* The insurance carrier selected will be required to attach the following endorsement forms to the policies issued by it:

(a) War Department Insurance Rating Plan endorsement (see § 804.497–4).

(b) General endorsement for general liability policy (see §804.497–5).

(c) General endorsement for automobile liability policy (see § 804.497–6).

(d) General endorsement for workmen's compensation and employers' liability policy (see § 804.497–7).

§ 804.476 *Rules and rates under War Department Insurance Rating Plan.* A Joint Committee representing the Association of Casualty and Surety Executives and the American Mutual Alliance established rules and rates set forth in §§ 804.477 to 804.482–1 for use in connection with policies written under the War Department Insurance Rating Plan. These rules and rates were approved by the War Department on May 13, 1941.

§ 804.477 *Rules and rates with respect to workmen's compensation.* The rules and rates adopted as set forth in § 804.476 prescribe that the Manual Rules and Rates set forth in the following paragraphs shall be used, in connection with the War Department Insurance Rating Plan, as the basis for determining the standard premium for workmen's compensation insurance with respect to projects located in the jurisdictions therein referred to:

(a) District of Columbia, Territories of Alaska and Hawaii and all states in which private insurance carriers may write insurance under the War Department Insurance Rating Plan, except the states enumerated in paragraphs (b) to (n): Manual Rules and Rates published by the National Council on Compensation Insurance.

(b) Arizona: Manual Rules and Rates promulgated by the Industrial Commission of Arizona.

(c) California: Manual Rules and Rates promulgated by the California Inspection Rating Bureau.

(d) Delaware: Manual Rules and Rates promulgated by the Delaware Compensation Rating and Inspection Bureau.

(e) Louisiana: Manual Rules and Rates promulgated by the Louisiana Casualty and Surety Rating Commission.

(f) Massachusetts: Manual Rules and Rates promulgated by the Massachusetts Rating and Inspection Bureau.

(g) Minnesota: Manual Rules and Rates promulgated by the Minnesota Compensation Rating Bureau.

(h) New Jersey: Manual Rules and Rates promulgated by the Compensation Rating and Inspection Bureau of New Jersey.

(i) New York: Manual Rules and Rates promulgated by the Compensation Insurance Rating Board.

(j) North Carolina: Manual Rules and Rates promulgated by the Compensation Rating and Inspection Bureau of North Carolina.

(k) Pennsylvania: Manual Rules and Rates promulgated by the Pennsylvania Compensation Rating and Inspection Bureau.

(l) Texas: Manual Rules and Rates promulgated by the Board of Insurance Commissioners of Texas.

(m) Virginia: Manual Rules and Rates promulgated by the Workmen's Compensation Rating Bureau of Virginia.

(n) Wisconsin: Manual Rules and Rates promulgated by the Wisconsin Compensation Rating and Inspection Bureau.

§ 804.478 *Employers' liability insurance (Mississippi).* It is prescribed that the Manual Rules and Rates of the National Bureau of Casualty and Surety Underwriters shall be used as a basis for determining the standard premium for employers' liability insurance.

§ 804.479 *Employers' liability and voluntary compensation insurance (Oregon and Washington).* It is prescribed that the Manual Rules and Rates of the National Bureau of Casualty and Surety Underwriters shall be used as the basis for determining the standard premium for employers' liability and voluntary compensation insurance.

§ 804.480 *Experience rating not to be employed.* In adopting the manual rules and rates of the existing rating organizations the Joint Committee specifically provided that experience rating should not be employed. Instead, in recognition of the differences in hazard, it adopted the following rule:

For the purpose of determining the amount of the "fixed charge" under the War Department Insurance Rating Plan, the standard premium for workmen's compensation and employers' liability insurance shall be discounted 10% before applying the appropriate percentage as prescribed in Table I of the Plan.

No discount which may be provided for in the manual rules and rates published by the National Council on Compensation Insurance or in any of the manual rules and rates referred to in §§ 804.477 to 804.480 to reflect any reduction in expense shall be applicable in determining the standard premium.

§ 804.480–1 *Modification of basic manual rules by interpretation.* With respect to workmen's compensation, employers' liability and manufacturers' and contractors' liability insurance, the Joint Rating Committee has made provision whereby the basic manual rules with regard to assignment of payroll of miscellaneous employees will be modified by interpretation as follows:

(a) The payroll of miscellaneous employees shall be assigned by audit period.

(b) The payroll of miscellaneous employees whose duties during the entire audit period were incidental to and are directly assignable to a single manufacturing classification shall be assigned to the rate for that classification unless such payroll has not been so allocated on the records in which case these employees shall be assigned as cited in the following paragraph (c).

(c) The payroll of miscellaneous unassignable employees whose duties during the audit period were incidental to two or more manufacturing classifications shall be assigned to the several manufacturing classifications in the same proportion which the payroll of the several manufacturing classifications bears to the total payroll of such manufacturing classifications.

(d) In cases where a project average rate is to be used to cover all operations, the payroll of miscellaneous employees shall be included in the rate determination and the procedure described in paragraphs (b) and (c) above shall be followed on an estimated basis for the entire period covered by the policy rather than by audit period.

§ 804.481 *Automobile bodily injury and property damage liability insurance.* (a) For insurance on projects located in the District of Columbia, the Territories of Alaska and Hawaii and all states except Louisiana, Massachusetts, North Carolina and Texas, it is prescribed that the Manual Rules and Rates of the National Bureau of Casualty and Surety Underwriters shall be used as a basis for determining the standard premium for automobile bodily injury and property damage liability insurance subject to the following modifications:

(1) All commercial automobiles shall be rated as medium class 5 regardless of the class and load capacity to which such commercial car would ordinarily be assigned except in Massachusetts where light class 4 will be applicable.

(2) All automobiles classified as private passenger automobiles under the Manual Rules and Rates shall be classified as "Class C".

(3) In lieu of the rates appearing in the Manual Rules and Rates for non-ownership bodily injury and property damage liability, standard limits rates applicable to this coverage shall be as follows, such rates to apply to the total payroll on the project:

(i) $0.06 per $1,000 for payroll for bodily injury liability effective for new and renewal policies written on or after March 1, 1943, in all states except:

Kansas effective April 30, 1943.

Indiana and North Carolina effective May 5, 1943.

Washington effective May 8, 1943.

Virginia effective May 30, 1943.

(ii) $0.05 per $1,000 of payroll for property damage liability.

(4) All automobiles owned by the Federal government and furnished for the contractors' use on a project, and all automobiles hired or purchased under rental purchase contracts shall be classified and rated in the same manner as automobiles owned by the contractor. Hired automobiles other than those hired under a rental purchase contract shall be rated in accordance with the Rules and Rates prescribed in the Manual, except that when cars are hired without chauffeurs the payroll upon which the premium will be calculated will be double the cost of hire.

(5) Neither the Experience Rating Plan nor the Automobile Fleet Plan Discount nor any other individual risk rating plan shall be used but in lieu thereof, and in recognition of the reduced hazards on these risks the manual rates including the rates set forth above shall be subject to a uniform discount of 50%.

(b) For insurance on projects located in Louisiana, Massachusetts, North Carolina and Texas, it is prescribed that the rules and rates of the organizations set forth below shall be used as a basis for determining the standard premium for automobile bodily injury and property damage liability insurance subject to the modification set forth in subparagraphs (1) to (5) above:

(1) Louisiana: The Louisiana Casualty & Surety Rating Commission.

(2) Massachusetts: Massachusetts Automobile Rating and Accident Prevention Bureau.

(3) North Carolina: North Carolina Automobile Rate and Administrative Office.

(4) Texas: The Board of Insurance Commissioners.

(c) For insurance on projects located in the states of Illinois, New Hampshire, New York, Oklahoma, Virginia and Washington, the Manual Rules and Rates of the National Bureau of Casualty and Surety Underwriters referred to in paragraph (a) above, shall be used in the form in which they are filed with and approved by the state supervising authority having jurisdiction.

(d) In the event that coverage is required for any automobiles for which passengers are carried for a consideration, such automobiles are to be rated in accordance with the Manual Rules and Rates applicable to public automobiles, subject to the 50 percent discount applicable to other classes of automobiles.

§ 804.482 *Comprehensive bodily injury liability insurance.* For insurance on projects located in the District of Columbia, the Territories of Alaska and Hawaii and all states except Louisiana and New York it is prescribed that the Manual Rules and Rates of the National Bureau of Casualty and Surety Underwriters shall be used as a basis for determining the standard premium for comprehensive bodily injury liability insurance. For insurance on projects located in the state of New York the basis for determining the standard premium shall be the Manual Rules and Rates of the National Bureau of Casualty and Surety Underwriters as approved by the New York State Insurance Department; and for insurance on projects located in Louisiana, the basis for determining the standard premium shall be the Manual Rules and Rates of the Louisiana Casualty and Surety Rating Commission. Neither the Experience Rating Plan nor any other individual risk rating plan shall be used, but instead in consideration of the reduced hazards on these risks all manual rates shall be subject to a uniform discount of 50 per cent.

§ 804.482–1 Those classifications in the Manual for which no rates appear will be submitted by the insurance carrier to the appropriate rating authority if any, for the establishment of a rate. The rate so established will be submitted to the Contract Insurance Branch, Special Financial Services Division, Office of the Fiscal Director, Headquarters, Army Service Forces. Any liability rate so established will be subject to the 50% discount applicable to other liability insurance classifications.

§ 804.483 *Insurance Advisor.* (a) In connection with the War Department Insurance Rating Plan, each contractor performing a contract in one of the several States of the United States or the District of Columbia, will select a competent and responsible Insurance Advisor. This Advisor may be a licensed insurance agent or broker or other person of comparable competence and trustworthiness. He shall not, while so employed be employed or paid any remuneration whatsoever by any insurance carrier for services rendered or benefit conferred directly or indirectly in connection with the insurance on the project to which the Insurance Service Agreement relates (see § 804.497–13). The advisor selected will be requested to submit a detailed statement of the knowledge and experience which qualifies him to act as Insurance Advisor.

(b) On projects located in States having a resident agents law which requires an advisor to be a licensed agent or broker such law will be complied with.

§ 804.483–1 Paragraph 1 of the Insurance Service Agreement, when used in connection with projects located in Massachusetts must be amended by inserting the words "being a duly licensed advisor, agent, or broker as defined in section 163, 166, and 177b of the General Laws, Chapter 175," between the words "hereinafter called the Advisor" and the words "agreement(s), in consideration of a fee".

§ 804.483–2 If the contractor desires that his regular insurance agent or broker act as Advisor but the project is so far removed that the agent or broker (not qualified as set forth above) is unable to give complete service, the agent or broker may arrange with another person or firm sufficiently near the project to render a portion of the Advisor's services. The individual or firm will qualify as an Advisor as set forth above and both parties will execute jointly the Insurance Service Agreement.

§ 804.483–3 No Insurance Advisor will be appointed in connection with projects located outside the several States of the United States and the District of Columbia.

§ 804.484 *Assignment to Government of premiums due under policies written under War Department Insurance Rating Plan upon termination or completion of cost-plus-a-fixed fee contracts.* (a) The following form will be used for the purpose of assigning to the Government the interest of a cost-plus-a-fixed-fee contractor in return premiums, premium refunds, etc., on insurance policies written under the War Department Insurance Rating Plan upon termination or completion of the contract, when the Government has assumed the payment of the contractor's obligations for premiums under such policies (see § 804.490–3).

ASSIGNMENT TO GOVERNMENT

Under Cost-Plus-A-Fixed Fee Contract No. _____ dated _____between the United States of America (hereinafter called the Government) and_____ (hereinafter called the Contractor).

The Government having assumed and become liable for the obligation of the contractor for premiums under Policies Nos._____, and _____ issued by the _____ Insurance Company, the Contractor does hereby assign, transfer and set over to the Government as of the date hereof, all of its right, title and interest in and to all return premiums, premium refunds, dividends and any other moneys due or to become due the Contractor in connection with such policies.

In witness whereof, the Contractor has executed this assignmment this _____ day of _____, 194____.

[CORPORATE SEAL]

CONTRACTOR,

_____

By_____

Attest:

_____

Secretary

Accepted:

United States of America,

By_____

Contracting Officer

(b) Appropriate detailed instructions will be given by the chiefs of technical services to contracting officers and others concerned so that the form is executed and forwarded by registered mail, return receipt requested, to the home office of the insurance company involved. The letter accompanying the form will specify that all checks to cover return premiums, etc., are to be made payable to the Treasurer of the United States.

(c) In addition to whatever copies are required for the purposes of a technical service, one copy of the executed form will be forwarded to the Contract Insurance Branch, Special Financial Services Division, Office of the Fiscal Director, Headquarters, Army Service Forces.

Special Instructions for the Preparation of Policies

§ 804.485 *Workmen's compensation policies.* Policies to evidence workmen's compensation insurance taken out in accordance with this part, will be written to provide the coverage required by this part and in accordance with the following regulations:

(a) The War Department Insurance Rating Plan is not available for use in connection with workmen's compensation insurance in the States of Nevada, North Dakota, Ohio and Washington, but the plan will be used in those states for comprehensive general liability and automobile liability and property damage if the premiums involved are estimated to exceed $5,000.

(b) In the State of Oregon the contractor will formally reject the workmen's compensation act and will then purchase insurance as prescribed in §§ 804.470 to 804.471–4. The policy will provide on a voluntary basis the benefits of the workmen's compensation act and employer's liability insurance.

(c) In the State of West Virginia the contractor will qualify with the appropriate state authority as a self-insurer and will then purchase insurance as prescribed in §§ 804.470 to 804.471–4. The policy will provide the benefits of the workmen's compensation act and employers' liability insurance.

(d) In the following states occupational diseases coverage in limits of $50/100,000 will be obtained by having this coverage endorsed on the compensation policy:

Alabama.	New Jersey.
Arizona.	New Mexico.
Colorado.	Oklahoma.
Delaware.	Oregon.
Florida.	Pennsylvania.
Georgia.	Rhode Island.
Iowa.	South Carolina
Kansas.	South Dakota.
Kentucky.	Tennessee.
Louisiana.	Utah.
Maine.	Vermont.
Montana.	West Virginia.
New Hampshire.	Wyoming.

(e) Occupational disease coverage will be obtained in the states enumerated below, as follows:

(1) Illinois: by having the employer elect in writing to accept the terms of the Occupational Diseases Act;

(2) Indiana: by having the employer elect in writing to accept the terms of the Occupational Diseases Act;

(3) Missouri: by having the employer elect in writing to bring himself within the Workmen's Compensation Act with respect to occupational diseases; and the Workmen's Compensation policy will be endorsed to indicate the carrier's acceptance of the employer's election.

(4) Virginia: by having the employer elect to provide coverage under section 2–h of the Compensation Law amendment effective 1 July 1944 which will be accomplished by having the employer reject section 2–g and elect by written declaration, filed in the offices of the Industrial Commission, State Office Building, Richmond, Virginia, on a form provided by it, to be bound by the provisions of section 2–h relating to full coverage of all occupational diseases. Coverage under paragraph 1 (b) of the Workmen's Compensation policy for occupational diseases will not be required.

(f) In the State of Missouri the contractor will have the Missouri endorsement (see § 804.497–8) attached to the compensation policy. This endorsement will be cleared in each individual case by the chief of the technical service concerned or his authorized representative with the Superintendent of Insurance of the State of Missouri.

(g) Special endorsements will be attached to policies in the following states:

Delaware (See § 804.497–9).
Massachusetts (See § 804.497–10).
Pennsylvania (See § 804.497–11).
Texas (See § 804.497–12).

§ 804.486 *Average rates for construction projects insured under the War Department Insurance Rating Plan.* Because of the multiplicity of classifications which must be used in connection with construction projects, average rates will, in all instances where practicable, be used and the following procedure will apply:

(a) The rate will be established by the board or bureau having jurisdiction.

(b) Calculation of such rate will be on the basis of the Manual Rules, Classifications and Rates administered by the board or bureau having jurisdiction.

(c) Data for establishing such rate will be secured by the carrying company from the technical service concerned and will be subject to acceptance and verification by the board or bureau having jurisdiction.

(d) Pending the submission of complete data upon which to establish such average rate the board or bureau will establish a tentative average rate based upon such information concerning the operations as may be made available.

(e) The average rate computed in accordance with (b) and (c) above will be established and promulgated to the carrier as promptly as possible, and such rate will apply only if the carrier and the War Department agree to its use.

(f) Such rate will be effective as of the inception date of the policy and may not be changed except as follows:

(1) It will be subject to revision on the anniversary date of the policy.

(2) Whenever features or operations contemplated under the project are materially changed.

(3) Whenever work which was included in the establishment of the average rate is sublet to lump-sum subcontractors whose operations are not under the War Department Insurance Rating Plan.

(4) The amended rate as established under (2) and (3) above will be effective as of the inception date of the policy.

(5) In the event that the state rates are changed as a result of a change in the law, the average rate will be modified as of the effective date of the revised state rates.

Upon promulgation by the board or bureau having jurisdiction, all average rates will be submitted to the Insurance Branch, Fiscal Division, Headquarters, Army Service Forces, for approval. Complete supporting data and the recommendation of the chief of the technical service concerned will also be submitted.

§ 804.487 *Insurance against loss or damage to property.*

§ 804.487–1 *Release form.* A non-interest release form will be used in all applicable cases where the contracting officer is required to execute an instrument in connection with insurance covering against loss or damage to property and purchased pursuant to a provision contained in a War Department contract. For form see § 804.497–1.

§ 804.487–2 *Endorsement form.* (a) Where a contract requires that the contractor shall provide and maintain insurance covering against loss or damage in a sum at least equal to the value of the property belonging to the United States which is in his possession, the form of endorsement set forth in § 804.497–2 will be used. This endorsement is designed for the purpose of clearly defining the interest of the government and of providing the manner in which losses shall be settled. Its use will not eliminate the necessity of reviewing each insurance policy submitted in order to determine that the amount of insurance conforms to requirements and that the exclusions which appear in the policy do not deprive the United States of any of its rights.

§ 804.488 *Rules and regulations of the State of Massachusetts pertaining to use of War Department Insurance Rating Plan in that state.* The Emergency Construction and Expansion Comprehensive Insurance Rating Plan on Cost-Plus-a-Fixed-Fee Contracts, dated May 3, 1941, commonly known as the War Department Insurance Rating Plan, as amended by Endorsement Forms 2A, 10A, and 30A, of May 26, 1942, is hereby permitted for use in the Commonwealth of Massachusetts under the authority of Executive Order No. 18, subject to the following rules, regulations, and modifications:

(a) This plan shall be available only when requested by the United States Government, through the War Department, the Navy Department, the Maritime Commission, or the Defense Plant Corporation, or in cooperation therewith in connection with the operations of any assured undertaking a contract of which written notice has been given to the Commissioner of Insurance of the Commonwealth of Massachusetts by the procurement officer of the United States agency in charge of the project or his representative to be on a cost-plus-a-fixed-fee basis and on other projects in connection with the prosecution of the war wherein the cost of the insurance is a direct item of expense to the United States Government by reason of a contract reimbursement agreement.

(b) Requests for permission to use the plan shall be made by the insurance carrier to the Commissioner of Insurance of the Commonwealth of Massachusetts and shall be accompanied by the written request for the use of the plan by the procurement officer of the United States agency in charge of the project or his authorized representative and also a statement from the assured giving the name and address of the licensed insurance adviser, agent, or broker.

(c) The plan shall not be used where the estimated standard premium for the insurance is less than $5,000. In cases where the standard premium on war projects is less than $5,000, each carrier shall observe the rates and rules for Workmen's Compensation Insurance which have been approved by the Massachusetts Commissioner of Insurance. Rules, rates, and classification of risks and premium charges, promulgated by the Commissioner of Insurance for Massachusetts Compulsory Motor Vehicle Insurance Policies and Bonds and Guest Occupant charges, shall be used in connection with risks involving standard premium of less than $5,000.

(d) The advisor provided for in the plan shall be a person who meets the requirements of Gen. Laws, Chapter 175, section 163, 166 or 177B, and who holds a license under one or more of said sections. No insurance carrier shall recognize an advisor unless such advisor is licensed as described above. Enclosed amendment must be attached to service agreement. (See § 804.497–10 (e)).

(e) Policies in force on May 26, 1942, may be cancelled and rewritten under this plan with the approval of the Massachusetts Commissioner of Insurance, provided that no policy written under this plan may have an effective date prior to May 26, 1942.

(f) Permission to use the plan in Massachusetts may be discontinued by the Massachusetts Commissioner of Insurance by giving ten days' written notice to the War Department or other governmental agency authorized to use this plan and to the Massachusetts Rating and Inspection Bureau as a representative of the insurance companies.

(g) Endorsement Forms 2A, 10A, and 30A, copies of which are attached hereto, shall be attached to each policy contract issued under this plan. (See §§ 804.497–5, 804.497–6 and 804.497–7.)

(h) Losses incurred under the plan are to be determined by the insurance carrier and approved by the Massachusetts Commissioner of Insurance and the Under Secretary of War or corresponding head of other governmental agency authorized to use this plan.

(i) Reserves on outstanding cases are to be determined by the insurance carrier and approved by the Massachusetts Insurance Department and the Under Secretary of War, or corresponding head of other governmental agency authorized to use this plan.

(j) The insurance carrier shall furnish to the Massachusetts Commissioner of Insurance and to the War Department a quarterly itemized statement of incurred losses.

(k) Payroll audits shall be made as soon as possible following the termination of the audit period as shown in the policy and a copy furnished to the Massachusetts Commissioner of Insurance. There shall be attached to each policy to which the War Department Insurance Rating Plan applies, War Project Endorsement form "D" shown below.

§ 804.489 *Rules and regulations pertaining to use of War Department Insurance Rating Plan in State of Texas.* (a) When policies written under the plan are submitted to the Casualty Insurance Commissioner for his approval they will be accompanied by a copy of the insurance service agreement signed by the insurance advisor and the contractor or architect-engineer. No policy will be approved unless accompanied by such agreement and such copy will be retained permanently by the Insurance Department.

(b) Workmen's Compensation insurance policies written under this plan may eliminate the wording "and elsewhere in Texas". Where such wording is eliminated the policy will not be approved until the Casualty Insurance Commissioner is submitted satisfactory evidence that the contractor and each subcontractor or the architect-engineer named in such policy will be insured by a separate Workmen's Compensation insurance policy written according to normal manual requirements for all the assured's contracting activities throughout Texas during the entire period of coverage under the Emergency Insurance Rating Plan. Concurrent policies carried by reason of this requirement may be combined for determination of premiums.

(c) Any Workmen's Compensation insurance policy concurrent with one extending coverage under the provisions of the War Department Emergency Rating Plan will provide by endorsement for a ten-day written notice by the insurance carrier or by the assured (whichever cancels the policy) to the Casualty Insurance Commissioner before such policy may be terminated by cancelation.

Settlement of Claims

§ 804.490 *Settlement under the War Department Insurance Rating Plan.*

§ 804.490–1 *Preliminary settlement.* The Rating Plan provides that within sixty days after the expiration of the policy (or within sixty days of the termination of the project) the carrier shall compute the aggregate earned standard premium and a preliminary settlement of the premium shall then be made (for form of preliminary settlement, see §§ 804.497–15 through 804.497–21). It is desired that this preliminary settlement be made prior to the termination of the contract.

§ 804.490–2 *Submission of preliminary settlement forms.* Insurance carriers will be required to submit to the contractor seven properly executed copies of the forms of preliminary settlement together with any refund which may be called for by the settlement form. The contractor will be instructed to retain one copy and to submit the remaining six copies, together with the refund, to the contracting officer. The contracting officer will make the following distribution:

(a) One copy, together with the refund, to the disbursing officer.

(b) One copy to the General Accounting Office.

(c) Two copies to the chief of the technical service concerned.

(d) Two copies to be retained by the contracting officer. The chief of the technical service will forward one copy to the Contract Insurance Branch, Special Financial Services Division, Office of the Fiscal Director, Headquarters, Army Service Forces.

§ 804.490–3 *Generally the contract in question will have been terminated by the time final settlement* (see §§ 804.497–15 to 804.497–21 is in order (eight months after completion of the project). Therefore in terminating such contracts, the chief of the technical service concerned will issue appropriate instructions to the effect that any remaining credits due in connection with the insurance or any outstanding obligations of the contractor with respect to the insurance will be assumed by the United States Government.

§ 804.490–4 *Submission of final settlement forms.* The insurance carriers will be notified to submit simultaneously (a) to the technical service concerned the number of properly completed copies of final settlement forms required by it and (b) directly to the Contract Insurance Branch, Special Financial Services Division, Office of the Fiscal Director, Headquarters, Army Service Forces one properly completed copy of such settlement form. The technical service concerned will promptly submit to the Contract Insurance Branch any information which it believes to be pertinent to the negotiations for settlement with the insurance carrier. The Contract Insurance Branch will take appropriate action to examine the final settlements, reach agreements with the carriers concerning the adjustment of losses and premiums, and secure Comprehensive Insurance Rating Plan Releases. If no changes are made in the settlement statement as submitted by a carrier, the Contract Insurance Branch will notify the technical service concerned of approval. In the event revised settlement statement is required, the Contract Insurance Branch will secure the necessary properly executed forms from the carrier and forward them to the technical service with the Contract Insurance Branch's approval of the settlement. When advised of approval by the Contract Insurance Branch, the technical service will take appropriate steps to close the account on the basis of the approved statement. The procedure prescribed in this section will be followed on and after April 29, 1944.

§ 804.490–5 *Valuation and adjustment of losses and claims.* All appropriate action will be taken by the Contract Insurance Branch, Special Financial Services Division, Office of the Fiscal Director, Headquarters, Army Service Forces, with respect to the valuation and adjustment of losses and claims.

§ 804.491 *Claims, losses and claims service under the War Department Insurance Rating Plan.*

§ 804.491–1 *Claims service by insurance carriers.* The carrier is required to provide sufficient claims facilities to afford prompt and adequate claims service to the contractor. Any complaints concerning the claims service which is rendered by a carrier in connection with a particular project will be referred for necessary action to the Contract Insurance Branch, Special Financial Services Division, Office of the Fiscal Director, Headquarters, Army Service Forces.

§ 804.491–2 *Claims settlements by insurance carriers.* (a) It is the duty of the insurance carrier to make all decisions with respect to the investigation, settlement and litigation of claims against contractors covered by its policies of insurance "to the extent of its coverage, said policies having been issued under the War Department Insurance Rating Plan."

(b) Medical benefits in excess of statutory limits: Medical benefits in excess of the statutory limits on compensation claims may be provided by the insurance carrier if in its best judgment, such extension of benefits will probably reduce disability and the ultimate cost of indemnity payments provided the carrier has received the prior written approval of the Contracting Officer or his representative; or receives the approval of the Contract Insurance Branch, Special Financial Services Division, Office of the Fiscal Director, Headquarters, Army Service Forces.

§ 804.491–3 *Insurance medical facilities, first aid and hospital (contract medical).* (a) An agreement has been effected with insurance carriers concerning the standard form endorsement and the maximum percentages to be used in the distribution of Project Site Medical (Contract Medical) cost between the contractor and the Insurance Carrier.

(b) The agreement provides for Project Site Medical Endorsement as follows:

It is agreed that "losses incurred" as defined in paragraph 1–b of the Insurance Rating Plan Endorsement, shall include —% of the amount paid as salaries to "medical personnel" employed at the project site: *Provided, however,* That such amount is subject to a maximum of —% of the Standard Premium for Workmen's Compensation and Employers' Liability coverages.

"Medical personnel" as used in this endorsement shall include: doctors, internes, nurses, technicians, and, if employed on a full-time basis to perform services normally rendered by a nurse, orderlies, and nurses' aides.

(c) The percentage of amount paid as salaries "to medical personnel" (first blank in above endorsement) is to be fixed by negotiation subject to the following maxima:

(1) Construction projects—66⅔% of such salaries.

(2) Manufacturing projects—50% of such salaries.

(3) Explosives risks—33⅓% of such salaries.

(d) The maximum percentages of Standard Premium for Workmen's Compensation and Employers' Liability coverages (second blank in above endorsement) are:

(1) Construction projects—7½% of standard premium.

(2) Manufacturing projects—10% of standard premium.

(3) Explosives risks—5% of standard premium.

(e) The endorsement set forth in paragraph (b) above is to be used when the project is entirely a construction project, a manufacturing project or an explosive risk. If the project changes from a "construction project" to either a "manufacturing project" or an "explosive risk" two endorsements will be necessary. The first, effective as of the effective date of the policies, will be the same as the endorsement described in paragraph (b) above, except that the phrase "applicable to construction operations" will be added at the end of the first paragraph of the endorsement. The second, effective as of the date of change of character of the risk, will be the same as the endorsement described in paragraph (b) above, except that the percentage of salaries will be that applicable to the new operations, and the phrase "applicable to _____ (insert 'manufacturing' or 'explosives') Operations" will be added at the end of the first paragraph of the endorsement.

(f) If the project is at the same time in part a "construction project" and in part either a "manufacturing project" or an "explosive risk" or any combination of the above, the endorsement to be used effective as of the date and during the period the project includes more than one operation will be the same as the endorsement described in paragraph (b) above except that:

(1) The percentage inserted in the first bracket will be determined on a pro rata basis determined by taking into account the existing and probable future situation as regards payroll expenditure with respect to each type of operation.

(2) The phrase "the sum of ____% of the Standard Premium for Workmen's Compensation and Employers' Liability coverages applicable to _____ (construction or _____ operations and ____% of manufacturing) the Standard Premium for Workmen's Compensation and Employers' Liability coverages applicable to _____ (manufacturing or _____ operations" replaces the phrase explosives) "____% of the Standard Premium for Workmen's Compensation and Employers' Liability coverages". When mixed operations no longer exist the endorsement will be revised in accordance with the procedure hereinbefore outlined.

(g) All policies effective July 15, 1943 and thereafter will have endorsements affixed thereto in accordance with this section. Immediate arrangements will be made by the technical service concerns to have the carriers execute and attach such endorsements to each Workmen's Compensation and Employers' Liability policy written under the War Department Insurance Rating Plan in effect prior to July 15, 1943. Copies of such endorsements will be forwarded to the Contract Insurance Branch, Special Financial Services Division, Headquarters, Army Service Forces, as soon as possible in order that final settlements now pending on a number of these contracts may be disposed of. The endorsements will be retroactive to the effective date of the policies.

(h) The percentage of Project Site Medical mentioned herein and the percentage of Standard Premium are maxima and subject to these maxima, the distribution of Medical salaries between the carrier and the contractor is subject to negotiation. If on any project arrangements were hitherto in effect whereby any carrier assumed a smaller percentage of the Project Site Medical than the maxima provided herein, the endorsements should not provide any greater percentage of such medical cost to be included by the carrier than the percentage heretofore agreed upon.

(i) In arriving at agreed percentages of medical salaries, consideration should be given to a proper allocation based upon industrial accident exposure.

§ 804.491–4 *Claims not covered by insurance policy; duty of insurance carrier.* The insurance carrier will notify the contractor promptly of any claim reported to it which, in its opinion, is not covered by the terms of the insurance policy. All such matters will be referred immediately for determination to the Insurance Branch, Fiscal Division, Headquarters, Army Service Forces.

§ 804.491–5 *Relationship of the claims representatives of the carriers to technical services.* The insurance carrier through its investigation of accidents and the handling of settlements frequently obtains and compiles data which will be helpful to the representatives of the technical service on the project. The relationship between these parties should be one of mutual assistance and cooperation. The claims representative of the insurance carrier is required to cooperate with the technical service representative when requested to do so and to supply him with such data as will be of assistance to the latter in carrying out his duties. The technical service concerned will not request the claims representative of the insurance carrier to fill out forms, copy reports, or prepare other clerical data not necessary in the performance of his duties in connection with the handling of claims.

§ 804.491–6 *Loss reports*—(a) *Quarterly loss reports.* The insurance carrier is required to submit a quarterly loss report (for form see §§ 804.497–23 and 804.497–24) every three months during the term of the policy, except for the three (3) months period immediately preceding the policy anniversary date from which date preliminary (interim) settlement is due within sixty (60) days. The insurance carrier is required to furnish the contractor with five copies of the quarterly loss report. The contractor should retain two copies and send three copies to the Contracting Officer or his representative. The Contracting Officer will retain one copy unless the chief of the technical service concerned requires him to send it to a higher echelon within the technical service, and will forward two copies to the chief of the technical service concerned. The chief of the technical service will retain one copy and forward the other to the Contract Insurance Branch. In order that maximum use may be made of these reports, they will be forwarded promptly through channels as set forth above.

(b) *Preliminary settlement.* The insurance carrier will use the approved form of preliminary settlement. (See §§ 804.497–15 to 804.497–21.) Distribution of these forms when completed will be made as set forth in § 804.490–2. The chief of the technical service concerned will obtain the approval or disapproval of these statements by the Contract Insurance Branch before any final action is taken thereon. Refunds of premium may be accepted without reference to the approval or disapproval by the Contract Insurance Branch. The chief of the technical service concerned will be notified of the action taken by the Contract Insurance Branch.

(c) *Final settlement.* The same form shall be used for final settlement as is used for preliminary settlement statements (see §§ 804.497–15 to 804.497–21). If the final settlement statement is approved by the Contract Insurance Branch, after its examination of the claims files, the chief of the technical service concerned will be so notified. If settlement is deferred, the chief of the technical service concerned will be notified. Upon consummation of final settlement with the carrier, the Contract Insurance Branch will secure the necessary corrected settlement statements from the insurance carrier.

(d) No other reports by insurance carriers concerning insured losses will be required unless requested by the Contract Insurance Branch.

§ 804.491–7 *Arbitration of losses.* If final settlement with a carrier is not feasible, by reason of dispute over losses claimed by such carrier, the Contract Insurance Branch will arrange for arbitration in accordance with the provisions of the War Department Insurance Rating Plan, and will notify the chief of the technical service concerned of the pendency of such arbitration. Upon final settlement of such losses, the chief of the technical service concerned will be notified.

§ 804.491–8 *Claims under Missouri Voluntary Workmen's Compensation Endorsement.* An agreement and release will be taken at the time settlement is made by the insurance carrier with an employee and a receipt and release will be taken at the time final payment is made. These are necessary and are required by the Insurance Commisioner of Missouri (for forms see §§ 804.497–25 and 804.497–26). The insurance carrier will be responsible for the execution of the forms.

Miscellaneous

§ 804.492 *War risk indemnity contracts.* With the passage of Public Law 784, 77th Congress, the execution of War risk indemnity contracts has become unnecessary. The authority heretofore granted in respect to the execution of such agreements is withdrawn.

§ 804.493 *Reports.* There will be forwarded promptly to the Contract Insurance Branch the following information:

(a) In connection with insurance written under the War Department Insurance Rating plan copies of all policies, audit statements, other reports of insurance carriers, (except engineering inspection reports), reports of insurance advisors and any other pertinent data.

(b) In connection with any insurance where approval of losses by the Under Secretary of War is required for the determination of premium, copies of the policies and copies of all statements, except engineering inspection reports, required of the insurance carrier.

SUBPART E—BONDS AND INSURANCE FORMS

§ 804.496 *Bond forms.*

§ 804.496–1 *Bid bond.* Standard Form No. 24 (Standard Government Form of Bid Bond (construction or supply)) is the approved bid bond form. In the preparation of the form, contracting officers are authorized, when it is deemed by them to be in the best interests of the Government, to insert in the blank space on page one, following the words "in the penal sum of" and before the word "dollars", the following clause:

an amount equal to ____ per cent of the accompanying bid of said principal, but in no event shall said penalty exceed the sum of_____

There should be inserted in the first blank space of the above clause the percentage deemed appropriate by the contracting officer, having regard to existing instructions of the chief of the supply service concerned, and in the second blank space the amount of the maximum penalty in dollars. Standard Form No. 24 reads as follows:

STANDARD GOVERNMENT FORM OF BID BOND
(NO. 24)

(Construction or Supply)

Know all men by these presents, That we, as Principal, and_____ as Surety, are held and firmly bound unto the United States of America, hereinafter called the Government, in the penal sum of _____ dollars lawful money of the United States, for the payment of which sum well and truly to be made, we bind ourselves, our heirs, executors, administrators, and successors, jointly and severally, firmly by these presents.

The condition of this obligation is such, that whereas the principal has submitted the accompanying bid, dated _____, 19____, for _____

Now, therefore, if the principal shall not withdraw said bid within the period specified therein after the opening of the same, or, if no period be specified, within sixty (60) days after said opening, and shall within the period specified therefor, or, if no period be specified, within ten (10) days after the prescribed forms are presented to him for signature, enter into a written contract with the Government, in accordance with the bid as accepted, and give bond with good and sufficient surety or sureties, as may be required, for the faithful performance and proper fulfillment of such contract, or in the event of the withdrawal of said bid within the period specified, or the failure to enter into such contract and give such bond within the time specified, if the principal shall pay the Government the difference between the amount specified in said bid and the amount for which the Government may procure the required work and/or supplies, if the latter amount be in excess of the former, then the above obligation shall be void and of no

(a) One copy, together with the refund, to the disbursing officer.

(b) One copy to the General Accounting Office.

(c) Two copies to the chief of the technical service concerned.

(d) Two copies to be retained by the contracting officer. The chief of the technical service will forward one copy to the Contract Insurance Branch, Special Financial Services Division, Office of the Fiscal Director, Headquarters, Army Service Forces.

§ 804.490-3 *Generally, the contract in question will have been terminated by the time final settlement* (see §§ 804.497-15 to 804.497-21) is in order (eight months after completion of the project). Therefore in terminating such contracts, the chief of the technical service concerned will issue appropriate instructions to the effect that any remaining credits due in connection with the insurance or any continuing obligations of the contractor with respect to the insurance will be assumed by the United States Government.

§ 804.490-4 *Submission of final settlement forms.* The insurance carriers will be notified to submit simultaneously to the technical service concerned the number of properly completed copies of final settlement forms required by it and to director in the Contract Insurance Branch, Special Financial Services Division, Office of the Fiscal Director, Headquarters, Army Service Forces (the proper), completed copy of such settlement form. The technical service concerned will promptly submit to the Contract Insurance Branch any information which it desires to be pertinent to the negotiations for settlement with the insurance carrier. The Contract Insurance Branch will take appropriate action to examine the final settlements, negotiate agreements with the carriers concerning the adjustment of losses and premiums, and accept Comprehensive Insurance Rating Plan Release. If no changes are made in the settlement statement as submitted by a carrier the Contract Insurance Branch will notify the technical service concerned of approval. If the final revised settlement statement is required, the Contract Insurance Branch will secure the necessary properly executed forms from the carrier and forward them to the technical service with the Contract Insurance Branch's approval of the settlement. Upon receipt of approval by the Contract Insurance Branch the technical service will take appropriate steps to close the contract on the basis of the approved statement. The procedure prescribed in this section will be followed on and after April 30, 1946.

§ 804.490-5 *Valuation and adjustment of losses and claims.* An appropriate record will be taken by the Contract Insurance Branch, Special Financial Services Division, Office of the Fiscal Director, Headquarters, Army Service Forces, with respect to the valuation and adjustment of losses and claims.

§ 804.491 *Claims, losses and claims service under the War Department Insurance Rating Plan.*

§ 804.491-1 *Claims service by insurance carriers.* The carrier is required to provide sufficient claims facilities to afford prompt and adequate claims service to the contractor. Any complaints concerning the claims service which is rendered by a carrier in connection with a particular project will be referred for necessary action to the Contract Insurance Branch, Special Financial Services Division, Office of the Fiscal Director, Headquarters, Army Service Forces.

§ 804.491-2 *Claims settlements by insurance carriers.* (a) It is the duty of the insurance carrier to make all decisions with respect to the investigation, settlement and litigation of claims against contractors covered by its policies of insurance "to the extent of its coverage, said policies having been issued under the War Department Insurance Rating Plan."

(b) Medical benefits in excess of statutory limits: Medical benefits in excess of the statutory limits on compensation claims may be provided by the insurance carrier if in its best judgment, such extension of benefits will probably reduce disability and the ultimate cost of indemnity payments provided the carrier has received the prior written approval of the Contracting Officer or his representative; or receives the approval of the Contract Insurance Branch, Special Financial Services Division, Office of the Fiscal Director, Headquarters, Army Service Forces.

§ 804.491-3 *Insurance medical facilities, first aid and hospital (contract medical).* (a) An agreement has been effected with insurance carriers concerning the standard form endorsement and the maximum percentages to be used in the distribution of Project Site Medical (Contract Medical) cost between the contractor and the Insurance Carrier.

(b) The agreement provides for Project Site Medical Endorsement as follows:

It is agreed that "losses incurred" as defined in paragraph 1-b of the Insurance Rating Plan Endorsement, shall include —% of the amount paid as salaries to "medical personnel" employed at the project site: *Provided, however,* That such amount is subject to a maximum of —% of the Standard Premium for Workmen's Compensation and Employers' Liability coverages.

"Medical personnel" as used in this endorsement shall include: doctors, internes, nurses, technicians, and, if employed on a full-time basis to perform services normally rendered by a nurse, orderlies, and nurses' aides.

(c) The percentage of amount paid as salaries "to medical personnel" (first blank in above endorsement) is to be fixed by negotiation subject to the following maxima:

(1) Construction projects—66⅔% of such salaries.

(2) Manufacturing projects—50% of such salaries.

(3) Explosives risks—33⅓% of such salaries.

(d) The maximum percentages of Standard Premium for Workmen's Compensation and Employers' Liability coverages (second blank in above endorsement) are:

(1) Construction projects—7½% of standard premium.

(2) Manufacturing projects—10% of standard premium.

(3) Explosives risks—5% of standard premium.

(e) The endorsement set forth in paragraph (b) above is to be used when the project is entirely a construction project, a manufacturing project or an explosive risk. If the project changes from a "construction project" to either a "manufacturing project" or an "explosive risk" two endorsements will be necessary. The first, effective as of the effective date of the policies, will be the same as the endorsement described in paragraph (b) above, except that the phrase "applicable to construction operations" will be added at the end of the first paragraph of the endorsement. The second, effective as of the date of change of character of the risk, will be the same as the endorsement described in paragraph (b) above, except that the percentage of salaries will be that applicable to the new operations, and the phrase "applicable to _____ (insert 'manufacturing' or 'explosives') Operations" will be added at the end of the first paragraph of the endorsement.

(f) If the project is at the same time in part a "construction project" and in part either a "manufacturing project" or an "explosive risk" or any combination of the above, the endorsement to be used effective as of the date and during the period the project includes more than one operation will be the same as the endorsement described in paragraph (b) above except that:

(1) The percentage inserted in the first bracket will be determined on a pro rata basis determined by taking into account the existing and probable future situation as regards payroll expenditure with respect to each type of operation.

(2) The phrase "the sum of ____% of the Standard Premium for Workmen's Compensation and Employers' Liability coverages applicable to _____ (construction or _____ operations and ____% of manufacturing) the Standard Premium for Workmen's Compensation and Employers' Liability coverages applicable to _____ (manufacturing or _____ operations" replaces the phrase explosives) "____% of the Standard Premium for Workmen's Compensation and Employers' Liability coverages". When mixed operations no longer exist the endorsement will be revised in accordance with the procedure hereinbefore outlined.

(g) All policies effective July 15 1943 and thereafter will have endorsements affixed thereto in accordance with this section. Immediate arrangements will be made by the technical service concerns to have the carriers execute and attach such endorsements to each Workmen's Compensation and Employers' Liability policy written under the War Department Insurance Rating Plan in effect prior to July 15, 1943. Copies of such endorsements will be forwarded to the Contract Insurance Branch, Special Financial Services Division, Headquarters, Army Service Forces, as soon as possible in order that final settlements now pending on a number of these contracts may be disposed of. The endorsements will be retroactive to the effective date of the policies.

(h) The percentage of Project Site Medical mentioned herein and the percentage of Standard Premium are maxima and subject to these maxima, the distribution of Medical salaries between the carrier and the contractor is subject to negotiation. If on any project arrangements were hitherto in effect whereby any carrier assumed a smaller percentage of the Project Site Medical than the maxima provided herein, the endorsements should not provide any greater percentage of such medical cost to be included by the carrier than the percentage heretofore agreed upon.

(i) In arriving at agreed percentages of medical salaries, consideration should be given to a proper allocation based upon industrial accident exposure.

§ 804.491-4 *Claims not covered by insurance policy, duty of insurance carrier.* The insurance carrier will notify the contractor promptly of any claim reported to it which, in its opinion, is not covered by the terms of the insurance policy. All such matters will be referred immediately for determination to the Insurance Branch, Fiscal Division, Headquarters, Army Service Forces.

§ 804.491-5 *Relationship of the claims representatives of the carriers to technical services.* The insurance carrier through its investigation of accidents and the handling of settlements frequently obtains and compiles data which will be helpful to the representatives of the technical service on the project. The relationship between these parties should be one of mutual assistance and cooperation. The claims representative of the insurance carrier is required to cooperate with the technical service representative when requested to do so and to supply him with such data as will be of assistance to the latter in carrying out his duties. The technical service concerned will not request the claims representative of the insurance carrier to fill out forms, copy reports, or prepare other clerical data not necessary in the performance of his duties in connection with the handling of claims.

§ 804.491-6 *Loss reports—(a) Quarterly loss reports.* The insurance carrier is required to submit a quarterly loss report (for form see §§ 804.497-23 and 804.497-24) every three months during the term of the policy, except for the three (3) months period immediately preceding the policy anniversary date from which date preliminary (interim) settlement is due within sixty (60) days. The insurance carrier is required to furnish the contractor with five copies of the quarterly loss report. The contractor should retain two copies and send three copies to the Contracting Officer or his representative. The Contracting Officer will retain one copy unless the chief of the technical service concerned requires him to send it to a higher echelon within the technical service, and will forward two copies to the chief of the technical service concerned. The chief of the technical service will retain one copy and forward the other to the Contract Insurance Branch. It is here the maximum use may be made of these reports, they will be forwarded promptly through channels as set forth above.

(b) *Preliminary settlement.* The insurance carrier will use the approved form of preliminary settlement. See §§ 804.497-15 to 804.497-21. Distribution of these forms when completed will be made as set forth in § 804.490-2. The chief of the technical service concerned will obtain the approval or disapproval of these statements by the Contract Insurance Branch before any final action is taken thereon. Refunds of premium may be accepted without reference to the approval or disapproval by the Contract Insurance Branch. The chief of the technical service concerned will be notified of the action taken by the Contract Insurance Branch.

(c) *Final settlement.* The same form shall be used for final settlement as is used for preliminary settlement statements (see §§ 804.497-15 to 804.497-21). If the final settlement statement is approved by the Contract Insurance Branch, after its examination of the claims files the chief of the technical service concerned will be so notified. If settlement is deferred, the chief of the technical service concerned will be notified. Upon consummation of final settlement with the carrier, the Contract Insurance Branch will secure the necessary completed settlement statements from the insurance carrier.

(d) No other reports by insurance carriers concerning insured losses will be required unless requested by the Contract Insurance Branch.

§ 804.491-7 *Arbitration of losses.* If final settlement with a carrier is not feasible, by reason of dispute over losses claimed by such carrier, the Contract Insurance Branch will arrange for arbitration in accordance with the provisions of the War Department Insurance Rating Plan, and will notify the chief of the technical service concerned of the pendency of such arbitration. Upon final settlement of such losses, the chief of the technical service concerned will be notified.

§ 804.491-8 *Claims under Missouri Voluntary Workmen's Compensation Endorsement.* An agreement and release will be taken at the time settlement is made by the insurance carrier with an employee and a receipt and release will be taken at the time final payment is made. These are necessary and are required by the Insurance Commissioner of Missouri (for forms see §§ 804.497-25 and 804.497-26). The insurance carrier will be responsible for the execution of the forms.

Miscellaneous

§ 804.492 *War risk indemnity contracts.* With the passage of Public Law 784, 77th Congress, the execution of War risk indemnity contracts has become unnecessary. The authority heretofore granted in respect to the execution of such agreements is withdrawn.

§ 804.493 *Reports.* There will be forwarded promptly to the Contract Insurance Branch the following information:

(a) In connection with insurance written under the War Department Insurance Rating Plan, one copy of all policies, riders, statements, other reports of insurance carriers (except engineering inspection reports, reports of insurance advisers and all other pertinent data.

(b) In connection with any insurance where approval of losses by the Under Secretary of War is required to the determination of premium, copies of the policies and copy of all statements (except engineering inspection reports) required of the insurance carrier.

SUBPART B—BONDS AND [illegible]

§ 804.496 *Bond forms.*

§ 804.496-1 *Bid bond.* Standard Form No. 24 (Standard Government Form of Bid Bond (Construction or Supply)) is the approved bid bond form. In the preparation of the form contracting officers are authorized when it is deemed by them to be in the best interests of the Government, to insert in the space provided on page one, following the words "the penal sum of" and before the word "dollars", the following clause:

an amount equal to ... per centum (...%) of the accompanying bid of said principal but in no event shall said penalty exceed the sum of _____.

There should be inserted in the above blank space of the above clause the percentage deemed appropriate by the contracting officer, having regard to existing instructions of the chief of the supply service concerned, and in the second blank space the amount of the maximum penalty in dollars. Standard Form No. 24 reads as follows:

STANDARD GOVERNMENT FORM OF BID BOND (NO. 24)

(Construction or Supply)

Know all men by these presents, that we, as Principal, and _____ as Surety, are held and firmly bound unto the United States of America, hereinafter called the Government, in the penal sum of _____ dollars lawful money of the United States, for the payment of which sum well and truly to be made, we bind ourselves, our heirs, executors, administrators, and successors, jointly and severally, firmly by these presents.

The condition of this obligation is such, that whereas the principal has submitted the accompanying bid, dated _____, 19____, for _____.

Now, therefore, if the principal shall not withdraw said bid within the period specified therein after the opening of the same, or if no period be specified, within sixty (60) days after said opening, and shall within the period specified therefor, or, if no period be specified, within ten (10) days after the prescribed forms are presented to him for signature, enter into a written contract with the Government, in accordance with the bid as accepted, and give bond with good and sufficient surety or sureties, as may be required, for the faithful performance and proper fulfillment of such contract, or in the event of the withdrawal of said bid within the period specified, or the failure to enter into such contract and give such bond within the time specified, if the principal shall pay the Government the difference between the amount specified in said bid and the amount for which the Government may procure the required work and/or supplies, if the latter amount be in excess of the former, then the above obligation shall be void and of no

(a) One copy, together with the refund, to the disbursing officer.

(b) One copy to the General Accounting Office.

(c) Two copies to the chief of the technical service concerned.

(d) Two copies to be retained by the contracting officer. The chief of the technical service will forward one copy to the Contract Insurance Branch, Special Financial Services Division, Office of the Fiscal Director, Headquarters, Army Service Forces.

§ 804.490–3 *Generally the contract in question will have been terminated by the time final settlement* (see §§ 804.497–15 to 804.497–21 is in order (eight months after completion of the project). Therefore in terminating such contracts, the chief of the technical service concerned will issue appropriate instructions to the effect that any remaining credits due in connection with the insurance or any outstanding obligations of the contractor with respect to the insurance will be assumed by the United States Government.

§ 804.490–4 *Submission of final settlement forms.* The insurance carriers will be notified to submit simultaneously (a) to the technical service concerned the number of properly completed copies of final settlement forms required by it and (b) directly to the Contract Insurance Branch, Special Financial Services Division, Office of the Fiscal Director, Headquarters, Army Service Forces one properly completed copy of such settlement form. The technical service concerned will promptly submit to the Contract Insurance Branch any information which it believes to be pertinent to the negotiations for settlement with the insurance carrier. The Contract Insurance Branch will take appropriate action to examine the final settlements, reach agreements with the carriers concerning the adjustment of losses and premiums, and secure Comprehensive Insurance Rating Plan Releases. If no changes are made in the settlement statement as submitted by a carrier, the Contract Insurance Branch will notify the technical service concerned of approval. In the event revised settlement statement is required, the Contract Insurance Branch will secure the necessary properly executed forms from the carrier and forward them to the technical service with the Contract Insurance Branch's approval of the settlement. When advised of approval by the Contract Insurance Branch, the technical service will take appropriate steps to close the account on the basis of the approved statement. The procedure prescribed in this section will be followed on and after April 29, 1944.

§ 804.490–5 *Valuation and adjustment of losses and claims.* All appropriate action will be taken by the Contract Insurance Branch, Special Financial Services Division, Office of the Fiscal Director, Headquarters, Army Service Forces, with respect to the valuation and adjustment of losses and claims.

§ 804.491 *Claims, losses and claims service under the War Department Insurance Rating Plan.*

§ 804.491–1 *Claims service by insurance carriers.* The carrier is required to provide sufficient claims facilities to afford prompt and adequate claims service to the contractor. Any complaints concerning the claims service which is rendered by a carrier in connection with a particular project will be referred for necessary action to the Contract Insurance Branch, Special Financial Services Division, Office of the Fiscal Director, Headquarters, Army Service Forces.

§ 804.491–2 *Claims settlements by insurance carriers.* (a) It is the duty of the insurance carrier to make all decisions with respect to the investigation, settlement and litigation of claims against contractors covered by its policies of insurance "to the extent of its coverage, said policies having been issued under the War Department Insurance Rating Plan."

(b) Medical benefits in excess of statutory limits: Medical benefits in excess of the statutory limits on compensation claims may be provided by the insurance carrier if in its best judgment, such extension of benefits will probably reduce disability and the ultimate cost of indemnity payments provided the carrier has received the prior written approval of the Contracting Officer or his representative; or receives the approval of the Contract Insurance Branch, Special Financial Services Division, Office of the Fiscal Director, Headquarters, Army Service Forces.

§ 804.491–3 *Insurance medical facilities, first aid and hospital (contract medical).* (a) An agreement has been effected with insurance carriers concerning the standard form endorsement and the maximum percentages to be used in the distribution of Project Site Medical (Contract Medical) cost between the contractor and the Insurance Carrier.

(b) The agreement provides for Project Site Medical Endorsement as follows:

It is agreed that "losses incurred" as defined in paragraph 1–b of the Insurance Rating Plan Endorsement, shall include —% of the amount paid as salaries to "medical personnel" employed at the project site: *Provided, however,* That such amount is subject to a maximum of —% of the Standard Premium for Workmen's Compensation and Employers' Liability coverages.

"Medical personnel" as used in this endorsement shall include: doctors, internes, nurses, technicians, and, if employed on a full-time basis to perform services normally rendered by a nurse, orderlies, and nurses' aides.

(c) The percentage of amount paid as salaries "to medical personnel" (first blank in above endorsement) is to be fixed by negotiation subject to the following maxima:

(1) Construction projects—66⅔% of such salaries.

(2) Manufacturing projects—50% of such salaries.

(3) Explosives risks—33⅓% of such salaries.

(d) The maximum percentages of Standard Premium for Workmen's Compensation and Employers' Liability coverages (second blank in above endorsement) are:

(1) Construction projects—7½% of standard premium.

(2) Manufacturing projects—10% of standard premium.

(3) Explosives risks—5% of standard premium.

(e) The endorsement set forth in paragraph (b) above is to be used when the project is entirely a construction project, a manufacturing project or an explosive risk. If the project changes from a "construction project" to either a "manufacturing project" or an "explosive risk" two endorsements will be necessary. The first, effective as of the effective date of the policies, will be the same as the endorsement described in paragraph (b) above, except that the phrase "applicable to construction operations" will be added at the end of the first paragraph of the endorsement. The second, effective as of the date of change of character of the risk, will be the same as the endorsement described in paragraph (b) above, except that the percentage of salaries will be that applicable to the new operations, and the phrase "applicable to _____ (insert 'manufacturing' or 'explosives') Operations" will be added at the end of the first paragraph of the endorsement.

(f) If the project is at the same time in part a "construction project" and in part either a "manufacturing project" or an "explosive risk" or any combination of the above, the endorsement to be used effective as of the date and during the period the project includes more than one operation will be the same as the endorsement described in paragraph (b) above except that:

(1) The percentage inserted in the first bracket will be determined on a pro rata basis determined by taking into account the existing and probable future situation as regards payroll expenditure with respect to each type of operation.

(2) The phrase "the sum of ____% of the Standard Premium for Workmen's Compensation and Employers' Liability coverages applicable to _____ (construction or manufacturing) operations and ____% of the Standard Premium for Workmen's Compensation and Employers' Liability coverages applicable to _____ (manufacturing or explosives) operations" replaces the phrase "____% of the Standard Premium for Workmen's Compensation and Employers' Liability coverages". When mixed operations no longer exist the endorsement will be revised in accordance with the procedure hereinbefore outlined.

(g) All policies effective July 15, 1943 and thereafter will have endorsements affixed thereto in accordance with this section. Immediate arrangements will be made by the technical service concerns to have the carriers execute and attach such endorsements to each Workmen's Compensation and Employers' Liability policy written under the War Department Insurance Rating Plan in effect prior to July 15, 1943. Copies of such endorsements will be forwarded to the Contract Insurance Branch, Special Financial Services Division, Headquarters, Army Service Forces, as soon as possible in order that final settlements now pending on a number of these contracts may be disposed of. The endorsements will be retroactive to the effective date of the policies.

(h) The percentage of Project Site Medical mentioned herein and the percentage of Standard Premium are maxima and subject to these maxima, the distribution of Medical salaries between the carrier and the contractor is subject to negotiation. If on any project arrangements were hitherto in effect whereby any carrier assumed a smaller percentage of the Project Site Medical than the maxima provided herein, the endorsements should not provide any greater percentage of such medical cost to be included by the carrier than the percentage heretofore agreed upon.

(i) In arriving at agreed percentages of medical salaries, consideration should be given to a proper allocation based upon industrial accident exposure.

§ 804.491–4 *Claims not covered by insurance policy; duty of insurance carrier.* The insurance carrier will notify the contractor promptly of any claim reported to it which, in its opinion, is not covered by the terms of the insurance policy. All such matters will be referred immediately for determination to the Insurance Branch, Fiscal Division, Headquarters, Army Service Forces.

§ 804.491–5 *Relationship of the claims representatives of the carriers to technical services.* The insurance carrier through its investigation of accidents and the handling of settlements frequently obtains and compiles data which will be helpful to the representatives of the technical service on the project. The relationship between these parties should be one of mutual assistance and cooperation. The claims representative of the insurance carrier is required to cooperate with the technical service representative when requested to do so and to supply him with such data as will be of assistance to the latter in carrying out his duties. The technical service concerned will not request the claims representative of the insurance carrier to fill out forms, copy reports, or prepare other clerical data not necessary in the performance of his duties in connection with the handling of claims.

§ 804.491–6 *Loss reports*—(a) *Quarterly loss reports.* The insurance carrier is required to submit a quarterly loss report (for form see §§ 804.497–23 and 804.497–24) every three months during the term of the policy, except for the three (3) months period immediately preceding the policy anniversary date from which date preliminary (interim) settlement is due within sixty (60) days. The insurance carrier is required to furnish the contractor with five copies of the quarterly loss report. The contractor should retain two copies and send three copies to the Contracting Officer or his representative. The Contracting Officer will retain one copy unless the chief of the technical service concerned requires him to send it to a higher echelon within the technical service, and will forward two copies to the chief of the technical service concerned. The chief of the technical service will retain one copy and forward the other to the Contract Insurance Branch. In order that maximum use may be made of these reports, they will be forwarded promptly through channels as set forth above.

(b) *Preliminary settlement.* The insurance carrier will use the approved form of preliminary settlement. (See §§ 804.497–15 to 804.497–21.) Distribution of these forms when completed will be made as set forth in § 804.490–2. The chief of the technical service concerned will obtain the approval or disapproval of these statements by the Contract Insurance Branch before any final action is taken thereon. Refunds of premium may be accepted without reference to the approval or disapproval by the Contract Insurance Branch. The chief of the technical service concerned will be notified of the action taken by the Contract Insurance Branch.

(c) *Final settlement.* The same form shall be used for final settlement as is used for preliminary settlement statements (see §§ 804.497–15 to 804.497–21). If the final settlement statement is approved by the Contract Insurance Branch, after its examination of the claims files, the chief of the technical service concerned will be so notified. If settlement is deferred, the chief of the technical service concerned will be notified. Upon consummation of final settlement with the carrier, the Contract Insurance Branch will secure the necessary corrected settlement statements from the insurance carrier.

(d) No other reports by insurance carriers concerning insured losses will be required unless requested by the Contract Insurance Branch.

§ 804.491–7 *Arbitration of losses.* If final settlement with a carrier is not feasible, by reason of dispute over losses claimed by such carrier, the Contract Insurance Branch will arrange for arbitration in accordance with the provisions of the War Department Insurance Rating Plan, and will notify the chief of the technical service concerned of the pendency of such arbitration. Upon final settlement of such losses, the chief of the technical service concerned will be notified.

§ 804.491–8 *Claims under Missouri Voluntary Workmen's Compensation Endorsement.* An agreement and release will be taken at the time settlement is made by the insurance carrier with an employee and a receipt and release will be taken at the time final payment is made. These are necessary and are required by the Insurance Commisioner of Missouri (for forms see §§ 804.497–25 and 804.497–26). The insurance carrier will be responsible for the execution of the forms.

Miscellaneous

§ 804.492 *War risk indemnity contracts.* With the passage of Public Law 784, 77th Congress, the execution of War risk indemnity contracts has become unnecessary. The authority heretofore granted in respect to the execution of such agreements is withdrawn.

§ 804.493 *Reports.* There will be forwarded promptly to the Contract Insurance Branch the following information:

(a) In connection with insurance written under the War Department Insurance Rating plan copies of all policies, audit statements, other reports of insurance carriers, (except engineering inspection reports), reports of insurance advisors and any other pertinent data.

(b) In connection with any insurance where approval of losses by the Under Secretary of War is required for the determination of premium, copies of the policies and copies of all statements, except engineering inspection reports, required of the insurance carrier.

SUBPART E—BONDS AND INSURANCE FORMS

§ 804.496 *Bond forms.*

§ 804.496–1 *Bid bond.* Standard Form No. 24 (Standard Government Form of Bid Bond (construction or supply)) is the approved bid bond form. In the preparation of the form, contracting officers are authorized, when it is deemed by them to be in the best interests of the Government, to insert in the blank space on page one, following the words "in the penal sum of" and before the word "dollars", the following clause:

an amount equal to ____ per cent of the accompanying bid of said principal, but in no event shall said penalty exceed the sum of_____

There should be inserted in the first blank space of the above clause the percentage deemed appropriate by the contracting officer, having regard to existing instructions of the chief of the supply service concerned, and in the second blank space the amount of the maximum penalty in dollars. Standard Form No. 24 reads as follows:

STANDARD GOVERNMENT FORM OF BID BOND (NO. 24)

(Construction or Supply)

Know all men by these presents, That we, as Principal, and_____ as Surety, are held and firmly bound unto the United States of America, hereinafter called the Government, in the penal sum of _____ dollars lawful money of the United States, for the payment of which sum well and truly to be made, we bind ourselves, our heirs, executors, administrators, and successors, jointly and severally, firmly by these presents.

The condition of this obligation is such, that whereas the principal has submitted the accompanying bid, dated _____, 19____, for _____.

Now, therefore, if the principal shall not withdraw said bid within the period specified therein after the opening of the same, or, if no period be specified, within sixty (60) days after said opening, and shall within the period specified therefor, or, if no period be specified, within ten (10) days after the prescribed forms are presented to him for signature, enter into a written contract with the Government, in accordance with the bid as accepted, and give bond with good and sufficient surety or sureties, as may be required, for the faithful performance and proper fulfillment of such contract, or in the event of the withdrawal of said bid within the period specified, or the failure to enter into such contract and give such bond within the time specified, if the principal shall pay the Government the difference between the amount specified in said bid and the amount for which the Government may procure the required work and/or supplies, if the latter amount be in excess of the former, then the above obligation shall be void and of no

effect, otherwise to remain in full force and virtue.

In witness whereof, the above-bounden parties have executed this instrument under their several seals this ____ day of _____, 19____, the name and corporate seal of each corporate party being hereto affixed and these presents duly signed by its undersigned representative, pursuant to authority of its governing body.

§ 804.496–2 *Annual bid bond.* United States Standard Form No. 34 (Revised) is the approved form of Annual Bid Bond. It reads as follows:

ANNUAL BID BOND (NO. 34)

(Supplies)

Know all men by these presents, that we _____, as Principal, and _____ as Surety, are held and firmly bound unto the United States of America, hereinafter called the Government, in such penal sum or sums, lawful money of the United States, as shall be sufficient to indemnify the Government in case of the default of the said principal as hereinafter set forth, for the payment of which sum or sums well and truly to be made, we bind ourselves, our heirs, executors, administrators, and successors, jointly and severally, firmly by these presents.

The condition of this obligation is such, that whereas the principal contemplates submitting bids from time to time during the fiscal year ending June 30, 19____, to the _____ for furnishing materials and supplies to the Government, and desires that all such bids submitted for opening during said fiscal year be covered by a single bond instead of by a separate Bid Bond for each bid:

Now, therefore, if the principal shall not withdraw any such bid within the period specified therein after the opening of the same, or, if no period be specified, within sixty (60) days after said opening, and shall within the period specified therefor, or, if no period be specified, within ten (10) days after the prescribed forms are presented to him for signature, enter into a written contract with the Government, in accordance with the bid as accepted, and give bond with good and sufficient surety or sureties, as may be required, for the faithful performance and proper fulfillment of such contract, or in the event of the withdrawal of any bid within the period specified, or the failure to enter into such contract and give such bond within the time specified, if the principal shall pay the Government the difference between the amount specified in said bid and the amount for which the Government may procure the required materials and supplies, if the latter amount be in excess of the former, then the above obligation shall be void and of no effect, otherwise to remain in full force and virtue.

In witness whereof, the above-bounden parties have executed this instrument under their several seals this _____ day of _____ 19____, the name and corporate seal of each corporate party being hereto affixed and these presents duly signed by its undersigned representative, pursuant to authority of its governing body.

§ 804.496–3 *Performance bond.* (a) Standard Form No. 25, Revised is the approved form of performance bond for use when the bond is to be executed by individual sureties, or by one corporate surety. The form is set forth in paragraph (d) below.

(b) Standard Form No. 25–B is the approved form of performance bond for use when the bond is to be executed by two or more corporate sureties. For cases involving more than six sureties, continuation sheets to sheets one and three of the form are provided. These bear the form designations, Standard Form No. 25–B1 and 25–B3. Standard Form No. 25–B is set forth in paragraph (e) below.

(c) When the aforementioned Standard Forms of performance bonds are used, there may be inserted therein the following additional clause.

Provided, however, that the foregoing obligation of the surety shall not be applicable to the liability of the principal for the return of excessive profits under the provisions of the Sixth Supplemental National Defense Appropriation Act, 1942.

(d) Performance Bond (No. 25).

PERFORMANCE BOND (NO. 25)

(Construction or Supply)

Know all men by these presents, that we, _____ as Principal, and _____ as Surety, are held and firmly bound unto the United States of America, hereinafter called the Government, in the penal sum of _____ dollars for the payment of which sum well and truly to be made, we bind ourselves, our heirs, executors, administrators, and successors, jointly and severally, firmly by these presents.

The condition of this obligation is such, that whereas the principal entered into a certain contract, hereto attached, with the Government, dated _____, 19____, for _____

Now, therefore, if the principal shall well and truly perform and fulfill all the undertakings, covenants, terms, conditions, and agreements of said contract during the original term of said contract and any extensions thereof that may be granted by the Government, with or without notice to the surety, and during the life of any guaranty required under the contract, and shall also well and truly perform and fulfill all the undertakings, covenants, terms, conditions and agreements of said contract that may hereafter be made, notice of which modifications to the surety being hereby waived, then, this obligation to be void; otherwise to remain in full force and virtue.

In witness whereof, the above-bounden parties have executed this instrument under their several seals this _____ day of _____, 19____, the name and corporate seal of each corporate party being hereto affixed and these presents duly signed by its undersigned representative, pursuant to authority of its governing body.

(e) Performance Bond (No. 25–B).

PERFORMANCE BOND (NO. 25–B)

(Construction or Supply. Corporate Co-Surety Form)

Know all men by these presents, that we, _____ as Principal, and the corporations hereinafter designated as Surety A to Surety _____, inclusive, as Sureties, are held and firmly bound unto the United States of America, hereinafter called the Government, in the penal sum of _____ dollars, for the payment of which sum well and truly to be made we bind ourselves, our heirs, executors, administrators, and successors, jointly and severally, firmly by these presents: *Provided*, That we the sureties bind ourselves in such sum "jointly and severally" as well as "severally" only for the purpose of allowing a joint action or actions against any or all of us, and for all other purposes each Surety binds itself, jointly and severally with the Principal, for the payment of such sum only as is set forth opposite its name in the following schedule:

Surety	*Name and State of incorporation*	*Limit of liability*
A		
B		
C		

Q		

The condition of this Obligation is such, that whereas the Principal entered into a certain contract, hereto attached, with the Government dated _____, 19____, for _____

Now, therefore, if the Principal shall well and truly perform and fulfill all the undertakings, covenants, terms, conditions, and agreements of said contract during the original term of said contract and any extensions thereof that may be granted by the Government, with or without notice to the Sureties, and during the life of any guaranty required under the contract, and shall also well and truly perform and fulfill all the undertakings, covenants, terms, conditions and agreements of any and all duly authorized modifications of said contract that may hereafter be made, notice of which modifications to the Sureties being hereby waived, then, this obligation to be void; otherwise to remain in full force and virtue.

In witness whereof, the above-bounden parties have executed this instrument under their several seals this _____ day of _____, 19____, the name and corporate seal of each corporate party being hereto affixed and these presents duly signed by its undersigned representative, pursuant to authority of its governing body.

§ 804.496–4 *Annual performance bond.* United States Standard Form No. 35 (Revised) is the approved form of annual performance bonds. It reads as follows:

ANNUAL PERFORMANCE BOND (NO. 35)

(SUPPLIES)

Know all men by these presents, that we _____ as principal and _____ as surety are held and firmly bound unto the United States of America, hereinafter called the Government, in the penal sum of _____ dollars for the payment of which sum well and truly to be made, we bind ourselves, our heirs, executors, administrators, and successors, jointly and severally, firmly by these presents.

The condition of this obligation is such, that whereas the principal contemplates entering into contracts from time to time during the fiscal year ending June 30, 19____, with the Government represented by _____ for furnishing materials and supplies to the Government and desires that all such contracts be covered by one bond instead of by a separate performance bond for each contract:

Now, therefore, if the principal shall well and truly perform and fulfill all the undertakings, covenants, terms, conditions, and agreements of any and all such contracts so entered into during the original term thereof and any extensions that may be granted by the Government, with or without notice to the surety, and during the life of any guaranty required under the contract, and shall also well and truly perform and fulfill all the undertakings, covenants, terms, conditions, and agreements of any and all duly authorized modifications of such contract and may hereafter be made, notice of which modifications to the surety being hereby waived, then this obligation to be void; otherwise to remain in full force and virtue.

In witness whereof, the above-bounden parties have executed this instrument under their several seals this _____ day of _____, 19____, the name and corporate seal of each corporate party being hereto affixed and these presents duly signed by its undersigned representative, pursuant to authority of its governing body.

§ 804.496–5 *Payment bond.* (a) Standard Form No. 25–A is the approved form of payment bond for use when the bond is to be executed by individual sureties, or by one corporate surety. The form is set forth in paragraph (c) below.

(b) Standard Form No. 25–C is the approved form of payment bond for use when the bond is to be executed by two or more corporate sureties. For cases involving more than six sureties, continuation sheets to sheets one and three of the form are provided. These bear the form designations, Standard Form No. 25–C1 and No. 25–C3. Standard Form No. 25–C is set forth in paragraph (d) below.

(c) Payment Bond (No. 25–A).

PAYMENT BOND (NO. 25–A)

Know all men by these presents, that we, _____ as Principal, and _____ as Surety, are held and firmly bound unto the United States of America, hereinafter called the Government, in the penal sum of _____ dollars for the payment of which sum well and truly to be made, we bind ourselves, our heirs, executors, administrators, and successors, jointly and severally, firmly by these presents.

The condition of this obligation is such, that whereas the principal entered into a certain contract, hereto attached, with the Government, dated _____, 19____, for _____

Now, therefore, if the principal shall promptly make payment to all persons supplying labor and material in the prosecution of the work provided for in said contract, and any and all duly authorized modifications of said contract that may hereafter be made, notice of which modifications to the surety being hereby waived, then this obligation to be void; otherwise to remain in full force and virtue.

In witness whereof, the above-bounden parties have executed this instrument under their several seals this _____ day of _____, 19____, the name and corporate seal of each corporate party being hereto affixed and these presents duly signed by its undersigned representative, pursuant to authority of its governing body.

(d) Payment Bond No. 25–C).

PAYMENT BOND (NO. 25–C)

(Corporate Co-Surety Form)

Know all men by these presents, that we, _____ as Principal, and the corporations hereinafter designated as Surety A to Surety ____, inclusive, as Sureties, are held and firmly bound unto the United States of America, hereinafter called the Government, in the penal sum of _____ dollars, for the payment of which sum well and truly to be made we bind ourselves, our heirs, executors, administrators, and successors, jointly and severally, firmly by these presents: *Provided*, That we the Sureties bind ourselves in such sum "jointly and severally" as well as "severally" only for the purpose of allowing a joint action or actions against any or all of us, and for all other purposes each Surety binds itself, jointly and severally with the Principal, for the payment of such sum only as is set forth opposite its name in the following schedule:

Surety	*Name and State of incorporation*	*Limit of liability*
A		
B		
C		

Q		

The condition of this obligation is such, that whereas the Principal entered into a certain contract, hereto attached, with the Government, dated _____ 19____, for _____

Now, therefore, if the Principal shall promptly make payment to all persons supplying labor and material in the prosecution of the work provided for in said contract, and any and all duly authorized modifications of said contract that may hereafter be made, notice of which modifications to the Sureties being hereby waived, then this obligation to be void; otherwise to remain in full force and virtue.

In witness whereof, the above-bounden parties have executed this instrument under their several seals this ____ day of _____ 19____, the name and corporate seal of each corporate party being hereto affixed and these presents duly signed by its undersigned representative, pursuant to authority of its governing body.

§ 804.496–6 *Advance payment bond.* (a) The approved forms of advance payment bond for use when the bond is to be executed by individual sureties or one corporate surety are set forth in paragraphs (c) and (d) below. These forms are Standard Form No. 25, Revised (Standard Government Form of Performance Bond (construction and supply)), amended by the insertion of the italicized clauses.

(b) The approved forms of advance payment bond for use when the bond is to be executed by two or more corporate sureties are set forth in paragraphs (e) and (f) below. These forms are Standard Form No. 25–B [Standard Government Form of Performance Bond (construction and supply)], amended by the insertion of the italicized clauses. For cases involving more than six sureties continuation sheets to sheets one and three of the form are provided bearing the designations "Standard Form No. 25–B1" and "Standard Form No. 25–B3."

(c) Advance Payment Bond.

ADVANCE PAYMENT BOND

(When the provisions for advance payments are contained in the basic contract)

Know all men by these presents, that we, _____ as Principal, and _____ as Surety, are held and firmly bound unto the United States of America, hereinafter called the Government, in the penal sum of _____ dollars, for the payment of which sum well and truly to be made, we bind ourselves, our heirs, executors, administrators, and successors, jointly and severally, firmly by these presents.

The condition of this obligation is such, that whereas the principal entered into a certain contract, hereto attached, with the Government, dated _____ 19__, for _____ *and whereas such contract authorizes advance payments to the contractor in the sums not to exceed $_____, or _____ per centum of the contract price, as it may be amended, whichever shall be the smaller.*

Now, therefore, if the principal shall well and truly perform and fulfill all the undertakings, covenants, terms, conditions, and agreements of said contract *relating to advance payments* during the original term of said contract and any extensions thereof that may be granted by the Government, with or without notice to the surety, and during the life of any guaranty required under the contract, and shall also well and truly perform and fulfill all the undertakings, covenants, terms, conditions and agreements of any and all duly authorized modifications of said contract *relating to advance payments* that may hereafter be made, notice of which modifications to the surety being hereby waived, then, this obligation to be void; otherwise to remain in full force and virtue.

In witness whereof, the above-bounden parties have executed this instrument under their several seals this _____ day of _____ 19____, the name and corporate seal of each corporate party being hereto affixed and these presents duly signed by its undersigned representative, pursuant to authority of its governing body.

(d) Advance Payment Bond.

ADVANCE PAYMENT BOND

(When the provisions for advance payments are contained in a supplemental agreement)

Know all men by these presents, that we _____ as the Principal, and _____ as Surety, are held and firmly bound unto the United States of America, hereinafter called the Government, in the penal sum of _____ dollars for the payment of which sum well and truly to be made, we bind ourselves, our heirs, executors, administrators and successors, jointly and severally, firmly by these presents.

The condition of this obligation is such, that whereas the principal entered into a certain contract, hereto attached, with the Government, dated _____, 19__, for _____ *and whereas the Government has entered into a contract supplemental to the aforesaid principal contract, such supplemental contract being dated _____, 19__, and authorizing advance payments to the contractor of sums not to exceed $_____ or _____ per centum of the contract price, as it may be amended, whichever shall be the smaller.*

Now, therefore, if the principal shall well and truly perform and fulfill all the undertakings, covenants, terms, conditions, and agreements of said *supplemental contract relating to advance payments* during the original term of said *supplemental contract relating to advance payments* and any extensions thereof that may be granted by the Government, with or without notice to the surety, and during the life of any guaranty required under the contract, and shall also well and truly perform and fulfill all the undertakings, covenants, terms, conditions and agreements of any and all duly authorized modifications of said *supplemental contract relating to advance payments* that may hereafter be made, notice of which modifications to the surety being hereby waived, then, this obligation to be void; otherwise to remain in full force and virtue.

In witness whereof, the above-bounden parties have executed this instrument under their several seals this ____ day of _____, 19__, the name and corporate seal of each corporate party being hereto affixed and these presents duly signed by its undersigned representative, pursuant to authority of its governing body.

(e) Advance Payment Bond.

ADVANCE PAYMENT BOND

(Corporate Co-Surety Form)

(When the provisions for advance payments are contained in the basic contract)

Know all men by these presents, That we, ---------- as Principal, and the corporations hereinafter designated as Surety A to Surety ____, inclusive, as Sureties, are held and firmly bound unto the United States of America, hereinafter called the Government, in the penal sum of ---------- dollars, for the payment of which sum well and truly to be made we bind ourselves, our heirs, executors, administrators, and successors, jointly and severally, firmly by these presents: *Provided*, That we the Sureties bind ourselves in such sum "jointly and severally" as well as "severally" only for the purpose of allowing a joint action or actions against any or all of us, and for all other purposes each Surety binds itself, jointly and severally with the Principal, for the payment of such sum only as is set forth opposite its name in the following schedule:

Surety	*Name and State of incorporation*	*Limit of liability*
A		
B		
C		

Q		

The condition of this obligation is such that whereas the Principal entered into a certain contract hereto attached, with the Government, dated ---------- 19----, for---------- *and whereas such contract authorizes advance payments to the contractor in the sums not to exceed* $----------, *or* ---------- *per centum of the contract price, as it may be amended, whichever shall be the smaller.*

Now, therefore, if the Principal shall well and truly perform and fulfill all the undertakings, covenants, terms, conditions, and agreements of said contract *relating to advance payments* during the original term of said contract and any extensions thereof that may be granted by the Government, with or without notice to the Sureties, and during the life of any guaranty required under the contract, and shall also well and truly perform and fulfill all the undertakings, covenants, terms, conditions and agreements of any and all duly authorized modifications of said contract *relating to advance payments* that may hereafter be made, notice of which modifications to the Sureties being hereby waived, then, this obligation to be void; otherwise to remain in full force and virtue.

In witness whereof, the above-bounden parties have executed this instrument under their several seals this ---------- day of ---------- 19----, the name and corporate seal of each corporate party being hereto affixed and these presents duly signed by its undersigned representative, pursuant to authority of its governing body.

(f) Advance Payment Bond.

ADVANCE PAYMENT BOND

(Corporate Co-Surety Form)

(When the provisions for advance payments are contained in a supplemental agreement)

Know all men by these presents, that we, ---------- as Principal, and the corporations hereinafter designated as Surety A to Surety ____, inclusive, as Sureties, are held and firmly bound unto the United States of America, hereinafter called the Government, in the penal sum of ---------- dollars, for the payment of which sum well and truly to be made we bind ourselves, our heirs, executors, administrators, and successors, jointly and severally, firmly by these presents: *Provided*, That we the Sureties bind ourselves in such sum "jointly and severally" as well as "severally" only for the purpose of allowing a joint action or actions against any or all of us, and for all other purposes each Surety binds itself, jointly and severally with the Principal, for the payment of such sum only as is set forth opposite its name in the following schedule:

Surety	*Name and State of incorporation*	*Limit of liability*
A		
B		
C		

Q		

The condition of this obligation is such, that whereas the Principal entered into a certain contract, hereto attached, with the Government, dated ----------, 19--, for ---------- *and whereas the Government has entered into a contract supplemental to the aforesaid principal contract, such supplemental contract being dated* ---------- *and authorizing advance payments to the contractor of sums not to exceed* $---------- *or* ---------- *per centum of the contract price, as it may be amended, whichever shall be the smaller.*

Now, therefore, if the Principal shall well and truly perform and fulfill all the undertakings, covenants, terms, conditions, and agreements of said *supplemental contract relating to advance payments* during the original term of said *supplemental contract relating to advance payments* and any extensions thereof that may be granted by the Government, with or without notice to the Sureties, and during the life of any guaranty required under the contract, and shall also well and truly perform and fulfill all the undertakings, covenants, terms, conditions and agreements of any and all duly authorized modifications of said *supplemental contract relating to advance payments* that may hereafter be made, notice of which modifications to the Sureties being hereby waived, then, this obligation to be void; otherwise to remain in full force and virtue.

In witness whereof, the above-bounden parties have executed this instrument under their several seals this ------ day of ---------- 19---, the name and corporate seal of each corporate party being hereto affixed and these presents duly signed by its undersigned representative, pursuant to authority of its governing body.

§ 804.496–6 *Patent indemnity bond.* The following is the approved form of patent indemnity bond:

Know all men by these presents, that we, ---------- as Principal, and ---------- as Surety, are held and firmly bound unto the United States of America, hereinafter called the Government, in the penal sum of ---------- dollars, lawful money of the United States, for the payment of which sum well and truly to be made, we bind ourselves, our heirs, executors, administrators, and successors, jointly and severally, firmly by these presents.

The condition of this obligation is such, that whereas the principal entered into a certain contract, hereto attached, with the Government, dated ----------, 19----, for ---------- and whereas the said principal has specifically obligated himself in said contract to hold and save the Government, its officers, agents, servants, and employees, harmless from liability of any nature or kind, including cost and expenses, for or on account of any patented or unpatented invention, article, or appliance manufactured or used in the performance of that contract, including their use by the Government of the articles therein contracted for.

Now, therefore, if the principal shall well and truly perform and fulfill the above undertaking and agreement, and shall promptly make payment of any judgment and costs obtained against the United States under the provisions of the Act of June 25, 1910 (36 Stat. 851) as amended by the Act of July 1, 1918 (40 Stat. 705) or expenses incident thereto, then this obligation to be void; otherwise to remain in full force and virtue.

In witness whereof, the above-bounden parties have executed this instrument under their several seals this ---- day of ----------, 19----, the name and corporate seal of each corporate party being hereto affixed and these presents duly signed by its undersigned representative, pursuant to authority of its governing body.

§ 804.496–8 *Consent of surety.* (a) The following form is authorized for use in all cases other than those specified in paragraph (b) below.

Consent of Surety is hereby given to the foregoing Supplemental Agreement and the surety agrees that its bond or bonds shall apply and extend to the contract as modified or amended thereby.

(b) The following form is authorized for use when advance payments are added by supplemental agreement after the original contract has been executed and the performance bond given.

The undersigned surety company (or companies), surety (or sureties) on the performance bond supporting Contract No. ---------- dated ---------- with ---------- (principal) of ---------- (city and state) ---------- hereby consent to the alteration of the contract effected by the execution of the agreement supplemental thereto dated ---------- providing for advance payments, upon the condition that it (or they) shall not be liable under such performance bond for any portion of the advance payments which is not used by the contractor for the purposes of the contract.

If, in the event of default under the contract, the surety company (or companies) is (are) permitted to perform, and in case the additional funds for full performance are not available, it is understood and agreed that the number of articles to be delivered or the services to be performed under said contract shall be reduced in the proportion that the amount of advance payment moneys not used for the purposes of the contract bears to the total contract price.

In witness whereof, the respective sureties have executed this instrument under their several seals this ---------- day of ----------, 19----, the name and corporate seal of each corporate party being hereto affixed and these presents duly signed by its undersigned representative pursuant to authority of its governing body.

(c) In appropriate cases, the words "Supplemental Agreement" contained in the above forms may be changed to "Change Order".

§ 804.496–9 *Fidelity bond.* The primary commercial blanket form of fidelity bond as standardized by the Surety Association of America or its equivalent is the approved form of fidelity bond. There should be attached thereto the following:

(a) A rider providing for retroactive reinstatement for prior losses.

(b) A rider excluding any claim on the part of the surety company to be subrogated, on payment of loss or otherwise, to any claim against the United States.

(c) A rider providing for pro rata refund of premium in event of cancellation by the Insured.

(d) A rider providing for notice to the technical service concerned in the event of any change in or cancellation of the bond.

(e) A rider providing for investigation of all Class A employees.

(f) A rider providing for investigation of all claims.

(g) (Optional) A rider eliminating a premium charge for restoring the bond penalty after losses.

§ 804.496–10 *Forgery bond.* The depositor's form of forgery bond or policy as standardized by the Surety Association of America or its equivalent is the approved form of forgery bond. There should be attached thereto the following:

(a) A rider providing for retroactive reinstatement for prior losses.

(b) A rider excluding any claim on the part of the surety company to be subrogated, on payment of loss or otherwise, to any claim against the United States.

(c) A rider providing for pro rata refund of premium in event of cancellation by the Insured.

(d) A rider providing for notice to the technical service concerned in the event of any change in or cancellation of the bond.

(e) A rider providing for the investigation of all claims.

(f) (Optional) A rider eliminating premium charge for restoring the bond penalty after losses.

§ 804.496–11 *License or permit bond.* The form of license or permit bond prescribed by statute or ordinance of the public authority having jurisdiction is the approved form of bond.

§ 804.497 *Insurance forms.*

§ 804.497–1 *Release form.* (See § 804.487–1)

Policy No----------

1. This policy covers all property owned wholly or in part by the United States or in which the United States has any interest, legal or equitable, by way of lien, mortgage, pledge, or otherwise, while said property is on the premises of the assured as described in the policy to which this endorsement is attached. Loss if any under this policy shall be payable to the contractor and to the Treasurer of the United States as their respective interests may appear: *Provided, however*, That the United States is entitled to indemnity, in preference and priority, on all property insured hereunder and in which it has an interest.

2. This policy, with respect to the interests of the United States, shall not be altered, cancelled, or further endorsed, transferred or assigned, unless written notice to that effect shall be given, at least twenty days in advance, to the United States of America, through----------
----
(Insert name or names and addresses of Contracting Officer of the technical service involved).

3. Since this policy is hereby endorsed primarily to afford protection to the United States, and since the United States is not in a position to determine whether the assured under this policy is underinsured, any co-insurance clause of this policy as far as the interest of the United States is concerned is hereby declared to be inoperative and of no effect.

4. Inasmuch as the United States is not in control of the insured property, this policy, with respect to the interest of the United States, shall not be impaired or affected by the failure of the assured to comply with any condition or warranty contained therein.

§ 804.497–4 *War Department Insurance Rating Plan endorsement.*

Amending Policy Numbered--------

1. It is agreed that the premiums for the policies numbered: ----------
----
----
issued by the Company affording insurance in connection with the War Department Cost-Plus-A-Fixed-Fee Contract No. --------,
(Name of Contractor)
to ----------

----

and all subcontractors performing operations on a Cost-Plus-A-Fixed-Fee basis in connection with a project at----------
----
shall be a fixed charge plus modified losses plus all actual allocated claim expense, all multiplied by the tax multiplier, subject to a maximum premium equal to the amount obtained by the application of the tax multiplier to 90% of the standard premium.

a. The premium computed in accordance with the provisions of the policies, other than this endorsement, shall be known as the "standard premium" and shall be computed in accordance with manual rules and rates which have been approved by the Under Secretary of War.

b. "Losses incurred" as used in this endorsement shall mean the sum of all losses (indemnity and medical) actually paid plus reserves for unpaid losses as determined by the Company and approved by the insured and the Under Secretary of War.

c. "Modified losses" as used in this endorsement shall mean the losses incurred converted by the application of the factor 1.12.

d. "Allocated claim expense" as used in this endorsement shall mean actual payments and reserves for legal expenses, excluding the cost of investigation and adjustment of claims by salaried employees and fee adjusters, but including attorney's fees, court costs, interest, expense for expert testimony, examination, X-ray, autopsy or medical expenses of any kind not incurred for the benefit of the injured or any other expenses incurred under the policy other than payment of indemnity or medical treatment, provided that only those items of expense which can be directly allocated to a specific claim involving litigation or possible litigation when necessary to determine the Company's liability shall be included.

e. "Fixed charge" as used in this endorsement shall mean the amount provided for fixed expenses and for losses in excess of the maximum. The fixed charge shall be determined by applying the appropriate percentage as set forth in Table I, to the sum of 90% of the standard premium for Workmen's Compensation and Employers' Liability and 100% of the standard premium for Automobile Bodily Injury Liability and Property Damage Liability coverages and all other bodily injury liability and property damage liability coverages combined.

f. TABLE I—TABLE OF FIXED CHARGES

(1) Standard Premium: [1]	(2) *Fixed charge* [2]
$5,000 or less	37.
$10,000	29.
$25,000	24.
$50,000	18. 4
$100,000	12. 5
$150,000	11. 5
$200,000	10. 5
$250,000	9. 7
$300,000	9.
$350,000	7. 5
$400,000 to $700,000	6. 5
$700,000 and over	6. 3

[1] Standard Premium to be used in determining applicable fixed Charge percentage (90% of Standard Premium for Workmen's Compensation and Employers' Liability and 100% of Standard Premium for all bodily injury liability and property damage liability coverages).

[2] Fixed charge (expressed as a percentage of standard premium stated in column 1).

If the standard premium lies between any two of the figures in the standard premium column, the Fixed Charge shall be interpolated.

g. "Tax Multiplier" as used in this endorsement shall mean the factor as set forth in Table II, to be applied to the fixed charge, to the modified losses and to the allocated claim expense in order to increase those

amounts sufficiently to provide for those taxes which are levied as a percentage of premium and for assessments for industrial commissions, rating boards and bureaus.

h. TABLE II—TABLE OF TAX MULTIPLIERS

State	Workmen's compensation and employers' liability—Tax multiplier applicable to total insurance costs	Automobile bodily injury liability and property damage liability—Tax multiplier applicable to total insurance costs	Other bodily injury liability and property damage liability—Tax multiplier applicable to total insurance costs
All States except as noted below	1.029	1.024	1.024
Alabama	1.034	1.029	1.029
Arkansas	1.050	1.024	1.024
California	1.035	1.030	1.030

Mississippi		1.034	1.034
New Jersey	1.042	1.024	1.024
New York [3]	1.040	1.024	1.024
N. Carolina	1.062	1.029	1.029
N. Dakota		1.029	1.029
Ohio		1.029	1.029
Oklahoma	1.05	1.045	1.045
Oregon		1.026	1.026
Pennsylvania	1.040	1.024	1.024
S. Carolina	1.056	1.034	1.034
S. Dakota	1.034	1.029	1.029
Tennessee	1.050	1.029	1.029
Texas	1.055	1.053	1.051
Utah	1.031	1.026	1.026
Virginia	1.034	1.031	1.031
Washington		1.026	1.026
Wyoming		1.029	1.029

[1] Kansas Compensation Act provides for levying varying fees per claim which are paid into a fund for the support of the Industrial Commission. All such fees must be added to the modified losses before applying the tax multiplier.

[2] Maryland Compensation Act provides for levying assessment per $100 of payroll for expenses of Industrial Commission. An amount equal to 3.4 cents per $100 of payroll must be added to the fixed charges before applying the tax multiplier.

[3] New York Compensation Act provides for levying an assessment on indemnity losses for expenses of the Department of Labor. An amount equal to 4.5% of the indemnity losses incurred must be added to the modified losses before applying the tax multiplier.

2. If Table II fails to provide the proper tax multiplier, the multiplier will be obtained by using the following formula:

$$\text{Tax Multiplier} = \frac{1}{1.0 - (\text{the tax loading plus } 0.8\%)}$$

In any case where the tax multiplier is obtained by use of the formula and not the table, it will not be used in the premium computation until approved by the insured and the Under Secretary of War.

3. The deposit premium shall be 15% of the estimated annual standard premium.

4. The Company shall be paid 50% of the earned standard premium on policies written on a payroll basis determined monthly by audit of the expended payrolls and 50% of the earned standard premium on all other policies determined monthly on the basis of the actual monthly exposures.

5. The Company shall furnish to the insured and to the War Department a quarterly itemized statement of incurred losses.

6. Within sixty days after termination of the policies, the Company shall compute the aggregate amount of modified losses plus all allocated claim expense times the tax multiplier, the aggregate fixed charge times the tax multiplier and the aggregate earned standard premium, and a preliminary settlement of premium shall be made.

7. Within eight months after termination of the policies, based upon a determination of loss reserves made not earlier than six months after such termination, the final settlement of premium computed in accordance with the provisions of this endorsement shall be made. If the losses so determined are not approved by the insured and the Under Secretary of War and agreement cannot be reached as to any modification thereof, the final settlement shall be deferred for a further period of six months or such further period up to twenty-four months as may be necessary to produce an approved determination of such loss reserves. In the event an approved determination of loss reserves cannot be reached by this method, the matter shall be referred for arbitration to a committee of three, one member of which shall be selected by the insured, one by the Company, and the third by those two members, and the decision of this committee shall be final upon approval by the Under Secretary of War.

8. If the policies are canceled, the earned standard premium shall be determined on a pro rata basis, but if such cancelation is effected by the insured—except for cancelation on termination of the project—the maximum premium shall be 90% of the standard premium for the original policy period, obtained by extending the earned standard premium on a pro rata basis, all increased by the provision for taxes.

ATTACHMENT

The Company may use its usual attachment clause.

NOTE: The method set forth below is to be followed in stating the Name of Employer in Item 1 of the Declarations:

Name of Employer: _____, C.P.F.F. contractor with U.S.A., and others, as described in endorsement _____
(Insert "attached" or number)

---

§ 804.497–4a *Mandatory endorsement amending War Department Insurance Policy Plan regarding approval of losses.* It is agreed that the War Department Insurance Rating Plan endorsement is hereby amended as follows:

(a) The words "the insured and" are deleted from Division b. of paragraph 1, from paragraph 2 and from the second sentence of paragraph 7.

(b) The words "Under Secretary of War" are substituted for the word "insured" in the third sentence of paragraph 7.

Accepted By _____
(Name of Insured)

§ 804.497–5 *General endorsement for general liability policy.*

Amending Policy Numbered _____

It is agreed that:

1. *Name of insured.* The name and address of the Insured are: _____

(Name and address of Contractor)
prime cost-plus-a-fixed-fee contractor under Government Contract No. _____ with the United States of America and _____

(Names and addresses of subcontractors)
cost-plus-a-fixed-fee subcontractors and all other cost-plus-a-fixed-fee subcontractors under such contract.

The prime contractor agrees to notify the Company as soon as practicable of the names of all cost-plus-a-fixed-fee subcontractors under such contract not named herein. Failure so to notify the Company shall not invalidate the insurance.

Any notice relating to this insurance mailed or delivered by the Company to the prime contractor and to the subcontractors named in the policy shall be deemed notice to all subcontractors not named in the policy.

2. *Operations covered.* Such insurance as is afforded by the policy applies to all operations in connection with the contract designated in paragraph 1 of this endorsement and all subcontracts thereunder and does not apply to any other operations of the insured.

3. *Waiver of subrogation against the United States.* The Company waives any right of subrogation against the United States of America which might arise by reason of any payment under the policy.

4. *Rate adjustment.* The rules and rates upon which the standard premium for the policy is based are subject to change at the end of each year of the policy to accord with rules and rates then in use by the Company, subject to the approval of the Under Secretary of War.

5. *Cancelation.* The cancelation condition of the policy is amended as follows:

a. The reference therein to a specified number of days is changed to thirty days.

b. This policy may be canceled by the named insured by mailing written notice to the Company stating when not less than thirty days thereafter such cancelation shall be effective.

c. Cancelation by the Company shall not be effective unless a copy of the notice of cancelation is mailed to _____

(Insert name or names and addresses of Contracting Officers of the technical service involved)

on the same day that notice of cancelation is mailed or delivered to the named insured.

d. In the event of cancelation by the named insured the Company will as soon as practicable mail notice thereof to the officer or officers named in the preceding paragraph.

6. *Aggregate limits.* As respects insurance afforded under the policy for which an aggregate limit of liability is set forth therein such limit of liability shall apply to each year of the policy period.

7. *Interpretation of cross liability.* As respects claims against any insured under this policy other insureds or the employees of other insureds shall be deemed to be members of the public.

8. *Exclusion of products liability.* The policy does not apply.

a. To the handling or use of, the existence of any condition in or a warranty of goods or products manufactured, sold, handled or distributed by the named insured, other than equipment rented to or located for use of others but not sold, if the accident occurs after the insured has relinquished possession thereof to others and away from premises owned, rented or controlled by the insured or on premises for which the classification is stated in the declarations as subject to this exclusion;

b. To operations, other than pick-up and delivery and the existence of tools, uninstalled equipment and abandoned or unused materials, if the accident occurs after such operations have been completed or abandoned at the place of occurrence thereof and away from premises owned, rented or controlled by the insured.

9. *Malpractice.* It is agreed that malpractice, error or mistake in render ng of medical, surgical, nursing or hospital services or treatment or the omission thereof shall be deemed an accident, and that all malpractice, error or mistake in the rendering or omission of such services or treatment to any one person shall be deemed one accident.

10. *Definition of "cost".* When used as a premium basis the word "cost" shall mean the total cost of all operations performed for the named insured during the policy period by independent contractors not on a cost-plus-a-fixed-fee basis, including materials used or delivered for use, except maintenance or ordinary alterations and repairs on premises owned or rented by the named insured; any other provision of the policy relating to the meaning of the word "cost" when used as a premium basis is eliminated.

11. *Premium adjustment.* The premium for this policy is to be computed in accordance with the provisions of the War Department Insurance Rating Plan Endorsement forming a part of Policy No. _____
(Insert number of Workmen's Compensation Policy)

ATTACHMENT

The Company may use its usual attachment clause.

NOTE: The method set forth below is to be followed in stating the Name of Insured in Item 1 of the Declarations:

Name of Insured _____
C. P. F. F. contractor with U. S. A., and others, as described in endorsement _____
(Insert "attached" or number)

---

§ 804.497–6 *General endorsement for automobile liability policy.*

Amending Policy Numbered _____

It is agreed that:

1. *Name of Insured.* The name and address of the Insured are: _____

(Name and address of Contractor)
prime cost-plus-a-fixed-fee contractor under Government Contract No. _____ with the United States of America and _____

(Names and addresses of subcontractors)
cost-plus-a-fixed-fee subcontractors and all other cost-plus-a-fixed-fee subcontractors under such contract.

The prime contractor agrees to notify the Company as soon as practicable of the names of all cost-plus-a-fixed-fee subcontractors under such contract not named herein. Failure so to notify the Company shall not invalidate the insurance.

Any notice relating to this insurance mailed or delivered by the Company to the prime contractor and to the subcontractors named in the policy shall be deemed notice to all subcontractors not named in the policy.

2. *Operations covered.* Such insurance as is afforded by the policy applies to all operations in connection with such contracts. Any other provision of the Policy relating to premium for such coverage is eliminated.

3. *Waiver of subrogation against the United States.* The Company waives any right of subrogation against the United States of America which might arise by reason of any payment under the policy.

4. *Rate adjustment.* The rules and rates upon which the standard premium for the policy is based are subject to change at the end of each year of the policy to accord with rules and rates then in use by the Company, subject to the approval of the Under Secretary of War.

5. *Cancelation.* The cancelation condition of the policy is amended as follows:

a. The reference therein to a specified number of days is changed to thirty days.

b. This policy may be canceled by the named insured by mailing written notice to the Company stating when not less than thirty days thereafter such cancelation shall be effective.

c. Cancelation by the Company shall not be effective unless a copy of the notice of cancelation is mailed to _____

(Insert name or names and addresses of Contracting Officers of the Supply Service involved)

on the same day that notice of cancelation is mailed or delivered to the named insured.

d. In the event of cancelation by the named insured the company will as soon as practicable mail notice thereof to the officer or officers named in the preceding paragraph.

6. *Interpretation of cross liability.* As respects claims against any insured under this policy other insureds or the employees of other insureds shall be deemed to be members of the public.

7. *Premium adjustment.* The premium for this policy is to be computed in accordance with the provisions of the War Department Insurance Rating Plan Endorsement forming a part of Policy No. _____

(Insert number of Workmen's Compensation Policy)

ATTACHMENT

The Company may use its usual attachment clause.

NOTE: The method set forth below is to be followed in stating the Name of Insured in Item 1 of the Declarations:

Name of Insured: _____
C. P. F. F. contractor with U. S. A., and others, as described in endorsement _____
(Insert "attached" or number)

---

§ 804.497–7 *General endorsement for workmen's compensation and employers' liability policy.*

Amending Policy Numbered _____

It is agreed that:

1. *Name of employer.* The name and address of this Employer are: _____

(Name and address of contractor)
prime cost-plus-a-fixed-fee contractor under Government Contract No. _____ with the United States of America and _____

(Names and addresses of subcontractors)
cost-plus-a-fixed-fee subcontractors and all other cost-plus-a-fixed-fee subcontractors under such contract.

The prime contractor agrees to notify the Company as soon as practicable of the names of all cost-plus-a-fixed-fee subcontractors under such contract not named herein. Failure so to notify the Company shall not invalidate the insurance.

Any notice relating to this insurance mailed or delivered by the Company to the prime contractor and to the subcontractors named in the policy shall be deemed notice to all subcontractors not named in the policy.

2. *Operations covered.* Such insurance as is afforded by the policy applies to all operations in connection with the contract designated in paragraph 1 of this endorsement and all subcontracts thereunder and does not apply to any other operations of the Employer.

3. *Waiver of subrogation against the United States.* The Company waives any right of subrogation against the United States of America which might arise by reason of any payment under the policy.

4. *Rate adjustment.* The rules and rates upon which the standard premium for the policy is based are subject to change at the end of each year of the policy to accord with rules and rates then in use by the Company, subject to the approval of the Under Secretary of War. This provision applies in addition to any other provision in the policy with respect to changes in rules and rates.

5. *Cancelation.* The cancelation condition of the policy is amended as follows:

a. The reference therein to a specified number of days is changed to thirty days.

b. Cancelation by the Company shall not be effective unless a copy of the notice of cancelation is mailed to _____

(Insert name or names and addresses of Contracting Officer of the Supply Service involved)

on the same day that notice of cancelation is mailed or delivered to the Employer.

c. In the event of cancelation by the Employer the Company will as soon as practicable mail notice thereof to the officer or officers named in the preceding paragraph.

6. *Aggregate limits.* As respects insurance afforded under the policy for which an aggregate limit of liability is set forth therein such limit of liability shall apply to each year of the policy period.

7. *All States coverage.* In the event the Employer is obligated to pay compensation benefits under any Workmen's Compensation law of any state or district of the United States other than a Workmen's Compensation law cited in an endorsement made a part of the policy because of injuries sustained by employees while engaged in operations for the Employer in connection with the contract designated in paragraph 1 of this endorsement and all subcontracts thereunder, the Company agrees to pay such compensation benefits under the law of any such state other than the law of a state which does not permit the writing of Workmen's Compensation insurance by private carriers.

ATTACHMENT

The Company may use its usual attachment clause.

NOTE: The method set forth below is to be followed in stating the Name of Employer in Item 1 of the Declarations:

Name of Employer: ----------, C. P. F. F. contractor with U. S. A., and others, as described in endorsement----------

---

(Insert "attached" or number)

§ 804.497–8 *Special endorsement for Missouri compensation policies written under the War Department Insurance Rating Plan.*

It is agreed that:

1. The provisions of this endorsement are applicable solely with respect to persons in the employ of this Employer who are engaged in the business operations covered by the policy and whose average annual earnings exceed $3,600.

2. In the event of personal injury or death of any such person arising out of and in the course of his employment, the company will pay, subject to the provisions of paragraphs 3, 4 and 5 hereof, on behalf of this Employer, the same compensation and the same medical, surgical, hospital and other statutory benefits to or for such injured person or to any person claiming by, through, or under him in the event of death resulting from such injury, as would be payable under the Workmen's Compensation Law of Missouri if the injury or death had been that of an employee of this Employer whose average annual earnings were $3,600.

3. In consideration of these payments and as a condition precedent thereto the injured person or any persons claiming by, through or under him shall execute a full release of all claims for damages against this Employer in the manner required by the Company and shall in addition execute an assignment to the Company of any right of action available to any of them against any person, firm, corporation or estate other than this Employer which is or may be liable for such injury or death. If death of the injured shall result after a period of disability, death being due to such injuries and any one claiming by, through or under the injured shall accept any payment provided for in this endorsement which accrues after such death, with notice or knowledge of said release and assignment, the acceptance of such payment shall operate to estop the person so accepting from asserting that such release or assignment is not binding upon him.

4. If the Company proceeds upon such assignment and recovers and collects an amount from the party at fault in excess of the amount of the payments made hereunder, the Company shall first take the necessary expenses of the procedure and shall pay any remaining balance of such excess so obtained to the person or persons executing the assignment. The Company shall have power and discretion to proceed against the party at fault or to settle with said party upon such terms as may seem desirable to the Company, either without litigation or during the pendency thereof.

5. If the injured person or any person claiming by, through or under him shall refuse to accept the payments offered under the provisions of the preceding paragraphs, then the Company may withdraw the foregoing proposal without notice, under which circumstances the Company will be no longer bound by the undertakings expressed in the preceding paragraphs. If any claim, suit or demand is made or prosecuted against this Employer or any other person or organization for damages for such injuries or death, such claim, suit or demand shall be considered as a refusal to accept such payments and the obligations of the Company as expressed in Paragraph One (b) of the Policy as well as all parts of the Policy having reference thereto, subject however, to such limitations or modifications as may be endorsed thereon, shall be available to this Employer and shall be and remain the obligations of the Company as fully and completely as if this endorsement had not been written.

THE ---------- INSURANCE COMPANY.

§ 804.497–9 *Special endorsement for Delaware compensation policies written under the War Department Insurance Rating Plan.*

The insurance shall be continuous until completion of the project or operation, except that if the project or operation is of indefinite duration and continues for a longer period than twenty-four months, at the expiration of the first twenty-four months the Rating Plan shall be applied and the policy shall be renewed and the Rating Plan again applied at the end of each twenty-four months' period, as though it were a new project or operation.

It is agreed that except for cancelation under the War Department Insurance Rating Plan Endorsement this policy shall remain in effect for a period of twelve months and shall be renewed from year to year to the completion of the contract described in this policy.

It is also agreed that the Workmen's Compensation Rules and Rates which have been approved by the Industrial Accident Board of the State of Delaware and the Under Secretary of War shall be applicable to this policy and that the rates expressed in this policy shall be subject to change in accordance with the Rate Manuals promulgated by the Delaware Compensation Rating and Inspection Bureau and approved by the Industrial Accident Board of the State of Delaware and the Under Secretary of War.

It is agreed that Workmen's Compensation losses will be valued by the Delaware Compensation Rating and Inspection Bureau in accordance with the instructions of the Industrial Accident Board of the State of Delaware as approved by the Under Secretary of War.

It is further agreed that the named insured will undertake, and the insurance carrier hereby assumes, all of the liability under the Delaware Compensation Law because of injury or death resulting therefrom to employees of subcontractors who perform any part of the work described in this policy under cost-plus-a-fixed-fee contracts. To this end the named insured agrees to notify all subcontractors that he has assumed this liability and has provided the insurance thereof.

This endorsement forms a part of Compensation

Policy No. --------

Issued to ----------

(Insurance Carrier)

Revised Draft. Nov. 5, 1941. Incl. ±2.

§ 804.497–10 *Special endorsements for Massachusetts compensation policies written under the War Department Insurance Rating Plan*—(a) *War Project Endorsement Form (D).*

The insurance company shall audit the payroll for the purpose of computing premiums under this policy as soon as possible after its final expiration and, in any event, within eight months. Payroll audits shall not be waived.

(b) *War Department Insurance Rating Plan Endorsement Form (2A).* Amending revised Form 2 (see § 804.497–4).

Clause 1 (a) is hereby amended to read as follows:

The premium computed in accordance with the provisions of the policies, other than this endorsement, shall be known as the "standard premium" and shall be computed in accordance with manual rules and rates which have been approved by the *Massachusetts Commissioner of Insurance* and the Under Secretary of War.

Clause 1 (b) is hereby amended to read as follows:

"Losses incurred" as used in this endorsement shall mean the sum of all losses (indemnity and medical) actually paid plus reserves for unpaid losses as determined by the Company and approved by the *Massachusetts Commissioner of Insurance* and the Under Secretary of War.

Clause 2 is hereby amended to read as follows:

In any case where the tax multiplier is obtained by use of the formula and not the table, it will not be used in the premium computation until approved by *insurance company* and the Under Secretary of War.

Clause 5 is hereby amended to read as follows:

The Company shall furnish to the *Massachusetts Commissioner of Insurance* and to the War Department a quarterly itemized statement of incurred losses.

Clause 7 is hereby amended to read as follows:

Within eight months after termination of the policies, based upon a determination of loss reserves made not earlier than six months after such termination, the final settlement of premium computed in accordance with the provisions of this endorsement shall be made. If the losses so determined are not approved by the *Massachusetts Commissioner of Insurance* and the Under Secretary of War and agreement cannot be reached as to any modification thereof, the final settlement shall be deferred for a further period of six months or such further period up to twenty-four months as may be necessary to produce an approved determination of such loss reserves. In the event such an approved determination of loss reserves cannot be reached by this method, the matter shall be referred for arbitration to a Committee of three, one member to be selected by the insured, one by the carrier and a third by those two members and the decision of this committee shall be final upon approval by the Massachusetts Commissioner of Insurance and the Under Secretary of War.

(c) *General Endorsement for Workmen's Compensation and Employers' Liability Policy.* Amending Workmen's Compensation Endorsement 10 (see § 804.497–7).

The second sentence of paragraph 2, clause 1, is hereby amended so as to read as follows:

Failure so to notify the Company shall not invalidate the insurance but the insurance company shall be entitled to all premiums due on account of the operations of such subcontractor.

Clause 4, is hereby amended so as to read as follows:

The rules and rates upon which the standard premium for the policy is based are subject to change at the end of each year of the policy to accord with rules and rates which the Massachusetts Commissioner of Insurance permits the Company to use, subject to the approval of the Under Secretary of War. This provision applies in addition to any other provision in the policy with respect to changes in rules and rates.

(d) *General Endorsement for Automobile Liability Policy.* Amending Automobile Liability Endorsement 30 (see § 804.497–6).

The second sentence of paragraph 2 of clause 1 is hereby amended so as to read as follows:

Failure so to notify the Company shall not invalidate insurance but the insurance company shall be entitled to all premiums due on account of the operations of such subcontractor.

(e) *War Department Amended Insurance Service Agreement* (see § 804.497–12).

Paragraph 1 of the War Department Insurance Service Agreement is hereby amended by striking out said paragraph 1 and inserting in its place the following new paragraph:

1 (We) ----------, [1] Insurance Advisor licensed under Gen. Laws, Chap. 175, Sec. 177B, [1] Insurance Agent licensed under Gen. Laws, Chap. 175, Sec. 163, [1] Insurance Broker licensed under Gen. Laws, Chap. 175, Sec. 166, hereinafter called the Party of the First Part, agree, in consideration of a sum of money to be determined as hereinafter set forth, to render complete insurance advisory service to ----------, hereinafter called the Party of the Second Part, on all insurance upon which a fixed charge is based, during the construction or operation of ----------, located at ---------- from the effective date of this Agreement continuously until final settlement of all premiums has been made.

§ 804.497–11 *Special endorsement for Pennsylvania compensation policies written under the War Department Insurance Rating Plan.*

XXIV.—SPECIAL ENDORSEMENT FOR PENNSYLVANIA COMPENSATION POLICIES WRITTEN UNDER THE WAR DEPARTMENT INSURANCE RATING PLAN

The insurance shall be continuous until completion of the project or operation, except that if the project or operation is of indefinite duration and continues for a longer period than twenty-four months, at the expiration of the first twenty-four months the Rating Plan shall be applied and the policy shall be renewed and the Rating Plan again applied at the end of each twenty-four months' period, as though it were a new project or operation.

It is agreed that except for cancelation under the War Department Insurance Rating Plan Endorsement this policy shall remain in effect for a period of twelve months and shall be renewed from year to year to the completion of the contract described in this policy.

It is also agreed that the Workmen's Compensation Rules and Rates which have been approved by the Pennsylvania Insurance Commissioner and the Under Secretary of War shall be applicable to this policy and that the rates expressed in this policy shall be subject to change in accordance with the rate Manuals promulgated by the Pennsylvania Compensation Rating and Inspection Bureau and approved by the Pennsylvania Insurance Commissioner and the Under Secretary of War.

It is agreed that Workmen's Compensation losses will be valued by the Pennsylvania Compensation Rating and Inspection Bureau in accordance with the instructions of the Pennsylvania Insurance Commissioner as approved by the Under Secretary of War.

It is further agreed that the named insured will assume liability in connection with Section 302 (b) of the Compensation Act and the Occupational Disease Act, for employees of subcontractors performing any part of the construction described in this endorsement under cost-plus-a-fixed-fee contracts, and to this end the named insured agrees to notify all subcontractors that he has assumed the position of "statutory employer" for the employees of all such subcontractors.

This endorsement forms a part of Compensation Policy No. ----------

Issued to----------

(Insurance Carrier)

§ 804.497–12 *Texas National Defense Projects*—(a) *Control Endorsement.*

Amending:

Policy No----------

and all endorsements thereto.

Whereas, the Board of Insurance Commissioners of Texas is vested with the sole and exclusive power and authority to make, fix, prescribe, establish, and promulgate insurance rates and classifications of hazards governing premiums for Workmen's Compensation and Motor Vehicle Insurance as authorized by the laws of the State of Texas, now therefore:

It is agreed that the standard premium as used in this policy or any endorsement attached to it or relating thereto shall mean a premium calculated according to the Manual rules and rates of the Board of Insurance Commissioners of Texas and the special rules and rates promulgated in connection with the War Department Emergency Insurance Rating Plan adopted by the said Board of Insurance Commissioners for use in Texas.

All premium computations provided for in this policy or in any endorsement attached to it or relating thereto shall be promptly submitted by the insurer to the Texas Casualty Insurance Commissioner and shall take effect only upon their promulgation by such Commissioner.

This endorsement, together with the policy to which it is attached and all other endorsements attached or pertaining thereto, is in the form prescribed by the Texas Board of Insurance Commissioners in accordance with statutory direction. Any contract or agreement written under the provisions of the hereinabove mentioned Rating Plan which conflicts in any wise whatsoever with the provisions of this endorsement or with the provisions of Texas law shall be void and of no effect to the extent of such conflict, except as these requirements may conflict with statutes of the United States relating to functions of the United States of America under the Constitution.

(b) *Attachment.* A company may use its usual attachment clause.

(c) *War Department Insurance Service Agreement for use in the State of Texas.*

I (We), ----------, hereinafter called First Party, agree, in consideration of a sum of money to be determined as hereinafter set forth, to render complete insurance advisory service to ---------- hereinafter called Second Party, on all insurance upon which a fixed charge is based, during the construction or operation—or both—(as the case may be) of---------- located at----------, from the effective date of this Agreement continuously until final settlement of all premiums has been made.

The complete insurance advisory service to be rendered by the First Party shall include a review of all policies of insurance; verification of all statements of premiums, losses and loss reserves submitted to the Second Party by the carrier; verification of all payroll classifications assigned to the policies, a determination that payrolls are assigned to proper classifications; and the rendering of detailed reports of findings to the Second Party, monthly.

The Second Party agrees to pay to the First Party, in consideration of the services to be rendered, a fixed charge, as hereinafter provided, which shall be determined by applying the fixed charge (expressed as a percentage of standard premiums), found in the following table to 50% of the standard premium for all policies issued to the Second Party on the War Department comprehensive rating plan.

FIXED CHARGE TABLE

A *50% of the standard premium as hereinabove defined*	*B* *Fixed charge expressed as a percentage of standard premiums stated in column A*
1st $10,000	7½
Next $40,000	4
Next $50,000	2
Next $400,000	1
Over $500,000	½

The First Party shall submit monthly to the Second Party a detailed statement of the aggregate earned standard premium and the aggregate earned fixed charge less all monthly payments of earned fixed charge to date; except that if this Agreement supersedes a previous agreement which has been terminated, the First Party shall submit to the Second Party, monthly, a detailed statement of the aggregate earned standard premium less that portion earned prior to the date of this Agreement and the aggregate earned fixed charge which shall be determined by applying to the amount of standard premium earned since the effective date of this Agreement, the earned fixed charge percent applicable to the total earned standard premium, less all payments of earned fixed charge made under this Agreement. Upon approval, the Second Party shall pay to the First Party the unpaid portion of the earned fixed charge. A final detailed statement shall be submitted the First Party upon receipt of final audit statements from the carrier and final settlement shall then be made upon approval of such audit by the War Department and the Second Party.

This agreement may be terminated by either of the parties, upon notice in writing to the other party and to the Texas Casualty Insurance Commissioner, and the termination shall be effective immediately upon notice being sent to said Commissioner. The fixed charge shall be determined in accordance with the terms of this Agreement, as of the effective date of termination, and final settlement shall then be made.

This agreement shall be effective and binding on the undersigned from and after ------

---

consideration of a fee to be determined in the manner hereinafter set forth, to render complete insurance advisory service to _____

_____
(Name of Contractor)

of _____,
(Address of Contractor)

contractor with the United States of America under Contract No. _____ hereinafter called the "Contractor", on all insurance procured under the War Department Insurance Rating Plan with respect to the construction or operation (or both, as the case may be) of _____, located at or near _____, from the effective date of this agreement continuously until final settlement of all premiums for such insurance has been made.

2. The Advisor agrees that he will:

a. Upon request, assist the Contractor in the selection of an insurance carrier;

b. Procure insurance binders and policies and examine to determine that they are correctly written and that the required coverages are provided;

c. Upon request, assist the Contractor in establishing proper procedure and records for determining payroll classifications and for other units of exposure upon which insurance premiums are based;

d. Examine all insurance audit statements and premium invoices;

e. Visit the project or location of operations at least once each month to determine that insurance matters are being properly handled;

f. Render any other assistance of an insurance nature which the Contractor may require; and,

g. Submit to the Contractor monthly a detailed report of findings and of services performed.

3. The Contractor agrees to pay the Advisor a fee for his services, the amount of which shall be determined by applying the applicable percentages set forth in Column B below to 50% of the standard premium accruing during the period of this agreement on policies issued to the Contractor under the War Department Insurance Rating Plan. "Standard Premium" as used herein shall mean the premium for such policies computed on the basis of the manual rules and rates approved by the War Department for use in connection with the policies issued to the Contractor under the War Department Insurance Rating Plan.

FEE SCHEDULE

A *50% of the standard premium as hereinabove defined*	*B* *Fee, expressed as a percentage of standard premiums stated in column A*
1st $10,000	7½
Next $40,000	4
Next $50,000	2
Next $400,000	1
Over $500,000	½

4. The Advisor shall submit monthly a statement of the aggregate earned standard premium and the aggregate earned advisor's fee, less the amount of all fees previously earned. If, however, this agreement supersedes a previous insurance service agreement or agreements, the Advisor shall submit monthly a statement of (a) the aggregate standard premium earned during the term of all agreements; (b) the aggregate standard premium earned during the term of all previous agreements; and (c) the fee earned during the term of this agreement less all fees previously earned under this agreement. The fee earned under this agreement shall be computed by applying the basis of computation as set forth in this agreement to the aggregate standard premium earned during the term of all agreements, and deducting from the total fee thus computed, the portion thereof applicable to the aggregate standard premium earned during the term of all previous agreements. Upon approval by the Contractor of each such monthly statement, the Advisor shall be paid the earned fee. A final statement shall be submitted by the Advisor upon receipt of final audit statements from the insurance carrier and final settlement of the Advisor's fee shall be made as soon as practicable thereafter.

5. The Advisor agrees that he will neither accept employment by nor any remuneration directly or indirectly from the insurance carrier for services rendered in connection with the insurance written under the War Department Insurance Rating Plan covering operations under the contract referred to in paragraph 1 hereof.

6. This agreement may be terminated by either of the parties hereto upon notice in writing mailed to the other party stating when, not less than ten days thereafter, such termination shall be effective. Delivery of such notice shall be equivalent to mailing. In the event of termination a copy of such notice shall immediately be mailed to_____

_____
(Contracting Officer)

_____If this Agreement

§ 804.497–22 *Comprehensive Insurance Rating Plan Release.*

COMPREHENSIVE INSURANCE RATING PLAN RELEASE

This release executed this _____ day of _____ 194____, by the _____, (Insurance Company) hereinafter referred to as the insurance company.

Witnesseth that:

Whereas, the said insurance company entered into certain policies of insurance numbered _____, _____, _____, with the _____, the fixed-fee contractor with the United States of America under Government Contract No. _____, and

Whereas, the premiums for such insurance policies are to be computed on the _____ Insurance Rating Plan Endorsement, which is made a part of such policies, and

Whereas, the contract between the United States of America and the fixed-fee contractor provides that the United States of America can settle any and all claims arising thereunder, including insurance premiums, and

Whereas, it is provided in the _____ Insurance Rating Plan Endorsement that all losses, loss reserves and premiums claimed by said insurance company to be due by said contractor are to be approved by the _____ as a prerequisite to their payment by the said fixed-fee contractor, and

Whereas, the said premium has been computed in accordance with the aforementioned _____ Insurance Rating Plan Endorsement and the losses, loss reserves and premiums have been approved by the _____ or his duly authorized representative;

Now, therefore, in consideration of the sum of _____ Dollars, the said _____ (Insurance Company) does by these presents, release quitclaim and forever discharge the said _____ fixed-fee contractor, and the United States of America from any and all premiums, or claims therefor, under the aforesaid insurance policies.

In Witness whereof the _____ (Insurance Company) has caused its name to be signed and executed by _____, its Vice President, and its seal affixed and attested by _____, its Secretary, pursuant to a resolution of its Board of Directors.

§ 804.497–25 *Missouri agreement and release.*

Agreement made the ..... day of ..... 194..., by and between ..... hereinafter referred to as the injured person, residing at ..... in ..... State of ..... and ..... Insurance Company of ....., hereinafter referred to as insurer.

Whereas, the average annual earnings of said injured person computed under the workmen's compensation law of the State of Missouri exceed $3,600 so that such law would not be applicable, and

Whereas, the injured person alleges he suffered personal injuries by accident on the ..... day of ..... 194... at or about ..... in ..... State of ..... while in the employ of ..... State of ..... hereinafter referred to as employer, and

Whereas, the employer has provided for payment of voluntary workmen's compensation benefits, herein enumerated, by contract with the insurer; *It Is Agreed:*

1. That the insurer will pay to the injured person the sum of $..... weekly, starting as of the ..... day of ....., 194..., payable bi-weekly and continuing until such time as the insurer shall have paid to the injured person an amount equal to that sum which the injured person would receive had his average annual earnings been $3,600 and had he a valid and enforceable claim for workmen's compensation benefits under the workmen's compensation law of the State of Missouri on account of the aforesaid occurrence.

2. That the insurer will provide the injured person with such medical, surgical and hospital attention as the nature of his injuries resulting from the aforesaid occurrence may require to the extent that the injured person would receive had he a valid and enforceable claim for workmen's compensation benefits under the workmen's compensation law of the State of Missouri.

3. That any difference or controversy arising between the parties with respect to this agreement shall be settled by arbitration. In such event, the injured person shall appoint one arbitrator, and the insurer shall appoint another. The arbitrators thus appointed shall agree upon and appoint a third. All parties hereby agree to be bound by the decision of any two of said arbitrators and hereby waive all rights to take any legal measures except to enforce the arbitrators' award. If the difference or controversy is essentially a medical question the arbitrators so selected shall be duly licensed physicians.

4. That in consideration of the undertakings of the insurer and the payments to be made and benefits to be provided as hereinbefore set forth, the injured person for himself, his heirs, assigns and legal representatives does hereby forever release, discharge, and acquit the aforesaid employer and the insurer, their successors and assigns, heirs and legal representatives of and from any and all causes of action, rights, remedies, claims, suits or judgments the injured person or his heirs, assigns or legal representatives now have or hereafter may have by reason of the aforesaid occurrence.

In witness whereof the parties have hereunto set their hands and seals on the date above mentioned.

§ 804.497–27 *Boiler inspection contract.* The following is the approved form of boiler inspection contract:

The ..... of ..... (hereinafter called the Company) hereby agrees with ....., a contractor with the United States, (hereinafter called the Contractor) to inspect boilers and pressure vessels owned, or operated, or under the control of the Contractor and contained in a plant owned, or operated, or controlled by said Contractor in its capacity as contractor with the United States, as aforesaid, under Contract No. ..... with the United States.

The location of such plant and the location of the Company's Inspection Headquarters designated for the particular plant at which said pressure vessels and boilers are to be inspected are as follows:

Name and location of plant	*Company's inspection headquarters*
Name	Person
Location	Office
Mailing Address	Mailing Address
Telephone Number	Telephone Number

This agreement is subject to the following stipulations and conditions:

1. Such inspections shall be made by duly qualified inspectors regularly employed by the Company, employing methods at least equal to the requirements of the American Society of Mechanical Engineers' Code.

2. The Contractor at its own expense shall make necessary preparations and arrangements for the making of such inspections. The Contractor shall send a written request therefor, at least ten days in advance, to the Company's Inspection Headquarters designated herein for the plant containing the object to be inspected, specifying the kind of inspection desired in each instance, and specifying the time when said inspection is to be made and describing the object to be inspected.

3. Following each inspection the Company will mail a copy of a report of such inspection to the Contractor and ..... copies thereof to the Contracting Officer of the United States at the address of the plant at which the inspection was made, which report shall set forth the conditions found as a result of the inspections.

4. Fees for such inspection service shall be as follows: The Company shall bill the Contractor on the first day of the month following the month in which the report of such inspection was rendered and such fees shall be payable on the tenth day of the month following the month in which the bill was submitted.

(a) $10.00 for each internal inspection of a water tube boiler having a rated heating surface of over 10,000 sq. ft.;

(b) $5.00 for each internal inspection of a water tube boiler having a rated heating surface of not more than 10,000 sq. ft.;

(c) $3.00 for each internal inspection of any other boiler or pressure vessel;

(d) $2.00 for each external inspection of any boiler or pressure vessel;

(e) $1.00 in District No. 1; $2.00 in District No. 2; $3.00 in District No. 3 for each visit made by the Company's Inspector to a plant at the Contractor's request whether or not an inspection is made, which "visit" fees shall be in addition to the fees specified in Sections (a), (b), (c), and (d) of this paragraph. A list of the states comprising each such district is annexed hereto.

(f) The "visit" shall mean a call at any one plant, by any one Inspector, in any one day; if one Inspector calls at one plant more than once in any one day, such calls will be considered as only one "visit".

(g) A "day" shall mean each period of twenty-four hours commencing at the time the inspector arrives at the plant.

(h) "External Inspection" shall mean an examination of a boiler or pressure vessel in operation and under pressure.

(i) "Internal Inspection" shall mean a complete internal and external examination of a boiler or pressure vessel when not in operation or under pressure.

5. The Company shall not be liable directly or indirectly for any loss or injury to property or persons resulting from any accident to, or defect in, any object; nor shall the Company be liable directly or indirectly for loss or damage of any kind arising from an inspection or a report thereof, or from the omission of an inspection or of a report whether or not such inspection or report or omission was at the request of the Contractor.

6. Either party hereto may terminate this agreement by mailing written notice thereof to the other party at the address set out herein, and, at the same time, a copy to the contracting officer at the address of the plant at which the inspection was made, at least thirty days before the effective date of such termination.

In witness whereof, The parties hereto have executed this agreement at ..... on the ..... day of ..... 194....

The ..... Company,
By .....
Vice President.

Attest: .....
Secretary.

.....
Contractor.

By .....
(Title)

Approved:

.....
Contracting Officer's Representative.

§ 804.499 *Extension of policy period endorsement for workmen's compensation and employers' liability policy.*

Amending Policy Numbered ------

It is **agreed that:**

1. Item 2 of the Declarations is amended to read:

Policy Period: From ------- to ------- 19--, 12:01 **A. M.**, standard time, at the address stated in Item 1, but if the operations in connection with the project insured have not been completed by the date stated above as the end of the policy period such date is amended, as of such time, to be a date two years beyond said date and suc-

cessive similar amendments are likewise made, severally effective as of the last previous date fixed for the end of the policy period, until a date is so fixed for the end of the policy period which is beyond the time the said operations have been completed.

2. Paragraph 6 of the ---------- Insurance Rating Plan Endorsement is deleted and the following substituted therefor:

Within 60 days after the date two years from the effective date of the policies the company shall compute the aggregate amount of modified losses plus all allocated claim expenses times the tax multiplier and the aggregate fixed charge times the tax multiplier and the aggregate earned standard premium (all based upon the insurance in effect for the two-year period), and a preliminary settlement of premium shall be made.

Subsequent cumulative settlements of premium shall be made within 60 days after the anniversary, as of each annual anniversary of the date two years from the effective date of the policies (each based upon modified losses, allocated claim expenses, tax multipliers, the aggregate fixed charge and the aggregate earned standard premium for the entire period of insurance up to the last anniversary), so long as the policies remain in effect.

Within 60 days after termination of the policies the company shall compute the aggregate amount of modified losses plus all allocated claim expenses times the tax multiplier, the aggregate fixed charge times the tax multiplier and the aggregate earned standard premium (all based upon the entire period of insurance), and a cumulative preliminary settlement of premium shall be made.

§ 804.499–1 *Extension of policy period endorsement for general liability policy and automobile liability policy.*

Amending Policy Numbered ------

It is agreed that Item 2 of the Declarations is amended to read:

Policy Period: From --------- to ------- 19.. 12:01 A. M., standard time, at the address stated in Item 1, but if the operations in connection with the project insured have not been completed by the date stated above as the end of the policy period such date is amended, as of such time, to be a date two years beyond said date and successive similar amendments are likewise made, severally effective as of the last previous date fixed for the end of the policy period, until a date is so fixed for the end of the policy period which is beyond the time the said operations have been completed.

[Procurement Reg. 5]

PART 805—FOREIGN PURCHASES

Sec.

805.501 Rescission of regulations.
805.502 Buy American Act.
805.503 Applicable only to food and clothing.
805.504 Procedure for complying with the Acts.
805.505 Clearance through Customs.
805.506 Drawback.
805.507 Marking of shipments.
805.509 Purchases from Canadian suppliers.
805.510 War Production Policy for Canada and the United States.

§ 805.501 *Rescission of regulations.* Army Regulations 5–340, August 10, 1936, as amended, and all other prior directives and instructions relating to the Buy American Act and foreign purchases are hereby rescinded.

§ 805.502 *Buy American Act.* Quoted.

SEC. 1. That when used in this title—

(*a*) The term "United States", when used in a geographical sense, includes the United States and any place subject to the jurisdiction thereof;

(*b*) The terms "public use", "public building", and "public work" shall mean use by, public building of, and public work of, the United States, the District of Columbia, Hawaii, Alaska, Puerto Rico, the Philippine Islands, American Samoa, the Canal Zone, and the Virgin Islands.

SEC. 2. Notwithstanding any other provision of law, and unless the head of the department or independent establishment concerned shall determine it to be inconsistent with the public interest, or the cost to be unreasonable, only such unmanufactured articles, materials, and supplies as have been mined or produced in the United States, and only such manufactured articles, materials, and supplies as have been manufactured in the United States substantially all from articles, materials, or supplies mined, produced, or manufactured, as the case may be, in the United States, shall be acquired for public use. This section shall not apply with respect to articles, materials, or supplies for use outside the United States, or if articles, materials, or supplies of the class or kind to be used or the articles, materials, or supplies from which they are manufactured are not mined, produced, or manufactured, as the case may be, in the United States in sufficient and reasonably available commercial quantities and of a satisfactory quality.

SEC. 3. (*a*) Every contract for the contruction, alteration, or repair of any public building or public work in the United States growing out of an appropriation heretofore made or hereafter to be made shall contain a provision that in the performance of the work the contractor, subcontractors, material men, or suppliers, shall use only such unmanufactured articles, materials, and supplies as have been mined or produced in the United States, and only such manufactured articles, materials, and supplies as have been manufactured in the United States substantially all from articles, materials, or supplies mined, produced, or manufactured, as the case may be, in the United States except as provided in section 2: *Provided, however,* That if the head of the department or independent establishment making the contract shall find that in respect to some particular articles, materials, or supplies it is impracticable to make such requirement or that it would unreasonably increase the cost, an exception shall be noted in the specifications as to that particular article, material, or supply, and a public record made of the findings which justified the exception.

(*b*) If the head of a department, bureau, agency, or independent establishment which has made any contract containing the provision required by subsection (*a*) finds that in the performance of such contract there has been a failure to comply with such provisions, he shall make public his findings, including therein the name of the contractor obligated under such contract, and no other contract for the construction, alteration, or repair of any public building or public work in the United States or elsewhere shall be awarded to such contractor, subcontractors, material men, or suppliers with which such contractor is associated or affiliated, within a period of three years after such finding is made public. * * * Title III, Act March 3, 1933 (47 Stat. 1520; 41 U. S. C. 10a, b, and c; M. L., 1939, sec. 742).

§ 805.502–1 *Restriction created by Appropriation Act.* (a) The Military Appropriation Act, 1945, approved June 28, 1944 (Public Law 374—78th Congress) contains a proviso that no part of any appropriation contained in that Act "shall be available for the procurement of any article of food or clothing not grown or produced in the United States or its possessions, except to the extent that the Secretary of War shall determine that articles of food or clothing grown or produced in the United States or its possessions cannot be procured of satisfactory quality and in sufficient quantities and at reasonable prices as and when needed, and except procurements by vessels in foreign waters and by establishments located outside the continental United States, except the Territories of Hawaii and Alaska, for the personnel attached thereto."

(b) The restriction created by the provision quoted in paragraph (a) will, for convenience, be referred to hereafter as the appropriation restriction.

§ 805.503 *Applicable only to food and clothing.* The Secretary of War has authority, subject to certain limitations, to make exemptions from both the Buy American Act and the appropriation restriction. Under date of March 13, 1942, the Under Secretary of War exempted from the provisions of the Buy American Act everything except certain articles of food and clothing. The appropriation restriction is applicable only to food and clothing. Hence, preference for domestic over foreign items, may be completely disregarded with respect to items other than food and clothing.

§ 805.503–1 *Exempt items of food and clothing.* In addition to exempting from the Buy American Act, all items other than food and clothing, the Under Secretary of War has exempted from both the Buy American Act and the appropriation restriction certain types of food and clothing. These are set forth in the succeeding sections.

§ 805.503–2 *Canadian purchases.* All items of food or clothing which have been mined, produced or manufactured, as the case may be, in the Dominion of Canada have been exempted.

§ 805.503–3 *Items of food and clothing exempt without regard to country of origin.* The following items of food and clothing have been exempted without regard to country of origin.

Bananas.	Fish oils.
Brazil Nuts.	Flour.
Canned corned beef.	Green olives.
Canned roast beef.	Molasses.
Chewing gum.	Orange and lemon peel.
Chocolate.	Spices.
Cigars.	Sugar.
Citron.	Tapioca.
Cocoa.	Tea.
Coffee.	Vanilla.
Dried beans.	Wheat.
Dried peas.	

§ 805.503–4 *Items of food exempt when purchased from specified countries.* The following items of food have been exempted when purchased from the countries specified.

Canned fish—Mexico.
Fish fillet—Bahama Islands.
Fresh fish—Mexico and Iceland.
Frozen fish—Iceland.
Fresh fruits—Cuba, Mexico and Puerto Rico.
Fresh vegetables—Cuba, Mexico and Puerto Rico.
Guava puree—Cuba.
Guava concentrate—Cuba.

§ 805.503–5 *Exemption of certain types of clothing.* It has been determined by the Under Secretary of War that clothing shall not be subject to the restrictions of the Buy American Act or the appropriation restriction merely because it has been manufactured from one of the following materials produced abroad.

Asbestos.	Mohair.
Cork.	Rayon.
Cotton linters	Rubber.
Cotton, long staple.	Silk.
Flax.	Sisal.
Hexseed.	Tanning materials.
Hemp	Hides (and skins).
Jute, unmanufactured.	Hog bristles.
Kapok.	Jute burlaps.
Leather.	Wool
Manila fiber.	

§ 805.503–6 *Contract clause.* The contract clause set forth in § 803.327, will be inserted in all contracts for food or clothing except contracts for the items of food or clothing enumerated in §§ 805.503–2 to 805.503–5.

§ 805.504 *Procedure for complying with the acts.* In making purchases of articles of food or clothing which are still subject to the restrictions of the "Buy American" Act, or any cognate act, the chief of the technical service concerned should make every effort to satisfy his requirements for such articles out of domestic production. In any case where the chief of the technical service finds it essential to purchase articles of food or clothing of foreign production, a recommendation should be submitted to the Director, Purchases Division, Headquarters, Army Service Forces.

§ 805.505 *Clearance through customs.* The procedure for clearing through customs materials imported by the War Department is set forth in detail in Circular No. 407, War Department, 1942. That circular also describes the circumstances under which such materials may be admitted free of duty. All personnel concerned with procurement of materials abroad should familiarize themselves with the contents of the circular.

§ 805.505–1 In connection with Circular No. 407, attention is invited to the following points:

(a) Except as indicated in paragraph (b) below, materials imported by the War Department will be consigned to the War Department or to an official of the War Department acting in his official capacity (where necessary or convenient, in care of a commercial plant or firm). In such cases the bill of lading or carrier's certificate will show the War Department or an official of the War Department as consignee.

(b) War Department Lend-Lease materials imported through an inland border point and destined to a United States port for waterborne export will be consigned as follows:

To War Shipping Administrator, as principal, for account of ----------
(Authorized agency of Lend-Lease government)

Send arrival notices to ----------
(Name and address of appropriate War Shipping Administration forwarding corporation at port of export)
and
United States Army Port Agency

(Address and port of export)

The carrier's certificate will show the War Department as owner or consignee of the materials.

(c) Materials consigned as indicated in paragraph (a) or (b) of this section will not be held at ports of entry for the filing of entry papers, but in all cases entries will be prepared as soon after release as possible and filed at the ports of entry. Materials so consigned will in no instance be forwarded in bond.

(d) All entries of materials imported by the War Department will be made in the name of the War Department.

(e) In the event materials held in customs bonded warehouse at a point within the United States are purchased by the War Department, the warehouse withdrawal will be properly endorsed to show the War Department as authorized to make withdrawal, and the withdrawal from warehouse will be made in the name of the War Department.

§ 805.506 *Drawback.*

§ 805.506–1 *Provisions of Tariff Act.* Under the provisions of the Tariff Act of 1930 (see Chapter 4, Title 19, U. S. Code) it is provided that under certain circumstances the amount of customs duties paid on merchandise imported shall be refunded as a "drawback". The most usual circumstance under which this right arises is when there are exported out of the United States articles which were manufactured or produced in the United States with the use of merchandise imported from abroad. It is provided that the full amount of the duties paid on the merchandise so used, less 1% of such duties, shall be refunded as a "drawback".

§ 805.506–2 *Customs regulations.* The problem frequently arises as to who is entitled to claim the drawback. Assume, for example, that an importer manufactures with the imported merchandise an end product which he sells to an exporter. Under the act referred to in § 805.506–1, someone is entitled to a refund of the import duties. The rule for determining whether the manufacturer or the exporter is entitled to this refund is stated in Article 1070 of the Customs Regulations. This regulation provides that a manufacturer of articles with respect to which there is a right to a drawback is not entitled to the drawback unless, on the sale or consignment of the articles, he has reserved to himself the right to claim the drawback and produces evidence that such reservation was made with the knowledge and consent of the exporter.

§ 805.506–3 *Purchase price to include custom duties.* Whenever the Government purchases articles, with respect to which there might arise a claim to a drawback, the price paid shall include the customs duties, and accordingly the manufacturer will have no claim to a drawback.

§ 805.507 *Marking of shipments.*

§ 805.507–1 All materials procured abroad will be marked as prescribed in memorandum issued under date of June 1, 1943, by the Office of The Adjutant General, file 400.161 (5–19–43 OB–S–SPMOT–M), except that materials imported through an inland border point and destined for an interior point within the United States will be marked as prescribed in § 805.507–2.

§ 805.507–2 In all cases of materials imported through an inland border point and destined for an interior point within the United States, each container included in a less than carload lot (LCL), less than truck load lot (LTL), express, parcel post, or other shipment where markings are required will be marked to indicate that the U. S. War Department or an official of the U. S. War Department acting in an official capacity is the consignee.

§ 805.509 *Purchases from Canadian suppliers.*

§ 805.509–1 *No contracts to be made directly.* The technical services shall not directly enter into contracts with contractors domiciled in the Dominion of Canada for the delivery of supplies to be produced in Canada. All such contracts will be entered into with War Supplies Limited through its Washington representatives, or, under the circumstances set forth in § 805.509–9, with North West Purchasing Limited. Such corporation will then arrange with the Canadian Department of Munitions and Supply for the purchase by that Department from Canadian contractors of the supplies covered by the contracts between the War Department and War Supplies Limited or North West Purchasing Limited, as the case may be.

§ 805.509–2 *War Supplies Limited.* War Supplies Limited is a corporation wholly owned and controlled by the Government of Canada and created under the laws of the Dominion of Canada with its principal office in the city of Ottawa, Province of Ontario. A Washington office is maintained at 1235 Fifteenth Street, N. W., (Marshall Building), telephone Executive 2020, Extensions 120, 121, 196 and 556. The representatives of the Corporation in Washington are Mr. F. G. Rounthwaite, President, and Acting General Manager and Mr. D. C. Cullen, Treasurer and Assistant Secretary.

§ 805.509–3 *Purpose of organization of War Supplies Limited.* At the time that War Supplies Limited was organized it was recognized that if the various agencies of this government were to purchase directly from Canadian manufacturers competition for supplies produced in Canada would arise between this government and the Canadian government. The result would, in all probability, be that both governments would be obliged to pay more for the supplies so obtained than would otherwise be necessary.

Such competition likewise would give rise to complications with respect to the precedence of the two governments with regard to the production of Canadian plants. It was also recognized that unless orders for the account of the United States government were placed through some agency of the Canadian government, the control over costs and profits which the Canadian Government exercises would not be effective with regard to orders so placed by this government. Accordingly War Supplies Limited was organized to centralize purchases by this government from Canadian manufacturers.

§ 805.509–4 *Procedure for negotiating contract.* If practicable, arrangements should be made through War Supplies Limited to have a representative of the subcontractor, who, it is contemplated, will actually produce the item desired, present in Washington to participate in the negotiation of the contract. In this way the prime contract and the contract with the producer can be prepared simultaneously.

§ 805.509–5 *Administration of contract.* On matters pertaining to contracts with War Supplies Limited, contact should be had with said corporation and not with the Canadian subcontractor. The only exception to this would be in those cases where the technical service is represented at the plant through inspectors or other officers, in such instances communication with the subcontractor through the resident representative is in order on inspection and technical matters. Payment checks should be issued to War Supplies Limited and addressed to that corporation at its Washington office.

§ 805.509–6 *Contract form.* The contract form set forth in § 813.1313 should be used for executing supply contracts with War Supplies Limited, subject to such additions and deletions as may be necessary in any particular case. It will be noted that no provision relative to progress or advance payment is made in the form. This matter will be considered individually in each case. In accordance with § 805.505 no duty will be paid and accordingly no duty should be included in the purchase price. If it is necessary in a particular case, there may be added to the contract form a statement to the effect that the United States Government will pay any duties necessarily imposed for the entrance of articles into the United States.

§ 805.509–7 *Guarantee by Canadian Government.* The Canadian Government, through its Secretary of State for External Affairs, has guaranteed to the United States Government all commitments, obligations and covenants which War Supplies Limited may give to any department or agency of the United States Government in connection with any contracts or orders which may be given to said corporation by any department or agency of the United States Government. The Canadian Government has likewise waived notice of any change or modification which may be made from time to time in these commitments, obligations or covenants.

§ 805.509–8 *Excess profits on contracts with War Supplies Limited.* In a letter dated September 10, 1942, addressed to the Under Secretaries of War and Navy and to the Chairman of the Maritime Commission, War Supplies Limited, stipulated in part as follows:

> All contracts with the War Department will be treated collectively and not individually, and if the aggregate profits realized by private corporations under such contracts are in excess of ten percent of cost, the amount of the excess will be refunded.
>
> . . . . .
>
> The Canadian Government will not make any profit on the aggregate of the transactions. However, it is understood that any losses to the Canadian Government on individual contracts may be recovered out of profits realized on other contracts.

The standard renegotiation clause will not be included in contracts with War Supplies Limited.

§ 805.509–9 *Purchases in Canadian Northwest.* (a) In the past, contracts with suppliers domiciled in the Dominion of Canada for the purchase of materials, machinery, machine tools, and equipment necessary for the construction and maintenance of War Department projects in the Canadian Northwest, including the Alcan highway and associated projects, were not normally made direct with the suppliers but with North West Purchasing Limited, a Canadian Crown Company incorporated by the Canadian Department of Munitions and Supply.

(b) As of August 31, 1944 North West Purchasing Limited ceased to exist as a Crown Company.

(c) Accordingly, future contracts of the type described in paragraph (a) above will be entered into with the suppliers and not with North West Purchasing Limited. Normally, however, the agency of the Department of Munitions and Supply located at Edmonton, Alberta, will be given advance notice of required purchases and will allocate and negotiate the contracts. In unusual cases clearance through the agency of the Department of Munitions and Supply may be dispensed with, under such regulations as may be issued by the Commanding General, Northwest Service Command. See also §§ 812.1205–4 and 812.1291–1.

§ 805.510 *War production policy for Canada and the United States.* Having regard to the fact that Canada and the United States are engaged in a war with common enemies, the President of the United States and the Canadian War Cabinet have, upon the recommendation of the Joint War Production Committee of Canada and the United States, approved a declaration of policy calling for a combined, all-out war production effort and the removal of any barriers standing in the way of such a combined effort. Such declaration of policy follows:

> Victory will require the maximum war production in both countries in the shortest possible time; speed and volume of war output, rather than monetary cost, are the primary objectives.
>
> An all-out war production effort in both countries requires the maximum use of the labor, raw materials and facilities in each country.
>
> Achievement of maximum volume and speed of war output requires that the production and resources of both countries should be effectively integrated, and directed towards a common program of requirements for the total war effort.
>
> Each country should produce those articles in an integrated program of requirements which will result in maximum joint output of war goods in the minimum time.
>
> Scarce raw materials and goods which one country requires from the other in order to carry out the joint program of war production should be so allocated between the two countries that such materials and goods will make the maximum contribution toward the output of the most necessary articles in the shortest period of time.
>
> Legislative and administrative barriers, including tariffs, import duties, customs and other regulations or restrictions of any character which prohibit, prevent, delay or otherwise impede the free flow of necessary munitions and war supplies between the two countries should be suspended or otherwise eliminated for the duration of the war.
>
> The two Governments should take all measures necessary for the fullest implementation of the foregoing principles.

§ 805.510–1 The President of the United States has directed the affected departments and agencies of the Government to abide by the letter and spirit of the foregoing policy so far as lies within their power. It is directed that the chief of each technical service wholeheartedly cooperate in an effort to make such policy effective in action. Manufacturing facilities available in the United States and in Canada should be placed upon an equal basis so far as awards of production orders are concerned, having in mind that time is of the essence and that, other things being equal, production of essential war materials at the earliest practicable date is the immediate aim of the Army Service Forces.

§ 805.510–2 Under the provisions of the Act of March 3, 1933 (see § 805.502), it has been determined by the Under Secretary of War to be inconsistent with the public interest to limit procurement of essential defense articles to those manufactured, mined or produced within the United States.

[Procurement Reg. 6]

806.612 Purchase of property pursuant to Public Law 670.
806.613 Procurement of surplus property from disposal agencies.
806.614 Form of delivery order to be used in making interdepartmental or interbranch purchases.

SUBPART A—GENERAL

§ 806.601 *Rescission of regulations.* Army Regulations 5–300, December 10, 1936, as amended; Army Regulations 5–320, October 10, 1936, as amended; and all other prior directives and instructions relating to interbranch and interdepartmental procurement inconsistent herewith are hereby rescinded.

§ 806.602 *Definitions.*

§ 806.602–1 *Procurement.* The term "procurement" as used in this part refers to the procedure necessary to obtain a given item or class of items and includes the execution of the following functions:

(a) *Specification (Abbr. Spec.)* This function involves the responsibility for the preparation or supply of specifications in accordance with the provisions of AR 850–25 to be used in the procurement of the item or items. Specifications will be such as to provide items meeting the approved military characteristics. For items not covered by military characteristics, specifications will be such as to provide items meeting the technical requirements of the using arms and services and the services interested therein by virtue of their missions.

(b) *Determination of requirements (Abbr. Reqs.).* This function involves the determination by a technical service of its own requirements as well as the requirements of the using arms for which the technical service is responsible under existing Army Regulations. When only one service is indicated as having responsibility for determination of requirements for an item it shall be understood that said service is responsible for consolidating the requirements of all arms and services.

(c) *Provision of funds (Abbr. Funds).* This function involves the preparation of estimates, defense of estimates, and custody of funds.

(d) *Purchase (Abbr. Pur.)* This function consists of contracting for a given item or class of items or manufacturing such items in Government-owned establishments under the jurisdiction of a technical service, and includes final acceptance.

(e) *Inspection (Abbr. Insp.).* This function consists of making the inspections necessary for final acceptance of any item from the contractor.

§ 806.602–2 *Interbranch and interdepartmental procurement.* The term "interbranch procurement" refers to the procurement of items by one technical service for another technical service. The term "interdepartmental procurement" refers to the purchase of items by one department or agency of the government from another department or agency thereof.

SUBPART B—INTERBRANCH PROCUREMENT

§ 806.603 *Authority of Procurement Assignment Board.* The Procurement Assignment Board, Headquarters, Army Service Forces, is authorized to assign responsibility for all functions of procurement enumerated in § 806.602–1 in regard to any item or class of items subject to the following limitation: Prior to the assignment by the Procurement Assignment Board of the "specification" function the Board will obtain the concurrence of the Production Division, Headquarters, Army Service Forces, and prior to the assignment of the "provision of funds" function the Board will obtain the concurrence of the Budget Officer for the War Department. The Director of the Production Division and the Budget Officer will each designate a representative to participate in meetings of the Procurement Assignment Board. With respect to a given item or class of items all functions may be assigned to one technical service or apportioned among different technical services. Unless and until action is taken by the Procurement Assignment Board the responsibility for the performance of the functions enumerated in § 806.602–1 in respect to an item or class of items will remain with the technical service or technical services exercising such responsibility.

§ 806.603–1 *Army Air Forces.* When action by the Board is to be taken in regard to an item in which the Army Air Forces have a substantial interest, it will be understood that the Army Air Forces will be given an opportunity to be heard on the matter, and that if the Army Air Forces disagree with any action proposed to be taken by the Procurement Assignment Board, an effort will be made by the Board to reconcile the disagreement by a conference with a representative designated by the Commanding General, Army Air Forces; and that in the event a satisfactory agreement cannot be reached in this manner, the Board and the representative of the Army Air Forces will jointly prepare a brief setting forth their respective views on the matter, which brief will be submitted to the Under Secretary of War, who will make the final decision.

§ 806.603–2 *Purchase of an item by other than the service assigned such responsibility.* (a) Purchase of item shall be made by the services assigned responsibility for purchase of such item except under the circumstances indicated in paragraph (b), (c) and (d) of this section.

(b) When an item is required within a brief period of time and, in the judgment of the service requiring it, cannot be provided in such time by the service having responsibility for purchasing it, the item may be purchased by the requiring service: *Provided, however,* That in connection with emergency purchases of paper and paper products, the procedure established in paragraph 8, War Department Supply Bulletin SB 10–8, 1945, will be observed.

(c) Purchase may be made by a service other than the service to which responsibility for purchase of an item has been assigned, if the latter service has granted authority. This may be done by the issuance of general instructions or by consent granted with respect to a specific transaction.

(d) When items are purchased on behalf of a lump sum contractor on the understanding that an appropriate reduction will be made in the contract price, or when an item is purchased for a cost-plus-a-fixed-fee contractor which would normally be obtained by the cost-plus-a-fixed-fee contractor itself, purchase may be effected by a service other than the service having responsibility for purchasing the item.

(e) In the event that any purchase made pursuant to paragraph (b) above involves an expenditure in excess of $5,000, a prompt report of the transaction will be made to the chief of the technical service having responsibility for the purchase of the item and a copy of such report will be sent to the Procurement Assignment Board, Headquarters, Army Service Forces.

(f) Purchases made pursuant to the provisions of this paragraph will be subject to the applicable restrictions concerning local purchases and purchases of restricted or prohibited items. See § 811.1187 et seq.

§ 806.603–3 *Clearance of instructions with Board.* All instructions by Army Service Forces, Staff Divisions thereof, or Army Air Forces to be issued in War Department or Army Service Forces publications concerning:

(a) Transfer of any of the functions of procurement from one technical service to another or to or from the Army Air Forces, or

(b) Assumption of any of the functions of procurement by a technical service or the Army Air Forces;

shall be submitted for concurrence and clearance to the Procurement Assignment Board, Headquarters, Army Service Forces, before publication.

§ 806.603–5 *Transfer of responsibility for purchase.* When action by the Board centralizes the responsibility for the purchase of a given item or class of items in a technical service:

(a) Any other technical service having such an item or class of items on order will promptly compile and transmit to the service assigned such responsibility a list of all outstanding orders

for such items. These lists will indicate the following:

(1) Number and adequate description of items including specifications and applicable funds;

(2) Name and address of supplier;

(3) Unit price;

(4) Delivery dates;

(5) Status of deliveries, to be supplemented monthly;

(6) Contract or purchase order symbol; and

(7) Partial payments or advance payments already made.

(b) Unless both services agree that such transfer is undesirable, all existing contracts shall be transferred to the service to which responsibility for purchase has been assigned, effective upon a date mutually agreed upon by the participating services, but not later than 60 days after notification to the services by the Board of its action.

(c) Signed instruments and other contractual documents shall be delivered to the service to which responsibility for purchase has been assigned not later than the effective date determined in paragraph (b) of this section.

(d) The transfer shall be effeted by the execution by the original contracting service of a supplemental agreement changing the allotment number and making any other necessary changes, or by such other means as may be determined by the service to which responsibility for purchase has been assigned.

§ 806.603–6 *Procedure.* (a) All technical services requiring an item for which determinations of requirements and provisions of funds therefor have been assigned to another service, will assist the responsible technical service by furnishing to it statements of their requirements at such times as may be called for by the responsible technical service.

(b) The technical service or services having responsibility for determination of requirements will forward requisitions for requirements and allotment of applicable funds to the technical service having responsibility for purchase at such times and for such periods as may be specified by the latter.

(c) When circumstances warrant, requirements may be forwarded by the most expeditious method available through the service responsible for the determination of requirements to the service responsible for purchase, and will be confirmed by a formal requisition.

(d) Each requisition from a service responsible for determination of requirements and provision of funds will contain a certificate of availability of funds and citation of the applicable allotment number.

(e) Where items are assigned to a technical service other than the Medical Department for the requirements of the Army at large, the separate and additional requirements for such items for hospitals are not included therein. Determination of requirements and provision of funds for such separate and additional requirements for hospitals are the responsibility of the Medical Department.

§ 806.603–7 *Procurement within the United States for armed forces abroad.* It is to be noted that the action of the Procurement Assignment Board governs procurement within the United States for armed services abroad (see § 801.108–7). When an item is to be purchased for the armed forces abroad it should be purchased by the technical service to which responsibility for purchasing the item has been assigned by the Procurement Assignment Board.

§ 806.603–8 *Spare parts.* The assignments of responsibility for procurement of items or classes of items by the Procurement Assignment Board will be deemed to define in identical manner the responsibility for procurement of spare parts for all such items or classes of items, unless otherwise specifically indicated herein.

§ 806.604 *Report of actions of the Procurement Assignment Board.* (a) There is contained in Appendix I to these procurement regulations[1] a condensed record of the assignments made by the Board since the beginning of the calendar year 1942. Actions taken by the Board are reported in ASF circulars. From time to time, information as to such actions will be consolidated in the Appendix. Reference is made to the first page of the Appendix for a more complete statement as to what is covered therein.

(b) Certain actions of the Board are set forth in the sections immediately following. The Appendix, however, contains cross references to these sections.

§ 806.605 *Assignments made by Board.*

§ 806.605–1 *Assignment of fuel: charcoal, coal, coke, dust fuels, gas, gasoline, oil (fuel), wood, etc. (FSSC Class 7).*

Items	Spec.[1]	Req.	Funds	Pur.	Insp.
Gasoline with Octane Rating Higher than 80: All Uses. (This assignment covers but is not limited to the uses enumerated below, and assignments as to such uses are modified accordingly.)	AAF	AAF	AAF	AAF	AAF

[1] The service or services (other than the Army Air Forces) assigned the function of "Specification" for the petroleum products listed above shall coordinate and clear this function with the War Department Committee on Liquid Fuels and Lubricants through the Fuels and Lubricants Division, Office of the Quartermaster General.

To the extent that the assignments of responsibility for the functions of procurement set forth in this paragraph are inconsistent with the provisions of Circular No. 33, Headquarters, Army Service Forces, 1943, the provisions of said Circular No. 33 are superseded hereby.

[2] Except responsibility for specification for Oil, Fuel Diesel No. 2 or equal, (FSSC Class 7) which is the responsibility of the Ordnance Department.

§ 806.605a *Indefinite quantity contracts executed by various technical services.* In the succeeding sections there is set forth information with respect to certain indefinite quantity contracts executed by various technical services under which all of the technical services are obliged to purchase their requirements. However, when it appears to his satisfaction that an item contracted for under an indefinite quantity contract was not purchased under such contract because the necessity of doing so was overlooked, the chief of the technical service which executed the indefinite quantity contract may ratify the purchase. This will be done, however, only where it appears that the oversight represents an isolated instance and not a continued course of neglect. A statement should be presented to the chief of the technical service setting forth all the facts, including the contract price paid as compared to that payable under the indefinite quantity contract and all facts bearing upon the failure to purchase under the indefinite quantity contract.

§ 806.605b *Indefinite quantity contract for safety glass.* As of April 1, 1945, the Ordnance Department has executed an indefinite quantity contract for safety glass in ordnance vehicles. Pertinent excerpts from this contract are set forth in Ordnance Procurement Circular No. 97–45, and in paragraph 6.068.2 of Ordnance Procurement Instructions, as amended.

§ 806.605c *Standard Master Ship Repair Contract.*

§ 806.605c–1 A form of contract for the repair and alteration of vessels has been approved as a standard form of contract and assigned the number "TC Form No. 103" (see § 803.304–1 (c)). TC Form No. 103 is the War Department version of a master contract for the repair and alteration of vessels devised jointly by the War Department, the Navy Department and the War Shipping Administration.

§ 806.605c–2 When executed with a particular contractor, TC Form No. 103 establishes the basis upon which that contractor will perform such repair and alteration work on vessels within the jurisdiction of the War Department as may be assigned to the contractor by means of job orders issued pursuant to the contract. All such work will be assigned to the contractor by means of job orders under the contract, unless the Chief of Transportation or his authorized representative grants prior approval to the use of a different method of contracting.

§ 806.605c–3 Colonel Harold S. Wright, T. C., Commanding Officer, Army War Ship Repair Contract Agency, 25 Broad Street, New York 4, N. Y. (see Memorandum No. S55–15–43, 7 June 1943, creating this Agency), has been appointed contracting officer for the execution and administration of contracts written on TC Form 103, and authority has been delegated to the Chief of Transportation to appoint a successor and additional contracting officers for the same purpose. Contracts on TC Form No. 103 will be executed only by contracting officers appointed pursuant to this section.

§ 806.605c–4 Contracting officers appointed pursuant to § 806.605c–3 above have authority to designate officers and civilian officials of the War Department as their representatives and to empower such representatives to take all action under particular contracts or groups of contracts on TC Form No. 103 which could lawfully be taken thereunder by the contracting officers themselves, including the power to issue and administer job orders.

§ 806.605c–5 Colonel Wright has designated the following as his representatives, with power to issue and administer job orders, subject to various conditions and limitations:

(a) The officer certified for the purpose by or under the direction of the Commanding General of each Service Command, the Commanding General, Army Air Forces, and the Chief of Engineers, for each installation under their respective commands.

(b) The officer certified for the purpose by the commanding officer of each port of embarkation and by each Zone and District Transportation Officer.

Certification of a contracting officer's representative may be made by name or official title. Certification is effective upon acknowledgment of receipt by Colonel Wright.

§ 806.605c–6 From time to time the Chief of Transportation will cause to be published information concerning the contracts on TC Form No. 103 which have been executed for the War Department, including the contract numbers, names and addresses of contractors, location of shipyards, contract periods, "billing rates," etc. The publications will also name the contracting officer's representatives who have been authorized to issue job orders under the contracts, and set forth instructions applicable to the issuance and administration of job orders.

§ 806.605c–7 A Joint Board, consisting of one representative each for the Secretary of War, the Secretary of the Navy and the War Shipping Administrator, has been constituted pursuant to the provisions of Article 5, subparagraphs (b) (ii) and (d) of TC Form No. 103 for the purpose of making recommendations as set forth in said subparagraphs.

§ 806.605c–8 The contracting officer for the War Department shall act jointly with the contracting officers for the Navy Department and War Shipping Administration to formulate policies and obtain uniformity of interpretation, administration and billing rates.

§ 806.605d *Indefinite quantity contracts executed by the Office of the Quartermaster General.* The tabulation set forth below contains certain information with respect to all indefinite quantity contracts executed by the Office of the Quartermaster General, which are applicable to purchases made by activities outside the jurisdiction of the Quartermaster General. More complete information as to these contracts is contained in the War Department Supply Bulletins referred to in the tabulation. These Supply Bulletins are available at Adjutant General Depots.

[2] The basic contracts for greases and gear lubricants are contracts of Treasury Department, Procurement Division.

SUBPART C—INTERDEPARTMENTAL PURCHASES

§ 806.606 *Purchases under contracts of Procurement Division, Treasury Department.*

§ 806.606–1 *Basic law.* The act of March 3, 1933 provided in part as follows:

• • • Accordingly, the President shall investigate the present organization of all executive and administrative agencies of the Government and shall determine what changes therein are necessary to accomplish the following purposes: • • • To group, coordinate, and consolidate executive and administrative agencies of the Government, as nearly as may be, according to major purposes; • • • To eliminate overlapping and duplication of effort; • • • (47 Stat. 1517; 5 U. S. C. 124).

Pursuant to the above act there was issued under date of June 10, 1933, Executive Order Number 6166 which provides in part as follows:

The function of determination of policies and methods of procurement • • • of property, facilities, structures, improvements, machinery, equipment, stores, and supplies exercised by any agency is transferred to a Procurement Division in the Treasury Department, at the head of which shall be a Director of Procurement. • • • In respect of any kind of procurement • • • for any agency the Procurement Division may, with the approval of the President, (a) undertake the performance of such procurement • • • itself, or (b) permit such agency to perform such procurement • • • or (c) entrust such performance to some other agency, or (d) avail itself in part of any of these recourses, according as it may deem desirable in the interest of economy and efficiency. When the Procurement Division has prescribed the manner of procurement • • • of any thing, no agency shall thereafter procure • • • such thing in any manner other than so prescribed. The execution of work now performed by the Corps of Engineers of the Army shall remain with said corps, subject to the responsibilities herein vested in the Procurement Division. • • •

Under date of April 12, 1935 there was issued by the Procurement Division, Treasury Department, with the approval of the President, a regulation which provides in part as follows:

• • • Those supplies of which the procurement • • • is to be controlled (by the Procurement Division) • • • will be listed and communicated to the executive departments as may be necessary, and thereafter no individual procurement • • • of these articles shall take place except in emergencies. • • •

§ 806.606–2 *Requirement.* Purchases will be made from contracts of the Procurement Division, Treasury Department (General Schedule of Supplies), when so directed by the chief of the technical service concerned or when required by the terms of the contracts unless the item can not be furnished under such contracts within the time that the item is required by the technical service concerned.

§ 806.606–3 *Emergency purchases.* In any case where, pursuant to the provisions of § 806.606–2, purchases of an item listed in the General Schedule of Supplies is not made under a General Schedule of Supplies contract because the item could not be furnished under such a contract within the time that the item was required, the voucher submitted to the disbursing officer for payment shall contain a finding that:

(a) The purchase was justified because the item could not be furnished under the General Schedule of Supplies Contract within the time in which the item was required; and

(b) The purchase outside the General Schedule of Supplies Contract was necessary to facilitate the prosecution of the war and was authorized under the First War Powers Act and Executive Order No. 9001.

Such finding shall be final and conclusive. The authority to make such a finding is vested in the chiefs of the technical services and may be delegated to any officer or civilian official under their jurisdiction, including the contracting officer. It is to be emphasized that this authority is only to be used when necessary, and that it should not be construed to authorize disregard of the requirements of the General Schedule of Supplies. In all cases, the finding should consist of more than a mere conclusion. It should set forth the specific reasons why the time element made the purchase necessary.

§ 806.606–4 *Procedure.* (a) Chiefs of technical services (and commanding generals of service commands) are responsible for advising contracting officers under their jurisdiction as to the terms and conditions of all mandatory General Schedule of Supplies contracts. The commanding generals of the service commands should assume this responsibility as promptly as is practicable. In the past, the schedules have been distributed to the posts, camps and stations under the jurisdiction of the various service commands by the chiefs of certain of the technical services. This practice should not be discontinued until such time as the commanding generals of the service commands have had an opportunity to set up procedures to enable them to assume the responsibility.

(b) The schedules may be obtained from the Editorial Section, Procurement Division, Treasury Department. That Section will not, however, honor requests from posts, camps or stations or other installations, but only from the offices of the chiefs of technical services or the headquarters of the commanding generals of the service commands. Accordingly, all requests should be forwarded through channels to the appropriate headquarters.

§ 806.606–5 *Ratification of purchases not made under contracts of the Procurement Division, Treasury Department.* When it appears to his satisfaction that an item listed in the General Schedule of Supplies was not purchased under a contract of the Procurement Division, Treasury Department, because the contracting officer overlooked the necessity of purchasing under such a contract, the chief of the technical service concerned (who, in case purchase responsibility for such item has been assigned to a particular technical service, shall be the chief of such technical service) may ratify such purchase. This will be done, however, only where it appears that the oversight represents an isolated instance and not a continued course of neglect. A statement should be presented to the chief of the technical service concerned setting forth all of the facts including the contract price paid as compared to that payable under the Treasury Department contract and all facts which tend to excuse the failure to purchase under the Treasury Department contract.

§ 806.606–6 *Delivery orders under contracts of the Procurement Division, Treasury Department.* (a) Delivery orders issued under contracts of the Procurement Division, Treasury Department, will contain sufficient data to enable prompt identification by disbursing and auditing agencies of the correct listing in the proper General Schedule of Supplies. These data will include contract number, item number, and, where applicable, supplement, region or zone number.

(b) Reference is made to the discussion in § 806.614 concerning the suggested form of delivery order. As stated in § 806.614 all orders issued under contracts of the Procurement Division, Treasury Department, are included within the term "delivery orders" even though such orders are frequently referred to as "purchase orders."

(c) Each delivery order should show the name of the finance officer by whom payment will be made.

§ 806.606–7 *Mandatory schedules.* The following is a list of the classes of the General Schedule of Supplies which are mandatory by the terms of the schedules on the field services of the War Department:

Description of item and schedule of supplies	*Period*
Explosives and blasting accessories; 4 Supp. No. 1....	July 1 to December 31, 1944 (extended to June 30, 1945).
Gasoline:	
Tank wagon and drum deliveries, tank-car, transport-truck and marine deliveries; 7 and Supps., Regions 1 to 6, incl.	July 1, 1944 to June 30, 1945.
Fuel Oil:	
Tank-wagon and drum deliveries, tank-car, transport-truck, and marine deliveries; 7 and 14 and Supps. Regions 1 to 6, incl.	July 1, 1944 to June 30, 1945.
Gasoline Diesel oil and lubricating oil, service-station deliveries; 7 and 14.	July 1, 1944 to June 30, 1945.
Tire chains; 8, Supp. No. 8, Revised.....	July 1, 1944 to June 30, 1945.
Motor-vehicle accessories, etc., item 8–C–5400 clutch facings) only; 8 & 66, Supp. No. 1, Revised.	July 1, 1944, to June 30, 1945.
Automotive storage batteries; 17, Supp. No. 2, Revised..	March 16 to September 15, 1945.

Description of item and schedule of supplies	*Period*
Telephones and parts; 17, Supp. No. 6, Revised	March 1 to August 31, 1944 (extended to August 31, 1945).
Electric lamps; 17, Supp. No. 3	September 1, 1944 to August 31, 1945.
Wood furniture; 26, Part I	January 1 to December 31, 1945.
Steel furniture; 26, Part II, Revised	January 1 to December 31, 1942 (extended to December 31, 1945).
Steel insulated filing cabinets; 26, Part II, Supp. No. 1	July 1 to December 31, 1943 (extended to December 31, 1945).
Floor and window coverings; 27 Revised	October 1, 1944, to September 30, 1945.
Books; 35	December 1, 1944 to November 30, 1945.
Encyclopedia Britannica; 35	February 15 to November 30, 1945.
Machine tools (only the following items: 40–M–9–100, and 40–P–22 to 40–P–37, incl.); 40.	September 1, 1944 to August 31, 1945.
Woodworking saws; 40	July 1, 1944 to June 30, 1945.
Solvents; 51	February 1 to June 30, 1945.
Paper drinking cups; 53	July 1, 1944 to June 30, 1945.
Office equipment; 54	July 1, 1944 to June 30, 1945.
Filing cases, copy holders, and finished plates for offset duplicating machines; 54.	July 1, 1944 to June 30, 1945.
Offset duplicating supplies; 54	January 20 to June 30, 1945.
Typewriters; 54, Revised	July 1, 1941, to June 30, 1942 (extended to June 30, 1945).
Portable drinking fountains; 63	March 1, 1945 to February 28, 1946.
Feed and forage (applicable to certain D. C. installations only; 67.	June 1 to September 30, 1945.
Airplane tires and tubes; 83, Revised	April 24 to June 30, 1942 (extended to September 30, 1945).
Consolidated public utilities contracts in Baltimore, Md.; New York, N. Y.; and Philadelphia, Pa.; 101 (Electric service), 105 (Gas service).	Effective December 1, 1944 and thereafter until further notice.
Slide film prints; 103	February 1, 1945 to January 31, 1946.
Recording and transcription service; 103, Supp. No. 2, Revised.	September 1, 1944 to August 31, 1945.
Exchange allowances for typewriters; 104	March 1 to June 30, 1945.

NOTE 1: Some of the schedules listed above are mandatory only upon some of the activities of the War Department. In case of doubt as to whether it is mandatory that a particular item be procured under a schedule, the schedule itself should be consulted and provisions of the schedule should be regarded as controlling.

NOTE 2: Attention is called to the provisions of § 811.1187 *et seq.*, as to restrictions concerning local purchases and the purchases of restricted or prohibited items. Such restrictions apply to items, even though they may be listed on the General Schedule of Supplies.

§ 806.606a *Regional and District Warehouse and Supply Centers of Treasury Department, Procurement Division.*

§ 806.606a–1 *Establishment and functions of Regional and District Warehouse and Supply Centers.* Various Regional and District Warehouse and Supply Centers have been established by Treasury Department, Procurement Division in the United States. These Centers engage in procurement, storage and issue of commonly used items of supply. Items handled by these Centers in general are new items purchased by Treasury Department, Procurement Division.

§ 806.606a–2 *Stock Catalogs of Warehouse and Supply Centers.* Stock Catalogs are issued by each Regional and District Warehouse and Supply Center listing articles regularly carried by it in stock and available for issue by it. Such catalogs may be obtained from the appropriate Regional Directors, Treasury Department, Procurement Division. The addresses of such Regional Directors are as follows:

Region I: Park Square Building, Boston 16, Mass.

Region II: 50 Church Street, New York 7, N. Y.

Region III: 499 Pennsylvania Avenue NW., Washington 25, D. C.

Region IV: Commercial Arts Building, 704 Race Street, Cincinnati 2, Ohio.

Region V: 209 South LaSalle Street, Chicago 4, Ill.

Region VI: Belle Isle Building, 105 Pryor Street NE., Atlanta 3, Ga.

Region VII: P. O. Box 1407, Fort Worth 1, Tex.

Region VIII: 2605 Walnut Street, Kansas City 8, Mo.

Region IX: 1030 15th Street, 7th Floor, Denver 2, Colo.

Region X: 30 Van Ness Avenue, San Francisco 2, Calif.

Region XI: 2005 Fifth Avenue, Seattle 1, Wash.

Region XII: Iolani Palace, Honolulu 2, T. H.; Bulding "F," Munoz Rivera Park, San Juan, P. R.

§ 806.606a–3 *Authority to purchase from Warehouse and Supply Centers.* Field services of the War Department are required to purchase items through Treasury Department, Procurement Division, only to the extent provided in §§ 806.606–2 and 806.606–7. Purchase of any item from Warehouse and Supply Centers is, however, authorized, whenever desired by the responsible office, subject to such conditions and regulations, if any, as the chief of the interested technical service (who, in case purchase responsibility for such item has been assigned to a particular technical service, shall be the chief of such technical service) may prescribe. Purchase from a Warehouse and Supply Center of any item listed on a General Schedule of Supplies mandatory on the purchasing office (see § 806.606–7), or on the Schedule of Blind-Made Products (see § 806.606c) is considered a compliance with such Schedules. Similarly, purchase may be made from a Warehouse and Supply Center of an item even though such item is otherwise required to be purchased from Federal Prison Industries, Inc. (see § 806.608).

§ 806.606a–4 *Purchasing procedure.* See § 806.614 as to the appropriate form of delivery order to be used in purchasing items from Warehouse and Supply Centers. Instructions contained in the appropriate stock catalog are to be followed in purchasing items, except insofar as such instructions may be modified by § 806.614.

§ 806.606b *Stock Catalog, Washington, D. C.* This publication of the Procurement Division of the Treasury Department lists the items which are carried in stock in the warehouse of that Division in Washington, D. C., primarily to supply the needs in that city and adjacent area.

§ 806.606c *Blind-made products.*

§ 806.606c–1 *Basic law.*

• • • All brooms and mops and other suitable commodities hereafter procured in accordance with applicable Federal specifications by or for any Federal department or agency shall be procured from such nonprofit making agencies for the blind in all cases where such articles are available within the period specified at the price determined by the committee to be the fair market price for the article or articles so procured; • • • Act June 25, 1938 (52 Stat. 1196; 41 U. S. C. 46; M. L., 1939, sec. 1951).

§ 806.606c–2 *Schedule of blind-made products.* Schedule of Blind-Made Products, effective January 1, 1943, or later date, prepared under the direction of Committee on Purchases of Blind-Made Products, and issued by the Procurement Division, Treasury Department. This schedule is obtained in the same manner as other schedules of the General Schedule of Supplies (see § 806.606–4). The basic law does not apply in cases where brooms and mops are procured for use outside continental United States.

§ 806.606c–3 *General clearance.* The following general clearance dated June 3, 1942, which covers purchases until further notice is quoted for information and guidance.

Effective as of this date and continuing until rescinded, blanket clearance is hereby granted to purchase from commercial sources any item listed in the Schedule of Blind-made Products where military necessity may require the delivery of the articles needed within a period of two weeks.

Very truly yours,

ROBT. LEFEVRE,
Secretary,
Committee on Purchases of Blind-made Products.

§ 806.606c–4 *Attaching clearance to voucher.* It is to be noted that it is not necessary to attach a copy of this general clearance to the contract or voucher. It is sufficient in pertinent cases to make reference on either the contract or the voucher to General Clearance dated June 3, 1942.

§ 806.607 *Purchases under contracts of Navy Department.*

§ 806.607–1 *Requirement.* Purchases will be made from contracts of the Navy Department when so directed by the chief of the technical service concerned or when required by the terms of the contracts.

§ 806.607–2 *Procedure.* Chiefs of technical services are responsible for advising contracting officers as to the terms and conditions of all such contracts and as to whether purchases therefrom are mandatory.

§ 806.608 *Purchases from Federal Prison Industries, Inc., Department of Justice.*

§ 806.608–1 *Basic law.* The act of May 27, 1930 provides in part as follows:

The several Federal departments and independent establishments and all other Government institutions of the United States shall purchase at not to exceed current market prices, such products of the industries herein authorized to be carried on as meet their requirements and as may be available • • • (46 Stat. 392; 18 U. S. C. 744g; M. L., 1939, Sec. 1936).

Under date of December 11, 1934, there was issued Executive Order Number 6917 which provide; in part as follows:

It is hereby ordered that a corporation of the District of Columbia be and is hereby created, said corporation to be named as Federal Prison Industries, Inc. • • • The principal office of said corporation shall be in the City of Washington, District of Columbia. • • • The heads of the several executive departments, independent establishments and Government owned and Government controlled corporations shall cooperate with the corporation in carrying out its duties and shall purchase, at not to exceed current market prices, the products or services of said industries, to the extent required or permitted by law.

§ 806.608–2 *Requirement.* It is required that all items manufactured by and all services rendered by, Federal Prison Industries, Inc., be purchased from that agency except where a general or special clearance for the purchase of the items from commercial sources has been granted.

§ 806.608–3 *General clearance.* The following general clearance, dated June 1, 1945, which covers purchases for the period July 1 to December 31, 1945, indicates not only the items as to which such clearance has been granted but also those items which are available and which, accordingly, must be purchased from Federal Prison Industries, Inc.:

The UNDER SECRETARY OF WAR,
Washington, D. C.

DEAR SIR: Subject to applicable conservation and limitation orders, the following articles and services are available and can be furnished by Federal Prison Industries, Inc., from industries established under the Act of Congress approved May 27, 1930 (46 Stat. 391):

Brushes: As listed in Schedule of Products.
Canvas goods: Shell covers, canvas covers, tarpaulins, truck covers, truck curtains, barracks bags, shower curtains, miscellaneous bags, bandoleers.
Camouflage nets.
Cargo nets.
Castings: Manhole frames and covers, grates, grate bars, and gutter drains for delivery in Wisconsin, Michigan, Illinois, Indiana, Ohio, Pennsylvania, New York, New Jersey, Delaware, Maryland, West Virginia, Virginia, Kentucky and the District of Columbia.
Fiber furniture.
Laundry services required by posts and stations within 100 miles of the Federal Correctional Institution, Tallahassee, Florida, the United States Penitentiary, Alcatraz, California, the Federal Detention Headquarters, New York City, the Federal Reformatory for Women, Alderson, West Virginia, and the United States Penitentiary, Terre Haute, Indiana.
Mattresses: Cotton felt.
Metal products: Storage shelving, transfer cases, lockers, food trays, sputum cups, iron berths, bunks and hospital beds.
Milk: 1,000 lbs. per day for delivery to Fort Bliss, Texas, only.
Printing: See § 806.610 (1).
Wood furniture and specialties: Desk trays, costumers; striking tool handles as listed in Fed. Spec. NN–H–93, Grade A only; Douglas, 4C, 3C, wide arm and side chairs; stools as listed in Schedule of Products, except rotary type.

CLEARANCE

C–26980

1. Clearance is granted to purchase from other sources articles manufactured or services rendered by Federal Prison Industries, Inc., not listed above.

2. Clearance is granted to purchase from other sources articles manufactured or services rendered by Federal Prison Industries, Inc., including the items listed above, in the following cases:

(a) By contractors or contracting officers under cost-plus-a-fixed-fee construction or supply contracts;

(b) By contracting officers under fixed-price (lump sum) construction or supply contracts, wherein the Government is required to furnish certain Government materials;

(c) When immediate delivery or performance is required by the public exigency;

(d) When suitable second hand or used articles can be procured;

(e) When required in small quantities and for delivery within ten days.

3. This clearance is to cover purchases made by the War Department only, and is effective for the period July 1 to December 31, 1945, inclusive.

4. Copy of this clearance should be attached to your contract or voucher when transmitted to the General Accounting Office, or reference made thereon to this clearance number.

Very truly yours,

FEDERAL PRISON INDUSTRIES, INC.,
By (Signed) A. H. CONNER,
Associate Commissioner.

§ 806.608–4 *Attaching clearances to vouchers.* It is to be noted that it is no longer necessary to attach a copy of the clearance to the contract or voucher. It is sufficient to make reference on either the contract or the voucher to Clearance No. C–26980.

§ 806.608–5 *Procedure.* Chiefs of technical services are responsible for advising contracting officers as to the detailed procedure for placing orders with Federal Prison Industries, Inc. In general, purchase orders should be forwarded in duplicate to Federal Prison Industries, Inc., Department of Justice, Washington, D. C. Requests for special clearances should also be directed to the above agency which, in an emergency, will grant telegraphic clearance.

§ 806.608a *Purchases from State prisons and other correctional institutions.* Purchases of items manufactured or produced by State prisons may be made directly from such institutions (Op. Att. Gen. 37739, May 6, 1942, and Let. Pres. May 10, 1942. See also Executive O. 9196 dated July 9, 1942, and § 809.902 and following of this chapter). Likewise, purchases of services rendered by State prisons may be made directly from such institutions. No purchase, however, from a State prison or other correctional institution will be made of a mandatory item or service appearing in the schedules of the Federal Prisons Industries, Inc. (See § 806.608) without a prior clearance (general or special) from that agency. For purchases by Government contractors and subcontractors from Federal, State and territorial prisons or prison industries, see § 803.345.

§ 806.609 *Purchases under contracts of Post Office Department.*

§ 806.609–1 *Requirement.* Envelopes required by the military service (other than by the departmental service, War Department, Washington, D. C.) will be procured under the contracts entered into by the Post Office Department unless it is impracticable to do so.

§ 806.609–2 *Envelopes authorized for supply to the military service.* (a) The following envelopes only are authorized for supply to the military service (excluding the departmental service, War Department, Washington, D. C.) on requisitions, the item numbers corresponding to those in "Award of Contracts for Envelopes", Post Office Department:

Item No.	*Description*
17.	4⅛ by 9½ inches, Kraft, open side.
36.	5 by 11½ inches, Kraft, open side.
49.	6½ by 9½ inches, Kraft, open side.
68.	8½ by 11½ inches, Kraft, open side or open end.
93.	10 by 15 inches, Kraft, open side or open end, 5-inch flap.
111.	2½ by 4¼ inches, Kraft, open end.
122.	3¾ by 5⅜ inches, Kraft, open end.
123.	3⅞ by 7½ inches, Kraft, tag, strong eyelet at bottom, open end.
189.	3⅞ by 8⅞ inches, White, open side.
192.	4⅛ x 9½ inches, White, open side.
203.	3⅞ by 8⅞ inches, White, open side, with Opaquing Design inside.
204.	4⅛ by 9½ inches, White, open side, with Opaquing Design inside.
405.	3⅝ by 8¾ inches, Kraft, open side, window.
435.	4⅛ by 9½ inches, White, open side, window.
504.	4⅛ by 9½ inches, White, Air Mail, red and blue border.
514.	4⅛ by 9½ inches, White, Air Mail, red and blue border, lightweight with opaquing design inside.
(1)	4⅜ by 8⅛ inches, Kraft, open side, window (for War Bonds).
(1)	4½ by 8¼ inches, Kraft, open side, window (for War Bonds).

[1] There has been no Item No. assigned to this envelope.

(b) Orders for envelopes should be placed with the contractors specified in the pamphlet "Awards of Contracts for Envelopes". Such orders may be sent to the contractor directly and need not be sent through the office of the chief of the technical service concerned.

§ 806.609–3 The foregoing does not affect in any way the present methods of procuring jackets, open end, thumb notched, as required by the various tech-

nical services, the same being procured on approved requisitions as are other supplies.

§ 806.610 *Purchases from Government Printing Office.*

§ 806.610–1 All blank envelopes, blank paper, ink, glues and other supplies manufactured or carried in stock by the Government Printing Office, and which are required for use within the District of Columbia will be purchased from that office.

§ 806.610–2 All printing and blankbook work other than that referred to in § 806.610–3, shall be obtained from the Government Printing Office unless a clearance is obtained from the Public Printer to have the work done elsewhere.

§ 806.610–3 (a) Under the regulations of the Joint Committee on Printing relative to Periodicals and Field Printing, printing, binding and blankbook work which it is impracticable to have done at the Government Printing Office and which is necessary for the exclusive use of any field service outside of the District of Columbia may be procured elsewhere than at the Government Printing Office in the District of Columbia without the necessity of obtaining a clearance from the Public Printer. Such work shall be done either:

(1) By local Army-owned reproduction facilities;

(2) At United States Army Field Printing Plants authorized by the Joint Committee on Printing;

(3) By commercial firms, or

(4) By field plants, Justice Department, described under § 806.610–9.

A list of authorized War Department Field printing plants is contained in the aforementioned regulations. These regulations are distributed by The Adjutant General, Field Printing Branch, Publication Division, and should be requested through the chief of the technical service (or commanding general of the service command).

(b) Said regulations further provide that:

No field printing, even though authorized by the committee, shall be done at any field plant, • • • having machinery or equipment (including motors) which has been or may be purchased, exchanged, or transferred since May 1, 1920, without specific approval by the Joint Committee on Printing of such purchase, exchange, or transfer: *Provided*, That this regulation shall not be construed as applying to minor replacements of type or material or parts necessary in making repairs to machinery and equipment.

§ 806.610–4 The cost of the jobs produced either in Army-owned reproduction facilities or in authorized U. S. Army Field Printing Plants should be absorbed in the operating cost of such installations to be charged against the specific funds made available for their operation.

§ 806.610–5 The cost of work procured from commercial sources should be charged against the specific funds available therefor to the respective technical service expenditure of which has been authorized by The Adjutant General. Obligations for field contract printing procured from commercial concerns may be incurred, to the extent that authority has been delegated and funds made available, in accordance with the provisions of the Fiscal Code. All allotments must carry the appropriate purpose number and decimal suffix prescribed in finance circulars. Paragraph 9, AR 35–1040 prescribes the form of certificate which is required to be placed on contracts or purchase orders involving payments for printing, binding, and blankbook work procured commercially in the field. Information relative to reports required by the Joint Committee on Printing together with forms required, will be furnished by The Adjutant General to the chiefs of technical services.

§ 806.610–6 The Adjutant General is charged with the responsibility of coordinating all Army field printing. Questions concerning policies and propriety of field contract printing will be referred to The Adjutant General.

§ 806.610–7 As specified in section II, Circular No. 8, War Department, 1939, Decision A–99850 of the Comptroller General of the United States dated December 22, 1938, is construed as subjecting to the Regulations of the Joint Committee on Printing (a) stenographer's books or other articles in book form which require printing, binding or ruling operations for their manufacture, and (b) any item which requires any printing and binding operation after the receipt of the order by the vendor to fit it for the particular needs of the Government service.

§ 806.610–8 The chiefs of technical services only are authorized to communicate directly with the Government Printing Office through their properly appointed representatives.

§ 806.610–9 Federal Prison Industries, Inc., has available facilities for performing printing work for the War Department. It is to be noted that these facilities are not listed in the letter set forth in § 806.608–3 and so the use of the printing services is not mandatory. However, wherever practicable, it is desirable that use be made of these facilities. The facilities are available at three prisons and may be made use of by sending a purchase order directed to one of the following:

Warden of Federal Reformatory, El Reno, Oklahoma.

Superintendent of Industries, Leavenworth Penitentiary, Leavenworth, Kansas.

Business Manager of Industries, Atlanta Penitentiary, Atlanta, Ga.

Where the form of purchase order contains the standard convict labor clause, that clause should, of course, be deleted (§ 809.903–1 (a)).

§ 806.610–10 Bureau of the Budget Regulation No. 4 (revised) January 18, 1944, (as reprinted in Circular 69, War Department, February 16, 1944) for the purpose of conserving critical materials, establishes standards of grade, colors, copy and size for letterheads, manifold (tissue) sheets, memorandum forms, and envelopes, and sets forth numerous suggestions to promote conservation, which will be observed by all agencies to the fullest practicable extent.

§ 806.611 *Purchases from other agencies of the Government.* Property may be acquired from other agencies of the Government either in the manner set forth in § 806.612 or in the manner set forth in §§ 806.613 to 806.613–8.

§ 806.612 *Purchase of property pursuant to Public Law 670.* The act of July 20, 1942 (Public Law 670–77th Congress; 31 U.S.C. 686) amended section 7 (a) of the act of May 21, 1920 (41 Stat. 613), as amended by section 601 of the act of June 30, 1932 (47 Stat. 417) to read as follows:

Any executive department or independent establishment of the Government, or any bureau or office thereof, if funds are available therefor and if it is determined by the head of such executive department, establishment, bureau, or office to be in the interest of the Government so to do, may place orders with any other such department, establishment, bureau, or office for materials, supplies, equipment, work, or services, of any kind that such requisitioned Federal agency may be in a position to supply or equipped to render, and shall pay promptly by check to such Federal agency as may be requisitioned, upon its written request, either in advance or upon the furnishing or performance thereof, all or part of the estimated or actual cost thereof as determined by such department, establishment, bureau, or office as may be requisitioned; but proper adjustments on the basis of the actual cost of the materials, supplies, or equipment furnished, or work or services performed, paid for in advance, shall be made as may be agreed upon by the departments, establishments, bureaus, or offices concerned: *Provided*, That the War Department, Navy Department, Treasury Department, Civil Aeronautics Administration, and the Maritime Commission may place orders, as provided herein, for materials, supplies, equipment, work, or services, of any kind that any requisitioned Federal agency may be in a position to supply, or to render or to obtain by contract: *Provided further*, That if such work or services can be as conveniently or more cheaply performed by private agencies such work shall be let by competitive bids to such private agencies. Bills rendered, or requests for advance payments made pursuant to any such order, shall not be subject to audit or certification in advance of payment.

The chiefs of the technical services are authorized, pursuant to the foregoing statute, to purchase property (other than property which has been declared surplus) from other Federal agencies on payment of the estimated or actual cost thereof, but proper adjustments on the basis of the actual cost of the material, supplies, or equipment furnished, paid for in advance, shall be made as may be agreed upon mutually.

§ 806.612–1 *Powers of War Food Administration and Reconstruction Finance Corporation under Public Law 670.* The functions, powers, and duties, with respect to placing orders for materials, supplies, equipment, work, or services of any kind that any requisitioned Federal agency may be in a position to supply, or to render or to obtain by contract, which are vested in the War Department, Navy Department, Treasury Department, Civil Aeronautics Administration and the Maritime Commission under Public Law 670 (above) may also be exercised (a) by the War Food Administration, and by any constituent agency or corporation thereof, designated by the War Food Administrator (Executive Order 9418) and (b) by the Reconstruction Finance Corporation, and by any constituent, subsidiary or controlled agency or corporation thereof designated by the Reconstruction Finance Corporation. (Executive Order 9440.)

§ 806.613 *Procurement of surplus property from disposal agencies.*

§ 806.613–1 *Surplus Property Act.* The Surplus Property Act of 1944 (Public Law 457, 78th Congress) places the responsibility upon all Government agencies, in order to avoid making purchases through commercial channels when suitable items are available from surplus property disposal agencies, to consult continuously the records of surplus property maintained by the disposal agencies under the regulations of the Surplus Property Board, and to determine whether their requirements can be satisfied out of such surplus property.

§ 806.613–2 *Disposal agencies.* (a) The disposal agencies and the general types of property for which they are responsible are as follows:

Reconstruction Finance Corporation—Capital and producers goods.

Department of Commerce—Consumers goods.

U. S. Maritime Commission—Ships and Maritime property.

War Food Administration—Food and related products.

A detailed statement of the specific kinds of property assigned to each of the foregoing disposal agencies is set forth in § 829.904.

(b) The surplus property operations of Reconstruction Finance Corporation within the United States are conducted through regional offices. The addresses of these regional offices and the areas that they serve are set forth in § 829.907.

(c) The surplus property operations of the Department of Commerce within the United States are likewise conducted through regional offices. The addresses of these regionall offices and the areas that they serve are set forth in § 829.908.

(d) The surplus property operations of U. S. Maritime Commission are conducted through a centralized office, the address of which is:

United States Maritime Commission, Attention: Mr. E. W. Gorman, Assistant to the Director of the Procurement Division, Washington 25, D. C.

(e) The surplus property operations of War Food Administration are likewise conducted through a centralized office, the address of which is:

Office of Distribution, War Food Administration, Washington 25, D. C.

§ 806.613–3 *Information as to available surpluses.* Information as to available surpluses may be obtained from the regional offices of Reconstruction Finance Corporation and of Department of Commerce, and from the Washington offices of U. S. Maritime Commission and War Food Administration. Although the regional offices of Reconstruction Finance Corporation and of the Department of Commerce maintain detailed inventories only for surplus property located within their respective geographical areas, they are prepared to furnish information as to the availability of specific items of property held by other regional offices, upon request. Both Reconstruction Finance Corporation and the Department of Commerce, periodically publish listings of available surplus property, and these lists may be obtained from any of the regional offices of these disposal agencies.

§ 806.613–4 *Establishment of operational liaison with disposal agencies.* (a) In order that the War Department may utilize the surplus property of other Government agencies to the fullest extent practicable, and effectively discharge its responsibilities under the Surplus Property Act as set forth in § 806.613–1, the Commanding General, Army Air Forces, will establish and maintain operational liaison between the procuring offices of Army Air Forces and the disposal agencies in such manner and at such levels as he shall deem most effective; and chiefs of technical services (other than Army Air Forces) will establish and maintain operational liaison with the disposal agencies, as follows:

(1) Each technical service that procures food or related products of the nature assigned to War Food Administration for disposal will establish operational liaison with the Washington office of that disposal agency. Operational liaison may be established at the level of the office of the chief of service or at the level of the district procurement office of the technical service, as the chief of service deems desirable.

(2) Each technical service that procures ships or maritime products of the nature assigned to U. S. Maritime Commission for disposal will establish operational liaison with the Washington office of that disposal agency. Operational liaison may be established at the level of the office of the chief of service or at the level of the district procurement offices of the technical service, as the chief of service deems advisable.

(3) Each technical service will establish operational liaison between each of its field procurement offices and the regional offices of Reconstruction Finance Corporation and the Department of Commerce, respectively for the region in which the field procurement office is located. In addition, operational liaison between the office of the chief of service and the Washington offices of Reconstruction Finance Corporation and the Department of Commerce, may be established if the chief of service deems such operational liaison desirable.

(b) Each liaison officer shall be the focal point for the exchange of information with the disposal agencies as to contemplated Army procurements and as to the availability of surplus property to satisfy such procurements. The duties of each liaison officer shall be to review continuously the lists of surplus property published by the various disposal agencies; to be informed currently as to the items being procured by his respective procurement district office or technical service; to furnish information to the disposal agencies concerning items under procurement; to ascertain from the disposal agencies whether or not suitable items are available from surplus stock; and to transmit such information concerning available items to the proper procurement officer. All such reviews of surplus property lists and such exchanges of information as to procurements and available surplus property shall be made promptly and expeditiously so as not to delay procurement.

§ 806.613–5 *Procedure for acquiring surplus property.* In general, surplus property will be transferred with reimbursement by the War Department at a fair valuation determined by the disposal agency. Details of transfer procedure may be ascertained from the offices of the disposal agencies. See § 806.614 as to the appropriate form of delivery order to be used in acquiring surplus property from disposal agencies. However, where the property being transferred was declared surplus by another element of the War Department or by the Navy Department, non-reimbursable transfer can be arranged wherever permitted by Special Order No. 6 of the Surplus Property Board, dated May 1, 1945.

§ 806.613–6 *Direct communication with disposal agencies authorized.* Direct communication with disposal agencies is authorized in all matters pertaining to the acquisition of surplus property.

§ 806.613–7 *Readjustment Division.* Although direct communication with disposal agencies is authorized, Readjustment Division, Headquarters, Army Service Forces, is available for assistance in establishing operational liaison with the disposal agencies, and for consultation when the technical services desire assistance in their negotiations for acquisition of surplus property from the disposal agencies. All policy matters pertaining to the acquisition of surplus property from disposal agencies will be cleared with Readjustment Division, Headquarters, Army Service Forces (Section II, Circular 199, W.D. 1944).

§ 806.613–8 *Disposition of property to other Government agencies.* It is to be noted that this § 806.613 relates only to the acquisition of surplus property from the disposal agencies, and not to the reporting of surplus War Department property to the disposal agencies or to disposition of War Department property to other Government agencies. As to the latter, see Parts 821 to 829.

§ 806.614 *Form of delivery order to be used in making interdepartmental or interbranch purchases.* (a) Delivery orders are used to place orders:

(1) Under already existing contracts executed by other technical services or other departments of the Government (see §§ 806.605a, 806.606, 806.607 and 806.609) and

(2) With other departments of the Government furnishing particular services or supplies (see §§ 806.606a, 806.606b, 806.608, 806.610, 806.612 and 806.613).

(b) The term "delivery orders" is used in the procurement regulations to refer to orders of the character described in paragraph (a) above. Although orders placed under General Schedules of Supplies contract sometimes are referred to as "purchase orders", the term "delivery orders" is more accurate, since a binding contract already exists between the Government and the contractor.

(c) The following forms of delivery order may be used in making interbranch or interdepartmental purchases:

(1) W. D. Contract Form No. 383 (§ 813.1317a), [In certain cases, TM 38–403 (Station Supply Procedure) and ASF

Manual M 408 (Depot Supply Procedures) require the use of this form], or

(2) W. D. Contract Form No. 19 (§ 813.1317e).

(d) W. D. Contract Form Nos. 19 and 383, when used to place orders for services or supplies with other departments (see paragraph (a) (2) of this section), will be required to be modified to delete reference to a basic purchase agreement.

[Procurement Reg. 8]

PART 808—FEDERAL, STATE AND LOCAL TAXES

SUBPART A—CONTRACT TAX ARTICLES

Sec.
808.800 Contract tax articles.

SUBPART B—FEDERAL EXCISE TAXES

808.801 Table of Federal excise taxes.
808.802 Manufacturers' excise taxes.
808.803 Pistols and revolvers.
808.804 Retailers' excise taxes.
808.805 Tax on transportation of persons.
808.806 Tax on transportation of property.
808.807 Tax on transportation of oil by pipe line.
808.808 Telegraph, telephone, radio and cable facilities.

SUBPART C—EXEMPTIONS FROM FEDERAL EXCISE TAXES

808.810 Exemption from specific Federal excise taxes as to articles sold and services furnished for the use of the United States.
808.811 Exemption based on exportation.
808.812 Exemption from manufacturers' excise taxes of sale of certain supplies and equipment for vessels of war including aircraft.
808.813 Manufacturers' excise taxes; sales for further manufacture.
808.814 Sales under contracts entered into prior to 1 June 1944 and agreements and change orders supplemental thereto.
808.815 Miscellaneous exemptions.
808.816 Effective date of removal of other Governmental exemptions.
808.817 Power of Secretary of the Treasury to authorize exemption.
808.818 Federal excise taxes not covered by this part.

SUBPART D—TAX EXEMPTION CERTIFICATE FORMS AND PROCEDURE

808.820 Applicability of this subpart.
808.821 Standard tax exemption forms.
808.822 U. S. Government Tax Exemption Certificate, Form 1094.
808.823 Supply and reports of standard forms.
808.824 Who may execute tax exemption certificates.
808.825 Aircraft and vessels of war, supplies and equipment tax exemption certificate.
808.826 Tax exemption certificates for issuance by contractors.
808.827 Preparation and execution of exemption certificates.
808.828 When and how exemption certificates are issued to contractors.
808.829 Blanket tax exemption certificates; contracts under General Schedule of Supplies.
808.830 State and local taxes.

SUBPART E—STATE AND LOCAL TAXES

808.831 Applicable tax directives.
808.832 Certificate of non-inclusion of state or local taxes in amount billed to CPFF contractors or subcontractors.
808.833 Tax provisions of purchase orders issued by CPFF contractors and subcontractors.

SUBPART F—COLLECTION AND PAYMENT OF FEDERAL EXCISE TAXES BY THE GOVERNMENT

Sec.
808.840 General.
808.841 Remittances to contractor.
808.842 Transfers to which §§ 808.840 and 808.841 do not apply.
808.843 Adjustment of sales price.

SUBPART G—ADJUSTMENTS OF CONTRACTS BECAUSE OF CHANGED FEDERAL EXCISE TAXES

808.850 Excise tax rates increased by Revenue Act of 1943.
808.851 Excise taxes repealed by Revenue Act of 1943.
808.852 Excise taxes repealed by Revenue Act of 1942.
808.853 Contract provisions requiring adjustment by reason of changed Federal excise taxes.
808.854 Adjustments required under standard tax article by reason of increase in rates and repeal of excise taxes.
808.855 Authority of chiefs of technical services with respect to adjustments.
808.856 Situations in which adjustment not required by reason of repeal or increase.
808.857 Adjustments by reason of removal of exemptions by Revenue Act of 1943.
808.858 Tax on transportation of property imposed by Revenue Act of 1942.

APPENDIX—POLICY AS TO CLAIMING EXEMPTION FROM FEDERAL EXCISE TAXES AVAILABLE ON THE BASIS OF PURCHASE OF ARTICLES FOR THE USE OF THE UNITED STATES

808.890 General; scope of Appendix.
808.891 Definition of terms.
808.892 Statutory exemptions.
808.893 Exemption under Treasury Decision 5114.
Sec.
808.894 When sales deemed for use of United States.
808.895 Special considerations affecting tax exemption of lubricating oil and gasoline.
808.896 Exemption rules as to articles subject to tax under chapters of Internal Revenue Code other than Chapters 25 or 29.
808.897 Memorandum of policy, effective as of March 1, 1943, as to Federal excise taxes.

SUBPART A—CONTRACT TAX ARTICLES

§ 808.800 *Contract tax articles.* See §§ 803.357 and 803.358 with respect to the standard forms of tax articles.

SUBPART B—FEDERAL EXCISE TAX

§ 808.801 *Table of Federal excise taxes.* The following table lists the Federal excise taxes which are discussed in this part, together with references to the portions of the Internal Revenue Code imposing such taxes, the Treasury Regulations issued with respect to such taxes, and the sections of this part in which such taxes are more particularly described. In addition such table shows the taxes from which exemption is available on and after June 1, 1944 with respect to sales made for the exclusive use of the United States. The table does not show the exemption applying to supplies and equipment for vessels of war, including aircraft, nor other exemptions applying to private as well as Government procurement, as to which see §§ 803.811 and 808.812.

Tax	Reference to Internal Revenue Code and regulations thereunder	Section reference	Exemption of sales to United States on and after 1 June 1944
Manufacturers' excise taxes	Ch. 29, IRC; Regs. 44 and 46.	808.802 et seq.	
Tires and inner tubes	Sec. 3400, IRC; Regs. 46, Subpart D.	808.802-1	Exempt to extent provided in § 808.810 (Also see Note 1).
Automobiles, buses, trucks, etc.	Sec. 3403, IRC; Regs. 46, Subpart F.	808.802-2	Not exempt (But see Note 1).
Radio receiving sets, etc	Sec. 3404, IRC; Regs. 46, Subpart G.	808.802-3	Exempt (§ 808.810).
Refrigerators, etc	Sec. 3405, IRC; Regs. 46, Subpart H.	808.802-4	Not exempt (But see Note 1).
Sporting goods	Sec. 3406 (a) (1), IRC; Regs. 46, Subpart J.	808.802-5	Not exempt (But see Note 1).
Electric, gas or oil appliances	Sec. 3406 (a) (3), IRC; Regs. 46, Subpart L.	808.802-6	Not exempt (But see Note 1).
Photographic apparatus	Sec. 3406 (a) (4), IRC; Regs. 46, Subpart M.	808.802-7	Not exempt (But see Note 1).
Business and store machines	Sec. 3406 (a) (6), IRC; Regs. 46, Subpart O.	808.802-8	Not exempt (But see Note 1).
Electric light bulbs and tubes	Sec. 3406 (a) (10), IRC; Regs. 46, Subpart S.	808.802-9	Not exempt (But see Note 1).
Firearms, shells, cartridges	Sec. 3407, IRC; Regs. 46, Subpart I.	808.802-10	Exempt (§ 808.810).
Matches	Sec. 3409, IRC; Regs. 44, Subpart F.	808.802-11	Not exempt (But see Note 1).
Electrical energy	Sec. 3411, IRC; Regs. 46, Subpart T.	808.802-12	Not exempt (But see Note 1).
Gasoline	Sec. 3412, IRC; Regs. 44, Subpart D.	808.802-13	Not exempt (But see Note 1).
Lubricating Oils	Sec. 3413, IRC; Regs. 44, Subpart E.	808.802-14	Not exempt (But see Note 1).
Pistols and revolvers	Sec. 2700, IRC; Regs. 47	808.803	Exempt (§ 808.810).
Retailers' excise taxes	Ch. 19, IRC; Regs. 51	808.804	
Jewelry	Sec. 2400, IRC; Regs. 51, Subpart D.	808.804-1	Not exempt (But see Note 1).
Furs	Sec. 2401, IRC; Regs. 51, Subpart E.	808.804-2	Not exempt (But see Note 1).
Toilet preparations	Sec. 2402, IRC; Regs. 51, Subpart F.	808.804-3	Not exempt (But see Note 1).
Luggage	Sec. 1651, IRC Regs. 51, Subpart G.	808.804-4	Not exempt (But see Note 1).
Taxes on transportation			
Transportation of persons	Ch. 30, Subch. C, IRC; Regs. 42, Subpart F.	808.805	Exempt as to transportation upon Government transportation requests (§ 808.810).
Transportation of property	Ch. 30, Subch. E, IRC; Regs. 113.	808.806	Exempt as to transportation under Government bills of lading (§ 808.810).
Transportation of oil by pipe line	Ch. 30, Subch. A, IRC; Regs. 42, Subpart D.	808.807	Not exempt.
Telephone, telegraph, radio and cable facilities	Ch. 30, Subch. B, IRC; Regs. 42, Subpart E.	808.808	Exempt as to services furnished directly to the United States (§ 808.810).

NOTE 1: Exemption continues as to articles sold after June 1, 1944 pursuant to contracts entered into prior to June 1, 1944 or to any agreements or change orders supplemental to such contracts and bearing the same Government contract number. (See § 808.814).

This part does not purport to include all material necessary to a decision as to the scope of any of the Federal excise taxes referred to herein. In cases of doubt, the Treasury Regulations should be consulted. If additional assistance is required, it may be obtained from the Tax Division, Office of The Judge Advocate General, Washington, D. C., if not available within the technical service concerned.

§ 808.802 *Manufacturers' excise taxes.* (Chapter 29, IRC; Regulations 44 and 46; 26 CFR, Cum. Supp., Parts 314 and 316). *Rates: Various.* See following sections.

The manufacturers' excise taxes are set forth below in §§ 808.802–1 to 808.802–14, inclusive. The tax in each case, unless otherwise specified, is imposed upon articles sold by the manufacturer, producer or importer, and is equivalent to the indicated per cent of the price for which the article is sold. The rates specified are those effective since November 1, 1942, except in the case of the tax on electric light bulbs and tubes (§ 808.802–9), the rate of which was changed effective April 1, 1944.

§ 808.802–1 *Tires and inner tubes.* (Sec. 3400, IRC; Regulation 46, Subpart D; 26 CFR, Cum. Supp. 316.30–316.32):

(a) Tires wholly or in part of rubber (exclusive of metal rims or rim bases): 5 cents a pound on total weight.

(b) Inner tubes (for tires) wholly or in part of rubber: 9 cents a pound on total weight.

The term "rubber" includes synthetic and substitute rubber.

808.802–2 *Automobiles, buses, trucks trailers, motorcycles.* (Sec. 3403, IRC; Regulations 46, Subpart F; 26 CFR, Cum. Supp., 316.50–316.57).

(a) Automobile truck chassis, automobile truck bodies, automobile bus chassis, automobile bus bodies, truck and bus trailer and semitrailer chassis, truck and bus trailer and semitrailer bodies, tractors of the kind chiefly used for highway transportation in combination with a trailer or semitrailer (including in each of the above cases parts or accessories therefor sold on or in connection therewith or with the sale thereof)—5%. A sale of an automobile truck, bus, or truck or bus trailer or semitrailer, shall be considered to be a sale of the chassis and of the body.

(b) Other automobile chassis and bodies, chassis and bodies for trailers or semitrailers suitable for use in connection with passenger automobiles, and motorcycles (including in each case parts or accessories therefor sold on or in connection therewith or with the sale thereof), except tractors—7%. A sale of an automobile, trailer, or semitrailer shall be considered to be a sale of the chassis and of the body.

(c) Parts or accessories (other than tires and inner tubes and other than radios) for any of the articles enumerated in paragraphs (a) or (b)—5%. Spark plugs, storage batteries, leaf springs, coils, timers, and tire chains, which are suitable for use on or in connection with, or as component parts of, any of the articles enumerated in paragraphs (a) and (b) shall be considered parts or accessories for such articles, whether or not primarily adapted for such use.

(d) The following items are not subject to this tax:

(1) Motor-driven machines designed and adapted for use in pulling or drawing vehicles around the premises of factories and railway stations, and small trucks for handling baggage and trunks at railway stations, as distinguished from automotive vehicles, including tractors, used on highways and roads. (Sec. 316.50, Regulations 46; 26 CFR, Cum, Supp., 316.50).

(2) Parts and accessories (which term does not include tires, inner tubes and automobile radios) sold to a manufacturer of articles enumerated in paragraphs (a) and (b) above, provided an appropriate certificate of the purchaser is given to the seller, stating that the purchaser is a manufacturer of such articles. (Sec. 3403 (c), IRC; sec. 316.57, Regulations 46; 26 CFR, Cum. Supp., 316.57).

(e) Where a manufacturer sells taxpaid tires, inner tubes and automobile radios on or in connection with or with the sale of automobile trucks, other automobiles, taxable tractors, or motorcycles, he may take appropriate credit against the tax due on his sale. (Sec. 3403 (e), IRC; sec. 316.54, Regulations 46; 26 CFR, Cum. Supp., 316.54).

§ 808.802–3 *Radio receiving sets, phonographs, phonograph records and musical instruments.* (Sec. 3404, IRC; Regulations 46, Subpart G; 26 CFR, Cum. Supp.; 316.60–316.64). Rate: 10%.

(a) Radio receiving sets, automobile radio receiving sets, combination radio and phonograph set, and phonographs.

(b) Chassis, cabinets, tubes, reproducing units, power packs, antennae of the "built in" type, and phonograph mechanisms, which are suitable for use on or in connection with, or as component parts of, any of the articles enumerated in paragraph (a), whether or not primarily adapted for such use.

(c) Phonograph records,

(d) Musical instruments,

including in each case, except in the case of musical instruments, parts or accessories therefor sold on or in connection with the sale thereof.

§ 808.802–4 *Refrigerators, refrigerating apparatus and air conditioners.* (Sec. 3405, IRC; Regulations 46, Subpart H; 26 CFR, Cum. Supp., 316.70–316.73). Rate: 10%.

(a) *Refrigerators.* Household type refrigerators (for single or multiple cabinet installations) having, or being primarily designed for use with, a mechanical refrigerating unit operated by electricity, gas, kerosene, or gasoline.

(b) *Refrigerating apparatus.* Cabinets, compressors, condensors, evaporators, expansion units, absorbers, and controls for, or suitable for use as parts of or with, household type refrigerators of the kind described in paragraph (a) except when sold as component parts of complete refrigerators or refrigerating or cooling apparatus.

(c) *Air-conditioners.* Self-contained air-conditioning units.

Including in each case parts or accessories therefor sold on or in connection with the sale thereof.

§ 808.802–5 *Sporting goods.* (Sec. 3406 (a) (1), IRC; Regulations 46, Subpart J; 26 CFR, Cum. Supp., 316.90–316.91). Rate 10%.

Volley nets.
Volley standards.
Water polo balls.
Water polo goals.
Wrestling head harness.

§ 808.802–6 *Electric, gas or oil appliances.* (Sec. 3406 (a) (3), IRC; Regulations 46, Subpart L; 26 CFR, Cum. Supp., 316.110–316.111). Rate: 10%. Electric direct motor-driven fans and air circulators; electric, gas, or oil water heaters; electric flat irons; electric air heaters (not including furnaces); electric immersion heaters; electric heating pads and blankets; electric, gas or oil appliances of the type used for cooking,

[1] Measuring 22 inches over-all or more in length.
[2] Measuring 26 inches or more in length.
[3] Measuring 45 inches over-all or more in length.
[4] Measuring 30 inches or more in length.

warming, or keeping warm food or beverages for consumption on the premises; and electric mixers, whippers, and juicers.

§ 808.802–7 *Photographic apparatus.* (Sec. 3406 (a) (4), IRC; Regulations 46, Subpart M; 26 CFR, Cum. Supp., 316.120–316.122).

(a) Cameras (except cameras weighing more than four pounds exclusive of lens and accessories) and lenses, photographic apparatus and equipment, and any apparatus or equipment designed especially for use in the taking of photographs or motion pictures or in developing, printing, or enlarging photographs or motion pictures—25%.

(b) Unexposed photographic films (including motion picture films, but not including X-ray film), photographic plates and sensitized paper—15%.

(c) A credit or refund may be allowed or made in the amount of tax paid with respect to sale of unexposed motion picture films used or resold for use in the making of news reel motion picture films. (Sec. 3443 (a) (3) (A) (v), IRC; sec. 316.121, Regulations 46; 26 CFR, Cum. Supp., 316.121)

§ 808.802–8 *Business and store machines.* (Sec. 3406 (a) (6), IRC; Regulations 46; Subpart O; 26 CFR, Cum. Supp., 316.140–316.141). Rate: 10%.

Time recording devices.

and combinations of any of the foregoing.

§ 808.802–9 *Electric light bulbs and tubes.* (Sec. 3406 (a) (10), IRC; Regulations 46, Subpart S; 26 CFR, Cum. Supp. 316.180–316.181). Rate: 20%. Electric light bulbs and tubes, not including articles taxable under any other manufacturers' excise tax.

§ 808.802–10 *Firearms, shells, cartridges.* (Sec. 3407, IRC; Regulations 46, Subpart I; 26 CFR Cum. Supp. 316.80–316.82). Rate: 11%. Firearms (except pistols and revolvers, as to which see § 808.803), shells and cartridges.

§ 808.802–11 *Matches.* (Sec. 3409, IRC; Regulations 44, Subpart F; 26 CFR, Cum. Supp., 314.50–314.52).

(a) Fancy wooden matches and wooden matches having a stained, dyed, or colored stick or stem, packed in boxes or in bulk—5½ cents per 1,000 matches.

(b) All matches other than those enumerated above—2 cents per 1,000 matches.

§ 808.802–12 *Electrical energy for domestic or commercial consumption.* (Sec. 3411, IRC; Regulations 46 Subpart T; 26 CFR, Cum. Supp., 316.190–316.194). Rate: 3⅓%.

(a) Tax is imposed upon electrical energy sold for domestic or commercial consumption and not for resale.

(b) The term "electrical energy sold for domestic or commercial consumption" does not include:

(1) Electrical energy sold to the United States for consumption by the legislative, executive or judicial branches of the Federal Government and agencies thereof; examples of such governmental activities are office buildings for the legislative, executive and judicial branches of the Federal Government and agencies thereof, Army camps, post exchanges, barracks and dormitories for enlisted personnel of the armed forces, military supply depots, penal institutions and hospitals; but sales of electrical energy (when separately metered) to the United States for consumption in officers' quarters or residences at military establishments or in emergency housing for war workers or Federal housing projects, constitute sales for domestic consumption (S. T. 931, Int. Rev. Bull. 1944, No. 15, p. 36);

(2) Electrical energy sold for industrial consumption, e. g., for use in manufacturing, mining, refining, shipbuilding, building construction, irrigation, etc. (Sec. 316.190, Regulations 46; 26 CFR, Cum. Supp. 316.190); or

(3) Electrical energy sold for other uses which likewise cannot be classed as domestic or commercial, such as electrical energy used by electric and gas companies, waterworks, telegraph, telephone and radio communication companies, railroads, etc. (Sec. 316.190, Regulations 46; 26 CFR, Cum. Supp., 316.190)

(c) The tax does not apply to sales of electrical energy for resale, except where the electrical energy is sold to an owner or lessee of a building for resale to the tenants therein.

(d) The tax does not apply to publicly owned electric or power plants, or to electric or power plants or systems owned and operated by cooperative or nonprofit corporations engaged in rural electrification.

§ 808.802–13 *Gasoline.* (Sec. 3412, IRC; Regulations 44, Subpart D; 26 CFR, Cum. Supp., 314.30–314.35). Rate: 1½ cents a gallon.

(a) Tax is imposed on gasoline sold by the producer or importer thereof, or by any producer of gasoline. The term "gasoline" means (1) all products commonly or commercially known or sold as gasoline (including casinghead and natural gasoline), benzol, benzene, or naphtha, regardless of their classifications or uses; and (2) any other liquid of a kind prepared, advertised, offered for sale or sold for use as, or used as, a fuel for the propulsion of motor vehicles, motor boats, or airplanes, except that it does not include any of the foregoing (other than products commonly or commercially known or sold as gasoline) sold for use otherwise than as a fuel for the propulsion of motor vehicles, motor boats, or airplanes, and otherwise than in the manufacture or production of such fuel and does not include products commonly or commercially known or sold as kerosene, gas oil, or fuel oil. Further definitions, referring to the thermometer readings, octane ratings and other specifications are found in sec. 314.30, Regulations 44; 26 CFR, Cum. Supp., 314.30.

(b) Gasoline may be sold tax free by a producer of gasoline to other producers of gasoline, provided the producers are properly registered and bonded and an appropriate certificate in this connection is furnished the seller. (Sec. 314.32, Regulations 44; 26 CFR, Cum. Supp., 314.32).

(c) Tax does not attach to products (other than those referred to in § 808.802–13 (a) (1)) sold direct for use otherwise than as fuel for the propulsion of motor vehicles, motor boats, or airplanes and otherwise than in the manufacture or production of such fuel, provided an appropriate certificate in this connection is furnished the seller. (Sec. 314.33, Regulations 44; 26 CFR, Cum. Supp., 314.33). Exemption from tax discussed in this paragraph will not be claimed, contract prices will not exclude taxes on the basis of such an exemption and proof of such an exemption will not be furnished contractors.

§ 808.802–14 *Lubricating oils.* (Sec. 3413, IRC; Regulations 44, Subpart E; 26 CFR, Cum. Supp., 314.40–314.44). Rate: 6 cents a gallon.

(a) Tax is imposed upon lubricating oils sold by the manufacturer or producer. The term "lubricating oil" includes all oils, regardless of their origin, which are sold as lubricating oil and all oils which are suitable for use as a lubricant, but does not include products of the type commonly known as grease. (Sec. 314.40, Regulation 44; 26 CFR, Cum. Supp. 314.40).

(b) Lubricating oils may be sold tax free by the manufacturer or producer thereof direct to another such manufacturer or producer for resale, provided the manufacturers are properly registered and bonded and an appropriate certificate in this connection is furnished the seller. (Sec. 314.42 Regulations 44; 26 CFR Cum. Supp. 314.42).

(c) No tax attaches where lubricating oils are sold direct for nonlubricating uses by the purchaser provided an appropriate certificate in this connection is furnished the seller. (Sec. 314.43 Regulations 44; 26 CFR, Cum. Supp., 314.43). Exemption from tax discussed in this paragraph will not be claimed, contract prices will not exclude taxes on the basis of such an exemption and proof of such an exemption will not be furnished contractors.

§ 808.802–15 *Basis and application of manufacturers excise taxes.* (a) In general, the manufacturers' excise taxes are based on the sales price. In such cases, any charges for coverings, containers, etc., are included in the sales price for purposes of computing the tax. If the amount of the sales price is adjusted upon return to the seller of coverings or containers, the tax should also be adjusted. (Sec. 316.10, Regulations 46; 26 CFR. Cum. Supp., 316.10). The tax imposed, however, is not part of the taxable price of the article. (26 CFR, Cum. Supp., 316.11). Charges for transportation, delivery, insurance, installation, and similar charges are also excluded in computing the tax. (Sec. 316.12, Regulations 46; 26 CFR, Cum. Supp. 316.12).

(b) The lease of an article is considered a sale thereof. In the case of leases or installment sales, the tax is paid proportionately upon each payment. (Sec. 316.9, Regulations 46; sec. 314.4, Regulations 44; 26 CFR, Cum. Supp., 316.9, 314.4).

(c) The tax in general attaches when title passes from the manufacturer. (Sec. 316.5, Regulations 46; sec. 314.4, Regulations 44; 26 CFR, Cum. Supp. 316.5, 314.4). If subsequent reduction is made in the sales price, credit or refund may be obtained by the manufacturer. (Sec. 316.13, Regulations 46; 26 CFR, Cum. Supp. 316.13). Claim by a manufacturer for credit or refund must show, among other things, that the tax has not been collected from the purchaser or has been repaid to him or that his written consent to the allowance of the credit or refund has been obtained. (Sec. 316.204, Regulations 46; sec. 314.64, Regulations 44; 26 CFR, Cum. Supp. 316.204, 314.64).

(d) No manufacturers' excise tax is imposed under section 3406, Internal Revenue Code (§§ 808.802–5 to 808.802–9, inclusive), with respect to any article subject to the retailers' excise tax on sale of jewelry, etc., referred to in § 808.804–1. (Sec. 3406, IRC).

§ 808.803 *Pistols and revolvers.* (Chapter 25, Subchapter A, IRC; Regulations 47; 26 CFR, and Cum. Supp., Part 302). Rate: 11%. Tax is imposed upon pistols and revolvers sold or leased by the manufacturer, producer or importer. (Sec. 2700, IRC).

§ 808.804 *Retailers' excise taxes.* (Chapter 19, IRC; Regulations 51; 26 CFR, Cum. Supp., Part 320). Rate: 20% of price for which article is sold, except where otherwise specified. (Rate is effective April 1, 1944.) Tax is imposed upon the articles specified below in §§ 808.804–1 to 808.804–4, inclusive, sold at retail. Such articles when sold to the Government for use or consumption are considered to be sold at retail.

§ 808.804–1 *Jewelry, etc.* (Sec. 2400, IRC; Regulations 51, Subpart D; 26 CFR, Cum. Supp., 320.30–320.38).

(a) All articles commonly or commercially known as jewelry, whether real or imitation; pearls, precious and semi-precious stones, and imitations thereof; articles made of, or ornamented, mounted or fitted with, precious metals or imitations thereof; watches and clocks and cases and movements therefor; gold, goldplated, silver, or sterling flatware or hollow ware, and silver-plated hollow ware; opera glasses; lorgnettes; marine glasses; field glasses; and binoculars. The rate of tax is 10% (and not 20%) of the sales price of watches selling at retail for not more than $65 and alarm clocks selling at retail for not more than $5.

(b) The tax does not apply to any article used for religious purposes, to surgical instruments, to watches designed especially for use by the blind, to frames or mountings for spectacles or eyeglasses, to a fountain pen or smokers' pipe if the only parts of the pen or the pipe which consist of precious metals are essential parts not used for ornamental purposes, or to buttons, insignia, cap devices, chin straps, and other devices prescribed for use in connection with the uniforms of the armed forces of the United States.

(c) "Opera glasses; lorgnettes; marine glasses; field glasses; and binoculars" include only those which are portable instruments. Articles known as marine glasses, field glasses and similar optical instruments which by reason of size or weight are ordinarily mounted upon tripods or other bases, are not subject to tax. (Sec. 320.36, Regulations 51; 26 CFR, Cum. Supp., 320.36).

§ 808.804–2 *Furs.* (Sec. 2401, IRC; Regulations 51, Subpart E; 26 CFR, Cum. Supp., 320.40–320.41).

(a) Articles made of fur on the hide or pelt and articles of which such fur is the component material of chief value.

(b) Where a person, who is engaged in the business of dressing or dyeing fur skins or of manufacturing, selling, or repairing fur articles, produces an article of the kind described from fur on the hide or pelt furnished, directly or indirectly, by a customer and the article is for the use of, and not for resale by, such customer, the transaction shall be deemed to be a sale at retail and the person producing the article shall be deemed to be the person selling such article at retail. The tax on such a transaction shall be computed and paid by such person upon the fair retail market value of the finished article. The Revenue Act of 1943 added, effective April 1, 1944, the provisions referred to in this paragraph.

§ 808.804–3 *Toilet preparations.* (Sec. 2402, IRC; Regulations 51, Subpart F; 26 CFR, Cum. Supp., 320.50–320.52). Perfumes, essences, extracts, toilet waters, cosmetics, petroleum jellies, hair oils, pomades, hair dressings, hair restoratives, hair dyes, aromatic cachous, toilet powders, and any similar substance, article, or preparation, by whatsoever name known or distinguished; any of the above which are used or applied or intended to be used or applied for toilet purposes.

§ 808.804–4 *Luggage.* (Sec. 1651, IRC).

(a) Trunks, valises, traveling bags, suitcases, satchels, overnight bags, hat boxes for use by travelers, beach bags, bathing suit bags, brief cases made of leather or imitation leather, and salesmen's sample and display cases.

(b) Purses, handbags, pocketbooks, wallets, billfolds, and card, pass, and key cases.

(c) Toilet cases and other cases, bags, and kits (without regard to size, shape, construction, or material from which made) for use in carrying toilet articles or articles of wearing apparel,

including in each case fittings or accessories therefor sold on or in connection with the sale thereof.

This tax first became effective April 1, 1944. For the period during which it remains in effect, the manufacturers' excise tax imposed upon luggage by section 3406 (a) (2), Internal Revenue Code, is suspended.

§ 808.804–5 *Sales in army commissaries and exchanges.* Under an agreement between the War Department and the Bureau of Internal Revenue, the latter will not attempt to collect retailers' excise taxes on sales of jewelry, furs, toilet preparations and luggage to members of the armed forces and their families and to civilian employees permanently employed on military posts, when such sales are made in army commissaries and exchanges. The War Department in turn agreed that sales of such articles in army commissaries and exchanges would not be made to casual laborers or temporary employees on military posts.

§ 808.804–6 *Basis and application of retailers' excise taxes.* (a) The retailers' excise taxes are based on the sales price. Any charges for coverings, containers, etc. shall be included in the sales price for purposes of computing the tax. If the amount of the sales price is adjusted upon return to the seller of coverings or containers, the tax should also be adjusted. (Sec. 320.6, Regulations 51; 26 CFR, Cum. Supp., 320.6). The tax imposed, however, is not part of the taxable price of the article. (Sec. 320.7, Regulations 51; 26 CFR, Cum. Supp., 320.7). Charges for transportation, delivery, insurance, installation, and similar charges are also excluded in computing the tax. (Sec. 320.8, Regulations 51; 26 CFR, Cum. Supp., 320.8)

(b) The lease of an article is considered a sale thereof. In the case of leases or instalment sales, the tax is paid proportionately upon each payment. (Sec. 320.10, Regulations 51; 26 CFR, Cum. Supp., 320.10)

(c) The tax in general attaches when title passes to the purchaser. (Sec. 320.4, Regulations 51; 26 CFR, Cum. Supp., 320.4). If subsequent reduction is made in the sales price, a credit or refund may be obtained by the seller. (Sec. 320.9, Regulations 51; 26 CFR, Cum. Supp., 320.9). Claim by a seller for credit or refund must show, among other things, that the tax has not been

collected from the purchaser or has been repaid to him or that his written consent to the credit or refund has been obtained. (Sec. 320.66; Regulations 51; 26 CFR, Cum. Supp., 320.66).

(d) In the case of any article classifiable under more than one retailer's excise tax, only one tax on such article shall be imposed. Where the rates of such tax differ, the article shall be subject to tax at the highest rate. (Sec. 1653, IRC.)

§ 808.805 *Tax on transportation of persons.* (Chapter 30, Subchapter C, IRC; Regulations 42, Subpart F; 26 CFR, Cum. Supp., 130.50–130.64).

Rate: 15% of the amount paid. Tax is imposed upon the amount paid within the United States for the transportation of persons by rail, motor vehicle, water, or air, within or without the United States, and for seating or sleeping accommodations in connection with such transportation. (Sec. 3469, IRC).

§ 808.805–1 *Basis and application of tax on transportation of persons.* (a) The taxability of a payment for transportation is determined strictly by the place of payment, i. e., whether within or without the United States. The place where the transportation service is furnished has no bearing on the tax. (Sec. 130.51, Regulations 42; 26 CFR, Cum. Supp., 130.51).

(b) Where a payment covers other charges than for transportation of a person, such other charges may be excluded in computing the tax, provided they are separable and are shown in the exact amounts thereof in the records pertaining to the transportation charge. (Secs. 130.52 and 130.54, Regulations 42; 26 CFR, Cum. Supp., 130.52 and 130.54).

(c) The tax does not apply to an amount paid for transportation of freight that includes also the transportation of caretakers or messengers for which no specific charge as such is made. (Sec. 130.54 (d), Regulations 42; 26 CFR, Cum. Supp. 130.54 (d)).

(d) The tax does not apply to transportation or facilities furnished under special tariffs providing for fares of not more than 1¼ cents per mile applicable to round trip tickets sold to personnel of the United States Army, Navy, Marine Corps, and Coast Guard traveling in uniform of the United States, or to members of the military or naval forces of any of the other United Nations traveling in uniform of such nation, at their own expense when on official leave, furlough, or pass, including authorized cadets and midshipmen (Sec. 3469 (f) (2) IRC).

(e) The tax does not apply to charges not exceeding 35 cents, certain commutation tickets, nor to transportation by motor vehicles with seating capacity of less than 10 and not operated on an established line. (Sec. 3469 (a) and (b), IRC; secs. 130.58–130.60, Regulations 42; 26 CFR, Cum. Supp., 130.58–130.60).

§ 808.806 *Tax on transportation of property.* (Chapter 30, Subchapter E, section 3475, IRC; Regulations 113; 26 CFR, Cum. Supp. Part 143). Rate: 3% of the amount paid, except that in the case of coal, the rate is 4 cents per short ton.

(a) Tax is imposed upon the amount paid within the United States for the transportation of property by rail, motor vehicle, water, or air from one point in the United States to another. The tax applies only to amounts paid to a person engaged in the business of transporting property for hire, including amounts paid to a freight forwarder, express company, or similar person, but does not include amounts paid by a freight forwarder, express company, or similar person for transportation with respect to which a tax on the transportation of property has previously been paid. In the case of property transported from a point without the United States to a point within the United States, the tax shall apply to the amount paid within the United States for that part of the transportation which takes place within the United States. The tax on the transportation of coal does not apply to the transportation of coal with respect to which there has been a previous taxable transportation.

(b) Effective December 1, 1943, amounts paid by or to the War Shipping Administration for the transportation of property by water from one point in the United States to another, except between points on the Great Lakes, are exempt from tax until approximately six months after the termination of hostilities.

(c) Effective December 1, 1943, the tax does not apply to amounts paid for the transportation of property to or from the American National Red Cross.

(d) Effective December 1, 1943, amounts paid for transportation of property to or from the government of a state, territory, or political subdivision thereof, or the District of Columbia are exempt from tax.

(e) The tax does not apply to amounts paid to the Post Office Department for the transportation of property.

(f) As to shipments on United States Government bills of lading, see § 808.810.

§ 808.806–1 *Basis and applications of tax on transportation of property*—(a) *Transportation.* The term "transportation" means the movement of property by a person engaged in the business of transporting property for hire, including interstate, intrastate, and intracity or other local movements, as well as towing, ferrying, switching, etc. In general, it includes accessorial service furnished in connection with a transportation movement, such as loading, unloading, blocking and staking, elevation, transfer in transit, ventilation, refrigeration, icing, storage, demurrage, lighterage, trimming of cargo in vessels, wharfage, handling, feeding and watering livestock, and similar services and facilities. (Sec. 143.1 (d), Regulations 113; 26 CFR, Cum. Supp., 143.1 (d)).

(b) *Coal.* The term "coal" includes anthracite, bituminous, semi-bituminous, sub-bituminous, and lignite coal, coal dust, and coke and briquettes made from coal (Sec. 143.1 (f), Regulations 113; 26 CFR, Cum. Supp., 143.1 (f)).

(c) *Baggage.* An amount paid, in connection with the transportation of persons, for the transportation of baggage, including incidental charges on account of excess weight, excess value, storage, transfer, special delivery, etc., or an amount so paid for a special baggage or express car or other conveyance is subject to the tax on the transportation of property if separable from the payment for the transportation of persons and separately shown on the records of the carrier. Otherwise the tax on the transportation of persons (see § 808.805–1) applies. (Sec. 143.1 (c), Regulations 113; 26 CFR, Cum. Supp., 143.14 (c)).

(d) *Previous taxable transportation of coal.* An amount paid for the transportation of coal is not taxable if there has been a previous taxable transportation of such coal. An amount paid for the transportation of coke or briquettes made from coal is not subject to tax provided there has been a previous taxable transportation of the coal or coal dust from which such coke or briquettes were manufactured. When a person delivers to a carrier a quantity of coal for a transportation movement, and the transportation tax has previously been paid with respect to the coal so delivered, a statement to that effect shall be endorsed on the bill of lading or other shipping papers. This endorsement shall constitute authority to the carrier not to collect tax with respect to the transportation charges due on such shipment. (Sec. 143.13 (b), Regulations 113; 26 CFR, Cum. Supp., 143.13 (b)).

§ 808.807 *Tax on transportation of oil by pipe line.* (Chapter 30, Subchapter A, IRC; Regulations 42, Subpart D; 26 CFR, Cum. Supp., 130.20–130.26.) Rate: 4½% of amount paid. Tax is imposed upon all transportation of crude petroleum and liquid products thereof by pipe line. In the event no charge is made for such transportation, or if the payment is made under a transaction which is not an arm's length one and such payment is less than the fair charge, the tax is imposed upon the fair charge for the transportation (Sec. 3460, IRC).

§ 808.808 *Telegraph, telephone, radio and cable facilities.* (Chapter 30, Subchapter B, sec. 3465, IRC; Regulations 42, Subpart E; 26 CFR, Cum. Supp., 130.30–130.46.) Rate: See following paragraphs. Rates shown therein are those effective April 1, 1944.

(a) *Telephone and radio telephone messages.* Tax is imposed at the rate of 25% of the amount paid within the United States for each telephone or radio telephone message or conversation for which the toll charge is more than 24 cents.

(b) *Telegraph, cable, and radio dispatches and messages.* Tax is imposed on the amount paid within the United States for each telegraph, cable or radio dispatch or message. In the case of each such domestic dispatch or message the rate of tax is 25%. In the case of each such international dispatch or message the rate of tax is 10%.

(c) *Leased wire, teletypewriter, or talking circuit special services.* Tax is imposed at the rate of 25% of the amount paid for leased wire, teletypewriter, or talking circuit special service, but not including an amount paid for service used exclusively in rendering a service taxable under the tax described in paragraph (d).

(d) *Wire and equipment service.* Tax is imposed at the rate of 8% of the amount paid for any wire and equipment service (including stock quotation and information services, burglar alarm or fire alarm service, and all other similar services but not including service described in paragraph (c)).

(e) *Local telephone service.* Tax is imposed at the rate of 15% of the amount paid by subscribers for local telephone service and for any other telephone service in respect of which a tax is not payable under the taxes described in paragraphs (a) to (d). Amounts paid for the installation of instruments, wires, poles, switchboards, apparatus, and equipment shall not be considered amounts paid for service.

SUBPART C—EXEMPTIONS FROM FEDERAL EXCISE TAXES

§ 808.810 *Exemption from specific Federal excise taxes as to articles sold and services furnished for the use of the United States.* Exemption is available from the following specific Federal excise taxes, to the extent indicated below, in connection with articles sold and services furnished for the use of the United States. Such exemption is available with respect to contracts entered into either prior or subsequent to June 1, 1944.

(a) Manufacturers' excise tax on radio receiving sets, phonographs, phonograph records and musical instruments. See § 808.802–3.[1]

(b) Manufacturers' excise tax on firearms, shells, cartridges. See § 808.802–10.[1]

(c) Manufacturers' excise tax on tires and inner tubes (see § 808.802–1), when such tires and tubes are sold to any person for use as component parts in the manufacture of an article which is to be sold direct to the War Department at a price not including the tax on the tires and tubes.[2]

(d) Tax on pistols and revolvers. See § 808.803.[1]

(e) Tax on telephone, telegraph, cable, radio, or leased wire services or facilities (see § 808.808), to the extent such services or facilities are furnished directly to the United States and for which payment is made directly by the United States. No exemption is available with respect to such services or facilities furnished to a contractor or other person operating under a contract to perform work on behalf of, or to furnish articles or materials to, the United States Government or any agency thereof.[3]

(f) Tax on transportation of persons (see § 808.805) with respect to payments for transportation furnished to the United States upon a United States Government transportation request.[3]

(g) Tax on transportation of property (see § 808.806), with respect to payments for transportation to or from the Government of the United States shipped on a United States Government bill of lading.[3]

§ 808.810–1 *Policy as to claiming exemption from specific Federal excise taxes listed in § 808.810.* Exclusion from contract prices of the tax on pistols and revolvers and the manufacturers' excise taxes referred to in § 808.810 is governed by the policy set forth in the Appendix to this part, except as otherwise provided in this section. Fixed price (lump sum) contractors, subcontractors, suppliers and materialmen may be authorized to purchase tires and inner tubes on a tax exclusive basis, when permitted pursuant to Treasury Decision 5114, as a variation to the policy set forth in such Appendix. Cost-plus-a-fixed fee prime contractors or subcontractors should not be permitted to purchase tires and inner tubes on a tax exclusive basis; care should be taken to determine that any fixed fee is computed without reflecting in any way any tax on tires or inner tubes.

Exemptions referred to in § 808.810 from transportation taxes are automatically secured by the use of United States Government transportation requests or bills of lading, as the case may be. Exemptions referred to in § 808.810 from communications taxes are automatically secured without the use of exemption certificates.

§ 808.811 *Exemption based upon exportation.* Exemption is available (a) from the manufacturers' excise taxes (§ 808.802 et seq.) and the retailers' excise taxes (§ 808.804 et seq.) with respect to sales for export and (b) from the tax on the transportation of property (§ 808.806) with respect to property in course of exportation. (Secs. 2406, 2705, 3449, IRC: secs. 314.25–314.27, Regulations 44; secs. 316.25–316.27, Regulations 46; secs. 320.21–320.22, Regulations 51; secs. 143.30–143.35, Regulations 113; 26 CFR, Cum. Supp., 314.25–314.27, 316.25–316.27, 320.21–320.22, 143.30–143.35.) This exemption will not be claimed. Contract prices therefore, will not exclude Federal excise taxes from which exemption is available only by reason of export and proof of exportation will not be furnished to contractors.

§ 808.812 *Exemption from manufacturers' excise taxes of sale of certain supplies and equipment for vessels of war including aircraft.* Exemption from manufacturers' excise taxes (§ 808.802, et seq.) is available with respect to the sale of an article for use as fuel supplies, ships' stores, sea stores, or legitimate equipment on vessels of war of the United States or of any foreign nation, vessels employed in the fisheries or in the whaling business or actually engaged in foreign trade or trade between the Atlantic and Pacific ports of the United States or between the United States and any of its possessions. The term "vessels of war" of the United States or of any foreign nation includes aircraft owned by the United States or by any foreign nation and constituting a part of the armed forces thereof. The terms "fuel supplies," "ships' stores," "legitimate equipment" include all articles, materials, supplies, and equipment necessary for the navigation, propulsion, and upkeep of vessels. (Sec. 3451, IRC; sec. 314.28, Regulations 44; 26 CFR, Cum. Supp., 314.28, 316.28). Under Treasury regulations this exemption, insofar as it relates to aircraft, is available only with respect to purchases made direct from manufacturers or producers and not with respect to purchases from dealers or distributors.

§ 808.812–1 *Policy as to claiming exemption described in § 808.812.* Serious administrative burdens would be imposed if the exemption described in § 808.812 were to be claimed with respect to articles of a character usable either (a) as supplies or legitimate equipment for vessels of war including aircraft or (b) otherwise. This exemption will not be claimed, contract prices will not exclude Federal excise taxes on the basis of this exemption and proof of this exemption will not be furnished to contractors, except that such action may be taken in connection with purchases of the following items:

(1) Aviation gasoline.

(2) Lubricating oil suitable only for aircraft engines.

(3) Aircraft tires and inner tubes.

(4) Aerial photographic cameras including gun cameras, lenses, apparatus, equipment, and films therefor.

§ 808.813 *Manufacturers' excise taxes; sales for further manufacture.* Exemption is available from manufacturers' excise taxes (§ 808.802 et seq.), and may be claimed by manufacturers, in the case of sale of any taxable article (other than tires, inner tubes or automobile radios) sold for use by the vendee as material in the manufacture or production of, or as a component part of, a taxable article or for resale by the vendee for such use by his vendee if such article is in due course so resold. (Also see § 808.802–2 (d) (2).) An appropriate certificate of the vendee must be given to the vendor in order to obtain this exemption. (Sec. 3442, IRC; secs. 314.20–314.23, Regulations 44; secs. 316.20–316.23, Regulations 46; 26 CFR, Cum. Supp., 314.20–314.23, 316.20–316.23). This exemption is available to a purchasing manufacturer without the necessity for any action by the War Department. The standard tax articles do not provide for the inclusion in the contract price of taxes from which such an exemption is available and such taxes should not be a component of the contract price.

§ 808.814 *Sales under contracts entered into prior to June 1, 1944, and agree-*

[1] Exemption with respect to these items was retained in the Internal Revenue Code as to sales made prior to the first day of the first month which begins six months or more after the date of termination of hostilities in the present war. (Sec. 307 (b) (2), Revenue Act of 1943.)

[2] Exemption of these items was authorized by the Secretary of the Treasury on April 29, 1944 (9 F.R. 4615, May 2, 1944) pursuant to authority vested in him by section 307 (c) of the Revenue Act of 1943 (see § 808.817). Such authorization of exemption expires at the close of the last day of the sixth full calendar month following the date of the termination of hostilities in the present war.

[3] This exemption was authorized by the Secretary of the Treasury on May 31, 1944 (9 F.R. 5998, June 2, 1944) pursuant to authority vested in him by section 307 (c) of the Revenue Act of 1943 (see § 808.817). Such authorization of exemption expires at the close of the last day of the sixth full calendar month following the date of the termination of hostilities in the present war.

ments and change orders supplemental thereto. Exemption from the manufacturers' excise taxes (§ 802.802 et seq.) and the retailers' excise taxes (§ 808.804 et seq.) remain available as to sales for the use of the United States pursuant to a contract entered into prior to June 1, 1944, or to any agreement or change order (executed prior to, on or after June 1, 1944) supplemental to such contract and bearing the same Government contract number. (Sec. 307 (b) (1), Revenue Act of 1943.) No such exemption remains available as to excise taxes on transportation and communication referred to in §§ 808.805 to 808.808, inclusive. Accordingly, exemptions from the manufacturers' and retailers' excise taxes remain available with respect to:

(a) Sales to the United States by prime contractors under fixed price contracts entered into prior to June 1, 1944, if the prices exclude the taxes on such sales, and under cost-plus-a-fixed-fee contracts entered into prior to that date; and

(b) Purchases by such prime contractors from their suppliers or subcontractors under purchase orders or subcontracts entered into prior to, on or after June 1, 1944: *Provided*, That their prime contracts contemplated tax exclusive purchases and that the purchase orders or subcontracts provide for the exclusion of the taxes from the prices of the articles purchased. (As a general rule, fixed price prime contracts entered into on and after March 1, 1943, in conformity with the policies set forth in the Appendix to this part have not contemplated tax exclusive purchases by prime contractors—see §§ 808.897 to 808.897–6, inclusive.)

§ 808.814–1 *Policy as to claiming exemptions applying to sales under contracts entered into prior to June 1, 1944, and agreements and change orders supplemental thereto.* (a) The provisions of prime contracts entered into prior to June 1, 1944, determine whether and to what extent the contract price includes or excludes Federal excise taxes and consequently whether and to what extent exemptions are to be claimed.

(b) If the price under a contract entered into prior to June 1, 1944, includes an applicable Federal excise tax, agreements or change orders supplemental to such contract and executed on or after June 1, 1944, will also include such tax in the price and such tax will be paid by the contractor. This shall not prevent, however, the claiming of any available exemptions pursuant to the provisions of this part.

(c) If the price under a prime contract entered into prior to June 1, 1944, excludes an applicable Federal excise tax, agreements or change orders supplemental thereto and executed on or after June 1, 1944 may also exclude such tax. Exemption will continue to be available from any tax so excluded. Heretofore existing policies, which are contained in the Appendix to this part, determine the extent to which exemption from any such tax may be extended to purchases by contractors.

(d) Where new contracts normally would be executed, supplemental agreements or change orders will not be used merely to avoid the payment of Federal excise taxes.

§ 808.815 *Miscellaneous exemptions.* In addition to the exemptions discussed in this subpart, certain miscellaneous exemptions, applying to private as well as Government procurement, are available from Federal excise taxes. Some of these miscellaneous exemptions are mentioned in Subpart B of this part; in some cases such Subpart B provides that those exemptions will not be claimed. Any exemption, as to which no policy is otherwise provided in this part, need not be claimed, in which event contract prices will not exclude taxes on the basis of such an exemption and proof of such an exemption will not be furnished to contractors.

§ 808.816 *Effective date of removal of other Governmental exemptions.* Prior to the Revenue Act of 1943, additional exemptions, not set forth in this subpart, were available in connection with procurement for the use of the United States. The removal by the Revenue Act of 1943 of such additional exemptions is effective as follows:

(a) Manufacturers' and retailers' excise taxes—sales made on and after June 1, 1944.

(b) Tax on transportation of persons—amounts paid on or after June 1, 1944.

(c) Tax on transportation of property—amounts paid on or after June 1, 1944.

(d) Tax on telephone, telegraph, radio and cable facilities:

(1) Messages and dispatches (§ 808.808 (a) and (b))—originating on or after June 1, 1944.

(2) Service (§ 808.808 (c) to (e))—amounts paid pursuant to bills rendered on or after June 1, 1944, for service for which no previous bill was rendered.

§ 808.817 *Power of Secretary of the Treasury to authorize exemption.* The Secretary of the Treasury may authorize exemption from the taxes imposed by Chapters 19 (retailers' excise taxes, § 808.804 et seq.), 29 (manufacturers' excise taxes, § 808.802 et seq.), or 30 (taxes on transportation and communication, §§ 808.805 to 808.808) of the Internal Revenue Code as to any particular articles or services, or class of articles or services, to be purchased for the exclusive use of the United States, if he determines that the imposition of such taxes with respect to such articles or services, or class of articles or services, will cause substantial burden or expense which can be avoided by granting tax exemption and that the full benefit of such exemption, if granted, will accrue to the United States. The authority of the Secretary of the Treasury in this regard, however, is not applicable to any contract entered into on or after the first day of the first month which begins six months or more after the date of the termination of hostilities in the present war. (Sec. 307 (c) of the Revenue Act of 1943).

§ 808.817–1 *Procedure to request exercise of authority by Secretary of the Treasury.* In cases where it is deemed necessary for the Secretary of the Treasury to authorize exemptions with respect to any particular articles or services, or class of articles or services, requests for the exercise of that authority will be forwarded through channels to the Director, Purchases Division, Headquarters, Army Service Forces. Such requests should specify in detail the reasons why the request exemption is needed.

§ 808.817–2 *Circumstances under which requests are proper.* The purpose of the removal by the Revenue Act of 1943 of various exemptions applying to the United States from Federal excise tax was to eliminate the numerous administrative procedures (and resulting need for personnel) required on the part of private contractors, procurement agencies and the Bureau of Internal Revenue in order to establish such exemptions, which if not available would not cause any net loss to the United States. It was recognized, however, that in some cases it might be determined that such removal of exemptions would impose greater net costs or administrative burdens than did the retention thereof or would cause other results adversely affecting the United States, in some serious and substantial manner. The established policy of the War Department is to request the Secretary of the Treasury to authorize exemptions only in cases of this character.

In no event will requests be made to the Secretary of the Treasury to authorize exemptions from tax if the only reason therefor is a desire to reduce the contract price or prices by the amount of the tax which, if paid, would go eventually into the Treasury. Such requests will be presented to the Secretary of the Treasury only where it is clearly established (a) that the denial of exemption with respect to purchases of particular articles or services, or classes of articles or services, for the exclusive use of the United States imposes serious administrative problems or presents substantial danger of net loss to the United States, and (b) that the full benefit of any exemption, if granted, will accrue to the United States.

§ 808.818 *Federal excise taxes not covered by this part.* This part applies only to Federal excise taxes imposed by the following chapters of the Internal Revenue Code: Chapter 19 (retailers' excise taxes—see § 808.804, et seq.), Chapter 25 (pistols and revolvers—see § 808.803), Chapter 29 (manufacturers' excise taxes—see § 808.802, et seq.) and Chapter 30 (transportation and communication—see §§ 808.805 to 808.808). When any technical service has responsibility for the procurement or purchase of any articles subject to a Federal excise tax under any other chapter of the Internal Revenue Code, such technical service may prescribe such rules, governing the securing of exemption from such tax, as it may deem proper.

SUBPART D—TAX EXEMPTION CERTIFICATE FORMS AND PROCEDURE

§ 808.820 *Applicability of this subpart.* The forms and procedures set forth in this subpart are applicable after June 1, 1944, so far as exemptions from Federal excise taxes are concerned, only with respect to the exemptions specified in §§ 808.810, 808.812 and 808.814. The policies governing the claiming of these exemptions are set forth in §§ 808.810–1, 808.812–1 and 808.814–1.

§ 808.821 *Standard tax exemption forms.* The following standard tax exemption forms have been prescribed:

	Standard Form No.
U. S. Government Tax Exemption Certificate	1094
Cover of U. S. Government tax exemption certificate book (front, outside and inside; back, outside)	1094A

*State and local taxes to be paid only when absolutely necessary to obtain commodity required.

§ 808.822–1 *Form 1094; where used.* U. S. Government Tax Exemption Certificate Form No. 1094 will be issued by the appropriate officer where required by the contract to supply proof of exemption with respect to those taxes which have been excluded from the contract price, as follows:

(a) All Federal excise taxes from which exemption is available on the basis of purchase for the use of the United States. See §§ 808.812 and 808.825 in connection with exemption under section 3451, Internal Revenue Code.

(b) All state and local taxes, except when a different form is required by the state or local tax authority. (See § 808.820)

§ 808.823 *Supply and reports of standard forms.* (a) Standard Forms 1094, 1094A, 1094B and 1094C will be requisitioned and distributed as prescribed in AR 310–200.

(b) Such forms will be subject to special control as prescribed in paragraph 10, AR 310–100.

(c) Submission of reports accounting for such forms is indefinitely suspended.

§ 808.824 *Who may execute tax exemption certificates.* (a) Tax exemption certificates will be executed only by those officers and Federal employees who have been supplied with a Standard Form No. 1094–C (U. S. Government tax exemption identification card).

(b) The identification card of authorized officers and employees of technical services responsible for purchasing at a post, camp, or station will be signed by the commanding officer. Identification cards supplied to other officers and Federal employees will be signed by the officer who furnishes such officer or employee with tax exemption certificates.

§ 808.825 *Aircraft and vessels of war supplies and equipment tax exemption certificate.* The following form is prescribed by Regulations 44 (Sec. 314.28) and Regulations 46 (Sec. 316.28) (26 CFR, Cum. Supp., 314.28 and 316.28):

EXEMPTION CERTIFICATE

(For use by purchasers of articles for use as fuel supplies, ships' stores, sea stores, or legitimate equipment on certain vessels (section 3451 of the Internal Revenue Code))

_____, 19____
(Date)

The undersigned purchaser hereby certifies that he is _____ of
(Owner, officer, charterer, or an authorized agent

_____ and that the article
(Name of company and vessel)

or articles specified in the accompanying order, or as specified below or on the reverse side hereof, will be used only for fuel supplies, ships' stores, sea stores, or legitimate equipment on a vessel belonging to one of the following classes enumerated in section 3451 of the Internal Revenue Code:

(Check class to which vessel belongs.)

——(1) Vessels engaged in foreign trade,
——(2) Vessels engaged in trade between the Atlantic and Pacific ports of the United States,
——(3) Vessels engaged in trade between the United States and any of its possessions,
——(4) Vessels employed in the fisheries or whaling business,
——(5) Vessels of war of the United States or a foreign nation.

If the articles are purchased for use on civil aircraft engaged in trade as specified in (1) or (3) above, state the name of the country in which the aircraft is registered _____.

The undersigned understands that if the article is used for any purpose other than as stated in this certificate, or is resold or otherwise disposed of, he must report such fact to the manufacturer. It is understood that this certificate may not be used in purchasing articles tax free for use as fuel supplies etc., on pleasure vessels, or on any type of aircraft except (a) civil aircraft employed in foreign trade or trade between the United States and any of its possessions, and otherwise entitled to exemption, and (b) aircraft owned by the United States or any foreign country and constituting a part of the armed forces thereof. It is also understood that the fraudulent use of this certificate to secure exemption will subject the undersigned and all guilty parties to a penalty equivalent to the amount of tax due on the sale of the article and upon conviction to a fine of not more than $10,000, or to imprisonment for not more than five years, or both, together with costs of prosecution. The undersigned also understands that he must be prepared to establish by satisfactory evidence the purpose for which the article was used.

(Address)

The above form will be issued by the appropriate officer where *required by the contract* to supply proof of exemption with respect to the Federal excise taxes from which an exemption is available under Section 3451, Internal Revenue Code, such as for fuel supplies, ship stores and equipment for vessels of war, including aircraft of the armed forces. See § 808.812–1 as to the policy with respect to claiming this exemption.

§ 808.826 *Tax exemption certificates for issuance by contractors.* T. D. 5114, Jan. 27, 1942 (26 CFR, Cum. Supp., Part 470) authorizes exemption from the Federal excise taxes imposed by Chapters 25 and 29 of the Internal Revenue Code (taxes on pistols and revolvers and Manufacturers' excise taxes—see §§ 808.802 to 808.803, inclusive) on sales to contractors with the United States of purchase, construction and subsidiary articles. The policy with respect to this exemption is set forth in the Appendix to this part. The exemption is not available unless the contractor or subcontractor has been authorized by the contracting officer on W. D. Tax Form No. 1 (see § 808.826–1) attached to a standard Government Tax Exemption Certificate Form 1094. The forms prescribed by section 470.3 (b) of T. D. 5114 (26 CFR, Cum. Supp., 470.3 (b)) for use by contractors and subcontractors are set forth in §§ 808.826–2 and 808.826–3.

§ 808.826–1 *W. D. Tax Form No. 1: Authority of contractor and subcontractors to issue tax exemption certificates.*

W. D. Tax Form No. 1

AUTHORITY OF CONTRACTOR AND SUBCONTRACTORS TO ISSUE TAX EXEMPTION CERTIFICATES

(To be attached to a Form 1094 U. S. Tax Exemption Certificate)

_____
(Name of Contractor)
_____
(Address of Contractor)

Contract No. _____
Tax Exemption Certificate No. _____

The Contractor and/or his subcontractors (including suppliers) are authorized to issue tax exemption certificates in the form prescribed by Section 470.3 (b) of Treasury Decision 5114, approved January 27, 1942 (7 F.R. 579, January 29, 1942) as to the articles listed below, which are incorporated in or to be incorporated in the supplies or work covered by the contract referred to in the Tax Exemption Certificate to which this authority is attached.

§ 808.827 *Preparation and execution of exemption certificates.* (a) In the preparation of tax exemption certificates the typewriter will be used when practicable, otherwise ink or indelible pencil will be used. The use of ordinary lead pencil is prohibited. All blank spaces must be properly filled in or lined out, and no such exemption certificate will be delivered to a contractor unless fully and properly executed, except that the Bureau of Internal Revenue has advised that it is not necessary to state the amount of Federal tax upon the exemption certificate (Ltr. to the Chief Signal Officer from D. S. Bliss, Deputy Commissioner of Internal Revenue, 19 June 1942). The amount of tax should be stated, however, if readily available. In a case where Federal excise taxes have been excluded from the contract price of articles or supplies purchased, but the exact amount of the tax cannot be determined at that time, a blanket tax exemption certificate may be issued to cover all sales under the contract. The certificate should cover all articles purchased under such contract, including delivery orders placed thereunder by other officers. As to blanket tax exemption certificates covering purchases under contracts of the General Schedule of Supplies, see § 808.829.

(b) A separate certificate for each kind of tax (Federal, State or local) involved will be prepared. In the issuance of these certificates care must be exercised to fill in the blank spaces provided for showing on each certificate the separate amounts of the taxes involved (if known) so that the certificates may be used only for the purpose intended.

(c) Where the supplies or work covered by the contract are not taxable as such and the certificate is to be used for the purpose of obtaining exemption on the articles to be incorporated in the supplies or work covered by the contract, the amount of tax to be shown on the certificate should be stated as "None". No tax should be shown on the certificate except the tax imposed directly upon the supplies or work covered by the contract.

(d) Except as provided in paragraph (a) of § 808.828, the following statement will be written or stamped upon the face of each certificate pertaining to Federal taxes (except where a cost-plus-a-fixed-fee contract is involved): "W. D. Tax Form No. 1 attached". Tax Exemption Certificate Form No. 1094 may be modified insofar as necessary with respect to contracts for construction, alterations, improvements and repairs. The person issuing a tax exemption certificate will, in addition to his signature and title, insert on the lines provided therefor, his identification card number. (See § 808.824.)

§ 808.828 *When and how exemption certificates are issued to contractors.* At any time after the execution of the contract, a tax exemption certificate (Form 1094) and W. D. Tax Form No. 1, when appropriate, will be executed and delivered to the contractor, upon request, covering Federal excise taxes in the following cases:

(a) Where supplies are taxable under Chapter 25 or 29, and are purchased by the Government at a price which is exclusive of such tax. In such a case, the description of the supplies furnished tax free will be inserted on the tax exemption certificate. If such supplies purchased by the Government have had (or will have) incorporated therein tires, inner tubes, or automobile radios and the price paid by the Government is exclusive of the tax thereon, these items will be listed in the space headed "List of Articles" on W. D. Tax Form No. 1, which will be attached to the tax exemption certificate. This will enable the contractor, pursuant to T. D. 5114 (26 CFR, Cum. Supp., Part 470), to issue tax exemption certificates to the suppliers of such tires, inner tubes and automobile radios. It should be noted that under section 3442, Internal Revenue Code, no tax is imposed with respect to the sale of any article (except tires, inner tubes, and automobile radios) for use by the contractor in the manufacture or production of, or as a component part of an article itself taxable under Chapter 29. Accordingly, the contractor may obtain exemption from the burden of the tax on any articles exempted from tax by section 3442 in the manner provided in the Treasury Regulations (Regulation 46, especially section 316.20, 26 CFR, Cum. Supp., 316.20). Therefore, if no tires, inner tubes, or automobile radios are to be included in such supplies to be purchased from the contractor, there is no occasion for annexing W. D. Form No. 1 to the tax exemption certificate.

(b) Where the supplies purchased under the contract are not taxable under Chapter 29 but have had (or will have) incorporated therein one or more articles which are taxable under such Chapter,

§ 808.831–1 *Information as to the situation in other states* or advice with respect to particular problems in the states lised above should be obtained from the office of The Judge Advocate General by inquiry addressed to the attention of the Chief, Tax Division.

§ 808.831–2 *The instructions contained in the memoranda listed above* are modified by the privisions of § 808.832 so far as they relate to the form of certificates required on invoices of subcontractors and suppliers under cost-plus-a-fixed-fee contracts.

§ 808.832 *Certificate of non-inclusion of State or local taxes in amounts billed to cost-plus-a-fixed-fee contractors or subcontractors.* Where purchases of materials or services by cost-plus-a-fixed-fee contractors or cost-plus-a-fixed-fee subcontractors are exempt from state or local taxes, the vendor's invoices, except as provided in § 808.833, should contain the following statement:

State or local sales, use and similar taxes are not included in the amounts billed.

Where purchases by cost-plus-a-fixed-fee contractors or cost-plus-a-fixed-fee subcontractors are not exempt from state or local taxes the above statement may be omitted from vendor's invoices, but such taxes must be separately itemized.

§ 808.833 *Tax provisions of purchase orders issued by cost-plus-a-fixed-fee contractors and subcontractors.* Cost-plus-a-fixed-fee contractors and cost-plus-a-fixed-fee subcontractors may include in their purchase orders covering supplies or materials the following statement:

Any state or local sales, use, or similar tax, included in the amounts billed MUST be separately stated and itemized. It is understood, and the acceptance of this order shall constitute an agreement, that unless such taxes are separately stated and itemized, no such taxes are included in the amounts billed.

If this statement is included in the purchase order and if no state or local taxes are included in the amount billed to the cost-plus-a-fixed-fee contractor or cost-plus-a-fixed-fee subcontractor, the supplier of the supplies or materials need not include upon his invoice the statement quoted in § 808.832 that certain state or local taxes are not included in the amounts billed. However, even where the purchase order contains the statement quoted above in this paragraph, the invoice of the supplier under the purchase order must separately state and itemize all state or local sales, use or similar taxes which are in fact included in the price billed.

SUBPART F—COLLECTION AND PAYMENT OF FEDERAL EXCISE TAXES BY THE GOVERNMENT

§ 808.840 *General.* Except as provided in § 808.842, the amount of the Federal excise tax will be collected from the purchaser when articles, subject to tax under Chapter 25 (tax on pistols and revolvers—see § 808.803) or Chapter 29 (Manufacturers' excise taxes — see § 808.802, et seq.) of the Internal Revenue Code, purchased free of tax are sold to individuals or used for other than the use of the United States. Funds so collected will be deposited with the local disbursing officer together with information of the name of the contractor from whom the articles were purchased and the number of the contract under which purchase was made. In cases where the name and amount of the contract involved are not known to the sales officer, he will ascertain this information from the shipping or contracting officer or from the chief of the technical service, if necessary.

§ 808.841 *Remittances to contractor.* Funds received by a disbursing officer as payment for taxes imposed by Chapter 25 or 29 of the Internal Revenue Code will be placed in a special deposit account and remitted to the contractor monthly, or at the time the officer closes his accounts when he ceases to disburse, in order that return may be made therefor to the appropriate Collector of Internal Revenue. A copy of the report of such remittance will be forwarded to the Bureau of Internal Revenue. However, if it is impossible for the disbursing officer to determine the contractor from whom the articles subject to tax under Chapter 25 or 29 were purchased, he may remit the amount of the tax to the Collector of Internal Revenue for the district in which the disbursing officer is located with a statement that the name of the contractor is unknown.

§ 808.842 *Transfers to which §§ 808.840 and 808.841 do not apply.* In connection with the following types of transfers of Government-owned property purchased by the Government free of tax, it is not necessary that the amount of the Federal tax be collected from the purchaser and accordingly the provisions of §§ 808.840 and 808.841 are inapplicable:

(a) All sales of used property,

(b) Transfers to a cost-plus-a-fixed-fee contractor of Government-owned property for use in connection with the performance of the contract (whether the transfer is made directly by the Government or on behalf of the Government pursuant to a contract provision similar to that contained in § 803.363),

(c) Sales to a lump sum contractor of Government-owned property for use in connection with the performance of the contract,

(d) Transfers to other agencies of the Government, including transfers for disposition to the Procurement Division, Treasury Department.

§ 808.843 *Adjustment of sales price.* As indicated in § 808.842 (c), it is not necessary that on a sale of property to a lump sum contractor, the amount of the Federal tax, as such, be collected from the contractor. It is not appropriate, however, that the contractor derive the benefit arising from the fact that the Government originally acquired the property tax fee. Accordingly, in fixing the sales price to be paid to the Government by the lump sum contractor, one of the elements going into the price must be the amount of the Federal excise tax which would ordinarily be payable upon a sale of the property.

SUBPART G—ADJUSTMENTS OF CONTRACTS BECAUSE OF CHANGED FEDERAL EXCISE TAXES

§ 808.850 *Excise tax rates increased by Revenue Act of 1943.* The following excise tax rates, among others, were increased (effective April 1, 1944) by the Revenue Act of 1943.

Description of tax	Old rate	Taxable transaction [illegible] act
Retailers' excise taxes:		
Jewelry, etc. (except as to certain watches and alarm clocks)	5	10
Furs	10	20
Toilet preparations	10	20
Luggage (formerly manufacturers' excise tax)	5	10
Manufacturers' excise taxes:		
Electric light bulbs and tubes	5	10
Tax on communication:		
Telephone (over 24 cents)	10	25
Domestic telegraph, cable or radio dispatches	5	25
Leased wires, etc	10	25
Wire and equipment service	5	5
Local telephone service	10	15
Tax on transportation of persons	10	15

§ 808.851 *Excise taxes repealed by Revenue Act of 1943.* Section 310 of the Revenue Act of 1943 repealed as of April 1, 1944 the retailers' excise tax imposed by section 2400, Internal Revenue Code, with respect to "silver-plated flatware." Section 311 of the Revenue Act of 1943 revised section 3406 (a) (3), Internal Revenue Code, so as to exempt household type electric vacuum cleaners from manufacturers' excise taxes.

§ 808.852 *Excise taxes repealed by Revenue Act of 1942.* Section 611 of the Revenue Act of 1942 repealed as of November 1, 1942 excise taxes imposed by Internal Revenue Code, section 3406 (a), subsections (5), (7), (8), and (9) relating respectively to electric signs, rubber articles, washing machines and optical equipment. Sections 614 and 615 of the Revenue Act of 1942 have revised sections 3405 and 3406 (a) (6) of the Internal Revenue Code so as to exempt from excise taxation certain commercial refrigerating apparatus and cash registers of the type used in registering over-the-counter retail sales.

§ 808.853 *Contract provisions requiring adjustment by reason of changed Federal excise taxes.* The standard tax article prescribed in § 803.357–1 (as well as the provision formerly prescribed therein) for lump sum supply contracts requires certain adjustments in contract prices by reason of changes after the date of the contract or the date of the award, as the case may be, in excise taxes directly applicable to the supplies or work covered by the contract or the materials used in the manufacture thereof, all as more fully set out in paragraph (b) of such standard tax article.

§ 808.854 *Adjustments required under standard tax article by reason of increase in rates and repeal of excise taxes.* The increases in rates of excise taxes and the repeal of excise taxes mentioned in §§ 808.850 to 808.852 require adjustment under paragraph (b) of the standard tax article prescribed in § 803.357–1 or substantially similar provisions, if:

(a) Such taxes are directly applicable to the supplies or work covered by the contract or to the materials used in work or manufacture under the contract (all as more fully set forth in paragraph (b) of such standard tax article);

(b) The date of such contract or of the award, as the case may be, was prior to the date of the applicable increase or repeal; and

(c) Such taxes were included in the contract price. In the case of increase of rates, however, no adjustment will be made in excess of the amount of additional taxes or charges which the contractor is required to pay by reason of such increase. As a general rule, no adjustment will be required in connection with increase in rates of tax imposed with respect to communication and transportation.

§ 808.855 *Authority of chiefs of technical services with respect to adjustments.* To facilitate the prosecution of the war by reducing to a minimum the serious administrative burden of making adjustments referred to in § 808.854 and the time of contractors and government officers consumed in determining the amount thereof, the chiefs of the technical services are authorized pursuant to the First War Powers Act, 1941 and Executive Order No. 9001 to negotiate and enter into supplemental agreements with contractors with respect to the amount of any such adjustments after such verification and check thereof as the chiefs of the technical services severally shall prescribe. To expedite the negotiation of such adjustments the amount thereof may be determined by estimate, spot check, audit, or in any other manner deemed reasonable or appropriate by the chief of the technical service concerned. No adjustment decreasing the contract price shall be required in respect of any contract or class of contracts as to which the chief of the technical service concerned shall determine that the amount of adjustment possibly to be obtained will not be substantial or will not warrant the interference with the orderly conduct of the procurement program or the expenditure of the time and effort involved in making or determining the amount of adjustment.

§ 808.856 *Situations in which adjustment not required by reason of repeal or increase.* No adjustment of the contract price will be required by reason of the repeal or increase of rates of excise taxes if the contract provides that the contract price does not include such taxes or if the contract does not contain a provision substantially similar to paragraph (b) of the standard tax article prescribed in § 803.357–1.

§ 808.857 *Adjustments by reason of removal of exemptions by Revenue Act of 1943.* Effective June 1, 1944, certain exemptions available in connection with procurement by the United States were terminated (see § 808.815). Such exemptions, insofar as they relate to manufacturers' excise taxes (§ 808.802 et seq.) and retailers' excise taxes (§ 808.804 et seq.), remain in force as to contracts entered into prior to that date (see § 808.814) and no adjustments in contract prices are necessary by reason of termination of such exemptions. Such exemptions, however, insofar as they relate to transportation and communication taxes remain in effect only to the extent provided in § 808.810. If under a particular contract provision, adjustment is required by reason of the removal of exemptions relating to transportation and communication taxes, the provisions of § 808.855 shall apply to such adjustment.

§ 808.858 *Tax on transportation of property imposed by Revenue Act of 1942.* No increase will be made in the price payable under a contract executed prior to December 1, 1942, and containing a tax article substantially in the form of the standard tax article prescribed in § 808.357–1, by reason of the imposition of the tax on transportation of property under section 3475 of the Internal Revenue Code (Revenue Act of 1942, sec. 620) on freight charges which the contractor is bound to pay in accordance with the contract. (See Dec. Comp. Gen. B–20754, dated January 2, 1943; 22 Comp. Gen. 583).

APPENDIX—POLICY AS TO CLAIMING EXEMPTION FROM FEDERAL EXCISE TAXES AVAILABLE ON THE BASIS OF PURCHASE OF ARTICLES FOR THE USE OF THE UNITED STATES [1]

§ 808.890 *General; scope of Appendix.* This Appendix sets forth the policies which were in effect prior to June 1, 1944, as to claiming exemption from Federal excise taxes. These policies were based upon the availability of exemption on the ground of purchase for the use of the United States and therefore remain in effect on and after June 1, 1944, only in those instances where exemption with respect to sales for the use of the United States are continued beyond that date. (See §§ 808.814 and 808.814–1 with respect to exemption under contracts entered into prior to June 1, 1944, and §§ 808.810 and 808.810–1 with respect to exemption from specific taxes remaining available.

Discussion in this Appendix of statutory exemption provisions and Treasury Regulations relates to the situation existing prior to June 1, 1944, and is applicable with respect to exemptions based on sales for the use of the United States continued beyond that date.

The policy as to claiming exemptions which are available on any basis other than purchase for the use of the United States is set forth in Subpart C of this part (e. g. see § 808.811, concerning exemptions based on exportation and § 803.812, concerning exemption based on supplies and equipment for vessels of war including aircraft).

§ 808.891 *Definition of terms.* (a) The following terms are used in this Appendix as they are defined in Treasury Decision 5114, Jan. 27, 1942 (26 CFR, Cum. Supp., 470.1):

"Prime Contract" means a contract made by the United States. "Purchase article" means any article purchased as such by the United States under a prime contract. "Construction article" means any article for use as equipment, material or supplies by a prime contractor in performing a prime contract, provided, however, that payment for the article is made by the United States. "Subsidiary article" means any article, which by itself or after being combined by any persons with other articles, is incorporated in a purchase article or construction article.

(b) The following terms are defined for the purposes of this Appendix as follows:

"Subcontract" means any purchase or agreement to perform all or any part of the work, or to make or furnish any article, required for the performance of another contract or subcontract. "Article" includes any material, part, assembly, machinery, equipment or other personal property.

§ 808.892 *Statutory exemptions.* Chapters 19 (Retailers' excise taxes; see § 808.804 et seq.), 25 (pistols, revolvers and certain other firearms; see § 808.803), and 29 (Manufacturers' excise taxes; see § 808.802 et seq.) of the Internal Revenue Code impose certain excise taxes from which exemption is available if the taxable articles are sold for the use of the United States.

§ 808.893 *Exemption under Treasury Decision 5114.* In accordance with Treasury Decision 5114, dated Jan. 27, 1942 (26 CFR, Cum. Supp., Part 470), articles are exempt from taxes imposed by Chapter 25 or 29, where such articles are used or incorporated by the purchaser as material in the manufacture or production of, or a component part of, an article which is to be furnished to the United States Government, *Provided*, That (a) the price of the article does not include a tax on the sale or transfer thereof under Chapter 25 or 29 of the Internal Revenue Code, (b) the article is included at such tax-free basis in the price of the article in which it is incorporated and (c) satisfactory evidence of the exemption is furnished by tax exemption certificate (see § 808.828). With respect to prime contracts or purchases made March 1, 1943, and purchases made by subcontractors on or after that date, see policies outlined in § 808.897, et seq.

§ 808.894 *When sales deemed for use of United States.* An article is deemed to be sold for the use of the United States when it is sold (a) to the United States to be utilized by the United States or to be disposed of by the United States to a foreign Government, or (b) to a Government contractor or subcontractor (including a supplier) when the article is incorporated in an article sold to the United States or in the building or work constructed, altered, improved or repaired pursuant to a contract with the United States, or (c) to a Government contractor under a cost-plus-a-fixed-fee contract or subcontractor under a cost-plus-a-fixed-fee subcontract where the article is used as equipment, materials or supplies by the contractor or subcontractor in performing a Government prime contract or in performing a subcontract under such prime contract and payment for the article is made by the United States, whether directly or by reimbursement of the contractor or subcontractor for the cost thereof. With

[1] The matters set forth in this Appendix have limited application. See § 808.890.

respect to purchases by cost-plus-a-fixed-fee subcontractors of articles to be consumed in the performance of the subcontract (see § 808.895 (c)) tax exemption can be obtained under present rulings of the Commissioner of Internal Revenue only by the issuance of a Form 1094 by an authorized Government officer (see § 808.824). The term "incorporated in" as above refers to any process whereby an article enters into building, work or supplies or a component thereof so as to become a part thereof and is not merely consumed in such production.

§ 808.895 *Special considerations affecting tax exemption of lubricating oil and gasoline.* (a) Lubricating oil or gasoline, when incorporated in a purchase article so as to become a part thereof, constitutes a subsidiary article within the meaning of Treasury Decision 5114, and tax exemption of such oil and gasoline can be obtained pursuant to that Treasury Decision. Thus lubricating oil incorporated as the fluid in hydraulic apparatus constitutes a subsidiary article, where the hydraulic apparatus is purchased as such by the United States under a prime contract or where the hydraulic apparatus is a component part of some other article purchased as such by the United States under a prime contract. However, except as stated in paragraph (b) below, the term "subsidiary article" does not include lubricating oil consumed in the operation of machinery in manufacturing such hydraulic apparatus.

(b) Lubricating oil or gasoline is also a subsidiary article when sold to a prime contractor for use as equipment, material or supplies in the performance of his prime contract, if payment for the lubricating oil or gasoline is made by the United States, and in other cases where it can be shown that the United States clearly receives the benefit of exemption from the tax. Thus, where the prime contract involves the construction of a plant, or the operation and maintenance of a plant, either on the basis of cost-plus-a-fixed-fee or some other basis under which the tax on the gasoline or lubricating oil is not to be included in the cost chargeable to the United States, the gasoline or lubricating oil sold to the prime contractor for use in the performance of such prime contract constitutes a subsidiary article within the meaning of Treasury Decision 5114 and tax exemption of such oil and gasoline can be obtained pursuant to that decision. In such case, the gasoline or lubricating oil is deemed to be incorporated in the subject matter of the prime contract, namely, the plant construction or the plant operation.

(c) Gasoline, lubricating oil and other similar consumable supplies, used under cost-plus-a-fixed-fee contracts are exempt. However, such consumable supplies, when constituting subsidiary articles, as in paragraph (b) above, are only exempt under Treasury Decision 5114 if purchased by a prime contractor. If such consumable supplies are purchased by a cost-plus-a-fixed-fee subcontractor or subsidiary subcontractor, Form 1094 must be used in order to secure the exemption from Federal excise tax.

(d) With respect to prime contracts or purchases made after March 1, 1943, and subcontracts or purchases made by contractors or subcontractors on or after that date, see policies outlined in § 808.897 et seq.

§ 808.896 *Exemption rules as to articles subject to tax under Chapters of Internal Revenue Code other than Chapter 25 or 29.* Where any technical service has responsibility for the procurement or purchase of any articles subject to tax under Chapters of the Internal Revenue Code other than Chapter 25 or 29, as for instance Chapter 19, such technical service may prescribe such rules governing the securing of tax exemptions thereunder as it may deem proper.

§ 808.897 *Memorandum of policy, effective as of March 1, 1943, as to Federal excise tax.* The Under Secretary of War, jointly with the Under Secretary of the Navy, has issued the memorandum dated January 4, 1943, quoted below. The purpose of the policies stated therein is to reduce administrative work caused to Government departments and to contractors with respect to Federal excise tax exemptions and to eliminate confusion which has arisen particularly in connection with purchases, on a tax exempt basis in accordance with Treasury Decision 5114, by fixed price (lump sum) contractors and subcontractors, of articles and supplies for incorporation in or use in connection with supplies or work to be furnished or performed under a prime contract with the Government. The policies outlined in the memorandum have no application whatsoever to state and local taxes or exemptions thereunder or to fixed price (lump sum) prime contracts or subcontracts made prior to March 1, 1943, or to subcontracts or purchase orders thereunder. (The memorandum does not change or have any effect upon the exemption expressly provided by section 3442 (1) of the Internal Revenue Code under which contractors manufacturing taxable purchase articles may obtain subsidiary articles tax exempt in the manner provided in that section and applicable regulations—see § 808.813.) The memorandum follows:

POLICY AS TO FEDERAL EXCISE TAX EXEMPTIONS—TO BECOME EFFECTIVE MARCH 1, 1943

The War and Navy Departments adopt the following policies as to the payment of Federal excise taxes and exemptions therefrom, with respect (a) to all contracts executed by the Government after March 1, 1943, and all subcontracts thereunder and (b) to all subcontracts made after March 1, 1943, under cost-plus-a-fixed-fee prime contracts, regardless of when the prime contracts were executed. Certain terms used in this memorandum are defined in Note 1 below. The purpose of these policies is to reduce administrative work caused to Government Departments and to contractors with respect to Federal excise tax exemptions and to avoid the complications which have arisen in connection with purchases on a tax exempt basis in accordance with Treasury Decision 5114 by fixed price (lump sum) contractors and subcontractors.

1. The Government may make direct purchase of articles subject to Federal excise taxes ("purchase articles") on a price basis which either includes or excludes such taxes. In general, it will be War and Navy Department policy to make such direct purchases on a tax exclusive basis except where administrative convenience makes tax inclusive purchasing preferable.

2. In general, fixed-price (lump sum) contractors, subcontractors, suppliers and materialmen will not be authorized to purchase "construction articles", "subsidiary articles" or articles used or consumed in the performance of the prime contract or subcontract, on a tax-exclusive basis pursuant to Treasury Decision 5114, and no tax exemption certificates will be issued in respect thereof.

3. A prime contractor under a cost-plus-a-fixed-fee or cost prime contract, or any cost-plus-a-fixed-fee or cost subcontractor thereunder, may purchase any articles subject to Federal excise taxes ("construction articles", "subsidiary articles," or articles used or consumed in the performance of such prime contract or subcontract) on a price basis which either includes or excludes such taxes, *provided* that in general purchases on a tax exclusive basis shall be made by a cost-plus-a-fixed-fee subcontractor only where there is no fixed-price contractor intervening between such subcontractor and the prime contractor. Tax exemption certificates will be issued where purchases are made on a tax-exclusive basis pursuant to the policy announced in this paragraph. In general, it will be War and Navy Department policy to have such cost-plus-a-fixed-fee contractors and cost-plus-a-fixed-fee subcontractors make such purchases on a tax exclusive basis except where administrative convenience makes tax inclusive purchasing preferable. The term "cost contract" includes any contract provision on a cost basis and any contract for special additional facilities or emergency plant facilities of the Government-ownership type or substantially in the form approved by the Advisory Commission to the Council of National Defense and published in the FEDERAL REGISTER on October 19, 1940 (5 F. R. 4147, No. 205).

4. Exceptions to the policies prescribed in this memorandum may be authorized by the War or Navy Departments in order to facilitate procurement.

5. Bidders and contractors will be advised of the policies herein set forth as promptly as possible, so that they may make plans, fix prices and prepare cost analyses consistently with such policies.

6. The policies herein contained have no application to state and local taxes. These policies will likewise not necessitate any change in the policies applicable to fixed-price prime contracts and subcontracts executed prior to March 1, 1943, and subcontracts thereunder.

Dated this 4th day of January, 1943

ROBERT P. PATTERSON
Under Secretary of War
FORRESTAL
Under Secretary of the Navy

[NOTE 1: This note in the statement of policy refers to the definitions set out in § 808.891.]

§ 808.897–1 *Changes effected by memorandum of policy.* (a) Fixed price (lump sum) prime contracts made on or after March 1, 1943, for the acquisition by the War Department of articles subject to Federal excise taxes ("purchase articles") shall in general be made on a price basis which excludes such Federal excise taxes. The chief of any technical service may authorize any contract or class of prime contracts to be made on a price basis which includes such Federal excise taxes.

(b) Fixed price (lump sum) prime contractors under contracts made on or after March 1, 1943, and subcontractors under them will not in general be authorized to purchase "subsidiary articles" (see § 808.891) or articles used or consumed in the performance of the prime contract on a tax exclusive basis pursuant to Treasury Decision 5114.

(c) Where the price contract with the Government is on a cost-plus-a-fixed-fee basis, regardless of the date of the execution of the prime contract, a fixed price (lump sum) subcontractor thereunder whose subcontract is made on or after March 1, 1943, will not be authorized to purchase "subsidiary articles", or articles used or consumed in the performance of the prime contract or subcontract, on a tax exclusive basis pursuant to Treasury Decision 5114.

(d) Cost-plus-a-fixed-fee prime contractors and cost-plus-a-fixed-fee subcontractors acting under them (where no lump sum contractor intervenes between the prime contractor and the cost-plus-a-fixed-fee subcontractor) will normally purchase articles, which are subject to Federal excise tax, on a tax exclusive basis.

§ 808.897–2 *Issue of tax exemption certificates.* Except as provided in § 808.897–3, no tax exemption certificate will be issued by any officer or employee of the War Department or pursuant to Treasury Decision 5114 in a manner inconsistent with the policies provided in §§ 808.897 and 808.897–1. Nothing in this chapter, however, requires any contractor or subcontractor to forego any Federal excise tax exemption to which he may be entitled otherwise than under Treasury Decision 5114 (see, for example, sec. 3442, IRC). Where contractors are entitled to any such exemption, contracting officers should take precautions to see that prices under lump sum contracts are fixed after giving due consideration to the effect of such exemption (see § 808.813).

§ 808.897–3 *Variations from policy by chief of any technical service.* The chief of any technical service may authorize variations (consistent with applicable tax exemption laws and tax regulations) from the policies set forth in § 803.897 et seq. in any case or class of cases where he finds that such action is necessary to facilitate procurement. Any variations so authorized will be reported at once in writing to the Director, Purchases Division, Headquarters, Army Service Forces. (Variations authorized by § 808.897–5 need not be so reported.)

§ 808.897–4 *Documents to be consistent with policy.* The chief of each technical service will make necessary changes in existing bid forms, specifications, and instructions relating to bids and evaluation of contracts to carry out the policies set forth in the memorandum quoted in § 808.897. Great care should be exercised in drawing contracts and purchase orders to make certain that their provisions reflect accurately the intention of the parties with respect to taxes and that they are consistent with the policies above mentioned.

§ 808.897–5 *Exception to tax policy with respect to radio apparatus, parts and similar items.* In some instances contractors have experienced difficulty in ascertaining whether particular items and parts of certain specialized military and naval equipment fall within the category of articles enumerated in section 3404, Internal Revenue Code (see § 808.802–3). Accordingly, as an exception to the tax policy set forth in § 808.897 (see § 808.897–3), contracting officers are given authority to make prime contracts by the terms of which the prime contractor will be permitted to make purchases, on a basis exclusive of tax, of articles which are or may be subject to the tax imposed by section 3404 or section 3444 (so far as it relates to articles enumerated in section 3404), Internal Revenue Code, whether such articles (a) constitute subsidiary articles, or (b) are acquired by the prime contractor for transfer by him to the United States as purchase articles. With respect to any such purchases, the prime contractor may be authorized to issue tax exemption certificates in accordance with Treasury Decision 5114 and subject to its limitations.

§ 808.897–6 *Taxable articles manufactured by the prime contractor and included in a purchase article as a component part thereof.* The tax policy set out in §§ 808.897 and 808.897–1 is not intended to prevent the Government from buying purchase articles on a basis exclusive of any taxes on component parts of such purchase articles where such component parts (a) have been manufactured by the prime contractor himself and (b) have been included in the purchase article by such manufacturer himself. Buying such purchase articles from prime contractors on a basis exclusive of any tax imposed with respect to such component parts pursuant to the provisions of Internal Revenue Code, section 3444, is consistent with the above mentioned tax policy.

809.993 Delegations of authority to War Department.
809.994 Minimum wage determinations.

SUBPART A—CONVICT LABOR LAW

§ 809.901 *Basic statutes.* The public policy of the United States as to convict labor is expressed in the act of 23 February 1887 (24 Stat. 411; 18 U.S.C. 708, 709). This statute is a penal one and provides for imprisonment or fine upon conviction for its violation. See also 47 Stat. 418; 31 U.S.C. 686b; 45 Stat. 1084; 49 U.S.C. 60; 49 Stat. 494; 49 U.S.C. 61–64; 54 Stat. 1134, as amended 55 Stat. 581; 18 U.S.C. 396a.

§ 809.902 *Executive order of the President.* (a) Pursuant to the public policy prescribed by the aforementioned act of February 13, 1887, the President on May 18, 1905, issued an Executive order which provides, in substance, that all contracts which shall thereafter be entered into by officers or agents of the United States involving the employment of labor in the States composing the Union, or the Territories contiguous thereto, shall, unless otherwise provided by law, contain a stipulation forbidding, in the performance of such contracts, the employment of persons undergoing sentences of imprisonment at hard labor which have been imposed by courts of the several States, Territories, or Municipalities having criminal jurisdiction.

(b) Under date of July 9, 1942, the President issued Executive Order 9196 which "in order to remove any doubts which might otherwise exist and to insure the effective utilization of all existing productive facilities, * * * ordered that Executive Order No. 325A of May 18, 1905, be, and the same is hereby, suspended for the period of the war and for six months thereafter to the extent necessary to permit officers and agencies of the Federal Government charged with the purchase or procurement of articles necessary in the conduct of war to procure, directly or indirectly, through any contractor or subcontractor or otherwise, articles of any kind produced in any Federal, State or territorial prison, provided such articles are not produced pursuant to any contract or other arrangement under which prison labor is hired out to, or employed or used by, any private person, firm or corporation."

(c) The form of the provision to be used in contracts to which such Executive orders apply (except contracts subject to the Walsh-Healey Act as to which see §§ 803.353 and 803.353–4) is set out in § 803.345.

§ 809.903 *Application of basic statutes.*

§ 809.903–1 *Exceptions to prohibitions.* The prohibitions contained in the foregoing provisions of this subpart do not apply to the following purchases:

(a) Purchases of items manufactured, or services rendered, by Federal Prison Industries, Inc. (see § 806.608).

(b) Purchases of items manufactured or produced, or of services rendered, by State prisons or other correctional State institutions (see § 806.608a).

§ 809.903–2 *Shipment of convict-made goods.* The Assistant Solicitor General has advised the Chairman of the War Production Board that the Federal statutes prohibiting shipment of convict-made goods and subjecting such shipments to the operation of state prohibitory laws (See e. g. 54 Stat. 1134, as amended 55 Stat. 581; 18 U.S.C. 396a; 45 Stat. 1084; 49 U.S.C. 60; 49 Stat. 494; 49 U.S.C. 61–64) do not extend to convict-made goods being procured by a contractor directly or indirectly for the Federal Government, *Provided,*

(a) That there is no other source of supply readily available to him on the open market;

(b) That purchases of such articles, materials or supplies are limited to the amount necessary to fulfill specific existing contracts with the Government; and

(c) That all such purchases are made at prices substantially equivalent to the current market price of the commodity purchased.

He has also expressed the view that an order of the Secretary of Labor, dated May 26, 1942, has the effect of exempting from the operation of the convict labor provisions of the Walsh-Healey Act (49 Stat. 2036, as amended, 41 U.S.C. 35 and following) "Contracts negotiated during the present war for the purchase of prison-made goods by contractors, subcontractors or brokers when such purchases are limited as above set forth to the purchase of such goods for the purposes of existing Government Contracts." (See opinion of Attorney General, May 6, 1942; letter amplifying this opinion to the Chairman, War Production Board from the Assistant Solicitor General, date June 20, 1942.)

§ 809.903–3 *Employment.* The provisions of the statute referred to in § 809.901 do not prohibit the employment by contractors or subcontractors of persons serving sentences on parole or probation, nor to convicts who have served their terms.

SUBPART B—EIGHT-HOUR LAW OF 1912

§ 809.904 *Basic law.* The act requires that, in every contract to which it is applicable, a provision must be inserted that no laborer or mechanic doing any part of the work contemplated by the contract in the employ of a contractor or any subcontractor, shall be required or permitted to work more than 8 hours in any one calendar day upon such work unless such mechanic or laborer is compensated for all hours worked in excess of 8 hours in any one calendar day at not less than 1½ times the basic rate of pay. Act of June 19, 1912 (37 Stat. 137), as amended by section 5 (b) act of 28 June 1940 (54 Stat. 679) and section 303 act of September 9, 1940 (54 Stat. 884), 40 U. S. C. 324, 325, 325–A; M. L. 1939 and Supp. II, secs. 743, 745.

§ 809.904–1 *Form of contract provision.* The form of the provision to be used in contracts to which the act applies is set out in § 803.346.

§ 809.905 *Applicability.* The basic law applies to all War Department contracts which may require or involve the employment of laborers or mechanics either by the prime contractor or any subcontractor, with the following exceptions:

§ 809.905–1 *Exceptions.* (a) The law does not apply to supply contracts, such contracts ordinarily being subject to the Walsh-Healey Act where the amount involved is in excess of $10,000.00 (see Subpart E of this part).

(b) Where the same class of work is not, as a general rule, being performed by the Government, contracts for any of the following classes of work are not covered by the act.

(1) Contracts for transportation by land or water.

(2) Contracts for the transmission of intelligence.

(3) Contracts for the construction or repair of levees or revetments necessary for protection against floods or overflows on the navigable waters of the United States.

(4) Contracts for supplies or for such materials or articles as may usually be bought in the open market, whether such supplies, materials or articles are made to conform to particular specifications or not (except armor and armor plate).

(c) The law does not apply to contracts between the War Department and any one of the several States of the Union or the political subdivisions thereof. The law, however, is applicable to any subcontract covering any part of the work covered by such prime contract with a State (or political subdivision thereof) where it is sublet to a private contractor.

(d) The Attorney General has expressed the opinion that the basic law is not applicable to the employment of members of the crew of a dredge or like floating plant (38 Op. A.G. 150 (1934)).

SUBPART C—COPELAND ("KICKBACK") ACT

§ 809.906 *Basic law.* The act provides that whoever shall induce any person employed in work subject to the act to give up any part of the compensation to which he is entitled under his contract of employment by force, intimidation, threat of procuring dismissal from such employment or any other manner whatsoever, shall be fined not more than $5,000 or imprisoned not more than 5 years, or both. Act of 13 June 1934, (48 Stat. 948) 40 U.S.C.A. secs. 276(b) and (c) as amended by Reorganization Plan No. IV, effective June 30, 1940, (54 Stat. 1235).

§ 809.906–1 *Form of contract provision.* The form of the provision required by regulation in contracts to which the act applies is set out in § 803.344 (Title 29–A. Department of Labor Regulations 2.6). (29 CFR, Cum. Supp., 3.6).

§ 809.907 *Applicability.*

§ 809.907–1 *Character of contracts.* Generally the act applies to contracts and subcontracts regardless of amount for the construction, prosecution, completion or repair of any public building, public work, or building or work financed in whole or in part by loans or grants from the United States. The act applies to contracts for such work entered into upon a cost-plus-a-fixed-fee basis or otherwise, with or without advertising for proposals, as well as to contracts entered into upon a lump sum basis.

§ 809.907–2 *Exceptions.* (a) The act does not apply to supply contracts, such contracts ordinarily being subject to the Walsh-Healey Act where the amount is in excess of $10,000 (see Subpart E of this part); nor does it apply ordinarily to installation or maintenance work done for the account of the Government in connection with and as an incident to supply contracts.

(b) The form of provision required in § 803.344 is not required in War Department contracts with a State, or a political subdivision thereof, nor are other regulations with regard to the filing of affidavits, payroll summaries and securing authorized payroll deductions applicable to such contracts. However, the provision must be included and the regulations must be followed in subcontracts of any part of the work involved sublet by any state (or political subdivision thereof) to a private contractor.

§ 809.907–3 *Determination of applicability.* Since the primary factor for determining whether or not the act applies is the nature of the work contemplated in the contract and since this same factor is involved in determining whether or not the Davis-Bacon Act applies, reference is made to §§ 809.911 to 809.911–5, which are equally applicable to this subpart.

§ 809.908 *Procedure.* Pursuant to the provisions of the act, the Secretary of Labor has prescribed certain regulations made effective April 30, 1942 which govern the procedure to be followed in connection with contracts that are subject to the act, and the Davis-Bacon Act §§ 809.910 et seq.; also with regard to certain types of authorized deductions and the method of securing approval thereof. The substance of the pertinent regulations follows:

§ 809.908–1 *Weekly affidavit with respect to payment of wages.* Each contractor or subcontractor engaged in work subject to the act is required to furnish each week a sworn affidavit with respect to the wages paid each of its employees (which shall not be deemed to apply to persons in classifications higher than that of laborer and mechanic and those who are the immediate supervisors of such employees) engaged on the work covered by the act during the preceding weekly payroll period. The affidavit shall be executed and sworn to by the contractor or subcontractor who supervises the payment of wages and shall be in the following form:

State of _____
County of _____, ss:

I, _____ (Name of party signing affidavit), _____ (title) being duly sworn, do depose and say: That I pay or supervise the payment of the persons employed by _____ (contractor or subcontractor) on the _____ (building or work); that the attached payroll sets out accurately and completely the name, occupation, and hourly wage rate of each person so employed for the weekly payroll period from the _____ day of _____, 194__, to the _____ day of _____, 194__, the total number of hours worked by him during such period, the full weekly wages earned by him and any deductions made from such weekly wages, and the actual weekly wages paid to him; that no rebates have been or will be made either directly or indirectly to or on behalf of said _____ (contractor or subcontractor) from the full weekly wages earned as set out on the attached payroll; and that no deductions, other than the permissible deductions (as defined in the Regulations under the "Kickback" Act (48 Stat. 948) described in the following paragraph of this affidavit, have been made or will be made, either directly or indirectly, from the full weekly wages earned as set out on the attached payroll.

(Paragraph describing deductions, if any)

_____
(Signature and title)

Sworn to before me this _____ day of _____, 194__ (Title 29–A Dept. of Labor Regulations, 2.3 (b)). (29 CFR, Cum. Supp., 3.3 (b)).

§ 809.908–2 *Exemptions with respect to weekly affidavits.* Upon a written finding by the Secretary of War, the Secretary of Labor may provide reasonable limitations, variations, tolerances and exemptions from the requirements set forth in § 809.908–1, subject to such conditions as the Secretary of Labor may specify. Request for such finding shall be submitted through the chief of the technical service to the Industrial Personnel Division, Headquarters, Army Service Forces, for submission through channels to the Secretary of Labor. (Title 29–A, Department of Labor Regulations, 2.3 (c)). (29 CFR, Cum. Supp., 3.3 (c)).

§ 809.908–3 *Submission of weekly affidavits.* (a) Each weekly affidavit shall be delivered by contractor or subcontractor within seven days after the regular payment date of the payroll period to the contracting officer or such other officer as may be designated for such purpose by the chief of the technical service.

(b) After such examination and check as may be made, one affidavit and one copy of the payroll of each contractor and subcontractor engaged on Federal construction (except shipbuilding and railroad), covering the weekly payroll periods ending nearest January 15, April 15, July 15, and October 15, shall be submitted quarterly by the contracting officer or other designated officer to the U. S. Department of Labor within 14 days after the close of specified payroll period.

(c) Affidavits and payrolls for all contracts (except shipbuilding and railroads) located in the States listed below should be mailed to the addresses indicated:

State and Location of Regional Office

Alabama, Florida, Georgia, Mississippi, North Carolina, South Carolina, Tennessee, Virginia: Regional Wage Analyst, Bureau of Labor Statistics, 4th Floor, Carl Witt Building, 249 Peachtree St. NW., Atlanta Ga.

Connecticut, Maine, Massachusetts, New Hampshire, Rhode Island, Vermont: Regional Wage Analyst, Bureau of Labor Statistics, 294 Washington St., Boston, Mas.

Illinois, Indiana, Minnesota, North Dakota, South Dakota, Wisconsin: Regional Wage Analyst, Bureau of Labor Statistics, Room 1212, Merchandise Mart, 222 West North Bank Drive, Chicago, Ill.

Louisiana, Oklahoma, Texas: Regional Wage Analyst, Bureau of Labor Statistics, 1610 Mercantile Bank Bldg., Dallas, Tex.

Kentucky, Ohio, West Virginia: Regional Wage Analyst, Bureau of Labor Statistics, 133 Federal Bldg., Public Square, Cleveland, Ohio.

Colorado, Idaho, Montana, New Mexico, Utah, Wyoming: Regional Wage Analyst, Bureau of Labor Statistics, 422 Chamber of Commerce Bldg., Denver, Colo.

Michigan: Regional Wage Analyst, Bureau of Labor Statistics, Room 926; David Stott Bldg., 1150 Griswold Street, Detroit, Mich.

New York, New Jersey Counties—Bergen, Essex, Hudson, Hunterdon, Middlesex, Monmouth, Morris, Passaic, Somerset, Sussex, Union, Warren: Regional Wage Analyst, Bureau of Labor Statistics, Room 713, Parcel Post Bldg., 341 Ninth Avenue, New York, N. Y.

Delaware, District of Columbia, Maryland, Pennsylvania, New Jersey Counties—Atlantic, Burlington, Camden, Cape May, Cumberland, Gloucester, Mercer, Ocean, Salem: Regional Wage Analyst, Bureau of Labor Statistics, Room 1634, Widener Bldg., Chestnut and Juniper Sts., Philadelphia, Pa.

Arkansas, Iowa, Kansas, Missouri, Nebraska: Regional Wage Analyst, Bureau of Labor Statistics, 3000 Fidelity Bldg., Kansas City, Mo.

Arizona, California, Nevada: Regional Wage Analyst, Bureau of Labor Statistics, Room 410–412, Golden Gate Bldg., 25 Taylor St., San Francisco, Calif.

A separate office for the Southern California area is maintained at: Room 1529, Post Office and Court House Bldg., Los Angeles, Calif.

Oregon, Washington: Regional Wage Analyst, Bureau of Labor Statistics, 516 Seaboard Bldg., Seattle, Wash.

(d) In the case of shipbuilding and railroad contracts, affidavits and payrolls will be submitted for payroll periods ending nearest 15 May and 15 November to the Bureau of Labor Statistics, Washington, D. C.

§ 809.908–4 *Submission of subcontractor summaries.* Each contractor or subcontractor shall within seven days after the making of any subcontract

with another person concerning work subject to the act deliver to the contracting officer or such other officer as may be designated for such purpose by the chief of the technical service, an affidavit setting forth the name and address of his subcontractor and a summary description of the precise work subcontracted. After such examination and check as may be made, such affidavit or a copy thereof shall be transmitted by the contracting officer or other designated officer directly to the Bureau of Labor Statistics, U. S. Department of Labor, Washington, D. C., (Title 29–A, Department of Labor Regulations 2.4 (b)). (29 CFR, Cum. Supp., 3.4 (b)).

§ 809.908–5 *Authorized payroll deductions.* (a) Deductions for the following purposes are permissible:

(1) Where required by Federal, State, or local statutes or ordinances to be made by the employer from the wages earned by the employee;

(2) Bona fide prepayment of wages without discount or interest;

(3) Deductions required by court process provided that the contractor or subcontractor will not be permitted to make such a deduction in favor of the contractor, subcontractor, or any affiliated person or where collusion or collaboration exists. (Title 29–A Department of Labor Regulations 2.5 (a)). (29 CFR, Cum. Supp., 3.5 (a)).

(b) Any deduction is also permissible which in fact meets the following standards and with respect to which the contractor or subcontractor shall have made written application by registered mail to the Secretary of Labor, a copy of which application shall be sent to the contracting agency by the contractor or subcontractor setting forth all the pertinent facts, indicating that such deductions will meet the following standards:

(1) That such deduction is not prohibited by other law; and

(2) That such deduction is (i) voluntarily consented to by the employee in writing and in advance of the period in which the work was done, and that consent to the deduction is not a condition either for the obtaining of or for the continuance of employment or (ii) that such deduction is for the benefit of the employees or their labor organization through which they are represented and is provided for in a bona fide collective bargaining agreement; and

(3) That from such deduction no payment is made to, nor profit or benefit is obtained directly or indirectly by the contractor or subcontractor or any affiliated person, and that no portion of the funds, whether in the form of a commission or otherwise, will be returned to the contractor or subcontractor or to any affiliated person; and

(4) That the convenience and interest of the employees are served thereby, and that such or similar deductions have been customary in this or comparable situations. (Title 29–A Department of Labor Regulations 2.5 (b)). (29 CFR, Cum. Supp., 3.5 (b)).

(c) After application in good faith, the deduction may be made in accordance with the foregoing standards: *Provided, however,* That if the Secretary of Labor, on his own motion, or on the application of any person or agency affected by the granting of the application, shall conclude at any time, after written notice to the applicant and an opportunity for him to present his views in support of the deduction, that the deduction has not met the foregoing standards, such deductions shall cease to be "permissible" seven days after the applicant and the Federal agency concerned have been notified of the Secretary's decision. (Title 29–A Department of Labor Regulations 2.5 (c)). (29 CFR, Cum. Supp., 3.5 (c)).

(d) Upon application to and prior written permission from the Secretary of Labor and subject to the standards set forth in paragraph (b), deductions may be made by a contractor or subcontractor or any affiliated person, for membership fees in group benefit or retirement associations; for board and lodging; or for other purposes where the Secretary of Labor concludes the deduction is required by compelling circumstances: *Provided, however,* The contractor, subcontractor, or any affiliated person does not make a profit or benefit directly or indirectly from the deduction. A copy of the Secretary's decision shall be sent to the applicant and the Federal agency concerned. (Title 29–A Department of Labor Regulations 2.5 (d)). (29 CFR, Cum. Supp., 3.5 (d)).

(e) In accordance with and subject to the standards set forth in paragraph (b), general permission is granted to make payroll deductions for:

(1) The payment of the purchase price of United States Defense Stamps and Bonds and United States Tax Savings Notes;

(2) The repayment of loans to or the purchase of shares in credit unions organized and operated in accordance with District of Columbia, Federal, or State credit union statutes.

(3) Contributions to a Federal governmental or quasi-governmental agency. (Title 29–A Department of Labor Regulations 2.5 (e)). (29 CFR, Cum. Supp., 3.5 (e)).

§ 809.908–6 *Restricted payments prohibited.* In any case in which the employee does not have full and actual freedom of disposition of his wage payment, whether made in cash or by check, any restricted payment made to the employee is considered a deduction. (Title 29–A Department of Labor Regulations 2.5 (h)). (29 CFR, Cum. Supp., 3.5 (h)).

§ 809.908–7 *Lack of knowledge no defense.* Nothing in the regulations shall be construed to permit any deduction which the contractor or subcontractor knew, or in the exercise of good faith should have known, did not meet the foregoing standards. In order to insure compliance with his regulations, the Secretary of Labor may notify the contractor or subcontractor that the deduction will be permitted only if certain conditions with respect thereto are observed. The contractor or subcontractor or any affiliated person shall also comply with such general rules and regulations concerning the deductions as the Secretary of Labor shall make from time to time, notice of which shall have been given to the contractor or subcontractor or any affiliated person making the deduction and to the Federal agency concerned either directly or through publication in the FEDERAL REGISTER. (Title 29–A Department of Labor Regulations 2.5 (g)). (29 CFR, Cum. Supp., 3.5 (g)).

§ 809.908–8 *Request for advisory opinions.* The Secretary of Labor will furnish an opinion regarding the coverage of any specific project or with respect to the application of any provisions of the regulations at the request of any Federal or State agency. Request for any such opinion shall be submitted through the chief of the technical service to the Industrial Personnel Division, Headquarters, Army Service Forces, for submission through channels to the Secretary of Labor. (Title 29–A Department of Labor Regulations 2.7). (29 CFR, Cum. Supp., 3.7).

§ 809.909 *Alternative procedures for railway carriers.* By letters of October 5, 1942 and January 22, 1943 from the Secretary of Labor to the Secretary of War, a partial exemption regarding the submission of weekly reports described in § 809.908–1 was granted to railway carriers and an alternative method for obtaining permission of the Secretary of Labor to make certain types of deductions was approved. Copies of these letters may be obtained from the office of the Labor Branch, Industrial Personnel Division, Headquarters, Army Service Forces.

SUBPART D—DAVIS-BACON ACT

§ 809.910 *Basic law.* The act as amended requires as to every contract to which it applies:

(a) That a scale of minimum wages for every class of mechanics or laborers employed shall be set out in the specifications (in cases where specifications are advertised for bids).

(b) That a minimum wage scale must be included in the contract together with a stipulation that the same will be observed whether contracts are let on bids or not.

(c) The inclusion of certain additional provisions hereinafter referred to for the administration and enforcement of the required stipulations.

Act of March 3, 1931 (46 Stat. 1494), as amended by act of August 30, 1935 (49 Stat. 1011), act of June 15, 1940, (54 Stat. 399), and act of March 23, 1941 (55 Stat. 53; 40 U.S.C. 276a, a–1 to a–7), M.L. 1939 and Sup. I, sec. 746.

§ 809.910–1 *Form of contract provision.* The form of provisions required by regulation in contracts to which the act applies is set out in §§ 803.343 and 803.343–1. (Title 29–A, Department of Labor Regulations 2.6) (29 CFR, Cum. Supp., 3.6).

§ 809.911 *Applicability: Character of contracts covered.* The act as amended applies to all contracts in excess of $2000 to be performed in any of the States of the United States, the Territory of Alaska, the Territory of Hawaii or the District of Columbia, for construction, alteration or repair including painting or decorating of public buildings or public works where the same require or involve the employment of mechanics or laborers. The act applies to contracts entered into upon a cost-plus-a-fixed-fee basis or otherwise with or without advertising for bids, as well as to contracts entered into upon a lump sum basis.

§ 809.911–1 *Definition of "building" and "work."* The Secretary of Labor has, by regulation, defined the words "building" and "work" as including, generally, construction activity as distinguished from manufacturing, furnishing of materials, or servicing and maintenance work.

§ 809.911–2 *Definition of "construction," or "repair."* The Secretary of Labor has defined the above terms as used in the act and in the Copeland Act (see Subpart C of this part) as, in substance, including all types of work done under a construction contract such as altering, remodeling, painting and decorating, the transporting of materials and supplies to or from the building or work by the employees of the construction contractor or construction subcontractor and the manufacturing or furnishing of materials, articles, supplies, or equipment on the site of the building or work by persons employed at the site by the contractor or subcontractor. (Title 29–A Department of Labor Regulations 2.2 (b)) (29 CFR, Cum. Supp., 3.2 (b)).

§ 809.911–3 *Exceptions as to contracts with States.* The law does not apply to contracts between the War Department and any one of the several States of the Union or the political subdivisions thereof. The law, however, is applicable to any subcontract covering any part of the work covered by such prime contract with a State (or political subdivision thereof) where it is sublet to a private contractor.

§ 809.911–4 *Exceptions based on nature of work contemplated by contract.* The act does not apply to:

(a) Contracts for servicing and maintenance work generally (Title 29–A, Department of Labor Regulations, 2.2 (a)) (29 CFR, Cum. Supp., 3.2 (a)).

(b) Contracts for manufacturing and furnishing materials or supplies. (See Title 29–A, Department of Labor Regulations, 2.2 (a)) (29 CFR, Cum. Supp., 3.2 (a)), and servicing and maintenance work incident thereto.

(c) Contracts covering the furnishing of equipment and operating personnel for work only incidental to public work (see 19 Comp. Gen. 467, Dec. B–6009, 1 Nov. 1939.).

§ 809.911–5 *Exceptions. "Servicing and maintenance work" defined.* The terms "servicing and maintenance work" as used in paragraphs (a) and (b) of § 809.911–4, include:

(a) Movement of machinery into or out of or from one part to another part of a building or plant completed or substantially completed.

(b) Installation of machinery, machine tools or other equipment in a plant or building completed or substantially completed.

(c) Plant rearrangement and production facilities adjustment or alterations incident to (a) or (b) above.

NOTE: This definition in connection with paragraph (a) and (b) of § 809.911–4 does not relate to servicing and maintenance prosecuted by a construction contractor as a part of construction work.

§ 809.911–6 *Exceptions based on other grounds.* The act does not apply to:

(a) Contracts for construction, alteration or repair, though otherwise meeting the tests of coverage hereinabove set out, where the place of performance of the contract is not known or cannot be reasonably ascertained at the time the contract is negotiated.

(b) Contracts with railroad carriers and airline carriers engaged in interstate or foreign commerce, or subcontracts let to such carriers for the construction, alteration or repair of railways, or other facilities, insofar as such contracts involve railways or other facilities and wage rates payable to employees of such carriers operating under collective bargaining agreements with such carriers made agreeable to the provisions of the Railway Labor Act, as amended. (Letter March 14, 1942 from the Secretary of Labor to the Secretary of War; and amendment dated April 10, 1936, 49 Stat. 1189, 45 U.S.C. 161 through 188, of the "Railway Labor Act" of 1926).

§ 809.911–7 *Determination by chief of technical service.* The act contemplates an administrative determination of the application of the law to particular contracts and the War Department is authorized to make such determination. The chief of the technical service involved will determine within his own office whether the foregoing regulations require the inclusion of Davis-Bacon (and Copeland) Act provisions in any particular contract. In cases of doubt the question, accompanied by full statement of the facts, shall be referred to the Industrial Personnel Division, Headquarters, Army Service Forces, for determination.

§ 809.912 *Regulations of the Secretary of Labor.* The regulations of the Secretary of Labor described in §§ 809.908 to 809.908–8, inclusive, where pertinent, are applicable to all contracts subject to the act. Regulation No. 503 issued by the Secretary of Labor, September 30, 1935, as amended, prescribes the procedures to be followed in predetermining prevailing rates of wages.

§ 809.913 *Obtaining predeterminations of prevailing wage rates.*

§ 809.913–1 *Responsibility of the Chief of Engineers.* The Chief of Engineers is responsible for obtaining from the Secretary of Labor and for furnishing to the technical services upon request, as provided in § 809.913–2, all predeterminations of prevailing wage rates under the Davis-Bacon Act required in connection with the award of War Department contracts.

§ 809.913–2 *Responsibility of contracting officers.* Prior to entering into negotiations for awarding a contract to which the Davis-Bacon Act is applicable, the contracting officer concerned will request the Corps of Engineers to furnish the appropriate predetermination of the wage rates to be contained in the contract. The contracting officer will forward such request direct to the Division Engineer of the Corps of Engineers within whose territorial jurisdiction the work called for by the proposed contract is to be performed unless the chief of the technical service concerned directs that the request be forwarded through his office. In the latter event the request will be forwarded through the chief of the technical service concerned to the Labor Relations Branch, Personnel Division, Office of the Chief of Engineers. Since predeterminations are subject to change, contracting officers are cautioned, in any case where a predetermination previously furnished by the Corps of Engineers is apparently applicable to the proposed contract, to inquire whether such predetermination is current. (The territorial jurisdiction of the Division Engineers is coextensive with that of the service commands. For a list of the addresses of the Division Engineers with a statement of the service commands in which they are located, see § 809.989.)

§ 809.914 *Reports of violations.* Where a contracting officer finds that any laborer or mechanic employed by a contractor or subcontractor on work subject to the act has been or is being paid wages less than the wages required by the contract to be paid, the contracting officer will make a report on Standard Form No. 1093 (schedule of deductions from payment to contractors) executed as completely as possible from his records to the disbursing officer. The latter will complete the execution of the form from his records and transmit it to the office indicated on the form. (Circular letter A–34106, 28 February 1936, of the Comptroller General.)

§ 809.915 *Policy regarding construction and maintenance work.* See Subpart F of Part 802.

SUBPART E—WALSH-HEALEY PUBLIC CONTRACTS LAW

§ 809.916 *General.* The Walsh-Healey Public Contracts Law (act of June 30, 1936, 49 Stat. 2036; as amended by the act of May 13, 1942, 56 Stat. 277; 41 U.S.C. 35–45; sometimes hereinafter referred to as the act) requires the inclusion of certain representations and stipulations in contracts to which the act applies. The act further provides that the Secretary of Labor, under certain circumstances, may make exceptions to this requirement. Contracting officers are furnished with publications containing the text of the Act and certain regulations and interpretations relating thereto of the Secretary of Labor, who is charged with its administration (see § 809.917). Accordingly, this subpart is confined for the most part to matters relating to the act deemed of interest to War Department personnel not found in such publications. Provisions to be included in War Department contracts in compliance with the act may be found in §§ 803.353 to 803.353–4. The minimum wage determinations contemplated by the act made by the Secretary of Labor are set forth in §§ 809.994 et seq. Also, reference is made to § 809.903–2 for a

discussion respecting the convict labor provisions of the act and to item (19) of § 802.297–1a for a statement of procedure satisfying the requirements of the Department of Labor with respect to reporting the award of War Department contracts subject to the act.

§ 809.917 *Publications to be furnished contracting officers.* The Secretary of Labor has published a document entitled "Walsh-Healey Public Contracts Act, Rulings and Interpretations, No. 2, September 29, 1939" and a supplement thereto, published January 24, 1944, entitled "Supplement to Rulings and Interpretations No. 2." These publications contain a compilation of the text of the act, the regulations of the Secretary of Labor relating thereto, and pertinent rulings and interpretations. The chiefs of the technical services are responsible for furnishing these publications and a supply of the forms referred to therein to each of their contracting officers (it is no longer necessary to obtain Form PC–1 from the Department of Labor; see item (19) of § 802.297–1a. Information of interest not found in these publications is set forth in §§ 809.920 and 809.921.

§ 809.918 *Contracts subject to the act.* Generally, the law is applicable to every War Department contract for the purchase of supplies the amount of which exceeds $10,000. The publications furnished to contracting officers in accordance with § 809.917, as supplemented by pertinent provisions of §§ 809.920 and 809.921, define in detail the contracts to which the act applies.

§ 809.919 *General instructions.*

§ 809.919–1 *Compliance with regulations.* The regulations and instructions contained in the publications mentioned in § 809.917 as supplemented by § 809.920 and 809.921 will be complied with by all contracting officers.

§ 809.919–2 *Minimum wage determinations.* Prospective contractors will be informed of applicable minimum wage determinations, if any, in advance of or coincident with negotiating contracts. (For a list of such determinations see §§ 809.994 et seq.)

§ 809.919–3 *Furnishing of posters.* Contracting officers are responsible for seeing that contractors who are awarded contracts subject to the Walsh-Healey Act are furnished Posters, Form PC–13 (Revised March 1944) simultaneously with the making of the award, or as soon thereafter as possible. All copies of previously issued posters which bear no revision date or a revision date other than March 1944, must be destroyed and be replaced by that revised issue. These forms may be obtained from the Records, Control and Distribution Section, Room 1106, Department of Labor, Washington 25, D. C. In this connection, see § 809.917.

§ 809.920 *Interpretations not found in publications furnished contracting officers.* (a) The succeeding paragraphs of this section set forth or refer to certain interpretations of the act or of the regulations issued thereunder not found in the publications mentioned in § 809.917.

(b) Pursuant to an opinion of the Solicitor's Office, Department of Labor, released August 9, 1944, contracts which were originally $10,000 or less but are subsequently amended so as to increase the price to an amount in excess of that figure must contain the Walsh-Healey stipulations after such an amendment. This is so, irrespective of whether the amendment is the result of unilateral action by the War Department (under a change order or similar provision) or of mutual consent of the parties. With respect to contracts exceeding $10,000 which are subsequently modified to a figure of $10,000 or less, (1) the Walsh-Healey Act does not apply to any work performed thereunder after the date of modification if the reduction is effected by mutual consent of the parties, but (2) the act would apply to such work if the reduction is effected by unilateral action of the War Department authorized by the contract.

(c) Ice has been held to be a nonperishable commodity and thus contracts therefor are subject to the act.

§ 809.921 *Exceptions not stated in the publications furnished contracting officers.* (a) The succeeding paragraphs of this section set forth or refer to certain exceptions not stated in the publications mentioned in § 809.917.

(b) Individuals, corporations, or other organizations, not manufacturers or regular dealers as defined by the act, but acting at the instance of Defense Production Associations certified by the War Production Board, are exempt from the representation and stipulation required by section 1 (a) of the act.

(c) The following are excepted from the representations and stipulations of section 1 of the act:

(1) Contracts awarded to any railroad or other carrier.

(2) Contracts awarded for preserved or processed butter during the period from February 3, 1943, to the termination of the present war and three months thereafter.

(3) Contracts awarded during the present war for:

(i) Orange marmalade.

(ii) The production of training films.

(4) Contracts awarded through June 30, 1945 for dehydrated rutabagas and carrots and for the canned and dehydrated fruits and vegetables set forth on page 3 of "Supplemental to Rulings and Interpretations, No. 2" (except milk, evaporated).

§ 809.923 *Procedure for obtaining exceptions with respect to the stipulations required by the act.*

§ 809.923–1 *General.* Section 6 of the act permits the Secretary of Labor to make exceptions to the requirement that the representations and stipulations of section 1 of the act be included in War Department proposals or contracts which are subject to the act. On November 11, 1942, the Secretary of Labor granted a partial exception permitting the employment of female persons between the ages of 16 and 18, under certain conditions (see "Supplement to Rulings and Interpretations No. 2"). Section 809.923–5 prescribes the procedure to be followed where a broader exception, through a modification of the conditions attached to such partial exception is sought. Sections 809.923–2 to 809.923–4 set forth the procedure to be followed when any other exception is sought.

§ 809.923–2 *Requests for exceptions and review thereof by contracting officers.* Except as provided in §809.923–5, all requests of present or prospective War Department contractors for exceptions under section 6 of the act will be addressed to the chief of the interested technical service. Such requests of the contractor will be in writing, will be transmitted through the appropriate contracting officer, and will set forth all pertinent information, including the nature of the requested exception, the need therefor, and any action already taken by the contractor to avoid the necessity for the exception. Upon receipt of such a request from a contractor, the contracting officer and the chief of the labor branch of the service command in which the facility or facilities in question are located (hereinafter referred to as the appropriate labor officer), and, in those instances when requests are from contractors of Army Air Forces, the Army Air Forces labor officer in whose district the facility or facilities are located, will review the request in the light of:

(a) The urgency of the particular procurement;

(b) The relation of existing production schedules to War Department requirements;

(c) The relation of present and past deliveries to production schedules;

(d) The extent to which labor supply is a limiting factor in production, the reasons therefor, and in particular, the extent to which the contractor's wage scale is responsible for the labor supply problem;

(e) The steps, if any, which have been taken either by the contractor or by any government agency to resolve the labor supply problem;

(f) The extent to which factors inherent in the production processes involved necessitate the requested exception;

(g) The extent to which the productive capacity of the facility or facilities in question is being utilized for War Department procurement; and

(h) Any other pertinent data.

§ 809.923–3 *Consultation with regional directors, Department of Labor, and forwarding requests to chiefs of technical services.* (a) If the contracting officer believes that the requested exception is appropriate under the circumstances and necessary in the war effort:

(1) The appropriate labor officer will inform the appropriate regional director of the Wage and Hour and Public Contracts Divisions, United States Department of Labor, of the request for exception and the necessity therefor; and

(2) After joint consideration with such regional director, the contracting officer, if still of the opinion that the requested exception is appropriate, will transmit the request together with (i) his written recommendation relative thereto, (ii) a statement of all the information upon which the recommendation is based and (iii) a recital of the steps taken in compliance with the procedure set forth in § 809.923–2 and this section, to the chief of the interested technical service. (A list of such regional directors is given in § 809.991.)

(b) The procedure set forth in paragraph (a) of this section with respect to such regional director will be complied with unless such compliance would result in undue delay. The contracting officer and the appropriate labor officer, in consulting with the appropriate regional director, will furnish him any pertinent information in their possession which he may require for rendering a report in connection with the need for the exception to the Administrator of the Wage and Hour and Public Contracts Divisions.

§ 809.923–4 *Review and processing of requests by chief of the technical service.* If the chief of the interested technical service concurs in the recommendation of the contracting officer, after review of the request and consideration as to whether the need for an exception can be avoided by utilization of alternative facilities, he will forward the request to the Industrial Personnel Division, Headquarters, Army Service Forces, through the Purchases Division, Headquarters, Army Service Forces, together with:

(a) A statement of all pertinent data;

(b) His recommendation;

(c) A letter setting forth the need for the exception, addressed to the Secretary of Labor and prepared for the signature of the Secretary of War; and

(d) Findings of fact as required by section 6 of the act, prepared for the signature of the Secretary of War.

§ 809.923–5 *Special procedure with respect to exception relative to employment of female minors.* If a present or prospective War Department contractor requests a modification of any of the conditions attached by the Secretary of Labor to her exception of November 11, 1942, in respect to the employment of female persons between 16 and 18 years of age, mentioned in § 809.923–1, the request will be processed in the same manner as other requests for exceptions under section 6 of the act, as provided in §§ 809.923–2 to 809.923–4, except as follows:

(a) The request will be addressed to the Secretary of Labor;

(b) If the chief of the technical service believes that the requested modification is appropriate under the circumstances and necessary in the war effort, he will transmit the request directly to the Administrator, Wage and Hour and Public Contracts Divisions, United States Department of Labor, with a brief statement of the need for the modification.

SUBPART F—FAIR LABOR STANDARDS ACT OF 1938

§ 809.930 *Basic law.* (a) The act establishes minimum wages and maximum hours for employees engaged in commerce or in the production of goods for commerce, and restricts the use of child labor. Only those provisions of the act relating to minimum wages and maximum hours as they affect cost-plus-a-fixed-fee contractors are dealt with in this subpart.

(b) Section 6 (a) of the act requires every employer to pay to each of his employees (except homeworkers in Puerto Rico and the Virgin Islands) "who is engaged in commerce or in the production of goods for commerce" not less than 30 cents per hour or, if the Administrator of the Wage and Hour Division of the Department of Labor in accordance with the act shall have prescribed some other rate, not less than the rate (not in excess of 40 cents per hour) so prescribed by the Administrator.

(c) Section 7 (a) of the act prohibits every employer from employing any of his employees "who is engaged in commerce or in the production of goods for commerce" for a workweek longer than 40 hours, unless such employee receives compensation for his employment in excess of such 40-hour workweek at a rate not less than one and one-half times the regular rate at which he is employed. Employment pursuant to bona fide collective bargaining agreements providing for employment for not more than 1000 hours during any period of 26 consecutive weeks or for not more than 2080 hours during any period of 52 consecutive weeks, and employment for a period or periods of not more than 14 workweeks in the aggregate in any calendar year in an industry found by the Administrator to be of a seasonal nature will not constitute a violation of section 7 (a), if employees receive compensation for employment in excess of 12 hours in any workday or in excess of 56 hours in any workweek at a rate not less than one and one-half times the regular rate at which they are employed. Neither does section 7 (a) apply, under stated circumstances, to employees engaged in processing certain perishable products. Act of June 25, 1938, 52 Stat. 1060, 29 U. S. Code, Section 201–219 (Supp. 1939), as amended by 53 Stat. 1266; 54 Stat. 615; and Act of October 29, 1941 (77th Congress, 1st Sess.).

§ 809.931 *Exceptions.* The provisions of sections 6 and 7 of the act do not apply with respect to:

(a) Any employee employed in a bona fide executive, administrative, professional, or local retailing capacity, or in the capacity of outside salesman (as such terms are defined and delimited by regulations of the Administrator); or

(b) Any employee engaged in any retail or service establishment the greater part of whose selling or servicing is in intrastate commerce; or

(c) Any employee employed as a seaman; or

(d) Any employee of a carrier by air subject to the provisions of title II of the Railway Labor Act; or

(e) Any employee employed in the catching, taking, harvesting, cultivating, or farming of any kind of fish, shellfish, crustacea, sponges, seaweeds, or other aquatic forms of animal and vegetable life, including the going to and returning from work and including employment in the loading, unloading, or packing of such products for shipment or in propagating, processing, marketing, freezing, canning, curing, storing, or distributing the above products or byproducts thereof; or

(f) Any employee employed in agriculture; or

(g) Any employee to the extent that such employee is exempted by regulations or orders of the Administrator issued under section 14 (which permits the issue of regulations and certificates allowing learners, apprentices, messengers and individuals whose earning capacity is impaired by age, physical or mental deficiency, or injury to be employed for lower wages than those prescribed by section 6); or

(h) Any employee employed in connection with the publication of any weekly or semiweekly newspaper with a circulation of less than three thousand the major part of which circulation is within the county where printed and published; or

(i) Any employee of a street, suburban, or interurban electric railway, or local trolley or motor bus carrier; or

(j) To any individual employed within the area of production (as defined by the Administrator), engaged in handling, packing, storing, ginning, compressing, pasteurizing, drying, preparing in their raw or natural state, or canning of agricultural or horticultural commodities for market, or in making cheese or butter or other dairy products; or

(k) Any switchboard operator employed in a public telephone exchange which has less than five hundred stations.

§ 809.932 *Regulations of the Administrator.* The act provides that the Administrator shall by regulation define certain terms used in the Act and may grant certain exemptions from its provisions. Regulations issued by the Administrator, as revised from time to time, should be consulted in these respects.

§ 809.933 *Liability of employer.* Any employer who violates the provisions of section 6 or 7 of the act is liable to the employee or employees affected in the amount of their unpaid minimum wages, or their unpaid overtime compensation, and in an additional equal amount as liquidated damages; and, in the event the employee institutes suit therefor, the costs of the action and a reasonable attorney's fee as allowed by the court. Violations also may be restrained by injunction and may subject the employer to criminal penalties.

§ 809.934 *Reimbursement of cost-plus-a-fixed-fee contractors for payments in accordance with the act.* Minimum wages and overtime payments paid currently in accordance with the act are reimbursable to cost-plus-a-fixed-fee contractors as labor costs. Cost-plus-a-fixed-fee contractors also may be reimbursed, in proper cases, amounts paid in settlement of claims for overtime subsequently asserted by his employees. (See § 809.935–2 for the administrative procedure to be followed in respect of such of said subsequently asserted claims are made the subject of an investigation

by the Administrator and § 811.1120–3 for the administrative procedure to be followed to determine the position of the Government in suits for such claimed overtime brought against cost-plus-a-fixed-fee contractors.) Attention is called to the Comptroller General's decision of December 15, 1943 (B–38642, 23 Comp. Gen. 439) to the effect that amounts paid in settlement of such claims may be reimbursed even though the settlements necessitated a compromise of disputed questions of law or fact: *Provided*, That such settlements are in amounts less than the total amounts (including liquidated damages, court costs and attorneys fees) which would be required to be paid in the event the employee sued and obtained judgment and that it is administratively determined that the settlement in each instance was fully warranted as being in the best interest of the Government. Vouchers covering such payments should be supported by evidence setting forth the basis for such administrative determination and any questions of law with respect to the application of the act should be determined by the contracting officer only after thorough consideration has been given the matter by competent Government attorneys or by private attorneys engaged to represent the contractors if the former are not available, and a showing to that effect should also be made a part of the evidence submitted with the vouchers.

§ 809.935 *Investigations and inspections.*

§ 809.935–1 *Investigations and inspections of records by the Administrator.* Each employer subject to the act or any order issued thereunder must make and preserve such records of the persons employed by him and of the wages, hours and other conditions and practices of employment maintained by him, and make such reports therefrom, as the Administrator shall prescribe by regulation or order as necessary or appropriate for the enforcement of the provisions of the act or his regulations or orders thereunder. The act provides that the Administrator or his designated representatives may investigate and gather data regarding the wages, hours and other conditions and practices of employment in any industry subject to the act and may enter and inspect such places and such records, question such employees and investigate such facts, conditions, practices or matters as he may deem necessary or appropriate to determine whether any person has violated any provision of the act, or which may aid in the enforcement of the provisions of the act.

§ 809.935–2 *Investigations of cost-plus-a-fixed-fee contractors.* (a) The Under Secretary of War, by memorandum dated December 15, 1943 to the Commanding Generals of the Army Air Forces and the Army Service Forces, has directed, with respect to investigations of cost-plus-a-fixed fee contractors of the War Department, that: To the extent consistent with security and other regulations governing admission of visitors to plants and projects, representatives of the Administrator should be accorded access to the facilities and records of War Department contractors for the purpose of making investigations to determine applicability of and compliance with the act. Investigations will be conducted at such time and in such manner as to interrupt or interfere least with operations. They should be confined wherever possible to the inspection of records in the office of the contractor. Inspections of the areas in the facility where construction or production is in progress will be held to a minimum. Necessary interviewing of employees should, wherever possible, be conducted outside work hours or at such other times as will interfere least with construction or production operations.

(b) The Administrator has stated that his investigators will advise cost-plus-a-fixed-fee contractors approximately one week before they plan to arrive at the project to make an investigation under the act. The War Department representative at the plant will see that the investigation is conducted in accordance with such directive of the Under Secretary of War.

(c) If the Administrator is of the opinion that any such investigation discloses violation of section 6 or 7 of the act, he will transmit a report of the investigation to the Director, Industrial Personnel Division, Headquarters, Army Service Forces, who will transmit it to the appropriate technical service. The technical service will cause the matter to be examined into and, if such examination confirms such violation, will advise the contractor to take appropriate steps to comply with the law. The technical service promptly will report to the Director, Industrial Personnel Division, Headquarters, Army Service Forces, as to its examination into the matter and as to the action taken. If the question as to whether a violation exists depends upon a construction of a provision of the act which has not been construed by the courts or under the procedure provided in the agreement referred to in § 811.1120–3, the Judge Advocate General will be consulted as to the construction to be followed.

SUBPART G—OVERTIME WAGE COMPENSATION

§ 809.940 *Executive order.* Executive Order No. 9240, dated September 9, 1942 (7 F.R. 7159) with Section V as amended by Executive Order No. 9248, dated September 17, 1942 (7 F.R. 7419), reads as follows:

WHEREAS many labor organizations have already adopted the patriotic policy of waiving double time wage compensation or other premium pay for work on Saturday, Sunday and holidays, as such, for the duration of the war; and

WHEREAS it is desirable and necessary in the prosecution of the war, and to insure uniformity and fair treatment for those labor organizations, employers, and employees who are conforming to such wage policies that this principle be universally adopted:

NOW, THEREFORE, by virtue of the authority vested in me by the Constitution and the statutes, as President of the United States and as Commander in Chief of the Army and Navy, it is hereby ordered:

I. That the following principles and regulations shall apply for the duration of the war to the payment of premium and overtime wage compensation on all work relating to the prosecution of the war:

A. No premium wage or extra compensation shall be paid to any employee in the United States, its territories or possessions, for work on Saturday or Sunday except where such work is performed by the employee on the sixth or seventh day worked in his regularly scheduled workweek and as hereinafter provided.

(1) Where because of emergency conditions an employee is required to work for seven consecutive days in any regularly scheduled workweek a premium wage of double time compensation shall be paid for work on the seventh day.

(2) Where required by the provisions of law or employment contracts, not more than time and one-half wage compensation shall be paid for work in excess of eight hours in any day or forty hours in any workweek or for work performed on the sixth day worked in any regular scheduled workweek.

B. No premium wage or extra compensation shall be paid for work on customary holidays except that time and one-half wage compensation shall be paid for work performed on any of the following holidays only:

New Year's Day
Fourth of July
Labor Day
Thanksgiving Day
Christmas Day

and either Memorial Day or one other such holiday of greater local importance.

II. All Federal departments and agencies shall conform the provisions in all existing and future contracts negotiated, executed, or supervised by them to the policies of this order. All such departments and agencies shall immediately open negotiations to alter provisions in existing contracts to conform them to the requirements of this order.

III. Nothing in this order shall be construed as requiring a modification of the principle that every employee should have at least one day of rest in every seven days. The continuous operation of plants and machines in prosecuting the war does not require that employees should work seven consecutive days.

IV. Nothing herein shall be construed as superseding or in conflict with the provisions of the statutes prescribing the compensation, hours of work and other conditions of employment of employees of the United States.

V. All Federal departments and agencies affected by this order shall refer to the Secretary of Labor for determination questions of interpretation and application arising hereunder. In any industry or occupation in which the Secretary finds that a wage stabilization agreement approved by a Government department or agency is operating satisfactorily, or in any industry or occupation in which the Secretary finds that the nature and exigencies of operations make such action necessary or advisable for the successful prosecution of the war, the Secretary may determine that any or all of the provisions of this order shall not apply to such industry or occupation or to any classes of employees therein.

VI. The provisions of this order shall become effective October 1, 1942.

FRANKLIN D ROOSEVELT

§ 809.941 *Elimination of inconsistencies through amendment of contracts; nonreimbursement, etc.* By memorandum dated September 17, 1942, (See ASF Cir. No. 65, 1942) the Under Secretary of War acting jointly with the Under Secretary of the Navy and the Chairman of the Maritime Commission, issued instructions reading in part as follows:

2. Wherever any contract of the War Department, the Navy Department, or the Maritime Commission contains a provision which requires the payment of overtime or premium wages in a manner inconsistent with the provisions of Executive Order No. 9240, contracts will be amended to eliminate such inconsistency for the period beginning October 1, 1942, and no future contract will contain any such inconsistent provision. It is not required that any amendment be made of the usual contract articles included with respect to the provisions of the Walsh-Healey Act, the Eight Hour Law, and the Fair Labor Standards Act of 1938, all as amended.

3 On and after October 1, 1942, no reimbursement of cost will be made under any cost-plus-a-fixed-fee contract nor will any recognition be given for inclusion in the case of Navy so called 'price-minus' contracts, of any cost which represents the payment of premium or overtime compensation at rates or under circumstances which are not permitted by the foregoing order.

§ 809.942 *Interpretations of the order.* Prior to February 17, 1943, the Secretary of Labor issued various interpretations of Executive Order 9240 which were formerly incorporated in these procurement regulations. On February 17, 1943, the Secretary of Labor issued "Interpretative Bulletin No. 1 of Executive Order 9240." This bulletin contains the official interpretations of the order, effective March 1, 1943. It supersedes the former interpretations. The bulletin interpretations are set forth in the following sections. As additional interpretations are issued, this subpart will be amended to include such interpretations. All of the earlier interpretations have been deleted, although payments made prior to March 1, 1943, pursuant to these earlier interpretations should be considered to have been in compliance with the order.

§ 809.942–1 *Basic purposes of the order as stated by the Secretary of Labor.* The order was designed (a) to facilitate round-the-clock war production, (b) to discourage absenteeism found to have resulted from the practice of paying premium rates for particular days as such, and (c) to assure, in the interest of efficiency and health, observance of the principle that workers should have at least one day of rest in each week.

§ 809.942–2 *Work to which order is applicable.* The order went into effect October 1, 1942. By its terms it applies to "all work relating to the prosecution of the war." This is interpreted to mean all work performed by prime contractors on Government war contracts, by their subcontractors, and those who make the materials and supplies necessary for the performance of such contracts and subcontracts. The order was intended to extend to enterprises which are engaged in producing, processing, mining, or manufacturing products used by the Government in the prosecution of the war or products used by a Government contractor or subcontractor in the manufacture of war products. Enterprises which provide public transportation or communication facilities, storage, distribution, or warehousing facilities, are not covered by the order. Accordingly, employees of railroads, air lines, bus lines, trucking lines or other common or contract carriers, seagoing personnel, longshoremen, dock workers, and similar waterfront workers, are not within the scope of the order. Employees of telephone and telegraph companies and radio stations, engaged in the normal communication operations of such companies, as well as employees of newspapers, magazines, and other periodicals which disseminate general information to the public at large are also excluded. Employees of power and light, water, gas and other public utility companies which merely furnish power and other facilities to the general public are not covered even though some of their output is supplied to war contractors. On the other hand, a power plant operated, for example, by a war manufacturer furnishing power or light, or other services to the factory would properly be regarded as a plant facility and would be subject to the order. Also firms engaged exclusively in distribution which do not process any war products would not be covered. Accordingly, employees of wholesalers, retailers, storage warehouses and brokers would be exempt if their employers are not engaged in any processing activity. Agricultural workers and employees of Federal or State Governments, and political subdivisions thereof, are not subject to the order.

§ 809.942–3 *Classes of employees to which order is applicable.* The order should be applied on the basis of operations carried on in an individual plant. Therefore, if a particular plant is engaged in war work which is within the scope of coverage, the entire plant would be subject to the order, including production, clerical, and maintenance employees. In cases where an employer in a particular plant, is engaged both in the production of war goods and in noncovered work the order would apply to the entire plant in the absence of segregation. If an employee works an entire workweek exclusively in noncovered production, and his duties do not contribute or relate to work which is subject to the order, such an employee would not be covered by the order for that week. On the other hand, if that employee works a portion of a week in the performance of any function contributing to the production of war goods, he would be subject to the order for the entire workweek. The burden of establishing segregation is upon the employer. The order would apply to any employee engaged in covered work if his compensation is customarily or by requirements of applicable statutes or agreements related to the number of hours worked in a day or the number of days worked in a week.

§ 809.942–4 *Saturday and Sunday work.* Paragraph I A of the order prohibits premium wages or extra compensation for work performed on Saturday or Sunday as such, that is, for work performed on either of those days without reference to the number of hours or days previously worked in the workweek. Any attempt to clothe any other day in the workweek with the status of a premium day, as such, would be contrary to the order.

§ 809.942–5 *Double time for seventh day.* Paragraph I A (1) of the order requires the payment of double time for work on the seventh consecutive day worked in any regularly scheduled workweek. Under this requirement double time may be paid only if all 7 days fall within the same workweek. Double time for work performed on the seventh day should be computed at twice the straight-time rate paid for work on that day or twice the average straight-time hourly rate for the workweek, whichever is the customary method of computing overtime compensation. The employer's records should indicate which method is adopted.

§ 809.942–6 *The workweek.* A workweek consists of 7 successive days (see § 809.942–7) starting on the same calendar day each week. This is definition of a workweek under the Fair Labor Standards Act and is generally accepted by industry. The workweek may be established for the whole plant, for particular employees, or for any subdivision of the plant. The beginning of the workweek may be changed if not intended to evade the requirements of the order. The order does not call for or require any particular work or shift schedule nor does it prescribe the days or hours on which work is to be performed. It is of course highly desirable that work schedules be posted in advance, thus enabling employees to know upon what days work will be required of them.

§ 809.942–7 *The work day.* The order is to be applied on a 24-hour day basis. A 24-hour period may be established as the workday for the plant or for particular employees or departments, *Provided* such an arrangement is not designed to evade the purposes of the order. In the event no particular 24-hour period is established as the workday, the calendar day (i. e., from midnight to midnight) shall be considered as the workday. Thus, work on an established workday regardless of the number of hours worked would, for the purpose of the order, be considered as 1 day of work.

§ 809.942–8 *Exceptions as to work day.* Certain exceptions to this rule must be recognized. At times a shift may cut across 2 workdays. Only 1 of the 2 days is to be counted as a day worked, and that is the day on which the shift starts. Where an employee on particular occasions works beyond his normal shift and thereby works into the next workday, such excess hours should not be regarded as an additional day. However, if the employee continues to work into his day of rest to the extent of one-half his normal shift or is called back to work on his day of rest, that day must be counted as a day of work.

§ 809.942–9 *Effect of the order on applicable statutes and employment contracts.* Such provisions of employment contracts as are in conflict with the order are to that extent modified thereby. Employment contracts or agreements as those terms are used herein include practices established by custom or usage. Paragraph I A (2) contemplates that applicable statutes such as the Fair Labor Standards Act and the Walsh-Healy Act, or employment agreements

which provide for overtime at time and one-half on a daily or weekly basis or for the sixth day of work in a regularly scheduled workweek, shall not be disturbed by the provisions of the order. Therefore, in situations where applicable laws or employment agreements require time and one-half for overtime worked in excess of 8 hours per day or 40 hours per week, the order permits the payment of time and one-half for such overtime. Likewise, where an employment contract requires time and one-half compensation for the sixth day worked in a regularly scheduled workweek, the order permits such premium pay. If overtime compensation for hours in excess of 8 per day or 40 per week, or for the sixth day worked is not required by applicable statutes or employment agreements, nothing in the order requires the payment of such premium rates.

§ 809.942–10 *Contracts for premium pay unrelated to work on particular days as such.* It is not the purpose of the order to disturb employment contracts which contain provisions for extra compensation for onerous work, night work, or emergency work (i. e., work resulting from a sudden condition calling for immediate action); which extra compensation is in no way related to premium pay for work on Saturday, Sunday, or particular days as such. Accordingly, the order would not invalidate contracts, practices, or customs calling for more than time and one-half for hours in excess of 12 on a shift since such work is ordinarily regarded as particularly onerous. Likewise, the order would not invalidate contracts calling for premium pay for "call-in work" where the employee is summoned to duty outside his regular work schedule, and such premium rates are unrelated to work on Saturday, Sunday, or any other day as such. Furthermore, the order does not prevent the payment of shift wage differentials or bonuses, or attendance bonuses, where such payments are not in fact related to work performed on Saturday, Sunday, or particular days, as such.

§ 809.942–11 *Holidays; choice of sixth holiday.* Paragraph I B of the order has two requirements: (a) It requires time and one-half for work on the 6 holidays enumerated in the order, and (b) it forbids payment of any premium wage or extra compensation for work on any other holidays as such. A choice is afforded between Memorial Day and any other holiday of greater local importance. Failure to select a substitute holiday leaves Memorial Day as the sixth holiday under the order. The holiday chosen as a substitute for Memorial Day need not be the same holiday each year but only 6 holidays may be paid for at premium rates in the 12-month period beginning October first.

§ 809.942–12 *Holidays; computation of premium pay.* The order requires that time and one-half compensation be paid for work on designated holidays but forbids payment in excess of time and one-half. Thus, if the wages of an employee include compensation for a holiday although not worked, the additional amount which must be paid under the order for work performed on that holiday is limited to such amount, as brings the total compensation for the day to time and one-half. Compensation for work performed on a holiday should be computed at one and one-half times the straight-time rate paid for work on that day or one and one-half times the average straight-time hourly rate for the workweek, whichever is the customary method of computing overtime compensation. The employer's record should indicate which method is adopted.

§ 809.942–13 *Holidays; inclusion of holidays in computing sixth and seventh days.* For purposes of computing the seventh day of work in a workweek under the order, the designated holidays must be included in the count whether or not work is performed on such days. An idle holiday should be included in computing the sixth day worked in the workweek unless the employment contract specifies otherwise.

§ 809.942–14 *Holidays; determination of what constitutes work on holidays.* Insofar as the order requires payment of time and one-half for work on the designated holidays, it means payment of time and one-half for the hours worked on the calendar holiday, namely, hours worked between midnight at the beginning of the holiday and midnight at the close of the holiday. However, in order to give all employees equal benefit of the holiday, it is permissible to compensate employees at time and one-half for all hours worked on a shift, some part of which cuts across the calendar holiday. It is not permissible to pay the time and one-half holiday rate for more than one shift in a situation in which the employee works two shifts, both of which cut across the calendar holiday. However, employees must be paid time and one-half for at least all the hours worked on the calendar holiday. If one of the designated holidays falls on Sunday, either Sunday or Monday may be observed as the holiday, but not both.

§ 809.942–15 *Holidays; not worked.* There is no provision in the order relating to compensation on holidays not worked.

§ 809.942–16 *Holiday pay not offset against other premium pay.* The time and one-half premium pay required for work on the 6 holidays designated in the order may not be offset or credited against overtime or premium pay required for any other day or portion of the workweek by virtue of this order or applicable statute, such as the Fair Labor Standards Act, the Walsh-Healey Act, or the Federal Eight-Hour Law, but whether holiday premium pay can be credited against overtime compensation due under a contract for other hours depends on the terms of the contract. For example, an employee works 6 days of 8 hours each or a total of 48 hours in a workweek. The second day is one of the designated holidays and the 8 hours worked on that day must be paid for at time and one-half. This premium pay may not be credited or offset against the time and one-half required by statute for hours over 40 during that week. Both must be paid.

§ 809.942–17 *Seventh day pay not offset against other premium pay.* Similarly, the double time required for the seventh consecutive day worked in the workweek may not be offset or credited against overtime or premium pay required for any other day or portion of the workweek by the order or existing law. Thus, if in the example in § 809.942–16, the employee works an additional or seventh consecutive day in the same workweek, he must receive double time for that day. This double time may not be offset or credited against the holiday premium pay in this example, nor against the time and one-half due for the hours worked in excess of 40 prior to the seventh day.

§ 809.942–18 *Pyramiding not permitted of overtime or premium rates on a particular day.* On the other hand, it is contrary to the purposes of the order to allow the pyramiding of overtime or premium rates on a particular day. Thus, double time and no more may be paid for work on the seventh consecutive day worked in the workweek even though, by virtue of the employment contract or applicable statute, the hours worked on that day may exceed 8 or are in excess of 40 for the workweek or otherwise call for overtime rates of pay. For example, an employee works all 7 days of the workweek, 8 hours each day. The hours worked on the seventh day call for time and one-half under the Fair Labor Standards Act and double time under the order. The two premium rates may not be pyramided—only double time may be paid for work on that day. The same is true even though the employee works over 8 hours on the seventh day, which excess hours may also call for time and one-half. Also, since the order limits premium pay for the designated holidays to time and one-half, it would be contrary to the order to pyramid the holiday rate and the weekly overtime rate required, for example, by the Fair Labor Standards Act, in cases where the holiday itself consists of hours in excess of 40 for the week. For example, the employee works 6 days of 8 hours each. The hours worked on the last day call for time and one-half under the Fair Labor Standards Act. The last day is also a holiday designated in the order. The order limits pay on that day to time and one-half. For the same reason, where the holiday coincides with the sixth day worked in the workweek, which day by contract may also call for time and one-half, the order prevents the pyramiding of the two overtime rates. Likewise, not more than time and one-half may be paid for work on the sixth day worked in the workweek even though the hours worked on that day may be in excess of 8 for the day or 40 for the week. Even though the hours worked on the holiday in excess of 8 require time and one-half under the Walsh-Healey Act, the order limits the amount of compensation to time and one-half and prevents the pyramiding of overtime rates on the hours worked in excess of 8.

§ 809.942–19 *Absences; full days of absence.* (a) If an employee is absent for all of one of more days, such days are not to be included in computing the seventh day. The only two exceptions to this rule are a designated holiday on which no work is performed and the case where an employee reports with the reasonable expectation of work and is sent home because of a lack of work or other reason beyond his control. Such days should be counted in computing the seventh consecutive day.

(b) With respect to the inclusion of full days of absence for the purpose of determining whether a sixth day has been worked, the answer is to be found in the prevailing custom, practice, or agreement, in the plant. However, the counting of days of absence merely for the purpose of evading the prohibition in the order against premium pay for Saturday and Sunday work as such would be in contravention of the terms of the order.

§ 809.942–20 *Absences for parts of workdays.* (a) The order does not require that any particular number of hours be worked in a day for that day to be regarded as a day worked under the order.

(b) Where an employee is absent for part of a workday for a justifiable reason, the day must be counted as a day worked for the purpose of computing the seventh day of work in the workweek. Since one of the basic purposes of the order is to discourage absenteeism, days on which an employee does not work his full schedule but absents himself for a portion of the day without justifiable cause should not be counted in computing the seventh day. It is permissible, however, for the employer to allow the employee to make up the time lost by such voluntary absence during the subsequent days of the workweek, and be compensated at the rate of double time on the seventh day of the workweek for hours worked on that day. However, double time may be paid on the seventh day only for those hours worked after the time lost has been made up by the employee.

(c) In computing the sixth day worked in the workweek, the question as to inclusion of days on which the employee has been absent for a portion of the day may be determined by the prevailing custom, practice, or agreement in the plant, provided days are not counted merely for the purpose of evading the prohibitions against premium pay for Saturday and Sunday, as such.

§ 809.942–21 *Relationship of Executive Order 9240 to 9250.* Payments required or forbidden by the terms of Executive Order 9240 do not, in the opinion of the Secretary of Labor, as stated in Interpretative Bulletin No. 1, require approval of the WLB as wage increases or decreases under the terms of Executive Order 9250. In situations where changes in the wage structure or premium rates are permitted but not required by Executive Order 9240, the procedures for the approval of wage increases as stated in Subpart H of this part should be followed before such changes are initiated by the employer.

§ 809.942–22 *National War Labor Board approval requirements for premium pay on sixth day of workweek.* On May 31, 1943, the National War Labor Board adopted a resolution to the effect that, where, pursuant to the terms of a collective bargaining agreement, or the custom and practice in a plant, a premium rate or extra compensation was regularly paid, prior to October 1, 1942, for services performed on Saturday, as such, not more than time and one-half premium wage compensation may be paid without the approval of the National War Labor Board, for services performed on the sixth day of work in the regularly scheduled workweek, in accordance with the provisions of Executive Order 9240.

§ 809.943 *Exceptions to Executive Order 9240.*

§ 809.943–1 *Shipbuilding stabilization agreement.* The Secretary of Labor on February 25, 1943, pursuant to Executive Order 9248, issued an order determining that the provisions of Executive Order 9240 shall not apply after March 2, 1943, to the shipbuilding and ship repair industry.

The Secretary's order is based on a finding that the Zone Standards Agreements for the Shipbuilding and Ship Repair Industry, and the Pacific Coast Repair Agreements, approved by the Government departments and agencies concerned with shipbuilding and ship repair work, are operating satisfactorily to stabilize overtime practices in the industry. The exemption is not limited, however, to companies which are parties or subject to these wage stabilization agreements, but is applicable to the entire shipbuilding and ship repair industry.

The shipbuilding and ship repair industry, for the purposes of the Secretary's order, includes generally construction, conversion, outfitting, and repair of any floating marine structures, including floating drydocks. Many preliminary processes and the manufacture of many parts and products which are eventually used in the building of a ship are, however, not included. For example, the manufacture of prefabricated parts in steel mills or sawmills is not included in the industry.

The construction, conversion, outfitting, and repair activities which are considered within the shipbuilding and ship repair industry are those which are performed in the water, in drydocks, in basins, on ways for launching, or on the premises of a shipyard or boatyard. The exemption covers all employees of companies which are engaged in such activities, including maintenance, clerical and technical employees, and including also employees who may be assigned to work away from the shipyard such as draftsmen employed by the shipyard and temporarily stationed in the office of an independent drafting concern, working on plans for the shipyard. However, employees of "uptown shops" are not within the exemption.

§ 809.943–2 *Building trades stabilization agreement.* (a) Except as indicated in paragraph (b) below, work on construction projects subject to the Wage Stabilization Agreement for the Building and Construction Trades Industry engaged in War Construction (July 1941) is exempted from the provisions of Executive Order 9240. The Agreement is entitled "Memorandum of Agreement between the Representative of Government Agencies Engaged in Defense Construction and the Building and Construction Trades Department of the American Federation of Labor." (See Order, Secretary of Labor, September 30, 1942.)

(b) On May 22, 1943, the Secretary of Labor determined that for the duration of the war, paragraph 1 (B) of Executive Order 9240, which recognizes the following six holidays only: New Year's Day, Fourth of July, Labor Day, Thanksgiving Day, Christmas Day, and Memorial Day, and requires compensation at the rate of time and one-half for work performed on such holidays, applies to work on construction projects which is subject to the Wage Stabilization Agreement for the Building and Construction Industry: *Provided*, That the clause in the Executive order permitting the substitution of one holiday of greater local importance than Memorial Day does not apply to such work. (See Determination, Secretary of Labor, May 22, 1943.)

(c) While work covered by the Building Trades Stabilization Agreement has been exempted from the order, the holiday provisions of the order (paragraph I (B)) have been incorporated in the Stabilization Agreement by resolution of the Board of Review, which performs the function of administering the Stabilization Agreement. (Interpretative Resolution No. 2 of the Board of Review passed on November 10, 1942.)

§ 809.943–3 *Sugar processing industry.* The Secretary of Labor on March 24, 1943, pursuant to Executive Order 9248, issued an order determining that in the case of an employer engaged in the processing of sugar beets or sugar cane into sugar (but not refined sugar) or into syrup, the provisions of section 1A(1) of Executive Order 9240 (requiring the payment of double time compensation on the seventh consecutive day of a regularly scheduled workweek) shall not apply to his employees in any place of employment where he is so engaged.

§ 809.943–4 *Fish processing industry.* The Secretary of Labor on April 24, 1944, pursuant to Executive Order 9248, issued an order determining that the provisions of Executive Order 9240 shall not apply to employees engaged in the processing of fish, including the canning and reduction thereof, and operations incidental thereto, in the United States, its territories, and possessions.

§ 809.943–5 *Fruit and vegetable packing and canning industries.* The Secretary of Labor on August 25, 1943, pursuant to Executive Order 9248, issued an order determining that in the case of an employer engaged in the first processing of, or in canning or packing, perishable or seasonal fresh fruits and vegetables, the provisions of Executive Order 9240 shall not apply to his employees in any place of employment where he is so engaged.

§ 809.943–6 *Milk processing industry.* The Secretary of Labor on October 22, 1943, pursuant to Executive Order 9248, issued an order determining that in the case of an employer engaged in the first processing of milk, whey, skimmed milk, or cream into dairy products, the provisions of Executive Order 9240 shall not apply to his employees in any place of employment where he is so engaged.

§ 809.944 *Future interpretations.* Section V of Executive Order No. 9240, as amended, requires that all questions regarding its interpretations and application be referred to the Secretary of Labor. Such questions requiring action by the Secretary of Labor, insofar as they are posed by representatives of the War Department, will be directed, through channels, to the Director, Industrial Personnel Division, Headquarters, Army Service Forces, who will take any necessary steps to obtain such interpretations in appropriate cases. The Director, Industrial Personnel Division, will clear with the Director, Purchases Division, all such questions relating to contracting or procurement procedure. Interpretations of Executive Order 9240, made by the Secretary of Labor from time to time will be promptly forwarded to the chiefs of technical services, and will be summarized for inclusion in this subpart. Auditors, finance officers, and other persons reviewing War Department vouchers and payments will present to the Director, Industrial Personnel Division, through the Office of the Fiscal Director, Headquarters, Army Service Forces, all requests for instructions as to the application of the Executive order to fiscal matters.

§ 809.944–1 Requests for interpretations will be prepared in the following form and submitted in triplicate:

(a) A brief statement of the question for which interpretation is requested.

(b) A statement as to the person, official, department, or organization requesting the interpretation.

(c) Any facts or comments which are necessary for interpretation. These comments should not exceed one or two paragraphs.

SUBPART H—WAGE AND SALARY STABILIZATION

§ 809.950 *General.*

§ 809.950–1 *Scope of subpart.* This subpart deals with the national wage and salary stabilization program. The Stabilization Act of 1942, as amended (sometimes hereinafter referred to as "the Act"), authorizes and directs the President, among other things, and subject to certain limitations, (a) to issue a general order stabilizing wages and salaries affecting the cost of living on the basis, unless otherwise provided, of the levels which existed on September 15, 1942, and (b) generally to provide for the making of adjustments with respect to wages and salaries "to aid in the effective prosecution of the war or to correct gross inequities." By Executive Order No. 9250 and other directives, the President, with respect to the stabilization program, has (1) established policies, (2) defined certain functions of the National War Labor Board, and (3) delegated certain powers and responsibilities to the Economic Stabilization Director (sometimes hereinafter referred to as "the Director"). Some of these powers and responsibilities of the Director have been re-delegated by him to the National War Labor Board, the Commissioner of Internal Revenue and the War Food Administrator (sometimes hereinafter referred to respectively as "the Board", "the Commissioner", and "the Administrator"). The Board and the Commissioner, in turn, have authorized other agencies, in certain cases, to exercise their functions with respect to the stabilization program in the first instance, subject to their review. The succeeding sections discuss the broader aspects of the program and indicate, to the extent deemed of interest to War Department personnel, the functions of various agencies having jurisdiction with respect thereto. Contracting officers should be reasonably familiar with the program. However, since contracting and disbursing officers are not authorized to determine whether particular payments of wages and salaries by War Department contractors violate wage and salary stabilization policy (see §§ 809.961 and 809.962), no attempt is made in these procurement regulations to set forth in detail the various rules, regulations, orders and interpretations which have been promulgated pursuant to the act.

§ 809.950–2 *Applicable statutes, orders, regulations and rulings.* Statutes, orders, regulations and rulings respecting the stabilization program include the Stabilization Act of 1942 (entitled An Act to Amend the Emergency Price Control Act of 1942, to Aid in Preventing Inflation, and for Other Purposes), as amended by the Public Debt Act of 1943 and by the Stabilization Extension Act of 1944, the War Labor Disputes Act (relating to labor disputes which may lead to substantial interference with the war effort, to government operation of facilities under certain circumstances, and to other matters), Executive Order No. 9250 (wage stabilization order), Executive Order No. 9299 (regulations and procedure with respect to wage and salary adjustments for employees subject to the Railway Labor Act), Executive Order No. 9328 (supplemental stabilization order, the "hold-the-line" order), Executive Order No. 9370 (enforcement of orders of the Board), the regulations of the Director, the Director's policy directive of May 12, 1943, and the regulations, rulings, orders and interpretations of the various agencies having jurisdiction with respect to the stabilization program.

§ 809.950–3 *Where information may be obtained.* Any questions relating to the stabilization program may be addressed by the chiefs of the technical services to the Industrial Personnel Division, Headquarters, Army Service Forces, Washington 25, D. C. In addition, pursuant to a joint statement of the Board and the Commissioner, reliable advice relating to the national stabilization policy may be obtained from the Regional War Labor Boards (§ 809.990) and the regional offices of the Bureau of the Internal Revenue (§ 809.992).

§ 809.950–4 *Definition of wages and salaries.* For the purposes of the stabilization program, salaries and wages have been defined by the agencies charged with its administration to include all forms of direct or indirect remuneration to an employee or officer for work or personal services performed for an employer or corporation, including but not limited to bonuses, additional compensation, gifts, commissions, fees, and any other remuneration in any form or medium whatsoever (excluding insurance and pension benefits in a reasonable amount as determined by the Director). "Salaries" means remuneration for personal services computed on a weekly, monthly, annual or other comparable basis, except a wage basis. "Wages" means remuneration for personal services computed on an hourly or daily basis, a piece-work basis, or other comparable basis.

§ 809.951 *Increases and decreases in wages and salaries under the stabilization program.*

§ 809.951–1 *General.* Generally (a) no increases or decreases in wage rates (regardless of whether required by the terms of any labor agreement), (b) no increases in salaries, and (c) no decreases in salaries (if below $5,000 or if the effect of the decrease is to reduce the salary below $5,000 per annum) shall be made without the approval of the appropriate agency having jurisdiction with respect thereto (§§ 809.952–809.958). Exceptions to this requirement of approval have been made (e. g. in the case of certain employers of eight people or less), limitations have been set within which approvals may be granted, and certain increases and decreases which may be made without the specific approval of the appropriate agency in the particular case have been defined. Sections 809.951–2 to 809.951–5, inclusive, contain a general summation of the limitations upon increases and decreases in wages and salaries under the stabilization program. For further details and for a statement of the exceptions and of the increases and decreases which may be made without specific approval, heretofore mentioned, reference is made to the regulations, rulings and orders of the agencies charged with the administration of the program.

§ 809.951–2 *Limitations on wage and salary increases*—(a) *Policy.* Existing policy as to wage and salary increases (insofar as those within the jurisdiction of the Board or the Commissioner as hereinafter set forth are concerned) is expressed in § 4001.11 of the regulations of the Director as supplemented by the Director's Policy Directive of May 12, 1943 and Policy Directive on "Fringe" Adjustments of March 8, 1945. This policy may be summarized as follows:

(1) No increase in wages or salaries shall be authorized by the Board or the Commissioner, as the case may be, except in the following cases:

(i) Such increases as are clearly necessary to correct substandards of living;

(ii) Such wage or salary readjustments as may be deemed appropriate and may not have heretofore been made to compensate, in accordance with the "Little Steel Formula" (see paragraph (b) of this section), for the rise in the cost of living between January 1, 1941 and May 1, 1942;

(iii) Salary and wage adjustments necessary to adjust salaries or wages up to the minimum of the tested and going rates paid for comparable work in the same or most nearly comparable plants or establishments in the same labor market, except in rare and unusual cases in which the critical needs of war production require the setting of a wage or salary at some point above the minimum of the going wage or salary bracket;

(iv) Reasonable adjustments in wages or salaries in case of promotions, reclassifications, merit increases, incentive wages or the like: *Provided*, That such adjustments do not increase the level of production costs appreciably or furnish the basis either to increase prices or to resist otherwise justifiable reductions in prices. (The Board may approve or direct certain such adjustments irrespective of such proviso in accordance with the Director's Policy Directive on "Fringe" Adjustments of March 8, 1945).

(2) No increase in a salary rate approved by the Commissioner shall increase the level of production costs appreciably, or furnish the basis either to increase prices or to resist otherwise justifiable reductions in prices or furnish the basis of further wage or salary increases.

(3) In connection with the approval of wage or salary adjustments necessary to eliminate substandards of living or to give effect to the Little Steel Formula or in connection with the adoption of a longer workweek, there may be approved wage or salary adjustments for workers in immediately interrelated job classifications to the extent required to keep minimum differentials between immediately interrelated job classifications necessary for the maintenance of productive efficiency. Such adjustments are to be tapered off rigorously in application to higher job classifications so as to apply only in those classifications and only to the extent necessary for productive efficiency in the interrelated job classifications.

(b) *Little Steel formula.* This formula has been adopted by the Board for application generally in the case of wage increases for a group of employees. Under the formula, the Board will consider requests for general increases in straight-time wage rates up to 15 percent above the level prevailing on January 1, 1941. Thus a terminal point for general wage increases is set. The formula is usually not applicable to individual workers or to employees in particular job classifications. It will normally be applied only to groups composed of all employees in a bargaining unit, in a plant, a company or an industry, depending upon the circumstances of each case.

§ 809.951–3 *Limitations on decreases in salaries of less than $5,000.* In the case of a salary rate existing as of the close of October 3, 1942, or thereafter approved, under which an employee is paid a salary of less than $5,000 per annum for any particular work, generally no decrease shall be made by the employer below the highest salary rate paid for such work in the local area between January 1, 1942, and September 15, 1942, unless to correct gross inequities or to aid in the effective prosecution of the war. In either such event, approval of the decrease must be obtained from the appropriate agency. The words "for any particular work" as used in this section refer to the particular work of the particular employee and not merely to a particular type of work.

§ 809.951–4 *Limitations on decreases in salaries of over $5,000.* In the case of a salary rate existing as of the close of October 3, 1942, or thereafter approved, under which an employee is paid a salary of $5,000 or more per annum, decrease may be made without approval: *Provided*, That if by virtue of such decrease the new salary paid is less than $5,000 per annum, then the validity of the decrease below $5,000 shall be determined as set forth in § 809.951–3.

§ 809.951–5 *Limitations on decreases in wages.* The Board shall not approve a decrease in the wages for any particular work below the highest wages paid therefor between January 1, 1942, and September 15, 1942, unless to correct gross inequities and to aid in the effective prosecution of the war.

§ 809.952 *Functions and operation of the National War Labor Board with respect to the wage and salary stabilization program.*

§ 809.952–1 *Jurisdiction of the Board.* The jurisdiction of the Board covers (a) the final disposition of labor disputes "which may lead to substantial interference with the war effort" and (b) the approval or disapproval of voluntary wage and salary adjustments. With respect to wages and salaries, the Board (except as indicated in §§ 809.956 and 809.957) is authorized to determine whether any:

(1) Wage payments, or

(2) Salary payments to an employee where the rate at which the salary, exclusive of bonuses and additional compensation and without regard to the contemplated adjustments, computed on an annual basis, is not in excess of $5,000 per annum, and where such employee:

(i) In his relations with his employer is represented by a duly recognized or certified labor organization, or

(ii) Is not employed in a bona fide executive, administrative or professional capacity

are made in contravention of the act, or any rulings, orders or regulations promulgated thereunder.

§ 809.952–2 *Regulations, orders and rulings of the Board.* From time to time the Board has issued regulations, general orders, and other directives (a) establishing stabilization policies, with respect to wages and salaries subject to its jurisdiction, within the limits set forth in the act, the pertinent Executive orders and the Director's regulations, (b) creating Regional War Labor Boards and other subagencies to exercise its functions in the first instance subject to the Board's review, and (c) establishing procedures to be followed in cases before the Board and such subagencies. In addition, the Board has delegated to various other government agencies authority to perform certain of its duties with respect to the stabilization program. With respect to adjustments in wages and salaries subject to its jurisdiction, the orders of the Board (and of the agencies upon which it has conferred appropriate authority) take one of two forms, depending upon the nature of the proceeding involved, as follows: (1) Upon applications for voluntary wage and salary adjustments proposed by employers or submitted pursuant to agreement of employers and their employees, the Board issues so-called "permissive" rulings, permitting specified adjustments within the limits of established stabilization policy, while (2) in cases of dispute between employers and employees or their representatives, the Board issues so-called "directive orders" directing the making of specified wage and salary adjustments within such limits. For a statement of the procedure to be followed by War Department personnel in cases before the Board (or before agencies upon which it has conferred authority) in which the War Department has an interest, reference is made to § 809.963.

§ 809.952–3 *Agencies which exercise functions of the Board subject to its review*—(a) *Regional War Labor Boards.* The Board has established twelve Regional War Labor Boards together with a Territorial War Labor Board for Hawaii (Alaska has been made a part of Region XII) through which, generally, it exercises its functions in the first instance. (A list of these Regional War Labor Boards, together with a statement of the areas in which they have jurisdiction, respectively, may be found in § 809.990.) In addition, the Board has established various other subagencies and authorized them in certain types of cases, subject to the Board's review, (1) to hear and determine and to issue directive orders in labor dispute cases, and (2) to make final rulings on voluntary wage or salary adjustments. A list of certain such subagencies, together with a general designation (subject to exception) of the cases in connection with which they have been granted authority, is as follows:

(1) Non-Ferrous Metals Commission in cases affecting the stabilization of the mining, milling, smelting and refining of non-ferrous metals, referred to it by the Board or by the Regional Directors of the 9th, 10th and 12th regions of the Board. (The jurisdiction of the Non-Ferrous Metals Commission does not extend to those enterprises which supply materials and equipment to the above named industries.)

(2) Detroit Area Tool and Die Commission in cases concerning the tool and die industry in the counties of Wayne, Oakland, Macomb, Monroe, Washtenaw and Genessee in the State of Michigan.

(3) The Trucking Commission in cases involving persons employed in the fol-

lowing types of trucking operations: over-the-road (common, contract, or private carrier), local pick-up, and delivery; transfer and storage.

(4) Shipbuilding Commission in cases involving persons employed in the shipbuilding industry.

(5) West Coast Lumber Commission in cases involving the production of lumber and lumber products in Oregon, Washington, Idaho, Montana and California.

(6) The National Airframe Panel in cases involving employees of certain manufacturers of airplanes. In dispute cases this panel acts only in an advisory capacity to the Board but the panel is authorized, subject to the Board's review, to make final rulings on voluntary wage and salary adjustments within its jurisdiction in cases where the decision of the panel is unanimous.

(7) The War Shipping Panel in cases involving the shipping industry. In dispute cases this panel acts only in an advisory capacity to the Board but the panel is authorized, subject to the Board's review, to make final rulings on voluntary wage and salary adjustments within its jurisdiction in cases where the decision of the panel is unanimous.

(b) *Shipbuilding Stabilization Committee.* This committee composed of representatives of the Government, of shipbuilding management, and of shipbuilding labor, was established by General Administrative Order No. 2–57 of the War Production Board to perform certain functions with respect to the four Zone Standards Agreements, as amended. These agreements, negotiated in the four shipbuilding zones (i. e. the Pacific Coast, the Atlantic Coast, the Gulf Coast, and the Great Lakes) were originally entered into by the Office of Production Management (predecessor of the War Production Board), the Navy Department and the U. S. Maritime Commission on behalf of the Government; by the Metal Trades Department of the American Federation of Labor and by the Industrial Union of Marine and Shipbuilding Workers of America of the Congress of Industrial Organizations on behalf of labor; and by various shipbuilding companies. Subsequently the War Department indicated it would participate in Zone Standards. The agreements, as amended by proposals dated May 16, 1942 of a National Shipbuilding Conference subsequently ratified by the parties (such proposals so ratified being commonly termed the Chicago Amendments), among other things fix certain wage rates to be paid in the shipbuilding industry and provide for an annual wage review to be conducted by the Shipbuilding Stabilization Committee. Pursuant to Executive Order No. 9250, the Committee continues to exercise its functions. However, no new wage rate fixed by Zone Standards Agreement may become effective until approved by the Board which acts with respect thereto, in the first instance, through its subagency the Shipbuilding Commission. (See paragraph (a) (4) of this section.)

(c) *The Wage Adjustment Board for the Building Construction Industry.* On May 22, 1942, the War and Navy Departments, National Housing Administration, Reconstruction Finance Corporation, the Maritime Commission and the Building and Construction Trades Department of the American Federation of Labor, entered into an agreement stabilizing wage rates for all war construction work done for or financed by the United States (except non-Federal construction where state laws should govern wage rates) in the continental United States at the level in effect on July 1, 1942. Such agreement, by its terms to endure for the duration of the war, provided for the creation of a Wage Adjustment Board (1) to determine whether certain wage adjustments should be made and (2) to fix the amount of any such adjustment. The Wage Adjustment Board for the Building Construction Industry, (hereinafter referred to as the Wage Adjustment Board), has been established by order of the Secretary of Labor with authority (1) to investigate and act upon adjustments of wage rates under such agreement of May 22, 1942, and (2) to carry out the duties and functions delegated to it by the National War Labor Board. Under General Order No. 13 of the National War Labor Board, the Wage Adjustment Board continues to exercise its functions under such order of the Secretary of Labor and such agreement of May 22, 1942, insofar as the same are consistent with the terms of such General Order No. 13, and is authorized, (1) to hear and issue directive orders in labor dispute cases and (2) to make rulings on voluntary wage and salary adjustments. The jurisdiction of the Wage Adjustment Board is limited to mechanics and laborers in the building and construction industry in the continental United States and Alaska employed directly upon the site of the work, and its determinations are subject to review by the Board.

(d) *War Department Wage Administration Agency.* Pursuant to appropriate delegations of authority, the Wage Administration Section, Industrial Personnel Division, Headquarters, Army Service Forces (referred to as the War Department Wage Administration Agency when acting under such delegations), acting upon behalf of the Secretary of War, is authorized to rule upon all applications for wage and salary adjustments (insofar as approval thereof has been made a function of the Board) covering civilian employees within the continental limits of the United States employed by (1) the War Department, (2) the Army Exchange Service and (3) certain Government owned, privately operated facilities of the War Department designated in lists furnished from time to time to the Board by the War Department Wage Administration Agency. The chiefs of the technical services are responsible, respectively, for (i) designating to the War Department Wage Administration Agency the facilities which, in their opinion, should be placed upon such lists and (ii) advising the officers of their services concerned of the names of facilities which have been placed upon such lists. The War Department Wage Administration Agency has also been authorized, subject to certain limitations, to establish wage or salary schedules for civilian employees of the War Department in the various Government owned, Government operated installations located in the Territory of Hawaii. The delegations of the Board, contained in the Board's General Orders Nos. 14 and 37, are set forth in full at §§ 809.993 et seq.

§ 809.952–4 *When specific approval of Board is not required.* Reference is made to the General Orders of the Board for a definition of certain exceptions to the requirements of the stabilization program and of certain increases in wages and salaries subject to the jurisdiction of the Board which may be made without other or specific approval.

§ 809.952–5 *Preliminary inquiries as to wage and salary adjustments within the jurisdiction of the Board.* An employer or a union (or an employee, or a group of employees not represented by a union) directly concerned in a proposed wage or salary adjustment, may jointly or separately, ask the nearest designated officer of the Wage and Hour and Public Contracts Divisions of the United States Department of Labor in the region for a ruling as to whether the proposed adjustment may be made without Board approval. If said ruling is that the proposed wage or salary adjustment may be made without approval of the Board, the ruling shall be deemed to be authorative and shall remain in effect unless reversed. (For a list of the addresses of such officers, see § 809.991.)

§ 809.952–6 *Application for the Board's approval of voluntary adjustments.* Generally, each application for the Board's approval of a proposed voluntary wage or salary adjustment shall be filed with the nearest office of the Wage and Hour and Public Contracts Divisions of the United States Department of Labor in the region where the employer maintains his principal place of business. All applications shall be made upon appropriate forms prepared by the Board. (For a list of such offices see § 809.991.)

§ 809.952–7 *Procedure in dispute cases involving wages or salaries subject to the jurisdiction of the Board.* A dispute case arises out of a disagreement as to wages or working conditions, or both. The National War Labor Board usually accepts dispute cases only on certification by the U. S. Conciliation Service although the Board also has power to take cases on its own initiative. A dispute case is referred to the New Case Committee of the National Board which determines whether the case shall be retained by the National Board for disposition or referred to the appropriate regional board or industry commission for decision. Upon certification of the case to a regional board, the case is considered by a New Case Committee of the regional board and prepared for a hearing. The Committee designates a tripartite panel to hear the case or, if the parties agree, a single person is appointed. Upon conclusion of the hearing by the panel or individual, the findings are reported to the regional board which makes a decision on the panel's findings and recommendations. Arguments may be heard if the panel's report is not unanimous. A regional board may certify to the National Board any case or any question in the case upon which it desires a National Board ruling. Directive orders are issued to the parties when made, except that issuance of any provision of an order, which relates to a wage or salary adjustment, may be stayed if two or more public members of the regional board dissent from the provision and request that its issuance be stayed. In such an event a copy of the directive order and the request of stay, together with a statement of the reason for such request is transmitted to the National Board. Reconsideration of rulings and orders of regional boards may be had upon filing of petition under established rules. For a statement of procedure to be followed by War Department personnel in cases before the Board (or before agencies upon which it has conferred appropriate authority) in which the War Department has an interest, reference is made to § 809.963.

§ 809.954 *Jurisdiction and organization of the Bureau of Internal Revenue with respect to the stabilization program.*

§ 809.954–1 *Jurisdiction of the Commissioner.* The Commissioner is authorized to determine, under regulations prescribed by him with the approval of the Secretary of the Treasury, whether any salary payments (other than those under the jurisdiction of the Board, the War Food Administrator or the National Railway Labor Panel, as the case may be, as specified in §§ 809.922–1, 809.956 and 809.957) are made in contravention of the act or any regulations or rulings promulgated thereunder.

§ 809.954–2 *Salary Stabilization Unit.* There has been established within the Bureau of Internal Revenue, but independent of all other units therein, a Salary Stabilization Unit which, generally, is charged with the responsibility of exercising the Commissioner's authority and performing his duties with respect to the stabilization program. The Salary Stabilization Unit functions, generally, through Salary Stabilization Regional Offices. The head of the regional office having jurisdiction of any application is authorized to approve or disapprove it for the Commissioner, wholly or in part, and his decision is deemed to be that of the Commissioner unless and until modified or reversed as provided in the Commissioner's regulations. (For a list of such regional offices, see § 809.992.)

§ 809.954–3 *Delegation to War Department Wage Administration Agency.* The Wage Administration Section, Industrial Personnel Division, Headquarters, Army Service Forces (referred to as the War Department Wage Administration Agency when acting under the authority hereinafter mentioned) acting on behalf of the Secretary of War, has been authorized, subject to certain conditions, to rule upon all applications for salary adjustments (insofar as approval thereof has been made a function of the Commissioner) covering civilian employees within the continental limits of the United States and Alaska employed by (a) the War Department, (b) the Army Exchange Service, and (c) certain Government owned, privately operated facilities of the War Department named in lists furnished from time to time to the Commissioner by the War Department Wage Administration Agency. The chiefs of the technical services are responsible, respectively, for (1) furnishing the War Department Wage Administration Agency with the names of facilities which, in their opinion, should be placed upon such lists and (2) advising the officers of their services concerned of the names of facilities which have been placed on such lists. The Commissioner's delegation to the War Department Wage Administration Agency is set forth in full at § 809.993–3.

§ 809.954–4 *When specific approval of the Commissioner is not required.* Reference is made to the regulations of the Commissioner for a definition of certain exceptions to the requirements of the stabilization program and of certain increases in salaries subject to his jurisdiction which may be made without other or specific approval.

§ 809.954–5 *Where applications for approval of salary increases and decreases and salary rate schedules and rulings respecting exemptions within the jurisdiction of the Commissioner shall be filed.* Generally such an application shall be filed with the Salary Stabilization Regional Office in whose territorial jurisdiction the main office or principal place of business of the employer is located. (For a list of such offices see § 809.992.) Such application shall be filed on forms prescribed by the Commissioner and shall contain such information as he may require. If, however, the Commissioner has delegated to any other officer or agency (e. g. the War Department Wage Administration Agency, see § 809.954–3) his authority to approve or disapprove adjustments in salaries, then applications respecting such adjustments shall be made to the officer or agency to whom such authority has been delegated, in the form and manner prescribed by such officer or agency.

§ 809.956 *Jurisdiction of the War Food Administrator with respect to the stabilization program.* The War Food Administrator, subject to certain limitations, is authorized to determine whether any salary or wage payments to agricultural labor are made in contravention of the act or any rulings, orders or regulations promulgated thereunder. The authority of the War Food Administrator does not extend to any person whose salary payments, exclusive of bonuses and additional compensation and without regard to the contemplated adjustment, are at a rate, computed on an annual basis, which exceeds $5,000 per annum.

§ 809.957 *Jurisdiction of the National Railway Labor Panel with respect to the stabilization program.* Special procedures with respect to wage and salary adjustments for employees subject to the Railway Labor Act are established by Executive Order No. 9299.

§ 809.958 *When approval of Economic Stabilization Director required.* All wage or salary adjustments which may furnish the basis either to increase price ceilings or to resist otherwise justifiable reductions in price ceilings or which may increase production costs above the level prevailing in comparable plants or establishments, require the ultimate approval of the Economic Stabilization Director.

§ 809.959 *Territorial application.* The Board, the Commissioner and the Administrator have been authorized, under certain circumstances, to exempt from the operation of the stabilization program wages or salaries paid in any territory or possession of the United States. Pursuant to this authority, the Commissioner and the Board have provided that stabilization control shall not apply to salaries and wages under their jurisdiction, respectively, in any territory or possession of the United States, except Alaska and Hawaii.

§ 809.960 *Criminal penalties.* Section 11 of the act privides as follows:

> Any individual, corporation, partnership or association wilfully violating any provision of this Act, or of any regulation promulgated thereunder, shall, upon conviction thereof, be subject to a fine of not more than $1,000 or to imprisonment for not more than one year, or to both such fine and imprisonment.

§ 809.961 *Effect of unlawful payments (determination of costs under Government contracts and other aspects of violations).* Upon determining that a wage or salary payment has been made by an employer in contravention of the act or the regulations, rulings or orders promulgated thereunder (see § 809.962 (e)), the Board, the Commissioner or the Administrator, as the case may be, pursuant to § 4001.15 of the regulations of the Director, may certify to the Departments and agencies of the government an amount to be disregarded as hereinafter set forth. In case of such certification to the War Department, the amount so certified will be disregarded by the appropriate agency of the War Department in determining costs or expenses of such employer for such of the following purposes as may be pertinent:

(a) For the purpose of any law or regulation, including the Emergency Price Control Act of 1942, or any maximum price regulation thereunder;

(b) For the purpose of calculating deductions under the revenue laws of the United States; and

(c) For the purpose of determining costs or expenses under any Government contract.

§ 809.962 *Responsibility of War Department personnel with respect to violations as defined by Joint Statement of the Board and the Commissioner.* (a) Agencies of the War Department are not required to conduct audits, investigations, or payroll reviews merely for the purpose of ascertaining whether or not contractors have complied with Executive Order 9250 (i. e. the President's Wage Stabilization Order) or the regulations promulgated thereunder. The technical services are neither required nor authorized to determine that a prime contractor has violated the Executive Order or the Regulations thereunder (see, however, Renegotiation Regulations par. 382.3 (§ 1603.382–3 of Title 32) and the Army Renegotiation Manual par. 382.4.

(b) When, however, probable noncompliance by a prime contractor with Executive Order 9250 or the regulations thereunder is discovered by or brought to the attention of a technical service, such service should:

(1) Advise each such contractor of the particulars in which probable non-compliance appears and request that he consult the Regional War Labor Board or Salary Stabilization Regional Office which has jurisdiction over approval of wage rates in the case. (See §§ 809.990 and 809.992 for lists of regional offices.)

(2) Report such apparent violation to the Regional War Labor Board or Salary Stabilization Regional Office which has jurisdiction over approval of wage rates in the case. Any such reports should include the following information:

(i) Name and address of contractor.

(ii) Date, number and place of performance of the contract.

(iii) Résumé of facts constituting apparent violation including approved wage rates, by whom approved, wages actually paid, names or classifications of persons paid, dates of apparent improper payments, and name of party making payments if other than contractor.

(c) The technical services have the responsibility of establishing within their services appropriate procedures for the reporting of apparent violations to the proper Government agency. Such procedures should be devised to restrict contacts with such agency solely to the transmittal of a report containing the information listed in paragraph (b) of this section.

(d) No report should be supplemented by appearances or participation in hearings or other proceedings of the agency having jurisdiction in the matter except in accordance with § 809.963.

(e) Determinations of violations will be made in all cases by the National War Labor Board or the Commissioner of Internal Revenue. If the appropriate Government agency finds that a violation of Executive Order 9250 or the regulations thereunder has occurred, the Industrial Personnel Division, Headquarters, Army Service Forces, will be advised, and will issue specific instructions to the interested technical service.

(f) All responsibilities which the technical services had prior to issuance of Executive Order 9250 or of this subpart with respect to reimbursement of contractors in accordance with other laws and regulations are in no way affected by this subpart.

§ 809.963 *War Department relations with the National War Labor Board.* (a) For the purpose of coordinating War Department policy and action, the Industrial personnel Division, Headquarters, Army Service Forces will process all cases coming before the National War Labor Board in which the War Department has an interest. No other War Department representative or agency will make any statements of fact or recommendation, formally or informally, to the National War Labor Board or to any of its personnel respecting the merits of any case pending before that Board.

(b) No War Department representative or agency will make any statement of fact or recommendations to any regional war labor board or regional or area war labor panel or to any of their personnel respecting the merits of any cases pending before such board or panel except that in pending wage cases affecting War Department procurement, War Department representatives, through appropriate service command channels or as may otherwise be authorized, may request that such cases be expedited and may make statements of fact relating solely to the following issues:

(1) The importance of the product or service affected to the War Department procurement program,

(2) Where requested, the probable cost to the War Department resulting from any contemplated wage adjustment, and

(3) Whether production is on schedule, and if not, the extent to which manpower shortages, high turnover, or excessive absenteeism are a contributing factor.

(c) Certain "rare and unusual cases" specially involving "the critical needs of war production" have been excepted from the establishe l wage stabilization criteria when these needs are threatened by a manpower problem, the only solution to which entails the approval of wage rates or wage adjustments which will not be permissible under those criteria (see § 809.951–2 (a) (1) (iii)). Special procedures have been designed for the processing of these "rare and unusual" cases and adopted by the National War Labor Board, the War Production Board, the War Manpower Commission, the War Department, and other procurement or interested Government agencies. The Industrial Personnel Division, Headquarters, Army Service Forces, has been designated as the sole War Department agency with authority to certify and process such cases in which the War Department has an interest.

(d) (1) In the event that any War Department representative or agency believes that a case pending before the National War Labor Board or before an area or regional war labor board or panel should be considered within the "rare and unusual" exception, such representative or agency will advise the Industrial Personnel Division, Headquarters, Army Service Forces, and will forward to that Division, through appropriate channels, a report containing the factual foundation for its opinion. This report should include information respecting:

(i) The present wage rates, the wage adjustment being requested, and a complete statement of the nature of the request pending before the Board.

(ii) The relative importance of the product or service in the total procurement program;

(iii) The relative importance of the particular facility and the existence and location of alternative facilities, if any;

(iv) The relation of present deliveries to production schedules;

(v) The extent to which labor supply is the limiting factor in production;

(vi) The extent to which the wage schedule is responsible for labor supply problems in this facility; and

(vii) Any other pertinent information.

(2) In no event will any representative or agency of the War Department, other than the Industrial Personnel Division, Headquarters, Army Service Forces, state or recommend to the National War Labor Board that a case should be regarded as "rare and unusual."

(e) Nothing in this section shall be construed to affect the relationship between the War Department Wage Administration Agency and the Board arising out of General Orders Nos. 14 and 37 of the Board (see § 809.952–3 (d)).

SUBPART I—FORTY-EIGHT HOUR WORKWEEK

§ 809.968 *Executive Order No 9301.* The following is the full text of Executive Order No. 9301 issued under date of February 9, 1943 (8 F.R. 1825):

EXECUTIVE ORDER 9301

ESTABLISHING A MINIMUM WAR-TIME WORK WEEK OF FORTY-EIGHT HOURS

By virtue of the authority vested in me by the Constitution and statutes, as President of the United States, and in order to meet the man-power requirements of our armed forces and our expanding war-production program by a fuller utilization of our available man power, it is hereby ordered:

1. For the duration of the war, no plant, factory or other place of employment shall be deemed to be making the most effective utilization of its man power if the minimum work week therein is less than forty-eight hours per week.

2. All departments and agencies of the Federal government shall require their contractors to comply with the minimum work week prescribed in this order and with policies, directives and regulations prescribed hereunder, and shall promptly take such action as may be necessary for that purpose.

3. The chairman of the War Manpower Commission shall determine all questions of interpretation and application arising under this order and shall formulate and issue such policies, directives and regulations as he determines to be necessary to carry out this order and to effectuate its purposes. The chairman of the War Manpower Commission is authorized to establish a minimum work week greater or less than that established in Section 1 of this order or take other action with respect to any case or type of case in which he determines that such different minimum work week or other action would more effectively contribute to the war effort and promote the purposes of this order.

4. All departments and agencies of the Federal government shall comply with such policies, directives and regulations as the chairman of the War Manpower Commission shall prescribe pursuant to this order, and shall so utilize their facilities, services and personnel and take such action under authority vested in them by law as the chairman determines to be necessary to effectuate the purposes of this order and promote compliance with its provisions.

5. Nothing in this order shall be construed as superseding or in conflict with any Federal, state or local law limiting hours of work or with the provisions of any individual or collective bargaining agreement with respect to rates of pay for hours worked in excess of the agreed or customary work week, nor shall this order be construed as suspending or modifying any provision of the fair labor standards act (act of June 25, 1938; 52 Stat. 1060; 29 U.S.C. 201 et seq.) or any other Federal, state or local law relating to the payment of wages or overtime.

FRANKLIN D ROOSEVELT

THE WHITE HOUSE,
Feb. 9, 1943.

§ 809.969 *Regulations of War Manpower Commission.* The following is the text of the regulations issued by the War Manpower Commission to implement the 48-hour work week.

By virtue of authority vested in me as Chairman of the War Manpower Commission by Executive Order No. 9301 establishing a Minimum Wartime Workweek of 48 hours, and by Executive Orders Nos. 9139 and 9279, I hereby prescribe the following regulations:

§ 903.1 *General policy for interpretation and application of Executive order.* Executive Order No. 9301 shall be so construed and applied as best to effectuate its fundamental purpose, which is to aid in meeting the manpower requirements of our armed forces and our expanding war production program by a fuller utilization of our available manpower. Effectuation of this purpose requires that in situations of labor shortage employers do not hire new workers when their manpower needs can effectively be met by a fuller utilization of their current labor force, and that workers who can be released by an extension of the workweek are released under circumstances which will permit and facilitate their effective utilization elsewhere in the war effort.

§ 903.2 *Application to areas and activities.* The Chairman of the War Manpower Commission will from time to time by order designate areas and activities as subject to the provisions of Executive Order No. 9301. Regional Manpower Directors may designate additional areas and activities within their respective regions as subject to the provisions of Executive Order No. 9301, if they find and by appropriate public notice so declare, that such action will aid in alleviating labor shortages which are impeding the war effort. Unless and until an area or activity has been so designated, employers therein will not be required to extend their workweek.

§ 903.3 *Delegation of authority.* Regional and Area Manpower Directors are authorized and directed to determine all questions arising within their respective regions and areas with respect to the interpretation and application of these regulations, in conformity with such procedures and instructions as the Executive Director of the War Manpower Commission may issue in implementation thereof.

§ 903.4 *Minimum wartime workweek.* "Minimum wartime workweek" as used in these regulations means a workweek of 48 hours, except in cases where a workweek of 48 hours (a) would be impracticable in view of the nature of the operations, (b) would not contribute to the reduction of labor requirements, or (c) would conflict with any Federal, State or local law or regulation limiting hours of work. In such cases "minimum wartime workweek" means the greatest number of hours (less than 48) feasible in the light of the nature of the operations, the reduction of labor requirements or the applicable Federal, State and local law or regulation, as the case may be.

§ 903.5 *Extension of workweek in designated areas and activities.* If the workweek applicable to any worker employed in any plant, factory or other place of employment in an area or an activity designated as subject to the provisions of Executive Order No. 9301, is less than the minimum wartime workweek, such workweek shall be extended to the minimum wartime workweek as follows:

(a) Whenever extension of such workweek to the minimum wartime workweek would not involve the release of any workers, the affected employer shall proceed promptly to extend the workweek to the minimum wartime workweek.

(b) Whenever the Regional or Area Manpower Director or a designated representative of either determines that extension of such workweek to the minimum wartime workweek would involve the release only of workers who can be promptly placed in suitable employment with other employers, the affected employer will be notified of such determination and thereupon shall proceed promptly to extend the workweek to the minimum wartime workweek.

(c) If extension of such workweek to the minimum wartime workweek would involve the release of some workers and the Regional or Area Manpower Director or designated representative has not determined and notified the employer that such workers can promptly be placed in suitable employment with other employers, the workweek shall not be extended except as authorized below. On or before April 1, 1943, the affected employer shall submit to the Regional or Area Manpower Director or the designated representative of either Director a statement as to the number of workers whose release would be involved and their occupational classification, together with a proposed schedule for the timing of such releases. The Regional or Area Manpower Director or designated representative will authorize a schedule for the extension of the workweek to the minimum wartime workweek and for the release of workers in terms of labor market needs and the employer shall thereupon proceed to extend the workweek in accordance with such schedule.

§ 903.6 *Restriction upon hiring of workers.* No employer shall hire any worker in an area or activity designated as subject to the provisions of Executive Order No. 9301, if the employer has failed in any manner to comply with the provisions of § 903.5 of these regulations in the plant, factory or other place of employment in which the worker would be employed.

§ 903.7 *Exclusions.* No provision of these regulations shall be construed or applied so as to require the extension of a workweek:

(a) In any establishment or other place of employment in which less than eight workers are regularly employed;

(b) In any establishment or place of employment principally engaged in agriculture;

(c) Of persons in the employ of any State or any political subdivision thereof, or any instrumentality of any one or more of the foregoing;

(d) Of youth under the age of sixteen years; or

(e) Of individuals who on account of other employment, household responsibilities, or physical limitations, are not available for full time work.

§ 903.8 *Definitions.* As used in these regulations:

(a) "Workweek" means the number of hours within a period of seven successive days, beginning with the same calendar day each week, during which workers are normally required to be on duty.

(b) "Agriculture" means those farm activities carried on by farm owners or tenants on farms in connection with the cultivation of the soil, the harvesting of crops, or the raising, feeding, or management of livestock, bees, and poultry, and shall not include any packing, canning, processing, transportation or marketing of articles produced on farms unless performed or carried on as an incident to ordinary farming operations as distinguished from manufacturing or commercial operations.

§ 809.970 *Designation of areas subject to E.O. 9301.* By authority vested in the Chairman of the War Manpower Commission by Executive Order No. 9301, establishing a minimum wartime workweek of 48 hours and in accordance with the provisions of § 903.2 of the regulations prescribed by the Chairman of the War Manpower Commission, said Chairman may designate the areas subject to the provisions of Executive Order No. 9301. A current list of the areas so designated may be secured from any office of the United States Employment Service or of the War Manpower Commission.

§ 809.971 *Designation of activities subject to E. O. 9301.* (a) The following is the text of General Order No. 6, issued by the War Manpower Commission, designating certain activities as subject to the provisions of Executive Order No. 9301.

By virtue of the authority vested in me as Chairman of the War Manpower Commission, by Executive Order No. 9301, establishing a minimum wartime workweek of 48 hours, and in accordance with the provisions of § 903.2 of the regulations prescribed by me on February 22, 1943, I hereby designate the following activities as subject to the provisions of Executive Order No. 9301:

1. The mining (including the development of ore properties) dressing, and beneficiating (milling) of the following non-ferrous metals and their ores: Aluminum, antimony, arsenic, beryllium, chrome, cobalt, columbium, copper, lead, magnesium, manganese, mercury, molybdenum, silver, tantalum, tin, titanium, tungsten, uranium, vanadium, zinc, zirconium, and all other non-ferrous metals and their ores.

2. (a) All logging operations.

(b) All operations of all sawmills, planing mills, veneer mills, plywood mills, cooperage-stock mills, cooperage establishments, shingle mills, wooden box factories and wood pulp mills.

(b) A current list of the activities subject to the provisions of Executive Order No. 9301 can be obtained from any office of the United States Employment Service or of the War Manpower Commission.

§ 809.972 *Statement re adoption of forty-eight hour week.* Under date of March 11, 1943, the National War Labor Board defined the extent of its jurisdiction in the matter of overtime pay in the light of Executive Order No. 9301, as follows:

In order to answer the many inquiries received as to the effect of Executive Order 9250 on wages and salaries in the light of the Executive Order of February 9, establishing the minimum wartime work-week of 48 hours, the National War Labor Board today issued the following statement:

1. *Effect of the order on employer's obligation to pay over-time.* Any employer who adopts a 48 hour week in compliance with Executive Order 9301 of February 9, 1943 and the regulations of the War Manpower Commission issued thereunder is under the same obligation with respect to over-time pay as if he had adopted a 48 hour week before the order was issued. That is, his obligations to pay or not to pay over-time rates is in no way affected by the order.

This interpretation is based on the following provision of section 5 of the order:

Nothing in this order shall be construed as superseding or in conflict with * * * the provisions of any individual or collective bargaining agreement with respect to rates of pay for hours worked in excess of the agreed or customary work-week, nor shall this order be construed as suspending or modifying any provision of the Fair Labor Standards Act or any other Federal, State or local law relating to the payment of wages or over-time.

2. *Necessity to secure War Labor Board approval for the payment of over-time.* Approval of the War Labor Board is not required for payment of overtime rates to wage and

salary employees for hours worked in excess of 40 made in accordance with the provisions of the Fair Labor Standards Act or any other similar Federal, State or local law or by the provisions of a collective bargaining agreement or by the employer's past custom and practice.

If none of these applies, then payment for the hours worked in excess of 40 at other than straight time rates would be a wage increase and would therefore require approval by the War Labor Board.

3. *Salaried employees.* Salaried employees within the jurisdiction of the War Labor Board, whose overtime pay is not covered by the Fair Labor Standards Act or any other similar Federal, State or local law, or by a collective bargaining agreement or their employer's past practice, may not, without the prior approval of the War Labor Board, be paid at more than straight time rates proportionate to the additional hours worked

4. Application for approval of the increases referred to above may, of course, be made, in accordance with the National War Labor Board's regular procedure, at any local office of the Wage and Hour Division of the U. S. Department of Labor (see § 809.952–6).

§ 809.973 *Interpretation of regulations.* Generally, the order and the regulations prescribe a 48-hour workweek in the areas and activities designated in general orders. However, the regulations provide for several exceptions. Whether the orders and regulations issued under the Executive order in question will affect particular concerns and what their effect will be are questions that must be determined in every case by the War Manpower Commission or its regional or local representatives. Neither contracting officers nor labor officers are authorized to interpret or construe the Executive order or the regulations. Therefore, all contractors and subcontractors presenting questions concerning the interpretation or application in particular cases of the orders and regulations will be referred to the War Manpower Commission officials in the appropriate area.

§ 809.974 *Enforcement procedure.* Until the War Manpower Commission has advised the War Department that a particular contractor is failing to comply with the order and the regulations, no action will be taken by any representative of the technical service, either to withhold contracts from such contractor or to require compliance with the order and the regulations by any such contractor. In cases where the War Manpower Commission has found that a particular War Department contractor is not complying with said order and regulations and has so advised the War Department, the chief of the technical service will be notified immediately by the Director, Industrial Personnel Division, Headquarters, Army Service Forces, and it will be the duty of the chief of the technical service or his designated representative promptly to request such contractor to comply with said order and regulations. Whenever any such contractor shall thereafter fail or refuse to comply therewith, report thereof will be made immediately by the chief of the technical service involved to the Director, Industrial Personnel Division.

§ 809.975 *Adjustments to cover increased cost of compliance.* The War Department policy in regard to adjustment for the increased cost of performance occasioned by compliance with said order and regulations is set out in the following Joint Statement of the War and Navy Departments, dated April 1, 1943:

(a) Executive Order No. 9301 and the regulations promulgated thereunder by the War Manpower Commission require all employers in certain areas and all employers in certain industries to adopt the minimum wartime workweek as defined by said regulations. The Executive order directs all procurement agencies of the Government to require their contractors to comply with the order and with the regulations.

(b) While many Government contractors and subcontractors may not be affected, the War Department and Navy Department recognize that some contractors and subcontractors will be obliged to extend the workweek of their employees and will be required to pay premium rates for the additional hours involved, with the result that their labor costs will be increased. The Departments also recognize that such compliance may result in hardship to some contractors who have cooperated with the Departments in efforts to secure prices as close to cost plus a fair profit as is possible under war conditions, and that such hardship may result in the impairment of the ability of many contractors, particularly small contractors, to continue effectively to produce war goods.

(c) Accordingly, the following policy has been adopted by the War Department and Navy Department:

(1) Where, during the course of performance of a lump sum contract or subcontract, a contractor or subcontractor has been required to increase the workweek of employees in order to comply with Executive Order No. 9301 and the regulations of the War Manpower Commission promulgated thereunder; and where, because of premium overtime rates required by Federal law or Executive order, such compliance has resulted in an increase in the cost of performance of such contract or subcontract, over and above cost of performance had such increase in the workweek not been so required; and where such increase in the cost of performance would cause hardship to such contractor or subcontractor, the War Department and Navy Department will give consideration in appropriate cases to granting relief from such hardship.

(2) Generally speaking, it will be regarded that hardship exists only in cases where the increase in the cost of performance of a War Department or Navy Department contract resulting from compliance with the order and the regulations operates to deprive the contractor of a fair profit on the contract.

(3) Where contracts under which such increases are sought relate to commodities, supplies or articles which are subject to OPA ceiling prices, any adjustment to be made must be within such ceiling prices or subject to approval in particular cases by the Office of Price Administration.

(4) Requests by subcontractors for such relief must in all cases be presented through prime contractors and adjustments, made for the benefit of subcontractors, shall be made only through prime contractors.

§ 809.975–1 *Time limit for filing requests for adjustment.* No requests for adjustments of the type above described will be considered unless they are presented to the contracting officer prior to the time the contracting officer has administratively determined the final amount due under the contract under which the request is presented by communicating his determination to the contractor or by the approval of the final voucher therefor.

§ 809.975–2 *Procedure for adjustment.* Requests for adjustment must be presented to the contracting officer of the technical service involved. Such adjustments as are made in the amount of the contract price with prime contractors will be made by supplemental agreement between the technical service and the prime contractor. No adjustment will be made by direct contract with subcontractors. The latter should make request for adjustments through their prime contractors and the amounts of such adjustments as are appropriate, made for the benefit of such subcontractors, will be included in supplemental agreements with the prime contractors.

§ 809.975–3 *Nature of showing required for adjustment.* No adjustment will be made without a proper showing which must include the following:

(a) That the contractor or subcontractor was required, by the Executive order in question as interpreted and applied to his case by the War Manpower Commission regulations, to increase the workweek of some or all of his employees.

(b) The amount of the increased labor costs incurred because of premium overtime rates involved in compliance with the minimum wartime workweek.

(c) The amount of savings, through reduced overhead costs or otherwise, resulting from the adoption of the longer workweek.

(d) The total contract price of War Department contracts or subcontracts on which an adjustment is sought; the estimated amount of net earnings before taxes that would have accrued thereon had not the increased labor costs been incurred.

§ 809.975–4 *Authority to execute supplemental agreements.* Whenever the chief of the technical service, or such person within the technical service to whom the authority so to act has been delegated by the chief of the technical service, shall find in the light of the showing made by the contractor and verified to the extent feasible within the technical service:

(a) That the increase in the cost of performance of a War Department contract or subcontract, resulting from compliance with Executive Order No. 9301 and the regulations promulgated thereunder, operates to deprive the contractor or subcontractor of a fair profit on the contract, or subcontract, and

(b) That it is appropriate, in the light of all the facts known to him, or reasonably ascertainable by him, bearing upon the earnings of the contractor or subcontractor from its war business, to grant relief;

he is authorized to enter into supplemental agreement pursuant to the First War Powers Act and Executive Order No. 9001 awarding the contractor an additional amount, not in excess of the diminution of the amount of a fair profit on such contract or subcontract, caused by such compliance.

SUBPART J—STATE LABOR LEGISLATION

§ 809.977 *War Department policy respecting State labor legislation.* It is the policy of the War Department to require its contractors to comply with all applicable State labor statutes, and the rules and regulations promulgated thereunder. This requirement applies even where a contractor, by reason of operating a government-owned facility located on territory owned by the United States, might otherwise be exempt.

§ 809.978 *Requests for relaxation of State labor legislation.* In all cases in which manufacturers engaged in war production deem necessary to the achievement of full war production the relaxation of State labor statutes or administrative orders which are restricting or are allegedly restricting war production, the following procedure will be observed:

§ 809.978–1 *Procedure for requests.* (a) The interested contractor will submit the initial request for such relaxation to the State Labor Commissioner or other State officials charged with the enforcement of labor legislation in the State or region where the plant of the manufacturer involved is located.

(b) In the event that the contractor's request for relaxation is denied, the technical service concerned may assist the contractor by supporting the request for relaxation by direct representation to the appropriate State official.

(c) The labor branches of the service commands may be called upon to render staff assistance relative to the foregoing.

(d) If the desired relaxation has not been obtained after exhausting the above procedure, and the appropriate War Department agency continues to urge its necessity, the matter may be referred through channels to the Director, Industrial Personnel Division, Headquarters, Army Service Forces, Attention: Chief, Labor Branch. Such referrals should contain the following information:

(1) Provision or provisions of law the relaxation of which is required.

(2) Extent of relaxation required.

(3) Criticalness or relative scarcity of the material.

(4) Circumstances necessitating the relaxation (such as, for example, a shortage in the local supply of skilled labor).

(5) Remedial action being taken by the manufacturer (such as, for example, training and upgrading).

(6) Efforts previously made to obtain the relaxation.

§ 809.978–2 *Refusal of requests.* Requests for assistance in obtaining a relaxation will be refused in cases in which:

(a) The contractor has not already requested the proper State authorities for such relaxation.

(b) Such relaxation is clearly unnecessary to maintain full production.

(c) The granting thereof would result in a clearly excessive increase in hours of work, in an unreasonable curtailment of rest and lunch periods, or in an undesirable impairment of working conditions.

SUBPART K—EMPLOYMENT OF ALIENS

§ 809.980 *Joint statement.* Under date of June 7, 1943, the Secretary of War, the Attorney General, the Secretary of the Navy and the Chairman of the Maritime Commission issued a joint statement on the employment of aliens. This statement reads as follows:

I. INTRODUCTORY STATEMENT

1. The protection of the war effort against espionage, sabotage, and subversive activities is paramount to all other considerations. The Departments of War, Justice and Navy, and the maritime Commission, recognize clearly the importance of meeting to the fullest possible extent the expanding military and industrial demands for manpower. The governmental agencies herein named are, therefore, making this joint statement with respect to the national policy to the end that the available manpower may be utilized by contractors and sub-contractors to the maximum degree consistent with the paramount importance of internal security.

2. The granting of full employment opportunities to all loyal and qualified workers irrespective of national origin or citizenship is urged upon and expected of all contractors and sub-contractors of the government agencies herein named. The applicable national policy was clearly stated by the President in his statement of July 11, 1942, in which he said:

Persons should not hereafter be refused employment, or persons at present employed discharged, solely on the basis of the fact that they are aliens or that they were formerly nationals of any particular foreign country. A general condemnation of any group or class of persons is unfair and dangerous to the war effort. The Federal Government is taking the necessary steps to guard against, and punish, any subversive acts by disloyal persons, citizens as well as aliens.

3. The policy and procedure herein outlined apply to the employment of aliens by Government contractors and subcontractors within the continental United States. Special regulations apply to the employment of aliens on shipboard and in territories outside of the continental United States.

II. PERMISSION TO EMPLOY AN ALIEN IS REQUIRED IN ONLY TWO CLASSES OF CASES

4. Contractors and subcontractors are required to obtain the written consent of the head of the Government department concerned, before employing aliens under the following conditions only:

(a) *Aeronautical contracts.* Written consent is required before an alien employee may be permitted to have access to the plans or specifications or the work under construction or to participate in the contract trials under contracts involving aircraft, aircraft parts, or aeronautical accessories for the United States.

(b) *Classified contracts.* Written consent is required before aliens employed by a contractor in the performance of secret, confidential, or restricted Government contracts shall be permitted to have access to the plans or specifications, or the work under such contracts, or to participate in the contract trials.

5. War and Navy Department and Maritime Commission contractors and subcontractors may employ aliens as freely as American citizens except under the specific conditions specified in paragraph 4, (a) and (b), above.

III. APPLICATION OF ANTIDISCRIMINATION CLAUSE

6. Pursuant to Executive Order No. 8802, dated June 25, 1941, an antidiscrimination clause (sometimes called "nondiscrimination" clause) has been included in all War and Navy Department and Maritime Commission contracts entered into since June 25, 1941. This clause requires the granting of full employment opportunities to all loyal and qualified workers regardless of race, creed, color, or national origin. This clause is intended to apply equally to citizens and noncitizens. For contractors or subcontractors of the War and Navy Departments, or of the Maritime Commission to require American citizenship as an essential condition for employment is considered a breach of the clause in the contract and is contrary to the national policy as expressed in the Executive order.

7. Even on aeronautical and classified contracts, if a qualified applicant whose services the contractor needs is an alien whose loyalty to the United States the contractor has no reason to doubt, the contractor is obligated to cooperate with the applicant in applying for consent to his employment. Failure to request consent for the employment of, or to employ such an alien upon securing consent, if except for his alien status he would have been employed, constitutes a breach of the anti-discrimination clause of the contract and is contrary to national policy as expressed in the Executive order. If a contractor refuses employment to a qualified and authorized alien worker, he should be prepared to present specific and sufficient reasons to avoid a charge of discrimination.

8. In no case, except those in which an individual alien is denied employment by the specific action of the War or Navy Departments or the Maritime Commission, is a contractor justified in informing an applicant that he is being refused employment because of Government regulations. The same considerations apply to removal from employment.

IV. PROCEDURE FOR REQUESTING CONSENT TO EMPLOY ALIENS FOR WORK ON AERONAUTICAL OR CLASSIFIED CONTRACTS

9. In order to obtain consent of the Head of the Government Department concerned, for the employment of an alien on an aeronautical or classified contract, the alien and the contractor are required to fill out their respective parts of an Alien Questionnaire form. The procedure in this connection is as follows:

(a) The alien may go to the nearest office of the United States Employment Service, which will furnish him with the application form and will assist him in filling out his portion of the Questionnaire. However, if the contractor has forms and office facilities conveniently available, the alien may go directly to the contractor's plant and may there fill out his portion of the Questionnaire. The Plant Security Officer is instructed to furnish to contractors the Alien Questionnaire forms. However, the form may also be secured from the local office of the United States Employment Service.

(b) When the alien's portion of the Questionnaire has been completed, the form will then be submitted to the employer who will fill out his portion of the Questionnaire. Insofar as possible, statements made by the contractor or reported by him, regarding the loyalty of the alien, should be factual rather than simply expressions of opinion.

(c) When the contractor has completed the Alien Questionnaire, (seven copies), he

will retain one copy and will deliver the others to the plant security officer. This officer will retain one copy and will forward the others to the authorized representative of the head of the department concerned.

(d) This representative, after full investigation of the loyalty of the alien applicant, makes his recommendation, pursuant to which the Secretary of War, the Secretary of the Navy, or the Chairman of the Maritime Commission grant or deny consent to employ the alien. Notice of such action is sent directly to the contractor. In the normal case, the employer should receive a decision on his request within less than two weeks from the date the application is filed with the plant security officer.

V. SIGNIFICANCE OF, AND APPEALS FROM DENIAL OF CONSENT

10. The denial of consent does not necessarily indicate a decision that the alien concerned has disloyal tendencies, but may merely mean that his loyalty to the United States has not yet been positively proved.

11. If consent is denied, the contractor should promptly so inform the alien applicant, and at the same time advise him as to possible reconsideration.

12. Reconsideration of a denial of consent may be requested by either the alien or the contractor and additional evidence of loyalty and letters of recommendation, may be sent direct to the Office of the Provost Marshal General.

13. Aliens whose applications for employment on aeronautical or classified contracts have been denied by the Secretary of War, the Secretary of the Navy, or the Chairman of the Maritime Commission, should be directed to the United States Employment Service for referral to other work.

VI. NO PENALTIES APPLY IF CONSENT IS OBTAINED BEFORE EMPLOYING ALIENS ON AERONAUTICAL AND CLASSIFIED CONTRACTS

14. Some contractors and sub-contractors have hesitated to employ aliens because of a lack of clear understanding of the statutory restrictions, and concern as to the penalty for violation thereof. It is repeated and emphasized that the only restrictions are those set forth in paragraph 4 above, and that an employer is not subject to any penalty if, in good faith, he obtains the written consent of the head of the Government department concerned before an alien is permitted to have access to the work, plans, or trials under aeronautical or classified contracts.

VII. RESPONSIBILITIES FOR PLANT SECURITY

15. The contractor is responsible for the protection of the plant against all persons who might endanger its security, regardless of their citizenship. Contractors will comply with detailed regulations concerning plant security issued from time to time by the War and Navy Departments and the Maritime Commission, including:

(a) complying with the provisions of their contracts respecting the safeguarding of all plans and specifications and all work under these contracts; (b) in any case and at any time where there is a definite indication that an employee is subversive or engaged in subversive activities, no investigation will be conducted by the employer, but the facts will be furnished to the Federal Bureau of Investigation for appropriate consideration. (Employees have the same duty of reporting in this regard as have employers.)

VIII. PRIOR STATEMENTS AND CONTRACT PROVISIONS

16. This joint statement is applicable with equal force to the employment of aliens under all existing contracts. If any clause of any existing contract prescribes greater restrictions on the employment of aliens than are hereby required or permitted, the Government will waive compliance with such clause, to the extent that it conflicts with this Statement.

17. All previous statements of the Department of War, Navy, Justice and the Maritime Commission with respect to the policy and procedure in connection with the employment of aliens, are hereby superseded insofar as they may be inconsistent with any statements contained herein.

HENRY L. STIMSON,
Secretary of War.

FRANCIS BIDDLE,
Attorney General.

FRANK KNOX,
Secretary of the Navy.

E. S. LAND,
Chairman, U. S. Maritime Commission.

§ 809.980–1 *Form of contract provision.* For the form of provision relating to employment of aliens required by regulation to be included in all top secret, secret, confidential or restricted contracts, see § 803.337.

§ 809.981 *Anti-discrimination contract clause.* The anti-discrimination clause (see § 803.325) required in contracts under the provisions of Executive Order No. 9346 issued under date of May 27, 1943 (see Subpart L of this part) prohibits discrimination against any employee or applicant for employment because of "national origin". This is construed as prohibiting discrimination based on non-citizenship as well as discrimination based on country of origin.

§ 809.982 *Procedure.* It is to be noted that under Article IV of the Joint Statement set forth in § 809.980 it is contemplated that the Alien Questionnaire, when completed, will be delivered to the plant security officer. If, at a given plant, there is no plant security officer, the questionnaire should be delivered to the Director of Internal Security at the Headquarters of the service command within the limits of which the plant is located.

SUBPART L—FAIR EMPLOYMENT PRACTICE

§ 809.984 *Executive Order No. 9346.* (a) Executive Order No. 9346 issued under date of May 27, 1943 (sometimes hereinafter referred to as the order), reaffirmed the policy of the United States "that there shall be no discrimination in the employment of any person in war industries or in Government by reason of race, creed, color, or national origin" and declared it to be "the duty of all employers, including the several Federal departments and agencies, and all labor organizations, in furtherance of this policy and of this order, to eliminate discrimination in regard to hire, tenure, terms or conditions of employment, or union membership because of race, creed, color or national origin." In addition the order provided as follows:

1. All contracting agencies of the Government of the United States shall include in all contracts hereafter negotiated or renegotiated by them a provision obligating the contractor not to discriminate against any employee or applicant for employment because of race, creed, color, or national origin and requiring him to include a similar provision in all subcontracts.

2. All departments and agencies of the Government of the United States concerned with vocational and training programs for war production shall take all measures appropriate to assure that such programs are administered without discrimination because of race, creed, color, or national origin.

(b) The order also established, in the Office for Emergency Management of the Executive Office of the President, a Committee on Fair Employment Practice, and authorized this Committee, among other things, to formulate policies to achieve the purposes of the order, to receive and investigate complaints of discrimination forbidden by its terms and to promulgate such rules and regulations as might be appropriate or necessary, to carry out the provisions of the order.

(c) The "anti discrimination" clause to be included in War Department contracts, in compliance with the order, may be found in § 803.325.

§ 809.985 *Interpretations of Executive Order No. 9346 by the Committee on Fair Employment Practice.* Pursuant to the authority vested in it by Executive Order No. 9346, the Committee on Fair Employment Practice has issued the following interpretations under the order:

(1) The words "all contracts hereafter negotiated or renegotiated" include all contracts made, amended or modified.

(2) A non-discrimination provision is required in leases, grants or easements, right of way, etc., to the same extent that it is required in other contracts.

(3) The obligation to include the non-discrimination clause exists even though the contract involves non-war activity.

(4) The obligation to include the non-discrimination clause exists even though the contract is required to be awarded to the lowest bidder.

(5) The obligation to include the non-discrimination clause exists even though the contract is between a Federal Government Agency and a State agency or subdivision of a state.

(6) The obligation to include the non-discrimination clause does not depend on the amount of money or other consideration involved in the performance of the contract.

(7) The non-discrimination provision required does not refer to, extend to or cover the activities or business of the contractor which are not related to or involved in the performance of the contract entered into.

(8) Inclusion of a non-discrimination provision is not required in contracts the performance of which does not involve the employment of persons.

(9) Inclusion of a non-discrimination provision is not required in contracts with foreign contractors for work to be performed outside the continental or territorial limits of the United States where no recruitment of workers within the said limits of the United States is involved.

(10) The non-discrimination clause is not required in contracts renewed pursuant to an option to renew in accordance with the terms, conditions and provisions contained in the original contract.

(11) The requirement that parties to contracts with the Government of the United States (or agencies of said Government) include a non-discrimination clause "in all subcontracts" is not applicable to lessors of space in buildings except in cases where the Government of the United States (or any agency thereof) is the only tenant involved, or unless a sub-contract is entered into solely for the purpose of performing an obligation (or obligations) imposed by the Government lease.

(12) The requirement that parties to contracts with the Government of the United States (or agencies of said Government) include a non-discrimination clause "in all sub-contracts" is applicable only in those cases in which the sub-contract is entered into solely for the purpose of enabling the prime contractor to fulfill an obligation (or obligations) imposed by the Government contract.

§ 809.986 *Amendment of contracts and subcontracts not containing anti-discrimination clauses.* (a) The contract clause set forth in § 803.325 is required, under the provisions of Executive Order No. 9346 to be included "in all contracts hereafter negotiated or renegotiated * * *". The inclusion of the word "renegotiated" has been interpreted as imposing the requirements set forth in paragraphs (b) and (c).

(b) Whenever the terms of a contract or contracts are to be modified by the execution of a supplemental agreement, and the contract or contracts to be modified do not contain a clause identical in wording with that set forth in § 803.325, such supplemental agreement will provide that the contract or contracts are modified to include such a clause.

(c) Normally the provisions of paragraph (b) of this section will not be applicable to renegotiation agreements executed pursuant to the Renegotiation Act referred to in Procurement Regulation No. 12 (Part 812). If, however, the renegotiation agreement expressly purports to modify the terms of specified existing contracts with respect to future deliveries, the provisions of paragraph (b) of this section will be applicable. Likewise, if the renegotiation agreement is to be followed by a supplemental agreement or agreements, modifying, with respect to future deliveries, the terms of existing contracts, such supplemental agreement or agreements will provide for the inclusion, in the contracts modified thereby, of the clause set forth in § 803.325.

(d) When a prime contract is amended in accordance with paragraphs (a) and (b) of this section, it is not necessary that the existing subcontracts be correspondingly modified. However, if the subcontracts are subsequently amended for any other reason the anti-discrimination clause contained therein should be amended to conform to the wording of paragraph (a) (1) of the clause set forth in § 803.325.

§ 809.987 *Employment of aliens.* See Subpart K of this part relating to employment of aliens, particularly § 809.981.

SUBPART M—MISCELLANEOUS

§ 809.989 *Division engineers; addresses and territorial jurisdictions.* Following is a list of the addresses of the Division Engineers of the Corps of Engineers with an indication of the service command in which each is located. The territorial jurisdiction of the Division Engineers is coextensive with that of the service commands.

New England Division: 75 Federal Street, Boston 10, Mass. First Service Command.

North Atlantic Division: 21st Floor, 270 Broadway, New York 7, N. Y. Second Service Command.

Middle Atlantic Division: Room 909, 101 E. Fayette Street, Baltimore 2, Md. Third Service Command.

South Atlantic Division: 50 Whitehall Street, P. O. Box 4114, Atlanta 2, Ga. Fourth Service Command.

Ohio River Division: 1120 Huntington Bank Building, Columbus 16, Ohio. Fifth Service Command.

Great Lakes Division: 20 North Wacker Drive, Chicago 6, Ill. Sixth Service Command.

Missouri River Division: Farm Credit Building, 19th and Douglas, Omaha 1, Nebr. Seventh Service Command.

Southwestern Division: Santa Fe Building, 1114 Commerce Street, Dallas 2, Tex. Eighth Service Command.

Pacific Division: 351 California Street, San Francisco, Calif. Ninth Service Command.

§ 809.990 *Regional War Labor Boards; geographical jurisdictions and addresses.*

Region I: Maine, New Hampshire, Vermont, Massachusetts, Connecticut, Rhode Island. 209 Washington Street, Boston 8, Mass.

Region II: New York, the Northern part of New Jersey (including following counties: Sussex, Passaic, Bergen, Warren, Morris, Essex, Hudson, Union, Middlesex, Somerset, Monmouth, Hunterdon). 220 E. Forty-second Street, New York 17, N. Y.

Region III: Pennsylvania, Maryland, Delaware, District of Columbia, Southern part of New Jersey (including following counties: Mercer, Ocean, Burlington, Atlantic, Camden, Gloucester, Salem, Cumberland, Cape May). Room 428, Stephen Girard Building, 21 So. 12th Street, Philadelphia 7, Pa.

Region IV: Virginia, Tennessee, North Carolina, Mississippi, Alabama, Georgia, South Carolina, Florida. P. O. Box 1322, Atlanta, Ga.

Region V: Ohio, Kentucky, West Virginia. Guardian Building, 629 Euclid Avenue, Cleveland 1, Ohio.

Region VI: Illinois, Indiana, Wisconsin, Minnesota, North Dakota, South Dakota. McCormick Building, 332 So. Michigan Avenue, Chicago 4, Ill.

Region VII: Missouri, Arkansas, Kansas, Iowa, Nebraska. 1100 Fidelity Building, 911 Walnut Street, Kansas City 6, Mo.

Region VIII: Texas, Oklahoma, Louisiana. Mercantile Bank Building, P. O. Box 5281, Dallas 2, Tex.

Region IX: Colorado, New Mexico, Utah, Wyoming, Idaho, Montana. 300 Paramount Building, Denver 2, Colo.

Region X: California, Nevada, Arizona. 1355 Market Street, San Francisco 3, Calif.

Region XI: Michigan. Room 230, Penobscot Building, Detroit 26, Mich.

Region XII: Washington, Oregon, Alaska. 1411—4th Avenue, Seattle 1, Wash.

Hawaii: Territorial War Labor Board. Building "E", Iolani Palace Grounds. Honolulu, T. H.

§ 809.991 *Wage and Hour and Public Contracts Divisions of the United States Department of Labor Regional Offices, geographical jurisdictions and addresses of Regional Directors.*

Region I: Massachusetts, New Hampshire, Maine, Vermont, Connecticut, Rhode Island, 294 Washington Street, Boston 8, Mass.

Region II: New York and New Jersey, 341 Ninth Avenue, New York 1, N. Y.

Region III: Pennsylvania and Delaware. 1216 Widener Building, Chestnut and Juniper Streets, Philadelphia 7, Pa.

Region IV: Virginia, West Virginia, Maryland, District of Columbia. 215 Richmond Trust Building, 627 East Main Street, Richmond 19, Va.

Region V: North Carolina, South Carolina, Georgia, Florida. 249 Peachtree Street, N. E., Atlanta 3, Ga.

Region VI: Alabama, Mississippi, Louisiana. 1007 Comer Building, 2nd Ave. and 21st St., Birmingham 3, Alabama.

Region VII: Tennessee and Kentucky. 509 Medical Arts Bldg., Nashville 3, Tenn.

Region VIII: Ohio and Michigan. 4094 Main Post Office, West Third and Prospect Avenue, Cleveland 13, Ohio.

Region IX: Illinois, Indiana, Wisconsin. 222 West North Bank Drive, Chicago 54, Ill.

Region X: North Dakota, South Dakota, Minnesota, Montana. 406 Pence Building, 730 Hennepin Avenue, Minneapolis 3, Minn.

Region XI: Kansas, Nebraska, Iowa, Missouri, Colorado, Wyoming. 911 Walnut Street, Kansas City 6, Mo.

Region XII: Texas, Oklahoma, Arkansas, New Mexico. 1100 Main Street, Dallas 2, Tex.

Region XIII: California, Arizona, Nevada, Washington, Oregon, Idaho, Utah, Hawaii, Alaska. 500 Humboldt Bank Building, 785 Market Street, San Francisco 3, Calif.

Alaska: Territorial Representative. 411 Territorial Post Office Building, Juneau, Alaska.

Puerto Rico: Territorial Representative. P. O. Box 112, San Juan 1, Puerto Rico.

§ 809.992 *Salary Stabilization Regional Offices of the Salary Stabilization Unit, Bureau of Internal Revenue, geographical jurisdictions and addresses.*

Boston: Room 1102, 44 School St., Boston 8, Mass. Serving the States of Maine, New Hampshire, Vermont, Massachusetts, Rhode Island and Connecticut.

New York: 253 Broadway, New York 7, N. Y. Serving the State of New York and the Fifth Collection District of New Jersey which includes Bergen, Essex, Hudson, Hunterdon, Middlesex, Morris, Passaic, Somerset, Sussex, Union and Warren Counties.

Philadelphia: Suite 1313, Market Street National Bank Building, NE. corner Market and Juniper Streets, Philadelphia 7, Pa. Serving the State of Pennsylvania and the First Collection District of New Jersey which includes Atlantic, Burlington, Camden, Cape May, Cumberland, Gloucester, Mercer, Monmouth, Ocean and Salem Counties.

Washington: Room 2529, Internal Revenue Building, Twelfth and Constitution Ave. NW., Washington 25, D. C. Serving the District of Columbia, Puerto Rico and the States of Delaware, Maryland, Virginia, West Virginia and North Carolina.

Atlanta: Room 717, William Oliver Bldg., 32 Peachtree St. NW., Atlanta 3, Ga. Serving the States of South Carolina, Georgia, Florida, Alabama and Tennessee.

Cleveland: Williamson Bldg., 215 Euclid Avenue, Cleveland 14, Ohio. Serving the States of Ohio and Kentucky.

Detroit: Penobscot Bldg., 645 Griswald St., Detroit 26, Mich. Serving the State of Michigan.

Chicago: Utilities Building, 327 South LaSalle St., Chicago 4, Ill. Serving the States of Illinois, Wisconsin, Minnesota, North Dakota, South Dakota and Indiana.

Kansas City: 610 R. A. Long Bldg., 928 Grand Ave., Kansas City 6, Mo. Serving the States of Missouri, Iowa, Nebraska, Kansas and Colorado.

Dallas: 701 Cotton Exchange Bldg., 608 North St. Paul Street, Dallas 1, Tex. Serving the States of Arkansas, Oklahoma, Mississippi, Louisiana, Texas and New Mexico.

Seattle: Room 312, Smith Tower Annex, 157 Yesler Way, Seattle 4, Wash. Serving the States of Washington, Oregon, Idaho, Montana, Wyoming and the Territory of Alaska.

San Francisco: Room 204 Balboa Building, 593 Market St., San Francisco 5, Calif. Serving the States of Nevada, Utah the Territory of Hawaii and the First Collection District of the State of California which includes Alameda, Alpine, Amador, Butte, Calaveras, Colusa, Contra Costa, Del Norte, Eldorado, Fresno, Glenn, Humboldt, Inyo, Kings, Lake, Lassen, Madera, Marin, Mariposa, Mendocino, Merced, Modoc, Mono, Monterey, Napa, Ne-

vada, Placer, Plumas, Sacramento, San Benito San Francisco, San Joaquin, San Mateo, Santa Clara, Santa Cruz, Shasta, Sierra, Siskiyou, Solano, Sonoma, Stanislaus, Sutter, Tulare, Tehama, Trinity, Tuolumne, Yolo, and Yuba Counties.

Los Angeles: Suite 902, Subway Terminal Building, 417 South Hill Street, Los Angeles 13, Calif. Serving the State of Arizona and the Sixth Collection District of the State of California which includes Imperial, Kern, Los Angeles, Orange, Riverside, San Bernardino, San Diego, San Luis Obispo, Santa Barbara and Ventura Counties.

Honolulu: Room 101, Federal Building, Honolulu 9, T. H.

§ 809.993 *Delegations of authority to War Department.*

§ 809.993–1 *General Order No. 14 of the National War Labor Board.* General Order No. 14, adopted by the National War Labor Board on November 24, 1942, as subsequently amended, reads as follows:

AUTHORIZATION TO THE WAR DEPARTMENT TO PASS ON WAGE AND SALARY ADJUSTMENTS FOR DESIGNATED CIVILIAN EMPLOYEES

(A) The National War Labor Board hereby delegates to the Secretary of War, to be exercised on his behalf by the Wage Administration Section within the Industrial Personnel Division, Headquarters, Army Service Forces (hereinafter referred to as the "War Department Agency"), the power to rule upon all applications for wage and salary adjustments (insofar as approval thereof has been made a function of the National War Labor Board) covering civilian employees within the continental limits of the United States, employed by:

(1) The War Department

(2) The Army Exchange Service, and

(3) Government-owned, privately-operated facilities of the War Department,

all in accordance with the further provisions of this order.

(B) There shall be a standing tripartite Appeals Committee, to consist of two representatives of the public, who shall act as co-chairmen, and two representatives each of industry and labor to be appointed by the National War Labor Board. The Committee may have such assistants as the Board may designate. The Board hereby delegates to the Appeals Committee the power to pass upon appeals from rulings by the War Department Agency under category A (3) above, and to perform such other duties as are hereinafter prescribed.

(C) In the performance of their respective duties the War Department Agency and the Appeals Committee shall comply with the terms of Executive Order No. 9250, dated October 3, 1942, Executive Order No. 9328, dated April 8, 1943, the Supplementary Directive of May 12, 1943, and all general orders and policies of the National War Labor Board announced thereunder.

Any wage or salary adjustment approved by the Agency "which may increase production costs above the level prevailing in comparable plants or establishments" shall become effective only if also approved by the Director of Economic Stabilization. Notice to this effect shall be contained in all rulings and orders issued by the War Department Agency in wage cases.

Applications for approval of voluntary wage adjustments within the jurisdiction of the War Department Agency shall state whether or not the adjustment if granted may increase production costs above the level prevailing in comparable plants or establishments. If the answer is in the affirmative, the War Department Agency shall send to the War Labor Board for processing to the Office of the Director of Economic Stabilization a copy of the application and a copy of its ruling at the time of issuance thereof, for approval as mentioned above.

The War Department Agency, without making an initial ruling thereon, may refer to the Board for decision by the Board any case which in the opinion of the Agency presents doubtful or disputed questions of sufficient seriousness and import to warrant direct action by the Board.

(D) The War Department Agency and the Appeals Committee shall transmit to the Wage Stabilization Division of the National War Labor Board copies of their respective rulings and rules of procedure as they are issued. In administering the provisions of this order the Agency shall also transmit monthly reports of its rulings to the Wage Stabilization Director of the National War Labor Board, and such additional data as said Division or the Board may from time to time deem necessary.

(E) Any ruling by the War Department Agency hereunder shall be final, subject

(1) To the National War Labor Board's ultimate power to review rulings on its own initiative, and

(2) In cases under category A (3) above, to the right of any aggrieved party, within a period of fourteen days after the issuance of the ruling, to file an appeal with the Appeals Committee.

(F) Any ruling by the Appeals Committee hereunder shall be final, subject

(1) To the National War Labor Board's ultimate power to review rulings on its own initiative, and

(2) To the right of any aggrieved party, including the War Department within a period of fourteen days after the issuance of the ruling, to petition the National War Labor Board for leave to appeal to the Board. The burden shall be upon the petitioner in such cases to show why the Board should be called upon to act.

(G) Any ruling by the War Department Agency hereunder shall be deemed to be the Act of the National War Labor Board unless and until reversed or modified by the Appeals Committee or by the Board.

(H) The term "government-owned, privately-operated facilities of the War Department" shall include for the purposes of this Order only those facilities (1) in which the War Department has contractual responsibility for the approval of pay roll costs, and (2) which are designated in lists furnished from time to time, to the Board by the War Department Agency. The Board may at any time, upon at least seven days' notice to the War Department Agency, strike from the list any facility if the Board believes that the policies of Executive Order No. 9017, Executive Order No. 9250, Executive Order No. 9328, or the Supplementary Directive of May 12, 1943, will be furthered by the Board's acting directly upon the wage and salary adjustments of such facility.

(I) Where disputes about wages and salaries arise between the private operators of said facilities and their employees, the following procedure shall be followed. The dispute shall first be referred for negotiation to the U. S. Conciliation Service. If an agreement is reached, that portion of the agreement pertaining to wages shall be submitted to the War Department Agency for approval. If no agreement is reached, the dispute shall be referred for decision to the appropriate Regional Board, subject to the regular rules of procedure of the National War Labor Board. At the same time, the War Department Agency shall be notified of the dispute and the nature of the case. On its own initiative the Agency may request the Regional Board for any further information concerning the case. When a decision has been reached by the Regional Board, copies of the Board's decision shall be sent to the War Department Agency and the Wage Stabilization Director of the National War Labor Board at the same time that copies are sent to the parties in the dispute. Within the fourteen day period allowed for filing a petition for review, the War Department Agency may request a review of the case according to the rules of procedure, as amended, of the National War Labor Board

§ 809.993–2 *General Order No. 37 of the National War Labor Board.* The National War Labor Board hereby supplements General Order No. 36 by delegating to the Secretary of War, or to such agency as he may designate, subject to final review by the National War Labor Board, the authority to establish wage or salary schedules for civilian employees of the War Department in the various government-owned, government-operated installations located in the Territory of Hawaii, in accordance with the provisions of the Act of Congress of October 2, 1942, Executive Order 9250 dated October 3, 1942, Executive Order 9328 dated April 8, 1943, the Supplementary Directive of May 12, 1943 and all other Executive orders and regulations issued thereunder, subject to the following limitations:

(a) The June 6, 1944 level of wage and salary rates prevailing in army installations in the Territory of Hawaii shall be maintained in accordance with the directions subsequently set forth in this order.

(b) Exclusive of the Hawaiian Air Depot, the approval of any wage or salary schedules resulting from job reclassifications shall not cause an overall increase in the job rates as weighted by the number of employees in each job classification in all the establishments to which that schedule is applied, to exceed five percent.

(c) Wage rates to be established through job classifications for the Hawaiian Air Depot shall be in conformity with the schedules for other War Department installations established in the Territory.

(d) The rates for any new job classifications subsequently created in any War Department installation shall bear the proper relationship to the rates for immediately interrelated job classifications in that installation.

NOTE: Pursuant to the authority vested in him by General Order No. 37 of the National War Labor Board, the Secretary of War has designated the War Department Wage Administration Agency as the agency to exercise all powers delegated to him in that order. (See § 809.952–3(d).)

§ 809.993–3 *Delegation from the Commissioner of Internal Revenue.* By letter dated December 24, 1942, the Commissioner of Internal Revenue delegated to the Secretary of War the authority to administer the provisions of Executive Order No. 9250, General Regulations of the Director of Economic Stabilization and the Salary Stabilization Regulations as they relate to salary adjustments, which come under the jurisdiction of the Commissioner of Internal Revenue, of all civilian employees employed by the War Department within the continental limits of United States and Alaska, the Army Exchange Service and Government-owned, privately-operated facilities of the War Department. The full text of the letter follows:

DECEMBER 24, 1942.

The Honorable, THE SECRETARY OF WAR.

MY DEAR MR. SECRETARY: Reference is made to your letter dated December 1, 1942, addressed to the Secretary of the Treasury, wherein it is suggested that an arrangement be adopted so that the Secretary of War may have the authority to administer the provisions of Executive Order No. 9250, General Regulations of the Director of Economic Stabilization and the Salary Stabilization Regulations, as they relate to salary adjustments which come under the jurisdiction of this office, of all civilian positions of the War Department within the continental United States and Alaska. The delegation of authority would also cover salary adjustments for personnel under the Army Exchange Service and in Government owned, privately operated plants. It is further requested that the authority delegated be exercised on behalf of the Secretary of War by the Wage Administration Section in the Civilian Personnel Division Headquarters, Services of Supply. Under the plan suggested the Wage Administration Section would have authority to act on cases covered by the policies of this office and will present to the Commissioner of Internal Revenue a request for a decision of any case not so covered. There was attached to your letter a Wage Administration Manual for ungraded civilian jobs.

In accordance with your request, there is hereby delegated to the Secretary of War, as the agent of the Commissioner, to be exercised on his behalf by the Wage Administration Section within the Civilian Personnel Division, Headquarters, Services of Supply (hereinafter referred to as the War Department Agency) authority to rule upon all applications for salary adjustments (insofar as approval thereof has been made a function of the Commissioner of Internal Revenue) covering civilian employees within the continental limits of the United States and Alaska, employed by the War Department, the Army Exchange Service and Government owned, privately operated facilities of the War Department.

This delegation is subject to the following conditions:

1. The War Department Agency, without making initial ruling thereon, may refer to the Commissioner of Internal Revenue for decision any case which in the opinion of the agency presents doubtful and disputed questions of sufficient importance to warrant direct action by the Commissioner.

2. The War Department Agency shall transmit to the Commissioner of Internal Revenue copies of its rulings and rules of procedure as they are issued and such additional data and reports as the Commissioner may from time to time deem necessary.

3. Any ruling by the War Department Agency shall be final, subject to

(a) the Commissioner's ultimate power to review rulings on his own initiative;

(b) the right of any aggrieved party to take an appeal to the Commissioner from the ruling of the War Department Agency within a period of ten days after the date of such ruling. An appeal shall be filed with the War Department Agency to be forwarded to the Commissioner for action.

Any ruling by the War Department Agency shall be deemed to be the act of the Commissioner of Internal Revenue, unless and until reversed or modified by him, and any such reversal or modification shall take effect from the date recited in the order of modification or reversal.

4. Any ruling of the War Department Agency under this delegation of authority shall be effective from the date of the receipt of the application for salary adjustment and in no case should the War Department Agency issue a ruling which would have a retroactive effect; except, however, in those cases where a salary adjustment was made in good faith and consistent with the provisions of Executive Order No. 9250, prior to the date of this letter, retroactive approval may be made if the application for approval is filed with the War Department Agency on or before January 15, 1943.

5. The "Government owned, privately operated facilities of the War Department" which are to be subject to the terms of this delegation shall be only those which are named in lists furnished from time to time to the Commissioner of Internal Revenue by the War Department Agency. The Commissioner of Internal Revenue may at any time, upon at least seven days' notice to the War Department Agency, strike from the list any facility if the Commissioner of Internal Revenue believes that the policies of the Executive Order No. 9250, the regulations promulgated by the Economic Stabilization Director and those of the Commissioner of Internal Revenue require that the Commissioner of Internal Revenue act directly upon the wage and salary adjustments of such facility.

Since the Wage Administration Section in the Headquarters, Services of Supply, has the technical staff and has made the necessary preparation to apply the provisions of the Executive Order No. 9250 and the regulations throughout the War Department, it is believed that the foregoing delegation of authority will aid in the expeditious handling of the salary adjustment program.

Very truly yours,

GUY T. HELVERING,
Commissioner.

§ 809.994 *Minimum wage determinations.* Sections 809.994–1 to 809.994–44, inclusive, contain the minimum wage determinations of the Secretary of Labor under the Walsh-Healey Public Contracts Law.

§ 809.994–1 *Knitting, knitwear and woven underwear.* The knitting, knitwear, and woven underwear industry is defined for the purposes of this determination as follows:

(a) The manufacturing, dyeing, or other finishing of any knitted fabric made from any yarn or mixture of yarns, and the manufacturing of knitted towels and cloths;

(b) The knitting from yarn or manufacturing from knitted fabric of knitted garments, sections of garments, or garment accessories except gloves, mittens, hosiery, belts manufactured from purchased knitted fabric, and any product the manufacture of which is covered by the prevailing minimum wage determination for the suit and coat branch of the uniform and clothing industry (§ 809.994–34);

(c) The manufacturing of underwear and bathing suits from any woven fabric.

Date effective. April 20, 1943.

Wage. Not less than 40 cents an hour or $16.00 for a week of 40 hours, arrived at either upon a time or piece-work basis. Learners may be employed at subminimum rates only in accordance with the present applicable regulations issued by the Administrator of the Wage and Hour Division under Fair Labor Standards Act, as amended on June 28, 1943, which were adopted for the purposes of this determination.

§ 809.994–2 *Gloves and mittens industry.* The gloves and mittens industry is defined for the purpose of this determination as that industry which manufactures gloves and mittens (except athletic gloves and mittens) from any material (other than rubber) or from any combination of materials (other than rubber).

Date effective. January 16, 1943.

Wage. 40 cents an hour or $16.00 for a week of 40 hours arrived at either upon a time or piece-work basis. Learners may be employed at subminimum rates only in accordance with the present applicable regulations issued by the Administrator of the Wage and Hour Division under the Fair Labor Standards Act, as amended on March 22, 1943, which were adopted for the purposes of this determination.

§ 809.994–3 *Seamless hosiery industry.* Manufacture or furnishing of seamless hosiery.

Date effective. July 8, 1943.

Wage. 40 cents per hour or $16.00 per week for a week of 40 hours, arrived at either upon a time or piece-work basis. Learners may be employed at sub-minimum rates only in accordance with the present applicable regulations issued by the Administrator of the Wage and Hour Division under the Fair Labor Standards Act, which were adopted for the purposes of this determination.

§ 809.994–4 *Men's hat and cap industry.* Manufacture or supply of men's hats and caps, including men's white sailor and other stitched cloth hats, men's fur-felt hats, men's uniform caps, and women's hats, men's uniform caps, and women's hats and caps of similar design and construction.

Date effective. March 2, 1944.

Wage. 67.5 cents an hour or $27.00 per week of 40 hours, arrived at either upon a time or piece-work basis.

(a) *Variation from minimum wage determination.* A tolerance of not more than 20 percent of the employees in any one factory, whose activities at any given time are subject to the provisions of the Walsh-Healey Public Contracts Act is granted for auxiliary workers in the men's hat and cap industry except that there shall be no limitation on the number or proportion of auxiliary workers employed in the uniform cap and stitched hat branches of the industry, provided that any auxiliary workers in the industry shall be paid not less than 40 cents an hour or $16 per week of 40 hours, arrived at either upon a time or piecework basis.

(b) *Definition of "auxiliary workers."* The term "auxiliary workers" as applied to the employees in the uniform cap and stitched hat branches of the industry shall include only those employees engaged in auxiliary occupations enumerated and defined as follows:

(1) *Hand clipping.* The operation of separating component parts of the article after they have been sewn.

(2) *Hand cleaning.* The operation of removing excess threads from the article or removing stains or dust.

(3) *Size stamping.* The operation of stamping the head size mark on the article.

(4) *Floor boys (girls).* One who carries items of work to and from the various departments.

(5) *Examining.* The operation of inspecting the article for imperfections during any stage of manufacture.

(6) *Sweat band, braid, and strap cutter and measuring.* The operation of measuring and cutting bands, straps and ribbons.

(7) *Turning.* The operation of turning the article inside out or outside in.

(8) *Packing.* The operation of packing the finished caps into shipping containers, spraying larvex or moth flakes; if necessary, inserting tissue paper in caps and inserting a cardboard ring stiffener to support crown of cap.

(9) *Shipping and receiving.* The operation of unloading and checking stock and preparing containers for shipment.

(10) *Waste material sorting.* The operation of separating paper from the rags whether performed in the cutting room or elsewhere.

(11) *Hand stapling.* The operation by hand pressure of a wire stapling machine to join together parts of the article, to attach labels, bows or cloth to the article or part of the article, or to join ends of a cardboard strip to form a packing ring.

(12) *Drawstring pulling.* The operation of slipping a cord or drawstring through part of a cap, hood or helmet.

(13) *Basting pulling.* The operation of pulling out basting threads.

(14) *Porter.* The operation of cleaning floors or carrying boxes.

(15) *Band and braid fitting.* The operation of placing by hand but not sewing on a cap a prepared band or braid.

(16) *Wire stiffener inserting.* The operation of slipping a wire ring into the cap.

(17) *Hand buckling.* The operation of slipping a buckle on a strap.

(18) *Visor inserting.* The operation of inserting a canvas stiffener into a cloth pocket before the visor is attached.

(19) *Pasting.* The operation of attaching a label or ticket to a part of hat with paste or glue.

(20) *Hand button inserting.* The operation of inserting, by hand, into a prepared hole a button and bending over clips to hold the button in place, or inserting a button with a threaded neck, and screwing a nut on neck to hold button firm.

(21) *Hand hole punching.* The operation of punching a hole into material by use of an ice pick or similar pointed hand instrument.

(22) *Wire cutting and ring forming.* The operation of cutting a wire to length and joining the ends to form a stiffener ring.

(23) *Hand eyeletting.* The operation by hand pressure of a machine to attach an eyelet to the article.

(24) *Hand snap fastening.* The operation by hand pressure of a machine to attach a snap fastener to the article.

§ 809.994–5 *Rainwear industry.* Manufacture or supply of men's raincoats, including vulcanized and rubberized raincoats and raincoats made from material known under the registered trademark of "Cravenette" or from fabric chemically or otherwise treated so as to render it water-resistant, of oiled waterproof cotton outer garments, and of other types of rainwear.

Date effective. December 4, 1942, except that learners may be employed at subminimum rates, in accordance with the present applicable regulations of the Administrator of the Wage and Hour Division, on or after December 4, 1942, in the performance of contracts, bids for which were solicited or negotiations otherwise commenced by the contracting agency prior to that date.

Wage. 40 cents an hour or $16 per week of 40 hours, arrived at either upon a time or piecework basis. Learners may be employed at subminimum rates only in accordance with the present applicable regulations issued by the Administrator of the Wage and Hour Division under the Fair Labor Standards Act of 1938, as amended on June 28, 1943, which were adopted for the purposes of this determination.

§ 809.994–6 *Cotton garment and allied industries.* The cotton garment and allied industries shall be understood to be that industry which manufactures or furnishes any of the following commodities:

Trousers, knickers, work pants, and breeches (except when made wholly of wool and uniform trousers and breeches made wholly or partially of wool) dress or work shirts and nightwear of any material except knit fabric; overalls, overall jackets, and one-piece overall suits; work coats and work jackets (except wool and wool-lined, and leather and sheep-lined); washable service apparel (hospital, professional, etc.; other cotton outerwear of any material except knit fabric; barrack bags; bandoleers; ammunition and cartridge belts made of textiles; canvas leggins; cot covers; fabric pouches and carriers for first aid equipment, such as: kit cantle ring straps, kit inserts, kit laces, kit pouches and kit suspenders; mattress covers; mosquito bars; and wardrobe bags with draw-strings, made of textiles.

Date effective. July 20, 1942.

Wage. 40 cents per hour or $16.00 per week of 40 hours, arrived at either upon a time or piece work basis.

Learners may be employed at subminimum rates only in accordance with the present applicable regulations issued by the Administrator of the Wage and Hour Division under the Fair Labor Standards Act, as amended on June 28, 1943, which were adopted for the purposes of this determination.

§ 809.994–7 *Men's neckwear industry.* Manufacture and supply of men's neckwear (exclusive of knitted neckwear) and of women's ties of design and construction similar to such men's neckwear.

Date effective. July 8, 1943, except that learners and apprentices may be employed at subminimum rates in accordance with the present applicable regulations of the Administrator of the Wage and Hour Division, on or after July 8, 1943, in the performance of contracts bids for which were solicited or negotiations otherwise commenced by the contracting agency prior to that date.

Wage. 50 cents per hour or $20.00 per week for a 40-hour week arrived at either upon a time or piece work basis. Learners and apprentices may be employed at subminimum rates in accordance with the present applicable regulations issued by the Administrator of the Wage and Hour Division under the Fair Labor Standards Act which were adopted for the purposes of this determination.

Establishments manufacturing products as defined in this industry shall be granted a tolerance for persons actually employed as boxers and trimmers: *Provided*, That such boxers and trimmers be paid not less than 40 cents per hour or $16.00 per week for a 40-hour week and not less than the piece rates paid to all other workers in the same occupational classification.

§ 809.994–8 *Dimension granite industry.* Including monumental stone, building stone, paving blocks, curbing, riprap, and rubble, but not crushed stone.

Date effective. January 15, 1938.

Wage. In Maine, New Hampshire, Vermont, Massachusetts, Rhode Island, Connecticut, and New York—57.5 cents per hour or $23.00 per week based on a 40-hour week, arrived at either on a time or piece work basis.

In North Carolina, Virginia, South Carolina, Georgia, Florida, Alabama, Tennessee, Kentucky, Mississippi, Louisiana, Arkansas, and Texas—40 cents per hour or $16.00 per week based on a 40-hour week, arrived at either on a time or piece work basis. Effective July 8, 1944.

In Pennsylvania, New Jersey, Delaware, Maryland, District of Columbia, West Virginia, Ohio, Indiana, Illinois, Michigan, Wisconsin, Minnesota, Iowa, Missouri, Oklahoma, Kansas, Nebraska, South Dakota, North Dakota, Montana, Idaho, Wyoming, Colorado, New Mexico, Arizona, Utah, Nevada, California, Oregon and Washington—42.5 cents per hour or $17.00 per week based on a 40-hour week, arrived at either on a time or piece work basis.

Monumental stone, building stone, paving blocks, curbing, riprap, and rubble, specifically made subject to the minimum wage determination for the dimension granite industry, are exclusively products of granite quarries, and such stones when the products of other quarries are not subject to the minimum wage determination for the dimension granite industry.

§ 809.994–9 *Shoe manufacturing and allied industries.* The term "shoe manufacturing and allied industries" means:

(a) The manufacture or partial manufacture of footwear from any material and by any process except knitting, vulcanizing of the entire article or vulcanizing (as distinct from cementing) of the sole to the upper.

(b) The manufacture or partial manufacture of the following types of footwear, subject to the limitations of paragraph (a) but without prejudice to the generality of that paragraph:

Athletic shoes	Puttees, except spiral puttees
Boots	Sandals
Boot tops	Shoes completely rebuilt in a shoe factory
Burial shoes	Slippers
Custom made boots or shoes	
Mocassins	

(c) The manufacture from leather or from any shoe-upper material of all cut stock and findings for footwear, including bows, ornaments, and trimmings.

(d) The manufacture of the following types of cut stock and findings for footwear from any material except from rubber or composition of rubber, molded to shape:

Cutsoles	Shanks
Midsoles	Boxtoes
Insoles	Counters
Taps	Stays
Lifts	Stripping
Rands	Sock linings
Toplifts	Heel pads
Bases	

(e) The manufacture of heels of any material except molded rubber, but not including the manufacture of wood-heel blocks.

(f) The manufacture of cut upper parts for footwear, including linings, vamps and quarters.

(g) The manufacture of pasted shoe stock.

(h) The manufacture of boot and shoe patterns.

Date effective. July 11, 1942.

Wage. 40 cents an hour or $16.00 for a week of 40 hours, arrived at on a time or piece work basis.

Learners, handicapped workers, and apprentices may be employed in accordance with the following regulations under the Fair Labor Standards Act of 1938, which are hereby adopted for the purpose of this wage determination: Regulations Applicable to the Employment of Learners (29 CFR, Cum. Supp., Part 522); Regulations Applicable to the Employment of Handicapped Persons (29 CFR, Cum. Supp., Part 524); Regulations Applicable to the Employment of Apprentices (29 CFR, Cum. Supp., Part 521); and the Regulations Applicable to the Employment of Handicapped Clients in Sheltered Workshops (29 CFR, Cum. Supp., Part 525).

Nothing in this determination shall be interpreted as abrogating any obligation that may have been incurred under the previous determination for the men's welt shoe industry.

§ 809.994–10 *Handkerchief industry.* The handkerchief industry, for the purpose of this determination, is defined as follows: The manufacture of men's, women's and children's handkerchief, plain or ornamented, from any material.

Date effective. July 8, 1943.

Wage. 40 cents per hour or $16.00 per week of 40 hours, arrived at either upon a time or piece-work basis. Learners may be employed at subminimum rates in accordance with the present applicable regulations issued by the Administrator of the Wage and Hour Division under the Fair Labor Standards Act of 1938 which were adopted for the purposes of this determination.

§ 809.994–11 *Envelope industry.* Envelopes.

Date effective. May 12, 1938.

Wage. 42.5 cents per hour or $17.00 per week for a week of 40 hours, to be arrived at either upon a time or piece work basis.

§ 809.994–12 *Vitreous or vitrified china industry.* Vitreous or vitrified china, excluding semivitreous or semivitrified china.

Date effective. May 19, 1938.

Wage. 42.75 cents per hour or $17.10 per week for a week of 40 hours, to be arrived at either upon a time or piece work basis. The Administrator for the Public Contracts Division, Department of Labor, advises the above applies only to "tableware, kitchenware, dinnerware, and kindred lines, and not to plumbers' and sanitary supplies."

§ 809.994–13 *Leather, leather trimmed, and sheep-lined garments industry.* All leather, leather trimmed, and sheep-lined garments for men, women, or children.

Date effective. September 19, 1941.

Wage. 42.5 cents per hour or $17.00 per week of 40 hours, arrived at either upon a time or piece rate basis.

NOTE: The Administrator of Public Contracts, Department of Labor, in letter dated January 6, 1942, states that is has been determined that sheep-lined aviation helmets and leather aviation helmets come within the purview of the above determination.

§ 809.994–14 *Flint glass industry.* The flint glass industry produces such types of glassware as illuminating, table glassware, all thin blown glass, thermos bottles, chemical and laboratory ware, perfumery ware, stoppers and bottles, and the like, which character of glassware is produced by the pressed, pressed and blown, off hand and blown method, cutting and polishing; in fact, all types of glassware other than window, plate, and rolled glass, common bottles, containers, and prescription glassware.

Date effective. July 12, 1938.

Wage. 42.5 cents an hour or $17.00 per week for a week of 40 hours, arrived at either upon a time or piece work basis.

NOTE: The Department of Labor has advised that this wage determination is intended to cover all types of glassware other than window, plate and rolled glass, common bottles, containers, and prescription glassware. Among the items particularly included under this intended coverage are fiberglass and fiberglass products.

§ 809.994–15 *Luggage, leather goods, belts, and women's handbag industry.* The luggage, leather goods, belts, and women's handbag industry is defined for the purpose of this determination as follows:

(a) The manufacture from any material of luggage including, but not by way of limitation, trunks, suitcases, traveling bags, brief cases, sample cases; the manufacture of instrument cases covered with leather, imitation leather, or fabric including, but not by way of limitation, portable radio cases; the manufacture of small leather goods and like articles from any material except metal; the manufacture of women's, misses', and children's handbags, pocketbooks, purses, and mesh bags from any material except metal; but not the manufacture of bodies, panels, and frames from metal, wood, fiber, or paper board for any of the above articles.

(b) The manufacture from leather, imitation leather, or fabric of cut stock and parts for any of the articles covered in paragraph (a) of this section.

(c) The manufacture of men's, boys', women's, misses', and children's separate belts from leather, imitation leather, or other material or fabric.

Date effective. April 20, 1943.

Wage. Not less than 40 cents an hour or $16.00 per week of 40 hours, arrived at either upon a time or piece work basis. Apprentices may be employed at subminimum rates in accordance with the present applicable regulations issued by the Administrator of the Wage and Hour Division under the Fair Labor Standards Act, which were adopted for the purposes of this determination. Learners may be employed at subminimum rates in the performance of contracts for the manufacture or furnishing of articles covered by paragraph (c) in accordance with the present applicable regulations issued by the Administrator of the Wage and Hour Division under the Fair Labor Standards Act, which were adopted for the purposes of this determination.

§ 809.994–16 *Fireworks industry.* Commercial fireworks, fusees, flares, and railroad torpedoes.

Date effective. September 8, 1944.

Wage. 40 cents an hour or $16.00 per week for a week of 40 hours, arrived at either upon a time or piece work basis.

§ 809.994–17 *Wool carpet and rug industry.* Wool carpets and rugs (exclusive of rag rugs).

Date effective. October 15, 1938.

Wage. 40 cents an hour or $16.00 per week of 40 hours, to be arrived at either upon a time or piece work basis.

§ 809.994–18 *Tag industry.* Tags.

Date effective. September 23, 1941.

Wage. 40 cents an hour or $16.00 per week of 40 hours, arrived at either upon a time or piece work basis.

§ 809.994–19 *Aircraft manufacturing industry.* (a) The following illustrative list of commodities, their parts and accessories is understood to be within the scope of the aircraft manufacturing industry wage determination (included are not only those products which were originally construed to be within this industry, but also those products which have since been included by interpretation. This list is subject to revision as additional interpretation of products is made):

Airplanes
Engines, aircraft-type
Gliders
Propellers, aircraft and parts and accessories, such as—

Airplane spare parts and accessories

Accumulators, landing gear
Adapter assembly for oxygen masks
Adapters and plungers
Ailerons
Ammunition rounds counters and contractors
Axles
Beaching gear
Bomb bay tanks
Bomb hoists
Bomb rack assemblies
Bomb shackles
Booster coils
Brackets
Brake hose and hose fittings
Cabin center panel for windshield
Cable terminals
Cables, motor trigger
Clevises
Clips
Conduit and pipe fittings
Control assemblies for bomb release interval
Control equipment for turrets
Controls, air brake
Couplings
Cowlings
De-icer equipment (except rubber) for propeller, windshield and carburetor venturi: Pump, oil supply tank, control and distributing valve
Domes, plexiglas navigating
Elbows
Elevators
Fairings
Ferrules
Fins
Fittings, structural
Fixtures: master and articulated rod bearing and bushing
Flaps, wing
Flare racks
Floats
Generators
Hinges
Hoisting slings
Hooks, arresting
Hose assemblies
Housings
Hulls, seaplane
Hydraulic pressure regulators
Hydraulic windshield wipers
Jumpers, bonding
Landing gear:
Brakes
Oleo struts:
Skiis
Tires
Wheels
Levers
Locks, oleo leg
Mount assemblies:
Gun, ammunition box
Mounts:
Camera, engine, and generator
Oleo packing
Operating cylinders
Panels, wing
Pedals
Pins, fitting
Posts
Pulleys
Recoil dampeners, gun
Reservoirs
Retracting cylinders
Rudders
Seats, pilot
Shackles
Shock struts and cords
Solenoids
Spars
Sponsons
Stabilizers
Struts, shock (oleo) and parts
Supports
Switches:
Electrical, gun control
Swivels
Tabs
Tail skids
Tail surfaces
Tail wheel assemblies
Tail wheel caster knuckles
Tanks
Thimbles
Tie rods
Tips, wing
Tow target releases and drags
Trigger motors
Turnbuckles
Turret ammunition boxes and mount assemblies
Turrets
Valves
Vents
Wings

Engine parts and accessories

Adapters
Arms
Baffles
Bushings
Cages
Cams
Carburetor manifold jackets
Carburetors
Closures
Collector rings
Control systems
Counterweights
Covers, metal
Crankcases
Crankshafts

Cylinder barrels
Cylinder heads
Dowels
Drives
Filters:
Air, gasoline
Fuel injection systems
Gear boxes
Glands
Guides
Heating systems
Housings
Ignition harness
Impellers, supercharger
Intercoolers
Jets
Magnetos
Manifolds:
Intake, exhaust
Oil coolers
Oil separators
Pipes
Pistons
Plates
Priming equipment
Pumps:
Air, fuel, oil, vacuum
Radiators
Rockers
Rods
Seats, valve
Shafts
Slingers
Spacers
Spark plugs
Starters
Strainers
Studs
Sumps
Superchargers
Tappets
Temperature regulating equipment
Tubes
Valves: engine, gasoline (pilot operated, manual control, syphon)

Propeller parts

Barrels
Blades
Brackets
Brakes
Bushings
Cams
Collars
Controls
Counterweights
Cylinders
Domes
Gears
Governors
Housings
Hubs
Pistons
Spiders
Spinners

Specialized servicing equipment

Airplane mooring kits
Cable testing machines
Chock assemblies
Clubs, test
Cradle assemblies for servicing aircraft parts
Combination workstand-ladder assemblies
Dollies
Energizer assemblies
Engine heaters
External power units for hand inertia starters
Pump testing units
Special testing equipment for aircraft, engine, and propeller parts and accessories
Special tools and stand assemblies for the assembly, disassembly, and repair of aircraft and the engines, propellers, parts, and accessories therefor
Tables, propeller aligning

(b) Specifically excluded from the scope of the industry are:

Fabricated textile products: Fabric covers (including engine-warming covers); parachutes; safety belts; tow targets; wind socks.

Pyrotechnics: Engine starter cartridges; flares, signals.

Electrical and radio equipment: Batteries; electric wire and cable; intercommunication equipment; landing and navigation lights; lighting systems; radios; radio compasses.

Rubber products: Rubber de-icing equipment; flotation gear; life preservers; life rafts; bonded rubber mountings; vibration dampers; rubber utilities; tires and tubes.

Machine shop products and machinery: Bearings; bolts, nuts, rivets, screws, and washers; gas refueling systems (including refueling pumps); gears and sprockets; piston rings; springs; wire rope.

Miscellaneous products: Cameras; fire extinguishers; first aid equipment; gaskets; instruments; lavatory equipment; lighter-than-air craft.

Date effective. May 7, 1942.

Wage. 50 cents an hour or $20.00 for a week of 40 hours, arrived at on a time or piece-work basis.

§ 809.994–20 *Bobbinet industry* (See § 809.994–42 (Textile industry).)

§ 809.994–21 *Iron and steel industry.* This determination covers only pig iron, iron or steel ingots, and rolled or drawn iron or steel products as hereinafter stated, and such fabricated iron or steel products as are specifically named but does not include any unspecified coated, insulated, forged, or cast items. The definition as formulated below describes the products of the iron and steel industry and the provisions thereof do not apply to any production in open hearth and electric furnaces other than that specifically enumerated.

The iron and steel industry is defined to mean and include the business of producing and selling all or any one or more of the following products:

Axles—rolled or forged.
Bale ties—single loop.
Bars—alloy steel, hot rolled.
Bars—cold finished, carbon and alloy.
Bars—concrete reinforcing, straight lengths.
Bars—ingots, blooms and billets—iron.
Bars—merchant steel.
Bars—tool steel.
Ferro-manganese and spiegeleisen.
Girder rails and splice bars therefor.
Ingots, blooms, billets and slabs—alloy.
Ingots, blooms, billets and slabs—carbon.
Light rails—60 pounds or less per yard, and splice bars and angle bars therefor.
Standard tee rails of more than 60 pounds per yard, and angle bars and rail joints therefor, or any of such products.
Mechanical tubing.
Pig iron—foundry, high silicon silvery, malleable, open hearth basic, Bessemer, and high silicon Bessemer.
Pig iron—low phosphorus.
Pipe—standard, line pipe, and oil country tubular products.
Plates.
Posts—fence and sign.
Railroad tie plates.
Railroad track spikes.
Sheet bars.
Sheets.
Skelp.
Steel sheet piling.
Strip steel—cold rolled.
Strip steel—hot rolled.
Structural shapes.
Tube rounds.
Tubes—boiler.
Wheels—car, rolled steel.
Wire—drawn.
Wire hoops—twisted or welded.
Wire nails and staples, twisted barbless wire, barbed wire, twisted wire fence stays and wire fencing (except chain-link fencing).
Wire rods.
Wire—spring.
Wire—telephone.

Date effective.—Note. This determination was originally effective March 1, 1939, but its operation was subsequently suspended due to court proceedings. Its operation was again resumed effective May 27, 1940.

Wage. Whether arrived at on a time or piece work basis, 45 cents per hour in the locality consisting of the States of Louisiana, Arkansas, Mississippi, North Carolina, South Carolina, Florida, Oklahoma, Texas, Alabama, Tennessee, Georgia, Virginia, and West Virginia (except the counties of Hancock, Brooke, Ohio, Harrison, Monongalia, and Marshall);

60 cents per hour in the locality consisting of the States of Washington, Oregon, California, Montana, Idaho, Nevada, Wyoming, New Mexico, Utah, Colorado, and Arizona;

58½ cents per hour in the locality consisting of the States of North Dakota, South Dakota, Nebraska, Kansas, Minnesota, Iowa, Missouri, and the area in and about East Saint Louis, Illinois;

62½ cents per hour in the locality consisting of the States of Wisconsin, Illinois (except the area in and about East Saint Louis, Illinois), Michigan, Indiana, Ohio, Pennsylvania, Delaware, Maryland, Kentucky, New Jersey, New York, Connecticut, Rhode Island, Massachusetts, Vermont, New Hampshire, Maine, and that portion of the State of West Virginia comprised within the counties of Hancock, Brooke, Ohio, Marshall, Harrison, and Monongalia, and the District of Columbia.

Provided, That apprentices may be employed at lower rates if their employment conforms to the standards of the Federal Committee on Apprenticeship.

This wage determination has heretofore been interpreted to cover the following:

Plate, armor;
Strips, galvanized;
Sheets, galvanized;
Plates, galvanized;
Shapes, structural, galvanized;

and to exclude the following:

Wire, telephone, insulated;
Rods, welding, coated.

§ 809.994–22 *Tobacco industry.* The tobacco industry, for the purposes of this determination, is defined to include the manufacture of cigarettes, of chewing and smoking tobaccos, and of snuff, but to exclude the manufacture of cigars.

Date effective. December 4, 1942

Wage. 40 cents an hour, or $16 per week of 40 hours, arrived at either upon a time or piecework basis. Learners may be employed at sub-minimum rates in accordance with the present applicable regulations issued by the Administrator of the Wage and Hour Division under the Fair Labor Standards Act of 1938 which were adopted by the Secretary of Labor for the purposes of this determination.

§ 809.994–23 *Furniture industry.* This determination applies to all contracts subject to the basic law, for any of the commodities included in the determination under the wood furniture branch, the public seating branch, and the metal furniture branch of the furniture manufacturing industry.

(a) *Metal furniture branch—(1) Definition.* The metal furniture branch of the furniture manufacturing industry is defined to be that industry whose products include:

Metal office furniture: Vertical filing cabinets; horizontal sections and half sections, and bookcases; hi-line and bookshelf units; desks; tables; chairs; storage cabinets, and wardrobes.
Metal hospital furniture.
Metal household furniture.
Steel shelving: Industrial and general purpose steel shelving, miscellaneous fittings, attachments, and accessories.
Steel lockers: Box lockers; single-tier lockers, double-tier lockers; two-person and compartment lockers; miscellaneous fittings as used in schools, clubs, gymnasiums, commercial, and industrial establishments.
Visible filing equipment: Cabinets; panels.

Date effective. May 13, 1939.

Wage. 45 cents an hour or $18.00 per week of 40 hours, arrived at either upon a time or piece rate basis.

(2) *Extension of minimum wage determination.* Metal furniture branch.

Date effective. July 28, 1941.

Wage. That the minimum wage determination for the metal furniture branch of the furniture industry is extended to the manufacture of metal cabinets for printers' type; metal cabinet partitions; metal tool boxes, tool cabinets, and tool chests; metal trunks, box type; metal rotating bins; sectional bins; and metal work benches, desks, and tables.

(3) *Steel fabric springs.* It has been determined that the manufacture of steel fabric springs for metal folding cots, when to be supplied on government contracts subject to the Public Contracts Act, is covered by the metal furniture branch of the furniture manufacturing industry minimum wage determination (Cir. Let. No. 4–44, 25 March 1944, Dept. of Labor).

(b) *Public seating branch.* The public seating branch of the furniture manufacturing industry is defined to be that industry which fabricates, assembles, and installs (by those who fabricate or assemble) public seating (upholstered or unupholstered), fabricated or assembled of wood, plywood, iron, steel, non-ferrous metals or any combinations of these materials, and consisting of the following:

(1) Fixed or connected seating for such public places as theaters, auditoriums, lodges, assembly halls, shoe stores, rinks, ball parks, race tracks, stadia, and other similar buildings and structures;

(2) Pewing, chancel, choir stalls, and related furniture and accessories for ecclesiastical purposes, seats and benches for court houses, hospitals, public waiting rooms, and for other similar public purposes;

(3) Pupils' desks, pupils' tables, pupils' chairs, and school furniture for all educational purposes;

(4) Portable chairs with folding seats in both single and multiple units;

(5) Portable folding seating in single units for other than household use.

Provided, That the following are specifically not included: Tablet armchairs and school chairs fabricated and/or assembled exclusively of wood.

Date effective. August 15, 1942.

Wage. 40 cents an hour, or $16.00 for a week of 40 hours arrived at either on a time or piece work basis.

(c) *Wood furniture branch.* The wood furniture branch of the furniture manufacturing industry is defined to mean the manufacturing, assembling, upholstering, and finishing, from wood, reed, rattan, willow, and fiber, of upholstered and other household, office, lawn, camp, porch, and juvenile and toy furniture, including but without limitation porcelain top breakfast furniture and radio, phonograph and sewing machine cases and cabinets; the manufacturing and assembling from wood, of furniture parts for the above, separately, set up or knocked down including but without limitation parlor furniture frames and chairs in the white. This definition does not include the manufacture of any product covered by the prevailing minimum wage determination for the public seating branch of the furniture manufacturing industry.

The manufacturing of any products covered under this definition is deemed to begin following the delivery of the wood from the kiln or from the air-dried dimension shed.

Date effective. August 15, 1942.

Wage. 40 cents an hour, or $16.00 for a week of 40 hours, arrived at either on a time or piece work basis for the District of Columbia, and all States other than California, Washington, and Oregon; and 50 cents an hour, or $20.00 for a week of 40 hours, arrived at either on a time or piece work basis, for the States of California, Washington, and Oregon.

§ 809.994–24 *Drug and medicine industry.* Manufacture or packaging of any one or more of the following products:

(a) Drugs or medicinal preparations (other than food) intended for internal or external use in the diagnosis, treatment, or prevention of disease in, or to affect the structure or any function of, the body of man or other animals;

(b) Dentifrices, cosmetics, perfume, or other preparations designed or intended for external application to the person for the purpose of cleansing, improving the appearance of, or refreshing the person.

The foregoing shall not be deemed to include the manufacture or packaging of shaving cream, shampoo, essential (volatile) oils, glycerine, and soap, or in the milling or packaging without further processing of crude botanical drugs.

Date effective. September 19, 1941.

Wage. 40 cents per hour or $16.00 per week of 40 hours, arrived at either upon a time or piece rate basis.

§ 809.994–25 *Photographic supplies industry (excluding motion picture equipment of 35 mm. or over).* (a) The following illustrative list of commodities is understood to be within the scope of the photographic supplies industry wage determination (included are not only those products which were originally construed to be within this industry, but also those products which have since been included by interpretation. This list is subject to revision as additional interpretation of products is made):

Accessories and parts, photographic: bellows, cable releases, cones, film rewinders, filters, lenses, magazines, reels, shades, shutters, splicers, spools, synchronizers.
Cameras.
Developing and printing equipment (except photographic chemicals): contract printers, driers, dry-mounting presses, enlargers, hangers, racks, stands, straighteners, tanks, washers, wringers.
Films, sensitized or unsensitized: photographic, X-ray.
Finders, photographic: view, range.
Flashlight apparatus, photographic (except lamps).
Frames, printing, photographic.
Holders, plate, photographic.
Machines: blueprint coating and reproduction, photocopying, photographic, photostat.
Projectors and their accessories and parts (except lamps).
Screens, photographic or X-ray: intensifying, projection.
Sensitized supplies, photographic: cloths, films, papers, plates, slides.
Tripods, photographic.
Vectograph.

(b) Specifically excluded from the scope of this industry are: Blueprint, brownprint, black-line, and blackprint paper and cloth; photoengraving equipment; built-in photographic laboratory fixtures; camera mounts; dropknife type print trimmers; cameras, projectors, and photographic accessories and parts of the 35 mm. size or larger (motion picture); photographic chemicals; and lamps.

Date effective. August 14, 1939.

Wage. 40 cents an hour of $16.00 per week of 40 hours, arrived at either upon a time or piece work basis. Learners may be employed at lower rates for a period of not to exceed 60 days if the total number of such workers in any one establishment does not exceed 5 per cent of the workers on the payroll, and if such learners are paid not less than 80 per cent of the minimum wage as determined, or 32 cents an hour or $12.80 per week of 40 hours, arrived at either upon a time or piece work basis.

§ 809.994–26 *Blueprint paper coating industry.* The blueprint paper coating industry includes the manufacture or supply of blueprint, brownprint, blackprint, blackline, and other similarly sensitized papers and cloths.

Date effective. October 11, 1940.

Wage. The prevailing minimum wage determination for the photographic supplies industry, set forth in § 809.994–25, has been extended to include the blueprint paper coating industry.

Allowances or tolerances. None.

§ 809.994–27 *Soap industry.* Soap in bars, cakes, chips, and flakes, and in granulated, powdered, paste, and liquid forms, and glycerine; cleansers containing soap, scouring powders, and shaving soaps, and creams containing soap, and washing compounds containing soap.

Date effective. August 14, 1939.

Wage. 40 cents an hour or $16.00 per week of 40 hours, arrived at either upon a time or piece work basis.

§ 809.994–28 *Fertilizer industry.* Superphosphates, concentrated superphosphates, and concentrated fertilizer from superphosphates, potash, and ammoniates.

Date effective. July 8, 1944.

Wage. 40 cents per hour or $16.00 per week of 40 hours, arrived at either upon a time or piece-work basis in all States and the District of Columbia other than New Mexico, Colorado, Wyoming, Montana, Idaho, Utah, Arizona, Nevada, California, Oregon, and Washington, in which eleven States the prevailing minimum wage shall continue to be 50 cents an hour or $20.00 per week of 40 hours arrived at either upon a time or piece-work basis, in accordance with the determination of August 15, 1939.

§ 809.994–29 *"Specialty accounting" supply manufacturing industry.* The commodities covered by this determination are as follows:

(a) Autographic and/or credit registers and/or supplies thereof, such as are used in making handwritten records of various transactions.

(1) Autographic registers may be further described as a machine or device for storing, alining, registering, and issuing copies of hand written records.

(i) The accounting forms are usually folded in zigzag style, although some roll stationery is used. Such accounting forms are usually printed with the name and business of the user, but stock printed forms and plain stationery may be used. One or multiple copies of stationery may be used. Some roll and folder stationery is provided with edge perforations which engage pin sprockets for registration of forms.

(ii) The one or several carbon copies required may be arranged on rolls at right angles to rolls of stationery or such carbon sets may be interleaved with the forms and may cover the entire area or only a part of such forms.

(iii) Registers may be equipped to retain one or more copies of the transaction in a lock compartment and to issue the remaining copies. Registers may be supplied with a cash drawer, which is opened only by an operation which delivers a serially numbered form into a locked compartment.

(2) Credit registers may be further described as a cabinet or device for retaining in orderly arrangement sales tickets representing charge and other transactions.

(i) Such credit registers usually contain a set of vertical-hinged leaves, each leaf containing several numbered springs, the numbers corresponding with customers' names written on an index.

(ii) Such registers usually contain a storage and cash drawer and are sometimes supplied in combination with adding machines.

(b) Continuous form stationery, which is described as multiple sets of "business forms" with or without carbons, attached and/or folded, for use in billing machines, typewriters, and other office equipment. For example, continuous form stationery may be rolled or "fan folded" and may provide any number of copies up to the limit which will take a carbon impression. This type of stationery is usually printed according to specifications. They may be coated with carbon on the back or interleaved with carbon sheets.

(c) Sales and manifold books, which are described as bound books of multiple sets of forms for making original, handwritten records of sales and/or other transactions. For example, sales books are bound books of sales checks or tickets arranged in sets, usually either carbon coated on the back or arranged to fold or lay one or more carbon sheets between each two copies of a set. Translucent sheets are occasionally combined with carbon paper coated on both sides to reduce the number of carbon sheets. Covers may be arranged to fold in for the purpose of providing a better writing surface and may be ruled for tabulating sales. Sales books may or may not be printed.

Date effective. November 1, 1939.

Wage. 40 cents per hour or $16.00 per week of 40 hours, arrived at either upon a time or piece work basis. Apprentices may be employed at lower rates if their employment conforms with the standards of the Federal Committee on Apprenticeship.

§ 809.994–30 *Small arms ammunition, explosives, and related products industry.* The following illustrative lists of commodities are understood to be within the scope of the small arms ammunition, explosives, and related products industry wage determination (included are not only those products which were originally construed to be within this industry, but also those products which have since been included by interpretation. This list is subject to revision as additional interpretation of products is made):

(a) *Small arms ammunition.*

Without reference to size—
- Cartridges: blank
- Engine starter
- Howitzer igniting
- Without reference as to size—
  - Mortar igniting
  - Target rocket igniting
  - Primers, saluting
  - Shot shells (empty or loaded):
    - Riot gun
    - Shotgun
- Not over .50 caliber—
  - Bullets
  - Cartridges: machine gun—
    - Pistol
    - Revolver
    - Rifle
    - Submachine gun
  - Cases, cartridge, empty
  - Cores, bullet

and the primers, shot, and wads used in connection with any of the products included in either of the above groups.

Date effective. September 16, 1940.

Wage. 42.5 cents an hour or $17.00 per week of 40 hours, arrived at either upon a time or piece rate basis. Apprentices may be employed at lower rates than herein determined: *Provided*, Their employment conforms to the standards of the Federal Committee on Apprenticeship.

(b) *Explosives.*

- Ammonium picrate
- Dinitroglycol
- Dynamite: ammonia, ammonia gelatine, blasting gelatine, gelatine, nitroglycerine, low freezing
- Fulminate of mercury
- Gelignite
- Gun cotton (dry nitrocellulose)
- Lead azide
- Nitrocellulose: dry, flake
- Nitro-starch explosive, compressed
- Permissible explosives (Bureau of Mines Bulletin No. 219)
- Picric acid
- Potassium nitrate
- Potassium picrate
- Powder: black, blasting, chlorate type, fuse, nitroglycerine, pellet, smokeless cannon, smokeless gun
- Spotting charges: M1, M1A1
- Tetranitro—aniline
- Tetranitro—methane
- Tetryl
- Tolite
- Trinitro—aniline
- Trinitro—benzene
- Trinitro—cresol
- Trinitrotoluol or trinitrotoluene (TNT)
- Trinitroxylene or trinitroxylol (TNX)
- Trinol
- Trotyl

Date effective. September 16, 1940.

Wage. 57.5 cents an hour or $23.00 per week of 40 hours, arrived at either upon a time or piece rate basis. Apprentices may be employed at lower rates than herein determined: *Provided*, Their employment conforms to the standards of the Federal Committee on Apprenticeship.

(c) *Blasting caps.*

- Blasting caps
- Detonating caps

Date effective. September 16, 1940.

Wage. 47.5 cents per hour or $19.00 per week of 40 hours, arrived at either upon a time or piece rate basis. Apprentices may be employed at lower rates than herein determined: *Provided*, Their employment conforms to the standards of the Federal Committee on Apprenticeship.

§ 809.994–31 *Paper and pulp industry.* Pulp and other fiber and the primary conversion of pulp and other fiber into paper and paperboard, and in addition, the manufacture and conversion of primary paper into toilet paper and paper towels, coated book paper, and paper shipping sacks.

Date effective. Determined to be October 15, 1939.

Wage. For the States of Washington, Oregon, and California, 50 cents an hour or $20.00 per week of 40 hours, arrived at either upon a time or piece-work basis.

For all other States and the District of Columbia, 40 cents per hour or $16.00 per week of 40 hours, arrived at either upon a time or piece-work basis. Effective July 8, 1944.

The following explanation of this determination has been received from the Public Contracts Division, Department of Labor:

Except for those products listed in the determination as manufactured or converted from primary paper, this determination is limited in application to paper and paperboard manufactured from pulp and other fiber, and to pulp and other fiber of the character used in manufacturing paper and paperboard. The majority of paper and paperboard items purchased by the Government that are subject to this wage determination are classified and listed as follows:

(a) *Book paper, writing paper, and cover paper.* (1) Book paper includes antique-finish, book end, coated book, half-tone, lithograph, machine-finished sized and supercalendered, and offset papers.

(2) Cover paper includes laid cover and machine-finished cover papers.

(3) Writing paper includes bond duplicate check copies, index, internal revenue, ledger, manifold (including glazed), map, mimeograph, parchment deed, vellum finish, and postage stamp papers.

(b) *Building paper.* Felts and sheathing paper.

(c) *Ground-wood printing and specialty paper.* Blueprint paper (unsensitized), distinctive papers (public debt, securities, etc), safety papers (safety device incorporated in manufacture of paper), and tracing paper.

(d) *Newsprint paper.* Facing slips and newsprint paper.

(e) *Paperboards.* Back-lining, binders board or tarboard, bristol board, chip-board, lined boards (box, chip, marble-grained), newsboard, pressboard, red sulphite, tagboard, manila cardboard, and strawboard.

(f) *Tissue and absorbent paper.* (1) Absorbent paper includes blotting, filter, and matrix paper and board.

(2) Tissue paper includes lens tissue, paper towels, and toilet paper.

(g) *Wrapping paper.* (1) Kraft wrapping paper.

(2) Manila paper includes target paper and uncut label paper.

(3) Plate and roll wiping paper.

§ 809.994–32 *Cement industry.* Portland cements, including modified portland cement, such as portland masonry cement and portland puzzolan cement.

Date effective. March 2, 1940.

Wage. Within the States of Pennsylvania, New York, New Jersey, Maryland, West Virginia, Ohio, Delaware, Massachusetts, Connecticut, Rhode Island, Vermont, New Hampshire, and the District of Columbia, 57 cents an hour or $22.80 per week of 40 hours.

Within the States of Maine, Michigan, Indiana, Kentucky, South Dakota, North Dakota, Nebraska, and Kansas, 50 cents an hour or $20.00 per week of 40 hours.

Within the State of Illinois, 63½ cents an hour or $25.40 per week of 40 hours.

Within the States of Wisconsin, Minnesota, Iowa, Missouri, Colorado, Wyoming, Utah, Montana, Idaho, Oregon, Nevada, Arizona, and New Mexico, 55 cents an hour or $22.00 per week of 40 hours.

Within the State of Washington, 70 cents an hour or $28.00 per week of 40 hours.

Within the State of California, 62½ cents an hour or $25.00 per week of 40 hours.

Within the States of Oklahoma and Texas, 47 cents an hour or $18.80 per week of 40 hours.

Within the States of Arkansas, Louisiana, Alabama, Tennessee, Virginia, Georgia, Florida, Mississippi, North Carolina, and South Carolina, 40 cents an hour or $16.00 per week of 40 hours.

§ 809.994–33 *Structural clay products industry.* Common brick, face brick, (including glazed and enameled brick), salt glazed brick, manhole brick, structural clay tile (including glazed tile), unglazed face tile, paving brick, and clay or shale granules.

Date effective. July 8, 1944.

Wage. 40 cents per hour or $16.00 per week of 40 hours arrived at either upon a time or piece-work basis.

§ 809.994–34 *Uniform and clothing industry*—(a) *Suit and coat branch.* The suit and coat branch of the uniform and clothing industry is defined to be that industry which manufactures men's civilian suits and overcoats, tailored-to-measure uniforms including the pants, uniform overcoats, and uniform coats. Expressly excluded from this definition are shirts, single pants regardless of material, outdoor jackets, leather and sheep-lined jackets, work clothing, and washable service apparel.

Date effective. February 25, 1941.

Wage. 60 cents an hour or $24.00 per week of 40 hours, arrived at either upon a time or piece-work basis, with a 20 percent tolerance for auxiliary workers. *Provided* they be paid not less than 40 cents an hour or $16.00 per week of 40 hours.

(b) *Outdoor jackets branch.* The outdoor jackets branch of the uniform and clothing industry is defined to be that industry which manufactures wool and wool-lined jackets whether or not such jackets are properly described as mackinaws, field jackets, windbreakers, lumber jackets, peajackets, wool jumpers, or middies, blanket-lined or similar coats, or by any other similar designation.

Date effective. February 25, 1941.

Wage. 40 cents an hour or $16.00 per week of 40 hours, arrived at either upon a time or piece-work basis.

(c) *Wool trousers branch.* The wool trousers branch of the uniform and clothing industry is defined to be that industry which manufactures wool or part wool uniform trousers or breeches, except tailored-to-measure trousers.

Date effective. February 25, 1941.

Wage. 40 cents an hour or $16.00 per week of 40 hours, arrived at either upon a time or piece-work basis.

§ 809.994–35 *Die casting manufacturing industry.* The die casting manufacturing industry is defined to be that industry which manufactures die castings for sale and does not include the manufacture of die castings when incorporated into another product by the manufacture of such other products. The term "die casting" as used herein describes a casting made by forcing molten metal under pressure into a metallic mold or die.

Date effective. April 5, 1941.

Wage. 50 cents an hour or $20.00 per week of 40 hours, arrived at either upon a time or piece-work basis. Apprentices may be employed at lower rates of pay if their employment conforms to the standards of the Federal Committee on Apprenticeship. Learners may be employed at the rate of 40 cents an hour or $16.00 per week of forty hours for a period of not to exceed 60 days if the total number of employees classified as such does not exceed 5 per cent of the total number of employees in any one establishment.

§ 809.994–36 *Dental goods and equipment manufacturing industry*—(a) *Durable goods.*

Hand instruments, including forceps and pliers, broaches and cutting instruments, for dental use.
- Dental chairs
- Dental cabinets
- Equipment units
- Dental sterilizers
- Dental gas apparatus
- Dental X-ray equipment
- Dental compressors, engines, and lathes
- Dental lights
- Dental laboratory equipment, other than laboratory furniture

Date effective. September 23, 1941.

Wage. 40 cents an hour or $16.00 per week of 40 hours, arrived at either upon a time or piece-work basis.

Apprentices may be employed at lower rates of pay if their employment conforms to the standards of the Federal Committee on Apprenticeship. Learners may be employed at lower rates in accordance with the present applicable regulations issued by the Administrator of the Wage and Hour Division under the Fair Labor Standards Act of 1938.

(b) *Consumable goods.*

- Dental gold.
- Dental alloy for amalgams.
- Dental cement and filling materials.
- Teeth, porcelain and gold.
- Orthodontic appliances.
- Waxes, compounds, and investments.
- Rubber dental materials.
- Denture materials other than rubber.
- Burs, drills, and similar tools for use with handpieces.
- Abrasive points, wheels, and disks.

Date effective. July 17, 1944.

Wage. 40 cents an hour or $16.00 per week of 40 hours, arrived at either upon a time or piece-work basis.

Learners may be employed as provided in paragraph (a) of this section.

§ 809.994–37 *Scientific industrial and laboratory instruments industry.* (a) The following illustrative list of commodities, their components and spare parts is understood to be within the scope of the scientific industrial and laboratory instruments wage determination (included are not only those products which were originally construed to be within this industry, but also those products which have since been included by interpretation. This list is subject to revision as additional interpretation of products is made):

- Accelerometers
- Aerographs
- Alidades
- Almanac units, nautical
- Altimeters
- Altiperiscopes
- Ammeters
- Analyzers, exhaust gas
- Anemometers
- Apparatus, microprojection
- Astrographs
- Automatic gun control equipment
- Azimuth drums
- Balances: analytical laboratory, precision, torsion
- Balancing machines
- Bank and climb control units
- Barographs
- Barometers
- Bars, beam-compass
- Bearing circles
- Binnacles, compensating
- Binoculars
- Boards: drafting, plotting
- Boro silicate (optical glass)
- Brake testing machines, inertia
- Bulbs: resistance, thermometer
- Bunsen burners
- Centrifuge: human, small electric
- Chronograph, counter
- Clinometers, service
- Colimeters: binocular, octant
- Compasses: direction, drafting, hull vehicular, gyroscope
- Computers, gun data
- Controller assemblies
- Controls, domestic automatic (humidity, temperature)
- Curves: aircraft, altitude correction, drafting
- Dials
- Directors, ballistic cam
- Dividers, proportional
- Drafting machines
- Dynamometers
- Equipment, automatic steering
- Fathometers
- Filters, ray
- Firing control equipment
- Flight control equipment, electronic
- Fuzes: glass tube, self-indicating
- Fuze setters
- Galvanometers
- Gages: depth, pressure, temperature, vacuum (but not machinists' precision)
- Gears, steering (gyroscope)
- Generator, pulse
- Glass, optical
- Glasses, magnifying, reducing
- Gyro indicator assemblies
- Gyroscopes: directional horizon
- Hydrographs, without clocks
- Hydrometers
- Hygrothermographs and accessories
- Inclinometers
- Indicators: directional, elevation, fuel mixture, salinity, temperature, velocity, level
- Instruments: drafting, engineering, laboratory, meteorological, military, navigation, ophthalmic, surveying, aircraft, recording
- Lenses (wholly or partially ground and polished) except photographic lenses and except lenses such as are of a noncorrective type used in protective goggles
- Lettering devices
- Level vials
- Liners (paper rulers)
- Manometers: liquid, mechanical
- Map enlarging outfits
- Measures, map
- Meters: drift, electric, exposure, water velocity
- Microscopes
- Milliammeters
- Motion picture recording theodolites
- Mototracers
- Mounts: telescope, bombsight, periscope
- Octants
- Odometers
- Ophthalmic goods
- Ophthalmoscopes
- Pantographs, drafting
- Pelorus assemblies
- Pencils, drawing-instrument and parts
- Pens: barograph, drawing-instrument, thermograph
- Periscopes
- Pilots, robot
- Poles, tubular metal ranging
- Potentiometers
- Prickers, drawing-instrument
- Prisms
- Profilometers
- Projectors for air mapping
- Propeller shaft revolution indicating equipment
- Protractors
- Psychrometers, sling
- Pyrometers
- Q Meters
- Recording instruments: depth, humidity, light intensity, stress, temperature, water stage
- Reels, sounding
- Reflector, sight
- Regulators, gaseous oxygen
- Resistance coils for use on scientific instuments
- Reticles
- Retinoscopes
- Rods: Philadelphia level, stadia
- Rotors, meteorological
- Rules: drafting, slide
- Sextants
- Sights: drift, telescopic, bomb, computing
- Signal assemblies (instruments)
- Sound locaters
- Sounding equipment, echo
- Splines and weights, sets
- Stabilizers, bomb

Stadia, computer
Stadimeters
Stereophotogrammetric equipment
Stereoscope, magnifying, lens prism
Stereoscopic plotting instruments (aerial mapping projectors)
Strain measuring equipment
Sunshine detectors (recorders)
Supports: maximum and minimum thermometer, wind instrument
Switches for engine cylinder thermometers
Synchronous repeaters and transmitters
Tachometers
Tally counters
Telescopes
Temperature controls: electric, pneumatic
T-Squares
Testing sets and equipment:
Battery
Electric
Fatigue crack
Testing sets and equipment—Con
Gage, portable
Hardness
Tension
Valve spring
Wheatstone bridge type
Teststand assemblies:
Tachometer
Automatic pilot
Theodolites and tripods
Thermocouples
Thermographs
Thermometers (except clinical)
Thermostats
Torpedo computer trainer
Tracers
Trainers for pilot instruction
Transits
Transmission systems, gun data
Triangles
Tube assemblies, airspeed
Tube, pitot-static
Vanes, wind-instrument
Vibration measuring instruments
Whirling apparatus

Date effective. September 23, 1941.

Wage. 40 cents an hour or $16.00 per week of 40 hours, arrived at either upon a time or piece-work basis.

Apprentices may be employed at lower rates of pay if their employment conforms to the standards of the Federal Committee on Apprenticeship. Learners may be employed at the rate of 35 cents an hour or $14.00 per week of 40 hours for a period of not to exceed 60 days, if the total number of employees so classified does not exceed 10 per cent of the total number of employees in any one establishment in any given payroll or work week.

NOTE: The Department of Labor has issued the following interpretation of the term "optical glass" as used in the above determination:

Optical glass is a generic term applying to that type of glass which after grinding and polishing assumes definite refractive qualities and is intended to include finished products as well as blanks.

By this token, ophthalmic glass and its products, including eye glass lenses, as well as wholly or partially ground and polished lenses for any purpose other than photographic, are covered by the determination.

§ 809.994–38 *Surgical instruments and apparatus industry.* (a) The following illustrative list of commodities is understood to be within the scope of the surgical instrument and apparatus industry wage determination (included are not only those products which were originally construed to be within this industry, but also those products which have since been included by interpretation. This list is subject to revision as additional interpretation of products is made):

Adenotomes
Anastomosis buttons
Apparatus, blood transfusion
Applicators, metal surgical
Aspirators
Atomizers
Blades, surgeons'
Bougies, metal
Bronchoscopes
Catheters
Cauteries
Chisels, bone
Clamps, surgical
Clips, suture
Cranioclasts
Curettes, surgical
Cystoscopes
Depressors, tongue (metal)
Dilaters
Directors, grooved
Dissectors
Drills, bone
Drill points
Elevators, bone, periosteal, rib
Endoscopes
Forceps, surgical
Forks, tuning
Gags, mouth
Gouges
Haemacytometers
Hammers, surgical
Hemostats
Inhalers, anesthetic
Instruments, foreign body
Intubators
Irrigators
Knives, surgical
Laryngoscopes
Ligatures
Lithotomes
Mallets, surgical
Microtomes
Needles, surgical and hypodermic
Otoscopes
Pelvimeters
Perforators
Periosteotomes
Pharyngoscopes
Plates, bone
Pliers, surgical
Probangs
Probes, surgical
Proctoscopes
Rachitomes
Raspatories
Rasps, surgeons'
Razors, surgical
Retractors
Rongeurs
Saws, surgical
Scalpels
Scissors or shears, surgical
Sigmoidoscopes
Snares
Speculas
Sphygmomanometers, mecurial and aneroid
Spoons, surgical
Sterilizers
Stethoscopes
Strippers, vein
Syringes, glass or metal
Sutures
Tenacula
Thermometers, clinical
Trocars
Trephine
Trephine points
Trachea tubes
Urethroscopes
Urethrotomes
Wrenches, clubfoot

§ 809.994–39 *Evaporated milk industry.* Evaporated milk.

Date effective. November 3, 1941.

Wage. Arrived at either upon a time or piece-work basis:

In the States of Washington, Oregon, and California, 50 cents per hour or $20.00 per week of 40 hours.

In all other States and the District of Columbia, 40 cents per hour or $16.00 per week of 40 hours. Effective July 8, 1944.

§ 809.994–40 *Paint and varnish industry.* Pigments or colors, either in dry or paste form; paints mixed ready for use or in dry or paste form; varnishes, lacquers, enamels; fillers, putty, top dressings; paint and varnish removers; furniture and floor wax; and lacquer thinners.

Date effective. November 6, 1941.

Wage. Arrived at either upon a time or piece-work basis:

For the States of Virginia, North Carolina, South Carolina, Tennessee, Georgia, Florida, Alabama, Mississippi, Louisiana, and Arkansas, 40 cents an hour or $16.00 per week of 40 hours.

For all other States of the United States and the District of Columbia, 50 cents an hour or $20.00 per week of 40 hours.

§ 809.994–41 *Leather manufacturing industry.* The leather manufacturing industry is defined to be that industry which tans, curries, and finishes leather (including rawhide) from any type of hide or skin, and manufactures welting and power transmission belting when made wholly or principally of leather.

(a) *Tanning, currying, and finishing of leather (including rawhide).*

Date effective. December 17, 1941.

Wage. Arrived at either upon a time or piece-rate basis.

In the States of Maine, Vermont, New Hampshire, New York, Massachusetts, Rhode Island, Connecticut, New Jersey, Maryland, Pennsylvania, Delaware, Ohio, Indiana, Michigan, Wisconsin, Illinois, Missouri, Iowa, Minnesota, North Dakota, South Dakota, Nebraska, Kansas, New Mexico, Colorado, Wyoming, Montana, Idaho, Utah, Arizona, Nevada, California, Oregon, Washington, and the District of Columbia, 50 cents an hour or $20.00 per week of 40 hours.

In the States of West Virginia, Virginia, Kentucky, Tennessee, North Carolina, South Carolina, Georgia, Alabama, Mississippi, Florida, Arkansas, Louisiana, Oklahoma, and Texas, 40 cents an hour or $16.00 per week of 40 hours.

(b) *Welting and power transmission belting.*

Date effective. December 17, 1941.

Wage. Arrived at either upon a time or piece rate basis. 40 cents an hour or $16.00 per week of 40 hours, regardless of where manufactured.

§ 809.994–42 *Textile industry.* The term textile industry means:

(a) The manufacturing or processing of yarn or thread and all processes preparatory thereto, and the manufacturing, bleaching, dyeing, printing and other finishing of woven fabrics (other than carpets and rugs containing any wool) from cotton, flax, jute, other vegetable fiber, silk, grass, or any synthetic fiber, or from mixtures of these fibers; or from such mixtures of these fibers with wool or animal fiber (other than silk) as are specified in paragraphs (g) and (h) of this section; except the chemical manufacturing of synthetic fiber and such related processing of yarn as is conducted in establishments manufacturing synthentic fiber;

(b) The manufacturing of batting, wadding, or filling and the processing of waste from the fibers enumerated in paragraph (a) of this section;

(c) The manufacturing, bleaching, dyeing, or other finishing of pile fabrics or cords (except carpets and rugs containing any wool) from any fiber or yarn;

(d) The processing of any textile fabric, included in this definition of this industry, into any of the following products: bags; bandages and surgical gauze; bath mats and related articles; bedspreads; blankets; diapers; dish-cloths; scrubbing cloths and wash-cloths; sheets and pillow cases; tablecloths, lunch-cloths and napkins; towels; window curtains; shoe laces and similar laces;

(e) The manufacturing or finishing of braid, net or lace from any fiber or yarn;

(f) The manufacturing of cordage, rope or twine from any fiber or yarn including the manufacturing of paper yarn and twine;

(g) The manufacturing, or processing of yarn (except carpet yarn containing any carpet wool) or thread by systems other than the woolen system from mixtures of wool or animal fiber (other than silk) with any of the fibers designated in paragraph (a) of this section, containing not more than 45 percent by weight of wool or animal fiber (other than silk);

(h) The manufacturing, bleaching, dyeing, printing or other finishing of woven fabrics (other than carpets and rugs) from mixtures of wool or animal fiber (other than silk) containing not more than 25 percent by weight of wool or animal fiber (other than silk), with any of the fibers designated in paragraph (a) of this section, with a margin of tolerance of 2 percent to meet the exigencies of manufacture;

(i) The manufacturing, dyeing, finishing or processing of rugs or carpets from grass, paper, or from any yarn or fiber except yarn containing any wool but not including the manufacturing by hand of such products.

(j) The manufacture of adhesive tape of the type used with surgical gauze or bandages. (Adhesive tape for industrial purposes is not now subject to any minimum wage determination under the Walsh-Healey Act.)

Date effective. June 24, 1942.

Wage. 40 cents an hour or $16.00 for a week of 40 hours, arrived at on a time or piece work basis.

Learners may be employed at subminimum rates only in accordance with the present applicable regulations issued by the Administrator of the Wage and Hour Division under the Fair Labor Standards Act, as amended on March 22, 1943, which were adopted for the purposes of this determination.

§ 809.994–43 *Chemical and related products industry.* The following illustrative list of commodities is understood to be within the scope of the chemical and related products industry wage determination (included are not only those products which were originally construed to be within this industry, but also those products which have since been included by interpretation. This list is subject to revision as additional interpretation of products is made):

The chemical and related products industry includes:

(1) (a) Heavy, industrial, and fine chemicals, including compressed and liquefied gases, and insecticides and fungicides (1939 Census of Manufactures industries Nos. 999, 985, 933 [1])

(b) The by-products of the foregoing (1939 Census of Manufactures industries Nos. 981, 982)

(2) The manufacture of such commodities as bluing; bone black, carbon black, and lampblack; cleaning and polishing preparations, blackings, and dressings; mucilage, paste, and other adhesives (1939 Census of Manufactures industries Nos. 995, 986, 989, 996)

(a) *Illustrative list of commodities.*

Acetylene gas
Acid: boric, carbolic, oxalic
Acid wash, deck covering
Alcohol, (except wood)
Amine, alkylated
Ammonia, anhydrous
Ammonia, household
Ammonium nitrate
Auramine
Bichromate of soda
Blackings
Bleaching material
Bluing
Bone black
Burnishing ink
Cadmium lithopone lemon salt
Calcium silicate
Calomel
Carbon black
Carbon dioxide (dry ice)
Carbonate, strontium
Casein
Celluloid
Cellulose, acetate flake
Cement, mending (except rubber)
Chloroform
Cleansers (no soap)
Compounds, industrial: boiler, water treating, insulating metal treating
Creosote
Creosote oil
Deodorants (except for human use)
Developer, x-ray film
Dibutyl phthalate
Dinitrotoluene
Disinfectants: household, industrial
Dressing, fabricated leather
Dry cleaning preparations
Dry mix for welding rod coating
Dyestuffs
Ethyl cellulose
Ferro-alloys (except ferro-manganese) produced by electrochemical processes
Ferrosilicon
Fibestos, cellulose acetate
Fluorescein dye
Fungicides, agricultural
Gasket paste
Germicides
Gums, manufactured synthetic
Hexamethylene tetramine
Humidity indicators
Hydrocarbon gases
Hydrogenation catalyst
Hydroquinone
Hyperchloride
Insecticides: agricultural, household
Kolloxaline
Lamp black
Magnesium metal, when chemically compounded
Magnesium resinate
Methox
Methylbenzine
Methylbenzol
Methyl chloride
Mononitrotoluene
Mucilage
Neoprene
Nitrocellulose, wet (gun cotton)
Oxygen
Paint, desiccant detector
Paris green
Paste, adhesive
Pentaerythrite
Pentaerythritol
Penthrite
Pentolite
Pentrinite
Pentrite
Phenol (carbolic acid)
Phenylemthone
Photographic chemicals
Polish: auto, metal, stove
Polystyrene
Potash
Potassium perchlorate
Pyrethrum concentrate extract
Pyrethrum (insect powder)
Repellants: agricultural, household
Resins, synthetic
Rubber, synthetic
Scouring powder (no soap)
Sealing wax
Shoe impregnite
Soda, caustic (sodium hydroxide)
Sodium hyposulfite
Sodium nitrate, synthetic
Sodium thiosulfate
Stains, leather
Strontium oxalate
Synthetic gums
Thermite, incendiary
Thorium nitrate
Tints, household
Titanium tetrachloride
Toluene
Toluol
Washing powder (no soap)
Wax: auto, metal, stove

[1] Except water-proofing compounds.

(b) *Specifically excluded from the chemical industry.*

Cement, rubber
Compounds: caulking, damp proofing, water proofing; liquid and plastic roof coating
Ferro-manganese
Glue
Paint remover
Plastics, fabricated
Polish: floor, furniture
Rayon and allied products
Salt: table, rock
Soap
Top dressings
Varnish remover
Wax: floor, furniture

Date effective. April 28, 1942.

Wage. Arrived at either upon a time or piece work basis.

(1) 40 cents an hour or $16.00 per week of 40 hours, for the States of Maryland, Virginia, North Carolina, South Carolina, Tennessee, Arkansas, Mississippi, Alabama, Georgia, Florida, and the District of Columbia; and

(2) 50 cents an hour or $20.00 per week of 40 hours for the remaining States of the United States.

§ 809.994–44 *Aviation textile products manufacturing industry.* The aviation textile products manufacturing industry is defined for the purposes of this determination as that industry which is engaged in the manufacture of articles (other than apparel) primarily of fabric for use in connection with the aviation industry, including, but without limitation, parachutes of all types, parachute packs, parachute harnesses, safety belts, aerial delivery containers made primarily from fabrics, tow targets, and wind direction indicators of the wind-stock type; *Provided, however,* That the manufacture of canvas and duck articles for ground use, such as signaling panels, is not included.

Date effective. December 11, 1942.

Wage. 55 cents an hour or $22.00 a week of 40 hours, arrived at either on a time or piecework basis, for the States of California, Oregon, and Washington, 47½ cents an hour or $19.00 a week of 40 hours, arrived at either on a time or piecework basis, for the remaining 45 states and the District of Columbia. Workers who are in fact learners may be employed at the rate of 40 cents an hour or $16.00 a week of 40 hours during the first two weeks of their employment and at the rate of 45 cents an hour or $18.00 a week during the third and fourth weeks of their employment.

[Procurement Reg. 10]

PART 810—PLANT FACILITIES EXPANSIONS

SUBPART A—POLICY

Sec.
810.1001 General policy in regard to new facilities.
810.1002 Rental or allowance for the use of Government-financed facilities.
810.1003 Reconversion and storage costs.
810.1003a Costs of removing and dismantling Government owned facilities.
810.1004 Tax amortization.
810.1004a Use of War Department owned machine tools and other industrial equipment for other than War Department production.

SUBPART B—METHODS FOR PROVIDING NEW FACILITIES AND PROTECTION OF THE GOVERNMENT'S INTEREST IN GOVERNMENT-FINANCED FACILITIES

810.1005 Protection of the Government's interest.
810.1006 Methods for providing new facilities.
810.1007 Other methods of protecting the Government's interest in Government-financed facilities.

SUBPART C—PROCEDURE FOR OBTAINING CLEARANCE AND APPROVAL OF INDUSTRIAL FACILITY EXPANSIONS

810.1008 Submission of projects.
810.1009 Applications for approval of projects and for release of Expediting Production Funds ("site letters").
810.1010 War Production Board clearance.
810.1011 Increased costs and continuing capital expenditures.
810.1012 Application for release of Expediting Production Funds.
810.1013 Notice of approvals.
810.1014 Obtaining the letter of commitment in connection with Defense Plant Corporation lease agreements.
810.1015 Approval of contracts or agreements required in certain cases.
810.1015a Termination or cancellation of Emergency Plant Facilities Contracts.

SUBPART D—AMORTIZATION DEDUCTION AND CERTIFICATES OF NECESSITY

810.1016 Amortization deduction.
810.1017 Regulations.
810.1018 Policy and procedure.
810.1019 War Department policy regarding certificates.

SUBPART A—POLICY

§ 810.1001 *General policy in regard to new facilities.* The conservation of critical material and the fullest possible

utilization of existing facilities, whether structures, machinery, or equipment, requires that preference in placing contracts should be given first to contractors who have existing buildings or machinery available, and, second, to contractors who need to acquire the least amount of additional facilities for performance of the contract. Where it has been determined that new facilities are essential, preference should be given to contractors who will themselves finance such facilities. So far as practicable, direct payment or direct reimbursement by the Government for the cost of new facilities should be confined to facilities which themselves form a separate unit (on land covered by the facilities contract or controlled by a long-term lease) or which are readily removable or separable from the contractor's existing plant without unreasonable expense or loss of value. Thus, so far as practicable, buildings should not be erected at the Government's expense on land owned by the contractor unless the Government is given an option to lease on an appropriate basis for a substantial term (e. g. ten years) after the emergency, or an option to buy land at a reasonable price, now or later determined by negotiation.

In connection with new construction projects, the measures in the following sections will be observed in order to conserve critical materials.

§ 810.1001–1 The site will be selected with a view to minimizing the requirements for additional utilities, transportation, and housing facilities. An effort will also be made to avoid the necessity of multiple-storied structures.

§ 810.1001–2 Whenever possible structures should be of a temporary nature and should be of the simplest construction consistent with the proposed use of the structure and the applicable building codes.

§ 810.1001–3 Air conditioning will be employed in only those structures or portions of structures where the manufacturing process makes such use essential. Air conditioning will not be employed for the comfort or for increasing the efficiency of personnel.

§ 810.1001–4 Construction of new facilities will, insofar as possible, be of materials the use of which is not prohibited by applicable orders of the Army-Navy Munitions Board or the War Production Board.

§ 810.1001–5 Unless otherwise specifically provided, compliance with any provision of this part or of any amendment thereto which requires a change in contract procedure or in any contract provision shall not be mandatory until thirty days after the issuance of such regulation or amendment.

§ 810.1002 *Rental or allowance for the use of Government-financed facilities.* In cases where competition in a price sense will or may exist between the contractor receiving Government-financed facilities and other manufacturers (not using comparable Government facilities on a no-rental basis), appropriate steps will be taken to equalize insofar as possible the competitive situation. To this end, a reasonable rental not less than normal depreciation during the period of use will ordinarily be charged in such cases. Where there is direct Government construction or installation of Government-owned machinery or equipment (not including construction or installation under a Defense Plant Corporation Lease), in lieu of the rental charge, cognizance may be taken of the difference in the ownership or rental status of the facilities, as between the several manufacturers, and this factor taken into account in placing the contract.

Where Government-financed facilities are employed for the performance of contracts other than those directly with the Government, a rental will usually be charged for the facilities so employed. However, where the facilities are furnished as a part of an integrated production program under which a reduction commensurate with the facilities furnished is obtained in the cost of the supplies to the Government, and the furnishing of the facilities without rental does not create an unfair competitive advantage, the rental charge need not be made. Rental may also be waived with respect to production for a foreign Government for cause deemed adequate by the chief of the technical service.

§ 810.1003 *Reconversion and storage costs.* Where, pursuant to the policy stated in § 810.1001 hereof, the Government undertakes to finance the conversion of plants to war production (including required new machinery, equipment, and building installations), the cost of such conversion may include the cost of removing existing commercial machinery, equipment, and installations, and the cost of incidental building rehabilitation and alteration. In such cases, provision may be made for payment, on termination of production for the Government, of the costs of removal of Government-financed machinery and equipment, including preparation for shipment and storage. No provision may be made, however, for the Government's bearing, either directly or indirectly, any part of the cost of reconverting the contractor's plant to commercial production (including reinstallation of privately-owned machinery and equipment), nor will the Government bear the cost of storing such machinery and equipment during the period between conversion and reconversion. This policy is equally applicable to all types of contracts, whether facilities contracts, cost-plus-a-fixed-fee contracts, or fixed-price contracts.

§ 810.1003a *Costs of removing and dismantling Government-owned facilities.* (a) The obligation to perform the operation of (1) dismantling Government owned facilities (and preparing them for shipment) and (2) removing the facilities from the contractor's plant, and the question of whether either or both of such operations shall be performed at Government expense, are not uniformly treated in War Department contracts. This is largely the result of periodic changes in standard forms. Many facilities articles and leases obligate the contractor to perform the operation of dismantling facilities at his own expense but obligate the Government to remove the facilities at the Government's expense. A few facilities contracts obligate the contractor to perform the operation of dismantling but provide for the reimbursement of his costs of doing so. Some contracts contain provisions obligating the Government to remove facilities from the contractor's plant or providing that the contractor's expense of removal will be reimbursed to it by the Government, and are silent on the dismantling, in which case "remove" and "removal" may be fairly interpreted to include dismantling.

(b) With the exception of the few instances in which it is necessary to comply with express covenants for reconversion, it is the policy of the War Department (see §§ 810.1003 and 802.238–2) that the Government will not bear any part of the cost of reconverting the contractor's plant to commercial production. In connection with the dismantling of facilities and their removal from the contractor's plant this policy is interpreted to prohibit reimbursement of the contractor (or the assumption by the Government of the obligation to perform the work) for any items of expense relating to the restoration, repair, or alteration of the premises in order to correct a condition which was created by or resulted from the installation of the facilities. (For example, reimbursement will not be made for the cost of removal of footings or filling of pits which were constructed for the installation of the facilities. Similarly, reimbursement will not be made for the costs of repairing or filling holes or apertures in floors, walls or roof which were made as an incident to installation and remain after dismantling and removal.)

(c) It is recognized, however, that incidental structural damage may in some cases be caused to the premises by the operations of dismantling the facilities or removing them from the plant. Wherever such damage is directly and intentionally caused in the process of performing an operation which the Government is obligated by the terms of the particular contract to perform (or for the performance of which the Government is obligated to reimburse the contractor) the obligation will be interpreted to include the repair of such incidental damage at Government expense. (For example, assuming the Government is obligated by the contract to remove facilities or to reimburse the contractor for doing so, the obligation would include the expense of opening or destruction and the subsequent rebuilding of a wall, partition or floor in cases where the removal of the facilities, as distinguished from their dismantling, required such opening or destruction. In case the contract obligates the Government to dismantle the facilities or to reimburse the contractor for doing so, the obligation would include the expense of the repair of any structural damage directly and intentionally caused in the process of dismantling.)

§ 810.1004 *Tax amortization.* Under the provisions of section 124 of the Internal Revenue Code, the cost of facilities incurred by a contractor may, under certain circumstances, but only for the purpose of computing taxable income (see § 802.238–1) be amortized over a period of 60 months (or in some instances, a shorter period). To obtain the benefit of such amortization, a Certificate of Necessity must first be obtained. The procedure for obtaining such certificates is set forth in Subpart D of this part. Said section 124 is inapplicable to the acquisition or construction of facilities under a plan of the type described in Plans III, IV or V in § 810.1006 below.

§ 810.1004a *Use of War Department owned machine tools and other industrial equipment for other than War Department production.*

§ 810.1004a–1 *Use by contractor under other contracts or for commercial production.* To promote the most effective possible use of Government owned machine tools and other industrial equipment which have been furnished to private concerns under War Department facilities contracts, the chief of each technical service, or his duly authorized representative, is authorized hereby to permit the use of such machine tools or equipment by the contractor under the conditions hereinafter set forth: *Provided*, That the War Department does not for the time being require such machine tools and equipment for its own production at the contractor's plant. Such use may be permitted:

(a) Where such machine tools and equipment are to be used by the contractor for the performance of other war contracts, either as a prime contractor with any Government department or agency or as a subcontractor.

(b) Where such machine tools and equipment are to be used by the contractor for the production of items determined by the Director, Production Division, Headquarters, Army Service Forces or by the chief of the technical service, or by the duly authorized representative of either of them, to be of importance in some direct and immediate manner to the prosecution of the war or to the national defense. In such cases instruments authorizing the use shall provide for a limitation of such use to a definite period of time or to a definite quantity of production.

(c) Where such machine tools and equipment are to be used by the contractor for other commercial production not directly connected with war procurement and not of the type mentioned in paragraph (b) above, *Provided*, That the instrument permitting such use expressly states that such permission is granted subject to termination at any time by the chief of the technical service or his duly authorized representative upon written notice to the contractor.

§ 810.1004a–2 *Lease agreement.* In all instances a fair and reasonable rental will be charged for the use of such machine tools and equipment in an amount determined by the chief of the technical service or his duly authorized representative to be adequate to protect the Government's interest. The lease agreement must make provision for proper repair and maintenance of such machine tools and equipment.

§ 810.1004a–4 *Statutory authority for lease.* Each instrument authorizing the lease or use of such machine tools and equipment in accordance with these regulations will be made pursuant to Public Law 703, 76th Congress (as amended by Public Law 580, 77th Congress, section 13) and to Title II of the First War Powers Act and Executive Order No. 9001.

§ 810.1004a–5 *Determination as to benefits from permitted use of machine tools and other industrial equipment.* It is hereby determined that the use to full advantage of Government owned machine tools and other industrial equipment which have been furnished to War Department contractors under facilities agreements, when such machine tools and equipment would otherwise be idle or unproductive.

(a) Will increase production required for war purposes and for the national economy, thereby promoting the interest of national defense and facilitating the prosecution of the war, and

(b) Will tend to reduce the cost to the Government of the war procurement program by obtaining fair compensation for the use of such machine tools and equipment, when idle, much of which is rapidly depreciating in value, and

(c) Will tend to enable war contractors to maintain their plants and working forces in efficient standby condition in intervals between the performance of contracts related to war procurement.

§ 810.1004a–6 *Authorized procedures not to delay circularization of idle property or declaration as surplus.* It is War Department policy to dispose promptly, in accordance with existing regulations, of all machine tools and equipment which the War Department no longer needs. The procedures authorized by the preceding paragraphs (especially § 810.1004a–1 (c)) will not delay circularization to all Government agencies of idle machine tools and other equipment (excessive at the point of use) or its declaration as surplus. The primary purpose of the authority granted by § 810.1004a–1 (c) is to provide for the effective use of machine tools and other equipment (a) during the period of circularization and pending determination of its appropriate disposition, and (b) during intervals in war production in the plant of the contractor having custody of such machine tools and equipment.

SUBPART B—METHODS FOR PROVIDING NEW FACILITIES AND PROTECTION OF THE GOVERNMENT'S INTEREST IN GOVERNMENT-FINANCED FACILITIES

§ 810.1005 *Protection of the Government's interest.* The duty of protecting the Government's interest in facilities for which the Government has paid in whole or in part rests upon the contracting officer. Where the new facilities are paid for by the contractor, and the cost thereof is not to be borne by the Government directly or indirectly, there is no problem of protecting the interest of the Government in the facilities. (See Plan I, § 810.1006.) Where the new facilities are to be financed by the Government, protection of the Government's interest therein will ordinarily be accomplished by the use of Plan II, III, IV, or V, as outlined in § 810.1006 hereof. In exceptional cases, such protection may be accomplished by the use of Special Facilities Contracts or Lease Agreements or through the use of the procedure outlined in § 810.1007 hereof.

§ 810.1006 *Methods for providing new facilities.* The following methods are typical of those which may be used for providing new facilities:

PLAN I—PRIVATE OWNERSHIP—WITH NO GOVERNMENT INTEREST

Purpose—For cases in which the contractor is not to be paid by the Government directly or indirectly for the cost of the facilities except to the extent of normal depreciation included in the price of articles sold to the Government.

Financing—Financed by the contractor.

Title—Vested in the contractor.

PLAN II—PRIVATE OWNERSHIP—WITH GOVERNMENT INTEREST (EMERGENCY PLANT FACILITIES CONTRACT)

Purpose—For cases in which the contractor is to be reimbursed by the Government and desires to retain a future interest in the facilities.

Financing—By the contractor until repaid by the Government.

Title—Vested in the contractor with option to purchase such interest as the Government may have acquired by having repaid the contractor partially or wholly for facilities.

PLAN III—GOVERNMENT OWNERSHIP—WAR DEPARTMENT CONSTRUCTION CONTRACT

Purpose—For cases in which the contractor is constructing facilities for the Government and at Government expense.

Financing—By the Government.

Title—Vested in the Government. When the facilities will constitute an addition to or an extension of an existing plant of the contractor, the contractor may be given an option to purchase the facilities.

PLAN IV—GOVERNMENT OWNERSHIP—DEFENSE PLANT CORPORATION LEASE

Purpose—For cases in which the Defense Plant Corporation pays for the facilities.

Financing—Defense Plant Corporation, upon recommendation by the War Department, enters into an Agreement of Lease with the contractor which, as agent for and in the name of Defense Plant Corporation, constructs the buildings and purchases the machinery and then leases the facilities from Defense Plant Corporation at an agreed rental. In most cases where the rental agreed upon is insufficient to reimburse Defense Plant Corporation in full over the term of the lease, part of the financing is borne by the War Department under an agreement with Defense Plant Corporation.

Title—Vested in Defense Plant Corporation, with option in contractor to buy at the end of the lease.

PLAN V—GOVERNMENT OWNERSHIP—SUPPLY CONTRACT

Purpose—For cases in which the contractor will acquire facilities (other than real estate and buildings) for the account of and to be paid for by the Government; facilities to be used by contractor to manufacture supplies under War Department supply contract; contractor responsible for return of facilities in good condition, except for reasonable wear and tear and loss due to stated perils. This type of government financing is provided for

by the article entitled Government-Owned Facilities set forth in § 803.332.

Financing—Government Funds.

Title—Vested in the Government, with option in contractor, in certain cases, to buy at cost less depreciation.

§ 810.1007 *Other methods of protecting the Government's interest in Government-financed facilities.* Where, because of special circumstances (such as the inseparability of the new facilities from existing privately owned facilities), the adoption of none of the methods set forth in § 810.1006 is practicable and the Government bears, as a part of the contract price, all or a portion of the cost of the facilities to the contractor, the contracting officer will include in the contract which provides for such payment by the Government for the facilities suitable provisions for the protection of the Government's interest in the facilities and will state in the contract the amount of such payment. Ordinarily, in such cases the provisions hereinafter set forth should all be included. However, in exceptional circumstances one or more of such provisions, with the approval of the Director, Purchases Division, Headquarters, Army Service Forces, may be omitted from the contract with or without substitution of modified provisions directed to the same end, as determined by the following sections.

§ 810.1007–1 *Maintenance of facilities.* Requirement that the contractor maintain the facilities, or an appropriate portion thereof, in good condition at its own expense for a period provided for in the contract extending beyond the period of existing supply contract, unless upon request the contracting officer releases it from such obligation;

§ 810.1007–2 *Retention of title.* Requirement that the contractor retain title to the facilities, or an appropriate portion thereof, during said period free of encumbrances not consented to in writing by the contracting officer;

§ 810.1007–3 *No material alteration.* Requirement that the contractor makes no material alteration in the nature of the facilities, or an appropriate portion thereof, without the written consent of the contracting officer;

§ 810.1007–4 *Priority to Government orders.* Requirement that the contractor give priority to Government orders during said period;

§ 810.1007–5 *Depreciation or amortization.* Requirement that the contractor shall not include in any price in any supply contract with the Government any sum for depreciation or amortization of the facilities, or an appropriate portion thereof, during said period;

§ 810.1007–6 *Release from requirements.* Provision that the contractor may at any time be released from the above requirements upon payment to the Government of a sum agreed upon between the contractor and the contracting officer as constituting fair and just return to the Government for its payment for the facilities.

Where reference is made in the above sections to "an appropriate portion" of the facilities, that portion for which payment is made by the Government is intended.

SUBPART C—PROCEDURE FOR OBTAINING CLEARANCE AND APPROVAL OF INDUSTRIAL FACILITY EXPANSIONS

§ 810.1008 *Submission of projects.* Except as provided in §§ 810.1008–3, 810.1010–2 and 810.1010–3, below, all requests for the construction, modification, expansion, or conversion of an industrial facility to be financed by the War Department or by the Defense Plant Corporation under War Department sponsorship (including those which involve only a contingent War Department liability) will be submitted by the sponsoring technical service to the Production Division, Headquarters, Army Service Forces for approval and clearance by all interested agencies, if such projects involve:

(a) Use of Expediting Production Funds, or

(b) Use of other War Department funds or Defense Plant Corporation funds and are estimated to cost in excess of $100,000, excluding costs of jigs, dies, fixtures and gages, such cost including the value of machinery and equipment to be obtained from excess stocks, as well as all new expenditures, whether financed privately or by the Government.

§ 810.1008–1 *Definition of industrial facility.* An industrial facility, as used in this part, is defined as a manufacturing plant, whether privately or Government-owned, with all necessary appurtenances thereto, including machinery and equipment, utilities, warehouses, testing buildings, and similar items. Manufacturing plants, together with the facilities required to supplement such plants, at War Department owned and operated arsenals, depots, and similar establishments, are also considered industrial facilities.

§ 810.1008–2 *Preliminary inquiry to Production Division.* In order to minimize delays and the possibilities of unfavorable action, when new facilities are first being considered, it is desirable that the initiating office communicate with the Production Division, Headquarters, Army Service Forces to ascertain the availability of existing facilities suitable for the required production.

§ 810.1008–3 *New construction, additions or alterations at Class IV installations.* All requests for new construction, additions or alterations, the cost of which exceeds $1,000, at industrial facilities in Class IV installations will be approved personally by the chief of the interested technical service (without delegation) and will be submitted for approval to the Production Division, Headquarters, Army Service Forces through the Office, Chief of Engineers. Such requests will contain the information required under § 810.1009 below to the extent applicable, and must contain complete justification for the proposed work.

§ 810.1009 *Application for approval of projects and for release of Expediting Production Funds ("site letters").* Applications for approval of any proposed facilities expansions or conversions of the type described in §§ 810.1008 and 810.1008–3 above, and for the release of Expediting Production Funds, will be made to the Production Division, Headquarters, Army Service Forces except as provided for the Army Air Forces in §§ 810.1010–2 and 810.1010–3 below. If the projects involve Expediting Production Funds in excess of $25,000, or other funds in excess of $100,000, such applications will supply the following information in quadruplicate. Items not applicable to a particular project will be so indicated.

(a) Name and location of project.

(b) Name and address of operator.

(c) Product and production rate to be created by this project.

(d) General statement of processing operations to be performed in the plant on the item to be produced and the principal types of machine tools and other machinery and equipment necessary therefor. Indicate nature of additional machine tools and other machinery and equipment included in the proposed project.

(e) General description of proposed construction or rehabilitation, if any. For new construction, state number of buildings and approximate floor space of each.

(f) Labor information as follows:

(1) Current employment in the entire plant.

(2) Expected peak employment as the result of expansions previously authorized and now under way, excluding this proposal.

(3) Labor presently engaged on production of item for which expansion is requested.

(4) Additional labor required to staff the expansion. If the project is located in a labor area in which an Area Production Urgency Committee has been established, there must be attached to the site letter a signed copy of the Form GA–862 indicating approval by the Committee.

(g) Maximum additional power required, in kilowatts, and sources of supply.

(h) Additional fuel required, quantity, and type.

(i) Statement of adequacy of water, sewage disposal, rail and highway transportation, and housing.

(j) Brief reasons for selection of this facility or site.

(k) Statement of estimated costs:

(a) Land (number of acres)	------
(b) Purchase of existing plant	------
(c) Construction and rehabilitation including installation costs of (d)	------
(d) Machine tools and other machinery and equipment	------
(e) Automotive furniture and fixtures	------
(f) Dies, jigs, fixtures and gages, and other manufacturing aids	------
(g) Contingencies, overhead, and miscellaneous	------
(h) Total (excluding portion privately financed)	------
(i) Private financing [1]	------
(j) Total cost	------

[1] Explain part of project to be privately financed.

The figures shown for machine tools and other machinery and equipment will be the value of all the tools and equipment to be physically added to the operation. There will be an indication of the portion of each which it is estimated will be secured from available excess lists.

(l) Statement of requirements for item to be produced and existing capacity for such production. Include under this heading:

(1) Total requirements for each year 1944 and 1945.

(2) List of existing producers, including those in process of expansion.

(3) Scheduled 1944 production from each.

(4) Maximum monthly capacity of each facility and month when that capacity will be reached.

(m) Method of financing. If use of Expediting Production Funds is required, make a request for a specific amount or state that such a request will be submitted separately, stating, also, how the remainder of cost, if any, is to be financed.

(n) (1) Estimated date of initial operation.

(2) Estimated date of completion of construction.

(3) Estimated date of full operation.

§ 810.1009–1 *Supplying missing information.* Where it is deemed essential, in the interest of expedition, to file any application before the complete data required above are available, the missing information will be supplied promptly in a second letter following the original application.

§ 810.1009–2 *Approval of applications.* Except for the projects of the Army Air Forces (see §§ 810.1010–2 and 810.1010–3), all applications by the technical services must be approved by the Director, Production Division, Headquarters, Army Service Forces.

§ 810.1009–3 *Projects under $25,000 involving Expediting Production Funds.* In order to simplify the procedure for processing projects in this class, the technical service should, whenever possible, submit them in groups, listing the projects, together with the amounts of funds requested for each, in a single memorandum in triplicate. The detailed information required by § 810.1009 for larger projects need not be furnished, but the following information will be furnished with respect to each project covered by the memorandum:

(a) Name and location of project.

(b) Total cost, including breakdown of cost into construction, machinery and equipment, etc.

(c) Purpose of project.

(d) Adequate information to establish essentiality.

§ 810.1010 *War Production Board clearance.* Except as provided in § 810.1011, every proposed industrial facility expansion estimated to cost in excess of $100,000 (including any portion to be privately financed and any portion of equipment to be provided from available excess) must be approved by the Facilities Committee, War Production Board.

§ 810.1010–1 *Procedure for obtaining approval of the Facilities Committee.* The following procedure is established for all projects requiring approval by the Facilities Committee:

(a) When a project has been approved by the Director, Production Division, Headquarters, Army Service Forces, the Production Division will submit the proposal to the Facilities Committee, War Production Board, for approval. It will be the responsibility of the Production Division to maintain liaison with the Facilities Committee to expedite action on proposals which have been submitted.

(b) After notification by the Production Division that the project has been cleared by all necessary agencies, the technical service will instruct the contractor (except where the work is under the jurisdiction of the Corps of Engineers) to submit to the War Production Board, through the technical service, a WPB–617 application covering the entire project if construction is involved, or a PD–3A if the proposal includes only machine tools and equipment. To these applications will be attached a copy of the memorandum of approval from the Facilities Committee, War Production Board, which will eliminate the necessity for any further check by the War Production Board as to essentiality. If a Necessity Certificate for Tax Amortization is to be requested, the application therefor will accompany the WPB–617 or PD–3A.

(c) Prior to forwarding the PD–3A to the War Production Board, the technical service will fully complete the certificate and will assign the appropriate preference rating, as established in the Army and Navy Munitions Board Priorities Directive, and will be responsible for checking the list of equipment, in order to eliminate items which can be obtained from available surpluses. If it is not practicable to submit the entire list of equipment on the initial PD–3A, a statement to that effect will be made. Subsequent PD–3A's on the project will be submitted as indicated above and will be accompanied by a list of serial numbers and amounts of PD–3A certificates previously submitted. It will not be necessary to submit Form PC–20 with PD–3A's on projects covered by this memorandum. Forms WPB–1548 (Amendment to original WPB–617's), when necessary, will be submitted through the same channels.

(d) The technical service must assure itself that the WPB–617 or PD–3A is in agreement with the information required by § 810.1009 above, or attach supporting data to justify any over-run of cost when submitting the forms to the War Production Board.

(e) The approved WPB–617 or PD–3A will be transmitted to the contractor through the technical services. To assure that this step is taken by the War Production Board, the technical service will make such a request in each case.

§ 810.1010–2 *Army Air Forces projects requiring WPB approval.* For projects of the Army Air Forces which require approval by the War Production Board and which involve Expediting Production Funds, the Army Air Forces will address and submit two originals of the application containing the information specified in § 810.1009 directly to the Facilities Committee, War Production Board, and will send the remaining two copies of the original application to the Production Division, Headquarters, Army Service Forces, for its information and record. The Facilities Committee will notify the Army Air Forces directly of the action taken, sending an information copy to the Production Division, Headquarters, Army Service Forces.

§ 810.1010–3 *Army Air Forces projects not requiring WPB approval.* When projects of the Army Air Forces do not require approval of the War Production Board but involve Expediting Production Funds, the Army Air Forces will make application for such funds to the Under Secretary of War through the Production Division, Headquarters, Army Service Forces, including in such application the following certification as to necessity, signed for the Commanding General, Army Air Forces, by the Chief, Resources Division, Office, Assistant Chief of Air Staff, Matériel, Maintenance and Distribution, or one of his superior officers:

> It is hereby certified that the items of expenditure herein referred to are essential to enable this facility to attain the production capacity required of it in order to meet the peak requirements of the currently authorized aircraft program.

The merits of such projects will not be reviewed by the Production Division, Headquarters, Army Service Forces.

§ 810.1011 *Increased costs and continuing capital expenditures.*

§ 810.1011–1 *Increased costs only.* Increases in costs of projects previously approved by Headquarters, Army Service Forces, or by the Under Secretary of War, which are due to a low initial estimate and do not involve a change in the scope of the project or production output, do not require approval of the War Production Board but do require clearance by the Production Division, Headquarters, Army Service Forces. All such applications of the technical services must include a clear statement of the particular factors justifying the increased costs, and will be subject to the approval of the Production Division, Headquarters, Army Service Forces, except as indicated under § 810.1010–3.

§ 810.1011–2 *Continuing capital expenditures.* Applications may be made by a technical service for approval of continuing capital expenditures required in connection with an existing project theretofore sponsored by or transferred to sponsorship of such technical service. Such application shall state:

(a) The estimated costs of the additional capital facilities required for a specified current or ensuing quarter year (giving breakdown thereof in accordance with § 810.1009 (k) above), together with estimated dollar amount required for the next succeeding three quarter-years, the total amount of such four quarter-years not to exceed five percent of the total estimated cost of the project as heretofore approved;

(b) The necessity for such continuing capital expenditures; and

(c) The method of financing thereof, the amount of Expediting Production

Funds, if any, required therefor, and the manner in which the balance of such expenditures will be financed:

Such application shall be submitted to the Production Division, Headquarters, Army Service Forces, and, except as indicated under § 810.1010–3, shall be subject to approval by the Division. Approval of the War Production Board of such application is not required, regardless of the amount.

§ 810.1011–3 *Conditions of approval.* Approval of applications for continuing capital expenditures shall be subject to the following terms and conditions:

(a) Expenditures shall be limited to items normally classified as capital charges and shall not be used for items which may properly be charged to maintenance, repairs, or operations;

(b) Expenditures shall be only for construction, alterations, extension, machinery, equipment, or other facilities required to round out or improve operating efficiency, balance production, or otherwise develop maximum utilization of the existing project;

(c) Expenditures shall not be used for any new structure, the estimated cost of which exceeds $25,000, nor for camouflage or any new administration buildings or cafeterias, but may be used for alterations or extensions of existing facilities of this character.

(d) New construction, additions or alterations at Class IV installations, the estimated cost of which exceeds $1,000, will be processed in accordance with the provisions of § 810.1008–3 above regardless of the other provisions of this section.

(e) When a project which has been financed solely with Expediting Production Funds has been completed, the technical service must immediately return all unexpended funds in excess of 3% of the total cost of the project. The funds retained may be used for continuing capital expenditures, in which case the technical service must notify the Production Division, Headquarters, Army Service Forces of the amount being so held. The use of such excess funds will be subject to the terms and conditions outlined in paragraphs (a) through (d) above.

§ 810.1012 *Application for release of Expediting Production Funds.* When a project requires release of Expediting Production Funds, application therefor shall be made in accordance with § 810.1009 (m) above. When a project for which Expediting Production Funds are requested has received approvals herein required to be given by the Production Division, Headquarters, Army Service Forces, the War Production Board, or both, or has been certified in behalf of the Commanding General, Army Air Forces, in accordance with § 810.1010–3 above, the Production Division, Headquarters, Army Service Forces, will submit the project, with all supporting information, to the Under Secretary of War for approval and release of Expediting Production Funds.

§ 810.1013 *Notice of approvals.* In all cases involving approval by the Production Division, Headquarters, Army Service Forces, or release of Expediting Production Funds, the Production Division, Headquarters, Army Service Forces, will advise the interested technical service in writing when the project has received all necessary approvals.

§ 810.1014 *Obtaining the letter of commitment in connection with Defense Plant Corporation lease agreements.* Where the proposed expansion is to be financed through a Defense Plant Corporation lease agreement, the letter of commitment from the War Department to the Defense Plant Corporation will be submitted to the Under Secretary of War. Such submission will be through the Office of the Under Secretary of War, Attention: Contracts and Facilities, and will be accompanied by a brief statement of the nature, location, estimated cost and productive capacity of the project, together with a statement that the project is essential and that the estimated cost thereof is believed reasonable.

§ 810.1015 *Approval of contracts or agreements required in certain cases.* The following contracts will be submitted to the Director, Purchases Division, Headquarters, Army Service Forces, for approval:

(a) All Emergency Plant Facilities Contracts.

(b) All Special Facilities Contracts.

(c) Contracts containing provisions which are required to be submitted under § 810.1007.

(d) Supply contracts containing "Government-Owned Facilities" clauses which deviate in substance from § 803.332 or any provision of which is required to be submitted under the notes to § 803.332.

(e) Separate lease agreements referred to in § 823.304 (b) except those which are (1) written on a standard form of contract for lease of equipment (see § 803.304–1), or (2) embody substantially the provisions of § 803.332, and do not contain any provisions which is required to be submitted under the notes to § 803.332.

§ 810.1015a *Termination or cancellation of Emergency Plant Facilities contracts.* Whenever it is desired to effect termination or cancelation of an Emergency Plant Facilities contract and permit the contractor to acquire all or any part of the interest of the Government in the facilities, the matter will be submitted in detail for the approval of the Under Secretary of War, through the Director, Purchases Division, Headquarters, Army Service Forces.

SUBPART D—AMORTIZATION DEDUCTION AND CERTIFICATES OF NECESSITY

§ 810.1016 *Amortization deduction.* For Federal income tax purposes, the cost of construction, reconstruction, erection, installation or acquisition of facilities may, pursuant to section 124 of the Internal Revenue Code, be amortized over a period of 60 months (or a shorter period under certain circumstances) when a Certificate of Necessity has been issued certifying that such construction, reconstruction, erection, installation or acquisition of facilities is necessary in the interest of national defense during the emergency period. (See § 810.1004.) The procedure for obtaining such a certificate is set forth in the following sections.

§810.1016–1 *Transfer of authority to issue certificates to War Production Board.* Prior to December 17, 1943, the Secretary of War and the Secretary of Navy were authorized to issue such certificates. However, on that date and by Executive Order No. 9406, "* * * the functions, powers and duties of the Secretary of War and the Secretary of the Navy with respect to the certification, pursuant to section 124 (f) of the Internal Revenue Code * * * [were] transferred to the Chairman of the War Production Board."

§ 810.1016–2 *Issuance of certificates prior to effective date of transfer.* Executive Order No. 9406 provided that the regulations of the Secretary of War and the Secretary of the Navy in effect prior to October 5, 1943 should govern the issuance of Certificates of Necessity for all applications therefor describing facilities, the beginning of the construction, reconstruction, erection, installation, or the date of acquisition of which was prior to October 5, 1943. The order also indicated that the Secretary of War and the Secretary of Navy would act upon applications for certificates filed with either of them before December 17, 1943, describing facilities, the beginning of the construction, reconstruction, erection, installation, or date of acquisition of which was prior to October 5, 1943. All other applications for certificates are to be filed with and pursuant to regulations of the War Production Board.

§ 810.1016–3 *Automatic ineligibility.* Any application for a necessity certificate which was filed after April 5, 1944 for facilities which were acquired prior to October 5, 1943 is automatically ineligible because of the lapse of more than six (6) months between their date of acquisition and the date of filing the application therefor. Furthermore, any application for a certificate for a facility which was acquired after October 5, 1943 with respect to which no predetermination had been made is likewise automatically ineligible by reason of the promulgation, on that date, of the predetermination requirement, i. e., that the necessity for such a facility be determined by the certifying authority before its acquisition. (See Executive Order No. 9406, 3 CFR 1943 Supp.)

§ 810.1017 *Regulations.* Pursuant to Executive Order No. 9406, regulations governing the Certificates of Necessity have been promulgated by the Chairman of the War Production Board and appear in Part 910 of Title 32. Copies of such regulations may be obtained from the War Production Board.

§ 810.1018 *Policy and procedure.* Sections 810.1018–1 through 810.1018–4, inclusive, summarize the policy and procedure with regard to Certificates of Necessity as prescribed in the War Production Board regulations referred to above. Sections 810.1018–5 and 810.1018–6, inclusive, set out the procedure within

the War Department except with regard to applicants with whom the Army Air Forces are principally concerned.

§ 810.1018–1 *General.* Certificates of Necessity will be issued only where the facilities to be constructed or acquired are (a) clearly necessary to the war effort and (b) it is to the advantage of the Government that they be privately financed. In general, it may be stated that whenever the Government cannot readily take title to a proposed facility, it is to the advantage of the Government that such a facility be privately financed, i. e., in cases of plant rehabilitation, attached structural additions and equipment such as brick furnaces.

§ 810.1018–2 *Applications for certificates.* Applications for Certificates of Necessity, from and after December 17, 1943, will be made in triplicate on the form prescribed and provided by the War Production Board (Form WPB 3467) together with six copies of Appendix A thereto, which form is likewise prepared and provided by the War Production Board. All such applications must precede the construction, reconstruction, erection, installation or acquisition of a facility in order that the certifying authority may determine whether such construction, reconstruction, erection, installation, or acquisition is necessary, within the meaning of section 124 of the Internal Revenue Code. Where priority assistance or specific authorization of the War Production Board is necessary to effect acquisition, the application for a Certificate of Necessity and the application for priority assistance or specific authorization must be filed together.

§ 810.1018–3 *Filing application.* Applications for certificates will be filed directly with the War Production Board in Washington, D. C., as prescribed by paragraph (7) of the aforesaid regulations. An application will be deemed to be filed when it is received at the office of the War Production Board in Washington, D. C.

§ 810.1018–4 *Data required.* Where possible, all information called for on the standard form of application must be clearly and concisely given and it must be executed in the manner and by the person prescribed therein.

§ 810.1018–5 *Processing applications.* The War Production Board, in order to obtain recommendations as to the desirability of issuing the certificate, may transmit a copy of the application to the Production Division, Headquarters, Army Service Forces, which maintains liaison between the War Production Board and the technical services in matters pertaining to amortization. In such cases, the Production Division will forward a copy of the application to the chief of the technical service concerned with a request for report and recommendation. The chief of the technical service concerned will transmit this copy of the application to the officer most appropriately qualified for investigation and report.

§ 810.1018–6 *Reports on applications.* Fifteen days after this receipt of the application, the reporting officer will transmit his report to the Production Division, Headquarters, Army Service Forces, through such channels as the chief of the technical service may prescribe. When the report cannot be furnished in the prescribed time, the reporting officer will transmit a statement assigning the reasons for the delay. In all cases, the report must contain a recommendation as to the granting or denial of the Certificate of Necessity.

§ 810.1019 *War Department policy regarding certificates.* Only in extraordinary cases will an affirmative recommendation for the issuance of a certificate be made. While it is recognized that some additional facility expansions will be necessary, it is the policy of the War Department that they be accomplished either by Government financing, the purchase or lease of Government-owned facilities, or private financing without amortization.

§ 810.1019–1 The need for this policy was emphasized by the Under Secretary of War on August 14, 1943 in a memorandum to the Commanding General, Army Air Forces, and Commanding General, Army Service Forces, in which he stated:

> The need of material and manpower for production of munitions has required curtailment in the creation of new facilities. This applies to expansion of industrial facilities as well as others, and makes it imperative that such expansion be curtailed. * * *
>
> Reporting officers (of the Technical Services and Army Air Forces reporting on applications for Necessity Certificates) should recommend in each case that an Application for a Necessity Certificate be denied unless they are able to establish definitely that the needs of the Army Supply Program can not be effectively obtained without additional facilities of the type which are the subject of the application.

By a similar memorandum dated May 8, 1945, the Under Secretary of War has directed that, in view of the unconditional surrender of the German forces in Europe, particular attention be given to the foregoing provision that only in extraordinary cases will an affirmative recommendation for the issuance of a certificate be made.

[Procurement Reg. 11]

PART 811—MISCELLANEOUS PURCHASE INSTRUCTIONS

SUBPART A—MARKING OF CONTAINERS

Sec.
811.1102 Numbering of compressed gas cylinders.

SUBPART B—PATENTS

811.1109 Interchange of patent rights and industrial information.
811.1110 Agreement with the United Kingdom for the Interchange of patent rights and industrial information.
811.1111 List of lend-lease and reciprocal aid agreements.
811.1112 Adjustment of royalties for use of inventions.
811.1113 Voluntary adjustments of royalties effected before an order is made.
811.1114 Agreements in settlement and compromise after an order is made and before suit against the United States has been instituted.
811.1115 Investigation of, and licenses, assignments and releases eliminating claims for, the unauthorized use of inventions.
811.1116 Patent rights provisions of a development contract.
811.1117 Patent risk provision.
811.1118 Discretion of the chiefs of technical services.

SUBPART C—LITIGATION AND RELATED MATTERS

811.1120 Procedure for handling litigation involving cost-plus-a-fixed-fee contractors.
811.1121 Reports of criminal conduct in connection with War Department contracts.
811.1122 Joint action with Navy with respect to contingent fees.

SUBPART D—PRICE AND RATIONING REGULATIONS

811.1130 General.
811.1131 OPA price regulations in general.
811.1132 Purchases.
811.1134 Sales.
811.1135 Rationing regulations.

SUBPART E—CONTROLLED MATERIALS PLAN

811.1140 Revision of existing supply contracts to conform to production schedules authorized under Controlled Materials Plan.
811.1141 Allotment of materials for new contracts.

SUBPART F—CONTRACTS INVOLVING RUBBER OR SYNTHETIC RUBBER

811.1150 Agreement with Rubber Reserve Company.
811.1151 Administration of agreement.
811.1152 Effect of agreement on contracts involving natural rubber.
811.1153 Existing contracts involving synthetic rubber.
811.1154 Conversion from use of natural rubber to use of synthetic.
811.1155 Price Adjustment Provisions.

SUBPART G—MISCELLANEOUS MATTERS

811.1180 Discounts in purchasing.
811.1181 Contingent fees.
811.1182 Track-scaling of loaded railroad cars.
811.1182a Ordering of less than full carloads to be avoided.
811.1182b Notice of shipments by contractors.
811.1182c Land grant deductions.
811.1183 Procurement of spare parts.
811.1184 Contracts with foreign nationals.
811.1185 Contracts with blocked nationals.
811.1186 Limitation on purchase of arms, ammunition and implements of war.
811.1187 Restrictions on purchases of selected items.
811.1187a Restrictions on local purchases.
811.1188 Advertising.
811.1189 Certificate required in procurement with respect to motor-propelled passenger-carrying vehicles.

SUBPART A—MARKINGS OF CONTAINERS

§ 811.1102 *Numbering of compressed gas cylinders.* See in this connection AR 850–60 (September 29, 1942) covering the safe handling, storing, shipping and using of compressed gas cylinders.

§ 811.1102–1 *Specifications of Interstate Commerce Commission.* Cylinders for compressed gases must be made under specifications of the Interstate Commerce Commission. Deviations from those specifications are permitted in certain cases. Those specifications require identification of the cylinders by a serial number and by an identification symbol.

§ 811.1102–2 *Assignment of serial numbers.* The serial numbers which are to be used by the purchasing officers of the War Department will be assigned by the Director, Purchases, Division, Headquarters, Services of Supply, to the chief of the supply service concerned upon request. Letters should be prefixed and suffixed to those serial numbers to indicate type and size of cylinder as indicated below.

§ 811.1102–3 *Identification symbol.* The registered identification symbol of the War Department is WD.

§ 811.1102–4 *Maintenance of records.* Chiefs of supply services will furnish to their field agencies such serial numbers as may be required from those assigned as indicated in § 811.1102–2. A record will be maintained of the numbers that have been actually used by their field agencies, together with a record of cylinders which have been manufactured or purchased.

§ 811.1102–5 *Markings on cylinders.* Ordinary markings for a cylinder are illustrated by the following example:

ICC–3A480 (Specification mark)
KM1234H (Serial No.)
WD (Symbol)

Any special markings desired on cylinders are permissible but must be specified as "additional marks" and must not interfere with the ordinary marks as above noted.

NOTE: The mark ICC–3A480 means that the cylinder has been made under specification 3A with service pressure 480 lbs. per square inch, and that it is limited to use for gas with pressure not over 480 lbs. per square inch at 70° F., and not over 480×5/4=600 lbs. per square inch at 130° F.

§ 811.1102–6 *Safety devices.* Cylinders must be fitted with safety devices of approved type as required by regulations of the Interstate Commerce Commission. Manufacturers of cylinders and valves are familiar with those requirements.

§ 811.1102–7 *Types of cylinders*—(a) *Anhydrous ammonia.* Cylinders for anhydrous ammonia should preferably be of types ICC–4 or ICC–4A480. Type ICC–3A480 is also authorized but will probably be found more expensive.

(b) *Chlorine.* Cylinders for chlorine will be type ICC–3A480.

(c) *Hydrogen sulphide.* Cylinders for hydrogen sulphide should preferably be of type ICC–4B480. Types ICC–3A480, ICC–3B480, and ICC–4A480 are also authorized but will probably be found more expensive.

(d) *Methyl chloride; sulphur dioxide.* Cylinders for methyl chloride and for sulphur dioxide should preferably be of type ICC–4B300. Types ICC–3A300, ICC–3B300, ICC–4A300, and ICC–4 are also authorized but will probably be found more expensive.

(e) *Acetylene.* Cylinders for acetylene will be of type ICC–8.

(f) *Oxygen and other nonliquefied gas; carbon dioxide; nitrous oxide.* High pressure cylinders, for oxygen and other nonliquefied gas, and for carbon dioxide and nitrous oxide, should preferably be of type ICC–3A2015. Type ICC–3A1800 is also authorized but is less efficient and not less expensive. Cylinders of 75 lbs. and 100 lbs. capacity for carbon dioxide and nitrous oxide will be of type ICC–3A2300.

(g) *Compressed gases (except acetylene).* Cylinders of type ICC–3E are also authorized for all compressed gases except acetylene. These will be less than 2 inches outside diameter and not over 12 inches long, exclusive of neck.

(h) *Phosgene; mustard gas; other highly poisonous gases.* Cylinders for phosgene, mustard gas, and other highly poisonous materials (class A poison under regulations of the Interstate Commerce Commission) will be of type ICC–3D480 except as follows: Chlorpicrin, or mixtures of chlorpicrin with nonpoisonous liquid or gas, and monochloracetone, are authorized in any cylinder, except type ICC–8, of sufficient strength. See note under § 811.1102–5.

§ 811.1102–8 *System of serial numbers.* The use of serial numbers, together with letters prefixed and suffixed thereto will conform with the following:

(a) *High pressure cylinders made under Interstate Commerce Commission specification 3A for service pressure, 1,800 lbs. per square inch and higher.*

Prefix:	Required for cylinders–
A	2⅛" i.d. x 7⅜" (approximately).
C	3⅛" i.d. x 13" (approximately).
D	3⅛" i.d. x 16¾" (approximately).
DE	3⅛" i.d. x 21¼" (approximately).
E	3⅛" i.d. x 25¾" (approximately).
EE	4⅛" i.d. x 26" (approximately).
EP	5" i.d. x 26" (approximately).
F	5" i.d. x 51" (approximately).
FG	6⅝" i.d. x 43" (approximately).
G	8" i.d. x 51" (approximately).
H	8½" i.d. x 51" (approximately).
J	of internal capacity of 2,750 cu. in. up to and including 4,100 cu. in.
JC	For 75 pounds of carbon dioxide.
L	Having internal capacity of over 4,100 cu. in.
LC	For 100 pounds of carbon dioxide.

Examples: E1234; H1234; etc.

NOTE: Suffix letters to serial numbers are not to be used.

(b) *High pressure cylinders made under Interstate Commerce Commission specification 3E.* Serial numbers will not be used. Cylinders will be, in all cases, not over 1.99 inches outside diameter and not over 12 inches long, exclusive of neck.

(c) *Acetylene cylinders made under Interstate Commerce Commission specification 8.* Prefix W required in all cases.

Suffix letters required in all cases, dependent on rated gas capacity (approximately) as follows:

Suffix	Rated gas capacity required (approx.) feet
B	50
C	100
H	150
J	250
K	300

Examples: W1234H; W1234K; etc.

(d) *Low pressure cylinders made under Interstate Commerce Commission specifications 3A, 3B, 3C, 4, 4A, 4B, and 4C for service pressure not over 480 lbs. per square inch.*

Prefix:	Required for cylinders marked—
KC	ICC–3A150
KP	ICC–3A240
KJ	ICC–3A300
KM	ICC–3A480
NC	ICC–3B150
NP	ICC–3B240
NJ	ICC–3B300
NM	ICC–3B480
OA	ICC–3C90
OC	ICC–3C150
OF	ICC–3C240
OJ	ICC–3C300
P	ICC–3D480
RC	ICC–4A150
RF	ICC–4A240
RJ	ICC–4A300
RM	ICC–4A480
S	ICC–4
TC	ICC–4B150
TF	ICC–4B240
TJ	ICC–4B300
TM	ICC–4B480
UA	ICC–4C90
UC	ICC–4C150
UF	ICC–4C240
UJ	ICC–4C300

Suffix letters also required, dependent on size, as follows:

Water capacity (pounds):	Suffix required
Below 4	None
4 to 7.99	A
8 to 11.99	B
12 to 15.99	C
16 to 19.99	D
20 to 39.99	E
40 to 59.99	F
60 to 79.99	G
80 to 99.99	H
100 to 129.99	K
130 to 159.99	M
160 to 229.99	P
230 to 319.99	S
320 to 399.99	U
400 to 499.99	W
500 to 749.99	Y
750 to 1000.00	Z

Example: KM1234K for a cylinder marked ICC–3A480 of 125 pounds water capacity; etc.

§ 811.1102–9 *Cylinders originally made for other agencies.* Cylinders, new or second hand, originally made for any agency other than the War Department, including commercial firms, may be purchased when authorized by chiefs of technical services. In such cases, the following procedure will be followed:

(a) Cylinders shall have been manufactured or retested within 12 months prior to date of delivery except as follows: Acetylene cylinders, Interstate Commerce Commission specification 8, less than 5 years old; cylinders made under Interstate Commerce Commission specification 3E.

(b) Cylinders of less than 12 pounds water capacity (332.8 cu. in.), will be marked with an added mark WD. Report of such purchase will be made to the chief of the technical service concerned giving the following data: Name of agency or firm from which purchased, contract or purchase order number and date, list of serial numbers, and the corresponding identification symbols (see § 811.1102–1); also statement that the symbol WD has been applied. Example of such marking is as follows:

Original marks	*Added marks*
ICC–3A2015 75578 XYZ	WD

(c) Cylinders of 12 pound water capacity (332.8 cu. in.) and above will be marked with added marks WD and the War Department serial numbers with prefix and suffix letters as prescribed herein. Report of such purchase will be made to the chief of the technical service concerned, giving the following data: Name of agency or firm from which purchased; contract or purchase order number and date; serial numbers of War Department applied (including prefix and suffix letters), listed consecutively; corresponding original serial numbers; original identification symbols; statement that the symbol WD and War Department serial numbers have been applied. Example of such marking is as follows:

Original marks	*Added marks*
ICC–4B240 17652 XYZ	WD TF1234K

(d) The added marks will be stamped plainly into the metal at some convenient point so that they will not obscure or be confused with the original marks.

(e) If such cylinders are required for export and it is not practicable in the time available to stamp the added marks, any or all of the procedure specified in the foregoing paragraphs may be omitted.

§ 811.1102–10 *Packing compressed gases, filling limit.* The Interstate Commerce Commission has amended section 303 (j) (3) of its regulations by adding the following note:

NOTE: Because of the present emergency and until further order of the Commission, ICC–3A cylinders may be charged with compressed gases, other than liquefied or dissolved gases, to a pressure 10 percent in excess of their marked service pressures. (7 F.R. 2911).

SUBPART B—PATENTS

§ 811.1109 *Interchange of patent rights and industrial information.*

§ 811.1109–1 *General.* Under the Lend-Lease Act (55 Stat. 31) and the International Reciprocal Aid Agreements under the Act (see §§ 811.1111 and 811.1111–1 below), it is established as the policy of the United States that full and complete dissemination be made of inventions, manufacturers' processes, technical information, designs and patent rights between the United States and our Allies with proper safeguards for security and the protection of the industrial property rights of citizens of the United States. Any such exchange shall be for the war purposes and for the duration of the war.

§ 811.1109–2 Under the Agreements each Government will bear the cost of procurement from its own nationals. Accordingly, insofar as practicable, the procurement of the information and rights referred to in the foregoing § 811.1109–1 for use by our Allies should be on the same basis as procurement for such use by the United States.

§ 811.1109–3 Contractors who would be interested should be advised of the fact that under the Agreements referred to in §§ 811.1111 and 811.1111–1 below, licenses under United States patents and applications for patents owned by nationals of the signatories to the said Agreements can be secured.

§ 811.1109–4 Requests by our Allies forwarded to the War Department for military items other than those pertaining to aeronautics will be received by the Director, International Division, Headquarters, Army Service Forces, who will refer such requests to the appropriate service to effect such procurement. Military items pertaining to aeronautics will be received by the Chief, International Section, Matériel Division, Office of Assistant Chief of Air Staff, Matériel, Maintenance and Distribution, Army Air Forces.

§ 811.1110 *Agreement with the United Kingdom for the interchange of patent rights and industrial information.*

§ 811.1110–1 *General.* Under date of August 24, 1942 an Agreement was entered into between the United States of America and the United Kingdom with relation to the interchange of patent rights, information, inventions, designs or processes (Executive Agreement Series 268).

§ 811.1110–2 *Terms of agreement.* The following is a summary of the terms of the agreement.

(a) Each government, insofar as it may lawfully do so, will, upon request, procure and make available to the other government, patent rights, information, inventions, designs or processes requested by the other government.

(b) Each government will bear the cost of the procurement from its own nationals.

(c) All patent rights so acquired will be for the purposes of and until the termination of the war only.

(d) Information, inventions, designs, or processes will be acquired upon such terms as may most expeditiously make such information available for the purposes of the war, with provision, to the extent practicable, for the limitation of the use thereof, for the purpose of and until the termination of the war.

(e) The agreement is deemed to have been in effect and operation as from January 1, 1942.

(f) The obligations of the United Kingdom pursuant to section 7 of the Lend-Lease Act (55 Stat. 31) as such obligations may be interpreted by the President or by the courts are to be performed by the United Kingdom.

(g) Each government agrees to take such steps as it deems practicable to ensure the appropriate degree of military secrecy in manufacture and use.

(h) License agreements or other contractual obligations existing on January 1, 1942 are not deemed to be within the scope of the agreement.

(i) The agreement provides that under certain conditions the United Kingdom will indemnify the United States on any claim brought by British nationals arising out of the use of items obtained under the agreement. Prompt notice of any such claim of infringement will be given to the appropriate representative of the United Kingdom as provided in § 811.1110–9 below.

§ 811.1110–3 *Handling of requests by the United Kingdom.* Requests by the United Kingdom for military items other than those pertaining to aeronautics will be handled as follows:

(a) The request will be submitted to the Director, International Division, Headquarters, Army Service Forces, in an original and 8 copies. The information contained therein will be similar to that contained in the form set forth in § 811.1110–10 below.

(b) The International Division will refer the request to the appropriate technical service for procurement. Such procurement shall be effected pursuant to §§ 811.1109–2 and 811.1110–6 of this and otherwise, as may be directed by the chief of such technical service.

(c) In the event that the technical service is of the opinion that it is impracticable or for any reason undesirable to procure and transfer the item desired to the United Kingdom, or if in the opinion of the technical service concerned licenses under another patent or patents should also be obtained, a full report embodying the relevant circumstances and the recommendation of the technical service shall be submitted to the Director, International Division, Headquarters, Army Service Forces.

(d) Financing items under the Agreement will be done in accordance with established procedure for lend-lease procurement. The extent to which such funds are used for the purposes set forth herein should be currently reported on form DDA–7 "Statement of Defense Articles procured from appropriations made to the President for Lend-Lease purposes and other appropriations and delivered to Foreign Governments" under the Lend-Lease Act (55 Stat. 31).

(e) A form of license to be used in procuring items under the agreement, together with certain conditions as to its use, is set forth in a Resolution adopted October 7, 1944, by the Joint British-American Patent Interchange Committee. Copies of this resolution may be obtained from the Legal Branch, Office of the Director of Matériel, Headquarters, Army Service Forces. Licenses substantially deviating from such form, or the conditions specified, will be cleared with the Legal Branch.

(f) The transfer of technical information to the United Kingdom government under the agreement is governed by the provisions of War Department Memorandum W 380–44, dated February 25, 1944, as amended July 24, 1944.

§ 811.1110–4 *Handling of requests by the United States to the United Kingdom.* Requests by the United States for military items other than those pertaining to aeronautics will be handled as follows:

(g) Requests will normally originate in a technical service, and will be submitted to the International Division together with a full description of the item requested, the organization originating the request, its intended use and other relevant particulars.

(h) The International Division will prepare S. O. S. I. D. Form Number 4 (Reverse Request for Patent Rights, Information, Inventions, Designs or Processes), will forward the request to the appropriate representative of the United Kingdom and will send copies thereof to the Office of Lend-Lease Administration and the technical service originating the request. A sample of such form is set forth in § 811.1110–10.

(c) The International Division will follow up the request and arrange for the delivery to the requesting technical service of the item requested.

§ 811.1110–5 *Handling of requests for aeronautical items.* Requests by the United Kingdom and by the United States for aeronautical items will be handled as provided in §§ 811.1110–3 and 811.1110–4 except that the duties therein assigned to the Director, International Division, Headquarters, Army Service Forces will be performed by the Chief, International Branch, Matériel Division, Office of Assistant Chief of Air Staff, Matériel and Services, Headquarters, Army Air Forces.

§ 811.1110–6 *Consultation with patent and technical officers.* Officers charged with procurement should consult with the patent and technical officers of the technical service in reaching a determination as to the amount, if any, to be paid for the item requested. The patent officer will ascertain whether the United States has the right without further payment to transfer the item requested. Advice with respect to the foregoing may be obtained from the Chief, Patents Division, Office of The Judge Advocate General.

§ 811.1110–7 *Acquainting contractors of rights under agreement.* The technical services should bring to the attention of such contractors as would be interested the right, under the agreement, to have secured for their use in war production licenses under patents of the United States or of the United Kingdom owned by British nationals.

§ 811.1110–8 *Questions of policy or procedure under agreements.* All questions of policy or procedure arising under the agreement as well as under the agreement referred to in §§ 811.1111 and 811.1111–1 below, shall be referred to the Director, Purchases Division, Headquarters, Army Service Forces.

§ 811.1110–9 *Notice of claim of infringement.* As stated in § 811.1110–2 (i) above, prompt notice of any claim of infringement should be given (a) to the Director, International Division, Headquarters, Army Service Forces, or to the Chief, International Branch, Matériel Division, Office of the Assistant Chief of Air Staff, Matériel and Services, Headquarters; Army Air Forces, as the case may be, for the purposes specified in § 811.1110–2 (i), and (b) to the Chief, Patents Division, Office of The Judge Advocate General for record purposes.

§ 811.1110–10 *Form of request by the United States to the United Kingdom.* The sample of the form referred to in the foregoing § 811.1110–4 (b) above is as follows:

S. O. S. I. D. FORM 4

No._____

REQUISITION TO UNITED KINGDOM FROM UNITED STATES

Date_____

British Ref. No._____

1. Description of Patent Rights, Information, Inventions, Designs or Processes desired (Use continuation sheet if necessary)

_____

2. Will any accompanying drawings information or explanations be necessary?_____ If so, state:_____

3. Are any personal technical services required or will they be required in the future? State when and the nature of the services:

_____

4. Where and for what purpose will the patent rights, information, inventions, designs, or processes be used?_____

5. State reasons for request:

§ 811.1111 *List of lend-lease and reciprocal aid agreements.* The published lend-lease and reciprocal aid agreements are as follows:

LEND-LEASE AGREEMENTS	Date
Australia	(1)
Belgium	June 16, 1942
Bolivia	Dec. 6, 1941
Brazil	Mar. 3, 1942
Canada	(2)
Chile	Mar. 2, 1943
China	June 2, 1942
Colombia	Mar. 17, 1942
Costa Rica	Jan. 16, 1942
Cuba	Nov. 7, 1941
Czechoslovakia	July 11, 1942
Dominican Republic	Aug. 2, 1941
Ecuador	Apr. 6, 1942
El Salvador	Feb. 2, 1942
Ethiopia	Aug. 9, 1943
French Committee of National Liberation [3]	Sept. 25, 1943
Greece	July 10, 1942
Guatemala	Nov. 16, 1942
Haiti	Sept. 16, 1941
Honduras	Feb. 28, 1942
Iceland	Nov. 21, 1941
Liberia	June 8, 1943
Mexico	Mar. 18, 1943
Netherlands	July 8, 1942
New Zealand	(1)
Nicaragua	Oct. 16, 1941
Norway	July 11, 1942
Paraguay	Sept. 20, 1941
Peru	Mar. 11, 1942
Poland	July 1, 1942
United Kingdom	Feb. 23, 1942
U. S. S. R.	June 11, 1942
Uruguay	Jan. 13, 1942
Venezuela	Mar. 18, 1942
Yugoslavia	July 24, 1942
RECIPROCAL AID AGREEMENTS	
Australia	Sept. 3, 1942
Belgium	Jan. 30, 1943
French Committee of National Liberation [3]	Sept. 3, 1942 Sept. 25, 1943
Liberia	Apr. 10, 1944
Netherlands	June 14, 1943
New Zealand	Sept. 3, 1942
United Kingdom	Sept. 3, 1942

[1] No master lend-lease agreement has been concluded with either Australia or New Zealand, but in the reciprocal aid agreements entered into with these countries, they accepted the principles of the lend-lease agreement with the United Kingdom as applicable to their lend-lease relations with the United States.

[2] In an exchange of notes dated November 30, 1942, Canada accepted the underlying principles of Article VII of the master agreement.

[3] Territory under the jurisdiction of the French National committee was declared eligible to receive lend-lease aid on 11 November 1941, and a reciprocal aid agreement was entered into with the Committee on 3 September 1942. French North and West Africa were declared eligible to receive lend-lease aid on 13 November 1942. On 25 September 1943, a lend-lease modus vivendi agreement governing lend-lease aid and reciprocal aid was entered into with the French Committee of National Liberation, successor to the French National Committee and to the Haut Commandement en Chef Civile et Militaire established in French North and West Africa after the events of November 1942.

PATENT INTERCHANGE AGREEMENT

Agreement between the United States and the United Kingdom of Great Britain and Northern Ireland on the Interchange of Patent Rights, Information, Inventions, Designs, or Processes, 24 August 1942; Executive Agreement Series No. 268.

§ 811.1111–1 Copies of the agreements referred to above as well as agreements entered into with other governments are available upon request to the State Department in Washington, D. C.

§ 811.1111–2 *Claims or information concerning infringement of United States patents owned by nationals of lend-lease and reciprocal aid countries.* Where it appears that an invention covered by a patent or an application for a patent of the United States has without license been used or manufactured by the United States, or by any person, firm or corporation for the United States with its authorization and consent, and the patent owner is a national of any of the countries listed in this § 811.1111, or where claim of such use or manufacture is made by or on behalf of such national, the chief of the technical service to whose attention the matter comes will give prompt notice thereof to the Director, International Division, Headquarters, Army Service Forces, with a request to obtain as reciprocal aid from the government of which the patent owner is a national such release and license, assignment, waiver, authority or agreement concerning the matter or may be necessary to protect the interests of the United States. In cases of this nature arising in the Army Air Forces, the notice and request will be addressed to the Chief, International Branch, Matériel Division, Office of Assistant Chief of Air Staff, Matériel and Services, Headquarters, Army Air Forces.

§ 811.1112 *Adjustment of royalties for use of inventions.*

§ 811.1112–1 *Definitions.* Where used in §§ 811.1112 to 811.1114 hereof, inclusive, the following terms have the meanings here assigned to them:

(a) "The act" means the Royalty Adjustment Act 1942 (Public No. 768, 77th Congress; 35 U.S.C. 89–96).

(b) "Notice" means the written notice specified in section 1 of the act and described in § 811.1112–3.

(c) "Order" means the order of the Secretary of War specified in section 1 of the act and described in § 811.1112–4.

(d) "Director" means the Director (or in his absence the Acting Director), Purchases Division, Headquarters, Army Service Forces. In respect of any action taken by the Army Air Forces, the term "Director" means the Special Representative of the Under Secretary of War (see § 801.108–4 (b)).

(e) "Delegate" means the offices and boards specified in § 811.1112–10, together with any other office, board or individual to whom any of the powers, duties and authorities of the Secretary of War under the act have been or may be delegated.

(f) "Originating technical service" means (1) the technical service (as defined in § 801.108–4 (b)) of the delegate which has given notice under the act, or (2) the technical service which has been directed by the Director to take necessary action in relation to a notice contemplated or given.

(g) "Licensor" includes the grantor in a patent license agreement as well as the transferor of the entire right, title and interest in and to a patented or unpatented invention upon consideration including future payments based upon the extent of manufacture, use, sale or other disposition of the invention.

(h) "Licensee" includes the grantee in a patent license agreement as well as the transferee of the entire right, title and interest in and to a patented or unpatented invention upon consideration including future payments based upon the extent of manufacture, use, sale or other disposition of the invention.

§ 811.1112–2 *Basic statute.* The act makes provision for adjusting royalties for the use of inventions for the benefit of the United States, in aid of the prosecution of the war, and for other purposes. §§ 811.1112–3 to 811.1112–8, inclusive, contain a summary of the provisions of the act as applied to the war Department. Sections 811.1112–9 to 811.1115–22, inclusive, contain the rules and regulations prescribed thereunder for exercise of such of the powers, duties and authorities of the Secretary of War under the act as have been or may hereafter be delegated by him.

§ 811.1112–3 *Applicability and notice.* Whenever an invention, whether patented or unpatented, is manufactured, used, sold or otherwise disposed of for the United States under the conditions set forth in the act and the license includes provisions for the payment of royalties, the rates or amounts of which are believed to be unreasonable or excessive by the Secretary of War, the Secretary of War shall give notice of such fact to the licensor and the licensee. By definition, the manufacture, use, sale or other disposition of an invention, whether patented or unpatented, by a contractor, subcontractor, or any person, firm, or corporation for the Government and with the authorization or consent of the Government is construed as manufacture, use, sale or other disposition for the United States.

§ 811.1112–4 *Fixing of rates and order.* The act further provides that within a reasonable time after the effective date of the notice, in no event less than ten days, the Secretary of War shall by order fix and specify such rates or amounts of royalties, if any, as he shall determine are fair and just, taking into account the conditions of wartime production, and shall authorize the payment thereof by the licensee to the licensor on account of such manufacture, use, sale or other disposition. Either the licensor or the licensee may, if he so requests within ten days from the effective date of the notice, present within thirty days from the date of his request, in writing or in person, any facts or circumstances which may in his opinion have a bearing upon the rates of amount of royalties, if any, to be determined, fixed, and specified as aforesaid. Any order fixing the rates and amounts of any royalties shall be issued within a reasonable time after such presentation.

§ 811.1112–5 *Prohibition against payment of excessive royalties.* The licensee shall not after the effective date of the notice (upon receipt of notice, or five days after the mailing thereof, whichever date is earlier) pay to the licensor, nor charge directly or indirectly to the United States, a royalty in excess of that subsequently specified in the order. It is provided that, whenever a reduction in the rates or amounts of royalties is effected by order, the reduction shall inure to the benefit of the Government by way of a corresponding reduction in the contract price to be paid directly or indirectly for such manufacture, use, sale, or other disposition of such inventions, or by way of refund if already paid to the licensee.

§ 811.1112–6 *Remedies of licensor.* The act contains certain provisions as to the remedies of the licensor, which, in general, limit him to a suit against the United States in the Court of Claims or a District Court of the United States.

§ 811.1112–7 *Settlement of claims.* The Secretary of War is authorized, before suit has been instituted against the United States, to enter into an agreement with the owner or licensor of an invention, in full settlement and compromise of any claim accruing under the provisions of the Act or any other law, and for compensation to be paid such owner or licensor based upon future manufacture, use, sale, or other disposition of said invention.

§ 811.1112–8 *Authority of Secretary of War to delegate powers and issue regulations under act.* The Secretary of War is authorized in his discretion and under such rules and regulations as he may prescribe, to delegate any powers conferred by the act to such qualified and responsible officers, boards, agents or persons as he may designate or appoint. He is also authorized to issue such rules and regulations and to require such information as may be necessary and proper to carry out the provisions of the act. In accordance with the provisions of the act, rules and regulations have been issued, the terms of which are set forth in §§ 811.1112–9 to 811.1115–22, inclusive.

§ 811.1112–9 *Powers, duties and authorities under the act which have been delegated.* The following powers, duties and authorities, conferred by the act upon the Secretary of War, have been delegated to the officers and boards listed in §811.1112–10 and may be delegated to such officers and civilian employees as are hereafter appointed to exercise the same by the Commanding General, Army Service Forces or the Commanding General, Army Air Forces, for exercise thereof, in matters properly before them, under the direction of the Under Secretary of War and pursuant to such rules and regulations under the act as may from time to time be prescribed by or in behalf of the Secretary of War:

(a) To determine that notice should be given and to give notice of the fact that the rates or amounts of royalties are believed to be unreasonable or excessive; and to withdraw any such notice previously given by the delegate or by a delegate of lower rank in his service: *Provided*, That no such notice shall be withdrawn unless the licensor(s) shall have first agreed substantially as follows:

> The undersigned hereby consents to the withdrawal of the notice issued * * * [date of notice] * * * under the Royalty Adjustment Act 1942 (Public No. 768, 77th Congress; 35 U.S.C. 89–96) and in consideration of such withdrawal hereby releases any and all claims or demands now held by the undersigned against the United States, or any officer or agent thereof, arising out of the issuance of said notice.

but in particular cases for good cause shown the Director may authorize substantial deviation from or omission of the foregoing consent and release.

(b) After notice, to receive and hear such facts and circumstances as may be presented by the licensee or licensor, and such other facts and circumstances as are relevant to an evaluation of the factors specified in § 811.1112–11, and to recommend appropriate action;

(c) To fix and specify, by order, fair and just rates or amounts of royalties, and to authorize the payment thereof, if any royalty be allowed, by the licensee to the licensor, subject, however, to the approval of such order by the Director;

(d) To execute contracts on behalf of the United States, before suit against the United States has been instituted, with the owner or licensor of an invention, or of the Letters Patent therefor, effecting a voluntary adjustment of royalties charged or chargeable to the United States, or in settlement and compromise of any claim against the United States accruing to such owner or licensor under the provisions of the act or any other law by reason of the manufacture, use, sale or other disposition of an invention or for compensation to be paid such owner or licensor based upon future manufacture, use, sale or other disposition of such invention, subject, however, to the approval of the Director in each case where that approval is required by §§ 811.1113–3 (d) or (e), 811.1113–7 (a), 811.1114–1 or 811.1115–14 hereof.

The foregoing powers, duties and authorities shall not be redelegated by any delegate under the general authority to redelegate conferred in § 801.107–9.

§ 811.1112–10 *Delegations.* (a) The powers, duties and authorities described in (a), (b), (c) and (d) of § 811.1112–9 have been delegated to each of the following offices, boards, agents or persons as indicated in the following tabulation:

Delegate	Powers, duties and authorities described in subparagraphs—			
	(1)	(2)	(3)	(4)
Commanding General, Army Service Forces	X	X	X	X
Commanding General, Army Air Forces	X	X	X	X
Assistant Chief of Air Staff, M & S	X	X	X	X
Chief, Procurement Division, Office of Assistant Chief of Air Staff, M & S	X	X	X	X
Director, AAF, Air Technical Service Command	X	X	X	X
Director, Purchases Division, Headquarters, ASF	X	X	X	X
Royalty Adjustment Board, AAF, Air Technical Service Command	X	X	X	X
Assistant Air Judge Advocate, Headquarters, Army Air Forces	X	X	....	X
Chiefs of the Technical Services, ASF	X	X	X	X
Royalty Board, Office of the Chief of Ordnance	X	X	X	....
All District Chiefs of Ordnance Procurement Districts	....	....	....	X
All Deputy District Chiefs of Ordnance Procurement Districts	....	....	....	X
Commanding Officer, Frankford Ordnance Arsenal	....	....	....	X
Commanding Officer, Picatinny Ordnance Arsenal	....	....	....	X
Commanding Officer, Rock Island Ordnance Arsenal	....	....	....	X
Commanding Officer, Springfield Ordnance Armory	....	....	....	X
Commanding Officer, Watertown Ordnance Arsenal	....	....	....	X
Commanding Officer, Watervliet Ordnance Arsenal	....	....	....	X
Assistant Chief, Engineering and Technical Service, Office of the Chief Signal Officer	....	X	X	....
Patents and Inventions Counsel, Legal Division, Office of the Chief Signal Officer	X	....	....	X

Royalty Adjustment Board, Office of the Chief of Engineers	X	X	....	X
Chief, Patent Section, Legal Branch, Office of Chief of Chemical Warfare Service	X	....	....	....
Royalty Adjustment Board, Office of the Surgeon General	X	X	....	X
Chief, Legal Division, Office of the Chief of Transportation	X	X	....	....

(b) There have been delegated to the Commanding General, Army Service Forces, and to the Commanding General, Army Air Forces, the power, duty and authority to designate and appoint certain commissioned officers of the Army and civilian employees of the War Department, within their respective commands and jurisdictions, for the exercise by them, either individually or as a member of a board, of any of the powers, duties and authorities now or hereafter set forth in § 811.1112–9, and to amend, modify or revoke any such designation or appointment heretofore or hereafter made within their respective commands or jurisdictions. The foregoing powers of designation and appointment have been redelegated respectively to the Director (for the Army Service Forces) and to the Chief of Air Staff, the Assistant Chief of Air Staff Matériel and Services, and the Chief, Procurement Division, Office of Assistant Chief of Air Staff, Matériel and Services (for the Army Air Forces).

(c) If the Chief of a technical service desires that any of the powers, duties and authorities set forth in § 811.1112–9 be further delegated to any officer or employee within his command or jurisdiction, or that a board to receive such delegation be created within his service or command, a request to that effect may be transmitted to the appropriate delegate under paragraph (b) hereof.

(d) Where any of the powers, duties and authorities set forth in § 811.1112–9 have been or are hereafter delegated to a board, the said board shall, unless otherwise provided in the instrument of delegation, consist of three officers or employees of the service or command concerned, who shall be designated and appointed as provided in paragraph (b) hereof. Unless otherwise provided in the instrument of delegation, (1) a majority of said board shall determine its action, (2) any instrument or contract whatsoever evidencing action taken by the board may be signed in its name by any member of the board, and (3) any two members of such board shall constitute a quorum.

§ 811.1112–11 *Factors to be considered before notice is given and in the making of an order.* (a) Before notice is given there will be taken into account so far as practicable, and in the making of any order there will be taken into account, the following factors:

(1) The conditions of wartime production;

(2) The production and use of the invention prior to any increase due to wartime procurement, including:

(i) Any established royalty rate.

(ii) The volume on which royalty was paid,

(iii) The yearly aggregate royalty paid, and

(iv) The circumstances under which the licensing and the establishment of the royalty rate occurred;

(3) The character of the invention and any patent protection therefor, the value of its contribution to the art in which it is used, and the character and expense of research and development that have been devoted to the invention;

(4) The extent of use and proposed use of the invention by other departments or agencies of the Government and the amounts of royalties involved in the aggregate in such use; and

(5) All other considerations which are ordinarily and properly taken into account in determining fair and just royalties, or which appear to be appropriate to the particular case.

(b) In determining fair and just rates or amounts with respect to royalties to which the act applies, there will be taken into account:

(1) The amounts of royalties (directly or indirectly charged or chargeable to the United States) which were paid to and received by the licensor when the conditions of wartime production affected the procurement in question during years or fractions thereof prior to the date when unpaid royalties began to accrue, except that such royalties which were or will be included in licensor's renegotiable receipts under the Renegotiation Act for any year or fraction thereof will not be regarded as having been excessive in amount for such prior year or years, but the result arrived at in renegotiation for such prior year or years shall not be binding upon the delegate in any way in determining fair and just rates or amounts under the act; and

(2) The fact that the royalty rates were agreed to in the absence of arm's-length dealing between licensor and licensee, except that the fact that the licensor is an officer, director or stockholder of a corporate licensee shall not warrant disregard of the licensee's separate corporate entity.

§ 811.1112–12 *Duties of the technical services.* Subject to the rules and regulations set forth in §§ 811.1112 to 811.1114–3, inclusive, the chiefs of the technical services are, in matters properly before them and acting under the direction of the Under Secretary of War, under the duty of causing the powers, duties and authorities delegated under the Act to be exercised in such manner and at such times as may be necessary to prevent unreasonable or excessive royalties from being charged to the War Department. This duty may be discharged pursuant to such instructions as may be issued by the chiefs of the technical services for the guidance of their respective services and delegates therein.

§ 811.1112–13 *Policy of the War Department in the administration of the act.* The policy of the War Department is (a) that, so far as practicable, a licensor shall not be subjected to duplicating interrogation by two or more technical services in relation to his royalty receipts from the use of a particular invention or series of related inventions; and (b) that, so far as practicable, each licensor shall, where such royalties are believed to be unreasonable or excessive, be given fair opportunity to effect a voluntary adjustment thereof before notice is given. The regulations set forth in § 811.1112–14 and in §§ 811.1113 to 811.1113–12, inclusive, are designed to effectuate this policy.

§ 811.1112–14 *Procedure in the giving of notice.* (a) An initial inquiry may be sent to a licensor or a licensee requesting all or any part of the following and no more: (1) The names and addresses of licensor and licensee(s), (2) a copy of the license agreement, (3) a list of patents and patent applications involved, and (4) a statement of the royalties or amounts per item as fees for technical services or engineering assistance received (or paid) under such license during each year for the years 1936 to date of inquiry. Such inquiry shall include a provision to relieve the addressee from compiling information previously supplied upon an inquiry of any other branch of the War Department or of any other department or agency of the Government by permitting the addressee to respond by sending a copy of the reply to the previous inquiry or the name and address of the person who made the previous inquiry. Such inquiry to a licensee shall not be sent to any contractor who has furnished the same information upon the War Department Standard Procurement Form.

(b) If, upon consideration of the reply to the initial inquiry, further investigation is believed to be advisable, a memorandum shall, before the licensor is further interrogated in relation to the matter, be transmitted to the Director requesting clearance to do so. The office of the Director may thereupon grant such clearance as appears proper in the light of the information which the records of that office contain regarding the issuance by any other technical service of the War Department or by any other department or agency of the Government of a notice in the same matter, or the consideration which has been or is being given to the issuance of such a notice. The request for clearance shall state the name and address of licensor, and the inventive subject matter, and so far as known and practicable the name(s) and address(es) of the licensee(s) and the numbers of the patent(s) and patent application(s) concerned. A clearance once given remains in force till modified or revoked by the Director.

(c) If, upon such investigation as appears proper (after clearance from the Director), the delegate having the matter in hand believes that the royalties in question are not unreasonable or excessive, he shall transmit to the Director a report (in triplicate) stating his findings and conclusions, including so far as practicable the data specified in § 811.1112–27.

(d) If, upon such investigation as appears proper (after clearance from the Director), the delegate having the matter in hand believes that the royalties are unreasonable or excessive, he shall (unless he has previously been expressly authorized by the Director to omit such action) afford licensor fair opportunity to effect a voluntary adjustment thereof. Where, in the opinion of the delegate, fair opportunity has been afforded and a satisfactory adjustment cannot be effected, such delegate thereupon may issue notice in respect of the royalties in question, subject however to the requirements of §§ 811.1112–15 and 811.1112–16 hereof. Where, however, the delegate believes that circumstances exist making it necessary or desirable in the interests of the War Department that notice should be given without first affording licensor an opportunity to effect a voluntary adjustment, the delegate may issue notice in such case provided he has first obtained from the Director authority to do so.

§ 811.1112–15 *Procedure when a department or agency, other than the War Department, is concerned.* Inasmuch as any order entered by or under the authority of the Secretary of War affects only those royalties which are charged or chargeable to the War Department, every reasonable effort shall be made before and after the giving of any notice, to determine what, if any, departments or agencies of the Government other than the War Department are or may be concerned in the payment of royalties for the same invention. If, at any time after clearance has been given as provided in § 811.1112–14 (b), it appears that a department or agency other than the War Department is so concerned, the service having the matter in hand shall forthwith communicate with such other department or agency and shall thereafter coordinate all further proceedings with such department or agency.

§ 811.1112–16 *Procedure when more than one technical service of the War Department is concerned.* Any delegate to whom the authority referred to in § 811.1112–9 (a) has been or may hereafter be delegated shall exercise such authority, under the direction of the Director, in respect to all such royalties which are charged or chargeable to any and all technical services of the War Department. If, at any time after clearance has been given to a technical service as provided in § 811.1112–14 (b), it appears that more than one technical service of the War Department is concerned, that fact shall be reported forthwith to the Director and shall be accompanied by a recommendation of the reporting service as to the service believed to be in the best position to carry on the proceeding. The Director may thereupon give directions as to how, and by whom, the authority referrred to in paragraphs (a), (b), (c), (d) and (e) of § 811.1112–9 shall be exercised on behalf of the Secretary of War.

§ 811.1112–17 *Form of the notice.* The following form of notice is approved for use subject to such deviations as may be necessary or appropriate in any given case:

[Letterhead of Delegate]

In the Matter of

---------- [et al.]
Licensor(s)

and

---------- [et al.]
Licensee(s)

NOTICE

To: Licensor(s) and Licensee(s): You and each of you will hereby take Notice, that:

Pursuant to the Royalty Adjustment Act 1942 (Public No. 768, 77th Congress; 35 U.S.C., 89–96), Notice is hereby given that the royalties which are charged or chargeable directly or indirectly to the War Department on account of the manufacture, use or sale to or for the United States of the alleged inventions relating to ----------
[subject-matter]
by virtue of the license agreement(s) between ----------, as licensor, and the following licensees, are believed to be unreasonable or excessive:

[Names of all licensees]

This Notice becomes effective upon its receipt by you or five (5) days after the mailing hereof, whichever dates is the earlier.

The licensor or any licensee, if he so requests within ten (10) days from the effective date of this Notice, may within thirty (30) days from the date of such request present in writing or in person any facts or circumstances which may, in his opinion, have a bearing upon the rates or amounts of royalties, if any, to be determined, fixed and specified.

From and after the effective date of this notice and until the making of an order under said Act, each licensee is hereby directed (a) not to pay to licensor any royalties under said license(s) which are charged or chargeable directly or indirectly to the War Department and (b) to segregate said royalties from licensee's general funds and safely keep the same until such time as the disposition thereof is directed by such order.

The foregoing Notice is hereby given in behalf of the Secretary of War.

By direction of the Under Secretary of War:

[Signature (and title) of delegate]

The foregoing Notice is directed to the following: [Names and addresses of all licensors and licensees] ----------

---

The foregoing notice shall be forwarded by registered mail, return receipt requested, to the last known address of each licensee and licensor named therein.

§ 811.1112–18 *Forwarding of copies of notice.* Copies of all notices issued shall be forwarded forthwith to:

(a) The Chief of each technical service of the War Department.

(b) The Director (in triplicate).

§ 811.1112–19 *Withdrawal of notice previously given.* (a) Notice under the act once given by any delegate shall not be vacated or withdrawn, in whole or in part, otherwise than under the provisions of and in the manner prescribed in § 811.1112–9 (a). Upon execution by a licensor of the form of consent and release specified in § 811.1112–9 (a), three copies of the instrument vacating and withdrawing the notice and one copy duly executed by the licensor of the said form of consent and release shall be promptly transmitted to the Director.

(b) In the event a licensor refuses to execute said form of consent and release or an approved deviation therefrom and the Director has not authorized the omission thereof, an order shall be made and submitted for approval in the manner hereinafter specified.

§ 811.1112–20 *Form of the order.* The following form of order is approved for use subject to such deviations as may be necessary or appropriate in any given case and subject to the instructions contained in § 811.1112–21:

WAR DEPARTMENT

WASHINGTON

Royalty Adjustment Order No. W—

In the Matter of

[Insert name of each Licensor]
Licensor(s),

and

[Insert name of each Licensee]
Licensee(s).

War Department Contract Nos.

[Insert the identifying number of each War Department contract, if ascertained, which it is believed will be affected by the order; if no contract is ascertained, omit the above heading]

Contractor:

[Insert names of Contractors in respect of each of the above identified contracts; if no contract is identified, omit the above heading]

Whereas, pursuant to authority contained in the Royalty Adjustment Act 1942, Public No. 768, 77th Cong.; 35 U.S.C., 89–96, written notice was given on or about the ----------
[Insert date of notice] to ----------[Insert name of each licensor]----------(individually and collectively hereinafter called "Licensor") and to ----------[Insert name of each licensee]---------- (individually and collectively hereinafter called "Licensee") that the royalties, provision for the payment of which by Licensee to Licensor is included

in the [license(s) dated ----------] [licenses specified in Column 4 of Schedule A annexed hereto and by this reference made a part hereof],[1] and which said royalties are charged or chargeable directly or indirectly to the War Department for or on account of the manufacture, use or sale to or for the United States of certain alleged inventions [pertaining to ----------] [specified in Columns 1, 2 and 3 of said Schedule A], were believed to be unreasonable or excessive, and that until the making of an order herein no royalties were to be paid by Licensee to Licensor under the license(s) above referred to which are charged or chargeable directly or indirectly to the War Department, and

Whereas, Licensor and Licensee, upon their request, have presented in writing and in person such facts and circumstances as they desired having a bearing upon the rates or amounts of royalties to be determined, fixed and specified by order pursuant to said Act;

Now, therefore, pursuant to the authority of and for the purposes set forth in said Act, and upon taking into account the facts and circumstances presented as aforesaid, the conditions of wartime production, and such other facts and circumstances as are proper to be considered in determining a fair and just rate or amount of royalties in the premises, it is hereby ordered as follows, viz:

(1) That fair and just rates or amounts of royalties for the manufacture, use, sale or other disposition to or for the War Department of the said alleged inventions are hereby determined, fixed and specified to be [----------] [the rates or amounts set forth in Column 5 of said Schedule A];

(2) That, until further order, Licensee is hereby authorized to pay to Licensor, on account of the manufacture, use, sale or other disposition of said alleged inventions to or for the War Department heretofore occurred, or hereafter occurring while Sections 1 and 2 of said Act remain in force, royalties, if any, at the rates or in the amounts determined, fixed and specified in paragraph (1) hereof, and no more, under

(a) The said license(s) [dated ----------] [identified in Column 4 of said Schedule A], [and]

(b) Any license between them, entered into on or after the effective date of said notice and so long as Sections 1 and 2 of said Act remain in force, which in any respect continues, supplements, modifies or supersedes [the license] [any of the licenses] referred to in subparagraph (a) hereof, [and

(c) Any license between them, entered into on or after the effective date of said notice and prior to the date of this Order, which grants rights to practice the said alleged inventions;] [2]

[Alternate A]

(3) That Licensee is hereby directed to pay over to the Treasurer of the United States (through ----------), and at the same time and place to deliver a statement in writing signed by Licensee showing the amount and manner of computation thereof, the balance, in excess of the royalties authorized by paragraph (2) next above, of all royalties specified in the licenses referred to in said paragraph (2) which were due to Licensor and were unpaid on the effective date of said notice, and of all royalties which since said date have become and are now due to Licensor, and of all royalties which may hereafter become due to Licensor as and when the same fall due for payment to Licensor, for or on account of the manufacture, use, sale or other disposition of said alleged inventions to or for the War Department heretofore occurred or hereafter occurring while sections 1 and 2 of said Act remain in force, and demand is hereby made for payment forthwith of the monies now due which are so directed to be paid; and

[Alternate B]

(3) That Licensee is hereby directed

(a) To pay over to the Treasurer of the United States (through ----------), and at the same time and place to deliver a statement in writing signed by Licensee showing the amount and manner of computation thereof, the balance, in excess of the payments authorized by paragraph (2) next above, of all royalties specified in the licenses referred to in said paragraph (2) which were due to Licensor and were unpaid on the effective date of said notice, and of all royalties which since said date have accrued or may hereafter accrue in respect of supplies, equipment, materials or parts thereof delivered to or for the War Department prior to the tenth (10th) day next following the receipt of this order by the Licensee, and demand is hereby made for payment forthwith of the monies so directed to be paid; and

(b) To reduce the contract price of all supplies, equipment, materials and parts thereof delivered to or for the War Department on and after the tenth (10th) day next following the receipt of this order by the Licensee to the extent necessary to secure to the Government the full benefit of the reduction in royalties effected by this order; and

(4) That reservation is hereby expressly made of the right to amend, modify, revoke or extend this Order and of the right of the head of any department or agency of the Government, including but not limited to the War Department, to take such other, further and different action as may be authorized by any statute of the United States with respect to the subject matter

It is recommended that the Secretary of War make the foregoing Order.

[Signature (and title) of the delegate who recommends the making of the order, if different from the delegate who signs next below]

The foregoing Order is hereby made.

[Signature (and title) of a delegate under § 811.1112–9 (c)]

The foregoing Order is hereby approved in behalf of the Secretary of War.

By direction of the Under Secretary of War:

[Leave two lines blank]

Director, Purchases Division, Headquarters, Army Service Forces[3]

Dated: Washington, D. C., ----------, 194–.

NOTE: Schedule A appears in the following form:

SCHEDULE A

Column 1	Column 2	Column 3	Column 4			Column 5	
Title or short description of invention	Patent Nos. or app. ser. Nos.	Issue dates or filing dates	Instrument(s) in which royalties are stipulated			Fair and just royalties	
			Effective date	*Licensor*	*Licensee*	*Rate*	*Amount*

§ 811.1112–21 *Preparation of the order.* The following instructions are prescribed for use in the preparation of suitable orders in various types of cases, based upon use of the form of order set forth in § 811.1112–20, without prejudice to such other deviations from that form as may be necessary and appropriate in any given case.

(a) Schedule A is to be used only when it is impracticable to include the same information in the text of the order.

(b) To the extent that the licensee is a War Department prime contractor, the order shall (unless the Director otherwise directs) be drawn in such manner as to require that the benefits of any adjustment of royalties accruing after the date of the order will inure to the War Department in the form of a corresponding price reduction. To accomplish this purpose, Alternate B of clause (3) of the form of order as given in § 811.1112–20 would be used. Clauses (1), (2) and (4) would be used substantially as set forth.

(c) To the extent that the licensee is a subcontractor for the War Department, or for the War Department and other departments, the order may be drawn in such manner as either (1) to effect reduction of the price paid to the licensee for articles or services furnished by licensee to or for War Department contractors or subcontractors where by reason of contract provisions or otherwise there is assurance that the benefits of the order will be transmitted by such contractors or subcontractors to the War Department, or (2) to effect running recapture of excess royalties from the licensee by direct payment by him to the Treasurer of the United States when and as royalty payments fall due. In either case provision will be made requiring the licensee to pay over to the Treasurer of the United States the balance, in excess of royalty payments allowed by the order, of the accumulated fund in the hands of the licensee on the date of the order.

(d) In a case of the kind mentioned in paragraph (c) above,

(1) If it is believed preferable to effect price reductions, Alternate B of clause (3) of the form given in § 811.1112–20 would be used.

(e) If it is believed preferable to make running recapture of excess royalties from the licensee when and as royalty payments fall due, without price reduction, Alternate A of clause (3) of the form given in § 811.1112–20 would be used.

In either of these cases clauses (1), (2) and (4) of the form would be used substantially as set forth.

(e) Normally subclause (c) of clause (2) of the form given in § 811.1112–20 would be omitted. Subclause (c) is intended for use solely in those cases where the identified license specified in subclause (a) is limited by its terms so as to convey rights for the performance of one or more specified War Department contracts and no others, or is for a fixed term expiring during the pendency of proceedings, and where it is deemed likely that prior to issuance of the order another license has been or will be entered into between licensor and licensee conveying rights under the same inventions for the performance of subsequent War Department contracts.

(f) Appropriate provisions may be inserted in special cases, for example, where there are a plurality of licensees and the amount of royalties found to be fair and just is a fixed maximum sum to be received by licensor within each specified (e. g. annual) period, or where the War and Navy Departments make contemporaneous orders each referring to the other, etc.

§ 811.1112–22 *Submission of order for approval.* In submitting an order to the Director for approval, the delegate or originating technical service shall prepare and transmit to the Director the following papers:

(a) A memorandum or transmittal showing action taken in compliance with the applicable requirements of § 811.1112–14;

(b) Two copies of each notice issued (additional to any copies previously transmitted);

(c) Two copies of the transcript or minutes of the hearing if any held on the request of, and two copies of any papers not incorporated in such transcript submitted by, licensor or licensee;

(d) Two copies of any additional data basically relied upon;

(e) Three copies of an official report, statement or memorandum containing the following information:

(1) The date on which the notice is found to have become effective under the statute;

(2) The manner in which and the extent to which the invention is being utilized by or for the War Department;

(3) If the invention is patented, or the subject of a patent application, the number of all patents and patent applications pertaining thereto;

(4) The identifying number of each War Department contract, so far as known, whose price is reduced by the order;

(5) The parties, terms, date and a copy, if obtainable (unless a copy is included among the papers mentioned in paragraph (c), of each instrument of license which is affected by the order;

(6) Statements of:

(i) Total royalties received, preferably annually from 1936 to the latest period available.

(ii) Segregation of royalties between Government and non-Government during the period when the conditions of wartime production affected the procurement in question so far as readily ascertainable from the licensees concerned.

(iii) The amounts of royalties already paid to the licensor, if any, which were or will be included in licensor's renegotiable receipts under the Renegotiation Act and action taken or to be taken under the Renegotiation Act with respect thereto, so far as readily ascertainable from the Price Adjustment Section to which the licensor has been assigned for renegotiation.

(7) The facts and circumstances upon which are based the conclusion set forth in the order that the rates or amounts of royalty, if any, fixed in the order are deemed fair and just taking into account the conditions of wartime production and other pertinent facts and circumstances;

(8) A statement of estimated savings or benefits to the War Department if the order be approved; and

(9) A statement of reasons why it is deemed desirable under the circumstances that the future benefits of the order shall inure to the War Department in the form (as the case may be) of price reduction or running recapture of excess royalties from the licensee; and a statement of the methods proposed for supervision and control of the course adopted.

(f) The order signed by the delegate or delegates exercising authority in the matter.

§ 811.1112–23 *Copies to the Chief, Patents Division, Office of The Judge Advocate General.* One copy of each of the documents mentioned in § 811.1112–22 (a) to (f), inclusive, shall be forwarded to the Chief, Patents Division, Office of The Judge Advocate General, concurrently with the transmittal of copies of the same documents to the Director.

§ 811.1112–24 *Procedure upon approval of an order.* Upon approval and execution of an order by the Director, the following procedure will be observed subject to such deviation as may be necessary and proper:

(a) The Director will transmit to The Adjutant General the original order, and sufficient copies thereof for certification, together with one copy of each of the papers mentioned in § 811.1112–22 (b), (c) and (d).

(b) The Adjutant General will retain, as the War Department's permanent file in the matter, the original of the order (§ 811.1112–22 (f)), and the copies transmitted to him of the papers mentioned in § 811.1112–22 (b) to (e), inclusive; and he will certify the required number of copies of the order (one for each party named therein as licensor or licensee) and transmit the same to the Director, who will forward them to the originating technical service or delegate.

(c) The originating technical service or delegate will forward a certified copy of the order to each party named therein at his last known address, by registered mail, return receipt requested.

(d) The Director will cause to be distributed a copy of the order to each of the following:

The General Accounting Office.
Navy Department.
Treasury Department.
Maritime Commission.
Defense Plant Corporation.
Office of Strategic Services.
Director, Renegotiation Division, Headquarters, Army Service Forces.
Chief, Patents Division, Office of The Judge Advocate General.
Chief patent officer of each of the technical services.
Air Judge Advocate.
All Royalty Adjustment Boards.

§ 811.1112–25 *Monies recovered from licensees or licensors.* Monies received by any technical service of the War Department from any source, either as a result of an order or pursuant to an agreement effecting a voluntary adjustment of royalties, shall be paid to the Treasurer of the United States and deposited to the credit of Miscellaneous Receipts under Treasury Symbol No. 214238, "Refund of Royalties." Provision may be made in any order, or any contract adjusting royalties (see § 811.1113) for transmittal of remittances through any designated officer.

§ 811.1112–26 *Rehearing or reconsideration.* Any delegate who recommended or made an order may reconsider such order, permit the licensor or licensee to present further facts or circumstances having a bearing upon the matters dealt with therein, and recommend or make an order supplemental thereto within the scope of the delegate's existing authority as set forth in §§ 811.1112–9 or 811.1112–10.

§ 811.1112–27 *Action required upon a determination that royalties are fair and reasonable.* (a) In every case which has been cleared for investigation under § 811.1112–14 (b) where the delegate having the matter in hand finds upon investigation that the royalties in question are fair and reasonable, a closing report shall be transmitted to the Director (in triplicate), including so far as practicable the following information:

a. Name(s) and address(es) of licensor(s).
b. Name(s) and address(es) of licensee(s).
c. Identification of patents or applications for patent, or other rights involved.
d. Brief description of the subject matter of the invention involved.
e. If several patents or applications are involved, which, if any, dominate the Government procurement involved and which, if any, are not involved therein.
f. Date of the license agreement, a copy thereof or a brief summary of its provisions, including the scope and limitations of grant, all royalty provisions and price fixing provisions, if any.
g. Summary of any pertinent interviews or correspondence with or statements submitted by the licensor, or a statement that the licensor was not interrogated.
h. Statements of:
(i) Total royalties received, preferably annually from 1936 to the latest period available.
(ii) Segregation of royalties between Government and non-Government, during the period when the conditions of wartime production affected the procurement in question so far as readily ascertainable from the licensees concerned.
(iii) The amounts of royalties already paid to the licensor, if any, which were or will be included in licensor's renegotiable receipts under the Renegotiation Act and action taken or to be taken under the Renegotiation Act with respect thereto, so far as readily ascertainable from the Price Adjustment Section to which the licensor has been assigned for renegotiation.
i. Reasons for concluding that royalties are fair and reasonable, and a statement of any relevant facts in support thereof.

[1] As to use of Schedule A see § 811.1112–21 (a).

[2] As to use of subclause (c), see § 811.1112–21 (e).

[3] In the case of orders originating in the Army Air Forces the legend should be as follows:

[Leave two lines blank]
Special Representative of the Under Secretary of War

§ 811.1113 *Voluntary adjustments of royalties effected before an order is made.*

§ 811.1113–1 *Available procedures for voluntary adjustments.* The delegate having the matter in hand may, subject to such rules and regulations governing the exercise of delegated powers under the act as have been or may from time to time be prescribed by or on behalf of the Secretary of War, negotiate a voluntary adjustment of royalties before an order is made, in any of the following manners:

(a) Before notice under the act has been given:

(1) By receiving a supplemental agreement entered into between licensor and licensee(s) and executed by each of them;

(2) By receiving a unilateral agreement executed by licensor (see § 811.1113–9); or

(3) By causing the United States to execute a contract with licensor alone, or with licensor and all licensees materially affected, in the manners provided in §§ 811.1113–3 to 811.1113–8.

(b) *After notice under the act has been given (but before an order is made).* In any of the manners above set forth provided, in addition, the notice is withdrawn in the manner provided in § 811.1112–9 (a).

§ 811.1113–2 *Delegate not to prejudice the Government's rights.* Where prior to the making of an order the licensor voluntarily agrees to reduce the rates or amounts of any royalties which are charged or chargeable to the War Department, and the Government does not execute the agreement which effects such reduction, the delegate or technical service having the matter in hand shall not, in correspondence or otherwise, purport to agree that the Secretary of War or the head of any other department or agency of the Government will for any period forbear to exercise his powers under the act.

§ 811.1113–3 *Voluntary adjustments executed by the Government.* (a) Contracts which effect a voluntary adjustment of royalties may, provided no order has been made under the act and under the conditions stated in the following subparagraphs, be executed on behalf of the United States. Such contracts may be prepared in substantial conformity with War Department Contract Form No. 29 (see § 813.1329 hereof). The following paragraphs apply whether or not that form is used.

(b) If entered into before a notice under the act has been given, such contract (1) may include as parties (in addition to the United States) either the licensor alone, or the licensor and all licensees materially affected, (2) shall be executed on behalf of the United States by a delegate having authority in the matter, and (3) does not require approval of the Director except where that approval is expressly required by paragraphs (d), (e) or (f) below or by § 811.1113–7 (a). If the contract is with licensor alone, the provisions of § 811.1113–8 apply; if the contract is with licensor and licensee(s), the provisions of § 811.1113–7 apply.

(c) If entered into after a notice under the act has been given (but before an order is made), such contract is subject to the provisions of paragraph (b) above, and in addition shall contain or be accompanied by a signed consent or release substantially conforming to the form thereof set forth in § 811.1112–9 (a), unless the Director has authorized a deviation from or omission of the same.

(d) No such contract shall, without the approval of the Director, contain any provision which would prejudice or impair in any way the right of the head of any department or agency of the Government to make other or further adjustment of the rate or amount of royalties specified in the original license or in the contract adjusting the royalties (see article 6 in § 813.1329).

(e) There is no power in the Secretary of War or any of his delegates to bind the head of any department of the Government other than the War Department to forbear from further adjusting the rates or amounts of royalties which are charged or chargeable to such other departments than the War Department. If such contract provides that no further adjustment of the rates or amounts of royalties will be made for any specified period after the date of the contract, the contract must be executed by or on behalf of the head of each department or agency to which such royalties may be charged or chargeable, must be approved in behalf of the War Department by the Director, and may be approved by him provided the total amount of royalties which will be charged to the War Department or to all departments or agencies thus bound is a fixed amount or an amount determinable at the time the contract is executed, and there is reason to believe that such amount is not and will not become unreasonable or excessive.

(f) The Director may exempt from renegotiation all royalties to be collected pursuant to the terms of such contract, in cases among others where the profits to be derived from the contract can be determined with reasonable certainty at the time of execution thereof in behalf of the Government and in the opinion of the Director the royalties to be retained by the licensor will not yield excessive profits to him. (See § 812.1205–5 (a)). In requesting the Director's approval of such a contract, the delegate shall state the profits to be derived from the contract by the licensor, his conclusion that such profits will not be excessive and his reasons for such conclusion.

§ 811.1113–4 *Contract articles providing for royalty, refund or price reduction.* (a) It is contemplated that, in the use of War Department Contract Form No. 29, the royalty adjustment would ordinarily take effect as of some convenient past date (for example, the beginning of one of the quarterly royalty periods provided in the license) and that the adjustment will apply to all government royalties accruing since that date. Provision is made in Form No. 29 for a definition of the term "subject royalties" in such manner that, when the agreed past date is inserted in one of the definitions forming a part of the contract (see especially subparagraphs (e) and (f) of § 813.1329, Art. 1), the term "subject royalties" may then be used in other articles of the contract without repeating the definition. The contract articles appearing below are intended for use only when accompanied by the definitions set forth in § 813.1329, Art. 1, with an agreed date inserted.

(b) The following contract articles providing for royalty refund or price reduction, when accompanied by the definitions of terms used therein as set forth in Article 1 of § 813.1329, are appropriate for use in the manner set forth in §§ 811.1113–7 to 811.1113–9 below:

ARTICLE ____. *Refund of royalties.*

A. Licensor agrees (i) forthwith to deliver to [name and address of officer or board] a written report signed by Licensor showing the amount and manner of computation of that part of the subject royalties which have prior to the date of this contract been received by Licensor and, (ii) to pay to the Treasurer of the United States, at the same time and place, so much of said part of the subject royalties as are in excess of the reduced royalties specified in Article 2 hereof.

B. Licensor agrees that, forthwith upon receipt by Licensor on or after the date of this contract of any of the subject royalties, Licensor shall (i) deliver to [name and address of officer or board] a written report signed by Licensor showing the amount and manner of computation of said royalties, and (ii) pay to the Treasurer of the United States, at the same time and place, so much of the said subject royalties as are in excess of the reduced royalties specified in Article 2 hereof.

C. Licensor agrees to and does hereby authorize and direct Licensee [or, the licensee named in said license] (i) to deliver to [name and address of officer or board] a written report signed by Licensee showing the amount and manner of computation of that part of the subject royalties which are due for payment by Licensee to Licensor and have not been paid prior to the date of this contract and, (ii) to pay to the Treasurer of the United States, at the same time and place, so much of said part of the subject royalties as are in excess of the reduced royalties specified in Article 2 hereof.

D. Licensor agrees to and does hereby authorize and direct Licensee [or, the licensee named in said license], as and when any of the subject royalties fall due for payment to Licensor on or after the date of this contract, (i) to deliver to [name and address of officer or board] a written report signed by Licensee showing the amount and manner of computation of the said subject royalties and (ii) to pay to the Treasurer of the United States, at the same time and place, so much of the said subject royalties as are in excess of the reduced royalties specified in Article 2 hereof.

E. Licensee agrees (i) forthwith to deliver to [name and address of officer or board] a written report signed by Licensee showing the amount and manner of computation of that part of the subject royalties which are due for payment to Licensor and have not been paid prior to the date of this contract and (ii) to pay to the Treasurer of the United States, at the same time and place, so much of said part of the subject royalties as are in excess of the reduced royalties specified in Article 2 hereof.

F. Licensee agrees that, as and when any of the subject royalties fall due for payment to Licensor on or after the date of this contract, licensee shall (i) forthwith deliver to [name and address of officer or board] a written report signed by Licensee showing the amount and manner of computation of the said subject royalties and (ii) pay to the Treasurer of the United States, at the same time and place, so much of the said subject royalties as are in excess of the reduced royalties specified in Article 2 hereof.

ARTICLE ____. *Refund of royalties and price reduction.*

G. (a) Licensee agrees (i) to deliver to [name and address of officer or board] a written report signed by Licensee showing the amount and manner of computation of that part of the subject royalties not heretofore paid to Licensor, which have heretofore accrued or many hereafter accrue in respect of supplies, equipment, materials or parts thereof delivered prior to_____, 194__ [date when price reduction is to become effective] and (ii) to pay to the Treasurer of the United States, at the same time and place, so much of said part of the subject royalties as are in excess of the reduced royalties specified in Article 2 hereof.

(b) Licensee agrees (i) to reduce the contract price of all supplies, equipment, materials and parts thereof delivered to the Government on and after the date set forth in clause (a) of this Article, to the extent necessary to secure to the Government the full benefit of the reduced royalties specified in Article 2 hereof, and (ii) to pay or credit to the Government, as the Contracting Officer concerned may direct, the amount of such price reduction.

§ 811.1113–5 *Contract articles providing for release of infringement claims.* In preparing royalty adjustment contracts which contain definition of the term "said inventions" (see clauses (a) and (b) of § 813.1329, Art. 1), the following contract articles are appropriate for release of infringement claims in the cases specified below:

(a) If the license whose royalties are being adjusted is *non-exclusive*, the following contract article is appropriate whether or not licensee is a party to the contract:

ARTICLE ____. *Release of past infringement.* Licensor hereby releases each and every claim and demand which Licensor now has or may hereafter have against the Government, its officers, agents, servants and employees, for infringement of any patent covering the said inventions by reason of the manufacture, use or sale of any article or material or the use of any process prior to the date of this contract or the use or sale thereafter of any article or material so manufactured.

(b) If the license, whose royalties are being adjusted is exclusive, the following contract article is appropriate provided both Licensor and Licensee are parties to the contract:

ARTICLE ____. *Release of past infringement.* Licensor and Licensee hereby jointly and severally release each and every claim and demand which they or either of them now have or may hereafter have against the Government, its officers, agents, servants and employees, for infringement of any patent covering the said inventions by reason of the manufacture, use or sale of any article or material or the use of any process prior to the date of this contract or the use or sale thereafter of any article or material so manufactured.

§ 811.1113–6 *Mandatory contract articles in royalty adjustment agreements executed by the Government.* (a) The "Officials not to Benefit" article (§ 803.322) and the "Covenant against Contingent Fees" article (§ 803.323) are required in every royalty adjustment contract which is executed by the Government.

(b) The "Anti-discrimination" article (§ 803.325) is required in contracts executed by the Government except where the performance of the contract does not involve the employment of persons.

(c) The "Assignment of Rights" article (§ 803.355) is required if the contract is executed by the Government and provides for payments by the Government aggregating $1,000 or more (see §803.355).

§ 811.1113–7 *Contracts between the Government, the licensor and the licensee.* (a) Where the licensee uses the licensed inventions solely in connection with articles which he sells directly to the Government, and the licensee is party to the contract adjusting the royalties, the contract shall (unless the Director otherwise directs) provide that the future benefits of the royalty adjustment shall inure to the Government in the form of a corresponding price reduction. In such case the appropriate contract articles are articles A and G of § 811.1113–4.

(b) Where the licensee uses the licensed inventions solely in connection with articles which he sells to contractors or subcontractors for the Government, the contract may provide either (1) for price reduction (using articles A and G of § 811.1113–4, the latter suitably modified in subclause (b) thereof to provide that the price reduction applies to deliveries "to contractors and subcontractors for the Government"), or (2) to effect running recapture from licensee of excess royalties (using articles A, E and F of § 811.1113–4.

(c) If licensee uses the licensed inventions in part in connection with articles which he sells directly to the Government and in part in connection with articles which he sells to contractors and subcontractors for the Government, the contract may provide either (1) for segregation by licensee of the two aspects of his business, with price reduction applied to the first-mentioned part and running recapture from licensee of excess royalties applied to the second-mentioned part, or (2) for running recapture from licensee of excess royalties in respect of both parts without price reduction or segregation. In such cases the appropriate contract articles are those mentioned in paragraphs (a) and (b) above, suitably modified as circumstances require.

(d) Attention is called to the provisions of §§ 811.1113–5 and 811.1113–6 relating to release of infringement claims and mandatory articles in royalty adjustment contracts to which both the licensee and the Government are party.

§ 811.1113–8 *Contracts between the Government and the licensor which are not executed by the licensee.* (a) Where the excessive portion of the future royalties is to be refunded by the licensor, and the licensee is not a party to the contract, the appropriate contract articles are articles A and B of § 811.1113–4.

(b) Where the excessive portion of future royalties is to be refunded by the licensee, and the licensee is not a party to the contract, the appropriate contract articles are articles A, C and D of § 811.1113–4.

(c) Contracts executed by the Government and the licensor, and not executed by the licensee, are not appropriate where the license is exclusive and a release of past infringement claims is to be obtained, since an exclusive licensee should join in giving such a release.

(d) Attention is called to the provisions of § 811.1113–6 relating to the use of mandatory articles in royalty adjustment contracts to which the Government is a party.

§ 811.1113–9 *Unilateral agreements executed by licensor alone.* Voluntary adjustments of royalty may be informally and expeditiously accomplished by a form of unilateral agreement executed by the licensor alone and not by the licensee or the Government. Such agreements may be prepared using War Department Contract Form No. 29 as a basis, subject to the following modifications:

(a) The preamble and "Now, Therefore" clauses should be rewritten in form appropriate to a unilateral agreement.

(b) The first "Whereas" clause of § 813.1329 should be modified to substitute the name and address of licensee in place of the word "Licensee".

(c) The second and third "Whereas" clauses of § 813.1329 should be used without substantial change. It is advisable to recite (as in the third "Whereas" clause) that licensor has requested the Secretary of War to forebear from giving notice under the act, in order that there will be consideration for the licensor's promise.

(d) The fourth "Whereas" clause of § 813.1329 should be omitted.

(e) In § 813.1329, Art. 3 the appropriate articles would be those specified in paragraphs (a) or (b) of § 811.1113–8.

(f) The provisions of § 813.1329, Articles 5 and 7 should be omitted.

(g) Provision should be made at the foot of the contract for execution by licensor alone.

§ 811.1113–10 *Action required when royalties have been voluntarily adjusted.* When royalties chargeable to the War Department have been voluntarily adjusted with the participation of any delegate, he or the chief of the technical service concerned shall promptly report the adjustment to the Director. Such report is required whether or not the United States is party to any contract in connection therewith, and whether or not the Director's approval is required for such contract. The report shall include:

(a) A memorandum of facts (in triplicate), containing so far as practicable and appropriate the information listed in § 811.1112–27 and, in addition, a statement of:

(1) The nature and extent of the adjustment.

(2) Estimated benefits to the Government.

(3) Methods proposed for supervision or control of the Government's interest.

(4) Future action contemplated.

(b) Sufficient copies of the agreement for distribution by the Director to interested agencies (a total number equal to the number of licensors and licensees, plus three).

(c) Three copies of the withdrawal of notice (if a notice had previously been given) and three copies (one duly exe-

cuted by the licensor) of the consent and release specified in § 811.1112–9 (c).

(d) If the adjustment is embodied in a contract executed on behalf of the Government and requiring approval of the Director, the contract shall be transmitted in form ready for signature by the Director accompanied by the recommendations of the delegate or technical service having the matter in hand.

§ 811.1113–11 *Copies to the Chief, Patents Division, Office of The Judge Advocate General.* In the case only of an adjustment which is embodied in a contract executed on behalf of the Government and requiring approval of the Director, a copy of each document required in that case by § 811.1113–10 to be transmitted to the Director, shall be forwarded to the Chief, Patents Division, Office of The Judge Advocate General, concurrently with the transmittal of the originals thereof to the Director.

§ 811.1113–12 *Numbering and distribution.* (a) It is unnecessary to number royalty adjustment agreements, notwithstanding the provisions of § 803.309.

(b) The executed original of every royalty adjustment agreement (whether or not executed by the Government) will be forwarded to the Chief, Audit Division, Room 506, General Accounting Office, Washington 25, D. C., under the following conditions:

(1) If such agreement provides that the Government is to make or receive the payment of an amount determinable at the time of the execution of the contract (such as, for example, refund of royalties already accrued or received), the agreement will be forwarded immediately.

(2) If such agreement provides that the Government is to make or receive the payment of money upon the happening of or in an amount which is contingent upon a future event (such as, for example, refund of royalties to accrue or to be received), the agreement will be forwarded immediately or upon the happening of any event which requires the payment or receipt of moneys under the agreement.

(c) If such an agreement contains any provision granting to the Government an interest (such as an assignment or license) in or under patents or applications for patents, the agreement is required by Executive Order No. 9424, February 18, 1944, to be recorded in the United States Patent Office. Such recording will be carried out in the manner provided in paragraph 4 of AR 25–10. An agreement providing for a waiver of royalties under existing private licenses, even for a limited time, is subject to the foregoing.

(d) If a royalty adjustment agreement contains provisions such as to require both that it be forwarded to the General Accounting Office (paragraph (b) above) and that it be recorded in the Patent Office (paragraph (c) above), and the War Department has in its possession no more than one executed original thereof, such original shall first be transmitted for recording in the Patent Office (in compliance with paragraph 4 of AR 25–10) with a request that it be returned, and upon return thereof said original shall then be forwarded to the General Accounting Office. Hereafter the representative of the War Department shall, if possible, secure an executed original and an executed duplicate original of all documents required to be forwarded under paragraph (b) and recorded under paragraph (c) above, and the executed duplicate original shall be used for complying with paragraph 4 of AR 25–10.

§ 811.1114 *Agreements in settlement and compromise after an order is made and before suit against the United States has been instituted.* (See § 811.1112–7.)

§ 811.1114–1 *Approval required.* Every agreement in settlement and compromise of a claim against the United States accruing in consequence of the making of an order under the Act is subject to the approval of the Director.

§ 811.1114–2 *Submission for approval.* (a) The contract in an appropriate number of copies each executed by all necessary parties and by a delegate on behalf of the United States, shall be transmitted to the Director ready for execution by him, accompanied by a report containing:

(1) A full statement of all relevant facts and circumstances, and

(2) The recommendations of the chief or deputy chief of the originating technical service that the contract be approved.

(b) One copy of the proposed agreement and of the report accompanying the same shall be forwarded to the Chief, Patents Division, Office of The Judge Advocate General, concurrently with the transmittal of the originals thereof to the Director.

§ 811.1114–3 *Numbering and distribution.* (See § 811.1113–12.)

§ 811.1115 *Investigation of, and licenses, assignments and releases eliminating claims for, the unauthorized use of inventions.*[1]

§ 811.1115–1 *Applicable statutes.* (a) The act of June 25, 1910 as amended (35 U.S.C. 68, 94) (hereinafter called "the Act of 1910") provides that wherever an invention covered by a patent of the United States is without license used or manufactured by the United States or by any person, firm or corporation for the United States and with its authorization and consent,[2] the patent owner's remedy shall (except as hereinafter stated) be by suit against the United States in the Court of Claims for recovery of his reasonable and entire compensation for such use or manufacture. The benefits of the foregoing statute do not inure to any patentee or the assignee of any patentee, who when he makes such claim is in the employment or service of the Government, nor does the foregoing statute apply in respect of any patent based upon an invention made during the time the inventor was in the employment or service of the Government.

(b) Section 4900, Revised Statutes, as amended (35 U.S.C. 49) (hereinafter called "the Patent Marking Statute"), precludes the recovery by a patent owner of damages or profits for infringement occurring prior to (1) the date of marking the patented article with the word "Patent" together with the number of the patent or with the word "Patented" and the day and year the patent was granted or (2) the date on which the patent owner notified the alleged infringer of the claimed infringement (whichever date is earlier), except (i) in the case of a patent exclusively for a process or (ii) in the event neither the owner nor any licensee of the owner has made or sold the patented article.

(c) The act of October 6, 1917, as amended (35 U.S.C. 42) (hereinafter called "the Secrecy Order Act"), provides that the owner of a patent application, which has been ordered by the Commissioner of Patents to be kept secret, who has faithfully obeyed such order and who has tendered his invention to the Government for its use, shall, if and when he ultimately receives a patent, have the right to sue for compensation in the Court of Claims, such right to compensation to begin from the date of the use of the invention by the Government.

(d) The act of July 2, 1926, as amended (10 U.S.C. 310 (i)) (hereinafter called "the Air Corps Act"), provides that whenever a design, whether or not inventive in character, relating to aircraft or any components thereof is used or manufactured by or for any department of the Government without just compensation, the owner of such design may within four years from the date of such use file suit against the United States in the Court of Claims for recovery of his reasonable and entire compensation for such use and manufacture.

(e) Section 188, Revised Statutes (5 U.S.C. 91) (hereinafter called "the Act requiring reports to the Attorney General"), requires that a department, or the officer or agent of a department which is authorized to adjust a claim, shall, after suit has been brought in the Court of Claims and upon request by the Attorney General, without delay furnish the Attorney General with a full statement, in writing, of all facts, circumstances, and evidence touching the claim in the possession or knowledge of such department, officer, or agent.

(f) The act of October 31, 1942 (35 U.S.C. 91) (hereinafter called "the Royalty Adjustment Act"), provides that the head of any department or agency of the Government which has ordered, authorized, or consented to the manufacture, use, sale, or other disposition of an invention (whether patented or unpatented) by or for the Government is authorized to enter into an agreement with the owner thereof, before suit against the United States has been instituted, in full settlement and compromise of any claim against the United States accruing by reason of such manufacture, use, sale, or other disposition of the invention. This statute grants power and authority

[1] Section 811.1115 to 811.1115–22, inclusive, became effective December 12, 1944.

[2] See SPJGP 1943/881, Feb. 8, 1943, Page 75, Volume II, Bulletin of The Judge Advocate General, February 1943.

to settle claims or liabilities arising under the acts referred to in paragraphs (a) and (c) above, and to settle claims or liabilities arising under the act referred to in paragraph (d) above insofar as they are based upon a design which is believed to be inventive in character.

(g) Section 3477, Revised Statutes as amended (31 U.S.C. 203), provides that all transfers and assignments of any claim (except certain contract claims) upon the United States are absolutely null and void unless made, among other things, after the allowance of the claim, the ascertainment of the amount due and the issuing of a warrant for the payment thereof. In view of certain decisions construing this statute, its provisions will, so far only as concerns claims made under the statutes referred to in paragraphs (a), (c) and (d) of this section, be deemed:

(1) Inapplicable to claims arising under the Act of 1910 for compensation on account of articles manufactured for the United States, and articles and methods used in production for the United States (except articles made by the United States); and

(2) Applicable to all other claims arising under the statutes referred to in paragraphs (a), (c), and (d), such for example as claims under the act of 1910 for compensation on account of articles manufactured by the United States, or claims under the Secrecy Order Act or the Air Corps Act for compensation on account of articles manufactured by or for the United States.

§ 811.1115–2 *Definitions.* Where used in §§ 811.1115–3 to 811.1115–22 hereof, inclusive, the following terms have the meaning here assigned to them:

(a) "Director" means the Director (or in his absence the Acting Director), Purchases Division, Headquarters, Army Service Forces. In respect of any action taken by the Army Air Forces, the term "Director" means the Special Representative of the Under Secretary of War (see § 801.108–4 (b)).

(b) "Chief, Patents Division" means the Chief, Patents Division, Office of The Judge Advocate General.

(c) "Delegate" means any officer, board, agent or person to whom the powers, duties and authorities set forth in paragraphs (d) and (e) of § 811.1112–9 have been delegated.

(d) "Such claim" and "such a claim" means a claim which has in fact been asserted or a claim which it may reasonably be anticipated will be asserted under the statutes or any of them referred to in paragraphs (a) and (c) of § 811.1115–1 and under the statute referred to in § 811.1115–1 (d) insofar as said claim is based upon a design which is believed to be inventive in character.

§ 811.1115–3 *Delegation of authority to and duties of delegates.* The Secretary of War has delegated (§ 811.1112–10) to certain officers, boards and persons (herein called "delegate") the duty and authority, before suit against the United States has been instituted, to negotiate and to enter into contracts of settlement and compromise of such a claim against the United States. Each delegate, in matters properly before him, is charged with the duty of taking appropriate action with respect to every case (i) where such a claim has been made or (ii) where such a claim may be reasonably anticipated under such statutes, promptly after knowledge thereof is brought to his attention. Such action includes the following:

(a) Writing the claimant or his representative acknowledging receipt of the communication in which such claim is asserted. An authorized form of acknowledgment is set forth in § 811.1115–10;

(b) Transmitting directly to the Chief, Patents Division, a copy of the communication in which any such claim is asserted or reported (delegates in the Army Air Forces shall, in addition, transmit a copy to the Air Judge Advocate);

(c) Requesting clearance from the Director to investigate and settle each such claim pursuant to § 811.1115–6;

(d) Investigating each such claim upon clearance from the Director, and if deemed appropriate by the delegate, settling the same pursuant to §§ 811.1115–4, 811.1115–7 and 811.1115–10 to 811.1115–22;

(e) Preparing and transmitting to the Chief, Patents Division, and to the Director, pursuant to § 811.1115–8, a report containing the full statements required by the act requiring reports to the Attorney General (§ 811.1115–1 (e)) with respect to each such claim in which no settlement is effected; and

(f) Making the required distribution of each contract of settlement or partial settlement of such claim pursuant to § 811.1115–15.

§ 811.1115–4 *Policy of the War Department.* The policy of the War Department is that so far as practicable (a) one delegate shall represent the War Department in the investigation or settlement of each such claim; (b) where a contract includes an obligation for the payment of a running royalty, no department shall be committed to such obligation unless the contract has been signed in behalf of each other department or agency of the Government similarly obligated (see §§ 811.1115–18 and 813.1331), (c) where a contract includes a release of such claim, the release shall whenever practicable, be for the benefit of all departments and agencies of the Government (see §§ 811.1113–5, 813.1330, Art. 3, 813.1331, Art. 5, 813.1332, Art. 2, 813.1333, Art. 1, and 813.1334, Art. 2; (d) where a contract includes a royalty-free or a paid-up license for future procurement, such license shall be for the benefit of all departments and agencies of the Government (see §§ 811.1115–17, 811.1115–21, 813.1330, Art. 1 and 813.1334, Art. 1); (e) where a contract includes a release of such a claim or a license, the effect of which is to release or discharge a contractor in whole or in part from an obligation to indemnify the Government (see § 803.335), such contractor shall be a party to the contract and appropriate action shall be taken to the end that the contractor shall pay all money consideration flowing to the claimant or potential claimant which is attributable to that part of the release or license which benefits the contractor; (f) each contract shall contain an appropriate "Non Estoppel" clause preserving to the Government all defenses in any infringement action unless all potential claims under the patent against the Government are disposed of by the contract (see §§ 811.1115–17 through 811.1115–21, inclusive; and (g) the investigation and report necessary for compliance with the Act requiring reports to the Attorney General (see §§ 811.1115–8 and 811.1115–9) shall be completed with respect to each such claim (whether or not covered by an agreement of indemnity) a complete settlement of which is not effected.

§ 811.1115–5 *Duties of the chiefs of the technical services.* The chief of each technical service shall issue necessary instructions to all officers and employees of his service to provide for prompt transmittal to the chief legal or patent officer in the headquarters of his service, or in the case of the Army Air Forces to the chief legal or patent officer in the headquarters of the Army Air Forces or in the headquarters of any of the major commands of the Army Air Forces charged with duties of procurement, of all reports of claims and of potential claims relating to the manufacture or use of inventions or designs by or for the Government. If such legal or patent officer is not a Delegate, he shall transmit each such report to a Delegate in his service or command together with his recommendations for appropriate action. Such reports may be received by contracting officers from contractors under clause (b) of §§ 803.335–5 and 803.335–6.

§ 811.1115–6 *Procedure for obtaining clearance.* Promptly after receipt of a notice or report of such claim the delegate shall request from the Director clearance to investigate and to settle the same, and shall contemporaneously forward a copy of such request to the Chief, Patents Division. Delegates in the Army Air Forces shall also forward a copy of such request to the Office of the Air Judge Advocate. The Chief, Patents Division, shall determine from his files, from the Government Register of Patent Rights (Executive Order No. 9424, Feb. 18, 1944) and from the Department of Justice whether any technical service or any other department or agency of the Government has investigated or settled, or received a report or notice of, a claim pertaining to the same subject-matter and shall notify the Director of the results of such determination. The Director shall then grant such clearance as appears proper upon consideration of the information received from the Chief, Patents Division, and any supplemental information contained in the Director's files. The Director shall send a copy of such clearance to the Chief, Patents Division, and to the chief patent officer of each of the technical services, and each such officer shall promptly investigate the procurement in his service and notify the Delegate to whom clearance has been issued of the interest, if any, of his service in the matter and of any pertinent information

contained in his files. Each request for clearance shall include, (a) the name and address of each claimant or prospective claimant, (b) the name and address of each contractor and subcontractor who is believed to have performed the alleged infringing acts (to the extent disclosed by a cursory search in the headquarters of the delegate), (c) the number of each patent and patent application concerned, (d) a description of the alleged infringing subject-matter (in sufficient detail to permit other technical services to determine therefrom whether they have an interest in the matter), and (e) a copy of the communication from the claimant, if any.

§ 811.1115–7 *Foreign claimants.* In cases where the claimant is a national of a Government which is party to a Mutual Aid Agreement with the United States Government, the delegate, after clearance has been obtained from the Director, shall promptly proceed as set forth in § 811.1111–2.

§ 811.1115–8 *Report where no settlement is made.* A final written report of investigation, including recommendations and conclusions of the delegate, will be made by him to the Chief, Patents Division, with respect to each such claim in which settlement is believed to be inadvisable or which the delegate has been unable to settle upon terms deemed reasonable by him. Each such report shall be clearly marked "Confidential—Legal Memorandum for the Guidance of Administrative Officials". Delegates in the Army Air Forces shall forward such report to the Chief, Patents Division, through the Office of the Air Judge Advocate. A copy of such report shall be forwarded by the delegate to the Director and to the chiefs of all interested technical services concurrently with transmittal of the original to the Chief, Patents Division. This final report, which is to serve as a basis for compliance with the act requiring reports to the Attorney General (§ 811.1115–1 (e)), will include so far as practicable and relevant all of the following information:

(a) Numbers and dates of all contracts and subcontracts for procurement of the item in question, together with the name and address of each contractor and subcontractor concerned, and the text of each contractor's agreement, if any, to indemnify the Government against liability for infringement, or a statement that there is no such indemnity agreement. This information is to include contracts of other technical services and other departments or agencies of the Government involved, if any.

(b) Extent and dates of alleged infringement.

(c) Statement of whether the Government by a duly authorized agent or official has given its authorization or consent to the manufacture or use of the article, material, design, or process upon which Such Claim is or will be based. (See SPJGP 1943 881 Feb. 8, 1943 page 75, Vol. II, Bulletin of The Judge Advocate General, Feb. 1943.)

(d) Statement of effective date of marking or of notice under the Patent Marking Statute, if pertinent (see § 811.1115–1 (b)).

(e) Copies of patents alleged to be infringed or, in case of Such a Claim which arises under the Air Corps Act (§ 811.1115–1 (d)), claimant's description of his design.

(f) Result of title search, including examination of Government Register of Patent Rights (Executive Order No. 9424, Feb. 18, 1944; par. 4, AR 25–10).

(g) A full and complete description of the alleged infringing device, material, design or process, accompanied where practicable with adequate specimens, photographs or drawing thereof.

(h) Report of date and extent of prior art searches in each of the following categories:

(1) Prior art patents and publications.

(2) Pending applications filed by the service conducting the investigation.

(3) Prior public uses.

(i) Copies of prior art patents and publications and full and complete description (and where practicable a specimen, photograph or sketch) of prior uses relied upon by the delegate.

(j) Statement of the extent to which royalties, if any, have been adjusted by the War Department under the Royalty Adjustment Act (§§ 811.1112, 811.1113 and 811.1114).

(k) Statement of whether or not the manufacture or use of the invention occurred while the owner of the patent was in the employment or service of the Government.

(l) Statement of whether or not the patent was based upon an invention made during the time the inventor was in the employment or service of the Government.

(m) Names and adresses of prospective witnesses (fact and expert) and, where pertinent to validity or infringement, signed statements of witnesses. Where a witness refuses to sign a statement, a statement of the interviewing officer setting forth the facts which the witness may be expected to state if called to testify.

(n) Conclusions regarding infringement and reasons therefor.

(o) Conclusions regarding validity and reasons therefor.

(p) Conclusions regarding Government liability, the estimated money value of the claim and an estimate of future procurement involving possible increase of the claim.

(q) Summary of unsuccessful negotiations for settlement, if any.

(r) Recommendations.

§ 811.1115–9 *Action of the Chief, Patents Division, upon receipt of the delegate's final report.* (a) Upon receipt from a delegate of a final report under § 811.1115–8, the Chief, Patents Division shall promptly review the same. In each case where a communication has been received in which such a claim is asserted, the Chief, Patents Division shall write a letter to the claimant or his representative stating the final conclusions of the War Department upon such claim and shall send copies thereof to the Director, the delegate and the chief of each interested technical service.

(b) If, upon reading the final report, the Chief, Patents Division, deems it advisable, he shall make a search of one or more of the following possible sources of additional prior art; and if the results of such search so indicate, he shall make a supplemental report, stating conclusions supplemental to the conclusions stated in the delegate's final report:

(1) Patent applications which are the subject of secrecy orders under the Secrecy Order Act (see § 811.1115–1 (c) in which the inventions have been tendered to the Government for its use.

(2) Patent applications filed by technical services other than the investigating service.

(3) To the extent available, patent applications filed by other departments or agencies of the Government.

Two copies (three copies in Army Air Forces cases) of such supplemental report shall be sent to the Director who shall transmit one of said copies to the Delegate and also, in cases arising in the Army Air Forces, one to the Air Judge Advocate.

(c) If, upon reading the Delegate's final report, the Chief, Patents Division, disagrees with the conclusions regarding infringement or validity, he shall make a supplemental report stating his supplemental conclusions. Two copies (three copies in Army Air Forces cases) of such report shall be transmitted to the Director who shall transmit copies thereof as provided in paragraph (b) above.

(d) Upon completion of the final report, the Chief, Patents Division, shall advise the Attorney General thereof.

§ 811.1115–10 *Correspondence with claimant.* No delegate shall concede in writing, addressed to any claimant, potential claimant, or the representative of either, the merit or value of such claim except insofar as such concession may be embodied in an agreement executed by the United States in settlement and compromise thereof in compliance with §§ 811.1115–4, 811.1115–7, and 811.115–12 to 811.1115–22, inclusive. Upon receipt of a notice of infringement, the delegate shall acknowledge receipt thereof. The following form of letter is authorized for that purpose, subject to such modifications as may be required by the nature of the claim presented:

[Letterhead of Delegate]

[Date]

JOHN DOE,
Title Guarantee Building,
Miami, Florida.

DEAR SIR: Your letter to ---------- dated ----------, 1944, stating that United States Letters Patent No. ----------, granted (date of patent), to (patentee's full name), of (city and state), for "(title of invention)", is (are) infringed by (item or process) allegedly being used by the (War Department), has been referred to this office for necessary action and reply.

I am directed by the Secretary of War to inform you that the matter presented in your letter will be carefully investigated and that you will be informed of the War Department's conclusions upon completion of such investigation.

To aid in such investigation, it is requested that you furnish this office as promptly as possible (if readily available)

(1) a copy of the file wrapper and contents of the patent(s) in question, (2) copies of all patents and publications cited by the Patent Office during the prosecution of the application(s) for such patent(s), (3) the names and addresses of licensees, if any, (4) copies of license agreements, (5) a brief statement of any litigation in which the patent(s) have been or are now involved, and (6) a list of all notices of infringement which you have sent to alleged infringers of the patent (except the alleged infringers included in your statement of litigation), including but not limited to any other departments and agencies of the Government.

Very truly yours,

[Signature of Delegate]

§ 811.1115–11 *Disclosure of information.* In order that settlements advantageous to the Government may be secured, any delegate holding the powers, duties, and authorities of § 811.1112–9 (d), and any authorized representative of such delegate, may, in the performance of his official duties and when he has reason to believe that such action would be to the advantage of the United States, disclose to the claimant, potential claimant, or authorized representative of either, any fact or matter of evidence which appears to bear upon his claim or its value, except as consideration of military security may indicate such disclosure to be inadvisable (SPJGA 1944/11256, Oct. 25, 1944, and SPJGA 1945/2553, Mar. 9, 1945).

§ 811.1115–12 *Available procedures for the settlement and partial settlement of such claims.* The delegate having the matter in hand may, subject to the availability of appropriations and allotments of funds in his service and subject to such rules and regulations governing the exercise of delegated powers as are or may from time to time be prescribed in this section and §§ 811.1113 and 811.1114 and 811.1115, settle such claim:

(a) By causing the United States to execute a contract of license, assignment, release, release and license or release and assignment with the legal and equitable owner(s) providing for a payment or payments aggregating more than one ($1.00) dollar to be made by the Government (see §§ 811.1115–17 to 811.1115–20, inclusive, and suggested forms contained in W. D. Contract Forms Nos. 30, 31, 32, and 33), or

(b) By receiving from the legal and equitable owners, or by causing the United States to execute a contract of license, assignment, release, release and license, or release and assignment which does not provide for payments aggregating more than one ($1.00) dollar to be made by the Government (see § 811.1115–21 and suggested form contained in W. D. Contract Form No. 34), or

(c) By receiving from the legal and equitable owner(s) a release of all claims against the Government for past infringement in connection with a voluntary adjustment of royalties under § 811.1113–5 (for use in W. D. Contract Form No. 29).

§ 811.1115–13 *Fiscal procedures.* (a) An agreement to pay a fixed amount for the purchase of a paid-up license (W. D. Contract Form No. 20) (with or without release), or an assignment (W. D. Contract Form No. 32) (with or without release), or a release (W. D. Contract Form No. 33) either by way of lump-sum payment or an amount determinable at the time of execution of the contract, is subject to the provisions of §§ 803.310–1 and 803.310–2.

(b) An agreement to pay running royalties on future procurement proportioned to use (W.D. Contract Form No. 31) is not subject to §§ 803.310–1 or 803.310–2, nor need the period of payment be limited to the period for which existing appropriations are available.[1]

(c) Funds are available for the fiscal year 1945 for the payment for releases, licenses and assignments entered into in accordance with the procedures authorized in §§ 811.1115–4, 811.1115–7 and 811.1115–10 to 811.1115–22, inclusive; *Provided, however,* That no payment shall be made for the release of such claim or any portion of such claim the liability for which is barred by the statute of limitations or by other statute. [Section 16, Public Law 374, 78th Congress (Military Appropriations Act, 1945)]

§ 811.1115–14 *Contracts requiring the Director's approval.* Any contract of the type mentioned in § 811.1115–12 may be executed or received on behalf of the Government by a delegate without approval of the director, except in the following cases where such approval is required:

(a) Where the contract provides for total payments by the Government aggregating $500,000 or more, or

(b) Where the approval of the Director is required by the provisions of §§ 811.1115–17, 811.1115–18, 811.1115–19, 811.1115–20 or 811.1115–21.

§ 811.1115–15 *Numbering and distribution.* (a) Licenses, assignments and releases shall be numbered in the circumstances specified in § 803.309.

(b) The original of every license, assignment and release except those which do not involve the payment of money to the contractor shall be forwarded by delegate to the Chief, Audit Division, Room 506, General Accounting Office, Washington 25, D. C.

(c) The original or executed duplicate original of every license, assignment and release shall be transmitted by the delegate to the Chief, Patents Division, for recording in the United States Patent Office in the manner specified in paragraphs (c) and (d) of § 811.1113–12.

(d) A copy of each license, assignment and release shall be transmitted by the delegate to the Director and a copy of each license which provides for the payment of running royalties shall also be transmitted by the delegate to each of the chiefs of the technical services for the attention of the chief legal or patent officer thereof. Receipt of such copy shall place the recipient chief of a technical service on notice that future procurement of the licensed subject-matter requires the payment of royalties to the licensor (see §§ 811.1115–18 (f) and 813.1331, Art. 2). Chiefs of the technical services shall notify or cause to be notified procurement and price analysis offices affected.

§ 811.1115–16 *Mandatory contract articles in licenses, assignments and releases.* (a) The "Officials Not to Benefit" article (§ 803.322) and the "Covenant against Contingent Fees" article (§ 803.323) are required in every license, assignment and release which is executed by the Government.

(b) The "Anti-Discrimination" article (§ 803.325) and the "Assignment of Rights" article (§ 803.355) are required as specified by § 811.1113–6 (b) and (c).

(c) The "Renegotiation" article (§ 803.342–1) is required if the contract is executed by the Government and if it involves an estimated amount of over $100,000 (§ 812.1203–2), unless the contractor's receipts are exempted from renegotiation under the provisions of the following paragraph (d).

(d) the chief of a technical service may exempt from renegotiation the receipts of a contractor under any individual license, assignment or release granted or conveyed to the Government if the aggregate payments under the contract for its duration or for any stated period is either (1) a fixed amount determinable at the time of execution of the contract, or (2) limited by the contract to a maximum amount determinable at the time of execution of the contract (see § 812.1205–5 (b)), and such aggregate receipts are less than $5,000,000. If the chief of a technical service decides under § 812.1205–5 (b) that the contractor's receipts under such a contract should be exempted from renegotiation, Alternate A of § 813.1330, Art. 5 shall be used without deviation. All contracts which contain the article of Alternate A of § 813.1330, Art. 5 must be executed or approved by a delegate who also holds delegated power to exempt from renegotiation under § 812.1205–5 (b) (see also § 812.1205–9 (b)).

§ 811.1115–17 *Paid-up licenses.* The following instructions apply to all paid-up licenses entered into in behalf of the War Department, the money payment for which is more than one dollar ($1.00) (War Department Contract Form No. 30 (§ 813.1330) is suggested as a form for use in such cases):

(a) In the event that the scope (but not term) of the license grant is substantially less than that contained in § 813.1330, Art. 1 (except for foreign rights) the license must be approved by the Director if it provides for payments by the Government aggregating $25,000 or more.

(b) In the event that the scope of the "Non Estoppel" article is substantially less than that contained in § 813.1330, Art. 2 the license must be approved by the Director unless (1) the scope of the license article is not substantially less than that contained in § 813.1330, Art. 1 (except for foreign rights), (2) the scope of the release is not substantially less

[1] The Comptroller General has ruled (MS Comp. Gen. A–76676, dated May 5, 1937) that such an agreement takes effect only in connection with and to the extent of future procurement under the license, and if such procurement is within appropriations and allotments then existing they will cover the royalty agreed to be paid in respect thereto.

than that contained in § 813.1330, Art. 3 (except for the words in brackets) and (3) the term of the license is not less than that contained in Alternate A of § 813.1330, Art. 1. (This is to prevent estoppel in the event of a later suit against the Government for alleged infringement of the licensed patents.)

(c) A release of past infringement may be omitted from the license and covered by a separate contract (see, for example, W. D. Contract Form No. 33). However, when a release of substantially less scope than that contained in § 813.1330, Art. 3 (except for the words in brackets) is included in a license, the contract must be approved by the Director if it provides for payments by the Government aggregating $25,000 or more.

(d) The term of the license as provided by Alternate A of § 813.1330, Art. 1 may be shortened to any extent deemed appropriate by the delegate (subject, however, to the director's approval, under paragraph (b) above, if the scope of the "Non Estoppel" article is substantially less than that contained in § 813.1330, Art. 2. Alternates B, C, D and E of § 813.1330, Art. 1. are suggested.

§ 811.1115–18 *Licenses providing for the payment of running royalties.* The following instructions apply to all licenses entered into in behalf of the War Department which provide for the payment of running royalties (War Department Contract Form No. 31. § 813.1331, is suggested as a form for use in such cases):

(a) In the event that the scope (but not term) of the license grant is substantially less than that contained in § 813.1331, Art. 1 (except for foreign rights) the license must be approved by the director if it contemplates or permits payments by the Government of $25,000 or more in any calendar year.

(b) In the event that the scope of the "Non Estoppel" article is substantially less than that contained in § 813.1331, Art. 4 the license must be approved by the Director. (This is because the license applies only to the War Department, it is terminable, and the article is required to prevent estoppel in the event of a later suit against the Government for alleged infringement.)

(c) The instructions of § 811.1115–17 (c) apply as to scope of the release.

(d) The instructions of § 811.1115–17 (d) apply as to the use of the alternate term articles except that the words "unless sooner terminated as elsewhere herein provided" must be added to the article selected from § 813.1330, Art. 1. The article at § 813.1321, Art. 1 corresponds to Alternate A of § 813.1330, Art. 1 with such addition.

(e) In the event that the scope of the "Protection against Unjust Payments" or the "Reserved Rights" articles are substantially less than that contained in § 813.1331, Art. 3 and Art. 8 respectively, the license must be approved by the Director if it contemplates or permits payment by the Government of $25,000 or more in any calendar year.

(f) The article which provides for the computation of royalties (see § 813.1331, Art. 2 may be of varying scope but it must contain a provision designating the chief of the technical service of the Delegate as the officer designated to make reports to the contractor of the extent of use of the licensed subject-matter by the entire War Department, and such chief shall be charged with the responsibility of obtaining from all technical services the information necessary to make the required reports and the corresponding vouchers to make the required payments (see § 813.1331, Art. 2 (b). This article must not commit departments other than the War Department to pay royalties except to the extent that the license is signed in behalf of such other departments so obligated (see § 811.1115–4). In the event military security prohibits the disclosure of the quantity of production by reports or payments to the Licensor the Delegate may negotiate an appropriate substitute for the suggested "Royalties" article, for example, agreed lump-sum yearly or half-yearly payments with final settlement in accordance with actual production to be made within six months after termination of hostilities. Alternate A of § 813.1331, Art. 2 is suggested for running royalties based upon a percentage of the cost of the articles or materials and Alternate B of § 813.1331, Art. 2 is suggested for running royalties based upon a fixed amount per item.

§ 811.1115–19 *Paid-up assignments.* The following instructions apply to all assignments entered into in behalf of the War Department, the money payment for which is more than one dollar ($1.00) (War Department Contract Form No. 32 (§ 813.1332) is suggested as a form for use in such cases):

(a) In the event that the scope of the assignment grant is substantially less than that contained in § 813.1332, Art. 1 (except for foreign rights) the assignment must be approved by the Director if it provides for payments by the Government aggregating $25,000 or more.

(b) When a release of substantially less scope than that contained in § 813.1332, Art. 2 (except for the words in brackets) is included in an assignment, the contract must be approved by the Director if it provides for payments by the Government aggregating $25,000 or more.

(c) In the event that the scope of the "Non Estoppel" article is substantially less than that contained in § 813.1332, Art. 3, the assignment must be approved by the Director unless (1) the scope of the assignment article is not substantially less than that contained in § 813.1332, Art. 1 (except for foreign rights) and (ii) the scope of the release article is not substantially less than that contained in § 813.1332, Art. 2 (except for the words in brackets). (This is to prevent estoppel in the event of a later suit against the Government for alleged infringement of the patents.)

(d) To facilitate proof of the contract the acknowledgment of each contractor should preferably be executed by a notary public or other officer authorized to administer oaths under section 1750 of the Revised Statutes (22 U.S.C. 131) (see Rule 185 of the rules of practice in the United States Patent Office).

§ 811.1115–20 *Paid-up releases.* The following instructions apply to all paid-up releases entered into in behalf of the War Department, the money payment for which is more than one dollar ($1.00) (War Department Contract Form No. 33 (§ 813.1333) is suggested as a form for use in such cases):

(a) In the event that the scope of the release is substantially less than that contained in § 813.1333, Art. 1 (except for the words in brackets) the contract must be approved by the Director if it provides for payments by the Government aggregating $15,000 or more.

(b) In the event that the scope of the "Non Estoppel" article is substantially less than that contained in § 813.1333, Art. 2 the release must be approved by the Director unless (1) the scope of the release is not substantially less than that contained in § 813.1333, Art. 1 (except for the words in brackets) and (2) the Government has secured in a separate document either (i) a license (for the full term of the licensed patents and patents issued on the licensed applications, see Alternate A of § 813.1330, Art. 1) the scope of which is not substantially less than that contained in Art. 1 (except for foreign rights) or (ii) an assignment the scope of which is not substantially less than that contained in § 813.1332, Art. 1 (except for foreign rights). (This is to prevent estoppel in the event of a later suit against the Government for alleged infringement.)

§ 811.1115–21 *Free licenses, assignments and releases.* The following instructions apply to all licenses, assignments and releases received or executed in behalf of the War Department, the money payments for which aggregates one dollar ($1.00) or less (War Department Contract Form No. 34 (§ 813.1334) is suggested as a form for use in such cases):

(a) It is unnecessary for the Government to execute such a contract but in the event that it is executed by the Government the appropriate mandatory articles must be included (see § 811.1115–16).

(b) In the event that the "Non Estoppel" article is omitted or its scope is substantially less than that contained in § 813.1334, Art. 2, the license, assignment or release must be submitted to the Director for approval (whether or not the contract is prepared for execution in behalf of the Government) unless the Government has secured (1) a release the scope of which is not substantially less than that contained in § 813.1334, Art. 2 (except for the words in brackets) and (2) a license for the full term of the licensed patents and patents issued on the licensed applications (see § 813.1334, Art. 1) or an assignment the scope of which is not substantially less (except for foreign rights) than that contained in §§ 813.1332, Art. 1, and 813.1334, Art. 1, respectively.

(c) In negotiating such contracts the Delegate will endeavor to obtain license, assignment and release grants of the scope of the grants contained in §§ 813.1332, Art. 1, and 813.1334, Art. 1, and Art. 2, respectively, but any deviations deemed necessary and appropriate by the Delegate may be made without approval of the Director, except in the cases specified in paragraph (b) above.

(d) War Department Contract Form No. 34 (§ 813.1334) is recommended for a combined free release and license. This form may be readily amended to cover a license, an assignment, an assignment and release, or a release.

§ 811.1115–22 *Submission of contracts for approval by the Director.* When a license, release or assignment requires the Director's approval it shall be transmitted with a memorandum of facts (in triplicate) signed by the delegate. Such memorandum shall include the following:

(a) A copy of the patent(s) and patent application(s) involved (if practicable).

(b) A brief statement of the delegate's conclusions regarding validity and infringement and the reasons therefor.

(c) A statement of the extent of Government use of the invention(s) including the estimated money value of the claim, if any, and an estimate of future procurement, if any, involving possible increase of the claim.

(d) Reference to sections of the regulations in this chapter which require the Director's approval of the contract.

(e) Recommendation that the contract be approved and the reasons therefor.

§ 811.1116 *Patent rights provisions of a development contract.* The policy of the War Department in regard to the patent rights provisions of a development contract is set forth in §§ 811.1116–1 to 811.1116–13, inclusive, below. This policy is to be executed within the discretion of the chiefs of the technical services pursuant to the delegation of authority contained in § 811.1118. While the policy stated in § 811.1116–13 is applicable chiefly to a development contract, it is also applicable to a contract which is not a development contract.

§ 811.1116–1 The expression "development contract" as used in this section, means a contract, change order or commitment which contemplates that research or experimental testing or production or the development or further development of an item or method, is to be performed for the Government, either as the sole object of the contract or to an extent beyond that normally incident to the performance of a supply contract for the class of item involved.

§ 811.1116–2 In a development contract (except as described in §§ 811.1116–8 and 811.1116–11 below) the War Department normally requires the contractor to grant to the Government a royalty-free license under foreground patents (as described below). Such license will normally include all inventions, conceived or first actually reduced to practice in the performance of the contract or subcontract or of any research or development work done upon the understanding of the award thereof, made by persons employed by or working under the direction of the contractor or subcontractor who, by reason of the nature of their duties in connection with the performance of the contract or subcontract, would reasonably be expected to make inventions; and as to such inventions made by other persons the license will normally be only to the extent of the contractor's right to grant the same. Patents based upon all such inventions are here referred to as "foreground patents". It is recognized that certain inventions, otherwise falling within the foregoing category, which have been constructively (but not actually) reduced to practice before commencement of the "performance" above described, may be excluded from the category of foreground patents in appropriate cases, as for example where the development work contemplated by the contract is not necessary to demonstrate the practicability of such inventions.

§ 811.1116–3 So far as concerns domestic practice of the inventions of foreground patents, such license normally will extend for the life of any patent involved, will not be limited to any particular governmental purpose and will include rights of disposal for any purpose authorized by law (see § 811.1118 (d)); but as to foreign practice of such inventions the license will normally be only to the extent of the contractor's right to grant the same.

§ 811.1116–4 The foregoing policy applies regardless of the source of funds allotted to the contract, regardless of whether the contract is administratively known as a development contract, and regardless of whether it is in other respects a contract for supply, construction, architect-engineer services, management services, equipment rental, bailment, or the like; but it is recognized that exceptions may properly be made in special cases, for example, where license provisions adequate to protect the Government are included in other contractual arrangements, where the commitment consists of a Letter of Intent issued in contemplation of subsequent formalization of a definitive contract containing suitable license provisions, and so forth.

§ 811.1116–5 Where a development contract contains provision granting to the Government a license under foreground patents, the War Department will normally require the inclusion of provisions (a) requiring the contractor to report each invention subject to said license in such form and time as will enable the War Department to determine whether it is in the interests of the Government to have its license rights confirmed and protected by the filing of a patent application, (b) requiring the contractor to state whether or not he will file the application on such invention and, if such application is filed by him or on his behalf, obligating him to supply the War Department with the means of keeping itself informed as to the progress of the prosecution thereof, (c) requiring the contractor, if he states he will not file such application, to transfer to the Government the ownership of the invention and of the right to file and prosecute applications therefor, subject to a reserved license thereunder to the contractor, but as to inventions of this kind made by others than persons of the class described in § 811.1116–2 the said requirement will normally be only to the extent of the contractor's right to make such transfer, and (d) requiring the contractor to deliver confirmatory instruments of license when requested by the War Department.

§ 811.1116–6 If a development contract contemplates that reports, drawings, blueprints, data or other technical information are to be delivered by the contractor to the Government, the War Department will normally require assurance of its right to reproduce, use and disclose the same for governmental purposes.

§ 811.1116–7 An appropriate patent rights provision complying with the requirements contained in §§ 811.1116–2 to 811.1116–6, inclusive, is set forth in § 803.335–1.

§ 811.1116–8 Where a development contract requires the contractor to develop and produce the prototype of an item of equipment differing radically in structure or mode of operation from any item previously made, and the Government is to pay substantial sums for an expected major developmental program in building and testing such item (and the contract is not one where it would be appropriate to require the Contractor to assign to the Government title to the foreground patents, see § 811.1116–11), the War Department normally requires the contractor to grant to the Government, in addition to the license under foreground patents above mentioned, a limited royalty-free license under the contractor's background patents (as described below).

§ 811.1116–9 The license referred to in § 811.1116–8 normally will include all patents (other than foreground patents), under which the contractor has or prior to final settlement may acquire the right (without obligation to make payments to others) to grant the license in question, relating to or useful in connection with the manufacture or use of the subject matter of the contract (herein called "background patents"); and will be limited to the practice of the inventions thereof by or for the Government in the manufacture, use and disposition, according to law, of the subject-matter of the contract, and parts, modifications and improvements thereof.

§ 811.1116–10 An appropriate patent rights provision granting license rights under both foreground and background patents, as contemplated by §§ 811.1116–8 and 811.1116–9, is set forth in § 803.335–2.

§ 811.1116–11 In certain types of development contracts it is unfair to third parties, or contrary to the public interest, to permit the contractor to retain ownership of foreground patents. Examples are where the contractor has assembled a group of research scientists through the cooperation of other like manufacturers or institutions in furtherance of the war effort, and retention of foreground patents by the contractor would be unfair to cooperating manufacturers or institutions; where

the subject-matter is expected to be maintained in high classification in peacetime and no commercial applications are foreseen; and where the contractor, working in close cooperation with research personnel of the Government or of another contractor, is to produce the prototype of an item of equipment differing radically in structure or mode of operation from any item previously made, which said item of equipment has already been developed largely or wholly by research personnel not connected with the contractor. In such contracts the War Department normally requires the contractor to assign to the Government title to the foreground patents.

§ 811.1116–12 An appropriate patent rights provision meeting the requirements of contracts of the types mentioned in § 811.1116–11 is set forth in § 803.335–3.

§ 811.1116–13 Where a contract (whether or not a development contract) relates to subject-matter which is classified as top secret, secret or confidential, it will normally contain, the contract provision set forth in § 803.335–8.

§ 811.1117 *Patent risk provision.* A summary of the applicable statute governing the remedy of the patent owner where a patented invention is without license used or manufactured by or for the United States is set forth in § 811.1117–1. The policy of the War Department in regard to the allocation of ultimate risk of patent infringement liability is set forth in §§ 811.1117–2 to 811.1117–8. This policy is to be executed within the discretion of the chiefs of the technical services pursuant to the delegation of authority contained in § 811.1118.

§ 811.1117–1 The act of June 25, 1910 as amended (35 U. S. C. 68, 94) provides that whenever an invention covered by a patent of the United States is without license used or manufactured by the United States, or by any person, firm or corporation for and with the authorization and consent of the United States, the patent owner's remedy shall (except in certain cases) be by suit against the United States in the Court of Claims for recovery of his reasonable and entire compensation for such use or manufacture. The provisions of §§ 803.335–4 to 803.335–7, inclusive, and §§ 811.1117–2 to 811.1117–8, inclusive, relate to the contract articles which, as between the Government and the contractor, allocate the ultimate risks created by the above statute and provide for matters cognate thereto.

§ 811.1117–2 Whether the Government will accept all patent infringement risks, or require the contractor to indemnify the Government against all or some part of those risks, depends in every case on the nature of the particular item to be supplied. Where a contract calls for the supply of several items the risk may be allocated in one manner as to some items and in a different manner as to other items.

§ 811.1117–3 Some items are in all respects made to the contractor's own specifications, or are standard commercial items of a type regularly dealt in as such by the contractor, and are not made to Government-furnished specifications (except "performance" specifications) in any material respect. In the procurement of such items the War Department will normally require the contractor to indemnify the Government against all patent infringement risks involved therein. For this purpose the contract will normally contain the contract article set forth in § 803.335–4. It may, in addition, contain the contract article set forth in § 803.335–6.

§ 811.1117–4 Other items are, from the standpoint of structure or composition, in part made as described in § 811.1117–3 above and in some other part made to meet Government-furnished specifications (other than "performance" specifications). In the procurement of such items the War Department will normally require the contractor to indemnify the Government against all patent infringement risks involved therein except those which necessarily result from the contractor's compliance with specifications (unless originating with the contractor) forming a part of the contract or with specific written instructions given by the contracting officer for the purpose of directing the manner of performance under the contract. For this purpose the contract will normally contain the contract article set forth in § 803.335–5, and in addition, the contract article set forth in § 803.335–6.

§ 811.1117–5 Other items are in all respects made to meet Government-furnished specifications (other than "performance" specifications), or are in every substantial respect different from any item which has ever regularly been dealt in as a standard commercial item by the particular contractor, and are not made to the contractor's own specifications in any material respect. In the procurement of such items the War Department will normally not require the contractor to indemnify the Government against any part of the patent infringement risks involved therein. For this purpose the contract will normally contain the contract article set forth in § 803.335–6, and normally will not contain either of the contract articles set forth in §§ 803.335–4 or 803.335–5.

§ 811.1117–6 In every contract where there is reason to believe that the manufacture, use or disposal of any of the items to be supplied will create risk of patent infringement (and without regard to whether the contract contains either of the indemnity clauses of §§ 803.335–4 or 803.335–5, or no indemnity clause), or may involve the payment of royalties, the contract will normally contain the contract article set forth in § 803.335–6 which specifies the conditions under which the Government's authorization and consent is to be given, and provides for assistance in discovering patent liabilities and for securing to the Government the benefit of royalty reductions.

§ 811.1117–7 Provision whereby the contractor agrees to indemnify the Government against all or any of the patent infringement risks involved may be included in or omitted from any particular contract or specified class of contracts where, within the discretion of the chief of the technical service concerned (see § 811.1118 below), such action is necessary or appropriate to facilitate procurement.

§ 811.1117–8 Where the giving of bond in support of the contractor's indemnity obligation is deemed necessary (see § 804.406–5), the contract will normally contain the contract article set forth in § 803.335–7.

§ 811.1118 *Discretion of the chiefs of technical services.* In executing the policy stated in §§ 811.1116–1 to 811.1116–13, and §§ 811.1117–2 to 811.1117–8, inclusive, the chief of each technical service shall have the following authority:

(a) He may issue such instructions for the guidance of his service as may be appropriate to effectuate the policy above referred to.

(b) He may, in particular contracts or specified classes of contracts, authorize deviations from the policy, or the omission or alteration of any of the contract articles set forth in § 803.335, whenever in his judgment such action is necessary or appropriate to facilitate procurement subject to the limitations set forth in paragraphs (c) and (d) below.

(c) No provision whereby the Government expressly agrees to indemnify the contractor against liability for patent infringement shall be included in any contract except with the express written approval of the Director, Purchases Division, Headquarters, Army Service Forces; but this paragraph does not apply to the use of contract articles, such as that set forth in § 803.335–6, specifying the conditions under which the Government's authorization and consent is to be given.

(d) No provision whereby the domestic practice by or for the Government of foreground patents is either (1) limited in term to less than the life of any patent involved, or (2) limited as respects user to any particular governmental purpose, or (3) limited as respects disposition otherwise than according to law, shall be included in any development contract, except with the express written approval of the Director, Purchases Division, Headquarters, Army Service Forces; but this subparagraph does not apply to the use in bailment contracts of a provision whereby such practice is limited to a term running at least for the duration of the war and six months.

(e) He may redelegate the powers granted to him under this paragraph to the chief legal officer and to the chief patent officer in the headquarters of his service, except that the Commanding General, Army Air Forces may redelegate such power to any officer within the headquarters of the Army Air Forces and within the headquarters of any of the major commands of the Army Air Forces.

SUBPART C—LITIGATION AND RELATED MATTERS

§ 811.1120 *Procedure for handling litigation involving cost-plus-a-fixed-fee contractors.*

§ 811.1120–1 *General.* It is of the utmost importance that The Judge Advocate General be promptly notified of the institution of all legal actions in which the interests of the United States are involved, including legal actions against cost-plus-a-fixed-fee contractors and subcontractors. This will make it possible to take steps to remove legal actions instituted in state courts to the federal courts and to otherwise protect the interests of the Government. Information furnished to The Judge Advocate General must be full and complete and not fragmentary.

§ 811.1120–2 *Procedure.* The following procedure is prescribed with respect to legal actions involving cost-plus-a-fixed-fee contractors and subcontractors:

(a) Such contractors should be advised that immediately upon receipt of process in any legal action filed against them, they must furnish a copy of all papers to the contracting officer or appropriate War Department representative. This will be in addition to any similar requirement of any outstanding insurance policy.

(b) Information and papers should be forwarded, as provided in paragraphs (c) through (e) below, with respect to each legal action against cost-plus-a-fixed-fee contractors and subcontractors, except

(1) Any legal action based upon an alleged liability that is fully covered by insurance, either under the usual type of insurance policy or under the War Department Insurance Rating Plan (see § 804.473), if the insurance company agrees to accept full responsibility for the defense of the action and for the payment of any judgment that may be rendered against the defendant, or

(2) Any legal action upon a claim which is within the provisions of a self-insurance plan approved pursuant to § 804.436–4, if the self-insurance plan provides for the handling of such action by an attorney compensated on an annual retainer basis.

(c) Immediate report of the legal action will be made direct to The Judge Advocate General, Washington, D. C., by the War Department representative in charge of the project or activity out of which the action arises. Such report will be expedited and, where necessary, will be made by telegraph or teletype with prompt confirmation by mail. Each report will give all pertinent facts concerning the action. In the usual case, these facts will include the following:

(1) Name of parties to the action.

(2) Its nature.

(3) Correct designation of the court in which the action is brought.

(4) When and on whom service was made.

(5) Time when answer must be filed or other action taken by the defense.

(6) Nature of the principal defense to the suit.

(7) The relation of the defendant to the United States.

(8) Amount claimed; to what extent, if any, such amount is covered by insurance.

(d) Copies in triplicate of all suit papers and a statement of available facts will be forwarded immediately to The Judge Advocate General, Washington, D. C. If a board of inquiry is convened to investigate, or acts on the case, copies of all reports of the board's proceedings and findings will be included in the papers transmitted. Any other information in the possession of the chief of the technical service concerned, which may be requested by The Judge Advocate General, will be immediately transmitted to him. Requests for Government representation will not be made to the Department of Justice by War Department field representatives but will be made directly to The Judge Advocate General, who has the duty of maintaining all War Department legal liaison with the Department of Justice and other Government departments. Violations of this procedure will cause confusion and prevent proper coordination in the handling of litigation with the Department of Justice.

(e) An agreement for representation should be signed by the cost-plus-a-fixed-fee contractor or other defendant and three copies thereof should be forwarded to The Judge Advocate General, Washington, D. C. Such agreement should read as follows:

The undersigned hereby requests the Attorney General of the United States to designate counsel to defend on behalf of the undersigned the action entitled _____ v. _____. It is agreed that the assumption by the Attorney General of the defense of said action does not alter or increase the obligations of the United States under United States Contract No. _____. It is further agreed that such representation will not be construed as a waiver or estoppel of any rights which any interested party may have under said contract.

§ 811.1120–3 *Procedure to determine legal position to be taken in suits based upon the Fair Labor Standards Act of 1938.* (a) In order that any differences of opinion between the War or Navy Departments and the Department of Labor as to the legal position which should be taken by the Government in suits against cost-plus-a-fixed-fee contractors based upon the Fair Labor Standards Act may be resolved, the War Department, the Navy Department, the Department of Labor and the Department of Justice have entered into the following agreement as to the administrative procedures to be followed to determine the position to be taken by the Government in such suits:

MEMORANDUM OF AGREEMENT ON UNIFORM ADMINISTRATIVE PROCEDURES

1. *Purposes:* The procedures herein outlined are provided in order to:

(a) Secure in the disposition of litigated claims settled and uniform application of the Fair Labor Standards Act to the types of work performed by cost-plus-a-fixed-fee contractors.

(b) Obtain either an effective and economical defense by the Department of Justice against claims under the Fair Labor Standards Act, or the quick payment of such claims, depending upon whether such claims are determined pursuant to these procedures to be valid or invalid; and

(c) Establish a method for handling claims which is fair and equitable in protection of the claimant, the United States, and the cost-plus-a-fixed-fee contractor.

2. *Definitions:* For purposes of this agreement, the term—

(a) "Contracting Agency" means the War Department, or the Navy Department, as the case may be.

(b) "Cost-Plus-a-Fixed-Fee Contractor" means a contractor who has entered into a contract with a contracting agency, acting in its own behalf, or in behalf of the United States, pursuant to which the contracting agency, or the United States, is obligated to pay the labor costs of the work performed under the contract.

(c) "Claim" means a suit based upon the Fair Labor Standards Act for additional payments for work performed for a cost-plus-a-fixed-fee contractor; and the term "claimant" means a person by whom or on whose behalf such suit is instituted.

3. *Prompt Investigation, Determination, and Payment of a Valid Claim:* Claims will be immediately investigated by the contracting agency. If in the judgment of the contracting agency the claim should be paid, the United States Attorney will be promptly notified and he will effect settlement of the claim and disposition of the suit. If such is not the judgment of the contracting agency, the claim, together with the contracting agency's recommendation and report of the investigation, will be referred to the appropriate regional office of the Wage and Hour Division for such further and prompt investigation as may be necessary, and for determination. Contemporary or joint investigations will be held by both agencies when found feasible.

4. *Review of Determination of the Regional Office of the Wage and Hour Division:* Within ten days after notice of the determination of the regional office of the Wage and Hour Division, the contracting agency may, if dissatisfied with, and unwilling to settle on the basis of the determination of the regional office of the Wage and Hour Division, appeal to the Wage and Hour Administrator for his final determination of the claim. If part or the whole of the claim is found valid by the Administrator, the United States Attorney will effect settlement of the claim and disposition of the suit accordingly, except that if the contracting agency should conclude that the determination of the Administrator is in its view so clearly unsound as to render assent thereto improper, such agency may elect not to be bound by such determination and to proceed as provided in Paragraph 5.

5. *Participation of the Department of Justice in Discussions:* At the instance of either contracting agency or of the Administrator, the Department of Justice will, if the case appears sufficiently important and the legal issues sufficiently doubtful, join in any discussion among the parties preceding the determination of the Administrator, and will informally accord to the parties the benefits of its views on the legal issues. It is understood that the Department of Justice is not intended to act as an appellate tribunal and that requests for its participation in discussions will be limited to the few important and doubtful cases. Each case in which a contracting agency has elected, pursuant to Paragraph 4, not to be bound by a determination of the Administrator shall be made the subject of discussion with the Department of Justice. Whenever any such case is the subject of discussion with the Department of Justice that Department may determine the Government's litigation position. If the Department of Justice makes such determination the action of all parties hereto with respect to the disposition of the particular case shall be in accord with the determination of the issues so made. In the event the Department of Justice declines in such cases to make such determination of the issues, the Department may decide not to provide further legal representation in any litigation of such case, in which event the cost-plus-a-fixed-fee contractor shall be represented by private counsel and neither the Administrator nor the contracting agency nor any of their representatives shall appear or participate in the litigation.

6. *Suits on Claims Against Cost-Plus-a-Fixed-Fee Contractors To Be Handled by the Department of Justice:* The Department of Justice will have its United States Attorneys appear for cost-plus-a-fixed-fee contractors in all suits on claims filed against them, and will seek extensions of time sufficient to permit the foregoing procedures to operate. Subject to the Attorney General's usual discretion to avoid untenable positions in court, the conduct of such litigation will be in conformity with the administrative determinations made pursuant to such procedures.

7. *Duration:* The procedures provided in this agreement are recognized as experimental in nature, and any signatory hereto shall be free to withdraw from this agreement. In the absence of such withdrawal, the procedures shall endure until the purposes set forth in Paragraph 1 are accomplished.

(b) The Under Secretary of War by memorandum dated December 15, 1943, to the Commanding Generals of the Army Air Forces and the Army Service Forces, with reference to the above agreement, directed that:

To carry out the purposes of the agreement the procedure set forth below will be followed:

(1) The Judge Advocate General will be notified, as provided in AR 410-5 and other applicable regulations, promptly upon receipt of notice that suit based upon the Fair Labor Standards Act has been filed against a War Department cost-plus-a-fixed-fee contractor. He will request the Attorney General to direct the United States District Attorney to appear in the suit on behalf of the contractor and to obtain the extension of time contemplated by Paragraph 5 of the agreement.

(2) The Judge Advocate General will determine the position of the War Department in respect of such suits, to the same extent as in other cases referred to him under AR 410-5, and will further determine which cases should be appealed by the War Department to the Wage and Hour Administrator or the Attorney General, pursuant to the provisions of the attached agreement. He will also represent the War Department in all such appeals.

(c) In conformity with the above agreement and directive, upon notification of the institution of a suit based upon the Fair Labor Standards Act against a cost-plus-a-fixed-fee contractor as provided in paragraph (b) of this section, the Judge Advocate General will request the Attorney General to direct the United States District Attorney to appear in the suit on behalf of the contractor and to obtain the extension of time contemplated by paragraph 5 of the agreement. The technical service promptly will make or cause to be made such investigation as may be necessary to ascertain the precise nature of the work performed by the complaining employee during the period for which he seeks additional compensation, and promptly will report such information and such other information as the Judge Advocate General may request to the Judge Advocate General with the technical service's recommendation as to the position to be taken by the War Department in respect of the suit. Such investigation as to the nature of the employee's employment during the period may be made in collaboration with an investigator of the Wage and Hour Division of the Department of Labor in any case in which the technical service deems this appropriate.

(d) The Judge Advocate General will determine which claims in litigation shall be referred to the Department of Labor for the further investigation and for determination as permitted by paragraphs 3 and 4 of the agreement and which claims shall be referred by the War Department to the Department of Justice as permitted by paragraph 5 of the agreement, and will represent the War Department in connection therewith.

(e) In those cases in which the Department of Justice determines the legal position to be taken by the Government and decides that the claim should be litigated, it will conduct the litigation in accordance with the course of action determined upon as provided in the agreement. Should the Department of Justice refuse to determine the legal position to be taken by the Government and should the Judge Advocate General decide that the claim should be litigated, he will so advise the technical service in order that private counsel may be engaged to represent the contractor. Attention is called to 22 Comp. Gen. 993 to the effect that cost-plus-a-fixed-fee contractors in proper cases may be reimbursed the reasonable and necessary costs, including attorneys' fees, incurred in the defense of such suits. (See also the Comptroller General's opinion to the Secretary of War of December 15, 1943 (B-38642) affirming such position).

(f) The Judge Advocate General will advise the technical services as to claims which it has been determined should be compromised rather than litigated. Attention is called to the Comptroller General's opinion to the Secretary of War of December 15, 1943 (B-38642) to the effect that the War Department properly may, upon proper administrative determination as therein indicated that the settlement in each instance was fully warranted as being in the best interest of the Government, reimburse contractors for payments to employees in settlement of claims for overtime asserted in section 7 of the Fair Labor Standards Act, in amounts less than the total amounts which would be required to be paid in the event adverse judgments were obtained, even if the consummation of the settlement necessitated adjustment of disputed questions as to the amounts of overtime involved as well as questions pertaining to the application of the act.

§ 811.1121 *Reports of criminal conduct in connection with War Department contracts.* (a) There has been set up in the Criminal Division of the Department of Justice a special unit whose duty it is to take appropriate action as expeditiously as possible in all cases in which criminal conduct is shown to exist in connection with contracts entered into by the Government with business concerns in connection with the war program.

(b) The Under Secretary of War desires that a report be made to his office of any instances of criminal conduct in connection with War Department contracts. A report of such an instance should contain a full statement of the facts indicating criminal conduct. Such reports to the Under Secretary of War should be transmitted through channels to the Director, Purchases Division, Headquarters, Army Service Forces, for submission to the Office of the Under Secretary.

§ 811.1122 *Joint action with Navy with respect to contingent fees.* (a) The Director, Purchases Division, Headquarters, Army Service Forces, has been designated to coordinate with the appropriate representatives of the Navy on problems involving the subject of contingent fees and excessive compensation of sales representatives for obtaining Government prime contracts and subcontracts thereunder.

(b) The Director, Renegotiation Division, Headquarters, Army Service Forces, will be in charge of relations with the Navy in the matter of renegotiation of brokers and commission and selling agents under section 403 of the Sixth Supplemental National Defense Appropriation Act, 1942 as amended. Such brokers and agents, so far as subject to statutory renegotiation (See Public Law 149, 78th Congress) are assigned for that purpose to the Service and Sales Renegotiation Section, Procurement Legal Division, Office of the Under Secretary of the Navy with the exception of those engaged in the sale of textiles and foodstuffs which are assigned to the Price Adjustment Section of the Quartermaster General (See Joint Renegotiation Manual, pars. 133, 202.2, 203.4, 336). Information coming to the attention of War Department personnel indicating that commissions or other compensation may have been paid to a broker or selling agent subject to statutory renegotiation will be reported to the Assignment and Statistics Branch, Renegotiation Division, Headquarters, Army Service Forces.

(c) The chief of each technical service shall designate an officer primarily charged with the duty of coordinating the activities of such service with those of the other technical services, in matters relating to contingent fees and excessive sales expenses of contractors. The name of the officer so designated shall be furnished to the Director, Purchases Division, Headquarters, Army Service Forces, by memorandum, giving the full name, title, position, mailing address, and telephone extension number of such representative.

SUBPART D—PRICE AND RATIONING REGULATIONS

CROSS REFERENCE: For tabulation of price and rationing regulations of the Office of Price Administration, see Appendix—Tabulation of Documents in Chapter XI of Title 32.

§ 811.1130 *General.*

§ 811.1130-1 *Scope of this subpart.* This subpart deals primarily with certain problems arising from or associated with the relation of the maximum price and rationing regulations issued by the Office of Price Administration (hereinafter sometimes referred to as OPA) to War Department purchases and sales. It discusses separately (a) price regulations in general, (b) problems primarily associated with purchases, (c) information pertinent to sales, and (d) matters relating to rationing. (For a further discussion as to OPA matters primarily relating to War Department sales, see § 821.111 et seq.) The discussion is introductory and is not intended to be complete. Complete details and the text of OPA regulations and orders may be found in the FEDERAL REGISTER, or may be procured from any OPA office. Should these sources fail, inquiries should be sent through the chief of the technical service concerned to the OPA Branch, Purchases Division, Headquarters, Army Service Forces, Washington 25, D. C.

§ 811.1130-2 *Function of OPA Branch.* (a) Because of penalties imposed by the Emergency Price Control Act of 1942, as amended, upon contractors who violate price ceilings, contractors must proceed with caution in the acceptance of contracts. To expedite procurement and sales, it is important that War Department personnel be familiar with the problems involved and able, whenever possible, to be of assistance or guidance to contractors. It is an important function of the OPA Branch to undertake the solution of specific problems.

(b) Whenever contact or negotiation is necessary between one of the services and the Office of Price Administration on any price regulation or rationing problem which involves a general policy or might affect more than one of the services, the negotiations will be conducted through the Chief, OPA Branch, Purchases Division.

§ 811.1131 *OPA price regulations in general.*

§ 811.1131-1 *General.* (a) The Office of Price Administration, pursuant to the Emergency Price Control Act of 1942, as amended, and appropriate delegations of authority, establishes ceiling prices for certain sales of commodities and services. These ceilings are established either by (1) Price Schedules; (2) Maximum Price Regulations; (3) Temporary Maximum Price Regulations; (4) the General Maximum Price Regulation; or (5) other directives. Certain exemptions from price control have been granted and methods for obtaining relief provided, as discussed more fully hereafter.

(b) Definition of commodity: By statutory definition, the term commodity, as to which a ceiling price may be established, includes, with certain exceptions set forth in the statute, commodities, articles, products, materials and services.

§ 811.1131-2 *Specific Price Regulations (Price Schedules and Maximum Price Regulations).* The distinction between price schedules and maximum price regulations is historical only. Both are price regulations, essentially similar in nature, and are hereafter referred to without distinction as specific price regulations. They establish ceiling prices for the commodities or services specified therein.

§ 811.1131-3 *The General Maximum Price Regulation (GMPR).* The General Maximum Price Regulation (hereafter referred to as GMPR) places a price ceiling on practically all commodities and services sold or rendered by manufacturers, wholesalers and retailers, if not covered by specific price regulations (see §§ 811.1131-5 and 811.1132-6 for exemptions). In general, ceiling prices on items covered by this regulation are based on the highest prices charged in March, 1942. Other formulae are used in the event the March 1942 method is inapplicable. Specific price regulations, as to the specific articles or services covered therein, take precedence over the GMPR, whether issued prior or subsequent to the GMPR.

§ 811.1131-4 *The service regulation: MPR 165.* As above noted (§ 811.1131-3) all services (along with commodities) were brought under control of the OPA by the GMPR. Effective August 19, 1942, Maximum Price Regulation 165 brought under specific control a long list of services, leaving those not specifically listed still covered by the GMPR, subject to exemptions (see § 811.1132-6).

§ 811.1131-5 *Exemptions*—(a) *General.* OPA has granted exemption of certain purchases and sales from price control. In some cases, specific commodities and services have been exempted from all price control. In other cases, though in general the commodities and services are subject to price ceilings, some purchases and sales thereof, depending on the identity of the buyer or seller, or on other special considerations, have been exempted.

(b) *How exemptions are effected.* (1) In the case of commodities and services covered by the GMPR, exemptions are granted respectively by OPA Revised Supplementary Regulation No. 1 and OPA Supplementary Regulation No. 11.

(2) In the case of commodities or services covered by specific price regulations, exemptions are granted by the terms of the regulation itself, either (i) by specific terms or (ii) by incorporating in the regulation by reference terms of other directives.

(3) In addition to the foregoing methods, exemptions may be granted in specific cases or otherwise by the terms of various OPA orders.

(4) When determining whether or not an exemption exists, the language apparently granting the exemption must be carefully examined, bearing in mind particularly that although certain transactions may be exempt from price control by the GMPR, they still may be subject to control by specific price regulations unless such regulations, or orders issued supplementary thereto, specifically exempt them.

(c) *Particular exemptions of interest.* Reference is made to certain exemptions of primary interest in connection with purchases (see §§ 811.1132-2 to 811.1132-6) and sales (see § 811.1134-2).

§ 811.1131-6 *Procedure for obtaining relief*—(a) *General.* The OPA has provided methods for obtaining relief with respect to price control, in proper cases, by way of elevation of ceiling prices, exemption, or otherwise.

(b) *Obtaining higher maximum price.* (1) OPA Procedural Regulation No. 6, effective July 3, 1942, as amended (§§ 1300.401-1300.414 of Title 32), sets forth the procedure to be followed (except where other OPA regulations specifically otherwise provide) to obtain higher maximum prices for commodities or services under Government contracts or subcontracts. In substance, the regulation provides that (i) any seller who has entered into or proposes to enter into a Government contract, or a subcontract thereunder, who believes that his maximum price or prices impedes or threatens to impede the production, manufacture or distribution of a commodity or the supply of a service which is essential to the war program and which is or will be the subject of such contract or subcontract, may apply for adjustment of his maximum price or prices; (ii) any government agency may appear as an interested party in the case of any such application; (iii) upon the filing of an application for adjustment, or within five days prior thereto and until final disposition of the application, contracts may be entered into or proposals and bids submitted at the higher price or prices requested in the application, and deliveries may be made under such contracts, except that the seller may not receive and the buyer may not pay the amount by which the price exceeds the maximum price unless and until an order granting a higher price has been issued; (iv) the seller shall include in any sale, contract to sell, or offer to sell at the price requested in the application the following: The maximum price for the commodity or service in question; a statement that the quoted price is subject to the approval of the Office of Price Administration; and a statement that an appropriate application has been filed, or will be filed within five days with the Office of Price Administration, and (v) applications involving War Department contracts exceeding $5,000,000 in value must be filed with the OPA in Washington, D. C. (Other applications, (with a few exceptions) may be filed either with the appropriate regional office of the OPA or with the OPA in Washington, D. C.)

(2) Special procedure to obtain higher maximum prices is provided by amendments to MPR 136, (Machines and Parts and Machinery Services), effective April 12, 1943 and June 25, 1943, respectively, to which reference is made for complete details. This procedure is available to any person who has entered into a "war contract", defined as a contract for the sale of a machine or part purchased for the ultimate use of the armed forces of the United States or for lend-lease purposes, or for use in the production or manufacture of any such commodity. Provision is also made for adjustments of the maximum prices of machinery services.

(c) *Certain specific cases.* For methods of obtaining relief in certain cases primarily relating to purchases (see §§ 811.1132-3 to 811.1132-5).

§ 811.1131-7 *Dissemination of information by chiefs of technical services.*

Whenever the Office of Price Administration makes an industry-wide revision of ceiling prices on any item purchased by the War Department, or other revision in ceiling prices affecting products purchased by the War Department, the chief of the technical service involved will notify all contracting officers.

§ 811.1132 *Purchases.*

§ 811.1132–1 *General.* Sections 811.1132 to 811.1132–10 deal with OPA matters primarily relating to purchases. (For a discussion as to sales see § 811.111 et seq.; §§ 811.1134–1 to 811.1134–3. Interested personnel should, in addition, be familiar with the preceding sections of this subpart.

§ 811.1132–2 *Exemptions of purchases by virtue of War Department-OPA Agreement, September 1942.* Among the exemptions from price control heretofore granted by the OPA by methods indicated in § 811.1131–5 are transactions involving certain so-called military items. By agreement between the OPA and the War Department, military items exempt in September 1942 will remain exempt. However, under this agreement, OPA has reserved the right to resume control over exempt items if it develops that the War Department is unable to control prices effectively through its own procurement policies.

§ 811.1132–3 *Exemptions of secret contracts and subcontracts*—(a) *Exemption.* OPA Supplementary Order No. 42, which applies to all specific price regulations and to the GMPR, exempts from price control sales and deliveries of any commodity or service made under a contract or subcontract properly certified as secret to the OPA (see paragraph (c) of this section for proper certification).

(b) *Period of exemption.* The exemption applies only for such period as is necessary for the preservation of secrecy. The purchasing agency certifying the contract as secret must notify the contractor or subcontractor and the OPA whenever the contract or subcontract ceases to be secret. Upon receipt of such notification by the contractor or subcontractor, the exemption will end. (See paragraph (c) of this section for proper notification.)

(c) *Procedure.* The certification mentioned in paragraph (a) of this section, made by a representative of the purchasing agency, shall set forth the date of the secret contract or subcontract and its number or other designation. It shall not name the commodity or service covered thereby or the name or address of the contractor. The notice mentioned in paragraph (b) of this section shall identify the contract and state that it is no longer secret. Both the certificate and the notice shall be sent to: The Security Officer, Office Services Division, Office of Price Administration, Federal Office Building No. 1, Washington 25, D. C.

§ 811.1132–4 *Exemption of developmental contracts*—(a) *Definition of developmental.* A contract or subcontract is deemed by the terms of OPA Revised Supplementary Regulation No. 1, to be "developmental" if the manufacturer or supplier thereunder requires a period of time for the accumulation of sufficient production experience to permit him to make a fair estimate of his manufacturing costs, or if the purchaser thereunder requires a period of time to select a product, or both.

(b) *Exemption.* OPA Revised Supplementary Regulation No. 1 (insofar as ceiling established by the GMPR are concerned) and many specific price regulations grant exemptions from price control in connection with developmental contracts and subcontracts properly certified as being "developmental". The exemptions are not automatic, but are conditioned on complying with the procedure set forth in paragraph (d) of this section. Also, not all developmental contracts are exempt, even when such procedure is followed, so in each case the pertinent OPA regulations should be consulted.

(c) *Period of exemption.* Any exemption of a developmental contract or subcontract applies only so long as the period necessary for development continues. The OPA reserves the right, after consultation with the certifying Government agency, to determine when the developmental period shall expire (for services, MPR 165 fixes a maximum time limit of 90 days).

(d) *Procedure.* (1) To obtain exemption of a developmental contract or subcontract, where exemption is provided for (see paragraph (b) of this section) it is necessary that the contract or sub-contract be certified by the War Department as being developmental and that the contractor or subcontractor file a report within ten days after entering into the contract or subcontract. The certificate, with blank spaces filled in appropriately may be in the following form:

> In accordance with the provisions of Maximum Price Regulation No. ------ Section ------ [or the General Maximum Price Regulation] the following contract is hereby certified as developmental: Contract No. ------ Date of Contract ---------- Name and address of supplier---------- ----------Commodity covered ----------

The report, to be filed by the contractor or subcontractor must describe the product or service, the terms of the contract or subcontract (including pricing provisions) and the production plans of which the contract or subcontract is a part, and must estimate the duration of the developmental work. Both the certificate and the contractor's report should be sent (the certificate in duplicate) to the Office of Price Administration, Washington 25, D. C. Attention: War Goods Price Coordinator.

§ 811.1132–5 *Exemption of emergency purchases*—(a) *Exemption.* OPA Revised Supplementary Regulation No. 1 (insofar as ceilings established by the GMPR are concerned) and many specific price regulations grant exemptions from price control of "emergency purchases" made by the War Department. The exemptions are not automatic, but are conditioned on complying with the procedure set forth in paragraph (c) of this section. Also, not all emergency purchases are exempt, even when such procedure is followed, so in each case, the pertinent OPA regulations should be consulted.

(b) *Definition.* To satisfy the definition of "emergency" for purposes of the exemption (1) the subject matter of the purchase must be needed at once, and (2) at least a portion of the purchase must be capable of immediate delivery (or performance in the case of services) either from stock or after a short period of production. In any case, the emergency exemption is applicable only to the quantity immediately deliverable. The exemption will not apply to contracts or agreements for future delivery.

(c) *Procedure.* To obtain exemption of an emergency purchase, where exemption is provided for (see paragraph (a) of this section, the purchasing officer must certify that it was imperative to secure the commodity or service immediately and that it was impossible to secure, or unfair to require, immediate delivery or performance at the maximum price which would otherwise be applicable. The certificate must set forth, in addition, (1) the name and address of the seller, (2) the date of purchase, (3) the date of delivery, (4) a description of the commodity or service purchased, (5) the quantity purchased, (6) the price, and (7) a brief statement of the facts giving rise to the emergency situation which necessitated the purchase at a price higher than the applicable maximum price. The certificate must be filed with the OPA in Washington within five days (ten days in the case of services) after the purchase is made. It should be sent in duplicate to: Office of Price Administration, Washington 25, D. C., Attention: War Goods Price Coordinator. (No report is required in the case of services unless the total price thereof exceeds $500.00, and a similar exemption is extended in some specific price regulations to emergency purchases.)

§ 811.1132–6 *Other exemptions of primary interest in connection with purchases*—(a) *General.* Attention is called in this section to certain exemptions from price control by the GMPR (but not necessarily from control by specific price regulations: see § 811.1131–5 (b) (4)) not specified in preceding sections, of primary interest in connection with purchases.

(b) *Commodities.* The following exemptions as to commodities are established by OPA Revised Supplementary Regulation No. 1, which provides in part that the GMPR shall not apply to sales or deliveries of the following commodities or in the following transactions:

(1) Aviation gasoline and components, synthetic rubber and components, toluene manufactured from petroleum and agricultural components used in the manufacture of furfural, under the conditions and to the extent stated in the regulation.

(2) Sales and deliveries to the United States or its agencies of the following commodities:

(i) Aircraft, ammunition, armored trains, artillery, balloon barrage equipment, bombs, bomb sights, caissons, fire control equipment, gas masks, grenades, gun sights, military bridges, mines, mortars, projectiles, pyrotechnics, small arms, ships and boats, and torpedoes;

(ii) Amphibians, armed vehicles, automobiles, tanks, trailers and trucks, when sold for military purposes;

(iii) Component parts and subassemblies of any product excepted under (i) and (ii), regardless of the person to whom sold or delivered, including all metallic and non-metallic component parts, adjuncts and accessories which have been machined or fabricated but not including raw or unfinished materials or any other materials which are in such form as to permit their use in the manufacture of products other than those excepted under (i) and (ii);

(iv) Military propellants and explosives;

(v) The following Army field and emergency rations and commodities: completed rations; C; D; K; Five-in-One; Mountain; Bail Out; Combat; Jungle; Life Raft; Corned Beef Hash (5½ lb. can); Meat and Vegetable Hash (6 lb. 12 oz. can); Chili Con Carne, and Ten-in-One.

(3) Dehydrated vegetables sold to the Armed Forces of the United States.

(4) The list of exemptions in this paragraph is not complete. Interested personnel are referred to the text of OPA Revised Supplementary Regulation No. 1.

(c) *Services.* The exemptions mentioned in paragraph (a) of this section are established, as to services, by OPA Supplementary Regulation No. 11 (which also has been incorporated by reference into the so-called Service Regulation MPR 165; see § 811.1131–4). It provides, in part, that the GMPR shall not apply to compensation for the following services:

(1) The lubrication, painting, rental, storage, washing, operation, repair, conversion, modification, maintenance or other services of aircraft, including maintenance of or repairs to engines, parts, accessories, instruments and other equipment used in connection with aircraft.

(2) The list of exemptions in paragraph (c) of this section is not complete. Interested personnel are referred to the texts of OPA Supplementary Regulation No. 11 and Maximum Price Regulation No. 165.

§ 811.1132–7 *Responsibility of contracting officers as to purchases.* (a) Contracting officers, in executing contracts covering procurement of commodities or purchases unless otherwise specifically directed, are not required to verify the prices charged by any vendor or contractor against the maximum prices fixed in accordance with the Emergency Price Control Act of 1942, and in the absence of actual knowledge of violation of price limitations, they may assume that prices charged do not exceed maximum prices. Likewise, in connection with cost-plus-a-fixed-fee contracts, contracting officers in approving items for reimbursement are not responsible for determining whether the costs of materials, supplies, tools, equipment or machinery exceed the maximum prices thus fixed. In the interests of economical purchasing, however, contracting officers are expected to exert reasonable effort to be familiar with the OPA regulations that apply to the commodities and services which they buy.

(b) Where a contracting officer is definitely informed that the price or proposed price of a commodity or service is in excess of the OPA maximum, he should proceed as follows:

(1) Try to negotiate a reduction in the price to conform to the OPA standard;

(2) If such a reduction proves impossible, endeavor to have the contractor file an application for an adjustment of the established maximum price with OPA under §§ 1300.401–1300.414 of Title 32 (see § 811.1131–6);

(3) If necessary, and if immediate deliveries can be made, make emergency purchases for immediate delivery in excess of the OPA maxima, complying with the requirements set forth in § 811.1132–5;

(4) If recourse to the foregoing methods proves unsuccessful and the contracting officer believes an impairment of production of essential war material is threatened, report should be made at once to the chief of the technical service concerned and the services of the OPA Branch enlisted to remove the impediment.

(5) As a last resort, the statutes provide for the requisition of needed articles already in existence, and for mandatory orders to compel the supply of essential military items. For the conditions and procedures governing the use of these methods, see Part 814.

§ 811.1132–8 *Acceptance of contractor's certification in connection with purchases.* The action of certifying and disbursing officers in connection with such price limitations is governed by Fiscal Directive SPBFA-11A, June 19, 1942, providing as follows:

1. The certification now required on Standard Form No. 1034-revised, as used in connection with payments made to vendors or contractors for purchases or services rendered other than personal will be continued in use and is a proper and sufficient warranty of compliance by the vendor or contractor with the price ceilings established in accordance with the provisions of the Emergency Price Control Act of 1942, Public Law 421, approved January 30, 1942.

2. In the absence of actual knowledge of violation of price limitations, certifying officers may rely upon the certificate of the vendor or contractor as to the correctness of the prices charged and will not be required to verify such prices against maxima established by the Office of Price Administration. Disbursing Officers may rely upon their records and the certificate of the vendor or contractor and will not be required to verify such maxima prices.

3. Disbursing officers will make payment in accordance with the above outlined procedure.

The form of certification (Standard Form 1034) is as follows:

> I certify that the above bill is correct and just; that payment therefor has not been received; that all statutory requirements as to American production and labor standards, and all conditions of purchase applicable to the transactions have been complied with; and that State or local sales taxes are not included in the amounts billed.

The words "the above bill is correct and just" and "all conditions of purchase applicable to the transactions have been complied with" constitute a proper and sufficient warranty by the vendors and contractors that the prices billed are within any applicable price ceilings established by the OPA. Accordingly, no additional certificate or statement by the vendors and contractors with respect to maximum prices should be required. Also, no special certificate accompanying quotations, or warranty in the contract with respect to compliance with price regulations will be required.

§ 811.1132–9 *Exemption from liability of contracting and finance officers in connection with purchases.* Supplementary Order No. 7, entitled "Removal of Liability of War Procurement Agencies and Governments whose Defense is Vital to the defense of the United States," effective July 11, 1942, provides that prohibitions contained in maximum price regulations against buying or receiving a commodity or service at a price higher than the permitted maximum shall not apply to (a) any War Procurement Agency of the United States or any contracting or paying finance officer thereof or (b) the Government of any country whose defense is deemed by the President to be vital to the defense of the United States under the terms of the Act of March 11, 1941. It provides further that any such War Procurement Agencies or contracting or paying finance officers of any such government or agency, shall be relieved of any criminal or civil liability imposed by a maximum price regulation or by the Emergency Price Control Act of 1942. The OPA statement of considerations involved in the issuance of Supplementary Order No. 7 states such purchases are typically not purchases "in the course of trade or business" within the meaning of the act.

§ 811.1132–10 *Non-exemption of contractors holding War Department contracts.* The OPA has advised, however, that this exemption is applicable only to Government contracting officers in connection with Government purchases and does not extend to purchases made by contractors even when operating under cost-plus-a-fixed-fee contracts, and even though purchases made by them are reimbursable by the Government. Cost-plus-a-fixed-fee contractors, as well as all other prime contractors, are buyers "in the course of trade or business" within the meaning of section 4 (a) of the Emergency Price Control Act of 1942, as amended, and are, therefore, subject to the prohibitions of that section.

§ 811.1132–11 *Procedure to recover amounts paid in excess of applicable OPA maximum prices*—(a) *General.* It is possible, in view of the wide variety and large volume of War Department procurement, that on occasion the War Department inadvertently may pay prices in excess of applicable OPA maximum prices. The Emergency Price Control Act of 1942, as amended, gives the War Department, under such circumstances, certain rights of recovery against the contractors concerned. Likewise, in certain cases the War Department may have claims for refunds arising out of contracts entered into pursuant to OPA Procedural Regulation No. 6, prior to the

amendment thereof effective May 17, 1943, which then permitted payments in excess of current maximum prices pending OPA decision as to increases in such maximum prices. The succeeding paragraphs of this section set forth War Department procedure to be followed under any of these circumstances.

(b) *Payments in excess of OPA ceilings without OPA authorization.* Where it has been clearly determined that the War Department has paid a price in excess of an applicable OPA maximum price without OPA authorization, the contracting officer concerned (unless he has been advised that the OPA intends to seek recovery on account of the violation) will take the following action:

(1) Immediately seek a refund of the full amount of the overcharge from the contractor.

(2) If the contractor fails to make such refund, request the appropriate disbursing officer to offset the amount of the overcharge against any funds due the contractor by the War Department under the contract involved or any other appropriate contract of which the contracting officer or the disbursing officer has knowledge.

(3) The contracting officer may acknowledge receipt of a refund. However, in view of certain rights in connection with violations granted to the OPA by the act, the contracting officer, upon receiving a refund, shall not give the contractor concerned any instrument purporting to release the government's claim against the contractor.

In the event the contracting officer has been advised that the OPA intends to seek recovery on account of the violation, the War Department itself will take no action to effect recovery of the overcharge but will furnish the OPA with all pertinent information which the latter may request. If the contracting officer has attempted but has been unable to effect collection of the full amount of the overcharge, he will refer the matter, together with all pertinent information, to the nearest OPA office, with a request that recovery be sought by the OPA.

(c) *Claims for refunds arising out of contracts.* Where the War Department pursuant to OPA Procedural Regulation No. 6, prior to the amendment thereof effective May 17, 1943, paid a price in excess of an applicable OPA maximum price under the terms of a contract providing substantially that the contractor should refund to the War Department the excess paid over such applicable maximum price under certain conditions, and the claim of the War Department for a refund under such terms of the contract has matured, the contracting officer concerned will take the following action:

(1) Immediately seek payment from the contractor of the full amount of the refund owing to the War Department under the terms of the contract;

(2) If the contractor fails to make such payment, request the appropriate disbursing officer to offset the amount of such refund against any funds due the contractor by the War Department under the contract involved or any other appropriate contract of which the contracting officer or the disbursing officer has knowledge.

In the event the contracting officer is unable to effect collection of the full amount of such refund, the claim, together with all pertinent information, will be forwarded through the Purchases Division, Headquarters, Army Service Forces, to the Office of the Fiscal Director, Headquarters, Army Service Forces, pursuant to paragraph 15, AR 35–730.

(d) *Disposition of refunds.* Any refund received by a contracting officer pursuant to paragraph (b) (1) or (c) (1) of this section will be delivered by him to the nearest disbursing officer through the fiscal officer of the installation concerned for disposition as an expenditure refund in accordance with TM 14–702 "Fiscal Accounting for Field Installations." Similar disposition as expenditure refunds will be made of amounts collected by offset pursuant to paragraphs (b) (2) and (c) (2) of this section.

§ 811.1134 *Sales.*

§ 811.1134–1 *General.* For a general discussion of OPA matters primarily relating to War Department sales other than by Army stores, see § 821.111 *et seq.* (See §§ 811.1132 to 811.1132–11 for a discussion of purchases.) Interested personnel should in addition be familiar with §§ 811.1130 to 811.1131–6.

§ 811.1134–2 *Exemption of sales by Army Stores (OPA Supplementary Order No. 27).* OPA Supplementary Order No. 27, effective November 14, 1942, as amended, exempted sales and deliveries of any commodity or service by the War Department through its sales stores, including commissaries, Army canteens, and post exchanges, from all OPA price regulation. The OPA retained the right, however, to make price regulations applicable to such sales.

§ 811.1134–3 *Other OPA regulations pertaining to sales.* If officers making sales on behalf of the War Department have any problems with relation to ceiling prices in connection with such sales which are not covered by the provisions of these procurement regulations including § 821.111–2 *et seq.*, solution of such problems should be reached through contact with appropriate OPA officials or by reference of the problems to the Chief, OPA Branch, Purchases Division, as provided in § 811.1130–2.

§ 811.1135 *Rationing regulations*—(a) *General.* The OPA issues regulations covering the rationing of scarce consumer goods. These regulations do not restrict Army purchases of the goods concerned, but to control illegal sales ("black markets") sellers of rationed goods, whether sales are made to the Army or otherwise, are required by OPA, upon replacement of their stocks, to produce so-called "ration evidences" obtained from their customers. Accordingly, Army procurement officers, in purchasing rationed goods, furnish the seller with ration evidences for the goods purchased, or otherwise cooperate with OPA policies.

(b) *Applicable OPA directives.* Sugar (Ration Order 3), processed foods (Ration Order 13), meats, fish, fats, and cheese (Ration Order 16), gasoline (Ration Order 5c), fuel oil in part of the United States (Ration Order 11), and shoes (Ration Order 17), have been subjected to rationing. Procedures under the rationing system are established by OPA General Ration Orders 3, 3A, 3B, 5 and 11.

(c) *Where certain War Department instructions may be found.* Interested personnel may find instructions in the following War Department publications covering the general subjects indicated:

1. Circular Letter 30, OQMG, 13 February 1943 and supplements thereto—ration banking accounts;
2. Circular 36, W. D., 1945—food rationing;
3. Circular 291, W. D., 1943; Circular 59, W. D., 1944—non-rationed food items containing rationed commodities;
4. Circulars 246, 282, 363, 389, 492, W. D., 1944—Certain petroleum products; and
5. Circulars 255, 390, 399, W. D., 944 and 19 W. D., 1945—Shoes.

SUBPART E—CONTROLLED MATERIALS PLAN

CROSS REFERENCE: For tabulation of Controlled Materials Plan regulations of the War Production Board, see Appendix—Tabulation of Documents in Chapter IX of Title 32.

§ 811.1140 *Revision of existing supply contracts to conform to production schedules authorized under Controlled Materials Plan.*

§ 811.1140–1 *Effect of reduced allotments of materials.* Under the Controlled Materials Plan (CMP) some Army suppliers from time to time will receive allotments of controlled materials which are less than the materials necessary to meet the production schedules in effect under existing contracts. Normally, the production schedule authorized on Form CMP–10 will reflect these reduced quantities. In cases where the end item schedule has not been reduced in line with the reduced allotments, a letter is sent to the contractor explaining the factors (for example, changed specifications, reduced requirements of spare parts, and prior allocations) which will enable him to meet the required production schedule with the materials allotted to him.

§ 811.1140–2 *Coordination with CMP officers.* Schedules of production authorized on Form CMP–10 are controlling and must be put into effect by appropriate contract adjustments. CMP officers have been instructed to inform contracting officers of revised schedules, and whenever practicable to consult with them concerning the distribution of any reduced allotment among the various contractors concerned. Close coordination between contracting officers and CMP officers is required in order that changes in or amendments of outstanding contracts may be promptly effected where made necessary by revision in schedules.

§ 811.1140–3 *Protection of contractor.* Under the usual "Delays-Damages" article (see § 803.352) in most War Department contracts, the delay of a contractor is treated as excusable if it is without fault or negligence on the part of the contractor and is due to "unforeseeable causes beyond his control, including any preference, priority, or allocation order issued by the Government." A possible statutory exemption from liability for delay is also to be found in a clause of Title III of the Second War Powers Act, 1942, reading as follows:

(7) No person shall be held liable for damages or penalties for any default under any contract or order which shall result directly or indirectly from compliance with this subsection (a) or any rule, regulation, or order issued thereunder, notwithstanding that any such rule, regulation, or order shall thereafter be declared by judicial or other competent authority to be invalid.

Nevertheless, a contractor is entitled to the protection of an amendment to his contract to reflect accurately the changes in the production schedule which are made necessary or appropriate by the reduction in allotments. Such changes will be effected promptly by appropriate supplemental agreement (or change order where a change order can effect the necessary adjustment).

§ 811.1140–4 *Adjustment of schedules in contracts.* Appropriate adjustment of a contract to conform to reduced schedules made necessary under the Controlled Materials Plan or otherwise may in many cases be made under contract provisions already in effect, if the contract contains such provisions (see, for example, §§ 803.329, 803.329a and 803.351–3). Where a contract contains no provision permitting such an adjustment, the chief of the technical service concerned is authorized to amend the contract by supplemental agreement, inserting one or more of the contract articles contained in §§ 803.329, 803.329a and 803.351–3 so as to provide in the contract itself authority for the making of any later adjustments made necessary by changes in the CMP allotments (see § 812.1233).

§ 811.1140–5 *Upward adjustment of price.* Where a reduction in allotments so changes or interrupts the contractor's operations as substantially to increase the unit costs of any of the items procured, an equitable adjustment in the contract price in addition to a modification of the production schedule is also authorized to be made, either under an appropriate contract provision providing such an adjustment or by supplemental agreement (see § 812.1233).

§ 811.1140–6 *Downward adjustment of price.* In cases where production schedules are to be stepped up as a result of a speedier flow of materials under a CMP allotment, the contract will be appropriately amended to accomplish this result. Where an increase in allotment so accelerates the contractor's operations as to produce a substantial saving in unit costs, contracting officers will, where possible, negotiate a reduction in unit price in connection therewith (see §812.1251–2).

§ 811.1141 *Allotment of materials for new contracts.* Under the Controlled Materials Plan, it is essential that each new contract let be accompanied by a sufficient allotment of material to enable the contractor to enter into production as called for under the contract. Consequently, before a contract is let or a letter contract or letter of intent executed, contracting officers should coordinate with CMP officers to make sure that controlled materials are expected to be available in the quantity required, and that each contractor is asked to submit an estimate of the controlled materials required along with his proposal or bid. Upon the execution of a contract, arrangements should be made with CMP officers to issue allotments as required to meet the production schedules of the contract.

SUBPART F—CONTRACTS INVOLVING RUBBER OR SYNTHETIC RUBBER

§ 811.1150 *Agreement with Rubber Reserve Company.* (a) Rubber Reserve Company, a subsidiary of Reconstruction Finance Corporation, owns and controls the supply of all natural rubber and substantially all synthetic rubber in this country. Effective June 1, 1943 Rubber Reserve Company found it necessary to increase its price for natural rubber from 22½ cents per pound to 40 cents per pound, but reduced its prices for synthetic rubber to 36 cents per pound for GRS (Buna S); 33 cents per pound for GRI (Butyl); and 45 cents per pound for GRM (Neoprene Type GN).

(b) In order to avoid the necessity of adjusting the outstanding contracts of the War Department and subcontracts therunder based on a price for natural rubber of 22½ cents per pound and in order to facilitate transition from natural to synthetic rubber and to simplify future procurement of rubber products, the War Department has made an agreement with Rubber Reserve Company to pay directly to it part of the cost of such natural and synthetic rubber used for War Department purposes and thereby to maintain lower, stable, prices to rubber manufacturers for such natural and synthetic rubber.

(c) Under this agreement Rubber Reserve Company will supply natural and synthetic rubber to War Department contractors and subcontractors upon payment by them to Rubber Reserve Company at the following rates per pound.

Type	Price per pound (cents)
Natural	22½
GRS Synthetic (Buna S)	18½
GRI Synthetic (Butyl)	15½
GRM Synthetic (Neoprene Type GN)	27½

These rates apply to natural, GRS and GRI Synthetic used after June 1, 1943 and to GRM synthetic used after August 1, 1943.

(d) The War Department will pay Rubber Reserve Company the difference between these amounts and the prices fixed by Rubber Reserve Company specified in paragraph (a) above, or such lower prices as the Rubber Reserve Company may fix from time to time. This contract will remain in force until June 30, 1945, unless extended by the War Department or terminated on ninety days' notice before that date.

§ 811.1151 *Administration of agreement.* (a) To simplify administration of this agreement with Rubber Reserve Company the Ordnance Department is handling the contract on behalf of the entire War Department and will administer it for all of the technical services.

(b) Rubber Reserve Company will obtain from rubber manufacturers reports of the amount of natural and synthetic rubber used on account of War Department contracts and subcontracts and will bill the War Department monthly through the Ordnance Department on the basis of these reports showing the amount due with respect to the contracts and subcontracts of each technical service.

(c) The chief of each technical service has been directed to make available to the Ordnance Department by special allotment or otherwise sufficient funds to cover the estimated amounts payable to Rubber Reserve Company under this agreement with respect to its contracts and subcontracts up to June 30, 1945. The Chief of Ordnance is authorized to issue such directives or instructions to the chiefs of the other technical services as he deems necessary for the administration of the agreement and the furnishing of such allotments.

§ 811.1152 *Effect of agreement on contracts involving natural rubber.* (a) Since natural rubber will continue to be supplied to rubber manufacturers by Rubber Reserve Company at 22½ cents per pound as heretofore, existing contracts made on this basis will not need to be adjusted.

(b) Likewise, future contracts involving the use of natural rubber can continue to be made on the same basis of 22½-cent rubber, as heretofore.

§ 811.1153 *Existing contracts involving synthetic rubber.* (a) The prices for synthetic rubber specified in the agreement between Rubber Reserve Company and the War Department are substantially lower than the prices previously in effect for the same types of synthetic rubber.

(b) Accordingly, the prices under existing contracts involving the use of synthetic rubber and made on the basis of the prices in effect before the agreement, should be promptly adjusted to reflect the reduced prices for such synthetic rubbers.

(c) By its Circular No. 21 dated May 31, 1943, the Rubber Reserve Company has directed all rubber manufacturers to report to it all existing contracts made on the basis of prices for natural or synthetic rubber higher than those fixed by the agreement with the War Department and has directed such rubber manufacturers promptly to adjust their prices under such contracts to reflect the reduced prices for synthetic.

§ 811.1154 *Conversion from use of natural rubber to use of synthetic.* (a) At the present time the cost of processing synthetic rubber is greater than the cost of processing natural rubber for many types of articles. The lower price per pound for synthetic rubber as compared to natural rubber will offset to the extent of the price differential the additional costs of processing such synthetic rubber.

(b) In the cast of certain types of commodities such as tires, the shift from natural to synthetic rubber involves an

additional factor affecting costs of production. When such commodities are made from natural rubber it is often possible to use a substantial amount of reclaimed rubber which is much less expensive than either natural or synthetic. When the same commodities are made from synthetic rubber, however, it is at present not feasible to use reclaimed rubber to the same extent or at all. Consequently, synthetic must be substituted not only for the natural rubber but also for the reclaimed rubber in such cases.

(c) When it becomes necessary to amend the specifications under existing contracts under the "changes" article to substitute synthetic rubber for natural rubber, the contract price must be equitably adjusted in accordance with that article. In fixing this adjustment it is necessary to take into account, (1) any additional costs of processing synthetic in place of natural rubber; (2) the lower price per pound of synthetic as compared with natural rubber; (3) the extent to which reclaimed rubber is superseded by synthetic; (4) any other factors relevant in the particular case. Accordingly, the adjustment under any particular contract will depend primarily on the circumstances with respect to processing and the ratio of natural and reclaimed rubber in the particular type of commodity.

(d) Likewise, when new contracts are made for the manufacture from synthetic rubber of commodities previously made from natural rubber, the proper price will depend on the consideration of the same factors discussed in paragraph (c).

§ 811.1155 *Price adjustment provisions.* In order to assure rubber manufacturers that they may fix their prices on the basis of the cost for natural and synthetic rubber specified in the agreement between the War Department and Rubber Reserve Company the price revision article contained in § 803.377–4 may be used in contracts involving natural or synthetic rubber.

SUBPART H—MISCELLANEOUS MATTERS

§ 811.1180 *Discounts in purchasing.*

§ 811.1180–1 *General rule.* Frequently contractors include in their bids offers of discounts for cash or prompt payment. In view of the volume of purchasing being presently done, it is frequently not practicable to effect prompt payment and thus take advantage of these provisions. It is therefore apparent that if these offers were taken into account in deciding whether to award a contract to one contractor rather than another, the decision to award the contract to one might be made on the basis of an offer of a cash discount the benefit of which the Government would never receive. The rule has therefore been established that offers of a discount for cash or prompt payment will be disregarded in deciding between two possible contractors.

§ 811.1180–2 *Example.* Let us assume that bids are solicited, informally, or otherwise, and two contractors submit bids. Contractor A quotes a price of $1.00 per unit with an offer of a 10% discount for prompt payment. Contractor B quotes a price of $1.10 per unit. Disregarding A's offer of a 10% discount, the contracting officer nevertheless decides that the contract will be awarded to contractor A because his unit price of $1.00 is lower than that quoted by contractor B. The question now arises whether the rule set forth in § 811.1180–1 requires that A's offer of discount for prompt payment should be disregarded. The answer obviously is that it should not be disregarded. The discount provision should be included in the contract. It was disregarded in making the decision to award the contract to A, but once the contract was awarded to A, the Government should take advantage of all of the terms offered by contractor A.

§ 811.1180–3 *Ratification of past action.* Because of the misunderstanding of previous regulations, it appears that in some instances contracting officers have felt that it was necessary, under the circumstances set forth in § 811.1180–2, to omit from the contract any provision with respect to discounts. Their action in doing so is hereby ratified.

§ 811.1180–4 *Fiscal aspects of discounts.* Although as provided in § 811.1180–1, offers of discounts for cash or prompt payment are to be disregarded in deciding between two possible contractors, in many cases contracts awarded or invoices pursuant to such contracts will provide for such discounts. In such cases advantage should be taken of such discounts and procedures should be established to aid in reaching this result; provided interference does not result in the payment of accounts or transactions which do not provide for discounts. The preferred form of procedure for the taking of discounts is one in which originals and copies of purchase instruments involving discounts and used internally by the procurement office are suitably stamped "Discount—Expedite" by the initiating office and the discount terms shown on such instruments are underscored or circled in red to invite the attention of all concerned to the possible priority status of the instrument and allied documents. For fiscal aspects of cash discounts, see AR 35–6200.

§ 811.1181 *Contingent fees.* In connection with purchases and subcontracting by cost-plus-a-fixed-fee contractors, the vendor or subcontractor involved should not be permitted to pay third-party intermediaries a commission, percentage, brokerage, or contingent fee based upon the amount of the order or subcontract where the services performed by such intermediaries are merely the obtaining of the order of, if additional services are in fact performed by such intermediaries, the fees are disproportionate. To accomplish the foregoing it is essential that the attention of contracting officers be directed to the necessity of taking effective administrative measures so as to bring such practices to light with a view to their elimination. In some cases the prime contractor may be directed to require the disclosure by the vendor or subcontractor, as a condition to award, of any contingent or broker's fee or commission which may be included in the price quoted by such vendor or subcontractor.

In many cases third-party intermediaries and others in similar categories are capable of and do perform valuable services in connection with the purchasing and subcontracting, for which they are entitled to a return. In such cases it is not the purpose to limit the opportunities to obtain increased production by prohibiting altogether the use of such intermediaries by vendors and subcontractors. The purpose to be accomplished, however, is to prevent the abuses inherent in the inclusion in the purchase price or subcontract price of a commission, percentage, brokerage, or contingent fee in an amount not related to the services performed and the payment of such fees where the only service performed is the obtaining of the order for the vendor or subcontractor.

§ 811.1182 *Track-scaling of loaded railroad cars.* Provisions should not be inserted in construction or supply contracts in which payment for the materials or supplies is based on "railroad weights." The result of inserting such a provision is frequently to require railroads to incur unnecessary delay and expense in arriving at such weights, sometimes necessitating back-hauling for track-scaling. The railroads through territorial weighing bureaus enter into agreements with many of their shippers under which the railroads accept the invoice-weight of the shipper subject to periodical checks and test weights. This avoids the necessity for track-scaling the car. All reference to "railroad weights" will be omitted from requests for quotations or estimates and from the resulting contracts or orders for all materials and supplies including coal. Particular care should be taken to insure that the words "railroad weights" do not appear in the Schedule of Supplies (Schedule A) of future contracts or in any "Instructions to Bidders" or Purchase Conditions. In lieu of the words "railroad weights", there will be inserted the words "weights acceptable to railroad for freight charge purposes." Outstanding construction and supply contracts containing the words "railroad weights" should be amended to change those words to the wording indicated above. Reference is made to AR 55–150 for the terms of the War Department Traffic Weight Agreement entered into by the War Department with representatives of certain carriers.

§ 811.1182a *Ordering of less than full carloads to be avoided.* In view of the shortage of transportation facilities, it is apparent that it is wasteful to have a railroad car move with less than a full load. Therefore, unless other factors make such action unwise, supplies should be ordered in amounts equal to one or more full carloads; and the practice of ordering amounts that will result in the loading of a portion of a railroad car should be avoided.

§ 811.1182b *Notice of shipment by contractors.* (a) It is important that proper notices of shipment be dispatched by contractors to consignee establishments (especially in the case of shipments destined for ports of embarkation) and, in certain cases, also to other persons, or installations. The "Notice of Shipments" article (§ 803.328) to be inserted in supply contracts requires a notice of shipment to be sent to whomever the contracting officer may designate, and in the form, by the means, and on the occasions required by him.

(b) The main sources of instructions concerning notices of shipment are paragraph 7 of AR 55–105, as amended, paragraph 33 of TM 38–415 and section V, Circular No. 379, War Department, 1944 (the latter two references relate to shipments to ports of embarkation). Other general and special instructions on the subject of notices of shipment are also issued from time to time by certain of the technical services. The chiefs of the technical services will bring to the attention of all contracting officers the requirements of the pertinent publications and instructions referred to above, and will implement them with such supplementary instructions as they deem advisable.

(c) Contracting officers should be fully informed concerning the notices of shipment to be required so that they may issue proper instructions to contractors which will avoid the sending of unnecessary notices by contractors and last-minute requests by contractors for instructions. For instance, since the contractor will not ordinarily be required to dispatch a notice in the case of shipments of less than one carload (or equivalent), proper instructions should be given sufficiently in advance so that contractors making such small shipments will not be required to make unnecessary and burdensome calls upon contracting officers for directions. It is suggested that form instructions to contractors, concerning the notices of shipment required to be given, be prepared and furnished by contracting officers to contractors sufficiently in advance of shipments. Where form instructions are not feasible, contractors should be instructed to notify the contracting officers at least 24 hours in advance of the scheduled delivery to a carrier, so that appropriate instructions may be given. Instructions to contractors should require that in the case of classified shipments all classified information be omitted from the notice and such general terminology substituted therefor as is permissible under security regulations, and may also require, in the case of classified shipments, that the contracting officer shall approve the exact form of notice before it is sent by the contractor. Since the types and details of notices to be sent may be subject to frequent change, it is not deemed desirable to specify in the contract article itself the details of when and by what method notices are to be sent and what information they should contain.

§ 811.1182c *Land grant deductions.* (a) Through land grant deductions (see section 65, Title 49, United States Code) and the "equalization" of such deductions by competing rail carriers and many motor carriers, the War Department is able to move a substantial portion of its freight and express traffic at rates considerably lower than corresponding commercial rates.

(b) In order that land grant deductions may legally be obtained on any shipment, the Government should be the owner thereof during the particular movement involved.

(1) Thus, in order to obtain the benefit of such deductions on deliveries by fixed price prime contractors, the contracts should be made so that the Government takes title at point of origin and pays transportation charges direct to the carrier.

(2) The provisions of cost-plus-a-fixed-fee prime contracts are generally adequate to insure that title to deliveries made thereunder may be taken in the name of the Government at origin. CPFF prime contracts also generally contain provisions under which title to materials and supplies shipped by subcontractors and suppliers to the prime contractor may be taken in the name of the Government at origin. See W.D. Contract Form No. 3, § 813.1303, Art. II, paragraph 3. Many CPFF prime contracts also contain provisions directing or authorizing the inclusion in CPFF subcontracts thereunder of provisions by which title to materials and supplies shipped to such subcontractors may be taken in the name of the Government at origin. See § 803.365–4. Care should be taken that CPFF prime contracts and CPFF subcontracts thereunder contain adequate contractual provisions on these points, and that where a right exists to take title in the name of the Government at origin, such right is exercised in appropriate cases.

(c) In cases where the benefits of land grant deductions are to be obtained, normally Government bills of lading should be furnished to the shippers. In exceptional cases (see AR 55–150) shippers may be instructed to use commercial collect bills of lading, marked "To be converted to Government bill of lading at destination."

(d) Attention is invited to the fact that an F.O.B. origin shipment is consistent with a right to inspect and reject at destination, if such right is reserved by proper contract language. See § 813.1301, Art. 4.

(e) It is the general policy of the War Department to take advantage of land grant deductions. However, since this policy rests upon the definite savings to be obtained, it is not necessary to seek land grant deductions where savings will not be realized, for example, where the difference between origin and destination prices is equal to or less than the freight charges which would be payable by the War Department, and in such cases delivery to destination within the United States at contractor's expense is permissible. Further, obtaining land grant deductions is not required where the administrative or other difficulties involved will definitely, demonstrably and materially interfere with or delay procurement.

(f) The Transportation Corps, ASF, is charged with the responsibility for transportation of War Department property and functions as in substance the "traffic department" of the War Department. When doubt arises as to the desirability or economy from a traffic standpoint of an F. O. B. origin versus F. O. B. destination basis, the matter should be referred to the Traffic Control Division, Office of the Chief of Transportation, for advice.

§ 811.1183 *Procurement of spare parts.* Certain restrictions and procedures have been prescribed with respect to the procurement of spare parts. Such restrictions and procedures are set forth in Circular No. 434, War Department, 1944.

§ 811.1184 *Contracts with foreign nationals.*

§ 811.1184–1 By virtue of Executive Order No. 8389, April 10, 1940, as amended, and Treasurye Department regulations issued pursuant thereto, the award of contracts in which certain foreign countries or nationals thereof have any interest is prohibited.

§ 811.1184–2 The above prohibition does not apply to contracts with individuals, partnerships, associations, corporations, or other organizations which have been granted a general or special license by the Secretary of the Treasury.

§ 811.1184–3 Whenever a contracting officer has reason to believe that any prospective contractor is subject to the above prohibition he should inquire of the chief of the technical service concerned or the nearest Federal Reserve Bank as to the eligibility of the prospective contractor.

§ 811.1185 *Contracts with blocked nationals.*

§ 811.1185–1 The Secretary of State from time to time publishes lists of persons and organizations deemed to be acting directly or indirectly for the benefit of the enemy. Copies of these lists will be made available to the chiefs of the technical services.

§ 811.1185–2 No contract will be knowingly awarded to any person or organization so listed.

CROSS REFERENCE: For tabulation of Proclaimed Lists of Blocked Nationals filed with the Division of the Federal Register, see Chapter III of Title 22.

§ 811.1186 *Limitation on purchase of arms, ammunition and implements of war.*

§ 811.1186–1 No purchase of arms, ammunition, or implements of war shall be made on behalf of the United States by any officer, executive department, or independent establishment of the Government from any person who shall have failed to register under the provisions of subsection 12 (g) of Public Resolution of November 4, 1939 (Pub. Res. No. 54—76th Cong., 54 Stat. 10; 22 U. S. C. 452; M. L. 1939, sec. 2207a–12).

§ 811.1186–2 Articles which are considered arms, ammunition and implements of war will be proclaimed from time to time by the President. Chiefs of the technical services concerned will publish such information to the con-

tracting officers concerned and secure compliance with the above limitation.

§ 811.1187 *Restrictions on purchases of selected items.* The purchase of various items or classes of matériel and supplies has been restricted or prohibited due to shortages of such items or classes of equipment or of materials used in the construction thereof and for other reasons. Certain of these items or classes are mentioned below together with a reference to the War Department circulars setting forth the restrictions or prohibition. These circulars must be examined for a more detailed statement of the items and classes of matériel and supplies affected and of the nature of the restriction or prohibition.

1. Office furniture and equipment. See section IV, Circular No. 38, War Department, 1945.

2. Interoffice communication systems, sound recording equipment and public address systems. See section I, Circular No. 2, War Department, 1944.

3. Farm machinery and equipment. See section VI, Circular No. 204, War Department, 1944, as amended by section III, Circular No. 217, War Department, 1944.

4. Spare parts. See § 811.1183.

§ 811.1187a *Restrictions on local purchases.* (a) Detailed provisions respecting restrictions upon and procedures required to be followed in connection with local purchases (including local purchases from appropriated as well as unappropriated funds) are set forth in section VII, Circular 310, War Department, 1944.

(b) Reference is also made to Section IV, Circular No. 209, War Department, 1943, as amended by section I, Circular No. 361, War Department, 1944, dealing with local purchase of items of ordnance supply, such as spare parts, tools, accessories, shop equipment and supplies.

(c) It is essential that local purchases be kept to a minimum in order not to impinge on matériel and supplies intended for civilian economy. Local purchases are generally less economical, often result in an accumulation of nonstandard supplies which have limited use and tend to create excesses of standard items in depot stocks.

(d) Responsibility for controlling local purchases is a continuing command function in all echelons and at all installations. It shall be exercised vigorously and systematically.

§ 811.1188 *Advertising.*

§ 811.1188–1 *Basic statutes.* (a) No advertisement, notice, or proposal for any Executive Department of the Government, or for any Bureau thereof, or for any office therewith connected, shall be published in any newspaper whatever, except in pursuance of a written authority for such publication from the head of such Department; and no bill for any such advertising, or publication, shall be paid, unless there be presented, with such bill, a copy of such written authority. (R. S. 3828; 44 U.S.C. 324; M. L., 1939, sec. 1772)

(b) Hereafter all advertisements, notices, proposals for contracts, and all forms of advertising required by law for the several departments of the Government may be paid for at a price not to exceed the commercial rates charged to private individuals, with the usual discounts; such rates to be ascertained from sworn statements to be furnished by the proprietors or publishers of the newspapers proposing so to advertise: *Provided*, That all advertising in newspapers since the tenth day of April, eighteen hundred and seventy-seven, shall be audited and paid at like rates; but the heads of the several departments may secure lower terms at special rates whenever the public interest requires it. Act June 20, 1878 (20 Stat. 216; 44 U.S.C. 322; M. L., 1939, sec. 1770).

(c) First War Powers Act: The Judge Advocate General, in an opinion dated August 4, 1943 (SPJGC 1943/10580) has expressed the view "that compliance with the provisions of section 3828 of the Revised Statutes would limit and restrict the freedom of action granted by the First War Powers Act, 1941, to facilitate the prosecution of the war, and that the operation of such statute to the extent that it limits the broad authority granted by the First War Powers Act, 1941, is suspended thereby."

§ 811.1188–2 *Delegation of authority.* (a) The responsibility for authorizing advertising has been assigned by the Secretary of War to the Under Secretary of War (see § 801.107–3). Pursuant to section V, Circular 181, War Department, June 10, 1942, this responsibility was further delegated "subject to the direction of the Under Secretary of War, to the Commanding General, Army Air Forces, so far as [it relates] to supplies or equipment peculiar to the Army Air Forces; and subject to the same direction, so far as [it relates] to all other supplies and equipment, to the Commanding General, Services of Supply, or to such person or persons as they may designate." The authority so delegated is hereby further delegated to the chiefs of the technical services.

(b) The responsibility for authorizing advertising through the medium of newspapers or otherwise, which is delegated to the chiefs of the technical services by paragraph (a), is not to be confused with the responsibility for authorizing the placing of contracts by formal advertising rather than by negotiation. This latter responsibility is vested in the Director, Purchases Division, Headquarters, Army Service Forces (see § 802.240–2).

§ 811.1188–3 *Ratification.* Prior to the promulgation on September 3, 1943, of § 811.1188–2, the chiefs of the technical services had not expressly been delegated authority to authorize advertising. The Judge Advocate General, however, in the opinion referred to in § 811.1188–1 expressed the view that the delegations set forth in § 801.107–6 gave the Director, Purchases Division, Headquarters, Army Service Forces authority to approve advertising; and that the action of the chiefs of the technical services in authorizing advertising may "be ratified by the Director of the Purchases Division, if it is determined that such action facilitated the prosecution of the war". Accordingly, if any advertising was done subsequent to June 29, 1942, and prior to September 3, 1943, without approval of the Director, Purchases Division, Headquarters, Army Service Forces (or some higher authority) a request may be made to said Director that such advertising be ratified; the request should be accompanied by a full statement of the facts and a determination by the chief of the technical service that such advertising facilitated the prosecution of the war. Advertising done on or subsequent to September 3, 1943, may be authorized or ratified by the Chiefs of the technical services, without the necessity of submission to the Director, Purchases Division, Headquarters, Army Service Forces.

§ 811.1189 *Certificate required in procurement with respect to motor-propelled passenger-carrying vehicles.* All procuring instruments covering the purchase of supplies, equipment, spare parts, accessories or services, for use in the operation, maintenance, or repair of motor-propelled passenger-carrying vehicles will bear the following certificate:

None of the supplies or services covered by this instrument are to be used in violation of the legal restrictions quoted in Circular No. 340, War Department, 1944.

[Procurement Reg. 12]

PART 812—RENEGOTIATION AND PRICE ADJUSTMENT

Sec.

812.1200 Scope of part.

SUBPART A—STATUTORY RENEGOTIATION

812.1201 Definitions; scope of subpart.

Renegotiation Statute and Exemptions

812.1202 Statutory provisions.
812.1203 Effect of 1943 Act.
812.1204 Mandatory exemptions from statutory renegotiation.
812.1205 Discretionary power to exempt certain contracts and subcontracts.

Contract Articles for Renegotiation

812.1207 Articles authorized.
812.1208 Use of articles.
812.1209 Optional provisions in subcontracts.
812.1210 Use of other articles.

Statutory Renegotiation; Policy and Procedure

812.1213 Administration of statutory renegotiation.
812.1214 Effect of statutory renegotiation on price adjustments by contracting officers.

SUBPART E—PRICE ADJUSTMENTS WITHOUT CONTRACT PROVISIONS

812.1250 Scope of subpart.
812.1251 Amendments with consideration.
812.1252 Amendments without consideration.

SUBPART H—AUDITS AND INSPECTIONS UNDER TITLE XIII OF THE SECOND WAR POWERS ACT

812.1260 Basic statute.
812.1261 Executive order.
812.1262 Delegations of authority under Title XIII of the Second War Powers Act, 1942.
812.1263 Preliminary steps before audit or subpena.

SUBPART I—MANDATORY PRICING AND REPRICING OF ARTICLES AND SERVICES

Sec.

812.1270 Statutory basis for mandatory pricing and repricing.
812.1271 Delegations of authority.
812.1272 Definitions.
812.1273 Scope of statute.
812.1274 General application of the statute.
812.1275 Voluntary negotiations with respect to prices deemed to be unfair or unreasonable.
812.1276 Mandatorily requiring negotiation.
812.1277 Agreements resulting from voluntary or mandatory negotiation.
812.1278 Issuance of order fixing fair and reasonable price.
812.1279 Notification of technical services of service of order.
812.1280 Preservation of data upon which orders are based.
812.1281 Method of service.
812.1282 Form of requirement to negotiate fair and reasonable prices.
812.1283 Form of order fixing fair and reasonable price.

APPENDIX

812.1289 Reference to Renegotiation regulations.
812.1290 Rulings of War Contracts Price Adjustment Board relating to exclusions or mandatory exemptions from statutory renegotiation.
812.1291 Rulings of War Contracts Price Adjustment Board relating to discretionary exemptions from statutory renegotiation.
812.1292 Determination by the Quartermaster General of perishable commodities.

§ 812.1200 *Scope of part.*

§ 812.1200–1 *General.* This part deals with policies, procedures and contract provisions relating to the adjustment of prices under War Department contracts and subcontracts thereunder pursuant to the Renegotiation Act of 1943 (Subpart A), price adjustments without contract provisions and relief under the First War Powers Act (Subpart E), audits and inspections under Title XIII of the Second War Powers Act (Subpart H) and Title VIII of the Revenue Act of 1943 (Subpart I). The material relating to the use and administration of price revision contract articles, which formerly appeared in Subparts B, C and D, has been revised and now appears in Subpart H of Part 803 of this chapter.

§ 812.1200–2 *Regulations rescinded.* Temporary Procurement Regulations 10–T and 17–T, issued April 30, 1942, and May 11, 1942, by Headquarters, Army Service Forces, and all directives and instructions relating to contract provisions for revision and renegotiation of contract prices, issued prior to July 1, 1942 have been rescinded (see § 801.103 of this chapter).

SUBPART A—STATUTORY RENEGOTIATION

§ 812.1201 *Definitions; scope of subpart.*

§ 812.1201–1 *Definitions.* As used in this part, the following terms have the meaning set forth below:

(a) "Renegotiation Act of 1943"; "1943 act": These terms mean section 403 of the Sixth Supplemental National Defense Appropriation Act, 1942 (Public Law 528, 77th Congress, approved April 28, 1942) as amended by section 701 of the Revenue Act of 1943 (Public Law 235, 78th Congress, enacted February 25, 1944) and as effective with respect to fiscal years ending after June 30, 1943;

(b) "Renegotiation Act of 1942"; "1942 act": These terms mean section 403 of the Sixth Supplemental National Defense Appropriation Act, 1942, as amended through July 14, 1943, and as further amended by those provisions of section 701 of the Revenue Act of 1943 which are made effective as if they had been a part of section 403 of the Sixth Supplemental National Defense Appropriation Act, 1942, as amended, on the date of its enactment. (See Public Law 235, 78th Congress, sec. 701 (d).)

(c) "Statutory renegotiation": This term means renegotiation pursuant to the provisions of the Renegotiation Act of 1943.

(d) "Department": This term means the War, Navy, and Treasury Departments, the Maritime Commission, the War Shipping Administration, the Defense Plant Corporation, Metals Reserve Company, Defense Supplies Corporaton and Rubber Reserve Company.

(e) "Secretary": This term means the Secretary of the War, Navy, and Treasury Departments, the Chairman of the Maritime Commission, the Administrator of the War Shipping Administration, and the Boards of Directors of the Defense Plant Corporation, Metals Reserve Company, Defense Supplies Corporation and Rubber Reserve Company.

(f) "War Contracts Board": This term means the War Contracts Price Adjustment Board established by the Renegotiation Act of 1943.

§ 812.1201–2 *Scope of subpart.* This subpart A discusses the various aspects of statutory renegotiation. Sections 812.1202 to 812.1205–9 deal with the provisions of the Renegotiation Act of 1943 (§ 812.1201–1 (a)) and the exemptions and exclusions therefrom. Sections 812.1207 to 812.1210 discuss the contract articles for statutory renegotiation and their use. Sections 812.1213 and 812.1214–5 deal generally with the policies and procedures governing statutory renegotiation. Renegotiation pursuant to the Renegotiation Act of 1942 (§ 812.1201–1 (b) is not discussed herein. For the text of the 1942 act and the procedures, policies and interpretations thereunder, reference is made to the Joint Renegotiation Manual and the Army Renegotiation Manual, Part I, which are applicable to fiscal years ending before June 30, 1943.

Renegotiation Statute and Exemptions

§ 812.1202 *Statutory provisions.*

§ 812.1202–1 *Renegotiation Act of 1943.* For the complete text of the 1943 act, reference is made to the renegotiation regulations issued by the War Contracts Board.

§ 812.1202–2 *Section 3806 of the Internal Revenue Code.* Section 3806 of the Internal Revenue Code referred to in subsection (c) (2) of the 1943 act provides that the amount of federal income and excess profits taxes paid or payable with respect to any excessive profits must be credited against the amount of such profits in computing the amount to be refunded by the contractor or subcontractor, or otherwise recovered.

§ 812.1203 *Effect of 1943 act.*

§ 812.1203–1 *Coverage.* (a) The 1943 act applies to all contracts made by the Departments and subcontracts thereunder, with the exceptions stated under §§ 812.1203–4, 812.1204 and 812.1205. With those exceptions the 1943 act directs the War Contracts Board to renegotiate with every contractor with a Department, and every subcontractor under a contract with a Department, whenever in its opinion the profits received or accrued under such contracts or subcontracts may reflect excessive profits, whether or not the contract or subcontract contains a renegotiation article (subsection (c) (1)).

(b) Subcontracts as defined in the 1943 act include purchase orders or agreements to perform all or any part of the work, or to make or furnish any article, material, part, assembly, machinery, equipment or other personal property (except office supplies), required for the performance of another contract or subcontract, and any agreements to procure such contracts or subcontracts. Such subcontracts are not limited to those made by the prime contractor but include those made by subcontractors and lower tiers of subcontractors unless specifically exempt (subsection (a) (5)).

§ 812.1203–2 *Contract articles.* With certain exceptions discussed under §§ 812.1204 and 812.1205, the 1943 act requires that each prime contract over $100,000 contain a contract article dealing with renegotiation. (See §§ 812.1207 et seq., 803.342–1, 803.342–2, and 803.342–3. As stated in § 812.1203–1, contracts or subcontracts which do not include a renegotiation article are nevertheless subject to the 1943 act unless such contracts or subcontracts are expressly excluded.

§ 812.1203–3 *Administration of renegotiation.* In connection with the provisions of the 1943 act relating to its administration and the application of such provisions, reference is made to the renegotiation regulations to be issued by the War Contracts Board and the supplementary instructions issued thereunder.

§ 812.1203–4 *Exclusions.* (a) The 1943 act is inapplicable to any contract or subcontract on which final payment was made before April 28, 1942.

(b) The 1943 act is inapplicable if the aggregate amount received or accrued by the contractor or subcontractor and all persons under the control of or controlling or under common control with it under contracts with the Departments and subcontracts thereunder during its fiscal year ending after June 30, 1943, will not exceed $25,000 from subcontracts for procuring contracts or subcontracts or $500,000 from all other contracts with the Departments or subcontracts thereunder.

(c) Certain contracts or subcontracts are exempt or may be exempted from the provisions of the 1943 act under subsec-

tion (i) of such act. These exemptions are discussed in §§ 812.1204 and 812.1205.

§ 812.1203–5 *Expiration of the act.* Subsection (h) of the 1943 act provides that it shall apply only to profits from contracts and subcontracts which are attributable to performance prior to the "termination date" of the act. Reference is made to subsection (h) of the 1943 act and to the renegotiation regulations issued by the War Contracts Board for the definition of "termination date" and the determination of the profits which are deemed attributable to performance prior to such date.

§ 812.1204 *Mandatory exemptions from statutory renegotiation.* In addition to the treatment of such mandatory exemptions in this section et seq., reference is made to § 812.1290, concerning rulings of War Contracts Board relating to exclusions or mandatory exemptions from statutory renegotiation. This matter is treated at length in the Renegotiation Regulations issued by the War Contracts Board.

§ 812.1204–1 *Contracts with governmental agencies.* (a) In this section the term "other Government Agency" includes (1) any department, bureau, agency or governmental corporation of the United States, (2) any territory, possession or state or any agency thereof, and (3) any foreign government or any agency thereof.

(b) The 1943 act does not apply to (1) any contract between a Department and any other Government agency; (2) any contract between a contractor with a Department or a subcontractor thereunder, and any other Government agency; (3) any contract made by the other Government agency in connection with a contract with one of the Departments, or one of their contractors, or subcontractors, unless the other Government agency is acting merely as an agent for the Department concerned (subsection (i) (1) (A) of the 1943 act).

(c) Accordingly, no article for statutory renegotiation under the 1943 act will be included in any such contract or subcontract.

(d) With respect to contracts with War Supplies Limited, see § 805.509–8.

(e) See § 812.1290–1 for ruling by the War Contracts Board relating to the governmental agency exemption.

§ 812.1204–2 *Contracts and subcontracts for products of natural deposits and timber.* (a) By subsection (i) (1) (B), the 1943 act does not apply to

(B) any contract or subcontract for the product of a mine, oil or gas well, or other mineral or natural deposit, or timber, which has not been processed, refined, or treated beyond the first form or state suitable for industrial use.

(b) Contracts hereafter made with the War Department solely for the product of a mine, oil or gas well, or other mineral or natural deposit or timber, should include the standard renegotiation article, if otherwise required, unless it is clear that the product is exempt under this subsection. If the application of this exemption is uncertain, the following provision may be added at the end of the article:

If any regulation issued pursuant to subsection (i) (2) of the Renegotiation Act interprets and applies subsection (i) (1) (B) to exempt from the provisions of said Act, contracts for any product or products covered by this contract, then the contract price for such product or products, if separately stated herein, shall not be subject to renegotiation under this article.

(c) See § 812.1290–2 for ruling by the War Contracts Board relating to the raw material exemption.

§ 812.1204–3 *Contracts and subcontracts for agricultural commodities.* (a) By subsection (i) (1) (C), the 1943 Act does not apply to

(C) any contract or subcontract for an agricultural commodity in its raw or natural state, or if the commodity is not customarily sold or has not an established market in its raw or natural state, in the first form or state, beyond the raw or natural state, in which it is customarily sold or in which it has an established market. The term "agricultural commodity" as used herein shall include but shall not be limited to—

(i) commodities resulting from the cultivation of the soil such as grains of all kinds, fruits, nuts, vegetables, hay, straw, cotton, tobacco, sugar cane, and sugar beets;

(ii) natural resins, saps and gums of trees;

(iii) animals such as cattle, hogs, poultry, and sheep, fish and other marine life, and the produce of live animals, such as wool, eggs, milk and cream.

(b) Contracts hereafter made with the War Department solely for an agricultural commodity should include the standard renegotiation article, if otherwise required, unless it is clear that the commodity is exempt under this subsection. If the application of this exemption is uncertain, the following provision may be added at the end of the article:

If any regulation issued pursuant to subsection (i) (2) of the Renegotiation Act interprets and applies subsection (i) (1) (C) to exempt from the provisions of said Act, contracts for any product or products covered by this contract, then the contract price for such products or products, if separately stated herein, shall not be subject to renegotiation under this article.

(c) See § 812.1290–2 for ruling by the War Contracts Board relating to the agricultural exemption.

§ 812.1204–4 *Contracts and subcontracts with certain religious, charitable and educational organizations.* (a) Subsection (i) (1) (D) provides that the 1943 act shall not apply to

(D) any contract or subcontract with an organization exempt from taxation under section 101 (6) of the Internal Revenue Code.

(b) Contracts hereafter made by the War Department with any charitable, religious or educational organization should include the standard renegotiation article, if otherwise required. If the contracting organization claims the benefit of this exemption, the following provision may be added at the end of the article:

This article shall be inapplicable if it is determined that the Contractor is exempt from the provisions of the Renegotiation Act by reason of subsection (i) (1) (D) of said Act.

§ 812.1204–5 *Construction contracts awarded as a result of competitive bidding.* (a) By subsection (i) (1) (E), the 1943 act does not apply to

(E) any contract with a Department awarded as a result of competitive bidding, for the construction of any building, structure, improvement, or facility.

(b) The War Contracts Board has issued an interpretation and application of this exemption (see § 812.1290–3).

(c) Accordingly, no renegotiation article will be inserted in any construction contract which meets the conditions of this exemption. If the application of this exemption is uncertain, the renegotiation article should be inserted in the contract although the following provision may be added:

If by regulation issued pursuant to subsection (i) (2) of the Renegotiation Act, subsection (i) (1) (E) is interpreted and applied to exempt this contract from the provisions of said Act, then the contract price stated herein shall not be subject to renegotiation under this article.

§ 812.1204–6 *Subcontracts under exempt contracts or subcontracts.* (a) Subsection (i) (1) (F) provides that the 1943 act shall not apply to

(F) any subcontract, directly or indirectly under a contract or subcontract to which this section does not apply by reason of this paragraph.

(b) Accordingly, it is not necessary to insert in a contract or subcontract which is exempt by reason of subsection (i) (1) of the 1943 act (§§ 812.1204–1 to 812.1204–5, inclusive) a provision requiring a renegotiation article to be inserted in subcontracts made thereunder.

(c) If a renegotiation article is inserted in a contract or subcontract and the application of subsection (i) (1) to such contract or subcontract is uncertain, the renegotiation article, if otherwise required, should be inserted by the contractor or subcontractor in all subcontracts made by him. However, the provision set forth in § 812.1209 may be added at the end of the article.

(d) See § 812.1290–4 for ruling by the War Contracts Board relating to the exemption of subcontracts under exempt contracts or subcontracts.

§ 812.1204–7 *Subcontracts for office supplies.* The definition of "subcontract" contained in subsection (a) (5) (A) of the 1943 act specifically excludes therefrom subcontracts for office supplies. See § 812.1290–5 for ruling by the War Contracts Board relating to articles included within the term "office supplies".

§ 812.1204–8 *Interpretation and application of mandatory exemptions.* Subsection (i) (2) of the 1943 act provides that the War Contracts Board is authorized to interpret and apply the exemptions discussed in §§ 812.1204–1, 812.1204–2, 812.1204–3, 812.1204–5 and 812.1204–6 with respect to fiscal years ending after June 30, 1943.

§ 812.1205 *Discretionary power to exempt certain contracts and subcontracts.* In addition to the treatment of such discretionary exemptions in this section, et seq., reference is made to

§ 812.1291 et seq. concerning rulings of War Contracts Board relating to discretionary exemptions from statutory renegotiation. This matter is treated at length in the Renegotiation Regulations issued by the War Contracts Board.

§ 812.1205–1 *Statutory provisions.* Subsection (i) (4) of the 1943 act provides that the War Contracts Board, in its discretion, may exempt from some or all of the provisions of such Act individually or by general classes or types:

(a) Any contract or subcontract to be performed outside the United States or in Alaska;

(b) Any contracts or subcontracts, the profits from which can be determined with reasonable certainty when the contract price is established;

(c) Any contract or subcontract to the extent that the contract provisions are otherwise adequate to prevent excessive profits;

(d) Any contract or subcontract for a standard commercial article if competitive conditions with respect to the making of such contract or subcontract will reasonably protect the Government against excessive prices. The term "standard commercial article" is defined by subsection (a) (7) of the 1943 act;

(e) Any contract or subcontract if there is effective competition with respect to the contract or subcontract price;

(f) Any subcontract or group of subcontracts if it is not administratively feasible to segregate the profits attributable to the subcontract or group of subcontracts from profits on business not subject to renegotiation.

§ 812.1205–2 *Discretionary power to exempt certain contracts and subcontracts by general classes or types.* The authority to exempt by general classes or types contracts and subcontracts of the kind described in subsection (i) (4) of the 1943 Act is vested in the War Contracts Board and has not been delegated by it except for certain limited authority primarily with respect to royalties (see § 812.1205–5 (a)).

§ 812.1205–3 *Discretionary power to exempt certain individual contracts or subcontracts.* (a) The Director, Purchases Division, Headquarters, Army Service Forces, may exempt from statutory renegotiation any individual contract or subcontract of the types specified in § 812.1205–1 in connection with the placement of such contract or subcontract or any amendment or revision thereof. Such authority of the Director, Purchases Division, relates to contracts entered into pursuant to the authority of the Secretary of War or the War Department and subcontracts under any such contracts (including in the case of the 1943 Act subcontracts under any such contracts which are also subcontracts under contracts with other Departments).

(b) The chief of a technical service may exempt any such individual contract or subcontract from statutory renegotiation only where express authority to do so is granted (1) by the provisions of the regulations in this chapter. (See e. g. §§ 812.1205–4 (a), 812.1205–5 (b), 812.1205–6, 812.1205–7 (a), 812.1205–8), or (2) by special delegation from the Director, Purchases Division, Headquarters, Army Service Forces.

(c) When an individual contract is to be exempted from renegotiation pursuant (1) to paragraphs (a) and (b) above or other provisions of regulations, in this chapter or (2) to any special delegation of authority, the renegotiation article (Form II) described in § 803.342–2 will be used in the contract so exempted, unless all subcontracts thereunder have also been so exempted. Each contract or subcontract exempted or under which any part of the performance is exempted from statutory renegotiation must contain an explicit statement to that effect and also a statement showing the extent of the exemption, by whom it was granted and the provision of the 1943 act upon which it is based, with appropriate findings of the existence of facts necessary to support the exemption.

(d) When a prime contract is exempted from renegotiation the statement in the contract as to the exemption will contain a statement whether or not and to what extent subcontracts thereunder are to be exempted from renegotiation.

(e) A written report of each exemption granted will be made to the Director, Renegotiation Division, Headquarters, Army Service Forces (through the Director, Purchases Division and the chief of the technical service) giving:

(1) The name of the contractor or subcontractor;

(2) The number and date of the contract or subcontract;

(3) The contract price;

(4) The nature of the work, supplies, or other items furnished under the contract or subcontract;

(5) Sufficiently detailed information to indicate whether the requirements of the provisions of this part pursuant to which the exemption is granted, have been complied with.

§ 812.1205–4 *Contracts and subcontracts outside of the United States.* (a) The chief of a technical service is authorized, in his discretion, to exempt from some or all of the provisions of the 1943 Act any individual contract with his technical service, or any subcontract thereunder, which is to be performed outside of the territorial limits of the continental United States, or in Alaska. This authority applies to contracts and subcontracts heretofore or hereafter made or performed and includes subcontracts under any such contracts which are also subcontracts under contracts with other Departments or technical services.

(b) Reference is made to Circular No. 330, War Department, 1944, regarding delegation of exemption authority to commanding officers outside continental United States and in Alaska.

§ 812.1205–5 *Contracts and subcontracts relating to patents or inventions.* (a) The Director, Purchases Division, Headquarters, Army Service Forces, may exempt pursuant to subsection (i) (4) of the 1943 Act from some or all of the provisions of the 1943 Act any contracts or subcontracts with respect to patents or inventions, which contracts or subcontracts are license agreements, assignments, releases of, or covenants not to sue with respect to, claims for the manufacture or use of inventions, and any contracts or subcontracts for royalties charged or chargeable directly or indirectly to the United States which royalties are the subject of a royalty adjustment contract either pursuant to Public Law 768, 77th Congress, Chapter 634—2d Session, or otherwise: *Provided, however,* That each exemption made under paragraph which relates to general classes or types of contracts or subcontracts shall be limited to the contracts or subcontracts of specific contractors or subcontractors to whom amounts are or may be paid or payable under such contracts or subcontracts.

(b) The chief of a technical service may exempt from some or all of the provisions of the 1942 or 1943 Act any individual contract received or entered into by such technical service granting to the Government or its allies a license under a patent or an invention or transferring a patent or an invention to the Government, or releasing the Government or its allies from claims for the manufacture or use of inventions, if the aggregate payments under the contract for its duration or for any stated period are either (1) a fixed amount determinable at the time of the execution of the contract, or (2) limited by contract to a maximum amount determinable at the time of the execution of the contract, and if, in his opinion, the fixed amount or maximum amount will not yield excessive profits to the contractor or subcontractor.

§ 812.1205–7 *Exemption of individual contracts and subcontracts for less than $5,000,000.* (a) A chief of a technical service may exempt from statutory renegotiation, any individual contract or subcontract for an amount of less than $5,000,000 of the types specified in § 812.1205–1. Such authority of each chief of a technical service relates to contracts entered into pursuant to the authority of the Secretary of War or the War Department and subcontracts under any such contracts (including in the case of the 1943 Act subcontracts under any such contracts which are also subcontracts under contracts with other departments). Such exemption shall be granted only in connection with the placement of such contract or subcontract, or any amendment or revision thereof. Exemption from statutory renegotiation of any contract or subcontract for $5,000,000 or more shall be granted only with the approval of the Director, Purchases Division, Headquarters, Army Service Forces. Any request for the approval of an award of a contract for $5,000,000 or more (see § 803.305–2) where it is proposed to exempt the contract from statutory renegotiation will disclose that fact.

(b) The authority conferred by paragraph (a) above will be exercised in any particular case by the chief of a technical service or by anyone to whom such authority has been redelegated only when:

(1) Articles or services the same or substantially similar to those called for in

the contract or subcontract have been produced or rendered by the contractor for a period of at least six months prior to the commencement of production or the rendering of service under the contract or subcontract;

(2) It appears to the person exercising such authority, in the light of the circumstances then known to him, that the total costs of performance to be exempted under the contract or subcontract can be estimated with reasonable accuracy at the time the contract price therefor is established;

(3) A price analysis has been made and the contract or subcontract price, in the opinion of the person exercising such authority, is established in accordance with the principles enunciated in Army Service Manual M–601 ("Pricing in War Contracts"), if and so far as applicable, and is considered fair and reasonable in the light of prices being currently paid for comparable articles or services and other relevant circumstances;

(4) The contract contains no provision for price revision other than standard articles authorized in this chapter;

(5) If the contract contains any of the articles set forth in §§ 803.372–7 and 803.373–6 of this chapter or formerly set forth in §§ 803.341–1, 803.341–2, 803.360a (a) and 803.360–2 of this chapter, the initial period of production has been completed; and

(6) If the contract contains either of the articles set forth in § 803.375–4 (formerly § 803.342a) and § 803.376–4 of this chapter, the price is finally determined.

(c) In determining whether to grant exemption from renegotiation the person exercising such authority will normally consider the following further factors among others:

(1) Whether and to what extent contingency allowances or charges have been excluded from estimated costs in fixing the price and, so far as included in costs, have been disclosed, segregated and justified in the contractor's proposal;

(2) Whether in the light of circumstances known to the person exercising such authority, the contemplated profit margin and profit are relatively low;

(3) Whether in the light of the probable term of the contract the whole period of performance can properly be exempted from statutory renegotiation; and

(4) Whether, if the contractor's costs are an important factor in price analysis in the particular case, the contractor's cost accounting system is based upon sound and accepted accounting principles consistently applied.

(d) If the contract involves a period of performance of over six months, the person exercising authority to exempt should consider whether some approved price revision provision (e. g. the article set out in §§ 803.372–5 or 803.373–5) should not be included in the contract and the exemption limited in length appropriately.

(e) Each proposed exemption should ordinarily be discussed informally with the Price Adjustment Section of the procurement office which is placing the contract.

(f) Where a contract contains a periodic pricing article (see §§ 803.372–5, 303.372–6 and 803.372–7) or an article like those set forth in §§ 803.373–5 and 803.373–6, exemption from renegotiation should not be granted with respect to the entire contract but only until the next succeeding price revision. At the conclusion of the first pricing period under the articles set forth in §§ 803.372–7 and 803.373–6, exemption from renegotiation for the initial pricing period may be granted retroactively at the time of the amendment of the contract to fix the price for the next succeeding period, if such exemption from renegotiation is warranted in accordance with this chapter.

§ 812.1205–8 *Exemptions of individual contracts within stated classifications where profits can be determined with reasonable certainty when the contract price is established.* (a) In connection with the placement, revision or amendment of any contract or subcontract falling within a classification set forth below, the chief of each technical service is authorized to exempt from statutory renegotiation (pursuant to section (i) (4) of the 1943 act) any individual contract falling within such classification or the subcontracts thereunder or any individual subcontract falling within such classifications:

(1) *Foods:* contracts and subcontracts for such types of foods as the Quartermaster General may from time to time determine to be perishable (see § 812.-1292).

(2) *Clothing and equipage:* contracts and subcontracts for clothing and equipage, including footwear.

(3) *Textiles or textile products.* Contracts and subcontracts for textiles or textile products.

Such authority of each chief of a technical service relates to contracts entered into pursuant to the authority of the Secretary of War or the War Department and subcontracts under any such contracts (including in the case of the 1943 Act subcontracts under any such contracts which are also subcontracts under contracts with other departments).

(b) The authority conferred by paragraph (a) will be used only where the person exercising such authority is of the opinion in the individual case, in the light of circumstances then known to him:

(1) That the profits to be derived from any such contract or subcontract can be determined with reasonable certainty when the contract price is established;

(2) That negotiations fixing the price under any contract or subcontract to be exempted have taken place or will take place in general consistently with the pricing principles set forth in Army Service Manual M–601, (if and so far as applicable); and

(3) That the price set or to be set is fair and reasonable.

(c) Attention is directed to the fact that this section does not authorize the chief of any technical service to exempt all contracts of the types listed herein as a class or by groups. It merely authorizes the exemption of individual contracts and the subcontracts thereunder or individual subcontracts falling within the above mentioned classifications. The provisions of the memorandum formerly quoted in § 812.1204–8 (as amended November 12, 1943) are no longer in effect.

§ 812.1205–9 *Redelegation of authority to exempt individual contracts and subcontracts from renegotiation.* (a) The Director, Purchases Division, Headquarters, Army Service Forces, may delegate and authorize successive redelegations of the authority conferred upon him by §§ 812.1205–3 (a) and 812.1205–5 (a).

(b) The chief of a technical service may delegate and authorize successive redelegations of the authority conferred upon him by §§ 812.1205–3 (b), 812.1205–4 (a), 812.1205–5 (b), 812.1205–7 (a), and 812.1205–8.

Contract Articles for Renegotiation

§ 812.1207 *Articles authorized.* Standard forms of contract articles approved for use in accordance with this part are set forth in § 803.342–1 (Form I), § 803.342–2 (Form II), § 803.342–3 (Form III) of this chapter. Except as expressly authorized in this part or subsequent instructions, deviations from the standard articles will not be used.

§ 812.1208 *Use of articles.* (a) Form I will be used in all fixed price or cost-plus-a-fixed-fee contracts made after March 26, 1944, involving an estimated amount of more than $100,000 unless such contract is exempt under subsection (i) (1) of the 1943 Act (§ 812.1204) or is exempted pursuant to subsection (i) (4) (§ 812.1205).

(b) If a contract involving an estimated amount of more than $100,000 and made after March 26, 1944, is exempted pursuant to subsection (i) (4) of the 1943 act (§ 812.1205), Form I will not be used and Form II will be inserted, unless all subcontracts thereunder are also exempt. If the contract is exempt under subsection (i) (1) of the 1943 act (§§ 812.1204–1 to 812.1204–5, inclusive), no renegotiation article will be inserted.

(c) Form III will be inserted (in addition to any renegotiation article contained in the original contract as amended) in each supplemental agreement (including change orders) involving an estimated amount of more than $100,000 unless such supplemental agreement is exempt, or unless the original contract as amended contains Form I or Form II. If the supplemental agreement is exempt under subsection (i) (1) of the 1943 act (§§ 812.1204–1 to 812.-1204–5, inclusive), no renegotiation article need be inserted. If the supplemental agreement has been exempted pursuant to subsection (i) (4) of the 1943 act (§ 812.1205 et seq.), Form II will be used, unless all subcontracts thereunder are also exempt, and section (c) of Form III will be added.

§ 812.1209 *Optional provisions in subcontracts.* Where a contractor with the War Department or a subcontractor under a prime contract with the War Department is required by his contract or subcontract to insert a renegotiation article in his subcontracts, and there is doubt (a) whether an agreement or order which he proposes to make or place is a subcontract under the Renegotiation Act, or (b) whether it is exempt from renegotiation under subsection (i) of the Renegotiation Act, he should insert the prescribed renegotiation article in the agreement or order, but may add the following additional provision at the end of the article:

This article shall apply to this contract only if it is a "subcontract" subject to renegotiation under the Renegotiation Act.

§ 812.1210 *Use of other articles.* Statutory renegotiation under the contract articles discussed in this section is for the purpose of eliminating excessive profits and is handled by the War Contracts Price Adjustment Board, the War Department Price Adjustment Board and Price Adjustments Sections. As authorized by the 1943 act, it is conducted on an over-all basis for the contractor's fiscal year rather than by individual contracts, although the Board may renegotiate by individual contracts at the request of the contractor or subcontractor. Various other articles discussed in Subpart H of Part 803 of this chapter, designed to provide for revision of the price of the specific contract to meet various types of conditions, may be used in addition to the contract articles for statutory renegotiation.

Statutory Renegotiation; Policy and Procedure

§ 812.1213 *Administration of statutory renegotiation.*

§ 812.1213–1 *Agencies responsible.* Statutory renegotiation under the 1942 and 1943 acts, and under contract provisions inserted pursuant to such acts, is conducted by the War Contracts Board, Price Adjustment Boards or Price Adjustment Sections and not by contracting officers.

§ 812.1213–2 *Procedure and principles.* The procedure and principles to be followed in renegotiation pursuant to the 1943 act, pertaining to fiscal years ending after June 30, 1943, are prescribed by the War Contracts Board and the Chairman, War Department Price Adjustment Board and will be published respectively as "Renegotiation Regulations" and "Army Renegotiation Manual, Part II".

§ 812.1214 *Effect of statutory renegotiation on price adjustments by contracting officers.*

§ 812.1214–1 *Restrictions during and after statutory renegotiation.* While renegotiation pursuant to the 1943 Act is in progress or after it has been concluded with respect to a fiscal period of a contractor, contracting officers will not, except as contemplated in § 812.1214–4, accept or seek price reductions or refunds in lieu thereof, which will affect the sales or earnings of the contractor for such fiscal period without the prior consent of the Price Adjustment Board or Section which is conducting or has conducted such statutory renegotiation.

§ 812.1214–2 *Inquiry by contracting officers regarding statutory renegotiation.* Before accepting price reductions or refunds in lieu thereof and before initiating or continuing negotiations seeking reductions or refunds from a contractor, and at reasonable intervals during the continuance of such negotiations, contracting officers will make inquiry of the contractor of the Price Adjustment Board or Section to whom the contractor is assigned for statutory renegotiation to determine whether such renegotiation is in progress or has been concluded with respect to the fiscal period of the contractor which will be affected by the reductions or refunds proposed.

§ 812.1214–3 *When statutory renegotiation is in progress.* Statutory renegotiation shall be deemed to be in progress for a fiscal period of a contractor upon the mailing of the notice of time and place of a conference to be held with respect thereto as required by subsection (c) (1) of the 1943 act.

§ 812.1214–4 *Price adjustments not restricted.* Nothing herein contained shall preclude a contracting officer from at any time:

(a) Proposing and arranging adjustments in prices or fees in individual contracts containing express provision for revision, redetermination or renegotiation of prices or fees, other than a provision for statutory renegotiation, or

(b) Making price adjustments to compensate for changes made by the Government in specifications, design, quantities to be delivered, delivery schedules, or similar matters, or

(c) Accepting the benefit of the price reductions resulting from maximum price regulations of the Office of Price Administration or orders of other Government price fixing agencies, or

(d) Negotiating with respect to the prices to be included in new contracts in connection with the making thereof, or

(e) Proposing and arranging price reductions or refunds in lieu thereof which will not affect the sales or earnings of the contractor for any fiscal period for which statutory renegotiation is in progress or has been previously concluded.

§ 812.1214–5 *Provision in supplemental agreements making price adjustment.* The contract price as revised, renegotiated or redetermined by the contracting officer or as voluntarily reduced will still be subject to statutory renegotiation under the 1943 Act and any contract article pursuant thereto. Unless the revised, renegotiated or redetermined price is expressly exempted from statutory renegotiation pursuant to § 812.1205 through § 812.1205–9, the supplemental agreement or other instrument affecting the adjustment in price or fixed-fee will therefore include a provision substantially as follows:

The adjustment hereby made in the contract price is without prejudice to the determination of any excessive profits of the contractor upon subsequent renegotiation under the Renegotiation Act, or any contract article inserted pursuant to that act.

SUBPART E—PRICE ADJUSTMENTS WITHOUT CONTRACT PROVISIONS

§ 812.1250 *Scope of subpart.*

§ 812.1250–1 *Amendment of contract term.* As is emphasized in Parts 802 and 803 of this chapter, war conditions frequently require adjustment of contract terms to prevent unfairness to the contractor or the Government. While the provisions discussed in Subpart H of Part 803 of this chapter are sufficiently flexible to meet many kinds of changes, they do not cover all contingencies, and many contracts do not contain these provisions. Accordingly, contracts must often be amended to adapt them to new or unexpected developments.

§ 812.1250–2 *Sources of amendments of contract terms.* Such amendments arise from two main sources: (a) Changes in the procurement program arising from changes in war equipment or in the relative needs for various types of equipment or from other causes; (b) unexpected difficulties by the contractor in performing the contract. This section deals with policies and methods governing both classes of amendment.

§ 812.1251 *Amendments with consideration.*

§ 812.1251–1 *Price adjustment upward.* The chief of a technical service may amend contracts to increase or modify the price or other contract terms in order to adjust contracts to new conditions:

(a) Whenever the amendment changes the contract specifications, delivery schedules, conditions of manufacture or similar contract terms.

(b) Whenever the amendment restricts or modifies the right of the contractor to perform the contract as he sees fit or on the basis most advantageous to him. Examples are cases where a contractor, who is not bound to do so by his existing contract, agrees to use particular methods of manufacture, substitute materials, specified or costlier sources of supply or subcontractors, or other specified methods or devices to conform with Government policy. (See, for example, § 802.225–6).

(c) Wherever the amendment modifies the volume or rate of production so as to affect adversely the contractor's costs (see, for example, § 803.307).

(d) In any other case where the amendment is to the advantage of the Government and is based on legal consideration.

The chief of the technical service may make any such amendments in accordance with § 803.306–3 and following without the approval of higher authority, except as expressly required in those sections.

§ 812.1251–2 *Price adjustment downward.* Not all such amendments will require an increase in the price and some will justify a reduction in the price. For example, where the contract is amended to increase production or the rate of production under the contract, the costs of production may be reduced. Inasmuch as many of the fixed expenses have been provided for by the original volume, they

should not be charged at all or to the same extent against the increased or accelerated production, and this saving will often more than offset any added costs involved in the increased volume or accelerated rate of production. Accordingly, the effects of any increase, speed-up or other change should be carefully analyzed in each case in order to obtain the proper adjustment.

§ 812.1252 *Amendments without consideration.*

§ 812.1252–1 *Authority.* Under the First War Powers Act, 1941 and Executive Order No. 9001 the War Department has power to amend and modify contracts without consideration whenever such amendments will facilitate the prosecution of the war. (See § 802.204, and Opinion of The Attorney General dated August 29, 1942). The following paragraphs do not delegate to the technical services any authority to make amendments without consideration. Such amendments will be made only in accordance with §§ 803.306–4, 803.308a and 803.308b or express authority conferred by other provisions of this chapter (such as § 803.380).

§ 812.1252–2 *General policy.* The general policy is to amend contracts to meet changed conditions whenever such action will facilitate the prosecution of the war. A liberal policy of granting amendments in appropriate cases will (a) assist in obtaining close prices and reasonable cost estimates without excessive allowances in the price for contingencies against unforeseen risks, and (b) insure maximum cooperation and production by assuring contractors of fair treatment. By this policy it is believed that the costs of War Department procurement as a whole will be materially reduced and that the efficiency of production will be substantially increased. The general principles for carrying out this policy are stated in the following sections.

§ 812.1252–3 *Basic principle.* Any amendment without consideration under authority of the First War Powers Act must be based upon a finding that such action will facilitate the prosecution of the war.

Precise rules for deciding whether this finding is justified in a particular case cannot be prescribed, for in each instance the determination is a matter of sound judgment on the basis of all of the facts, but certain guides can be given as to the matters which should be considered and the type of circumstances where relief may be appropriate.

§ 812.1252–4 *Types of cases.* While it is obviously impossible to predict or classify all of the grounds upon which amendments without consideration may be appropriately made, examples of certain types or classes of cases where such relief may be proper are as follows:

(a) Where a contractor has suffered or is threatened with loss or diminished profit on a particular contract as a result of a mutual mistake or a bona fide mistake by the contractor alone as to existing fact (for example, through a clerical error or reasonable misunderstanding as to specifications), the contract price or terms should generally be corrected in accordance with the provisions of § 803.308b of this chapter.

(b) Where a contractor suffers a loss or a diminished profit on a particular contract as a result of Government action, the character of the Government action will generally determine whether any adjustment will be made and its extent.

(1) Where the governmental action is directed primarily at the contractor and is taken by the Government in its capacity as the other contracting party, the price may be equitably adjusted to compensate the contractor for the effect of the action if fairness so requires. Thus where such action by the representatives of the Government, although not creating any liability on its part, increases the cost of performance, or contributes to difficulty encountered by the contractor, considerations of fairness may make appropriate some equitable adjustment of the price or terms.

(2) Even when the action is not taken by the Government primarily in its capacity as the other contracting party, fairness may sometimes require an equitable adjustment in the contract price or other terms, depending on the nature of the action, the circumstances and the effect on the contractor.

(3) An increase granted by the Office of Price Administration in the maximum prices established by that Office for materials or component parts required for the manufacture of the articles called for by the contract will not be considered in and of itself sufficient justification for granting an adjustment in price.

(c) Where special circumstances of the war or enemy action have materially affected the conditions of performance of a contract, and the contractor in fixing his prices has not provided contingency reserves adequate to meet them, appropriate amendment or equitable adjustment of the contract may be justified.

(d) Where an actual or threatened loss on a war contract, however caused, will impair the productive capacity or efficiency of a contractor whose continued operation as an efficient source of supply is, in the judgment of the War Department, important to the war effort, the contract will generally be equitably adjusted to the extent necessary to avoid such impairment of his operations insofar as they are important to the war effort.

(e) Where substitution of new contract procedures or provisions will eliminate administrative difficulties, reduce Government costs, expedite production or auditing, aid accounting, save time and expense or simplify procurement, the contract may be so modified even though the Government in a particular instance may receive no other substantial advantage from the modification (see for example §§ 803.324 and 803.324–1).

The foregoing types of situations are enumerated as a guide to contracting officers in submitting cases for amendment without consideration. The grounds described are not mutually exclusive. In some instances several of them will exist, and action on one may be justified although the conditions on the other are not met, or the combined effect of all the grounds of relief may be such as to lead to action under the statute. Whether relief will be granted in a particular case depends, of course, on its special facts and on whether the granting of relief in that case or in that class of cases will facilitate the prosecution of the war. This enumeration is not exhaustive and other types of circumstances may meet the conditions necessary for such relief.

§ 812.1252–5 *Time of amendments.* All applications for contract adjustments under the First War Powers Act should be handled as promptly as possible after the occasion for relief arises. If action is delayed until the contractor has completed performance the relief may be ineffective, if granted, or may be denied as a matter of administrative judgment. As a general rule relief will be granted less readily in the later stages of contracts. Accordingly, whenever a request for such action is made or it appears likely that it will be made, the technical service should immediately make an investigation to obtain the necessary facts and submit the case without delay. Speedy action will often greatly increase the value of the adjustment to the contractor, and the knowledge of contractors that such relief will be granted expeditiously will aid the Government in obtaining closer pricing and achieving the other desired objectives of this policy.

§ 812.1252–6 *Preparation of cases.* In view of the special nature of the power to be exercised, the technical service will develop the facts in each case adequately and prepare a report to be submitted with any request for approval by higher authority and preserved in the records of the technical service. In general, the report should contain information of the following types, so far as relevant to the particular case, and any other pertinent facts likely to assist in considering the proposed relief:

(a) Brief description of the contract involved:

(1) Date and length of contract; items, delivery schedules, and prices.

(2) Special clauses for price adjustments; for partial or advance payments; or other special clauses.

(3) Government-owned, Emergency Plant, or Defense Plant facilities involved, and methods employed to protect any Government interest in facilities of contractor.

(b) Factors creating need for relief:

(1) Nature of item (standard, new or experimental).

(2) Previous experience of contractor with similar production.

(3) Changes in conditions or Government action affecting contractor's costs.

(4) Cost experience of the contractor under the contract, and relation to original estimates.

(5) Reserves or allowances against such contingencies included in original price.

(c) Extent of relief needed:

(1) Financial position of contractor, with supporting balance sheets and profit and loss statements.

(2) Estimates of future costs under contract.

(3) Extent of completion, and amounts paid.

(4) Other war contracts and business of contractor.

(5) Views of contractor on relief appropriate.

(6) Effect of granting relief on profits of the contractor, and comparison with prices and contracts of other contractors.

(7) Effect of refusing relief.

(d) Importance of contract or contractor to the prosecution of the war:

(1) Size of contract and need for item.

(2) Other available sources of supply in comparison with contractor.

(3) Quality of performance by contractor (rate of production, delays, rejections).

(4) Probable future orders to contractor; or other war work.

(e) A statement showing whether or not any claim relating to the case is pending before the General Accounting Office.

(f) Statement by the chief of technical service himself, or by an officer specially designated by him to review requests for relief of this type and to make recommendations thereon in his behalf, stating:

(1) The exact relief recommended.

(2) That in his opinion the granting of the relief recommended will facilitate the prosecution of the war (see §812.1252–3).

(3) The scope of the investigation of the circumstances made by the technical service.

(4) The extent of his own review of the facts.

(5) The name, address, and telephone number of the person in the War Department with detailed knowledge of the facts of the case.

§ 812.1252–7 *Approvals by Purchases Division, Headquarters.* All necessary approval by higher authority will be obtained in each instance in accordance with §§ 803.306–4, 803.308a, 803.308b and other sections of this chapter.

SUBPART H—AUDITS AND INSPECTIONS UNDER TITLE XIII OF THE SECOND WAR POWERS ACT

§ 812.1260 *Basic statute.* Title XIII of the Second War Powers Act (Public 507, 77th Congress) provides as follows:

Sec. 1301. The provisions of section 10(1) of an Act approved July 2, 1926 (44 Stat. 787; 10 U. S. C. 310(1)) (giving the Government the right to inspect the plant and audit the books of certain Contractors), shall apply to the plant, books, and records of any contractor with whom a defense contract has been placed at any time after the declaration of emergency on September 8, 1939, and before the termination of the present war: *Provided*, That, for the purpose of this title, the term "defense contract" shall mean any contract, subcontract, or order placed in furtherance of the defense or war effort: *And provided further*, That the inspection and audit authorized herein, and the determination whether a given contract is a "defense contract" as defined above, shall be made by a governmental agency or officer designated by the President, or by the Chairman of the War Production Board.

Sec. 1302. For the purpose of obtaining any information or making any inspection or audit pursuant to section 1301, any agency acting hereunder, or the Chairman of the War Production Board, as the case may be, may administer oaths and affirmations and may require by subpena or otherwise the attendance and testimony of witnesses and the production of any books or records or any other documentary or physical evidence which may be deemed relevant to the inquiry. Such attendance and testimony of witnesses and the production of such books, records, or other documentary or physical evidence may be required at any designated place from any State, Territory, or other place subject to the jurisdiction of the United States: *Provided*, That the production of a person's books, records, or other documentary evidence shall not be required at any place other than the place where such person resides or transacts business, if, prior to the return date specified in the subpena issued with respect thereto, such person furnishes such agency or the Chairman of the War Production Board, as the case may be, with a true copy of such books, records, or other documentary evidence (certified by such person under oath to be a true and correct copy) or enters into a stipulation with such agency or the Chairman of the War Production Board, as the case may be, as to the information contained in such books, records, or other documentary evidence. Witnesses shall be paid the same fees and mileage that are paid witnesses in the courts of the United States. No person shall be excused from attending and testifying or from producing any books, records, or other documentary evidence or certified copies thereof or physical evidence in obedience to any such subpena, or in any action or proceeding which may be instituted under this section, on the ground that the testimony or evidence, documentary or otherwise, required of him may tend to incriminate him or subject him to a penalty or forfeiture; but no individual shall be subject to prosecution and punishment or to any penalty or forfeiture for or on account of any transaction, matter, or thing concerning which he is compelled to testify or produce evidence, documentary or otherwise, after having claimed his privilege against self-incrimination, except that any such individual so testifying shall not be exempt from prosecution and punishment for perjury committed in so testifying. Such agency or the Chairman of the War Production Board shall not publish or disclose any information obtained under this title which such agency or the Chairman of the War Production Board deems confidential or with reference to which a request for confidential treatment is made by the person furnishing such information, unless such agency or the Chairman of the War Production Board determines that the withholding thereof is contrary to the interest of the national defense and security; and anyone violating this provision shall be guilty of a felony and upon conviction thereof shall be fined not exceeding $1,000, or be imprisoned not exceeding two years, or both.

Sec. 1303. In case of contempt by, or refusal to obey a subpena issued to, any person, any agency acting hereunder, or the Chairman of the War Production Board, as the case may be, may invoke the aid of any court of the United States within the jurisdiction of which any investigation or proceeding under this title is carried on, or where such person resides or carries on business, in requiring the attendance and testimony of witnesses and the production of books, records, or other documentary or physical evidence. And such court may issue an order requiring such person to give testimony or produce any books, records, or other documentary or physical evidence touching the matter under investigation or in question; and any failure to obey such order of the court may be punished by such court as contempt thereof. All process in any such case may be served in the judicial district whereof such person is an inhabitant or wherever he may be found. Any person who shall, without just cause, fail or refuse to attend and testify or to answer any lawful inquiry or to produce books, records, or other documentary or physical evidence, if in his power to do so, in obedience to the subpena of any agency acting hereunder, or the Chairman of the War Production Board, as the case may be, shall be guilty of a misdemeanor, and, upon conviction, shall be subject to a fine of not more than $5,000, or to imprisonment for a term of not more than one year, or both.

Sec. 1304. For purposes of this title the term "person" shall include any individual, partnership, association, business trust, corporation, or any organized group of persons, whether incorporated or not.

§ 812.1261 *Executive order.* Under date of April 10, 1942, Executive Order 9127 was issued under the basic statute. This Executive order reads as follows:

EXECUTIVE ORDER 9127

Designating the departments and agencies to inspect the plants and audit the books and records of defense contractors under Title XIII of the Second War Powers Act, 1942.

By virtue of the authority vested in me by the Constitution and laws of the United States, and particularly by Title I of the First War Powers Act, 1941, and Title XIII of the Second War Powers Act, 1942, as President of the United States and Commander in Chief of the Army and Navy of the United States, and in order to prevent the accumulation of unreasonable profits, to avoid waste of Government funds, and to implement other measures which have been undertaken to forestall price rises and inflation, it is hereby ordered as follows:

1. I hereby designate the War Production Board, the War Department, the Navy Department, the Treasury Department, the United States Maritime Commission, and the Reconstruction Finance Corporation as the governmental agencies authorized to inspect the plant and to audit the books and records, as provided by Title XIII of the said Second War Powers Act, 1942. Such inspection and audit and the determination whether a given contract is a defense contract, as defined in Title XIII of the Second War Powers Act, 1942, may be made in the case of (a) any contractor with whom a defense contract has been placed by such agency, or, in the case of the Reconstruction Finance Corporation by any corporation created or organized by it, at any time after the declaration of emergency on September 8, 1939, and before the termination of the present war, and in the case of (b) any subcontractor performing work required by any such defense contract. The Chairman of the War Production Board is authorized to issue rules and regulations and to establish policies to coordinate and govern the War Department, the Navy Department, the Treasury Department, the United States Maritime Commission, and the Reconstruction Finance Corporation in exercising the functions vested in them by this order.

2. The authority herein conferred may be exercised by the Chairman of the War Production Board, the Secretary of War, the Secretary of the Navy, the Secretary of the Treasury, the United States Maritime Commission, and the Board of Directors of the Reconstruction Finance Corporation, respectively, or in their discretion and by their direction, respectively, may be exercised also by and through any officer or officers or civilian officials of their respective departments and agencies designated by them for those purposes. The Chairman of the War Production Board, the Secretary of War, the Secretary of the Navy, the Secretary of the Treasury, the United States Maritime Commission, or the Board of Directors of the Reconstruction Finance Corporation may authorize such

officer or officers or civilian officials of their respective departments or agencies to make further delegations of such powers and authority within their respective departments and agencies.

3. In inspecting any plant engaged in producing, manufacturing, processing, constructing, altering, or repairing any defense article of a secret, confidential, or restricted nature, or which is produced, manufactured, processed, constructed, altered or repaired in accordance with or under any secret process, formula, patent, or invention, and in auditing the books and records in connection with any such defense contract, such inspection shall be regarded as secret, confidential, or restricted, as the case may be, and all reports, records, papers, documents, and writings relating to such inspection or audit shall be marked or stamped as secret, confidential, or restricted, as the case may be, and shall be handled in accordance with regulations prescribed and in force in the department or agency concerned relating to the handling of secret, confidential, or restricted matters, reports, records, papers, documents, and writings.

4. The power to administer oaths or affirmations and to issue subpoenas for the attendance of witnesses or the production of books, records, or other documentary or physical evidence deemed relevant to the inquiry, conferred by section 1302, and, through the Department of Justice, the power to invoke the aid of any court of the United States, conferred by section 1303, Title XIII, of said Second War Powers Act, may be exercised, performed, or carried out by the Chairman of the War Production Board, the Secretary of War, the Secretary of the Navy, the Secretary of the Treasury, any member of the United States Maritime Commission or the Chairman of the Board of Directors of the Reconstruction Finance Corporation, as the case may be, or by such other officer or officers or civilian officials as may be authorized, empowered or directed by any of them so to do for his respective department or agency.

5. Nothing herein shall affect or limit the authority and power conferred upon or granted to the Chairman of the War Production Board by Title XIII of said Second War Powers Act, 1942.

FRANKLIN D ROOSEVELT

APRIL 10, 1942.

§ 812.1262 *Delegations of authority under Title XIII of the Second War Powers Act, 1942.* Under date of May 2, 1944 the Secretary of War executed the following delegation of authority:

DELEGATION OF AUTHORITY UNDER TITLE XIII OF THE SECOND WAR POWERS ACT AND EXECUTIVE ORDER NO. 9127

By virtue of the authority vested in me by Title XIII of the Second War Powers Act, 1942 (Public Law No. 507, 77th Congress, approved March 27, 1942) and by Executive Order No. 9127 issued April 10, 1942, I hereby authorize and empower each of the officials designated in the attached list entitled "Group I" and authorize and empower each of the persons named in the attached list entitled "Group II" to exercise for the War Department the authority conferred upon me by Title XIII of said Act and by said Executive Order and either of them. In Group II, designation of rank is that now or formerly held and designation of service or location is that now or formerly applicable to the named individual. Such designations of rank, service or location are merely descriptive and are not in limitation of the authority hereby given to each named individual.

The memorandum for the Under Secretary of War dated 12 August 1943, on the subject "Delegation of Authority Under Title XIII of the Second War Powers Act" and all subdelegations thereunder are hereby superseded, but no action heretofore taken thereunder shall be affected.

[s] HENRY L. STIMSON,
Henry L. Stimson,
Secretary of War.

GROUP I

List of Officials Designated in Connection with Delegation of Authority by the Secretary of War Under Title XIII of the Second War Powers Act and Executive Order No. 9127.

The Commanding General, Army Air Forces.
The Commanding General, Matériel Command, Army Air Forces.
The Commanding General, Army Service Forces.
The Director, Purchases Division, Hqs. Army Service Forces.
The Chief, Chemical Warfare Service.
The Chief of Engineers.
The Chief of Ordnance.
The Quartermaster General.
The Chief Signal Officer.
The Surgeon General.
The Chief of Transportation.

Such designation of officials designates each individual now or hereafter holding any such official position.

GROUP II

Various persons are named in the list entitled "Group II" attached to the foregoing delegation of authority. In case information is desired as to the name of any person or persons contained in such Group II, this information is available from the chiefs of the technical services or the Renegotiation Division, Headquarters, Army Service Forces.

§ 812.1263 *Preliminary steps before audit or subpena.* (a) No audit is to be made without first advising the War Production Board. Communications on this subject should be addressed to Chief, Contract Review Branch, Procurement Policy Division, War Production Board, 4th and Independence Avenue, SW., Washington 25, D. C. It is the intent of this notification to prevent conflict and duplication of audit with other Departments. Approval from the War Production Board should therefore be obtained before proceeding.

(b) Before proceeding to investigate contracts under the authority of Title XIII of the Second War Powers Act, 1942, and Executive Order No. 9127, the authorized official should sign a statement as to the existence of "Defense Contracts" under such act and order.

(c) These preliminary steps are directed in the interest of orderly administration, but no failure to take such steps will invalidate action under such act and order.

SUBPART I—MANDATORY PRICING AND REPRICING OF ARTICLES AND SERVICES

§ 812.1270 *Statutory basis for mandatory pricing and repricing.* Section 801 of Title VIII of the Revenue Act of 1943 ("Repricing of War Contracts") provides as follows:

(a) As used in this section the terms "Department," "Secretary," and "article" shall have the same meanings as in subsection (a) of the Renegotiation Act. [See Revenue Act of 1943, sec. 701; see § 812.1201.]

(b) When the Secretary of a Department deems that the price of any article or service of any kind, which is required by his Department or directly or indirectly required, furnished, or offered in connection with, or as a part of, the performance or procurement of any contract with his Department or of any subcontract thereunder, is unreasonable or unfair, the Secretary may require the person furnishing or offering to furnish such article or service to negotiate to fix a fair and reasonable price therefor. If such person refuses to agree to a price for such article or service which the Secretary considers fair and reasonable, the Secretary by order may fix the price payable to such person for furnishing such article or service after the effective date of the order, whether under existing agreements or otherwise. The order may prescribe the period during which the price so fixed shall be effective and such other terms and conditions as the Secretary deems appropriate.

(c) Any person aggrieved by an order fixing a price under this section may sue the United States in any appropriate court. In such suit, such person shall be entitled to recover from the United States the amount of any difference between (1) fair and just compensation for the articles and services furnished under the terms of the order and (2) the price fixed for such articles and services by the order; but if the prices so fixed by the order are found to exceed fair and just compensation for such articles and services, such person shall be liable to the United States in such suit for the amount of this excess. Any such suit shall be brought within six months after the order by the Secretary on which it is based, or after the expiration of the period or periods specified in such order, whichever last occurs. Such a suit shall not stay the order involved.

(d) Whenever any person wilfully refuses or wilfully fails to furnish any such articles or services at the price fixed by an order of the Secretary in accordance with this section, the President shall have power to take immediate possession of the plant or plants of such person and to operate them in accordance with Section 9 of the Selective Training and Service Act of 1940 as amended.

(e) The authority and discretion herein conferred upon the Secretary of each Department may be delegated in whole or in part by him to such individuals or agencies as he may designate in his Department, or in any other Department with the consent of the Secretary of that Department, and he may authorize such individuals or agencies to make further delegations of such authority and discretion.

(f) Every purchase order or agreement, or contract to make or furnish any article or service of any kind, which is required by a Department or directly or indirectly required, furnished, or offered in connection with, or as a part of, the performance or procurement of any contract with such Department or of any subcontract thereunder, shall, if made thirty days or more after the date of the enactment of this Act, be deemed to contain a provision under which the person making or furnishing such article or service agrees that notwithstanding other provisions of the purchase order, agreement, or contract, he shall be entitled to receive for such article or service only the fair and just compensation provided for in subsection (c).

§ 812.1271 *Delegations of authority.* The Secretary of War has assigned and delegated all of the powers, functions, duties and discretion conferred upon him by section 801 to the Under Secretary of War.

§ 812.1271–1 Under date of May 17, 1944, the Under Secretary of War issued the following memoranda:

(a) Memorandum for The Commanding General, Army Service Forces.

Subject: Delegation of authority under Section 801 of the Revenue Act of 1943.

1. The Secretary of War has assigned and delegated to me all of the powers, functions, duties and discretion conferred upon him by Section 801 of the Revenue Act of 1943.

2. I hereby delegate to you with respect to the Army Service Forces and to procurement dealt with by the Army Service Forces the powers, functions, duties and discretion conferred upon the Secretary of War by Section 801 of the Revenue Act of 1943, and by him delegated to me.

3. The Commanding General, Army Service Forces, may prescribe, by Procurement Regulations, manuals, or otherwise, rules and regulations, which have been cleared with the Army Air Forces in the manner provided in paragraph 107.4 of War Department Procurement Regulations, governing the exercise throughout the War Department of the authority granted to the Secretary of War under Title VIII of the Revenue Act of 1943, and, without any limitation of the generality of the foregoing, such rules and regulations may require that (a) matters arising under said Title VIII of the Revenue Act of 1943 be submitted for approval or instructions to, and (b) that any proposed redelegations of such authority be subject to the approval of, the Director, Purchases Division, Headquarters, Army Service Forces, or whomsoever the Director, Purchases Division, may designate.

4. Any of the powers, functions, duties and discretion hereby delegated to you may be exercised by you through such officers, civilian employees or agencies of the War Department as may be designated in writing by you or by any person whom you have authorized to make such designation with such powers or delegation and successive redelegation as you may deem appropriate.

ROBERT P. PATTERSON,
Under Secretary of War.

(b) Memorandum for Brigadier General Albert J. Browning, Special Representative of the Under Secretary of War and to any person acting for the time being as such Special Representative.

Subject: Delegation of authority under Section 801 of the Revenue Act of 1943.

1. The Secretary of War has assigned and delegated to me all of the powers, functions, duties and discretion conferred upon him by Section 801 of the Revenue Act of 1943.

2. I hereby delegate to you with respect to the Army Air Forces and to procurement dealt with by the Army Air Forces the powers, functions, duties and discretion conferred upon the Secretary of War by Section 801 of the Revenue Act of 1943 and by him delegated to me, provided, however, that any regulations, directives, or instructions of general application issued by you shall be subject to and in conformity with such rules and regulations as may be issued pursuant to paragraph 3 of a memorandum for the Commanding General, Army Service Forces, subject as above, dated 17 May 1944.

3. Any of the powers, functions, duties and discretion hereby delegated to you may be exercised by you through such officers, civilian employees or agencies of the War Department as may be designated in writing by you or by any person whom you have authorized to make such designation with such powers of delegation and successive redelegation as you may deem appropriate.

4. Any person acting at any time as Director, Purchases Division, Headquarters, Army Service Forces, may exercise all the powers, functions, duties and discretion hereby delegated, and act as my Special Representative.

ROBERT P. PATTERSON,
Under Secretary of War.

§ 812.1271–2 *Authority delegated by these procurement regulations.* Subject to any restrictions provided by these procurement regulations (see § 812.1271–3) or by manuals, rules or regulations issued pursuant to paragraph 3 of the memorandum for the Commanding General, Army Service Forces, dated May 17, 1944 (see § 812.1271–1 (a)) upon the exercise of the authority delegated in this section, there are hereby delegated to each of the chiefs of the technical services the powers, functions, duties, and discretion heretofore delegated by paragraph 2 of the memoranda set forth in § 812.1271–1 from the Under Secretary of War to the Commanding General, Army Service Forces and to his Special Representative. The powers, functions, duties and discretion herein delegated may be exercised by the chiefs of the technical services through such officers, civilian employees or agencies under their supervision as may be designated in writing by them or by any person authorized by them to make such designation, with such powers of delegation or redelegation as they deem appropriate.

§ 812.1271–3 *Limitation upon redelegation of authority.* All redelegations of the authority delegated by § 812.1271–2 made by the chiefs of the technical services will be subject to the prior written approval of the Director, Purchases Division, or whomsoever he may designate, except:

(a) Redelegations to persons in the headquarters offices of the Army Air Forces,

(b) Redelegations to persons in the headquarters offices of the major commands within the Army Air Forces, and

(c) Redelegations to persons in the headquarters offices of the chiefs of the technical services of the Army Service Forces.

§ 812.1272 *Definitions.* When used in this subpart:

(a) The term "section 801" means Title VIII, section 801 of the Revenue Act of 1943.

(b) The term "article" means article and service or "article or service" as may be appropriate.

(c) The term "deems that a price is unfair or unreasonable" means is of the opinion or tentative judgment, in the light of available and pertinent information, that the price is unfair or unreasonable.

(d) The term "subcontract" means any contract, purchase order or other agreement to make or furnish any article or to perform any service required for the performance, directly or indirectly, for, or in connection with, the performance of any contract with the War Department.

(e) The term "Director, Purchases Division" means the Director, Purchases Division, Headquarters, Army Service Forces, acting as such or, in respect of Army Air Force matters, as the Special Representative of the Under Secretary of War, or any person whom he may have authorized to act for him.

(f) The term "chief of a technical service" has the meaning set out in §§ 801.107–9, 801.108–4, 801.108–5, except that delegations of the authority conferred by section 801 shall be subject to the limitations and restrictions stated in §§ 812.1271–2 and 812.1271–3 and shall include any person to whom he has delegated, with the approval provided for in § 812.1271–3, the authority delegated to him under section 801; and the term "technical service" shall be deemed to include the plural as well as the singular when consistent with the context.

§ 812.1273 *Scope of statute.*

§ 812.1273–1 Section 801 authorizes the Secretary of War, in any case in which he deems the price of any article or service which is directly or indirectly required by the War Department to be unreasonable or unfair (a) to require the person furnishing or offering to furnish such article or service to negotiate to fix a fair and reasonable price therefor and (b), in the event such person refuses to agree to a price which the Secretary of War considers fair and reasonable, to fix by order the price payable to such person for furnishing such article or service after the effective date of the order.

§ 812.1273–2 Section 801 authorizes such action with respect to prices of specific articles (which are defined by the statute as "any material, part, assembly, machinery, equipment, or other personal property") and services (which include among others, engineering and other services furnished by a licensor in connection with a patent license)—rather than with respect to total contract values or profits which may be realized under the contract. The authority conferred is exercisable with respect to the prices of such articles or services (a) generally; or (b) under the terms or circumstances of a particular contract, subcontract or procurement; or (c) of a particular type or quality or in a particular quantity; or (d) under other particular circumstances.

§ 812.1273–3 The authority conferred by the section may be exercised to obtain fair and reasonable prices for any article or service required by the War Department, either directly from a prime contractor or indirectly from a subcontractor of any tier; and whether being furnished under a prime contract or subcontract entered into either before or after the enactment of the section (February 25, 1944) or being offered in connection with or as a part of the performance or procurement of any such prime contract or subcontract. There is no need to include in contracts or subcontracts heretofore or hereafter executed any special contract article making reference to section 801. Exercise of the authority conferred by the section is not dependent upon the presence of any such contract article. As an additional support to action under the section, however, subsection (f) thereof provides that contracts and subcontracts made after March 25, 1944, shall "be deemed to contain a provision under which the person making or furnishing such article or service agrees that, notwithstanding other provisions of the purchase order, agreement, or contract, he shall be entitled to receive for such article or service only the fair and just compensation provided for in subsection (c)."

§ 812.1273–4 The authority conferred by the section may be exercised with respect to articles or services being furnished under or in connection with fixed price prime contracts or subcontracts or cost-plus-a-fixed-fee prime contracts or subcontracts.

§ 812.1273–5 An exercise of any authority conferred by the section with respect to any article or service does not preclude a later and further exercise of such authority in respect of the same article or service.

§ 812.1273–6 The statutory requirement that a person so furnishing or offering to furnish such article or service negotiate to fix a fair and reasonable price therefor upon notice from the Secretary of War so to do also requires, by necessary implication, that such person furnish such data and information within his possession as may be pertinent to the determination of such fair and reasonable price. The obligation of the contractor in this respect also may be enforced in appropriate situations by action under Title XIII of the Second War Powers Act (see § 812.1260 et seq.).

§ 812.1273–7 Any order of the Secretary of War fixing a fair and reasonable price for any article or service may prescribe the period during which the price so fixed shall be effective and, in addition, may prescribe such other terms and conditions in connection therewith as the Secertary of War deems appropriate. The price fixed by any such order is effective only with respect to such articles or services (a) as are furnished after the effective date of the order and (b) as to which the order is stated to be applicable.

§ 812.1273–8 The authority and discretion conferred by the section upon the Secretary of War may be delegated in whole or in part to such individuals or agencies in the War Department or, with the consent of the Secretary of that Department, in any other Department, and he may authorize such individuals or agencies to make further delegations of such authority and discretion. The Secretary of War has delegated such authority and discretion as provided in § 812.1271.

§ 812.1274 *General application of the statute.*

§ 812.1274–1 Section 801 gives support to the War Department's established policy of obtaining fair and reasonable prices from its contractors and permits the extension of that policy to subcontractors of any tier. The enactment of section 801 will in no way modify the War Department's policy of endeavoring to obtain fair and reasonable prices through voluntary negotiation based upon all available and pertinent information and conducted in accordnce with any applicable principles set forth in these Procurement Regulations and Army Service Forces Manual M–601. The authority conferred by the section will be invoked only after every reasonable effort to obtain fair and reasonable prices by voluntary negotiation has been exhausted. In cases where voluntary negotiation is unavailing, however, the authority conferred by the section will be exercised without delay.

§ 812.1274–2 The authority of the section when invoked will be exercised in such manner as to promote, rather than impair, existing and prospective cooperative and mutually beneficial relations between the War Department and its contractors and subcontractors. To this end, contract prices which were fair and reasonable at the time they were negotiated will not be made the subject of renegotiation or repricing pursuant to section 801 so long as the conditions which indicated such price then to be fair and reasonable remain substantially unchanged. Further, all reasonable efforts consistent with accomplishment of the objectives of the section will be made to minimize the occasions upon which any contractor or subcontractor will be required, pursuant to the provisions of the section, to negotiate with respect to the price of any article or service being directly or indirectly furnished by him to any of the technical services of the War Department and the other Departments of the Government. In order to establish reasonable control in this respect all proposed Requirements to Negotiate under the section for the time being will be required to be cleared with the Director, Purchases Division, before service.

§ 812.1274–3 Accomplishment of the objectives of the section do not require a review of all existing contracts and subcontracts to ascertain the fairness and reasonableness of the prices included therein. Such a review would not be feasible with the available manpower nor is it necessary in many instances. However, such prices will be reviewed whenever it is believed that they may no longer be fair and reasonable on the basis of indications from:

(a) Further information as to comparative or individual prices or costs, or price or cost trends;

(b) The results of statutory renegotiation of the contractor or subcontractor;

(c) A review of prices as result of voluntary repricing of a contract;

(d) Information received as to subcontractors' prices upon negotiation of prime contracts; and

(e) Other appropriate occasions.

It is the responsibility of the individual technical services to maintain and improve general procedures for reviewing and analyzing prices to the extent necessary to carry out the War Department's pricing policy.

§ 812.1274–4 Since the price which the section authorizes the Secretary of War to fix by order is one which he considers to be fair and reasonable under the circumstances of the procurement, or the terms and conditions of the order, no such order will be issued in any case in which there is insufficient information available or obtainable to permit of the fixing of a price which reasonably can be justified as being a fair and reasonable price at the time fixed.

§ 812.1274–5 The fair and reasonable price which will be incorporated in any section 801 order which may be issued will be one arrived at through proper application of appropriate pricing principles (see e. g. Army Service Forces Manual M–601) and one deemed to be fair, both to the contractor and the Government, under all the terms and circumstances of the particular procurement. In general it should be a price which a buyer, ready and willing to buy, but under no compulsion to buy, would pay by voluntary agreement to a seller ready and willing to sell, but under no compulsion to sell. It should give appropriate consideration to any risks to be assumed by the Government and the contractor, respectively, in the particular case. It should be high enough to constitute reasonable compensation under all the circumstances for the benefits to be received by the Government, provided the contractor performs the contract with prudence and in accordance with good production practice. It should be low enough to give the contractor reasonable incentive to efficient and economical performance.

§ 812.1275 *Voluntary negotiation with respect to prices deemed to be unfair or unreasonable.* Whenever a technical service deems that the price of any article or service under an existing prime contract with the technical service is unfair or unreasonable to the Government, the contractor will be asked voluntarily to negotiate for a fair and reasonable price therefor; and whenever a technical service deems that the price of any article or service being furnished by a subcontractor for use in the performance of a prime contract with such technical service, or a subcontract thereunder, is unfair or unreasonable, the technical service will urge and assist the prime contractor or subcontractor voluntarily to negotiate with such subcontractor an appropriate reduction in such price.

§ 812.1276 *Mandatorily requiring negotiation.*

§ 812.1276–1 *By prime contractors.* (a) Whenever a technical service deems that the price of any article or service under an existing prime contract with the technical service is unfair or unreasonable to the Government and the contractor refuses to enter into, or promptly to continue to conclusion, voluntary negotiation of a fair and reasonable price therefor, the technical service will prepare a Requirement to Negotiate Fair and Reasonable Prices substantially in the form set forth in § 812.1282, and will transmit to the Director, Purchases Division, a copy thereof together with a memorandum of the chief of the technical service setting forth in reasonable detail (1) the reasons why the existing price is deemed to be unfair or unreasonable for future deliveries; (2) the extent of the efforts made voluntarily to negotiate a fair and reasonable price therefor; (3) so far as the technical service has information in this respect, a statement as to the extent to which the contractor is furnishing the article or service or other articles or services to other technical services and other Departments of the Government; (4) why it is believed, if such is the case, that negotiation should be conducted solely with respect to the article and service sought to be repriced by the technical service rather than with respect to all the articles or services being furnished by the contractor to the War Department. No such Requirement to Negotiate will be served upon the contractor until the Director, Purchases Division, shall have approved such service.

(b) In the event it is determined, after consultation with other technical services and, in appropriate cases, other Departments, that the negotiation should be conducted also with respect to articles or services being furnished by the contractor to other technical services or Departments, the Director, Purchases Division, will so advise the technical service transmitting the Requirement to Negotiate. He also will advise whether representatives of such other technical services or Departments will participate in the negotiation or whether the technical service alone will conduct the negotiation. In such latter event, the Director, Purchases Division, will obtain and transmit to the technical service such delegation of authority as may be necessary or appropriate to permit it to act for such other Departments.

(c) Service of the Requirement to Negotiate, when approved by the Director, Purchases Division, will be made in the manner provided in § 812.1281.

(d) Negotiations with the contractor pursuant to any such Requirement to Negotiate will be conducted in accordance with any applicable principles set forth in these Procurement Regulations, in Army Service Forces Manual M 601 and any instructions of the Director, Purchases Division, as to the particular case. The contractor will be given reasonable opportunity to furnish such data and information in his possession as may be pertinent to the fixing of a fair and reasonable price as defined in § 812.1274–5.

§ 812.2176–2 *By subcontractors.* (a) Whenever a technical service deems that the price of any article or service being furnished by a subcontractor for use in the performance of a prime contract with such technical service, or a subcontract thereunder, is unfair or unreasonable and the subcontractor refuses to enter into, or promptly to continue to conclusion, voluntary negotiation of a fair and reasonable price, the technical service will prepare a Requirement to Negotiate Fair and Reasonable Prices, substantially in the form set forth in § 812.1282. and will transmit to the Director, Purchases Division, a copy thereof. This will be accompanied by a memorandum of the chief of the technical service setting forth the information mentioned in § 812.1276–1, unless the technical service, before entering into, or during the course of, voluntary negotiation with the subcontractor concludes that other articles and services which the subcontractor is furnishing directly or indirectly to the War Department should also be repriced, in which event the chief of the technical service will also state the reasons for such belief and will list the other technical services or Departments of the Government which he believes may be interested in such repricing. No such Requirement to Negotiate will be served upon the subcontractor until the Director, Purchases Division, shall have approved such service.

(b) Service of the Requirement to Negotiate, when approved by the Director, Purchases Division, will be made as provided in § 812.1281 and negotiation for a fair and reasonable price will be conducted in accordance with § 812.1276–1 (d).

(c) In the event it is determined, after consultation with other technical services and, in appropriate cases, other Departments, that the negotiation should be conducted with respect to articles or services being furnished to other technical services or Departments, the Director, Purchases Division, will advise the technical service to this effect and to the extent other technical services and Departments will participate in such negotiation. In the event it is determined that the repricing should be on an overall basis, the Director, Purchases Division, may assign the subcontractor to any of the technical services for such overall repricing and will advise such technical service of the scope and conduct of the negotiation.

§ 812.1276–3 *In connection with placement of prime contracts and subcontracts.* Persons with whom a technical service seeks to place a prime contract for any article or service who refuse to negotiate or agree to a price therefor which the technical service deems to be fair and reasonable normally will not be served with Requirement to Negotiate a fair and reasonable price, nor will the price of the article or service normally be fixed by a section 801 order. In such cases resort usually will be had to a mandatory order under section 9 of the Selective Training and Service Act of 1940 (see § 814.1450 et seq.), even where the contractor refuses to accept a contract solely because of disagreement as to price. However, if a prime contractor or subcontractor (a) should desire and be willing to agree to all the other desired terms of the procurement, and (b) be further willing to agree in writing that the price shall be fixed by a section 801 order and (c) that the price so fixed shall be applicable to all deliveries under the contract, the chief of the technical service may execute or approve the execution of such an agreement. In that even the technical service promptly will prepare an appropriate Order Fixing Fair and Reasonable Prices, substantially in the form set forth in § 812.1283 and will transmit a copy thereof together with a memorandum of the chief of the technical service setting forth the information provided for in § 812.1278 (a) and, in addition, a statement as to why such procedure was believed desirable. Service of such order, when authorized by the Director, Purchases Division, will be made as provided in § 812.1281.

§ 812.1277 *Agreements resulting from voluntary or mandatory negotiation.* If negotiation conducted voluntarily or pursuant to any such Requirement to Negotiate with any prime contractor or subcontractor results in agreement as to a reduced price which the technical service participating in the negotiation (and, in the case of negotiations with a subcontractor, the prime contractor or subcontractor to whom the article or service is being furnished) considers to be fair and reasonable, such agreement as to reduced price will be incorporated in such supplemental agreement or agreements with the prime contractor and, in the case of a reduction in a subcontractor's price, such agreement or agreements with the subcontractor, the prime contractor or subcontractor to whom the article or service is being furnished and the technical service, as shall be appropriate to effect such reduction. Such agreement or agreements shall provide such direct or indirect benefit to the United States of the reduction as the technical service shall deem appropriate under the circumstances of the particular case. It is recognized that in some cases it will be neither practicable nor to the interest of the Government to attempt to carry the reduction through to a reduction in price under the affected prime contract or contracts with the War Department and in such cases other appropriate arrangements should be made to secure to the United States, so far as reasonably feasible, the benefits of such price reduction. The technical service may consult with the Director, Purchases Division, as to the nature and terms of any such proposed agreement and will so consult with him before making an agreement with a subcontractor which provides for rebates or preferential discounts on articles or services furnished indirectly by him for war use. In any case in which the technical service ascertains or is advised that the article or service repriced also is being furnished by the prime contractor or subcontractor directly or indirectly to any other technical service not participating in the negotiation and the reduction is effective with respect to the articles or services being furnished to such other technical service, such other technical service will be advised of the reductions effected and, to the extent practicable in the particular case, the nature and terms of any proposed agreement between the technical service and a subcontractor will be discussed with such other technical service before the agreement is executed. Direct communication with other technical services is authorized for this purpose. Copies of all such agreements between the technical service and a subcontractor will be transmitted to the Director, Purchases Division, for purposes of record.

§ 812.1278 *Issuance of order fixing fair and reasonable price.* (a) If (1) voluntary negotiation conducted in accordance with § 812.1275 clearly indicates a reduced price for the article or service being repriced to be fair and reasonable and the prime contractor or subcontractor refuses to enter into, or unreasonably delays the execution of, an appropriate agreement or agreements effecting such reduction in price, or (2) a

prime contractor or any subcontractor refuses to enter into, or to continue to conclusion, negotiation under section 801 for a fair and reasonable price, or unreasonably or unnecessarily delays the beginning or conclusion of such negotiations, or refuses to enter into or unreasonably delays the execution of an appropriate agreement effecting the reduction in prices which the technical service considers to be fair and reasonable, then an appropriate Order or appropriate Orders Fixing Fair and Reasonable Prices, substantially in the form set forth in § 812.1283 will be prepared and transmitted to the Director, Purchases Division, together with a memorandum of the chief of the technical service setting forth in reasonable detail (i) the nature and extent of the negotiation had with the contractor or subcontractor, (ii) a summary statement and analysis of the data considered in arriving at the price so proposed to be fixed by order; (iii) the price which the contractor or subcontractor demands and the basis of his objections to the price which the technical service deems to be fair and reasonable and (iv) such considerations as he believes justify the price desired to be fixed by order, with such discussion of the terms and conditions of the contract or of the proposed order as may be pertinent thereto. No such order will be served until such service is approved by the Director, Purchases Division.

(b) The price to be fixed by any such order will be one which is fair and reasonable in view of all the terms and conditions of the existing contract or contracts under which it is being furnished (if the price is being fixed with relation to such contract or contracts) and the terms and conditions to be included in the order. The order will fix the price for the longest period for which a fair and reasonable price reasonably can be projected under the applicable terms and conditions and circumstances and, where feasible, for the remaining period of any contract or contracts under which the article or service is being furnished and with relation to which the price is being fixed. Articles and services customarily furnished under short term contracts or purchase orders normally will not be repriced with respect to any particular contract or order but will be repriced generally in view of the terms and conditions upon which they are usually procured, which terms and conditions will be incorporated as terms and conditions of the order.

(c) All section 801 orders will reserve to the Secretary of War the right at any time to refix the price under section 801 as to future deliveries, either upon his own initiative or upon request of the contractor or subcontractor supported by data indicating that, because of changed circumstances since the effective date of the order, the price fixed is no longer fair and reasonable.

(d) Service of each such order, when approved by the Director, Purchases Division, will be made as provided in § 812.1281.

(e) In any case in which a price was fixed by a section 801 order with respect to a particular contract and the terms and conditions of such contract are subsequently so changed as equitably to require an adjustment in the fixed price, the chief of the technical service may make an equitable adjustment of the price fixed by the order either (1) by a change order in accordance with the "Changes" article of the contract if any (see e. g., §§ 803.329a, 813.1301 (Art. 2)), (2) by the service of an amended section 801 order on the contractor refixing the price to effect such equitable adjustment, or (3) by supplemental agreement, as shall be appropriate in the particular case. Such amended section 801 orders need not be submitted to the Director, Purchases Division, before service so long as they merely make adjustments in the price necessitated by changes in the specifications, quantities, delivery schedules and similar terms of the contract and so long as the adjustment in the price is clearly related only to such changes. In any other case in which a technical service believes that the price fixed by a section 801 order is too high or too low and is therefore no longer fair and reasonable and in any case in which a contractor or subcontractor upon whom such an order has been served requests a refixing of the price in view of changed circumstances, the chief of the technical service will so advise the Director, Purchases Division, with recommendation as to the action to be taken. The Director, Purchases Division, may authorize such upward or downward revision of the price fixed by the order as may be appropriate.

§ 812.1279 *Notification of technical services of service of order.* The Director, Purchases Division, promptly will notify the technical services of the fact that he has approved service of a section 801 order which may affect procurements being made or which may be made by them. Such technical services promptly will effect such modifications in their outstanding prime contracts as may be appropriate by reason of such orders.

§ 812.1280 *Preservation of data upon which orders are based.* In each case in which a fair and reasonable price is fixed by order the technical service will maintain a complete file of the data and information and the various factors considered in arriving at such fair and reasonable price in order that all such matters will be readily available in the event that the contractor institutes court action to contest the fairness of the price fixed.

§ 812.1281 *Method of service.* (a) Where practicable, each Requirement to Negotiate an order will be served by hand by a commissioned officer or a United States Marshal or Deputy Marshal upon the contractor or subcontractor. If the contractor or subcontractor is a partnership, such service will be made upon a partner thereof; if a corporation, upon any officer or agent authorized to act for, or bind, or accept service for, such corporation. If personal service is impracticable or will involve unreasonable delay, service may be made by mailing by registered mail, return receipt requested, the Requirement to Negotiate or order, addressed to the company at its usual place of business.

(b) Promptly after service of a Requirement to Negotiate or order, the officer making service thereof will execute an affidavit as to the time and method of service, the original of which, together with the registered mail receipt, if any, will be attached to the true copy of the Requirement to Negotiate or order, as served, to be retained in the files of the technical service.

(c) Where a Requirement to Negotiate or order affects particular contracts which have been assigned or with respect to which bonds have been furnished, it will be desirable to make service of a copy of the Requirement to Negotiate or order upon the assignee or surety, as the case may be.

§ 812.1282 *Form of requirement to negotiate fair and reasonable prices.* The following form will be used, with any necessary variations, to notify a contractor or subcontractor that he must negotiate for fair and reasonable prices under section 801:

REQUIREMENT TO NEGOTIATE FAIR AND REASONABLE PRICES

Date:_____

Contractor's Name_____
Address_____

GENTLEMEN: The price being charged or quoted by you for the following articles and services:

[Fill in description of articles or services] which are required directly or indirectly by the War Department and being [furnished by you under the following contracts] [offered by you]:

[Fill in description of contract, subcontract or purchase order.] [1]

is deemed to be unreasonable or unfair.

You are advised that you are hereby required, under the authority conferred by Section 801 of the Revenue Act of 1943, to negotiate to fix a fair and reasonable price for such article and service. A duly authorized representative of the Secretary of War will meet with you or your representatives

at_____ on_____
(place) (date)

at_____ to engage in such negotiation.
(time)

You are directed to bring to such meeting, and all further meetings for this purpose, or to make available, all data and information in your possession which are or may be pertinent to the determination of such fair and reasonable price.

Said Section 801 provides that if you refuse to agree to a price for such article or service which the Secretary of War, or his representative, considers fair and reasonable, the price thereof may be fixed by order. You are advised that your refusal to negotiate, or any unreasonable delay on your part in concluding the negotiation or in consummating appropriate agreements incorporating an agreed price will be construed as a refusal to agree to a fair and reasonable price.

By authority of the Secretary of War:

_____
(Signature of authorized representative)

_____
(Grade, service, office and address)

[1] In any case in which the price is to be negotiated with respect to the terms and conditions of a particular contract, subcontract or purchase order, reference should appropriately be made to such contract subcontract or purchase order.

§ 812.1283 *Form of order fixing fair and reasonable price.* The following is a suggested form to be used, with any necessary variations, to fix fair and reasonable prices under the authority of section 801:

ORDER FIXING FAIR AND REASONABLE PRICES

Date _____
Contractor's Name_____
Address_____

GENTLEMEN: Pursuant to the authority conferred upon the Secretary of War by Section 801 of the Revenue Act of 1943, and duly delegated to me, I hereby fix the following prices for the following articles and services which are required directly or indirectly by the War Department and being furnished or offered by you in connection with War Department procurement:

Articles and Services	*Prices*
_____	_____
_____	_____
_____	_____

which respective prices I consider to be fair and reasonable under the terms and conditions hereafter stated.

Such fixed prices will be effective in respect of all deliveries of such articles and all performance of such services during the period beginning _____ 194____ (hereafter referred to as the effective date of this Order) and ending _____

Such prices will be effective as to all such deliveries or performance made under the following conditions, upon which the price was based, and you shall neither charge nor receive higher price than those so fixed for, or in respect of, any such deliveries or performance.

(Here list the terms and conditions in the light of which the prices were fixed. If they were fixed with relation to and in the light of the provisions of a particular contract or subcontract and are to be effective as to deliveries thereunder, this will be stated. If they were fixed generally, without relation to any particular contract or subcontract, but in the light of the terms and conditions stated in the order this will be stated. The terms and conditions of the order in this respect should be as specific as practicable under the circumstances of the case).

The Secretary of War expressly reserves the right to re-fix any price fixed hereby at any time during the period for which such price is stated above to be effective. In the event you believe at any time that conditions affecting any price hereby fixed have so substantially changed since the effective date of this Order as to make such price no longer fair and reasonable, you may submit to the undersigned any information and data which in your opinion indicates both the appropriateness of re-fixing such price for future deliveries and the price which you believe to be fair and reasonable for such deliveries, together with the request that such price be so re-fixed.

You are notified that the price fixed herein, and the terms and conditions stated, are based solely upon Section 801 of the Revenue Act of 1943, and will not to any degree preclude other and further action under other Federal statutes, including the Renegotiation Act, Executive Orders, or regulations issued pursuant thereto, nor does it alter in any way, except as herein expressly provided, the provisions of any contract or subcontract to which you are a party.

By authority of the Secretary of War:

_____

(Grade, service, office and address)

APPENDIX

§ 812.1289 *Reference to renegotiation regulations.* Renegotiation regulations adopted by the War Contracts Price Adjustment Board cover, among other things, rulings, interpretations, and applications concerning exemptions from statutory renegotiation. Such renegotiation regulations are sometimes referred to as "RR" in this appendix.

§ 812.1290 *Rulings of War Contracts Price Adjustment Board relating to exclusions or mandatory exemptions from statutory renegotiation.*

§ 812.1290–1 *Interpretation and application of the mandatory exemption relating to contracts and subcontracts with other Governmental agencies.* RR 334.1 and 343.2 provide as follows:

343.1 *Statutory exemption.* Subsection (1) (1) (A) of the 1943 Act provides that it shall not apply to:

(A) any contract by a Department with any other department, bureau, agency, or governmental corporation of the United States or with any Territory, possession, or State, or any agency thereof or with any foreign government or any agency thereof;

343.2 *Interpretation and application of exemption.* The War Contracts Board has adopted the following interpretation:

(1) Under this provision of the act [subsection (1) (1) (A) of the 1943 Act] no contract between one of the Departments and any other federal, local or foreign government agency is subject to renegotiation. A municipal corporation, whether acting in a proprietary or governmental capacity, is considered to be an agency of a State for the purposes of this exemption.

(2) Contracts between such other agencies or governmental corporations and private contractors, and subcontracts thereunder, are likewise not subject to renegotiation, except in those instances where the agency or governmental corporation is acting as a direct agent for a Department. In these instances, the contract is deemed to be with the Department for which the agency or governmental corporation is acting as direct agent, and not with the agency or governmental corporation, and accordingly, if otherwise subject to renegotiation, is not exempted.

(3) Certain of the agencies and governmental corporations referred to sometimes place orders called "pool" orders. Under this type of order the agency or corporation orders large quantities of a particular item from a manufacturer. Before delivery under this order the manufacturer may sell all or a portion of the items to a Department or to a Departmental contractor or subcontractor and the order of the governmental corporation or agency is reduced to the extent of these purchases by others. In such cases the sales by the manufacturer to a Department or to a Departmental contractor or subcontractor are not exempt from renegotiation.

§ 812.1290–2 *Interpretation and application of the mandatory exemption relating to contracts for certain raw materials and agricultural commodities.* RR 344.1 and 344.2 provide as follows:

344.1 *Raw materials.* (1) *Statutory exemption.* Subsection (1) (1) (B) of the act provides that it shall not apply to—

(B) any contract or subcontract for the product of a mine, oil or gas well, or other mineral or natural deposit, or timber, which has not been processed, refined, or treated beyond the first form or state suitable for industrial use;

(2) *Interpretation and application of exemption.* In determining whether or not a particular product is an "exempted product" under the exemption in subsection (1) (1) (B) of the act, the following principles shall govern—

(a) *Exempted products.* The phrase "other mineral or natural deposit" shall be interpreted to include only mineral or natural deposits of a wasting or depletable character similar to products "of a mine, oil or gas well." Accordingly, water, sea water and air, and products derived therefrom, are not considered to be other mineral or natural deposits within the meaning of the act, and contracts or subcontracts therefor, or for products derived therefrom, shall be subject to renegotiation.

(b) *State at which exemption terminates.* In general a product will be considered to be an exempted product until it has arrived at its dispersal point, i.e., the point at which a substantial proportion of the product is used by the ultimate consumer, or by industries other than the industry of origin. The industry of origin includes not only the primary industry of extraction or severance, but also any processing, refining or treatment directly supplementing its extraction or severance or to produce one or more of the chemical elements or compounds present in it in the state in which it may be found in abundance in nature; but excludes other processing, refining or treatment to produce various end products for the ultimate consumer, or a substantial variety of products which vary materially in size, shape or content from the original product.

(c) *Combination of several materials.* Where substantial quantities of two or more materials or ingredients are combined to produce a product for industrial use, the product resulting from such combination is considered to be non-exempt, unless the other material or materials are used as a catalyst, carrying agent or in some other subordinate capacity in connection with processing, refining or treatment of the principal product which is in the course of preparation for its first industrial use.

(d) *Different processes.* Where a product is made in substantial quantities by two or more different processes, one of which would result in the exemption of the product under the above tests and the other would result in its inclusion, such a product will be considered to be renegotiable only where made by a process which would result in its inclusion.

(e) *By-products.* Where a process for making a product or material subject to renegotiation under the above tests also produces by-products, such by-products shall be treated as subject to renegotiation since any benefits resulting from use or sale of such by-products operate in substance to reduce the cost of the principal product. The principle of the preceding sentence is inapplicable to by-products which would otherwise be exempt under this paragraph (2). In the case of by-products resulting from processes principally designed to produce an "exempted product" under the above tests, such by-products shall be treated as "exempted products" if they are not further processed, refined or treated. If further processing, refining or treatment of such by-products takes place, the status of the ultimate product resulting will be determined in accordance with the general principles set forth above.

(3) A list of products which, subject to the foregoing interpretation are considered exempt, is set forth [below] in [RR] paragraph 841.

RR 841 provides as follows:

841 *Raw material exemption.* Pursuant to subsection (1) (2) of the 1943 Act the

War Contracts Board has issued the following regulation concerning the exemption of contracts and subcontracts for certain products of the kind described in subsection (1) (1) (B) of the 1943 Act.

(1) The term "exempted products", as used in this regulation, shall mean any of the following products:

Aggregates including such items as washed or screened sand, gravel or crushed stone.
Alumina; aluminum sulfate; aluminum ingots and pigs.
Asphalt, natural.
Antimony ore, crude; antimony ore, concentrated; antimony metal; antimony oxide; antimony sulfide.
Arsenic, crude; arsenic powder; arsenious oxide (white arsenic).
Asbestos rock; asbestos fibre.
Bauxite, crude; calcined or dried bauxite; bauxite abrasive grains.
Bentonite, dried, crushed, granulated and pulverized.
Beryl ore and concentrates; beryllium oxide; beryllium metal; beryllium master alloys.
Bismuth metal.
Borax.
Cadmium flue dust; cadmium oxide; cadmium balls and slabs.
China clay; kaolin; fire clay; brick and tile made from clays other than kaolin, china and fire clay.
Chlorine and hydrogen produced directly by electrolysis of salt brine.
Chromium ore and ferrochrome; chromite not processed beyond the form or state suitable for use as a refractory; bichromates.
Coal, prepared; run-of-mine coal.
Cobalt oxide; cobalt anodes, shot and rondelles.
Columbium ore and concentrates; columbium oxide; ferrocolumbium.
Copper ore, crude; copper ore, concentrated; copper matte; blister copper; copper billets, cathodes, cakes, ingots, ingot bars, powder, slabs and wirebars.
Corundum ore and concentrates; corundum grain.
Cryolite ore and concentrates.
Diaspore; diaspore brick.
Diatomaceous silica, lump, block, brick and powder.
Dolomite, crushed dolomite.
Feldspar, crude and ground.
Ferrosilicon.
Fluorspar ore; fluorspar fluxing gravel; lump ceramic ground fluorspar; acid grades of fluorspar.
Fuller's earth.
Gas, natural, not processed or treated further than the processing or treating customarily occurring at or near the well.
Graphite ore and concentrates; flake graphite; graphite fines, lump and chip; graphite powder.
Gypsum, crude; calcined gypsum.
Indium metal.
Industrial diamonds.
Iridium metal, including ingot and powder.
Iron ore, crude; pig iron.
Kyanite ore and concentrates; kyanite brick.
Lead ore; refined lead bars, ingots and pigs; antimonial lead bars, ingots and pigs.
Limestone; crushed limestone.
Magnesite; dead burned magnesite.
Magnesium-bearing minerals, including brucite; magnesium oxide; magnesium chloride; metallic magnesium, pigs and ingots.
Mercury ore; mercury metal.
Manganese ore; ferromanganese, including spiegeleisen; silicomanganese.
Mica, crude, hand-cobbed; block mica; sheet mica, including splittings; wet or dry ground mica.
Molybdenum ore and concentrates; molybdenum oxide; calcium molybdate; ferromolybdenum.
Monel ore; monel matte; monel ingots, pigs, and shot, produced from monel matte.
Natural gasoline; casinghead gasoline; residue gas.
Nickel ore and concentrates; nickel matte; nickel oxide; nickel ingots, cathodes and shot.
Oil, crude, not processed or treated further than the processing or treating customarily occurring at or near the well.
Osmium metal, including ingot and powder.
Palladium metal, including ingot and powder.
Phosphate rock; elemental phosphorus; ferrophosphorus; phosphorus pentoxide and phosphoric acid derived directly by treatment of phosphate rock; superphosphate.
Platinum ore and concentrates; platinum metal, including ingot and powder.
Pumice, lump.
Quartz crystal, raw
Radium bromide; radium sulfate; radium gas.
Rhodium metal, including ingot and powder.
Ruthenium metal, including ingot and powder.
Salt, rock; evaporated salt; soda ash, ammonia and electrolytic caustic soda and bicarbonate of soda when derived directly by treatment of brine.
Sea shells; oyster shells; clam and reef shells.
Selenium metal.
Silver, refined, including bars, shot, powder and grains.
Sodium aluminate.
Stone, rough dimension.
Sulfur, crude.
Sulfuric acid; oleum (other than sulfuric acid or oleum produced from crude sulfur or any other product having an industrial use).
Standing timber, logs, logs sawed into length, and logs with or without bark.
Talc, crude, ground and sawed.
Tantalum ore and concentrates; tantalum double fluoride
Tellurium metal
Tin ore and concentrates; refined pig tin.
Titanium-bearing ores and concentrates, including ilmenite and rutile; titanium oxide; ferrotitanium.
Tungsten ore and concentrates; sodium tungstate; ferrotungsten; tungsten metal, including powder; tungstic oxide; tungstic acid.
Uranium ores and concentrates; uranium oxide.
Vanadium ores and concentrates; sodium vanadate; vanadium pentoxide; ferrovanadium.
Whiting; chalk lump.
Zeolites derived from Glauconite.
Zinc ores and concentrates; zinc anodes, bars, oxide, powder and slabs.
Zirconium ores and concentrates.

(2) Subject to the provisions of paragraph 3 hereof, it is determined that each of the exempted products is "the product of a mine, oil or gas well, or other mineral or natural deposit, or timber, which has not been processed, refined, or treated beyond the first form or state suitable for industrial use" within subsection (1) (1) (B) of the Renegotiation Act. The provisions of such Act shall not apply to contracts and subcontracts for any of the exempted products.

(3) This determination is made under the principles set forth in paragraph 344.1 of the Renegotiation Regulations, including subdivision (2) (d) thereof. The products listed under paragraph 1 of this regulation are exempt only when they represent products of a mine, oil or gas well, or other mineral or natural deposit, which have not been processed, refined or treated beyond the first form or state suitable for industrial use and are not exempt if manufactured from raw materials which do not fall within the above description or which have at some prior stage been processed, refined or treated beyond such first form or state suitable for industrial use. For example, magnesium products derived from sea water, products manufactured from the atmosphere, secondary aluminum pigs and ingots, and other similar products are not considered exempted products.

(4) This determination applies to fiscal years ending after June 30, 1943.

(5) This regulation may be amended from time to time, revising, amending or supplementing the list of exempted products contained in paragraph 1 hereof.

RR 344.2 provides as follows:

344.2 *Agricultural commodities*—(1) *Statutory exemption.* Subsection (1) (1) (C) of the 1943 Act provides that it shall not apply to—

(C) Any contract or subcontract for an agricultural commodity in its raw or natural state, or if the commodity is not customarily sold or has not an established market in its raw or natural state, in the first form or state, beyond the raw or natural state, in which it is customarily sold or in which it has an established market. The term "agricultural commodity" as used herein shall include but shall not be limited to—

(i) Commodities resulting from the cultivation of the soil such as grains of all kinds, fruits, nuts, vegetables, hay, straw, cotton, tobacco, sugar cane, and sugar beets;

(ii) Natural resins, saps and gums of trees;

(iii) Animals such as cattle, hogs, poultry, and sheep, fish and other marine life, and the produce of live animals, such as wool, eggs, milk and cream;

(2) *Interpretation and application of exemption*—(a) *Applicability.* This provision of the 1943 Act is retroactive as if it were a part of the Renegotiation Act on the date of its enactment, April 28, 1942.

(b) *Interpretation.* The purpose of this provision is to exempt from renegotiation farmers, fruit growers, livestock raisers, fishermen and other basic producers of agriculturer commodities and those who trade in such products or handle or transport them without processing them; it is not intended to exempt canners, processors, manufacturers and others who acquire products of this type from the basic producer and process them to a higher form or state. In order to qualify for exemption the product contracted for must be an agricultural commodity in its raw or natural state, or if such a commodity is not customarily sold or does not have an established market in its raw or natural state in the first form or state beyond the raw or natural state in which it is customarily sold or in which it has an established market.

(c) *Application.* A commodity will be deemed to be an agricultural commodity in its raw or natural state only so long as it has not undergone some process of treatment or fabrication. In the case of fruits, vegetables, and other like products this state does not ordinarily extend beyond the state in which such products are harvested. In the case of livestock, it terminates at the time the animal is slaughtered. Where an agricultural commodity is not customarily sold or does not have an established market in its raw or natural state as above defined and is no longer in such state the exempt status of such commodity will terminate with the state in which the commodity is first customarily sold or has an established market, and, with the exception of the produce of live animals which are specifically exempted, the exemption will not apply to any derivative products which are derived from such commodity in the state in which it is first sold, whether as a result of division, separation or further treatment or processing. For the purposes of determining whether an agricultural commodity is customarily sold or has an established market, regard will be given to the entire field in which such commodity is produced or marketed rather than to sections or local practices; and varieties, types or classes of the commodity will be disregarded. Profits or losses from sales of agricultural commodities in their exempt form or state, including sales of futures in such commodities, are excluded from consideration in renegotiation. The War Contracts Price Adjustment Board has determined the form or state at which the exemption terminates in the case of each of the agricultural commodities set forth [below] in [RR] paragraph 844 and will continue to determine and publish from time to time additions to this list.

RR 844 provides as follows:

844. *List of exempted agricultural commodities.* Determination of the War Contracts Price Adjustment Board of the exemption from renegotiation of contracts and subcontracts for agricultural commodities under section 403 (1) (1) (C) of the Renegotiation Act of 1943.

1. Pursuant to the authority conferred upon the War Contracts Price Adjustment Board by Section 403 (1) (2) of the Renegotiation Act of 1943, the Board hereby determines that under subsection (1) (1) (C) of such section, relating to the exemption of contracts or subcontracts for agricultural commodities, the form or state indicated in the following list, is the last form or state at which the exemption applies:

Agricultural Commodity and Last Form or State at Which Exemption Is To Apply
Beans and peas, dry: Threshed.
Beeswax: In the comb, or in bulk (not packed).
Berries, edible: Fresh.
Cinchona bark: As bark (unprocessed).
Coffee: Beans (green).
Corn: As grain (shelled).
Cotton: Ginned (in the bale).
Cottonseed: Unprocessed (as they come from the gin).
Cream, fluid: As sold from farms (not pasteurized).
Drugs (botanical): Crude (unground, unprocessed, unstandardized, unpurified) as customarily sold by the basic producer.
Eggs: In the shell (raw).
Fiber flax straw: Deseeded (baled or unbaled).
Flaxseed (linseed): As seed (unprocessed).
Fruits, edible: Fresh.
Gum opium: As gum in its natural state.
Hay: Baled or unbaled.
Hemp fiber: In bales.
Honey: Crude or "country run."
Jute and sisal fiber: In bales.
Livestock: On the hoof.
Milk, raw fluid: As sold from farms (not pasteurized).
Peanuts: In the shell (raw).
Pine gum: Not distilled or purified.
Poultry: Alive.
Rice: Rough, unpolished (as it comes from the thresher).
Sugar beets: As beets.
Sugar cane: As cane.
Tobacco: Not processed beyond the form or state at which farmers ordinarily sell it.
Tree nuts, edible: In the shell (raw).
Vegetables: Fresh.
Vegetable seeds: Not processed beyond the form or state at which they may be used as seeds.
Wheat, rye, oats and barley: As threshed grain
Wool: In the grease (as clipped from live animals).

2. This determination is made under the the principles set forth in paragraph 344.2 of the Renegotiation Regulations including subdivision (2) (b) thereof.

3. This determination applies to all receipts or accruals under any contract or subcontract for the commodities listed in paragraph 1 of this Regulation regardless of the date when such contract or subcontract was made.

4. This Regulation may be amended from time to time, revising, amending or supplementing the list of exempted commodities contained in paragraph 1 hereof.

RR 344.5 provides as follows:

344.5 *Packaging materials and containers.* If there are delivered to a Department end products, contracts for which are exempted from renegotiation under subsections (1) (1) (B) or (C) of the 1943 Act relating to certain raw materials or agricultural commodities, the exemption of the end products extends to and includes the packages or containers in which the end products are delivered to the Department.

§ 812.1290–3 *Interpretation and application of the mandatory exemption relating to construction contracts.* This section deals with the mandatory exemption relating to construction contracts. For the discretionary exemption relating to construction contracts, see § 812.1291–4.

RR 346.1 and 346.2 provide as follows:

346.1 *Statutory exemption.* Subsection (1) (1) (E) of the 1943 Act provides that it shall not apply to—

(E) Any contract with a Department awarded as a result of competitive bidding, for the construction of any building, structure, improvement, or facility.

346.2 *Interpretation and application of exemption.*

(1) This section of the 1943 Act is applicable only to amounts received or accrued for fiscal years ending after June 30, 1943 (regardless of the date when the contract was made) under any contract which meets all of the following conditions:

(a) The contract is a contract with a Department (i. e., is a prime contract). The exemption has no direct applicability to subcontracts—but see [RR] paragraphs 347 [reprinted in § 812.1290–4] and 356.2 [reprinted in § 812.1291–5] for the principles governing exemption of subcontracts under prime contracts as to which this exemption is applicable.

(b) The contract is for the construction of a building, structure, improvement or other similar facility. A contract will be deemed to be for the construction of a building, structure, improvement or similar facility if the subject matter of the contract is the construction or installation of the whole or any integral part of a building, structure, improvement or similar facility. The exemption has, however, no applicability to contracts for the furnishing of materials or supplies, as such, even if such materials or supplies are to be used in the construction of a building, structure, improvement or similar facility; nor has the exemption any applicability to contracts for the furnishing of machinery or equipment which has or may have a productive function in connection with processing.

(c) The contract was awarded as a result of competitive bidding. A contract will be deemed to have been awarded as a result of competitive bidding only if (i) there has been published advertising or such other solicitation for bids as would open the bidding to all qualified bidders who could have been reasonably expected to bid on a job of the size, character and location concerned, (ii) bids are received from two or more independent, responsible and qualified bidders in actual competition with each other, (iii) the contract is let to the lowest qualified bidder, and (iv) the contract price was not in excess of the low bid received.

(2) In distinguishing a contract for the construction of a building, structure, improvement or similar facility from a contract for the furnishing of machinery or equipment as described in subdivision (1) (b) of this paragraph, regard is to be had to the subject matter of the contract. To the extent that the subject matter of the contract involves the furnishing or the furnishing and installation of machinery or equipment which has or may have use in processing, within the principles stated in [RR] paragraph 333.3, the contract will not be deemed to be a contract for the construction of a building, structure, improvement or similar facility, but will be regarded as a contract for the furnishing of machinery or equipment, in accordance with the principles set forth in paragraphs 335.2 (2) and 335.2 (5) of these [Renegotiation] Regulations. In a case where the construction or installation of the whole or any integral part of a building, structure, improvement or similar facility and the furnishing of machinery or equipment are embraced within a single contract, the undertaking for the construction or installation of the whole or any integral part of the building, structure, improvement or similar facility may be severed from the undertaking to furnish the machinery or equipment and an appropriate finding made as to that portion of the entire contract which may properly be deemed exempt.

(3) If a construction contract is exempt from renegotiation under the provisions of this paragraph 346.2, all modifying instruments thereto providing for additional or different construction of buildings, structures, improvements or facilities to be performed at or adjacent to the site of the original project are considered a part of the original construction contract and therefore are exempt from renegotiation: *Provided, however,* That the aggregate contract prices of all such modifying instruments do not exceed one-third of the contract price of the original construction contract.

(4) Determination whether this exemption is applicable to any particular prime contract shall be made, upon the basis of the principles referred to in the preceding subdivisions of this paragraph, by the renegotiation agency of the Department or Service conducting the renegotiation in which such contract is involved, except as provided in 347.2 (2). The renegotiation agency of each Department or Service shall maintain a central file with respect to determinations made by it as to the exempt or non-exempt status of prime contracts.

§ 812.1290–4 *Interpretation and application of the mandatory exemption relating to subcontracts under exempt contracts or subcontracts.* RR 347.1 and 347.2 provide as follows:

347.1 *Statutory exemption.* Subsection (1) (1) (F) of the 1943 Act provides that it shall not apply to

(F) Any subcontract, directly or indirectly under a contract or subcontract to which this section does not apply by reason of this paragraph.

347.2 *Interpretation and application of exemption.* (1) It should be noted that the exemption applies only where the subcontract is under a contract or subcontract exempted by paragraph (1) of subsection (1) of the 1943 Act. Thus, subcontracts under prime contracts or subcontracts exempted under the discretionary exemptions authorized by subsection (1) (4) of the 1943 Act, the exemption measured by renegotiable volume under subsection (c) (6), or any other exemption or exclusion contained in the 1943 Act, are not exempted by this provision.

* * * * *

(3) Subcontracts for the furnishing of packaging materials and containers in which there are delivered materials or products which are exempt from renegotiation under the provisions of subsections (1) (1) (B) or

(C) of the 1943 Act relating to certain raw materials or agricultural commodities or which are otherwise exempt under paragraph (1) (1) of the 1943 Act (see [RR] paragraphs 333.3 (1), 333.4 (1), 344.5 and 347.2 (1)) constitute subcontracts under exempt prime contracts and are exempt from renegotiation under the provisions of subsection (1) (1) (F) of the 1943 Act.

§ 812.1290–5 *Interpretation of office supplies.* RR 333.4 (3) provides in part as follows:

Office supplies are interpreted to include paper, ink, typewriter ribbons, binders, covers, blotters, paper clips, staples and other items of consumable character, as well as related items of relatively short life and minor cost, such as pens, pen holders, pencils, blotter pads and calendars; they do not include office furniture, machinery and equipment, such as desks, chairs, lamps, rugs, waste baskets, filing cases, typewriters and calculating, recording, reproducing and dictating machines.

§ 812.1291 *Rulings of War Contracts Price Adjustment Board relating to discretionary exemptions from statutory renegotiation.*

§ 812.1291–1 *Discretionary exemption relating to contracts and subcontracts to be performed outside of the United States.* RR 351.1 and 351.2 provide as follows:

351.1 *Statutory authority.* Subsection (1) (4) of the 1943 Act authorizes the War Contracts Price Adjustment Board, in its discretion, to exempt from some or all of the provisions of the act

(A) Any contract or subcontract to be performed outside of the territorial limits of the continental United States or in Alaska.

351.2 *Exemption.* (1) Each contract or subcontract to be performed outside the territorial limits of the continental United States, outside the territories of Alaska and Hawaii, outside the Panama Canal Zone, and outside the other territories and island possessions of the United States shall be exempt from the provisions of the Renegotiation Act of 1943 unless it shall be determined by the War Contracts Board or by any authority to whom power to exempt individual contracts under subsection (1) (4) (A) of the 1943 Act has been or may be delegated or redelegated;

(a) That administrative difficulties do not make impracticable the renegotiation of such contract or subcontract,

(b) That the procurement program of the United States in foreign countries will not be adversely affected by such renegotiation, and

(c) That such renegotiation will not otherwise be contrary to the interests of the United States.

(2) In determining whether the procurement program of the United States in foreign countries or the interests of the United States generally will be adversely affected by such renegotiation, it is considered desirable that representatives of the Department of State of the United States be consulted, if practicable; such consultation shall not, however, be essential to the valid renegotiation of any contractor or subcontractor.

(3) Such determination may be made at any time whether before or after the execution of the contract or subcontract and whether or not it contains a renegotiation clause.

§ 812.1291–2 *Discretionary exemption relating to contracts and subcontracts for profits determinable when price established; real estate, public utilities, perishable goods.* (1) RR 352.1 and 352.2 provide as follows:

352.1 *Statutory authority.* Subsection (1) (4) of the 1943 Act authorizes the War Contracts Price Adjustment Board, in its discretion, to exempt from some or all of the provisions of the Act

(B) any contracts or subcontracts under which, in the opinion of the Board, the profits can be determined with reasonable certainty when the contract price is established, such as certain classes of agreements for personal services, for the purchase of real property, perishable goods, or commodities the minimum price for the sale of which has been fixed by a public regulatory body, of leases and license agreements, and of agreements where the period of performance under such contract or subcontract will not be in excess of thirty days;

352.2 *Exemptions.* (1) In the opinion of the War Contracts Price Adjustment Board, the profits from the following contracts or portions thereof can be determined with reasonable certainty when the contract price is established, and such contracts or portions thereof are accordingly exempted from the provisions of the Renegotiation Act to the extent herein provided:

(a) Contracts and subcontracts for the sale or lease of any interest in real estate (see [RR] paragraph 335.1), or

(b) Contracts and subcontracts for the sale or exchange of tangible property used in the trade or business of the vendor, with respect to which depreciation is allowable under section 23 (l), or amortization is allowable under section 124, of the Internal Revenue Code (not including stock in trade of the vendor or other property which would properly be included in the inventory of the vendor if on hand at the close of his fiscal year, or property held by the vendor primarily for sale in his trade or business), or

(c) Contracts for the sale of vessels and their equipment, other than contracts for the construction of vessels,

(d) Such portion of contracts for the lease of vessels and their equipment, which provides (as in bareboat charters), for a rental for the bare use of the vessel and its equipment (herein called the "use rate"), or which provides (as in time charters) for a use rate, as distinguished from compensation for the services to be rendered by the contractor under the time charter (herein called the "service rate"): *Provided*, That where the time charter contains no segregation of the contract price between the use rate and the service rate, the apportionment of the contract price between the use rate and the service rate may be made by the Department conducting the renegotiation. In connection with such apportionment consideration may be given to the Report of the Advisory Board on Just Compensation, established by the President on October 15, 1943, by Executive Order 9387, which report dated December 7, 1943, established rules of general applicability for the guidance of the War Shipping Administration in determining just compensation to be paid for all vessels requisitioned, purchased, chartered or insured by the said Administration and General Order 37 of the War Shipping Administration (8 F.R. 3806), and any supplements and amendments thereto, to the extent the same may be applicable to such vessels and their equipment. Nothing contained in this subparagraph (d) shall be deemed to exempt from renegotiation contracts commonly known as "space charters" or the service rate in time charters, regardless of whether the vessel involved was requisitioned by the Government or any agency thereof.

(2) The words "when the contract price is established" in subsection (1) (4) (B) of the Renegotiation Act and in the preceding subdivision of this paragraph are a qualification upon the scope of the exemption, and contemplate that the contract or subcontract price shall be established at the time the contract or subcontract is entered into. Accordingly, this exemption extends only to contracts and subcontracts under which the price is a fixed or determinable amount at the time the contract or subcontract is entered into, and does not apply to any contract or subcontract under which the price, at the time the contract or subcontract is entered into, is contingent upon a subsequent event or is thereafter to be determined by reference to a variable element (as, for example, the lessee's sales or profits).

(3) For an exemption relating to certain contracts and subcontracts involving public utilities, see [RR] paragraph 842 [reprinted in subparagraph (2) below]. For an exemption relating to perishable foods, see [RR] paragraph 843 [reprinted in subparagraph (3) below].

(2) RR 842 provides as follows:

842 *Public utility exemptions.*

842.1 *Public utilities; electric power.* (1) Pursuant to subsection (1) (4) of the Renegotiation Act of 1943 (including subsection (1) (4) (B) and (1) (4) (F)) the following classes and types of contracts and subcontracts are exempt to the extent provided in this paragraph from all of the provisions of the Renegotiation Act of 1943:

(a) Any contract or subcontract with a public utility for the delivery of electric power of less than 1,000 kilowatts of contractual demand, except that if the actual demand was 1,000 kilowatts or more at any time during any particular fiscal year, amounts received or accrued under such contract or subcontract for such fiscal year shall not be exempt from renegotiation by reason of this subparagraph (a).

(b) Any subcontract with a public utility for the delivery of electric power without regard to the contractual or actual demand, except that

(i) If such subcontract for electric power is with a contractor having a contract with a Department providing for the reimbursement by a Department of substantially all costs of the contractor incurred under such subcontract for electric power, or

(ii) If a Department has contracted to pay or guarantee the payment of substantially all amounts payable under such subcontract for electric power,

then in either such case such subcontract for electric power shall not be exempt from renegotiation by reason of this subparagraph (b).

(2) Amounts received or accrued under any contract or subcontract with a public utility with respect to the construction or installation of facilities for the generation, transmission or distribution of electric power shall not be exempt from renegotiation by reason of this paragraph 842.1 even though such contract or subcontract also calls for the delivery of electric power.

842.2 *Public utilities; gas.* (1) Pursuant to subsection (1) (4) of the Renegotiation Act of 1943 (including subsection (1) (4) (B) and (1) (4) (F)) the following classes and types of contracts and subcontracts are exempt to the extent provided in this paragraph from all of the provisions of the Renegotiation Act of 1943:

(a) Any contract or subcontract with a public utility for the delivery of gas, except that if the amounts received or accrued under any such contract or subcontract during any particular fiscal year were $50,000 or more, amounts received or accrued under such contract or subcontract for such fiscal year shall not be exempt from renegotiation by reason of this subparagraph (a). (If such fiscal year is a fractional part of twelve months, the $50,000 amount shall be reduced to the same fractional part thereof for the purposes of this subparagraph (a).)

(b) Any subcontract with a public utility for the delivery of gas without regard to the amounts received or accrued thereunder during any fiscal year, except that

(i) If such subcontract for gas is with a contractor having a contract with a Department providing for the reimbursement by a Department of substantially all costs of the contractor incurred under such subcontract for gas, or

(ii) If a Department has contracted to pay or guarantee the payment of substantially all amounts payable under such subcontract for gas,

then in either such case such subcontract for gas shall not be exempt from renegotiation by reason of this subparagraph (b).

(2) Amounts received or accrued under any contract or subcontract with a public utility with respect to the construction or installation of facilities for the generation, transmission or distribution of gas shall not be exempt from renegotiation by reason of this paragraph 842.2 even though such contract or subcontract also calls for the delivery of gas.

842.3 *Public utilities; transportation.* Pursuant to subsection (1) (4) of the Renegotiation Act of 1943 (including subsection (1) (4) (B) and (1) (4) (F)) the following classes and types of contracts and subcontracts are exempt from all of the provisions of the Renegotiation Act of 1943:

(1) Contracts and subcontracts with common carriers to furnish transportation by railroad, motor vehicle, pipe line or air, when made at published rates or charges, fixed, approved or subject to regulation as to the reasonableness thereof by a public regulatory body, or when made at rates or charges which the Department conducting the renegotiation in its discretion shall determine to be no higher than such published rates or charges for transportation of a comparable character.

(2) Contracts and subcontracts with common carriers to furnish inland or coastal transportation by water, when made at published rates or charges, fixed, approved or subject to regulation as to the reasonableness thereof by the Interstate Commerce Commission, or when made at rates or charges which the Department conducting the renegotiation in its discretion shall determine to be no higher than such published rates or charges for transportation of a comparable character.

(3) Contracts and subcontracts with freight forwarders when made at published rates or charges, fixed, approved or subject to regulation as to the reasonableness thereof by the Interstate Commerce Commission.

842.4 *Public utilities; communications.* Pursuant to subsection (1) (4) of the Renegotiation Act of 1943 (including subsection (1) (4) (B) and (1) (4) (F)) the following classes and types of contracts and subcontracts are exempt from all of the provisions of the Renegotiation Act of 1943:

(1) Contracts and subcontracts with telephone, telegraph, cable and radio companies to furnish the service of transmitting messages, other communications services or communications facilities, when made at published rates or charges, fixed, approved or subject to regulation as to the reasonableness thereof by a public regulatory body, or when made at rates or charges which the Department conducting the renegotiation in its discretion shall determine to be no higher than such published rates or charges for services or facilities of a comparable character.

842.5 *Public utilities. Furnishing of water or removal of sewage.* (1) Pursuant to subsection (1) (4) of the Renegotiation Act of 1943 (including subsection (1) (4) (B) and (1) (4) (F)) the following classes and types of contracts and subcontracts are exempt to the extent provided in this paragraph from all of the provisions of the Renegotiation Act of 1943:

(a) Any contract or subcontract with a public utility for the furnishing of water, steam or the removal of sewage, except that if the amounts received or accrued under any such contract or subcontract during any particular fiscal year were $10,000 or more, amounts received or accrued under such contract or subcontract for such fiscal year shall not be exempt from renegotiation by reason of this subparagraph (a). (If such fiscal year is a fractional part of twelve months, the $10,000 amount shall be reduced to the same fractional part thereof for the purposes of this subparagraph (a)).

(b) Any subcontract with a public utility for the furnishing of water, steam or the removal of sewage without regard to the amounts received or accrued thereunder during any fiscal year, except that:

(i) If such subcontract for water, steam or the removal of sewage is with a contractor having a contract with a Department providing for the reimbursement by a Department of substantially all costs of the contractor incurred under such subcontract for water, steam or the removal of sewage, or

(ii) If a Department has contracted to pay or guarantee payment of substantially all amounts payable under such subcontract for water, steam or the removal of sewage, then in either such case such subcontract for water, steam or the removal of sewage shall not be exempt from renegotiation by reason of this subparagraph (b).

842.6 *Subcontracts.* Pursuant to subsection (1) (4) of the Renegotiation Act of 1943 (including subsection (1) (4) (B) and (1) (4) (F)) the following classes and types of contracts and subcontracts are exempt from all of the provisions of the Renegotiation Act of 1943.

(1) Subcontracts under any contracts or subcontracts exempted pursuant to paragraphs 842.1 through 842.5 inclusive.

842.7 *Scope of exemptions.* All of the exemptions made under paragraphs 842.1 through 842.6, inclusive, apply to contracts and subcontracts of the specified classes and types, whether heretofore or hereafter made or performed, and whether or not they contain renegotiation provisions.

(3) RR 843 provides as follows:

843. *List of exempted foods.* Determination of the War Contracts Price Adjustment Board of the exemption from renegotiation of contracts and subcontracts for perishable foods under Section 403 (1) (4) (B) of the Renegotiation Act of 1943.

Pursuant to the authority conferred upon the War Contracts Price Adjustment Board by Section 403 (1) (4) (B) of the Renegotiation Act of 1943, concerning the exemption of contracts and subcontracts for certain perishable goods from renegotiation under the Renegotiation Act of 1943, the War Contracts Price Adjustment Board hereby determines that the foods set forth in the list attached hereto and designated as Exhibit 1 are perishable; and that, in the opinion of the Board, the profits under contracts and subcontracts for the purchase of such foods can be determined with reasonable certainty when the contract price is established; and that contracts and subcontracts, heretofore or hereafter made, for the purchase of such foods are hereby declared to be exempt from all of the provisions of the Renegotiation Act of 1943.

EXHIBIT 1

Fresh fruits: Apples, apricots, bananas, berries (blue and black), cantaloupes, cherries, cranberries, grapes, grapefruit, honeydew melons, lemons, limes, oranges, pears, peaches, plums, strawberries, tangerines, watermelons, and other miscellaneous fresh fruits.

Fresh vegetables: Asparagus, beans, lima, beans, string, beets, broccoli, cauliflower, corn, cucumbers, egg plant, endive (chicory), greens (collards, etc.), kale, lettuce, onions, green, onions, dry, parsley, parnsips, peas, peppers, green, potatoes, Irish, potatoes, sweet, radishes, spinach, squash, tomatoes, turnips and rutabagas, mushrooms, rhubarb, and other miscellaneous fresh vegetables.

Dairy products: Butter (except canned), cheese (except processed canned), ice cream; ice cream mix in unsealed containers, fresh fluid milk and fresh fluid cream.

Poultry: Chicken (except canned), turkey (except canned) and other poultry (except canned).

Meats: Beef (except canned and dehydrated), pork (except canned and dehydrated), lamb and mutton (except canned and dehydrated), veal (except canned and dehydrated), smoked or processed meats (except canned and dehydrated), other meats (except canned and dehydrated), lard and lard substitutes and offals (except canned and dehydrated).

Fish and sea foods: Fresh or frozen and salted or smoked (except canned).

Frozen vegetables.

Frozen fruits.

Bread and other bakery products (except biscuits, crackers, cracker meal, breakfast cereals, hard bread and zwieback).

Potato chips.

Compressed yeast.

Shell eggs.

Margarine.

Any other perishable food of a similar nature which may be determined from time to time by any of the Departments to be of the same general character as the items specifically set forth on the above list: *Provided, however*, That any items so added shall be reported to the Secretary of the War Contracts Price Adjustment Board.

§ 812.1291–3 *Discretionary exemption relating to contracts and subcontracts for standard commercial articles.* RR 845 provides as follows:

845. *Standard commercial article exemption.*

845.1 *Fiscal years ending after June 30, 1943 and prior to July 1, 1944.* (RR 845.1 is omitted from Procurement Regulations.)

845.2 *Fiscal years ending after June 30, 1944 and prior to July 1, 1945.* (1) Pursuant to the authority given to the War Contracts Price Adjustment Board by subsection (1) (4) of the Renegotiation Act of 1943, the Board, under the provisions of subsection (1) (4) (D) of the 1943 Act, has exempted from renegotiation amounts received or accrued during fiscal years ending after June 30, 1944 and prior to July 1, 1945 under contracts or subcontracts for the making or furnishing of the following articles:

(a) Iron scrap and steel scrap; non-ferrous metal scrap; woolen waste, including woolen rags and clips, new and old; scrap rubber; waste paper; cotton or linen rags, including old bagging and old rope; and textile waste; sold by dealers or brokers.

(COMMENT: The exemption of these articles as standard commercial articles applies only to dealers and brokers in these articles and is not to be construed as affecting, in any way, users of these articles (in particular, manufacturers who use these articles), nor does it affect manufacturers who may produce and sell these articles as a by-product in the course of their operation. Neither does the exemption cover sales of these articles in any form other than as scrap or waste.)

(b) Reserved.

(c) Reserved.

(d) Reserved.

(e) Paper of the following types and grades, sold by paper mills; Groundwood and free sheet uncoated and coated book papers (including but not limited to free sheet and groundwood offset, envelope and tablet papers); Mimeograph and duplicating (both groundwood and free sheet); Bond, writing and ledger, including opaque circular; Manifold and onion skin; Cover and text; Index and Bristol; Map paper (except wet-strength map paper); Post card paper; Blue print base stock.

(f) Paper and paper products sold by merchants.

(COMMENT: This exemption does not apply to sales of paper or paper products which have been manufactured, converted or processed by the seller or by any person under the control of or controlling or under common control with the seller.)

(g) Ready mixed concrete.

(h) Portland cement.

(i) Wheat flour.

(COMMENT: This exemption applies only to sales by the person milling the flour. Wheat flour includes granular flour and farina; whole wheat flour; products of the milling of durum wheat including whole durum flour and semolina; and blends of the foregoing. Bleached, bromated, enriched, phosphated and self-rising flour are considered flour for purposes of this exemption.)

(j) Quick and hydrated lime.

(k) Dead-burned dolomite.

(l) Dead-burned magnesite made from dolomite stone, seawater or brine.

The Board had previously exempted these same articles from renegotiation for fiscal years ending after June 30, 1943 and prior to July 1, 1944. However, the exemption of "paper of the following types and grades, sold by paper mills * * *" for the fiscal years ending 1944–1945 now includes a parenthetical limitation on map paper reading "* * * (except wet-strength map paper) * * *" which limitation was not in effect for the preceding fiscal years ending 1943–1944.

§ 812.1291–4 *Discretionary exemption relating to contracts and subcontracts when effective competition is likely to exist; construction contracts.* This section deals with the discretionary exemption. For the mandatory exemption relating to construction contracts, see § 812.1290–3.

RR 355 provides as follows:

355 *Contracts and subcontracts when effective competition is likely to exist.*

355.1 *Statutory authority.* Subsection (1) (4) of the 1943 Act authorizes the War Contracts Price Adjustment Board, in its discretion, to exempt from some or all of the provisions of the act.

(E) any contract or subcontract if, in the opinion of the Board, competitive conditions affecting the making of such contract or subcontract are such as are likely to result in effective competition with respect to the contract or subcontract price.

355.2 *General interpretation of exemption.* The War Contracts Board will make exemptions under this provision only as to classes or types of contracts on the basis of the subject matter with which the contract or subcontract is concerned. Exemptions by the Board will be based upon broad national conditions and considerations and will be limited to those fields where, in the opinion of the Board, not only do competitive conditions exist, but the competition is such that it may be presumed to be effective in the sense of producing fair and reasonable prices for the Government and in generally eliminating excessive profits.

355.3 *Application of exemption to construction contracts and subcontracts entered into subsequent to June 30, 1943, and before January 1, 1944.* (1) The War Contracts Board has found that competitive conditions affecting the making of construction contracts and subcontracts entered into subsequent to June 30, 1943, were such as to result in effective competition with respect to the contract or subcontract price where all of the following conditions exist,

(a) The contract or subcontract is for the construction of a building, structure, improvement or similar facility. A contract or subcontract will be deemed to be for the construction of a building, structure, improvement or similar facility if the subject matter thereof is the construction or installation of the whole or any integral part of a building, structure, improvement or similar facility. The exemption has, however, no applicability to contracts or subcontracts for the furnishing of materials or supplies, as such, even if such materials or supplies are to be used in the construction of a building, structure, improvement or similar facility; nor has the exemption any applicability to contracts or subcontracts for the furnishing of machinery or equipment which has or may have a productive function in connection with processing;

(b) The contract or subcontract did not constitute a substitute for or a revision or extension of an existing contract or subcontract entered into on or before June 30, 1943;

(c) The work covered by the contract was substantially the same as the work for which the bids were requested;

(d) Bids were received from two or more independent, responsible and qualified bidders in actual competition with each other; and

(e) The contract or subcontract was let to the lowest qualified bidder, at a price not in excess of the low bid;

or where the subcontract is a construction contract which (i) meets the conditions prescribed in subparagraph (a) above, and (ii) is a subcontract under a contract or subcontract exempt from renegotiation under the foregoing provisions of this paragraph 355.3. Accordingly, the War Contracts Price Adjustment Board, in accordance with subsection (1) (4) of the Renegotiation Act, has exempted such contracts and subcontracts from all of the provisions of the Act.

(2) In distinguishing a contract or subcontract for the construction of a building, structure, improvement or facility from a contract or subcontract for the furnishing or installation of machinery or equipment, the principles of [RR] paragraph 346.2 (2) [reprinted in § 812.1290–3] will be followed.

(3) If a construction contract or subcontract is exempt from renegotiation under the provisions of this paragraph 355.3, all modifying instruments thereto providing for additional or different construction of buildings, structures, improvements or similar facilities at or adjacent to the site of the original project are considered a part of the original construction contract or subcontract and therefore are exempt from renegotiation, *Provided, however,* That the aggregate contract prices of all such modifying instruments do not exceed one-third of the contract price of the original construction contract or subcontract.

(4) Determination whether this exemption is applicable to any particular prime contract shall be made, upon the basis of the principles referred to in the preceding subdivisions of this paragraph, by the renegotiation agency of the Department or Service conducting the renegotiation in which such prime contract is involved. The renegotiation agency of each Department or Service shall maintain a central file with respect to determinations made by it as to the exempt or non-exempt status of prime contracts. In any case in which the renegotiable status of a construction subcontract is dependent upon the applicability or nonapplicability of the provisions of this paragraph 355.3 to a prime contract, the procedure to be followed shall be the same as is provided in [RR] paragraph 347.2 (2). If the exempt or non-exempt status of a construction subcontract is not dependent upon the status of a prime contract, then the renegotiation agency of the Department or Service conducting the renegotiation in which such subcontract is involved shall determine the exempt or non-exempt status of such subcontract.

355.4 *Application of exemption to construction contracts and subcontracts entered into subsequent to December 31, 1943.* The War Contracts Board has found that competitive conditions affecting the making of construction contracts and subcontracts entered into subsequent to December 31, 1943, were such as to result in effective competition with respect to the contract or subcontract price, and accordingly, the Board, in accordance with subsection (1) (4) of the 1943 Act, has exempted such contracts and subcontracts from all of the provisions of the 1943 Act. The term "construction contracts and subcontracts" as used herein shall be construed in accordance with the principles set forth in subparagraphs (1) (a) and (2) of [RR] paragraph 355.3.

§ 812.1291–5 *Discretionary exemption relating to subcontracts where not administratively feasible to determine and segregate profits.* RR 356.1 and 356.2 provide as follows:

356.1 *Statutory authority.* Subsection (1) (4) of the 1943 Act authorizes the War Contracts Price Adjustment Board, in its discretion, to exempt from some or all of the provisions of the act.

(F) Any subcontract or group of subcontracts not otherwise exempt from the provisions of this section, if, in the opinion of the Board, it is not administratively feasible in the case of such subcontract or in the case of such group of subcontracts to determine and segregate the profits attributable to such subcontract or group of subcontracts from the profits attributable to activities not subject to renegotiation.

356.2 *Exemption.* (1) The War Contracts Board has found that it is not administratively feasible to determine and segregate the profits attributable to activities subject to renegotiation from those not so subject in the case of the following subcontracts:

(a) Subcontracts directly or indirectly under a prime contract to which the provisions of [RR] paragraph 346.2 [reprinted in § 812.1290–3] are applicable as to only a portion of the amounts received or accrued therefrom, due to the fact that a portion of such amounts were received or accrued in a fiscal year ending prior to July 1, 1943;

(b) Subcontracts directly or indirectly under any modifying instrument of the general type described in [RR] paragraph 346.2 (3) [reprinted in § 812.1290–3] (regardless of whether such modifying instrument is exempted under that paragraph) which modifies a contract to which the provisions of [RR] paragraph 346.2 are applicable; and

(c) Subcontracts for the construction of a building, structure, improvement or other similar facility directly or indirectly under any modifying instrument of the general type described in [RR] paragraph 355.3 (3) [reprinted in § 812.1291–4] (regardless of whether such modifying instrument is exempted from renegotiation under [RR] paragraph 355.3).

The War Contracts Board has therefore exempted the foregoing subcontracts from all the provisions of the 1943 Act.

(2) Since the powers of the War Contracts Board under subsection (1) (4) (F) ([RR] paragraph 356.1) are applicable only to amounts received or accrued for fiscal years ending after June 30, 1943, the exemptions made by this paragraph 356.2 are applicable only to amounts received or accrued under such subcontracts for fiscal years ending after June 30, 1943.

(3) In determining whether a subcontract is one for the construction of a building, structure, improvement or other similar facility, the principles of [RR] paragraph 346.2 shall be applied.

Reference is also made to RR 842 set forth in § 812.1291–2 (b).

§ 812.1292 *Determination by the Quartermaster General of perishable commodities.* Under date of April 13, 1944, The Quartermaster General issued a list of foods determined to be perishable pursuant to the authority conferred upon him by § 812.1205–8. This list is not reproduced here for the reason that all items on such list are included in the list of perishable foods set out in § 812.1291–2 (c).

NOTE: See Part 803, Subparts B and G, defining the scope of authority to use the forms of contracts set forth below.

It should be noted that many of the clauses in the forms are not included in full text, but by reference to sections of Part 803, Subpart H. These clauses will be included in contracts written on the forms only in compliance with the sections referred to. There will also be included in contracts written on the forms such of the other Subpart H clauses, not expressly mentioned in the forms, as are required in the particular case.

In certain cases it may be necessary to make certain editorial changes in Subpart H clauses so that certain words or phrases used throughout the contract will be in conformity.

In certain instances, especially in the case of the short forms of contracts (see § 813.1317 and following), the forms contain shorter or modified versions of some of the clauses set forth in Subpart H of Part 803. In such cases the use of the shorter or modified forms of clauses is to be deemed authorized, notwithstanding the provisions of said Subpart H.

§ 813.1301 *W. D. Contract Form No. 1.*

Contract No. --------

SUPPLY CONTRACT WAR DEPARTMENT

Contractor and address:----------
Contract for:----------
Amount: $----------
Location: ----------
Payment:----------

To be made by ---------- United States Army, at ----------

The supplies and services to be obtained by this instrument are authorized by, are for the purposes set forth in, and are chargeable to the following allotments, the available balances of which are sufficient to cover the cost of the same:

This contract is authorized by the following laws:

CONTRACT FOR SUPPLIES

This contract, entered into this ------ day of ----------, 194----, by the United States of America (hereinafter called the Government) represented by the Contracting Officer executing this contract, and --------

---

---

[1] a corporation organized and existing under the laws of the State of ----------
[2] a partnership consisting of ----------

---

[3] an individual trading as ----------

---

of the city of ---------- in the State of ---------- (hereinafter called the Contractor), witnesseth that the parties hereto do mutually agree as follows:

ARTICLE 1. *Scope of this contract.* The contractor shall furnish and deliver --------

---

for the consideration stated ----------

---

in strict accordance with the specifications, schedules and drawings, all of which are made a part hereof and designated as follows:

Deliveries shall be made as follows:

ART 2. *Changes.* Where the supplies to be furnished are to be specially manufactured in accordance with drawings and specifications, the Contracting Officer may at any time, by a written order, and without notice to the sureties, make changes in the drawings or specifications. Changes as to shipment and packing of all supplies may also be made as above provided. If such changes cause an increase or decrease in the amount due under this contract, or in the time required for its performance, an equitable adjustment shall be made and the contract shall be modified in writing accordingly. Any claim for adjustment under this article must be asserted within 10 days from the date the change is ordered, provided, however, that the Contracting Officer, if he determines that the facts justify such action, may receive and consider, and with the approval of the Secretary of War or his duly authorized representative, adjust any such claim asserted at any time prior to the date of final settlement of the contract. If the parties fail to agree upon the adjustment to be made the dispute shall be determined as provided in Article 11 hereof. But nothing provided in this article shall excuse the Contractor from proceeding with the contract as changed.

[NOTE: (1) For alternative form of this Article, see § 803.329a.

(2) For the purposes of the fourth sentence of this Article, and for the purpose of any like provision contained in any contract clause which has been inserted in a contract in lieu of the above article, the chief of the technical service or such person as he may designate shall be deemed to be the "duly authorized representative of the Secretary of War".]

ART. 3. *Extras.* Except as otherwise herein provided, no charge for extras will be allowed unless the same have been ordered in writing by the Contracting Officer and the price stated in such order.

ART. 4. *Inspection.* (a) All material and workmanship shall be subject to inspection and test at all times and places and, when practicable, during manufacture. In case any articles are found to be defective in material or workmanship, or otherwise not in conformity with the specification requirements, the Government shall have the right to reject such articles, or require their correction. Rejected articles, and/or articles requiring correction, shall be removed by and at the expense of the Contractor promptly after notice so to do. If the Contractor fails to promptly remove such articles and to proceed promptly with the replacement and/or correction thereof, the Government may, by contract or otherwise replace and/or correct such articles and charge to the Contractor the excess cost occasioned the Government thereby, or the Government may terminate the right of the Contractor to proceed as provided in Article 5 of this contract, the Contractor and surety being liable for any damage to the same extent as provided in said Article 5 for terminations thereunder.

(b) If inspection and test, whether preliminary or final, are made on the premises of the Contractor or subcontractor, the Contractor shall furnish, without additional charge, all reasonable facilities and assistance for the safe and convenient inspections and tests required by the inspectors in the performance of their duty. All inspections and tests by the Government shall be performed in such a manner as not to unduly delay the work. Special and performance tests shall be as described in the specifications. The Government reserves the right to charge to the Contractor any additional cost of inspection and test when articles are not ready at the time inspection is requested by the Contractor.

(c) Final inspection and acceptance of materials and finished articles will be made after delivery, unless otherwise stated. If final inspection is made at a point other than the premises of the Contractor or subcontractor, it shall be at the expense of the Government except for the value of samples used in case of rejection. Final inspection shall be conclusive except as regards latent defects, fraud, or such gross mistakes as amount to fraud. Final inspection and acceptance or rejection of the materials or supplies shall be made as promptly as practicable, but failure to inspect and accept or reject materials or supplies shall not impose liability on the Government for such materials or supplies as are not in accordance with the specifications. In the event public necessity requires the use of materials or supplies not conforming to the specifications, payment therefor shall be made at a proper reduction in price.

[1] Delete all lines which do not apply.

ART. 5. *Delays—damages.* (Insert § 803.352).

ART. 6. *Responsibility for supplies tendered.* The Contractor shall be responsible for the articles or materials covered by this contract until they are delivered at the designated point, but the Contractor shall bear all risk on rejected articles or materials after notice of rejection. Where final inspection is at point of origin but delivery by Contractor is at some other point, the Contractor's responsibility shall continue until delivery is accomplished.

ART. 7. *Increase or decrease.* Unless otherwise provided herein, no increase or decrease in the total number of articles contracted for under Article I hereof, will be accepted, without the prior written approval of the Contracting Officer. (Or insert § 803.329)

ART. 8. *Payments.* The Contractor shall be paid, upon the submission of properly certified invoices or vouchers, the prices stipulated herein for articles delivered and accepted or services rendered, less deductions, if any, as herein provided. Unless otherwise specified, payments will be made on partial deliveries accepted by the Government when the amount due on such deliveries so warrants; or, when requested by the Contractor, payments for accepted partial deliveries shall be made whenever such payments would equal or exceed either $1,000 or 50 percent of the total amount of the contract.

ART. 9. *Officials not to benefit.* (Insert § 803.322)

ART. 10. *Covenant against contingent fees.* (Insert § 803.323)

ART. 11. *Disputes.* (Insert § 803.326)

ART. 12. *Termination for convenience of the Government.* (Insert § 803.324)

ART. 13. *Renegotiation.* (See § 803.342 and Part 812)

ART. 14. *Walsh-Healey Act.* (Insert § 805.353 or 803.353-4)

ART. 15. *Notice to Government of labor disputes.* (Insert § 803.354)

ART. 16. *Prison-made materials.* (Insert § 803.345)

ART. 17. *Anti-discrimination.* (Insert § 803.325)

ART. 18. *Assignment of claims.* (Insert § 803.355 or 803.356)

ART. 19. *Notice of shipments.* (Insert § 803.328)

ART. 20. *Federal, State, and local taxes.* (Insert § 803.357)

ART. 21. *Domestic articles.* (Insert § 803.327)

ART. 22. *Subcontracting.* (Insert § 803.367)

ART. 23. *Definitions.* (a) The term "Secretary of War" as used herein shall include the Under Secretary of War, and the term "his duly authorized representative" shall mean any person or board authorized by the Secretary of War to act for him other than the Contracting Officer.

(b) Except for the original signing of this contract, and except as otherwise stated herein, the term "Contracting Officer" as used herein shall include his duly appointed successor or his authorized representative.

ART. 24. *Alterations.* The following changes were made in this contract before it was signed by the parties hereto:

In witness whereof, the parties hereto have executed this contract as of the day and year first above written.

THE UNITED STATES OF AMERICA,

By _____

_____
(Official title)

_____
(Contractor)

By _____

_____
(Business Address)

Two Witnesses:

_____

_____
(Address)

_____

_____
(Address)

I _____, certify that I am the Secretary of the corporation named as Contractor herein; that _____, who signed this contract on behalf of the Contractor was then _____ of said corporation; that said contract was duly signed for and on behalf of said corporation by authority of its governing body and is within the scope of its corporate powers.

In witness whereof, I have hereunto affixed my hand and the seal of said corporation this _____ day of _____, 194--.

[CORPORATE SEAL]

_____
(Secretary)

I hereby certify that, to the best of my knowledge and belief, based upon observation and inquiry, _____ who signed this contract for the _____; had authority to execute the same, and is the individual who signs similar contracts on behalf of this corporation with the public generally.

_____
Contracting Officer.

(a) *Additional articles.* The following additional articles may be inserted in supply contracts in appropriate cases:

ARTICLE ____. *Final inspection with performance tests.* (a) No acceptance of the articles contracted for herein shall be regarded as final until such article shall have passed such final inspection as may be prescribed by _____,[1] or his duly authorized representative, and which shall include the following, but without limitation:

1. Inspection of each article upon arrival at the site of final inspection, for damage in transit, which damage shall be at the risk of the Contractor.

2. Such special and performance tests as are described in the specifications.

3. Inspection of components for failure due to such performance tests.

(b) When, during said performance tests, failure occurs due to faulty material or workmanship for which the Contractor is responsible, and such failure is of such magnitude that additional performance tests are required after the necessary repairs or replacements have been made, the cost of such additional performance tests will be borne by the Contractor. The _____[1] or his duly authorized representative, will decide in each case whether additional performance tests are required, and his decision in this regard shall be final and conclusive.

(c) The Contractor is authorized to have a representative present during the performance tests of any of the articles delivered under this contract.

(b) Where final acceptance cannot be made without some test after delivery, such as a proof test or a performance test, use the following in place of Article 8:

ARTICLE ____. *Payment.* The Contractor shall be paid as follows:

(a) _____ percent of the unit contract price of the supplies contracted for, upon submission of properly certified invoices therefor, and after delivery thereof; *Provided*, That any advance payments, or partial payments, made under this contract shall be liquidated by appropriate deductions from all payments made under this paragraph (a).

(b) _____ percent of the unit contract price on each unit delivered, after final tests and final acceptance thereof; but in any event payment will be made within six (6) months after such delivery, if not rejected within such time and if the units delivered comply with the specifications in all respects other than such as are determinable only by final tests; *Provided further*, If any advance payments or partial payments proportionately chargeable against such units remain unliquidated, appropriate deductions shall be made from payments made under this paragraph (b).

(c) In cases where it clearly appears from previous favorable experience with the particular contractor that the withholding until final test of a percentage of the unit price of each article delivered is unnecessary for the protection of the Government, the following clause may be used in lieu of that set forth in paragraph (a) of this section, under such limitations or restrictions as may be prescribed by the chief of the technical service concerned:

ARTICLE ____. *Payment.* The Contractor shall be paid as follows:

(a) Upon the submission of properly certified invoices or vouchers, the unit prices stipulated herein, less deductions, if any, as herein provided, for articles delivered which comply with specifications in all respects other than such as are determinable only by final test.

(b) The last _____ percent (____%) of the total contract price for the articles contracted for hereunder shall be withheld by the Government until final test and final acceptance of all such articles; but, in any event, payment of the amount withheld by the Government will be made within six (6) months after delivery of all such articles, if not rejected within such time and if all the articles delivered comply with specifications in all respects other than such as are determinable only by final tests.

(c) Any unliquidated advance or partial payments made under this contract (if this contract provides for such payments) shall be liquidated by proportionate deductions from payments otherwise due hereunder. Any payments (whether by way of direct payment or by liquidation of advance or partial payments) made against the delivery of articles which are rejected upon final test shall be credited or refunded to the Government as directed by the Contracting Officer.

(d) At any time before the completion of this contract the Contracting Officer, by written change order, may (but shall in no event be obliged to) reduce the percentage specified in paragraph (b) above.

ARTICLE____. *Material to be furnished by the Government.* (a) The Government shall deliver to the Contractor at_____, for use in the manufacture of the supplies to be furnished under the terms of this contract, the following material:

(b) Upon the completion or termination of this contract, the Contractor shall deliver to the Government, f. o. b. _____ any of said material, exclusive of scrap or wastage, not used in connection with this contract.

(c) In consideration of a reduction of $_____ per unit in the price of the supplies hereunder, which reduction has been taken account of in the unit contract price stated in Article _____ above, title to all scrap or wastage resulting from the processing of the materials referred to in paragraph (a) hereof shall be and remain in the Contractor.

[1] (c) The Contractor shall provide and maintain adequate facilities in which he shall store and keep all scrap or wastage resulting from the use of said materials furnished by the Government. Title to all such scrap or wastage shall remain in the Government.

ARTICLE _____. *Neutrality Act.* (a) Subsection 12 (g) of the Joint Resolution approved by the President, November 4, 1939, provides:

"No purchase of arms, ammunition, or implements of war shall be made on behalf of the United States by any officer, executive department, or independent establishment of the Government from any person who shall have failed to register under the provisions of this joint resolution."

(b) Prior to the execution of this contract, the Contractor shall furnish a certified or photostatic copy of its Certificate of Registration with the Department of State, which copy shall be attached to the copy of this contract on file in the office of the chief of the technical service concerned.

Contract No._____

CONSTRUCTION CONTRACT
WAR DEPARTMENT

Contractor and Address_____
Contract for_____
Amount: $_____
Location _____
Payment_____
To be made by_____
United States Army, at_____

The supplies and services to be obtained by this instrument are authorized by, are for the purposes set forth in, and are chargeable to the following allotments, the available balances of which are sufficient to cover the cost of the same:

_____

This contract is authorized by the following laws:

CONTRACT FOR CONSTRUCTION

This contract, entered into this_____ day of _____, 194___, by the United States of America (hereinafter called the Government) represented by the Contracting Officer executing this contract, and

_____

_____

_____

[1]a corporation organized and existing under the laws of the State of_____

[1] partnership consisting of_____

_____

_____

[1]an individual trading as_____

_____

_____

of the city of_____In the State of _____ (hereinafter called the Contractor), witnesseth that the parties hereto do mutually agree as follows:

ARTICLE 1. *Statement of work.* The contractor shall furnish the materials, and perform the work for_____

_____

_____

for the consideration of_____

_____

_____

in strict accordance with the specifications, schedules, and drawings, all of which are made a part hereof and designated as follows:

_____

_____

The work shall be commenced_____ and shall be completed_____

ART. 2. *Specifications and drawings.* The contractor shall keep on the work a copy of the drawings and specifications and shall at all times give the contracting officer access thereto. Anything mentioned in the specifications and not shown on the drawings, or shown on the drawings and not mentioned in the specifications, shall be of like effect as if shown or mentioned in both. In case of difference between drawings and specifications, the specifications shall govern. In any case of discrepancy in the figures, drawings, or specifications, the matter shall be immediately submitted to the contracting officer, without whose decision said discrepancy shall not be adjusted by the contractor, save only at his own risk and expense. The contracting officer shall furnish from time to time such detail drawings and other information as he may consider necessary, unless otherwise provided.

ART. 3. *Changes.* The contracting officer may at any time, by a written order, and without notice to the sureties, make changes in the drawings and/or specifications of this contract within the general scope thereof. If such changes cause an increase or decrease in the amount due under this contract, or in the time required for its performance, an equitable adjustment shall be made and the contract shall be modified in writing accordingly. Any claim for adjustment under this article must be asserted within 10 days from the date the change is ordered: Provided, however, that the contracting officer, if he determines that the facts justify such action, may receive and consider, and with the approval of the Secretary of War or his duly authorized representative, adjust any such claim asserted at any time prior to the date of final settlement of the contract. If the parties fail to agree upon the adjustment to be made the dispute shall be determined as provided in Article 15 hereof. But nothing provided in this article shall excuse the contractor from proceeding with the prosecution of the work so changed.

ART. 4. *Changed conditions.* Should the contractor encounter, or the Government discover, during the progress of the work subsurface and/or latent conditions at the site materially differing from those shown on the drawings or indicated in the specifications, or unknown conditions of an unusual nature differing materially from those ordinarily encountered and generally recognized as inhering in work of the character provided for in the plans and specifications, the attention of the contracting officer shall be called immediately to such conditions before they are disturbed. The Contracting Officer shall thereupon promptly investigate the conditions, and if he finds that they do so materially differ the contract shall with the written approval of the Secretary of War or his duly authorized representative, be modified to provide for any increase or decrease of cost and/or difference in time resulting from such conditions.

ART. 5. *Extras.* Except as otherwise herein provided, no charge for any extra work or material will be allowed unless the same has been ordered in writing by the contracting officer and the price stated in such order.

ART. 6. *Inspection.* (a) All material and workmanship (if not otherwise designated by the specifications) shall be subject to inspection, examination, and test by Government inspectors at any and all times during manufacture and/or construction and at any and all places where such manufacture and/or construction are carried on. The Government shall have the right to reject defective material and workmanship or require its correction. Rejected workmanship shall be satisfactorily corrected and rejected material shall be satisfactorily replaced with proper material without charge therefor, and the contractor shall promptly segregate and remove the rejected material from the premises. If the Contractor fails to proceed at once with the replacement of rejected material and/or the correction of defective workmanship the Government may, by contract or otherwise, replace such material and/or correct such workmanship and charge the cost thereof to the contractor, or may terminate the right of the contractor to proceed as provided in Article 9 of this contract, the contractor and surety being liable for any damage to the same extent as provided in said Article 9 for terminations thereunder.

(b) The Contractor shall furnish promptly without additional charge, all reasonable facilities, labor, and materials necessary for the safe and convenient inspection and test that may be required by the inspectors. All inspection and tests by the Government shall be performed in such manner as not unnecessarily to delay the work. Special, full size, and performance tests shall be as described in the specifications. The Contractor shall be charged with any additional cost of inspection when material and workmanship are not ready at the time inspection is requested by the contractor.

(c) Should it be considered necessary or advisable by the Government at any time before final acceptance of the entire work to make an examination of work already completed, by removing or tearing out same, the contractor shall on request promptly furnish all necessary facilities, labor, and material. If such work is found to be defective in any material respect, due to fault of the contractor or his subcontractors, he shall defray all the expenses of such examination and of satisfactory reconstruction. If, however, such work is found to meet the requirements of the contract, the actual cost of labor and material necessarily involved in the examination and replacement, plus 15 percent, shall be allowed the contractor and he shall, in addition, if completion of the work has been delayed thereby, be granted a suitable extension of time on account of the additional work involved.

(d) Inspection of material and finished articles to be incorporated in the work at the site shall be made at the place of production, manufacture, or shipment, whenever the quantity justifies it, unless otherwise stated in the specifications; and such inspection and acceptance, unless otherwise stated in the specifications, shall be final, except as regards latent defects, departures from specific requirements of the contract and the specifications and drawings made a part thereof, damage or loss in transit, fraud, or such gross mistakes as amount to fraud. Subject to the requirements contained in the preceding sentence, the inspection of material and workmanship for final acceptance as a whole or in part shall be made at the site.

ART. 7. *Materials and workmanship.* Unless otherwise specifically provided for in the specifications, all workmanship, equipment, materials, and articles incorporated in the work covered by this contract are to be of the best grade of their respective kinds for the purpose. Where equipment, materials, or articles are referred to in the specifications as "equal to" any particular standard, the contracting officer shall decide the question of equality. The Contractor shall furnish to the contracting officer for his approval the name of the manufacturer of machinery, mechanical and other equipment which he contemplates incorporating in the work, together with their performance capacities and other pertinent information. When required by the specifications, or when called for by the Contracting Officer, the Contractor shall furnish the Contracting Officer for approval full information concerning the materials or articles which he contemplates incorporating in the work. Samples of materials shall be submitted for approval when so directed. Machinery, equipment, materials, and articles installed or used without such approval shall be at the risk of subsequent rejection. The contracting officer may require the contractor to remove from the work such employee as the Contracting Officer deems incompetent, careless, insubordinate, or otherwise objectionable, or whose continued employment on the work is deemed by the Contracting Officer to be contrary to the public interest.

ART. 8. *Superintendence by Contractor.* The Contractor shall give his personal superintendence to the work or have a competent foreman or superintendent, satisfactory to the Contracting Officer, on the work at all

[1] The chief of the technical service concerned.

[1] This paragraph will be used as a substitute for the above paragraph (c), in appropriate cases, where the Government desires the return of the scrap or wastage.

[1] Delete all lines which do not apply.

times during progress, with authority to act for him.

ART. 9. *Delays—damages.* If the contractor refuses or fails to prosecute the work or any separable part thereof, with such diligence as will insure its completion within the time specified in article 1, or any extension thereof, or fails to complete said work within such time, the Government may, by written notice to the contractor, terminate his right to proceed with the work or such part of the work as to which there has been delay. In such event the Government may take over the work and prosecute the same to completion, by contract or otherwise, and the contractor and his sureties shall be liable to the Government for any excess cost occasioned the Government thereby. If the contractor's right to proceed is so terminated, the Government may take possession of and utilize in completing the work such materials, appliances, and plant as may be on the site of the work and necessary therefor; *Provided*, That the right of the contractor to proceed shall not be terminated under this article because of any delays in the completion of the work due to unforeseeable causes beyond the control and without the fault or negligence of the contractor, including, but not restricted to acts of God, or of the public enemy, acts of the Government (including, but not restricted to any preference, priority or allocation order), acts of another contractor in the performance of a contract with the Government, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, and unusually severe weather or delays of subcontractors due to such causes, if the contractor shall within 10 days from the beginning of any such delay (unless the contracting officer, with the approval of the Secretary of War or his duly authorized representative, shall grant a further period of time prior to the date of final settlement of the contract) notify the contracting officer in writing of the causes of delay, who shall ascertain the facts and the extent of the delay and extend the time for completing the work when in his judgment the findings of fact justify such an extension, and his findings of fact thereon shall be final and conclusive on the parties hereto, subject only to appeal within 30 days, by the contractor to the Secretary of War or his duly authorized representative, whose decision on such appeal as to the facts of delay and the extension of time for completing the work shall be final and conclusive on the parties hereto.

ART. 10. *Permits and responsibility for work.* The Contractor shall, without additional expense to the Government, obtain all required licenses and permits and be responsible for all damages to persons or property that occur as a result of his fault or negligence in connection with the prosecution of the work, and shall be responsible for all materials delivered and work performed until completion and final acceptance. Upon completion of the contract the work shall be delivered complete and undamaged.

ART. 10.[1] *Permits and responsibility for work.* The Contractor shall obtain all required licenses and permits. He shall be responsible for all damages to persons that occur as a result of his fault or negligence in connection with the prosecution of the work. Except for "Government property", as defined in Article—(Liability for Government-owned Property), the responsibility for which is as stated in said article, the Contractor shall be responsible for all loss or destruction of or damage to property that occurs as a result of his fault or negligence in connection with the prosecution of the work, and shall be responsible for all materials delivered and work performed until completion and final acceptance. Upon completion of the contract the work shall be delivered complete and undamaged.

ART. 11. *Labor.* (a) (Insert § 803.346.)

(b) *Overtime rates and shifts.* Where a single shift is worked, eight hours of continuous employment, except for lunch periods, shall constitute a day's work beginning on Monday and through Friday of each week. When work is required in excess of eight hours in any one day or during the interval from 5:00 p. m. Friday to 7:00 a. m. Monday, such work shall be paid for at 1½ times the basic rate wages. No premium wage or extra compensation shall be paid for work on customary holidays except that time and one-half wage compensation shall be paid for work performed on any of the following days only: New Year's Day, Fourth of July, Labor Day, Thanksgiving Day, Christmas Day, and Memorial Day. Where two or more shifts are worked, five consecutive days of 7½ consecutive hour shifts, from Sunday midnight to Friday midnight shall constitute a regular week's work. The pay for a full shift period shall be a sum equivalent to eight times the basic hourly rate, and for a period less than the full shift shall be the corresponding proportional amount which the time worked bears to the time allocated to the full shift period. Any time worked from Friday midnight to Sunday midnight or in excess of regular shift hours shall be paid for at 1½ times the basic rate of wages. Wherever found to be practicable, shifts should be rotated.[1]

(c) (Insert clause in § 803.345.)

ART. 12 *Covenant against contingent fees.* (Insert clause in § 803.323.)

ART. 13. *Other contracts.* The Government may award other contracts for additional work, and the Contractor shall fully cooperate with such other Contractors and carefully fit his own work to that provided under other contracts as may be directed by the Contracting Officer. The Contractor shall not commit or permit any act which will interfere with the performance of work by any other contractor.

ART. 14. *Officials not to benefit.* (Insert clause in § 803.322.)

ART. 15. *Disputes.* (Insert article in § 803.326.)

ART. 16. *Payments to contractor.* (a) Unless otherwise provided in the specifications, partial payments will be made as the work progresses at the end of each calendar month, or as soon thereafter as practicable, on estimates made and approved by the Contracting Officer. In preparing estimates the material delivered on the site and preparatory work done may be taken into consideration.

(b) In making such partial payment there shall be retained 10 percent on the estimated amount until final completion and acceptance of all work covered by the contract; *provided, however*, That the contracting officer, at any time after 50 percent of the work has been completed, if he finds that satisfactory progress is being made, may make any of the remaining partial payments in full; *and provided further*, That on completion and acceptance of each separate building, vessel, public work, or other division of the contract, on which the price is stated separately in the contract, payment may be made in full, including retained percentages thereon, less authorized deductions.

(c) All material and work covered by partial payments made shall thereupon become the sole property of the Government, but this provision shall not be construed as relieving the contractor from the sole responsibility for all materials and work upon which payments have been made or the restoration of any damaged work, or as a waiver of the right of the Government to require the fulfillment of all of the terms of the contract.

(d) Upon completion and acceptance of all work required hereunder, the amount due the Contractor under this contract will be paid upon the presentation of a properly executed and duly certified voucher therefor, after the Contractor shall have furnished the Government with a release, if required, of all claims against the Government arising under and by virtue of this contract, other than such claims, if any, as may be specifically excepted by the contractor from the operation of the release in stated amounts to be set forth therein.

ART. 17. *Rate of wages.* (Insert clauses in §§ 803.343 and 803.343-1.)

ART. 18. *Termination for convenience of the Government.* (Insert clause in § 803.344-1.)

ART. 19. *Nonrebate of wages.* (Insert clause in § 803.344.)

ART. 20. *Taxes.* (Insert article in § 803.357)

ART. 21. *Additional security.* Should any surety upon any bond furnished in connection with this contract become unacceptable to the Government, or if any such surety shall fail to furnish reports as to his financial condition from time to time as requested by the Government, the Contractor must promptly furnish such additional security as may be required from time to time to protect the interests of the Government or of persons supplying labor or materials in the prosecution of the work contemplated by the contract.

ART. 22. *Loading and unloading cars.* The Contractor shall load promptly all railroad cars furnished for loading upon his order and shall unload from railroad cars promptly upon arrival all shipments consigned to him, and shall provide storage facilities and other facilities necessary for these purposes; and the contractor shall not order railway cars for loading unless they can be loaded promptly and shall not cause or permit shipments to be consigned to him unless they can be unloaded from railroad cars promptly upon arrival.

ART. 23. *Assignment of claims.* (Insert § 803.355.)

ART. 24. *Renegotiation.* (See § 803.342 and Part 812.)

ART. 25. *Anti-discrimination.* (Insert clause in § 803.325.)

ART. 26. *Notice to the Government of labor disputes.* (Insert clause in § 803.354.)

ART. 27. *Accident prevention.* (Insert clause in § 803.362.)

ART. 28. *Definitions.* (a) The term "Secretary of War" as used herein shall include the Under Secretary of War, and the term "his duly authorized representative" shall mean any person or board authorized by the Secretary of War to act for him other than the Contracting Officer.

(b) Except for the original signing of this contract, and except as otherwise stated herein, the term "Contracting Officer" as used herein shall include his duly appointed successor or his authorized representative.

ART. 29. *Alterations.* The following changes were made in this contract before it was signed by the parties hereto:

[1] This Alternate Article 10 will be inserted instead of the standard Article 10 when the contract contains § 803.365–1a. In such event, § 803.365–1a will be modified to commence as follows:

"Except as otherwise specifically provided, the Contractor shall not be liable for loss or destruction of or damage to "Government property," (i. e., property of the Government in the possession or control of the Contractor in connection with this contract, other than property furnished by the Contractor title to which is vested in the Government by reason of the provisions of Article 16 (c) hereof entitled "Payments to Contractor") (1) caused by any peril • • •".

[1] Clause (b) will be omitted in all contracts for the construction, alteration, or repair of vessels and floating equipment.

In witness whereof, the parties hereto have executed this contract as of the day and year first above written.

Fixed fee_____
Estimated construction cost exclusive of fixed fee_____
Payment _____
To be made by _____ U. S. Army at _____

The supplies and services to be obtained by this instrument are authorized by, are for the purposes set forth in, and are chargeable to the following procurement authorities, the available balances of which are sufficient to cover the cost of the same_____

_____

This contract is authorized by the following laws:

FIXED FEE CONSTRUCTION CONTRACT

This contract, entered into this_____ day of _____, 194__, by The United States of America (hereinafter called the Government) represented by the Contracting Officer executing this contract, and

_____

_____

_____

[1]a corporation organized and existing under the laws of the State _____

_____

[1]a partnership consisting of_____

_____

_____

_____

[1]an individual trading as _____ of the City of _____ in the State of _____ (hereinafter called the Contractor), witnesseth that:

Whereas, the Government desires to engage the services of a Contractor to perform the work and services hereinafter set forth; and

Whereas, the accomplishment of the said work under a fixed-fee contract entered into after negotiations approved by the Secretary of War, and without advertising for proposals, is authorized by law and will facilitate the prosecution of the war; and

Whereas, as a result of such negotiations, the Secretary of War has directed that the Government enter into a fixed-fee contract with the Contractor for the accomplishment of the said work:

Now, therefore, the parties hereto do mutually agree as follows:

ARTICLE I. *Statement of work.* 1. The Contractor shall, in the shortest possible time, furnish the labor, materials, tools, machinery and equipment, facilities, supplies not furnished by the Government, and services, and do all things necessary for the completion of the following work: _____

_____

_____

all in accordance with the drawings and specifications or instructions contained in Appendix "A" hereto attached and made a part hereof, or to be furnished hereafter by the Contracting Officer and subject in every detail to his supervision, direction and instructions.

2. The Contractor shall also perform management services which shall include, among other functions, the scheduling and/or purchasing of items of materials and equipment to avoid any delays in the prosecution of the work hereunder. The Contractor shall advise and consult with the subcontractors on this project and shall direct and supervise their work, subject to the provisions of Article VII; and shall, subject to the direction of the Contracting Officer, store materials and equipment for use in connection with the project.

3. It is estimated that the construction cost of the work listed in Section 1 of this Article will be_____

_____

dollars. ($_____), exclusive of the Contractor's fee, and that the work herein contracted for will be ready for utilization by the Government on or before _____ It is expressly understood, however, that neither the Government nor the Contractor guarantee the correctness of either of these estimates. In consideration of his undertaking under this contract the Contractor shall receive the following:

a. Reimbursement for expenditures as provided in Article II.

b. Rental for Contractor's equipment as provided in Article II.

c. A fixed fee in the amount of_____

_____

dollars ($_____) which shall constitute complete compensation for the Contractor's services including profit and all general overhead expenses.

4. When in the opinion of the Contracting Officer it is to the best interest of the Government, the Contractor shall when so ordered or authorized, subcontract any or all items or classifications of work required under this contract or subsequently added thereto. Such subcontracting of work, or the performance thereof with the Contractor's own forces, regardless of the amount and/or extent of work performed or subcontracted, all with the prior written approval or order of the Contracting Officer, shall entail no adjustment in the fixed fee stipulated in Section 3c of this Article. The fixed fee stipulated in Section 3c of this Article has been determined in the light of the fact that all of the work may be subcontracted pursuant to the foregoing provision. Such fee includes compensation for the services which may be rendered by the Contractor in the negotiation, supervision, and coordination of any work subcontracted and the responsibilities assumed by the Contractor in connection therewith, and is deemed to be reasonable, regardless of the amount or extent of work performed or subcontracted.

5. The Contracting Officer may at any time by written order issue additional instructions, require additional work or services or direct the omission of work or services covered by this contract. If such changes cause a material increase or decrease in the amount or character of the work to be done under this contract an equitable adjustment of the amount of the fixed fee to be paid the Contractor shall be made and the contract shall be modified in writing accordingly. Any claim for adjustment under this Article must be asserted within 10 days from the date the change is ordered (unless the Contracting Officer, with the approval of the Secretary of War or his duly authorized representative, shall grant a further period of time prior to the date of final settlement of the contract). Nothing provided in this Article shall excuse the Contractor from proceeding with the prosecution of the work so changed. There shall be no adjustment in the amount of the fixed fee as provided herein, nor any claim therefor because of any errors and/or omissions made in computing the estimated cost of the construction of the work under this contract or where the actual cost varies from the estimated cost.

ART. II. *Cost of the work.*—1. *Reimbursement for contractor's expenditures.* The Contractor shall be reimbursed in the manner hereinafter described for such of his actual expenditures in the performance of the work as may be approved or ratified by the Contracting Officer and as are included in the following items:

a. All labor, materials, tools, machinery, equipment, supplies, services, utilities, power, and fuel necessary for either temporary or permanent use for the benefit of the work.

b. All subcontracts made in accordance with the provisions of this contract.

c. Rental actually paid by the Contractor, at rates not to exceed those approved by the Contracting Officer, for construction plant in sound and workable condition exceeding $300 in value as may be necessary for the proper and economical prosecution of the work. Each contract for the rental of construction plant or parts thereof by the Contractor from third parties shall be in a form prescribed by the Contracting Officer and shall be subject to his approval and shall include provisions 1. that title to such construction plant or parts thereof free of all liens and encumbrances shall vest in the Government when and if the total rental paid and/or accrued to the lessor for any item of construction plant or parts thereof shall equal the approved value thereof plus one percent (1%) of the approved value per month for each contract month or fraction thereof such piece of equipment shall have been in use, and that on demand the lessor will deliver to the Contracting Officer such evidences of title as he shall demand; and 2. that at any time prior to termination of such rental agreement, the Government may at its option purchase any piece of equipment by paying the lessor the difference between the valuation of such piece of equipment plus one percent (1%) of the approved value per month for each contract month or part thereof such piece of equipment shall have been in use, and the total rental theretofore paid for such piece of equipment provided, however, that either of such provisions may be omitted from such rental agreements if the omission is approved by the Chief of the Technical Service.

d. Unloading and assembling at the site of the work of construction plant owned or rented by the Contractor; transportation thereof to the place or places where it is to be used in connection with said work, dismantling, unloading and return transportation to the point of original shipment or equivalent mileage, but in no event will the payment made for return transportation exceed the payment made for transportation to the job site unless such excess cost results solely from an increase of freight rates, or

[1] Delete all lines which do not apply.

is required by Government transfer of such equipment to another site more distant from the point of origin than the site of the work set out in Article I hereof. Charges for transportation over distances in excess of 500 miles must have the written authorization of the Contracting Officer in advance. Loading at the site of origin and unloading when returned to the original shipping point or other return shipping point will not be paid by the Government and is not a reimbursable item.

e. Repairs and repair parts as are not included in the rental or are not made necessary by the fault or negligence of the Contractor or his employees.

f. Transportation charges on materials and supplies.

g. Transportation and traveling expenses to the work of the necessary field forces for the economical and successful prosecution of the work, and return when such services are no longer required; expenses of procuring labor and expediting the production and transportation of material and equipment. Expenditures under these items shall be either authorized or approved in writing by the Contracting Officer.

h. Salaries of resident engineers, superintendents, timekeepers, foremen, and other field employees of the Contractor in connection with the work. In case the full time of any field employee of the Contractor is not applied to the work, his salary shall be included in this item only in proportion to the actual time applied thereto. No person shall be assigned to service by the Contractor as superintendent of construction, chief engineer, chief purchasing agent, chief accountant, or similar position in the Contractor's field organization, or as principal assistant to any such person, until there has been submitted to and approved by the Contracting Officer a statement of the qualifications, experience, and salary of the person proposed for such assignment. The payment of any excess salary over such scheduled amounts shown in the approved salary schedule, Appendix C, attached hereto and made a part hereof shall not be reimbursable, unless and until the Chief of the Technical Service has so approved in writing.

i. Buildings, trade fixtures and equipment required for necessary field offices, commissaries, hospitals, and other facilities, and the cost of maintaining and operating such field offices, commissaries, hospitals and other facilities; provided that the Contractor may enter into a contract with any third party or parties for the operation of the commissaries, hospitals, or other facilities provided for herein, in which event such contract shall be reduced to writing and the terms thereof subject to the prior written approval of the Contracting Officer.

j. Temporary rights in land required in connection with the work.

k.–n. (Insert clauses *a* to *d*, § 803.365–2.)

o. Payments from his own funds made by the Contractor under the Social Security Act, and any disbursements required by law, which the Contractor may be required on account of this contract to pay on or for any plant, equipment, process, organization, materials, supplies, or personnel; and, if approved in writing by the Contracting Officer in advance, permit and license fees and royalties on patents used, including those owned by the Contractor.

p. If the Contractor and/or his representative shall be required to travel, the Government will reimburse the Contractor for the transportation, including Pullman where necessary, and will allow for such travel Six Dollars ($6.00) per day in lieu of all other expenses. Transportation by automobile on such required travel shall be reimbursed at the rate of Five Cents ($.05) per mile as representing the actual cost of such transportation.

All travel shall be either authorized or approved in writing by the Contracting Officer. Should the Contractor, or any representative thereof, remain in a travel status in excess of six (6) days at any one time, not including the time consumed in travel the cost for such excess travel status shall be at the expense of the Contractor, unless otherwise ordered in writing by the Contracting Officer.

q. When specifically approved in advance by the Contracting Officer, a reasonable allowance for work done in the Contractor's general offices exclusively for and directly chargeable to the work.

r. Disbursements incident to payment of payrolls, including but not limited to the cost of disbursing cash, necessary guards, cashiers, and paymasters. If payments to employees are made by check, facilities for cashing checks must be provided without expense to employees, and the Contractor shall be reimbursed therefor.

s. In the event the Contracting Officer shall determine that the best interests of the Government require that the Contractor initiate or defend litigation in connection with claims of third parties arising out of the performance of this contract, the Contractor will proceed with such litigation in good faith and the costs and expenses of such litigation, including judgments and court costs, allowances rendered or awarded in connection with suits for wages, overtime or salaries, and reasonable attorneys' fees for private counsel when the Government does not furnish Government counsel, shall be reimbursable under this contract.

t. Such other items not expressly excluded by other provisions of this contract as should, in the opinion of the Contracting Officer, be included in the cost of the work. When such an item is allowed by the Contracting Officer, it shall be specifically certified as being allowed under this Subsection.

u. All expenditures for which reimbursement has not been made pursuant to Letter Contract dated _____, a copy of which is attached hereto. Such Letter Contract is hereby merged and superseded by this contract.[1] This Subsection u shall be deemed to be included herein if and only if this contract is preceded by a Letter Contract.

2. *Rental for construction plant owned by Contractor:*

a. Rental shall be paid to the Contractor for construction plant in sound and workable condition, owned and furnished by him for the proper and economical prosecution of the work, as shown in the attached "Appendix B" hereby made a part hereof, at rental rates prescribed by the Under Secretary of War in "Uniform Rental Rates for Contractor-Owned Construction Plant", August 27, 1941.

b. In the event the Contractor, with the approval of the Contracting Officer, furnishes additional equipment that is not included in "Appendix B", rental for such equipment will be paid in accordance with the said "Uniform Rental Rates for Contractor-Owned Construction Plant."

c. Except as otherwise specified herein, rental shall begin on the date of delivery of the construction plant to a common carrier for shipment to the site of the work, as evidenced by bill of lading or other satisfactory evidence covering such shipment. In the event the construction plant is conveyed by the Contractor, the rental shall start at the time transportation to the site begins; however, the rental paid shall not exceed that for the equivalent time of shipment by common carrier.

d. If such construction plant is not in sound and workable condition, to the satisfaction of the Contracting Officer, when delivered at the site of the work, the rental period therefor shall not begin until the construction plant shall have been placed in sound and workable condition at the expense of the Contractor, and rental therefor shall not be paid for any prior period.

e. If such construction plant cannot be placed in sound and workable condition within reasonable time to the satisfaction of the Contracting Officer, no transportation charges for the shipment thereof, to or from the site of the work, shall be paid.

f. The approved value of the construction plant as shown in "Appendix B" shall be deemed binding unless the Contracting Officer shall, within twenty days after such plant has been set up and working modify or change such valuation. In the event a change is made in the valuation of the construction plant, a corresponding change shall be made in the rental rate in accordance with said "Uniform Rental Rates for Contractor-Owned Construction Plant." Thereafter the valuation and the related rental rate shall be binding unless the rental is modified as specified below.

g. Furnish within 15 days of the date of the receipt of written notice from the Contracting Officer, construction plant listed in "Appendix B" provided that the date upon which the Contractor is required to furnish such plant shall not precede the date on which such construction plant is listed as available in said "Appendix B". In the event the Contractor fails to furnish construction plant as required by such notice, the additional cost of acquiring replacement construction plant from any source other than the Contractor shall be paid by the Contractor and shall not be a reimbursable expenditure.

h. Rental for time consumed for repairs, in excess of the time normally required for such repairs as determined by the Contracting Officer, shall be deducted from the rental in the amount of one-thirtieth of the monthly rental rate for each day determined to be in excess. When in the opinion of the Contracting Officer the amount of repairs or maintenance is excessive, a deduction shall be made from the rental.

i. The payment of rental shall cease on a date to be established in a written notice by the Contracting Office; to the Contractor, that the Construction plant is no longer required. The date of release thus established shall include an allowance for the time necessary for final repairs, dismantling and loading for shipment.

GENERAL

3. Title to all materials, tools, machinery, equipment and supplies for which the Contractor shall be entitled to reimbursement under Article II shall vest in the Government at such point or points as the Contracting Officer may designate in writing; provided that the right of final inspection and acceptance or rejection of such materials, tools, machinery, equipment and supplies at such place or places as he may designate in writing is reserved to the Contracting Officer, provided further that, upon such final inspection, the Contractor shall be given written notice of acceptance or rejection as the case may be. In the event of rejection, the Contractor shall be responsible for the removal of the rejected property within a reasonable time.

4. The work shall be executed in the best and most workmanlike manner by qualified, careful, and efficient workers, in strict conformity with the best standard practices.

5. Except as otherwise authorized by the Contracting Officer, all materials shall be of the best quality of their respective kinds. If the Contracting Officer requires that the Contractor submit for prior approval samples of materials proposed for use in the work covered by this contract, the Contractor shall make no commitments for such materials until the submitted sample has been approved by the Contracting Officer.

[1] This contract will bear same date as letter contract.

6. During the performance of this contract, the work shall be under the full-time resident direction of the Contractor, if an individual; of one or more principal partners if the Contractor is a partnership; or in case the Contractor is a corporation, association, or similar legal entity, one or more senior officers thereof; provided however that the Contractor, whether an individual, a partnership, a corporation, or other legal entity, may be represented in the direction of the work by some person of a class other than those specified above, if the Contracting Officer gives his approval. In any event the Contractor shall not be entitled to be reimbursed for any salary, wages or like compensation paid for such direction of the work, whether performed by an individual, a partner, a corporate officer or other representative.

7. a. The Government reserves the right to furnish any materials, construction equipment, machinery, tools, or services, including communication services necessary for the completion of the work. The Contractor shall cause all equipment, machinery, and tools to which title is vested in the Government to be suitably marked with an identifying mark or symbol indicating that such items are the property of the United States. The Contractor shall maintain at all times, in a manner satisfactory to the Contracting Officer, records showing the disposition and/or use of all equipment, machinery, tools and materials purchased for the work and for which he has been reimbursed by the Government or which have been furnished by the Government. Upon the completion of this contract or upon demand, the Contractor shall return such equipment, machinery, tools and unused materials to the place designated by the Contracting Officer.

b. (Insert article in § 803.365–1)

8. The Government reserves the right to pay directly to common carriers any or all freight charges on construction plant, materials, and supplies.

9. The Government reserves the right to pay directly to the persons concerned all sums due from the Contractor for labor, materials, or other charges.

10. No salary of the Contractor, partners or corporate officers of the Contractor's organization shall be included in the cost of the work. No part of the expense incurred in conducting the Contractor's main office or regularly established branch offices, and no overhead expense of any kind, except as specifically authorized in Section 1 of this Article, shall be included in the cost of the work; nor shall any interest on capital employed or on borrowed money be included in the cost of the work.

11. The Contractor shall, to the extent of his ability, take all cash and trade discounts, rebates, allowances, credits, salvage, commissions, and bonifications, and when unable to take advantage of such benefits he shall promptly notify the Contracting Officer with the reason therefor. In determining the actual net cost of articles and materials of every kind required for the purpose of this contract, there shall be deducted from the gross cost thereof all cash and trade discounts, rebates, allowances, credits, commissions, and bonifications which have accrued to the benefit of the Contractor or would have so accrued but for the fault or neglect of the Contractor. Such benefits lost through no fault or neglect on the part of the Contractor, or lost through fault of the Government, shall not be deducted from gross costs.

12. All revenue received by the Contractor from the operations of the hospital, commissaries, or other facilities, or from rebates, discounts, refunds, etc., shall be accounted for by the Contractor and, except for any reasonable compensation accruing to a third party or parties for the operation of commissaries, hospitals, or other facilities, applied in reduction of the cost of the work.

13. (Insert clause in § 803.365–3).

ART. III. *Payments*—1. *Reimbursement for cost.* The Government will currently reimburse the Contractor for expenditures made in accordance with Article II upon certification to and verification by the Contracting Officer of the original signed pay-rolls for labor, the receipted invoices for materials, and such other documents as the Contracting Officer may require. Generally, reimbursement will be made weekly but may be made at more frequent intervals if the conditions so warrant.

2. *Rental for Contractor's equipment.* Rental as provided in Article II for such construction plant or parts thereof as the Contractor may own and furnish shall be paid monthly upon presentation of proper vouchers.

3. *Payment of the fixed-fee.* Ninety percent (90%) of the fixed-fee set out in Article I shall be paid as it accrues, in monthly installments based upon the percentage of the completion of the work as determined from estimates submitted to and approved by the Contracting Officer. Final payment upon completion of the work and its final acceptance shall be made in accordance with Section 5. If the contract is terminated by the Government, payment shall be made in accordance with Article VI.

4. *Payments by Contractor.* If bills for purchase of material, machinery or equipment, or pay rolls covering employment of laborers or mechanics incurred by the Contractor or by any subcontractor hereunder are not paid promptly by the Contractor or subcontractor as the case may be, the Contracting Officer may, in his discretion, withhold from payments otherwise due the Contractor an amount equivalent to the amount of any such bill or payroll. Should the Contractor neglect or refuse to pay such bills or pay-rolls or to direct any subcontractor to pay such bills or pay-rolls within five (5) days after notice from the Contracting Officer so to do, the Government shall have the right to pay such bills or pay-rolls directly, and in such event a deduction equal to five percent (5%) of the amount so paid directly shall be made from the Contractor's fee.

5. *Final payment.* a. Upon completion of the work and its final acceptance in writing by the Contracting Officer, the Government shall pay to the Contractor the unpaid balance of the cost of the work determined under Article II, and of the fee, less any sum that may be necessary to settle any unsettled claims in connection with this contract, or any claim the Government may have against the Contractor. The Contracting Officer shall accept the completed work with reasonable promptness.

b. Prior to final payment and as a condition thereof the Contractor shall furnish the Government with a release of all claims against the Government arising under and by virtue of this contract, other than (1) such claims, if any, as may be specifically excepted by the Contractor from the operation of the release in stated amounts to be set forth therein, or in estimated amounts where the amounts are not susceptible of exact statement, and (2) any claim based upon responsibility of the Contractor to third parties arising out of the performance of this contract not known to the Contractor at the time of furnishing the release.

c. Even though the existence or amount thereof shall not be determined until after the furnishing of such release as is described next above, reimbursement to be made for payments made by the Contractor shall include, along with wages and salaries otherwise reimbursable, all additional amounts determined (either by approval of the Contracting Officer or by litigation as provided in Subsection s, Section 1, Article II,) to be due and payable for overtime compensation and allowances under local, state or Federal laws in connection with such wages and salaries.

d. The Contractor shall promptly notify the Contracting Officer of any claims of the type described in clause (2) of Subsection b of this Section which are asserted subsequent to the execution of the release.

ART. IV. *Records and accounts inspection and audit.* 1. The Contractor agrees to keep records and books of account, showing the actual cost to him of all items of labor, materials, equipment, supplies, services, and other expenditures of whatever nature for which reimbursement is authorized under the provisions of this contract. The system of accounting to be employed by the Contractor shall be such as is satisfactory to the Contracting Officer.

2. The Contracting Officer shall at all times be afforded proper facilities for inspection of the work and shall at all times have access to the premises, work and materials, to all books, records, correspondence, instructions, plans, drawings, receipts, vouchers, and memoranda of every description of the Contractor pertaining to said work except such documents as have been submitted in support of reimbursement vouchers; and the Contractor, without additional compensation therefor, shall preserve such papers to such extent and for such period as may be required by law.

3. Any duly authorized representative of the Contractor shall be accorded the privilege of examining the books, records, and papers of the Contracting Officer relating to the cost of the work for the purpose of checking and verifying such cost.

4. In order to avoid so far as possible duplication in accounting and auditing functions performed by the Contractor and the Government, it is agreed that the following accounting and auditing functions shall be performed by the Government exclusively:

a. Time checking (not time keeping) in the field, or in the Contractor's plant.

b. Audit of original pay-rolls of the Contractor (or such portions thereof as are applicable), where such pay-rolls are prepared by the Contractor.[1]

c. Checking of equipment rentals and the preparation and delivery of properly approved rental rolls to the Contractor for payment.[2]

d. Such other accounting and auditing functions as may be effectively performed by Government employees and to which the Contracting Officer and the Contractor may mutually agree in writing.

5. It is further agreed that if any of the accounting and auditing functions performed exclusively by the Government do not adequately discharge such accounting and auditing functions to the satisfaction of the Contractor, the Contractor, with the approval in writing of the Contracting Officer, may perform such additional checking and auditing as may be so approved. The Contractor shall be reimbursed for the cost of such additional accounting and auditing functions as are so approved.

ART. V. *Special requirements.*

1. The Contractor hereby agrees that he will:

a. Procure and maintain such bonds and insurance in such forms and in such amounts and for such periods of time as the Contracting Officer may require.

b. Procure all necessary permits and licenses; obey and abide by all applicable laws, regulations, ordinances, and other rules of the United States of America, of the State, Territory, or political subdivision thereof where-

[1] Where pay-rolls are prepared by the Government the audit thereof by the Government will be concurrent with such preparation.

[2] If not applicable, this section will be omitted.

in the work is done, or of any other duly constituted public authority.

c. Reduce to writing, unless this provision is waived in writing by the Contracting Officer, every contract in excess of Two Thousand Dollars ($2,000) made by him for the purpose of the work hereunder for services, materials, supplies, machinery, equipment, or for the use thereof; insert therein a provision that such contract is assignable to the Government; make all such contracts in his own name, and not bind or purport to bind the Government or the Contracting Officer thereunder. No purchase in excess of $2,000 shall be made or placed without the prior approval of the Contracting Officer.

d. Enter into no subcontract for any portion of the work, except in the form prescribed by the Chief of Technical Service with the written approval of the Contracting Officer. Subcontracts are defined as contracts entered into by the Contractor with others which involve the performance, wholly or in part at the site of the work, of some part of the work described in Article I hereof.

e. At all times during the progress of the work, keep at the site thereof a duly appointed and qualified representative who shall receive and execute on the part of the Contractor such notices, directions, and instructions as the Contracting Officer may give.

f. The Contracting Officer may require the Contractor to dismiss from work such employee or employees as the Contracting Officer deems incompetent, careless, or insubordinate or whose continued employment is deemed inimical by the Contracting Officer to the public interest. The Contractor shall make every reasonable effort in the selection of his employees and in the prosecution of the work under this contract, to safeguard plot drawings and schematic drawings furnished him and drawings and specifications, and to prevent the theft or unauthorized use of the same.

g. Furnish sufficient technical, supervisory and administrative personnel to insure the prosecution of the work in accordance with a progress schedule approved by the Contracting Officer. If, in the opinion of the Contracting Officer, the Contractor falls behind a progress schedule approved by the Contracting Officer, the Contractor shall take such steps as may be necessary to improve his progress and the Contracting Officer may direct him to increase working days, or hours of labor per day. Failure to promptly comply with such directions shall be deemed sufficient cause to terminate the contract for the fault of the Contractor.

h. Immediately upon termination of third-party rental agreement, make all repairs to equipment rented thereunder which are required to be made by the terms of such rental agreements and remove such equipment from the site of the work. In cases where such repairs and removal cannot promptly be made, the Contractor shall notify the Contracting Officer of the reasons for such delay.

ART. VI. *Termination of contract by Government.* (Insert clause in § 803.350).

ART. VII. *Contracting officer's decisions.* The extent and character of the work to be done by the Contractor shall be subject to the general supervision, direction, control and approval of the Contracting Officer to whom the Contractor shall report and be responsible.

ART. VIII. *Disputes.* (Insert article in § 803.326).

ART. IX. *Convict labor.* (Insert clause in § 803.345).

ART. X. *Labor.*

1. (Insert clause in § 803.343).
2. (Insert clause in § 803.346).
3. All wage rates, including compensation for overtime under Section 2 of this Article, for laborers and mechanics engaged in work under this contract shall be approved in writing by the Chief of the Supply Service or a representative expressly designated by him for that purpose, and any amount paid by the Contractor to any laborer or mechanic in excess of the wage rate approved for such laborer or mechanic by the Chief of the Supply Service or a representative expressly designated by him for that purpose shall be at the expense of the Contractor and shall not be reimbursed by the Government. When, in connection with the audit and check by the Contracting Officer or his authorized representative, of the Contractor's pay rolls prior to reimbursement as contemplated in Section 1 of Article II hereof, it is found that one or more laborers and/or mechanics have been paid wages at rates in excess of the wage rates approved as herein provided, the reimbursement made to the Contractor on account of such pay rolls will not include any such excess payments.
4. (Insert clause in § 803.325).
5. (Insert clause in § 803.344).

ART. XI. *Accident prevention.* (Insert clause in § 803.362).

ART. XII. *Notice to Government of labor disputes.* (Insert clause in § 803.354).

ART. XIII. *Officials not to benefit.* (Insert clause in § 803.322).

ART. XIV. *Covenant against contingent fees.* (Insert clause in § 803.323).

ART. XV. *Contractor's organization and methods.*

Upon the execution of this contract, the Contractor shall submit to the Contracting Officer a chart showing in general the executive and administrative organization, duties and personnel to be employed in connection with the work under the contract; the data so furnished shall be supplemented as additional information becomes available.

ART. XVI. *Loading and unloading cars.*

The Contractor shall load promptly all railroad cars furnished for loading upon his order and shall unload from railroad cars promptly upon arrival all shipments consigned to him, and shall provide storage facilities and other facilities necessary for these purposes; and the Contractor shall not order railway cars for loading unless they can be loaded promptly and shall not cause or permit shipments to be consigned to him unless they can be unloaded from railroad cars promptly upon arrival.

ART. XVII. *Assignment of claims.* (Insert clause in § 803.355)

ART. XVIII. *Renegotiation.* (See § 803.342 and Part 812)

ART. XIX. *Definitions.*

1. The term "Secretary of War" as used herein shall include the Under Secretary of War; and the term "Chief of Supply Arm or Service" shall mean the Chief of.....

2. The term "his duly authorized representative" shall mean any person or board authorized by the Secretary of War or the Chief of the Supply Service, as the case may be, to act for him, other than the Contracting Officer.

3. Except for the original signing of this contract, and except as otherwise stated herein, the term "Contracting Officer" as used herein shall include his duly appointed successor or his authorized representative.

4. The term "construction plant" shall include any part thereof.

ART. XX. *Approval required.* This contract shall be subject to the approval of ---------- and shall not be binding unless so approved.

ART. XXI. *Alterations.* The following changes were made in this contract before it was signed by the parties hereto:

In witness whereof, the parties hereto have executed this contract as of the day and year first above written:

THE UNITED STATES OF AMERICA,

By ----------

(Official Title)

Witnesses as to signature of Contractor:

---------- ----------

(Contractor)

(Address)

By ----------

---------- ----------

(Business Address)

(Address)

I ----------, certify that I am the Secretary of the corporation named as Contractor herein; that ---------- who signs this contract on behalf of the Contractor was then ---------- of said corporation; that said contract was duly signed for and on behalf of said corporation by authority of its governing body and is within the scope of its corporate powers.

In witness whereof, I have hereunto affixed my hand and the seal of said corporation this ------ day of ---------- 19....

[CORPORATE SEAL] ----------

(Secretary)

I hereby certify that, to the best of my knowledge and belief based upon observation and inquiry, ----------, who signed this contract for ---------- had authority to execute the same, and is the individual who signs similar contracts on behalf of this corporation with the public generally.

Contracting Officer.

APPENDIX B TO CONTRACT NO.

[All equipment available.....except where otherwise specified]

Quantity	Item: Complete description, capacity, and identifying Nos.	Total purchase cost or fair value	Rental rate $... month, week or day

APPENDIX C

There is set forth below the present key employees proposed to be furnished under this contract indicating their names, description of work to be performed, an expression as to whether the salaries are based on a weekly, monthly or annual basis, and the maximum salary agreed upon to be paid for services in the position indicated for personnel now employed.

Name	Position	Salary based on weekly (W), monthly (M) or annual basis	Maximum salary agreed to be paid under contract

For the purposes of this Appendix C it is understood that—

1. "Non-manual employees" are those employees who are not "laborers and mechanics" within the meaning of the Davis-Bacon Act. The term "non-manual employees" includes all occupations not involving manual labor directly in connection with construction work. Custodial employees are included within the term "non-manual employees". The following is a list (not all inclusive) of typical "non-manual" occupations:

Accountants.
Architects.
Auditors.
Axemen.
Bookkeepers.
Chainmen.
Checkers.
Chiefs of Party.
Clerks.
Cooks.
Draftsmen.
Engineers.
Executives of any kind.
Guards.
Levelmen.
Material Checkers.
Material Clerks.
Messengers.
Office Machine Operators.
Office Managers.
Project Managers.
Purchasing Agents.
Rodmen.
Stenographers.
Stewards.
Storekeepers.
Superintendents.
Telephone Operators.
Timecheckers.
Timekeepers.
Tool Checkers.
Transitmen.
Typists.
Waiters.
Watchmen.
Waterboys.

2. Non-manual employees will be classified in the following groups:

a. Group "A". Employees whose base salaries are $53.31 or less per week.

b. Group "B". Employees whose base salaries are over $53.31 and not over $90.00 per week.

c. Group "C". Employees whose base salaries are over $90.00 per week.

d. Group "D" Trade foremen employed by construction contractors.

3. The base salaries of all employees in Groups "A" and "B" are based on a work week of 40 hours. The base salaries of all employees in Group "C" are based on a minimum work week of 48 hours.

4. No offer of employment will be made to any prospective employee for work of the same general classification and responsibility as his present employment at a rate exceeding his present salary.

5. The base salary of a person not in the employ of the contractor prior to the execution of this contract will not be approved at a rate in excess of the maximum prescribed for the job classification in the approved salary schedule attached.

6. The base salary of a person in the employ of the contractor prior to the execution of the contract will not be approved at a base salary in excess of that paid immediately prior to execution plus such increases as the contractor customarily grants for work away from the home office, except that, in cases where the classifications of such a person is changed incident to or during his assignment to the project, the salary range in the approved salary schedule shall govern.

7. *With regard to overtime payments.* a. Group "A" employees will be paid at the rate of time and one-half for all work which they are required to perform in excess of 40 hours during the first six days of any regularly scheduled work week, and at the rate of two times straight time for work which they are required to perform on the seventh consecutive day of such work week.

b. Group "B" employees will be paid at the rate of straight time for all work which they are required to perform in excess of 40 hours per week.

c. Group "C" employees will work any necessary number of hours (including work on Sundays) without payment of additional compensation.

d. Group "D" employees normally employed on an hourly basis will be granted the same overtime pay as the laborers and mechanics under their supervision. Group "D" employees employed on a weekly or monthly basis will be governed by the overtime provisions applicable to employees in Groups "A", "B", or "C".

8. *With regard to holiday payments:*

a. No deductions from weekly or monthly base salaries of employees in Groups "A", "B", and "C" shall be made for approved absences on customary holidays, and no premium wage or extra compensation shall be paid for work on such holidays, except that employees in Group "A" who are required to work on the holidays specified below, shall be paid at the rate of one and one-half times the straight time rate:

New Year's Day.
July Fourth.
Labor Day
Thanksgiving Day.
Christmas Day.
Memorial Day.

b. Group "D" employees normally employed on an hourly basis will be granted the same overtime pay as the laborers and mechanics under their supervision. Group "D" employees employed on a weekly or monthly basis will be governed by the holiday provisions applicable to Groups "A", "B", or "C."

9. *Work on the seventh consecutive day:*

a. Since it is the policy to provide that each worker will have one day of rest in seven, operations shall be arranged so as to permit one scheduled day of rest in each seven for all employees not engaged in an executive or supervisory capacity.

b. Only in situations of emergency will approval be granted to work, on the seventh consecutive day or more than 48 hours in any scheduled work week, those employees who are not engaged in executive or supervisory capacities. The Contracting Officer will obtain the prior approval of the Division Engineer or his designated representative before approving work in such cases.

10. *Leave privileges:* All employees of Groups "A", "B", "C", and those employees of Group "D" who are employed on a weekly or monthly basis, shall accrue leave with pay at the rate of two days per month for each month of service in lieu of any sick or vacation allowance, subject to the following rules:

a. Leave granted for any reason in excess of two days per month will not be reimbursable.

b. Leave may be granted by the contractor, with the approval of the Contracting Officer, at such time or times as may be deemed in the best interests of the Government. Leave may be granted during the course of employment or at the completion of employment.

c. No leave will be accrued to any employee in excess of 48 days.

d. Unearned leave may not be advanced.

e. Employees separated because of their own misconduct (including such causes as insubordination, drunkenness on the job, theft, etc.) shall forfeit any leave which they may have accrued at the time of separation.

f. Employees who resign, or are involuntarily separated for causes not due to their misconduct, shall be entitled to all leave to and including date of separation.

g. Employees shall be charged with leave only for absence on days upon which they would normally be on duty.

h. The minimum charge for leave shall be one hour. Leave granted for less than one full day shall be proportionately charged.

i. Leave may not be granted for days of disability because of accidents which are covered by compensation insurance.

11. *Approved salary schedule:*

NON-MANUAL EMPLOYEES OF COST-PLUS-A-FIXED-FEE PRINCIPAL AND SUBCONTRACTORS

Job classification	Salary ranges			
	Weekly		Monthly	
	From	To	From	To
Executive and office engineers:

Contract No. W-------

FIXED FEE ARCHITECT-ENGINEER CONTRACT WITH OPTIONAL SUPERVISION, WAR DEPARTMENT

Architect-engineer and address: ----------
Contract for architect-engineer services in connection with ----------
Location ----------
Fixed fee for title I $----------
for title II $----------
Estimated construction cost exclusive of fixed fee ----------
Payment ------- To be made by----------

The supplies and services to be obtained by this instrument are authorized by, are for the purpose set forth in, and are chargeable to the following procurement authority or authorities, the available balances of which are sufficient to cover the cost of the same:

This contract is authorized by the following Laws:

FIXED FEE ARCHITECT-ENGINEER CONTRACT WITH OPTIONAL SUPERVISION

This contract, entered into this ------ day of ----------, 19-----, by The United States of America (hereinafter referred to as "the Government"), represented by the Contracting Officer executing this contract, and------
---

---

[1] a corporation organized and existing under the laws of the State of ----------
---
[1] a partnership consisting of ----------

---
[1] an individual trading as ----------
in the City of ----------
State of ----------
(hereinafter referred to as "the Architect-Engineer"), witnesseth that:

Whereas, the accomplishment of the hereinafter described work and services is authorized by law and will facilitate the prosecution of the war; and

Whereas, it is deemed by the Secretary of War to be advantageous to the war effort to employ the Architect-Engineer to render services as hereinafter set forth for the preparation of necessary reports, designs, drawings, specifications, and other documents; and, at the option of the Government, for technical supervision of the construction of the project described in Article I–A hereof; and

Whereas, the Secretary of War has authorized the Government to negotiate this Cost-Plus-A-Fixed-Fee Architect-Engineer contract:

Now, therefore, the parties hereto do mutually agree as follows:

TITLE I

ARTICLE I–A. *Description of Project.* 1. The project shall be located at or near and is generally described as follows:

ART. I–B. *Statement of Architect-Engineer services.* The Architect-Engineer shall, in the shortest reasonable time, establish and maintain an office at or near the site of the work under the full-time resident direction of the Architect-Engineer; of one or more principal partners if the Architect-Engineer is a partnership or in case the Architect-Engineer is a corporation, association, or similar legal entity, one or more corporate officers thereof; or a responsible representative approved by the Contracting Officer; and the Architect-Engineer shall perform the following services (in addition to such services which may be required to be performed under Title III of this Contract):

a. Make all necessary topographical and other surveys and maps; arrange for and supervise necessary test borings and other subsurface investigations: *Provided, however,* That this provision is not to be deemed to require the Architect-Engineer to make real estate or boundary surveys.

b. Prepare, subject to the approval of the Contracting Officer, preliminary studies, sketches, and layout plans and reports including estimates of cost of the proposed project and of all structures, utilities and appurtenances thereto.

c. Adapt Government designs, drawings, specifications and standards for buildings and other structures as necessary to meet the requirements of the approved layout of the proposed project, and prepare detailed designs, specifications and drawings in required form for which Government designs are incomplete or unavailable.

d. Obtain necessary permits and approvals from all local, State, and Federal authorities. Should it become necessary in the performance of the work and services for the Architect-Engineer to secure the right of ingress and egress to perform any of the work required by this contract on properties not owned or controlled by the Government, the Architect-Engineer shall secure the consent of the owner, his representative, or agent, prior to effecting entry on such property. In the event the owner requires the payment of any fee for a license to enter upon and/or use such property, the Architect-Engineer, when so directed by the Contracting Officer, shall pay such fee and obtain a receipt therefor.

e. Prepare estimates of material quantities required to construct the project.

f. When preliminary drawings are approved in writing by the Contracting Officer, prepare final designs, detailed working drawings and specifications in accordance with Government standards necessary for the effective coordination and efficient execution of the construction work and revise such drawings and specifications if necessary. Unless otherwise directed or authorized by the Contracting Officer, drawings will be prepared in pencil on tracing paper or pencil tracing cloth of approved quality by such methods and of such quality of workmanship as will permit the revision of such drawings for record purposes and the making of satisfactory reproductions thereof. Drawings shall be prepared in ink on linen only where satisfactory results cannot be obtained otherwise. Prepare copies of the specifications and sets of full size copies of working drawings in such manner and in such numbers as the Contracting Officer may require. There shall be included in the specifications all provisions which the Contracting Officer may direct to have incorporated therein relating to the negotiating or awarding of contract or contracts, conditions under which the work shall be done, and any special provisions required by statute or existing War Department regulations or instructions.

g. Prepare an estimate of the cost of the proposed project based on the approved designs, drawings and specifications therefor

h. Establish a permanently monumented base line, with elevations, tied into North American Datum, unless specifically exempted by written instructions of the Contracting Officer.

i. Check and approve all shop and working drawings submitted in connection with the construction work to assure that they conform with approved drawings.

j. Assist the Contracting Officer in preparing invitations for offers, analyzing and evaluating proposals for a construction contract or contracts based upon the approved drawings and specifications.

ART. I–C. *Period of service.* The Architect-Engineer shall complete all work and services under Title I of this contract except work and services required under subsection i of Article I–B, within -------- months after the date of this contract, but such services will extend thereafter, without additional fee, until the services set forth in Article I–B are complete or otherwise terminated.

ART. I–D. *Fixed fee and reimbursement of expenditures.* 1. In consideration for his undertakings under this Title I, the Architect-Engineer shall be paid the following:

a. A fixed fee in the amount of----------
---------- Dollars ($----------) which shall constitute complete compensation under this Title I for the Architect-Engineer's services, including the services of the resident partners or corporate officers, or the representative referred to in Article I–B and also all general overhead expenses except as otherwise herein expressly provided. Payments on account of the fixed-fee shall be made as provided in Article III–G hereof.

b. Reimbursement for expenditures as specified in Article III–E hereof.

TITLE II

At any time prior to six months after satisfactory completion and acceptance of the work and services to be furnished under Title I except subsection i of Article I–B, the Government, at its option, may direct, by a written order, the Architect-Engineer to perform the work and services provided under this Title II. Upon receipt of such direction, the Architect-Engineer shall proceed with such work and services.

ART. II–A. *Services to be furnished by Architect-Engineer.* 1. The Architect-Engineer shall perform the following services:

a. Furnish all governing lines, bench marks and grades essential to the construction of the project.

b. Supervise the work included in this contract to assure the construction of every part of the work in accordance with the approved drawings and specifications within the areas and boundaries designated for the project.

c. Make such field and laboratory tests of concrete and concrete aggregates and other materials at the site or at any time or place as the Contracting Officer may require. Inspect and report to the Contracting Officer in writing as to the conformity or nonconformity of the workmanship and materials to specifications; and on the progress of the project.

(1) When so directed by the Contracting Officer, arrange for, by subcontract or otherwise, and supervise tests and inspections of materials and workmanship by commercial testing laboratories or other similar agencies, either at such laboratories or at the points of manufacture or fabrication of materials. The cost of such tests and inspection shall be reimbursable and subcontracting thereof shall entail no adjustment in the fixed fee.

d. Furnish for the approval of the Contracting Officer:

(1) Labor estimates, to be prepared with the assistance of the Contractor, showing the approximate numbers, trades and dates required to meet the approved construction schedule.

(2) In addition to the requirements of Article III–L, semimonthly progress reports in approved form showing the progress of the construction work and any deviation from the approved construction schedule.

e. Upon termination or completion of this contract, as determined by the Contracting Officer, and before final payment of the fixed-fee, the Architect-Engineer shall:

(1) Prepare record drawings to show construction as actually accomplished. These record drawings shall be prepared by correcting drawings as prepared for construction purposes or, where construction drawings cannot be satisfactorily revised for record purposes, by preparation of appropriate new drawings. All such drawings shall be prepared in pencil on tracing paper or pencil tracing cloth of approved quality unless otherwise directed or authorized by the Contracting Officer. Drawings shall be prepared in ink on linen only where satisfactory results cannot be obtained otherwise.

(2) Supervise the testing of operating units designed by the Architect-Engineer to assure their conformance with specifications and furnish all engineering services necessary to secure such conformance.

(3) Prepare instructions for the proper operation and maintenance of all utilities and operating equipment designed by him.

(4) Assist in preparation of the completion report for the project.

f. Prepare such partial and final estimates of quantities and values of construction work performed under lump sum and unit price contracts and/or subcontracts as may be necessary to provide the data required under the payment provisions of such contracts and/or subcontracts.

g. Perform such other services as may be required under the provisions of Title III hereof.

ART. II–B. *Period of service.* The period of service of the Architect-Engineer under this Title II is estimated as ---------- months from receipt of order to proceed thereunder, but will extend thereafter until the services set forth herein are complete or otherwise terminated. If for any reason the time required of the Architect-Engineer under this Title II is extended for more than thirty (30) calendar days beyond that estimated in this Article, there shall be an equitable adjustment in the Architect-Engineer fixed fee, as may be agreed upon between the Architect-Engineer and the Contracting Officer.

ART. II–C. *Fixed-fee and reimbursement of expenditures.* 1. In consideration for his undertakings under this Title II, the Architect-Engineer shall be paid the following:

a. Fixed-Fee in the amount of ----------
---------- dollars ($--------) which shall constitute complete compensation under this Title II for the Architect-Engineer's services, including the services of the resident partners or corporate officers, or the representative referred to in Article I–B, and all general overhead expenses except as otherwise herein expressly provided. Payment on account of the fixed-fee shall be made as provided in Article III–G hereof.

b. Reimbursement for expenditures as specified in Title III.

TITLE III

The provision of this title shall apply to this entire contract, to-wit: To Title I and likewise to Title II, should Title II become operative as provided therein.

ART. III–A. *Additional services to be performed by Architect-Engineer.* 1. Without additional compensation the Architect-Engineer shall perform the following services:

a. The Architect-Engineer, or any member of the organization, when requested, shall consult and advise with the Contracting Officer on any questions which may arise in connection with the service furnished under this contract.

b. Prepare schedules and charts showing the sequence of operations in the construction of each of the several portions of the work.

c. Prepare estimates showing the quantities of critical and important materials and length of time after award of the construction contract when such materials will be required on the site.

d. Perform all other architectural and engineering services within the scope of this contract, required by the Contracting Officer.

ART. III–B. *Records and accounts, inspection and audit.* 1. *Records and books of account.* The Architect-Engineer agrees to keep records and books of account, showing the actual cost to him of all items of labor, material, equipment, supplies, services, and other expenditures of whatever nature for which reimbursement is authorized under the provisions of this contract. The system of accounting to be employed by the Architect-Engineer shall be such as is satisfactory to the Contracting Officer.

2. *Access to records by Contracting Officer and Architect-Engineer.* The Contracting Officer shall at all times be afforded proper facilities for inspection of the work and shall at all times have access to the premises, work and materials, to all books, records, correspondence, instructions, plans, drawings, receipts, vouchers, and memoranda of every description of the Architect-Engineer pertaining to said work except such documents as are submitted in support of reimbursement vouchers; and the Architect-Engineer, without additional compensation therefor, shall preserve such papers to such extent and for such period as may be required by law. Likewise, any duly authorized representative of the Architect-Engineer shall be accorded the privilege of examining the books, records, and papers of the Contracting Officer relating to the actual cost of the work for the purpose of checking and verifying such cost.

3. *Auditing functions.* In order to avoid so far as possible duplication in accounting and auditing functions performed by the Architect-Engineer and the Government, it is agreed that the following accounting and auditing function shall be performed by the Government exclusively.

a. Time Checking in the field or in the Architect-Engineer's plant (not time keeping).

b. Audit of original payrolls of the Architect-Engineer (or such portions thereof as are applicable), where such payrolls are prepared by the Architect-Engineer.[1]

c. Checking of equipment rentals and the preparation and delivery of properly approved rental rolls to the Architect-Engineer for payment.

d. Such other accounting and auditing functions as may be effectively performed by Government employees and to which the Contracting Officer and the Architect-Engineer may mutually agree in writing.

4. *Discharge of functions.* It is further agreed that if any of the accounting and auditing functions performed exclusively by the Government do not adequately discharge such accounting and auditing functions to the satisfaction of the Architect-Engineer, the Architect-Engineer with the approval in writing of the Contracting Officer, may perform such additional checking and auditing as may be so approved. The Architect-Engineer shall be reimbursed for the cost of such additional accounting and auditing functions as are so approved.

ART. III–C. *Equipment and services to be furnished by the Government.* 1. The Government shall provide for the use of the Architect-Engineer's field organization during the period covered by this contract, all office and drafting room space, supplies, equipment, facilities, and services necessary for the proper performance of work hereunder.

a. If any of the foregoing articles, equipment, services or other items required by the Architect-Engineer's field organization are not promptly made available by the Government, the Architect-Engineer, when such action is approved by the Contracting Officer, shall procure such items and the Architect-Engineer shall be reimbursed for expenses incurred in connection therewith, provided that direct payment by the Government shall be made as prescribed in Article III–E, Section 2 hereof for any communication services mentioned in that Article which the Architect-Engineer procures. Unless procurement on a rental basis is approved in advance by the Contracting Officer, all items of office equipment which the Architect-Engineer procures under this section shall be purchased and title thereto shall vest in the Government. Third party rental agreements made for items covered by this provision shall be terminable at the option of the Government and, except for third-party owned motor-propelled vehicles, shall not contain a recapture clause.

2. Except as to property the liability for which is fixed by any other instrument or agreement or by some other provision of this contract, the Architect-Engineer shall not be liable for loss or destruction of or damage to property of the Government in the possession or control of the Architect-Engineer in connection with this contract unless such loss, damage or destruction results from wilful misconduct or failure to exercise good faith on the part of the Architect-Engineer's corporate officers or other representatives having supervision or direction of the operation of the whole of the Architect-Engineer's business or of the whole of any plant operated by the Architect-Engineer in the performance of this contract.

3. In the event office space at or near the site of the work is not provided by the Government in sufficient time to permit the work and services described herein to be performed efficiently and expeditiously, the Architect-Engineer, if approved in advance in writing by the Contracting Officer, may rent or lease such space at a convenient location, or if such rented or leased space is not available, may arrange by subcontract or otherwise for the construction of a temporary structure or stuctures to meet his immediate needs, on Government owned or controlled property or on privately owned property leased for such purpose.

ART. III–D. *Estimated cost of construction.* 1. The present preliminary estimated construction cost of the project on which the services of this contract are based is approximately----------Dollars ($--------) exclusive of Architect-Engineer's fixed-fee. It is expressly understood, however, that neither the Government nor the Architect-Engineer guarantees the correctness of this estimate.

ART III–E. *Reimbursement for expenditures.* 1. In addition to the payment of the fixed-

[1] Delete all lines which do not apply.

[1] Where payrolls are prepared by the Government the audit thereof by the Government will be concurrent with such preparation.

fee as specified herein, the Architect-Engineer will be reimbursed for such of his actual expenditures in the performance of the work as may be approved or ratified by the Contracting Officer and as are included in the following items:

a. Actual salaries or wages paid to principal assistant engineers, engineers, architects and other technical, administrative and field employees of the Architect-Engineer directly engaged in the work including those in both his home and field office. The payment of any excess over the scheduled amounts shown in the approved salary schedule, Appendix "C" attached hereto and made a part hereof, shall not be reimbursable, unless and until the Chief of the Technical Service has so approved in writing.

b. In case the full time of one or more employees of the Architect-Engineer is not applied to the work hereunder, the salaries or wages of such employees shall be included in this item only in proportion to the actual time applied thereto.

c. Travel: (1) If the Architect-Engineer and/or his representatives shall be required to travel, the Government will reimburse the Architect-Engineer for the transportation, including Pullman where necessary, and will allow the traveler Six Dollars ($6.00) per day in lieu of all other expenses.

(2) All travel shall be either authorized or approved in writing by the Contracting Officer. Should the Architect-Engineer, or any representative thereof, remain in a travel status in excess of six (6) days at any one time, not including the time consumed in travel the cost for such excess travel status shall be at the expense of the Architect-Engineer unless otherwise ordered in writing by the Contracting Officer.

(3) Authorized transportation by automobile shall be reimbursed at the rate of Five Cents ($.05) per mile as representing the actual cost of such transportation.

d. Payment from his own funds made by the Architect-Engineer under the Federal Social Security Act and any applicable state or local taxes, fees or charges which the Architect-Engineer may be required to pay from his own funds on account of this contract.

e.-h. (Insert clauses a to d set forth in § 803.365–2).

i. Subcontracts, when approved by the Contracting Officer. Unless otherwise expressly provided for in this contract, subcontracting of any services covered by this contract shall be subject to a decrease in the fixed fee by an equitable adjustment on the basis of the decrease in services due to such subcontracting.

j. Temporary rights in land required in connection with the work and services hereunder, when approved in writing by the Contracting Officer.

k. Expenditures made by the Architect-Engineer under the provisions of Article III-C and III-F of this contract.

l. Such other items as should in the opinion of the Contracting Officer, be included in the cost of the work, *provided* that when such items are allowed by the Contracting Officer, they shall be specifically certified as being allowed under this subsection.

m. All expenditures for which reimbursement has not been made pursuant to Letter Contract dated _____, a copy of which is attached hereto. Such Letter Contract is hereby merged and superseded by this contract.[1] This subparagraph *m* shall be deemed to be included herein if and only if this contract is preceded by a Letter Contract.

n. Rental for equipment owned and furnished by the Architect-Engineer, subject to such rental rates, terms and conditions as may be approved by the Contracting Officer; provided that the necessity for the use of such equipment is approved in advance by the Contracting Officer; and provided, further, that such equipment shall not be subject to recapture.

o. Rental paid by the Architect-Engineer for third-party-owned motor-propelled vehicles. Each agreement for the rental of such equipment shall be in a form prescribed by the Contracting Officer, shall be subject to his approval and shall include provisions (1) that title to such equipment free of all liens and encumbrances shall vest in the Government when and if the total rental paid and/or accrued to the lessor for any item of equipment shall equal the approved value thereof plus one per cent (1%) of the approved value per month for each contract month or fraction thereof such piece of equipment shall have been in use, and that on demand the lessor will deliver to the Contracting Officer such evidences of title as he shall demand; and (2) that at any time prior to termination of such rental agreement, the Government may at its option purchase any piece of equipment by paying the lessor the difference between the valuation of such piece of equipment plus one per cent (1%) of the approved value per month for each contract month or part thereof such piece of equipment shall have been in use, and the total rental theretofore paid for such piece of equipment, provided, however, that either of such provisions may be omitted from such rental agreements if the omission is approved by the Chief of the Technical Service.

p. Fees for necessary permits and licenses under subparagraph *d* of Article I-B hereof.

q. Expenses of procuring necessary field forces and the transportation and traveling expenses to the work of such personnel (including personnel already in the employ of the Architect-Engineer) for the economical and successful prosecution of the work, and return when such services are no longer required; expenditurea under these items shall be either authorized or approved in writing by the Contracting Officer.

r. Reimbursement under this Article shall include all actual expenditures directly chargeable to the work and services provided herein performed at the Architect-Engineer's home office, its field office, or elsewhere.

s. In the event the Contracting Officer shall determine that the best interests of the Government require that the Architect-Engineer initiate or defend litigation in connection with claims of third parties arising out of the performance of this contract, the Architect-Engineer will proceed with such litigation in good faith and the costs and expenses of such litigation, including judgments and court costs, allowances rendered or awarded in connection with suits for wages, overtime or salaries, and reasonable attorneys' fees for private counsel when the Government does not furnish Government counsel, shall be reimbursable under this contract.

2. No salary, wages or like compensation of the Architect-Engineer, partners or corporate officers of the Architect-Engineer's organization and no salary, wages or like compensation of the resident manager referred to in Article I-B shall be included in the cost of the work; nor shall any interest on capital employed or on borrowed money be included in the cost of the work.

ART. III–F. *Expert technical assistance.* 1. When in the judgment of the Contracting Officer the complexity and nature of the project are such as to require expert technical assistants, or services, or advice in connection with special phases of the work such as site planning, aerial surveys, manufacturing processes, or other problems of a highly technical character, the Architect-Engineer may obtain by subcontract, or otherwise, when so ordered by the Contracting Officer, such supplemental professional services as are necessary for the proper performance of this contract. The obtaining of such supplemental professional services shall entail no adjustment of the fixed-fee.

2. The provisions of the above section shall not apply to the usual professional services normally furnished by Architect-Engineers, including but not limited to topographic surveys, design of water supply and sewerage systems, power plants and other utilities, structures and foundations. If, in the opinion of the Contracting Officer, it is essential for the proper prosecution of the work that the Architect-Engineer obtain expert technical advice or consulting services in connection with those classes of service not included in section 1 above, the cost of obtaining such advice or service shall not be reimbursable except for the salaries of employees of such consultants, when assigned to the work on a full-time basis.

ART. III–G. *Method of payment.* 1. Payments to the Architect-Engineer are to be made as follows:

a. At intervals of not less than two weeks, the Architect-Engineer shall prepare a statement of the actual salaries paid, as hereinbefore mentioned, during the preceding period of two weeks, together with a statement of all other reimbursable expenses and including an estimate of the portion of the Architect-Engineer's fixed-fee earned. These statements, with original certified payrolls, receipted bills for all expenses including materials, rentals, supplies and equipment, and all other supporting data as may be required, shall be delivered to the Contracting Officer. The approved amounts of such statements shall be the basis for the preparation of the public voucher.

b. Payments of reimbursable cost items and of 90% of the amount of the Architect-Engineer's fee earned shall be made on vouchers approved by the Contracting Officer on standard forms, as soon as practicable after the submission of statements, supported by original certified payrolls, receipted bills for all expenses including materials, supplies and equipment, rentals, and all other supporting data. Upon completion of the project and its final acceptance the Architect-Engineer shall be paid the unpaid balance of any money due the Architect-Engineer hereunder.

c. Prior to final payment and as a condition thereof the Architect-Engineer shall furnish the Government with a release of all claims against the Government arising under and by virtue of this contract, other than (1) such claims, if any, as may be specifically excepted by the Architect-Engineer from the operation of the release in stated amounts to be set forth therein, or in estimated amounts where the amounts are not susceptible of exact statement, and (2) any claim based upon responsibility of the Architect-Engineer to third parties arising out of the performance of this contract not known to the Architect-Engineer at the time of furnishing the release.

d. Even though the existence or amount thereof shall not be determined until after the furnishing of such release as is described next above, reimbursement to be made for payments made by the Architect-Engineer shall include, along with wages and salaries otherwise reimbursable, all additional amounts determined either by approval of the Contracting Officer or by litigation (as provided in Subsection r, Section 1, Article III–F) to be due and payable for overtime compensation and allowances under local, state or Federal laws in connection with such wages and salaries.

e. The Architect-Engineer shall promptly notify the Contracting Officer of any claims of the type described in clause (2) of Subsection c of this section which are asserted subsequent to the execution of the release.

f. In the event that the Government does not exercise the option under Title II of this contract within 30 days after the satisfactory completion and acceptance by the Contracting Officer of the work done by the Architect-Engineer under Article I–B, subsections *a* through *h* inclusive, the Architect-Engineer shall be paid the unpaid balance of any money due for work done under said Article I–B, subsections *a* through *h* inclusive.

ART. III–H. *Drawings and other data to become property of Government.* 1. All drawings, designs and specifications are to become the property of the Government on completion as outlined in this contract, and the Government shall have full right to use said drawings, designs and specifications as instruments for the purpose of constructing under contract or otherwise any buildings or other structures for the sole use of the Government when and where the Government may designate, without any claim on the part of the Architect-Engineer for additional compensation.

2. All notes, designs, drawings and other data concerning the project shall be delivered to the Government whenever requested by the Contracting Officer and, furthermore, access to such data shall be restricted to trusted and duly authorized representatives of the Government and of the Architect-Engineer.

ART. III–I. *The Contracting Officer's decisions.* 1. The extent and character of the work to be done by the Architect-Engineer shall be subject to the general supervision, direction, control, and approval of the Contracting Officer, to whom the Architect-Engineer shall report and be responsible.

ART. III–J. *Disputes.* (Insert article in § 803.326)

ART. III–K. *Changes in work or services.* 1. The Contracting Officer may at any time by written order issue additional instructions, require additional work or services or direct the omission of work or services covered by this contract. If such changes cause a material increase or decrease in the amount or character of the work and services to be done under this contract an equitable adjustment of the amount of the fixed fee to be paid the Architect-Engineer shall be made and the contract shall be modified in writing accordingly. Any claim for adjustment under this Article must be asserted within 10 days from the date the change is ordered (unless the Contracting Officer, with the approval of the Secretary of War or his duly authorized representative, shall grant a further period of time prior to the date of final settlement of the contract). Nothing provided in this Article shall excuse the Architect-Engineer from proceeding with the prosecution of the work so changed. There shall be no adjustment in the amount of the fixed fee as provided herein, nor any claim therefore because of any errors and/or omissions made in computing the estimated cost of the work under this contract or where the actual cost varies from the estimated cost.

ART. III–L. *Termination for cause or for convenience of the Government.* 1. The Government may terminate this contract at any time and for any cause by a notice in writing from the Contracting Officer to the Architect-Engineer. Upon receipt of such notice the Architect-Engineer shall, unless the notice directs otherwise, immediately discontinue all work and the placing of all orders for materials, facilities and supplies in connection with performance of this contract and shall proceed to cancel promptly all existing orders and terminate work under subcontracts insofar as such orders and or work are chargeable to this contract.

2. Upon the termination of this contract, full and complete settlement of all claims of the Architect-Engineer arising out of this contract shall be made as follows:

a. The Government shall assume and become liable for all obligations, commitments, and claims that the Architect-Engineer may have theretofore in good faith undertaken or incurred in connection with said work and in accordance with the provisions of this contract; and the Architect-Engineer shall, as a condition of receiving the payments mentioned in this Article, execute and deliver all such papers and take all such steps as the Contracting Officer may require for the purpose of fully vesting in the Government the rights and benefits of the Architect-Engineer under such obligations or commitments.

b. The Government shall reimburse the Architect-Engineer for all expenditures made in accordance with Article III–E and not previously reimbursed.

c. The obligations of the Government to make any of the payments required by this Article, or by Article III–G of this contract, shall be subject to any unsettled claims for labor or material or any claim the Government may have against the Architect-Engineer.

3. If the contract is terminated for the convenience of the Government, the Architect-Engineer will be paid promptly that proportion of the prescribed fixed-fee which the work actually performed bears to the total work called for under this contract, less fixed-fee payments previously made, and the Government shall further reimburse the Architect-Engineer for such essential expenditures, made after the date of termination, for the protection of Government property and for accounting services in connection with the settlement of this contract, as the Contracting Officer may approve.

4. If the contract is terminated due to the fault of the Architect-Engineer, no further payments on account of the fixed-fee will be made.

ART. III–M. *Progress reports and changes in personnel.*

1. The Architect-Engineer shall promptly, after the execution of the contract, prepare and submit to the Contracting Officer, for approval, a schedule showing the order in which the Architect-Engineer proposes to carry on the work, with dates on which he will start the several salient features of the work and the contemplated dates for completing the same. The schedule shall be in the form of a progress chart at suitable scale as to indicate with symbols the percentage completed at any time. The Architect-Engineer shall correct the progress schedule at the end of each week and shall immediately deliver to the Contracting Officer three copies of the same.

2. The Architect-Engineer shall furnish sufficient technical, supervisory and Administrative personnel to insure the prosecution of the work in accordance with the approved progress schedule. If, in the opinion of the Contracting Officer, the Architect-Engineer falls behind the prograss schedule, the Architect-Engineer shall take such steps as may be necessary to improve his progress and the Contracting Officer may direct him to increase working days per week, or hours of labor per day and failure to promptly comply with such directions shall be deemed sufficient cause to terminate the contract.

3. When in the opinion of the Contracting Officer the Architect-Engineer's personnel and/or overhead is excessive for the proper performance of this contract, reductions thereof shall be made as required by the Contracting Officer.

ART. III–N. *Convenant against contingent fees.* (Insert clause in § 803.323)

ART. III–O. *Officials not to benefit.* (Insert clause in § 803.322)

ART. III–P. *Assignment of claims.* (Insert clause in § 803.355)

ART. III–Q. *Anti-discrimination.* (Insert clause in § 803.325)

ART. III–R. *Convict labor.* (Insert clause in § 803.345)

ART. III–S. *Dismissals.* 1. The Contracting Officer may require the Contractor to dismiss from work such employee or employees as the Contracting Officer deems incompetent, careless, or insubordinate or whose continued employment is deemed inimical by the Contracting Officer to the public interest. The Architect-Engineer shall make every reasonable effort in the selection of his employees and in the prosecution of the work under this contract to safeguard plot drawings and schematic drawings furnished him, and drawings and specifications, and to prevent the theft or unauthorized use of the same.

ART. III–T. *Accident prevention.* (Insert clause in § 803.362)

ART. III–U. *Insurance.* (Insert § 803.365–3)

ART. III–V. *Renegotiation.* (See § 803.342 and Part 812)

ART. III–W. *Approval required.*

1. This contract shall be subject to the approval of _____ and shall not be binding unless so approved.

ART. III–X. *Definitions.*

1. The term "Chief of the Supply Service" refers to the head of a service of the War Department, viz., the Chief of Engineers, the Chief of Ordnance, or the Chief of Chemical Warfare Service.

2. The terms "Secretary of War" and "Chief of the Supply Service" shall include their duly authorized representatives as the case may be other than the Contracting Officer.

3. The terms "Secretary of War" and "Chief of Engineers" shall include any person or board authorized by the Secretary of War or the Chief of the Supply Service, as the case may be, to act for him, other than the Contracting Officer.

4. Except for the original signing of this contract, the term "Contracting Officer" as used herein shall include his duly appointed successor or his authorized representative.

ART. III–Y. *Alterations.*

The following changes were made in this contract before it was signed by the parties hereto:

In witness whereof, the parties hereto have executed this contract as of the day and year first above written.

THE UNITED STATES OF AMERICA,

By _____
_____
(Contracting Officer)

ARCHITECT-ENGINEER,

By _____

CERTIFICATION

I, _____ do hereby certify that I am the duly qualified _____ of the corporation named herein as Architect-Engineer; that _____ who signed this contract on behalf of the Architect-Engineer was then _____ of said corporation; that said contract was duly signed for and in behalf of said corporation by authority of its governing body, and is within the scope of its corporate powers.

In witness whereof, I have hereunto affixed my hand and the seal of the _____ this _____ day of _____, 194__.

_____
[CORPORATE SEAL]

[1] This contract will bear same date as letter contract.

APPENDIX "C"

There is set forth below the present key employees proposed to be furnished under this contract indicating their names, description of work to be performed, an expression as to whether the salaries are based on a weekly, monthly or annual basis, and the maximum salary agreed upon to be paid for services in the position indicated for personnel now employed.

Name	Position	Salary based on weekly (W) monthly (M) or annual basis.	Maximum salary agreed to be paid under contract.

For the purposes of this Appendix "C" it is understood that

1. "Non-manual employees" are those employees who are not "Laborers and mechanics" within the meaning of the Davis-Bacon Act. The term "Non-manual employees" includes all occupations not involving manual labor directly in connection with construction work. Custodial employees are included within the term "non-manual employees." The following is a list (not all inclusive) of typical "non-manual" occupations:

Accountants.
Architects.
Auditors.
Axemen.
Bookkeepers.
Chainmen.
Checkers.
Chiefs of Party
Clerks.
Cooks.
Draftsmen.
Engineers.
Executives of any kind.
Guards.
Levelmen.
Material Checkers.
Material Clerks.
Messengers.
Office Machine Operators.
Office Managers.
Project Managers.
Purchasing Agents.
Rodmen.
Stenographers.
Stewards.
Storekeepers.
Superintendents.
Telephone Operators.
Timecheckers.
Timekeepers.
Tool Checkers.
Transitmen.
Typists.
Waiters.
Watchmen.
Waterboys.

2. Non-manual employees will be classified in the following groups:

a. Group "A." Employees whose base salaries are $53.31 or less per week.

b. Group "B." Employees whose base salaries are over $53.31 and not over $90.00 per week.

c. Group "C." Employees whose base salaries are over $90.00 per week.

d. Group "D." Trade foremen employed by construction contractors.

3. The base salaries of all employees in Groups "A" and "B" are based on a work week of 40 hours. The base salaries of all employees in Group "C" are based on a minimum work week of 48 hours.

4. No offer of employment will be made to any prospective employee for work of the same general classification and responsibility as his present employment at a rate exceeding his present salary.

5. The base salary of a person not in the employ of the Architect-Engineer prior to the execution of this contract will not be approved at a rate in excess of the maximum prescribed for the job classification in the approved salary schedule attached.

6. The base salary of a person in the employ of the Architect-Engineer prior to the execution of the contract will not be approved at a base salary in excess of that paid immediately prior to execution plus such increases as the Architect-Engineer customarily grants for work away from the home office, except that, in cases where the classifications of such a person is changed incident to or during his assignment to the project, the salary range in the approved salary schedule shall govern.

7. *With regard to overtime payments:*

a. Group "A" employees will be paid at the rate of time and one-half for all work which they are required to perform in excess of 40 hours during the first six days of any regularly scheduled work week, and at the rate of two times straight time for work which they are required to perform on the seventh consecutive day of such work week.

b. Group "B" employees will be paid at the rate of straight time for all work which they are required to perform in excess of 40 hours per week.

c. Group "C" employees will work any necessary number of hours (including work on Sundays) without payment of additional compensation.

d. Group "D" employees normally employed on an hourly basis will be granted the same overtime pay as the laborers and mechanics under their supervision. Group "D" employees employed on a weekly or monthly basis will be governed by the overtime provisions applicable to employees in Group "A," "B" or "C."

8. *With regard to holiday payments:*

a. No deductions from weekly or monthly base salaries of employees in Groups "A," "B," and "C" shall be made for approved absences on customary holidays, and no premium wage or extra compensation shall be paid for work on such holidays, except that employees in Group "A" who are required to work on the holidays specified below, shall be paid at the rate of one and one-half times the straight time rate:

New Year's Day.
July Fourth.
Labor Day.
Thanksgiving Day.
Christmas Day.
Memorial Day.

b. Group "D" employees normally employed on an hourly basis will be granted the same overtime pay as the laborers and mechanics under their supervision. Group "D" employees employed on a weekly or monthly basis will be governed by the holiday provisions applicable to Group "A", "B", or "C".

9. *Work on the seventh consecutive day.*

a. Since it is the policy to provide that each worker will have one day of rest in seven, operations shall be arranged so as to permit one scheduled day of rest in each seven for all employees not engaged in an executive or supervisory capacity.

b. Only in situations of emergency will approval be granted to work, on the seventh consecutive day or more than 48 hours in any scheduled work week, those employees who are not engaged in executive or supervisory capacities. The Contracting Officer will obtain the prior approval of the Division Engineer or his designated representative before approving work in such cases.

10. *Leave privileges.* All employees of Groups "A", "B", "C", and those employees of Group "D" who are employed on a weekly or monthly basis, shall accrue leave with pay at the rate of two days per month for each month of service in lieu of any sick or vacation allowance, subject to the following rules:

a. Leave granted for any reason in excess of two days per month will not be reimbursable.

b. Leave may be granted by the Architect-Engineer, with the approval of the Contracting Officer, at such time or times as may be deemed in the best interests of the Government. Leave may be granted during the course of employment or at the completion of employment.

c. No leave will be accrued to any employee in excess of 48 days.

d. Unearned leave may not be advanced.

e. Employees separated because of their own misconduct (including such causes as insubordination, drunkenness on the job, theft, etc.) shall forfeit any leave which they may have accrued at the time of separation.

f. Employees who resign, or are involuntarily separated for causes not due to their misconduct, shall be entitled to all leave to and including date of separation.

g. Employees shall be charged with leave only for absence on days upon which they would normally be on duty.

h. The minimum charge for leave shall be one hour. Leave granted for less than one full day shall be proportionately charged.

i. Leave may not be granted for days of disability because of accidents which are covered by compensation insurance.

11. *Approved salary schedule:*

NON-MANUAL EMPLOYEES OF COST-PLUS-A-FIXED-FEE PRINCIPAL AND SUBCONTRACTORS

Job classification	Salary range: Weekly From	Weekly To	Monthly From	Monthly To

LETTER ORDER FOR SUPPLIES (NO PRICE STATED)

Contract No. _____
(Negotiated)
Date _____
Place _____
Contractor _____
Address _____

GENTLEMEN: 1. An order is hereby placed with you for the manufacture and delivery to the Government of the following supplies:

_____
_____
_____

2 You are directed, upon your acceptance of this order, to proceed immediately to furnish the necessary materials, jigs, dies, fixtures and gages, and other machinery and equipment,[1] and to commence the manufacture of the supplies called for in paragraph 1, and to pursue such work with all diligence to the end that the supplies may be delivered to the Government at the earliest practicable date.

3. All applicable articles (other than the article "Termination for the Convenience of the Government") now required by Federal Law, Executive Order, or War Department Procurement Regulations to be included in contracts for supplies of the kind herein described are incorporated herein by reference.

4. By your acceptance hereof, you undertake without delay to enter into negotiations with the War Department looking to the execution of a definitive contract which will follow in the main War Department Contract Form No. 1[2] and will include all applicable articles then required by Federal Law, Executive Order and War Department Procurement Regulations to be included in contracts for supplies of the kind herein described. The definitive contract will also contain a detailed delivery schedule and prices, terms and conditions as agreed to by the parties, which may or may not be at variance with the provisions of this order.

5. Pending the execution of a definitive contract, each expenditure, order, subcontract or commitment made by you in furtherance of the performance of this order—

(a) for machinery or equipment other than jigs, dies, fixtures or gages, or

(b) for an amount in excess of _____ Dollars ($_____), will be subject to the written approval of the Contracting Officer, and you are not authorized to expend or obligate, in furtherance of your performance hereunder, more than _____ Dollars ($_____) in the aggregate.

6. (a) In case a definitive contract is not executed by _____, 19__ (or any subsequent date at any time mutually agreed upon) because of the inability of the parties to agree upon a definitive contract, this order will terminate on the stated date or such subsequent date, as the case may be.

(b) The Government may at any time terminate this order in whole or in part for its convenience by giving you written notice of such termination.

(c) In the event of any termination pursuant to either paragraph 6 (a) or paragraph 6 (b) of this order, you and the Contracting Officer will attempt to agree by negotiation upon a settlement estimated by the parties to be the aggregate amount (less payments previously made to you) of the costs incurred by you in the performance of this order and the amounts paid or to be paid by you or for your account in settling with the approval of the Contracting Officer your obligations for commitments made in the performance of this order. *In case of termination pursuant to paragraph 6 (b), such negotiated settlement may include a reasonable allowance for profit.* Any such negotiated settlement shall be embodied in a Supplemental Agreement.

(d) If you and the Contracting Officer are not able to agree upon such a negotiated settlement within 90 days after the effective date of the termination (or within such longer period as at any time may be mutually agreed upon), the Government binds itself (without duplication of any of the following payments or of payments previously made) to reimburse you for the costs incurred by you in the performance of this order and for any amounts paid by you or for your account in settling with the approval of the Contracting Officer your obligations for commitments made in the performance of this order. In lieu of reimbursing you for expenditures made by you in settling any of your obligations for commitments, the Government, in the discretion of the Contracting Officer, may assume such obligations or any of them. The total of such reimbursement (and of all payments previously made), together with the amount of any obligations assumed, shall not exceed the amount above specified.

If such termination shall take place pursuant to paragraph 6 (a) of this order no allowance of profit will be made to you. If termination shall take place for the convenience of the Government pursuant to paragraph 6 (b) of this order, such allowance of profit will be made to you with respect to the work done by you prior to the effective date of the termination as the Contracting Officer may find to be reasonable under all the circumstances.

(e) The Government may permit you to sell or retain at prices or on terms agreed to by the Government any equipment, completed supplies, materials or work in process and the proceeds of any such sale, or such agreed prices, shall be paid or credited to the Government in such manner as the Contracting Officer may direct.

(f) Upon payment or reimbursement to you pursuant to paragraph 6 (c) or 6 (d) of this order, title to all equipment, completed supplies, work in process, materials, plans, information, and other things, for which you are so paid or reimbursed (except such property as may be sold or retained by you as above provided) will vest in the Government (if title thereto has not already become vested in the Government). The Government will also become entitled to any rights under any commitment which it may assume, or for the settlement of which it shall have reimbursed you.

(g) Any dispute which arises under this paragraph 6 regarding a matter of fact (*including any dispute (1) as to whether termination has in fact taken place for the convenience of the Government or because of the inability of the parties to agree upon a definitive contract, or (2) as to the extent of any allowance of a profit in the event of a termination for the convenience of the Government*) will be treated and resolved as a dispute under the "Disputes" article[3] incorporated in this order by reference.

(h) Partial payments on account of any amount admittedly due to you pursuant to this paragraph 6 may be made by the Government at any time in the discretion of the Contracting Officer.

7. After your acceptance hereof, partial and advance payments, in accordance with regulations from time to time applicable, may be made to you upon your application.

8. The sums to be expended by the Government hereunder are chargeable to the following allotments, the available balances of which are sufficient to cover the same:

_____

9. Your acceptance of this order will be indicated by affixing your signature to this letter and two copies thereof and mailing or delivering the executed original and one executed copy to the Contracting Officer not later than _____ 194__. Such acceptance will constitute this order a contract on the terms set forth herein.

10. This instrument is authorized by and has been negotiated under the First War

[1] As to cases where it is anticipated that the contractor will have to purchase machinery or equipment (other than jigs, dies, fixtures and gages) in an estimated amount of more than $100,000, see § 810.1008.

[2] With appropriate modifications, this letter order may also be used where the definitive contract is to be written on a fixed-price contract form for supplies other than W. D. Contract Form No. 1.

[3] Where the letter order is for an amount less than $20,000, the "Disputes" article will not have been incorporated by reference by virtue of paragraph 3 or 6 (g) of the letter order, since contracts in such amount are not required to contain that article (see § 803.326). In that event the language of the letter order will be appropriately modified expressly to incorporate by reference either the "Disputes" article set forth in § 803.326 or that contained in General Provision 12 of W.D. Contract Form No. 18 (§ 813.1317b (b)).

§ 813.1308 *W. D. Contract Form No. 8.*

LETTER ORDER FOR SUPPLIES (PRICE STATED)

Contract No. _____
(Negotiated)
Date _____
Place _____

Contractor _____
Address _____

GENTLEMEN: 1. An order is hereby placed with you for_____
(Quantity and Item)
at a unit price of _____ Dollars ($_____).

2. Deliveries on this order shall begin on or about _____, 19__, and shall be completed on or before _____, 19__. Pending execution of a definitive contract, payment will be made at the price above mentioned for each item of supplies delivered and accepted, upon the submission of properly certified invoices or vouchers.

3. All applicable articles (other than the article "Termination for the Convenience of the Government") now required by Federal law, Executive Order, or War Department Procurement Regulations to be included in contracts for supplies of the kind herein described are incorporated herein by reference.

4. By your acceptance hereof, you undertake without delay to enter into negotiations with the War Department looking to the execution of a definitive contract which will follow in the main War Department Contract Form No. 1[1] and will include all applicable articles then required by Federal law, Executive Order and War Department Procurement Regulations to be included in contracts for supplies of the kind herein described. The definitive contract will also contain a detailed delivery schedule and prices, terms and conditions as agreed to by the parties, which may or may not be at variance with the provisions of this order.

5. Pending the execution of a definitive contract, each expenditure, order, subcontract or commitment made by you in furtherance of the performance of this order for an amount in excess of _____ Dollars ($_____) will be subject to the written approval of the Contracting Officer, and you are not authorized to expend or obligate, in furtherance of your performance hereunder, more than _____ Dollars ($_____) in the aggregate.

6. (a) In case a definitive contract is not executed by _____, 19____ (or any subsequent date at any time mutually agreed upon) because of the inability of the parties to agree upon a definitive contract, this order will terminate on the stated date or such subsequent date, as the case may be.

(b) The Government may at any time terminate this order in whole or in part for its convenience by giving you written notice of such termination.

(c) In the event of any termination pursuant to either paragraph 6 (a) or paragraph 6 (b) of this order, you and the Contracting Officer will attempt to agree by negotiation upon a settlement estimated by the parties to be the aggregate amount (less payments previously made to you) of the unit price above specified for all completed supplies, the costs incurred by you with respect to the uncompleted portion of this order, and the amounts paid or to be paid by you or for your account in settling with the approval of the Contracting Officer your obligations for commitments made with respect to such uncompleted portion of this order. *In case of termination pursuant to paragraph 6 (b), such negotiated settlement may include a reasonable allowance for profit.* Any such negotiated settlement shall be embodied in a Supplemental Agreement.

(d) If you and the Contracting Officer are not able to agree upon such a negotiated settlement within 90 days after the effective date of the termination (or within such longer period as at any time may be mutually agreed upon), the Government binds itself (without duplication of any of the following payments or of payments previously made):

(1) To pay you the unit price above specified for all completed supplies;

(2) To reimburse you for the costs incurred by you with respect to the uncompleted portion of this order and for any amounts paid by you or for your account in settling with the approval of the Contracting Officer your obligations for commitments with respect to such uncompleted portion of this order, the Government, in the discretion of the Contracting Officer, may assume such obligations or any of them.

If such termination shall take place pursuant to paragraph 6 (a) of this order no allowance of profit will be made to you (except as the payment of the unit price for completed supplies may include a profit). If termination shall take place for the convenience of the Government pursuant to paragraph 6 (b) of this order, such allowance of profit (in addition to any profit included in paying the unit price for completed supplies) will be made to you with respect to the work done by you on uncompleted supplies prior to the effective date of the termination as the Contracting Officer may find to be reasonable under all the circumstances.

(e) The Government may permit you to sell or retain at prices or on terms agreed to by the Government any equipment, completed supplies, materials or work in process and the proceeds of any such sale, or such agreed prices, shall be paid or credited to the Government in such manner as the Contracting Officer may direct.

(f) Upon payment or reimbursement to you pursuant to paragraph 6 (c) or 6 (d) of this order, title to all equipment, completed supplies, work in process, materials, plans, information, and other things, for which you are so paid or reimbursed (except such property as may be sold or retained by you as above provided) will vest in the Government (if title thereto has not already become vested in the Government). The Government will also become entitled to any rights under any commitment which it may assume, or for the settlement of which it shall have reimbursed you.

(g) Any dispute which arises under this paragraph 6 regarding a matter of fact (*including any dispute (1) as to whether termination has in fact taken place for the convenience of the Government or because of the inability of the parties to agree upon a definitive contract, or (2) as to the extent of any allowance of a profit in the event of a termination for the convenience of the Government*) will be treated and resolved as a dispute under the "Disputes" article[1] incorporated in this order by reference.

(h) Partial payments on account of any amount admittedly due to you pursuant to this paragraph 6 may be made by the Government at any time in the discretion of the Contracting Officer.

7. After your acceptance hereof, partial and advance payments, in accordance with regulations from time to time applicable, may be made to you upon your application.

8. The sums to be expended by the Government hereunder are chargeable to the following allotments, the available balances of which are sufficient to cover the same: ____
_____

9. Your acceptance of this order will be indicated by affixing your signature on this letter and two copies thereof and mailing or delivering the executed original and one executed copy to the Contracting Officer not later than _____, 19__. Such acceptance will constitute this order a contract on the terms set forth herein.

10. This instrument is authorized by and has been negotiated under the First War Powers Act, 1941, and Executive Order No. 9001.

LETTER ORDER FOR COST PLUS A FIXED FEE CONSTRUCTION

Contract No._____
(Negotiated)
Date_____
Place _____

_____
(Contractor)

_____
(Address)

GENTLEMEN: 1. An order is hereby placed with you to furnish the equipment and materials (except such as are furnished by the Government) and perform the work necessary for the construction and completion of:
_____
_____
The cost of the project is now estimated to be _____ Dollars ($_____), exclusive of any fee to you.

2. The work shall be started immediately upon your acceptance hereof and shall be completed within _____ months thereafter. Your acceptance hereof shall operate as a notice to you to proceed.

3. All applicable articles (other than the article "Termination for the Convenience of the Government") now required by Federal law, Executive Order, or War Department Procurement Regulations to be included in contracts for work of the kind herein described are incorporated herein by reference.

4. By your acceptance hereof, you undertake without delay to enter into negotiations with the War Department looking to the execution of a definitive contract which will follow in the main War Department Contract Form No. 3[1] and will include all applicable articles than required by Federal law, Executive Order and War Department Procurement Regulations to be included in contracts for work of the kind herein described. The definitive contract will also contain detailed terms and conditions as agreed to by the parties, which may or may not be at variance with the provisions of this order.

5. Pending the execution of a definitive contract, each expenditure, order, subcontract or commitment made by you in furtherance of the performance of this order for an amount in excess of _____ Dollars ($_____) will be subject to the written approval of the Contracting Officer, and you are not authorized to expend or obligate, in furtherance of your performance hereunder, more than _____ Dollars ($_____) in the aggregate. Subject to the foregoing limitations, reimbursements will be made to you in the manner described and for the items set forth in War Department Contract Form No. 3 as reimbursable items when approved or ratified by the Contracting Officer.

6. (a) In case a definitive contract is not executed by _____, 19__ (or any subsequent date at any time mutually agreed upon) because of the inability of the parties to agree upon a definitive contract, this order will terminate on the stated date or such subsequent date, as the case may be.

(b) The Government may at any time terminate this order in whole or in part for its convenience by giving you written notice of such termination.

(c) In the event of any termination pursuant to either paragraph 6 (a) or paragraph 6 (b) of this order, you and the Contracting Officer will attempt to agree by negotiation upon a settlement estimated by the parties to be the aggregate amount (less payments previously made to you) of the costs incurred by you in the performance of this order and the amounts paid or to be paid by you or for your account in settling with the approval of the Contracting Officer your obligations for commitments made in the performance of this order. *In case of termination pursuant to paragraph 6 (b), such negotiated settlement may include a reasonable allowance for profit.* Any such negotiated settlement shall be embodied in a Supplemental Agreement.

(d) If you and the Contracting Officer are not able to agree upon such a negotiated settlement within 90 days after the effective date of the termination (or within such longer period as at any time may be mutually agreed upon) the Government binds itself (without duplication of any of the following payments or of payments previously made) to reimburse you for the costs incurred by you in the performance of this order and for any amounts paid by you or for your account in settling with the approval of the Contracting Officer your obligations for commitments made in the performance of this order. In lieu of reimbursing you for expenditures made by you in settling any of your obligations for commitments, the Government, in the discretion of the Contracting Officer, may assume such obligations or any of them. The total of such reimbursement (and of all payments previously made), together with the amount of any obligations assumed, shall not exceed the amount above specified.

If such termination shall take place pursuant to paragraph 6 (a) of this order no allowance of profit will be made to you. If termination shall take place for the convenience of the Government pursuant to paragraph 6 (b) of this order, such allowance of a fee will be made to you with respect to the work done by you prior to the effective date of the termination as the Contracting Officer may find to be reasonable under all the circumstances; but such fee shall in no event exceed ____ per cent (____%) of so much of the estimated cost set forth in paragraph 1 as is allocable to such work.

(e) The Government may permit you to sell or retain at prices or on terms agreed to by the Government any equipment, materials or work in process and the proceeds of any such sale, or such agreed prices, shall be paid or credited to the Government in such manner as the Contracting Officer may direct.

(f) Upon payment or reimbursement to you pursuant to paragraph 6 (c) or 6 (d) of this order, title to all equipment, work in process, materials, plans, information, and other things, for which you are so paid or reimbursed (except such property as may be sold or retained by you as above provided) will vest in the Government (if title thereto has not already become vested in the Government). The Government will also become entitled to any rights under any commitment which it may assume, or for the settlement of which it shall have reimbursed you.

(g) Any dispute which arises under this paragraph 6 regarding a matter of fact (*including any dispute (1) as to whether termination has in fact taken place for the convenience of the Government or because of the inability of the parties to agree upon a definitive contract, or (2) as to the extent of any allowance of a fee in the event of a termination for the convenience of the Government*) will be treated and resolved as a dispute under the "Disputes" article[1] incorporated in this order by reference.

(h) Partial payments on account of any amount admittedly due to you pursuant to this paragraph 6 may be made by the Government at any time in the discretion of the Contracting Officer.

7. After your acceptance hereof, partial and advance payments, in accordance with regulations from time to time applicable, may be made to you upon your application.

8. The sums to be expended by the Government hereunder are chargeable to the following allotments, the available balances of which are sufficient to cover the same ____
_____

9. Your acceptance of this order will be indicated by affixing your signature on this letter and two copies thereof and mailing or delivering the executed original and one executed copy to the Contracting Officer not later than _____
_____, 19__. Such acceptance will constitute this order a contract on the terms set forth herein.

_____
_____

This contract, entered into this _____ day of _____, 194_, by and between the United States of America (hereinafter called the Government), represented by the Contracting Officer executing this contract, and Defense Plant Corporation (hereinafter called the Seller), a corporation created by Reconstruction Finance Corporation pursuant to section 5d of the Reconstruction Finance Corporation Act, as amended, witnesseth that the parties hereto do mutually agree as follows:

ARTICLE 1. *Scope of this contract.* The Seller shall sell and deliver and the Government shall buy and accept the property listed in the following schedule, in consideration of the price stated therefor: *Provided, however,* That if at the time of delivery of any such property to the Government a maximum price lower than that stated below shall have been established by the Office of Price Administration and shall be in effect and expressly applicable to such deliveries notwithstanding the existence of a prior contract calling for a higher price, the price hereunder for the items so delivered shall be reduced to such maximum price.

[Schedule of Property and Price]

ARTICLE 2. *Delivery.* Delivery to the Government shall be f. o. b. point of origin, and the Government shall remove the property within_____days after notification to it of the approval of the sale by the Seller.

ARTICLE 3. *Payment.* Payment by check to the order of the Seller will be made to the Seller as follows: Within thirty (30) days after receipt by the Government of invoice therefor.

ARTICLE 4. *Responsibility for property sold.* (a) The Government has had ample opportunity for full inspection of the property prior to the execution of this sales agreement and agrees to accept the property "as is". The Seller makes no guarantee, warranty, or representation as to the number, quantity, kind, size, weight, quality, character, description, or condition of the property, or its fitness for any particular purpose.

(b) The Government assumes all liability for the property after notification to it of approval of the sale. The seller will exercise its usual care for protection of the property up to the time limit of removal but will not be responsible for any loss or damage for any cause whatsoever. Title to the property shall vest in the Government immediately upon notification to it of approval of the sale.

ARTICLE 5. *Officials not to benefit.* (Insert § 803.322.)

ARTICLE 6. *Covenant against contingent fees.* (Insert § 803.323, substituting "Seller" for "Contractor").

ARTICLE 7. *Definitions.* The term "Contracting Officer" as used herein shall include his duly appointed successor or his authorized representative.

In witness whereof, the parties hereto have executed this contract as of the day and year first written.

CONTRACT OF SALE OF PROPERTY

WAR DEPARTMENT
and
DEFENSE PLANT CORPORATION

Contract for Sale of: _____
Amount: _____
Location of Property: _____

This contract, entered into this _____ day of _____, 194_, by and between the United States of America (hereinafter called the Government), represented by the Contracting Officer executing this contract, and _____, acting for and on behalf of the Defense Plant Corporation (hereinafter called the Purchaser), a corporation created by Reconstruction Finance Corporation, pursuant to section 5d of the Reconstruction Finance Corporation Act, as amended, witnesseth that the parties hereto do mutually agree as follows:

ARTICLE 1. *Scope of this contract.* The Government shall sell and deliver and the Purchaser shall buy and accept the property listed in the following schedule, in consideration of the price stated therefor: *Provided, however,* That if at the time of delivery of any such property to the Purchaser a maximum price lower than that stated below shall have been established by the Office of Price Administration and shall be in effect and expressly applicable to such deliveries notwithstanding the existence of a prior contract calling for a higher price, the price hereunder for the items so delivered shall be reduced to such maximum price.

[Schedule of Property and Price]

ARTICLE 2. *Delivery.* Delivery to the Purchaser shall be f. o. b. point of origin, and the Purchaser shall remove the property within _____ days after notification to it of the approval of the sale by the Government.

ARTICLE 3. *Payment.* Payment will be made within thirty (30) days after receipt by the Purchaser of bill, invoice, or voucher, by check to the order of the Treasurer of the United States or as otherwise directed in said bill, invoice, or voucher.

ARTICLE 4. *Responsibility for property sold.* (a) The Purchaser has had ample opportunity for full inspection of the property prior to the execution of this sales agreement, and agrees to accept the material "as is." The Government makes no guarantee, warranty, or representation as to the number, quantity, kind, size, weight, quality, character, description, or condition of the property, or its fitness for any particular purpose.

(b) The Purchaser assumes all liability for the property after notification to it of approval of the sale. The Government will exercise its usual care for protection of the property up to the time limit of removal, but will not be responsible for any loss or damage for any cause whatsoever. Title to the property shall vest in the Purchaser immediately upon notification to it of approval of the sale.

ARTICLE 5. *Officials not to benefit.* (Insert §§ 803.322 or 813.1326a (b), Article 13).

ARTICLE 6. *Covenant against contingent fees.* (Insert § 813.1326a (b), Article 12).

ARTICLE 7. *Definitions.* The term "Contracting Officer" as used herein shall include his duly appointed successor or his authorized representative.

FIXED FEE ARCHITECT - ENGINEER - CONSTRUCTION-MANAGEMENT SERVICES CONTRACT

WAR DEPARTMENT

Architect - Engineer - Construction - Manager and Address _____
Contract for Architect - Engineer - Construction-Management Services in connection with _____
Location _____
Fixed fee _____
Estimated construction cost exclusive of fixed fee:
Payment: To be made by _____
at _____

The supplies and services to be obtained by this instrument are authorized by, are for the purpose set forth in, and are chargeable to the following procurement authorities, the available balances of which are sufficient to cover the cost of the same:

_____

This contract is authorized by the following laws:

FIXED - FEE ARCHITECT - ENGINEER - CONSTRUCTION MANAGEMENT SERVICES CONTRACT

This contract, entered into this _____ day of _____, 194__, by the United States of America (hereinafter called the "Government"), represented by the Contracting Officer executing this contract, and _____

_____

_____

_____

[1] a corporation organized and existing under the laws of the State of _____

_____

[1] a partnership consisting of _____

_____

_____

_____

[1] an individual trading as _____ of the City of _____ in the State of _____ (hereinafter for brevity called the "A-E-M"), witnesseth that:

Whereas, the Government desires to engage the services of an architect-engineer-manager to perform such architect-engineering services as are hereinafter described, the construction of certain portions of the work, and management services for the entire project; and

[1] Delete all lines which do not apply.

Whereas, the accomplishment of the work by the A-E-M under a cost-plus-a-fixed-fee contract, entered into after negotiations approved by the Secretary of War, and without advertising for proposals, is authorized by law and will facilitate the prosecution of the war; and

Whereas, as a result of such negotiations, the Secretary of War has directed that the Government enter into such contract with the A-E-M for the accomplishment of the work hereinafter described:

Now, therefore, the parties hereto do mutually agree as follows:

ARTICLE I. *Statement of work.* 1. The A-E-M shall, in the shortest reasonable time, furnish the labor, materials, tools, machinery and equipment, facilities, supplies not furnished by the Government, and services, and do all things necessary for the completion of the following described work:

_____

_____

_____

all in accordance with the drawings and specifications or instructions contained in Appendix "A" hereto attached and made a part hereof, or to be furnished hereafter by the Contracting Officer and subject in every detail to his supervision, direction and instructions.

ART. II. *General statement of work and services.* 1. The A-E-M shall render all architect-engineering and other services incident to design, inspection and supervision of the project, more specifically described in Article I hereof.

2. Insofar as is practicable, where such action will not, in the opinion of the A-E-M, result in delay in completion of the facilities, all construction work shall be accomplished by contracts, either on lump sum or unit price basis awarded and entered into by the Government after negotiations therefor with the assistance of the A-E-M.

3. The A-E-M shall, in the shortest reasonable time, prepare adequate plans, specifications, bills of material and estimates covering:

a. Items of materials and equipment.

b. Any and all items of construction work for which contracts may be awarded on lump sum or unit price basis.

c. All other items of construction work for which lump sum or unit price contracts are not awarded.

4. When drawings and specifications are sufficiently complete with respect to any portion of construction work, which in the judgment of the A-E-M and the Contracting Officer may be contracted for on lump sum or unit price basis, the A-E-M shall furnish complete bid documents, conforming to law and regulations, for the letting of such contracts by the Government, and shall assist the Contracting Officer in evaluating proposals, and shall render such other services in connection with the award of contracts, based upon such approved drawings and specifications, as the Contracting Officer may require.

5. The A-E-M shall furnish or assemble such necessary force of superintendents, foremen, skilled workmen and laborers, construction tools and equipment and shall construct all items of construction work required by this contract for which contracts are not awarded by the Government on lump sum or unit price basis, except that the A-E-M may with the prior approval of the Contracting Officer subcontract in his own name for the performance of construction work on a lump sum, unit price, or fixed-fee basis when this method will in his opinion result in decreasing the time of completion of the project and/or the cost to the Government. Cost-plus-a-fixed-fee subcontracts will be entered into only after a written determination with reasons therefor by the A-E-M, and the approval of the Contracting Officer.

6. The A-E-M shall provide the necessary office space, at the site of the work for the representatives of the Contracting Officer and himself.

ART. III. *Statement of Architect-Engineer services.* 1. The A-E-M shall, in the shortest reasonable time, establish and maintain an office at or near the site of the work under the full-time resident direction of the A-E-M, if an individual; of one or more principal partners if the A-E-M is a partnership; or in case the A-E-M is a corporation, association or similar legal entity, one or more senior officers thereof; provided, however, that the A-E-M, whether an individual, a partnership, a corporation, or other legal entity may be represented in the direction of the work by some person or persons of a class other than those specied above, if the Contracting Officer gives his approval. It is agreed that there shall be ____ representative(s) of the A-E-M for the purposes above mentioned. The A-E-M shall perform the following services:

a. Make all necessary topographical and other surveys and maps; arrange for and supervise necessary test borings and other subsurface investigations. Provided, however, that this provision is not to be deemed to require the A-E-M to make real estate surveys.

b. Prepare, subject to the approval of the Contracting Officer, preliminary studies, sketches, and layout plans and reports including estimates of cost of the proposed project and of all structures, utilities and appurtenances thereto.

c. Adapt and modify Government designs, drawings, specifications and standards for buildings and other structures as necessary to meet the requirements of the approved layout of the proposed project, and prepare detailed designs, specifications and drawings in required form for which Government designs are incomplete or unavailable.

d. Obtain necessary permits and approvals from all local, State and Federal authorities. Should it become necessary in the performance of the work and services for the A-E-M to secure the right of ingress or egress to perform any of the work required by this contract on properties not owned or controlled by the Government, the A-E-M shall secure the consent of the owner, his representative, or agent, prior to effecting entry on such property. In the event the owner requires the payment of any fee for a license to enter upon and/or use such property, the A-E-M, when so directed by the Contracting Officer, shall pay such fee and obtain a receipt therefor.

e. Prepare estimates of material quantities required to construct the project.

f. When preliminary drawings are approved in writing by the Contracting Officer, prepare final designs, detailed working drawings and specifications in accordance with Government standards necessary for the effective coordination and efficient execution of the construction work and revise such drawings and specifications if necessary. Unless otherwise directed or authorized by the Contracting Officer, drawings will be prepared in pencil on tracing paper or pencil tracing cloth of approved quality by such methods and of such quality of workmanship as will permit the revision of such drawings for record purposes and the making of satisfactory reproductions thereof. Drawings shall be prepared in ink on linen only where satisfactory results cannot be obtained otherwise. Prepare copies of the specifications and sets of full size copies of working drawings in such manner and in such numbers as the Contracting Officer may require. There shall be included in the specifications all provisions which the Contracting Officer may direct to have incorporated therein relating to the awarding of the construction contracts, contemplated by Section 2 of Article II, conditions under

which the work shall be done, including a provision that the contractors (lump sum and unit price contractors and lump sum subcontractors) and all persons employed directly or indirectly under such construction contracts, will utilize the hospital and first-aid facilities furnished by the A-E-M, and any special provisions required by statute or existing War Department regulations or instructions.

g. Prepare an estimate of the cost of the proposed project based on the approved designs, drawings and specifications therefor, and furnish for the approval of the Contracting Officer:

(1) Schedules and charts showing the proposed sequence of operations in the construction of each of the several portions of the work.

(2) Estimates showing the amounts of critical and important materials and dates when such materials will be required on the site.

(3) Labor estimates, to be prepared with the assistance of other construction contractors, contemplated by Section 2 of Article II, showing the approximate numbers, trades and dates required to meet the schedule in (1) above.

(4) In addition to the requirements of Article XXVI, semi-monthly progress reports in approved form showing the progress of the construction work and any deviation from the approved construction schedule.

h. Establish a permanently monumented base line, with elevations, tied into the North American Datum, unless specifically exempted by written instructions of the Contracting Officer. Furnish all governing lines, bench marks and grades essential to the construction of the project.

i. Supervise the work included in this contract to assure the construction of every part of the work in accordance with the approved drawings and specifications within the areas and boundaries designated for the project.

j. Check and approve all shop and working drawings submitted in connection with the construction work to assure that they conform with approved drawings.

k. Make or cause to be made such field and laboratory tests of concrete and concrete aggregates and other materials at the site or at any time or place as the Contracting Officer may require. Inspect and report to the Contracting Officer in writing as to the conformity or nonconformity of the workmanship and materials to specifications; and on the progress of the project.

(1) When so directed by the Contracting Officer, arrange for, by subcontract or otherwise, and supervise tests and inspections of materials and workmanship by commercial testing laboratories or other similar agencies, either at such laboratories or at the points of manufacture or fabrication of materials. The cost of such tests and inspection shall be reimbursable and the subcontracting thereof shall entail no adjustment in the fixed fee. Subcontracting of any other architect-engineer services, unless otherwise expressly provided for in this contract, shall be subject to a decrease in the fixed fee by an equitable adjustment on the basis of the decrease in services due to such subcontracting.

l. Upon termination or prior to completion of this contract, as determined by the Contracting Officer, and before final payment of the fixed-fee, the A-E-M shall:

(1) Prepare record drawings to show construction as actually accomplished. These record drawings shall be prepared by correcting drawings as prepared for construction purposes or, where construction drawings cannot be satisfactorily revised for record purposes, by preparation of appropriate new drawings. All such drawings shall be prepared in pencil on tracing paper or pencil tracing cloth of approved quality unless otherwise directed or authorized by the Contracting Officer. Drawings shall be prepared in ink on linen only where satisfactory results cannot be obtained otherwise.

(2) Supervise the testing of operating units designed by the A-E-M to assure their conformance with specifications and furnish all engineering services necessary to secure such conformance.

(3) Prepare instructions for the proper operation and maintenance of all utilities and operating equipment designed by the A-E-M.

m. Without additional compensation the A-E-M, or any member of the organization, when requested, shall consult and advise with the Contracting Officer on any questions which may arise in connection with the work.

n. Prepare partial and final estimates of quantities and values of work done under lump sum and unit price contracts and subcontracts necessary to provide data required under the payment provisions of such contracts and subcontracts.

o. Perform all other architectural and engineering services within the scope of this contract required by the Contracting Officer.

ART. IV. *Statement of construction services.* 1. The A-E-M shall, in the shortest practicable time, furnish the services, labor, materials, tools, machinery, equipment, facilities and supplies not furnished by the Government and do all things necessary for the construction of that portion of the project not performed by the Government or performed under the contracts as contemplated by Sections 2 and 5 of Article II, all in accordance with the approved drawings and specifications.

ART. V. *Statement of management services.* 1. The A-E-M shall furnish management services to assure the satisfactory completion of the project. Such services shall include, among other functions, the preparation of contract documents, and scheduling such contracts as to units of work, time of completion, and other salient phases so as to assure the orderly prosecution of the work. Such services shall also extend to the scheduling and/or purchasing of items of materials and equipment to avoid any delays in the prosecution of the work hereunder. The A-E-M shall advise and consult with the construction contractors on this project and shall direct and supervise their work, subject to the provisions of Article XVII; and shall, when directed or authorized by the Contracting Officer, procure and store materials and equipment for use in connection with the project.

ART. VI. *Estimated cost, fee and performance period.* 1. It is estimated that the cost of the construction of the project will be _____ Dollars ($_____) exclusive of the A-E-M's fee, and that the work herein contracted for will be ready for utilization by the Government_____ It is expressly understood, however, that neither the Government nor the A-E-M guarantees the correctness of either of these estimates.

2. In consideration for his undertaking under this contract the A-E-M shall receive the following:

a. Reimbursement for expenditures as provided in Article XI.

b. Rental for A-E-M's equipment as provided in Article XI.

c. A fixed fee in the amount of _____ Dollars ($_____) which shall constitute complete compensation for the A-E-M's services, including profit and all general overhead expenses.

3. When in the opinion of the Contracting Officer it is to the best interests of the Government, the A-E-M shall when so ordered or authorized, subcontract any or all items or classifications of construction work required under this contract or subsequently added thereto, for which contracts are not awarded by the Government on a lump sum or unit price basis. Such subcontracting of construction work, or the performance thereof with the A-E-M's own forces, regardless of the amount and/or extent of work performed or subcontracted, all with the prior written approval or order of the Contracting Officer, and such awarding of contracts for construction work hereunder by the Government on a lump sum or unit price basis, irrespective of the amount and extent thereof, shall entail no adjustment in the fixed fee stipulated in Section 2 *c*, of this Article VI. The fixed fee stipulated in Section 2 *c*. of this Article VI has been determined in the light of the fact that all of the construction work may be subcontracted or contracts for such work may be awarded by the Government on a lump sum or unit price basis. Such fee includes compensation for the services which may be rendered by the A-E-M in the negotiation, supervision, and coordination of any construction work subcontracted or for which contracts have been awarded by the Government on a lump sum or unit price basis and the responsibilities assumed by the A-E-M in connection therewith, and is deemed to be reasonable, regardless of the amount or extent of construction work performed, subcontracted, or for which contracts are awarded by the Government on a lump sum or unit price basis.

ART. VII. *Changes.* 1. The Contracting Officer may at any time by written order issue additional instructions, require additional work or services or direct the omission of work or services covered by this contract. If such changes cause a material increase or decrease in the amount or character of the work and services to be done under this contract an equitable adjustment of the amount of the fixed fee to be paid the Architect-Engineer shall be made and the contract shall be modified in writing accordingly. Any claim for adjustment under this Article must be asserted within 10 days from the date the change is ordered (unless the Contracting Officer, with the approval of the Secretary of War or his duly authorized representative, shall grant a further period of time prior to the date of final settlement of the contract). Nothing provided in this Article shall excuse the Architect-Engineer from proceeding with the prosecution of the work so changed. There shall be no adjustment in the amount of the fixed fee as provided herein, nor any claim therefor because of any errors and/or omissions made in computing the estimated cost of the work under this contract or where the actual cost varies from the estimated cost.

ART. VIII. *Title to work.* 1. Title to all materials, tools, machinery, equipment and supplies for which the A-E-M shall be entitled to reimbursement under Article XI shall vest in the Government at such point or points as the Contracting Officer may designate in writing, provided that the right of final inspection and acceptance or rejection of such materials, tools, machinery, equipment and supplies at such place or places as he may designate in writing is reserved to the Contracting Officer; provided further that, upon such final inspection, the A-E-M shall be given written notice of acceptance or rejection as the case may be. In the event of rejection, the A-E-M shall be responsible for the removal of the rejected property within a reasonable time.

ART. IX. *Workmanship and materials.* 1. The work shall be executed in the best and most workmanlike manner by qualified, careful and efficient workers, in strict conformity with the best standard practices. Except as otherwise authorized by the Contracting Officer all materials shall be of the best quality of their respective kinds. If the Contracting Officer requires that the A-E-M submit for

prior approval samples of materials proposed for use in the work covered by this contract, the A-E-M shall make no commitments for such materials until the submitted sample has been approved by the Contracting Officer.

ART. X. *Expert technical assistance.* 1. When in the judgment of the Contracting Officer the complexity and nature of the project are such as to require expert technical assistants, or services, or advice in connection with special phases of the work such as site planning, aerial surveys, manufacturing processes, or other problems of a highly technical character, the A-E-M may obtain by subcontract or otherwise, when so ordered by the Contracting Officer, such supplemental professional services as are necessary for the proper performance of this contract. The obtaining of such supplemental professional services shall entail no adjustment of the fixed-fee.

2. The provisions of the above section shall not apply to the usual professional services normally furnished by Architect-Engineers, including but not limited to topographic surveys, design of water supply and sewerage systems, power plants and other utilities, structures and foundations. If, in the opinion of the Contracting Officer, it is essential for the proper prosecution of the work that the A-E-M obtain expert technical advice or consulting service in connection with those classes of service not included in section 1 above, the cost of obtaining such advice or service shall not be reimbursable except for the salaries of employees of such consultants, when assigned to the work on a full-time basis.

ART. XI. *Cost of the work.* 1. *Reimbursement for A-E-M expenditures.* The A-E-M shall be reimbursed in the manner hereinafter described for such of his actual expenditures in the performance of the work as may be approved or ratified by the Contracting officer and as are included in the following items:

a. All labor, materials, tools, machinery, equipment, supplies, services, utilities, power and fuel necessary for either temporary or permanent use for the benefit of the work.

b. All subcontracts made in accordance with the provisions of this contract.

c. Rental actually paid by the A-E-M at rates not to exceed those approved by the Contracting Officer, for construction plant in sound and workable condition exceeding $300 in value as may be necessary for the proper and economical prosecution of the work. Each contract for the rental of construction plant or parts thereof by the A-E-M from third parties shall be in a form prescribed by the Contracting Officer and shall be subject to his approval and shall include provisions (1) that the lessor shall deliver to the Government title to such construction plant or parts thereof free of all liens and encumbrances when and if the total rental paid and or accrued to the lessor for any item of construction plant or parts thereof shall equal the approved value thereof plus one percent (1%) of the approved value per month for each contract month or fraction thereof such piece of equipment shall have been in use, and (2) that any time prior to termination of such rental agreement, the Government may at its option purchase any piece of equipment by paying the lessor the difference between the valuation of such piece of equipment plus one percent (1%) of the approved value per month for each contract month or part thereof such piece of equipment shall have been in use, and the total rental theretofore paid for such piece of equipment. *Provided, however,* That either of such provisions may be omitted from such rental agreements if the omission is approved by the Chief of the Technical Service.

d. Unloading and assembling at the site of the work of construction plant owned or rented by the A-E-M; transportation thereof to the place or places where it is to be used in connection with said work, dismantling, loading and return transportation to the point of original shipment or equivalent mileage, but in no event will the payment made for return transportation exceed the payment made for transportation to the job site unless such excess cost results solely from an increase of freight rates, or is required by Government transfer of such equipment to another site more distant from the point of origin than the site of the work set out in Article I hereof. Charges for transportation over distances in excess of 500 miles must have the written authorization of the Contracting Officer in advance. Loading at the site of origin and unloading when returned to the original shipping point or other return shipping point will not be paid by the Government and is not a reimbursable item.

e. Repairs and repair parts for construction plant, except such as are included in the rental and those made necessary by defects in such plant, or parts thereof, or by the fault or negligence of the A-E-M or his employees.

f. Transportation charges on materials and supplies.

g. Transportation and traveling expenses to the work of the necessary field forces for the economical and successful prosecution of the work, and return when such services are no longer required; expenses of procuring labor and expediting the production and transportation of material and equipment. Expenditures under these items shall be either authorized or approved in writing by the Contracting Officer.

h. Salaries of engineers, resident engineers, principal assistant engineers, architects, superintendents, timekeepers, foremen, technical, administrative employees and other field employees of the A-E-M in connection with the work. In case the full time of any field employee of the A-E-M is not applied to the work, his salary shall be included in this item only in proportion to the actual time applied thereto. No person shall be assigned to service by the A-E-M as superintendent of construction, chief engineer, chief purchasing agent, chief accountant, or similar positions in the A-E-M's field organization, or as principal assistant to any such person, until there has been submitted to and approved by the Contracting Officer a statement of the qualifications, experience, and salary of the person proposed for such assignment. The payment of any excess salary over such scheduled amounts shown in the approved salary schedule, Appendix "C", attached hereto and made a part hereof, shall not be reimbursable, unless and until the Chief of the Technical Service has so approved in writing.

i. Buildings, trade fixtures and equipment required for necessary field offices, commissaries, hospitals, and other facilities, and the cost of maintaining and operating such field offices, commissaries, hospitals and other facilities; provided that the A-E-M may enter into a contract with any third party or parties for the operation of the commissaries, hospitals, or other facilities provided for herein, in which event such contract shall be reduced to writing and the terms thereof subject to the prior written approval of the Contracting Officer.

j. Temporary rights in land required in connection with the work.

k.–n. (Insert a. to d. of clause in § 803.-365–2).

o. Payments from his own funds made by the A-E-M under the Social Security Act, and any disbursements required by law which the A-E-M may be required on account of this contract to pay on or for any plant, equipment, process, organization, materials, supplies, or personnel; and, if approved in writing by the Contracting Officer in advance, permit and license fees and royalties on patents used including those owned by the A-E-M.

p. (1) If the A-E-M or any representative thereof, shall be required to travel, the Government will reimburse the A-E-M for the transportation, including Pullman where necessary and will allow for such travel Six Dollars ($6.00) per day in lieu of all other expenses. Transportation by automobile on such required travel shall be reimbursed at the rate of Five Cents ($.05) per mile as representing the actual cost of such transportation.

(2) All travel shall be either authorized or approved in writing by the Contracting Officer. Should the A-E-M, or any representative thereof, remain in a travel status in excess of six (6) days at any one time, not including the time consumed in travel, the cost of such excess travel status shall be at the expense of the A-E-M, unless otherwise ordered in writing by the Contracting Officer.

q. When specifically approved in advance by the Contracting Officer, a reasonable allowance for work covered by Article IV performed in the A-E-M's general offices exclusively for and directly chargeable to the work.

r. Disbursements incident to payment of payrolls, including but not limited to, the cost of disbursing cash, necessary guards, cashiers, and paymasters. If payments to employees are made by check, facilities for cashing checks must be provided without expense to employees, and the A-E-M shall be reimbursed therefor.

s. Expenditures made by the A-E-M under the provisions of Subsection *d* of Section 1 of Article III and Article X.

t. In the event the Contracting Officer shall determine that the best interests of the Government require that the A-E-M initiate or defend litigation in connection with claims of third parties arising out of the performance of this contract, the A-E-M will proceed with such litigation in good faith and the costs and expenses of such litigation, including judgments and court costs, allowances rendered or awarded in connection with suits for wages, overtime or salaries, and reasonable attorneys' fees for private counsel when the Government does not furnish Government counsel, shall be reimbursable under this contract.

u. Such other items not expressly excluded by other provisions of this contract as should, in the opinion of the Contracting Officer, be included in the cost of the work. When such an item is allowed by the Contracting Officer, it shall be specifically certified as being allowed under this Subsection.

If this contract was preceded by a Letter Contract, the following provision shall be deemed to be included herein:

v. All expenditures for which reimbursement has not been made pursuant to Letter Contract dated _____, a copy of which is attached hereto. Such Letter Contract is hereby merged and superseded by this contract.[1]

2. *Rental for construction plant owned by A-E-M. a.* Rental shall be paid to the A-E-M for construction plant in sound and workable condition, owned and furnished by him for the proper and economical prosecution of the work, as shown in the attached "Appendix B" hereby made a part hereof, at rental rates prescribed by the Under Secretary of War in "Uniform Rental Rates for Contractor-Owned Construction Plant", August 27, 1941.

b. In the event the A-E-M, with the approval of the Contracting Officer furnishes additional equipment that is not included in "Appendix B", rental for such equipment will be paid in accordance with said "Uniform Rental Rates for Contractor-Owned Construction Plant."

c. Except as otherwise specified herein, rental shall begin on the date of delivery of the construction plant to a common carrier for shipment to the site of the work, as evidenced by bill of lading or other satisfactory evidence covering such shipment. In the event the construction plant is conveyed by the A-E-M, the rental shall start at the time transportation to the site begins; however, the rental paid shall not exceed that for the equivalent time of shipment by common carrier.

d. If such construction plant is not in sound and workable condition to the satisfaction of the Contracting Officer, when delivered at the site of the work, the rental period therefor shall not begin until the construction plant shall have been placed in sound and workable condition at the expense of the A-E-M, and rental therefor shall not be paid for any prior period.

e. If such construction plant cannot be placed in sound and workable condition within reasonable time to the satisfaction of the Contracting Officer, no transportation charges for the shipment thereof, to or from the site of the work, shall be paid.

f. The approved value of the construction plant as shown in "Appendix B" shall be deemed binding unless the Contracting Officer shall, within twenty days after such plant has been set up and working, modify or change such valuation. In the event a change is made in the valuation of the construction plant, a corresponding change shall be made in the rental rate in accordance with said "Uniform Rental Rates for Constructor-Owned Construction Plant". Thereafter the valuation and the related rental rate shall be binding unless the rental is modified as specified below.

g. Furnish within 15 days of the date of the receipt of written notice from the Contracting Officer, construction plant listed in Appendix "B" provided that the date upon which the A-E-M is required to furnish such plant shall not precede the date on which such construction plant is listed as available in said Appendix "B". In the event the A-E-M fails to furnish construction plant as required by such notice, the additional cost of acquiring replacement construction plant from any source other than the A-E-M shall be paid by the A-E-M and shall not be a reimbursable expenditure.

h. Rental for time consumed for repairs, in excess of time normally required for such repairs as determined by the Contracting Officer, shall be deducted from the rental in the amount of one-thirtieth of the monthly rental rate for each day determined to be in excess. When in the opinion of the Contracting Officer the amount of repairs or maintenance is excessive, a deduction shall be made from the rental.

i. The payment of rental shall cease on a date to be established in a written notice by the Contracting Officer to the A-E-M that the construction plant is no longer required. The date of release thus established shall include an allowance for the time necessary for final repairs, dismantling and loading for shipment.

GENERAL

3 *Reservations by Government. a.* The Government reserves the right to furnish any materials, construction equipment, machinery, tools, or services, including communication services necessary for the completion of the work. The A-E-M shall cause all equipment, machinery, and tools to which title is vested in the Government to be suitably marked with an identifying mark or symbol indicating that such items are the property of the United States. The A-E-M shall maintain at all times, in a manner satisfactory to the Contracting Officer records showing the disposition and/or use of all equipment, machinery, tools, and materials purchased for the work and for which he has been reimbursed by the Government or which have been furnished by the Government. Upon the completion of this contract or upon demand, the A-E-M shall return such equipment, machinery, tools, and unused materials to the place designated by the Contracting Officer.

b. (Insert article in § 803.365–1).

c. The Government reserves the right to pay directly to common carriers any or all freight charges on construction plant, materials and supplies.

d. The Government reserves the right to pay directly to the person concerned all sums due from the A-E-M for labor, materials, or other charges.

4. *Salaries of corporate officers, etc.* No salary, wages, or like compensation of the A-E-M, partners or corporate officers of the A-E-M's organization and no salary, wages or like compensation of the resident managers referred to in Section 1 of Article III shall be included in the cost of the work. No part of the expense incurred in conducting the A-E-M's main office or regularly established branch offices, and no overhead expense of any kind, except as specifically authorized in Section 1 of this Article, shall be included in the cost of the work; nor shall any interest on capital employed or on borrowed money be included in the cost of the work.

5. *Discounts.* The A-E-M shall, to the extent of his ability, take all cash and trade discounts, rebates, allowances, credits, salvage, commissions, and bonifications, and when unable to take advantage of such benefits he shall promptly notify the Contracting Officer of the reason therefor. In determining the actual net cost of articles and materials of every kind required for the purpose of this contract, there shall be deducted from the gross cost thereof all cash and trade discounts, rebates, allowances, credits, commissions, and bonifications which have accrued to the benefit of the A-E-M or would have so accrued but for the fault or neglect of the A-E-M. Such benefits lost through no fault or neglect on the part of the A-E-M, or lost through fault of the Government, shall not be deducted from gross costs.

6. *Revenue.* All revenue received by the A-E-M from the operations of the hospital, commissaries, or other facilities, or from rebates, discounts, refunds, etc., shall be accounted for by the A-E-M and, except for any reasonable compensation accruing to a third party or parties for the operation of commissaries, hospitals, or other facilities, applied in reduction of the cost of the work.

ART. XII. *Payments*—1. *Reimbursement for cost.* The Government will current reimburse the A-E-M for expenditures made in accordance with Article XI upon certification to and verification by the Contracting Officer of the original signed payrolls for labor, the receipted invoices for materials, or such other documents as the Contracting Officer may require. Generally, reimbursement will be made weekly but may be made at more frequent intervals if the conditions so warrant.

2. *Rental for A-E-M's equipment.* Rental as provided in Section 2, Article XI for such construction plant or parts thereof as the A-E-M may own and furnish shall be paid monthly upon presentation of proper vouchers.

3. *Payment of the fixed-fee.* Ninety percent (90%) of the fixed-fee set out in Article VI shall be paid by the Government as it accrues, in monthly installments based upon the percentage of the Completion of the work as determined from estimates submitted to and approved by the Contracting Officer. Final payment upon completion of the work and its final acceptance shall be made in accordance with Section 5 of this Article. If the contract is terminated by the Government, payment shall be made in accordance with Article XVI.

4. *Payments by A-E-M.* If bills for purchase of material, machinery or equipment, or pay-rolls covering employment of laborers or mechanics incurred by the A-E-M or by any subcontractor hereunder are not paid promptly by the A-E-M or subcontractor as the case may be, the Contracting Officer may, in his discretion, withhold from payments otherwise due the A-E-M an amount equivalent to the amount of any such bill or payroll. Should the A-E-M neglect or refuse to pay such bills or payrolls or to direct any subcontractor to pay such bills or payrolls within five (5) days after notice from the Contracting Officer so to do, the Government shall have the right to pay such bills or payrolls directly, and in such event a deduction equal to five percent (5%) of the amount so paid directly shall be made from the A-E-M's fee.

5. *Final payment.* a. Upon completion of the work and its final acceptance in writing by the Contracting Officer, the Government shall pay to the A-E-M the unpaid balance of the cost of the work determined under Article II, and of the fee, less any sum that may be necessary to settle any unsettled claims in connection with this contract, or any claim the Government may have against the A-E-M. The Contracting Officer shall accept the completed work with reasonable promptness.

b. Prior to final payment and as a condition thereof the A-E-M shall furnish the Government with a release of all claims against the Government arising under and by virtue of this contract, other than (1) such claims, if any, as may be specifically excepted by the A-E-M from the operation of the release in stated amounts to be set forth therein, or in estimated amounts where the amounts are not susceptible of exact statement, and (2) any claim based upon responsibility of the A-E-M to third parties arising out of the performance of this contract not known to the A-E-M at the time of furnishing the release.

c. Even though the existence or amount thereof shall not be determined until after the furnishing of such release as is described next above, reimbursement to be made for payments made by the A-E-M shall include, along with wages and salaries otherwise reimbursable, all additional amounts determined (either by approval of the Contracting Officer or by litigation as provided in Subsection t, Section 1, Article XI) to be due and payable for overtime compensation and allowances under local, state or Federal laws in connection with such wages and salaries.

d. The A-E-M shall promptly notify the Contracting Officer of any claims of the type described in clause (2) of Subsection b of this Section which are asserted subsequent to the execution of the release.

ART XIII. *Records and Accounts, Inspection and Audit.* 1. *Records and books of account.* The A-E-M agrees to keep records and books of account, showing the actual cost to him of all items of labor, materials, equipment, supplies, services, and other expenditures of whatever nature for which reimbursement is authorized under the provisions of this contract. The system of accounting to be employed by the A-E-M shall be such as is satisfactory to the Contracting Officer.

2. *Access to records by Contracting Officer and A-E-M.* The Contracting Officer shall at all times be afforded proper facilities for inspection of the work and shall at all times have access to the premises, work and materials, to all books, records, correspondence, instructions, plans, drawings, receipts, vouchers, and memoranda of every description of the A-E-M pertaining to said work except such documents as are submitted in support of reimbursement vouchers; and the A-E-M shall preserve such papers, without additional compensation therefor, to such extent and for such period as may be required by law. Likewise, any duly authorized representative of the A-E-M shall be accorded the privilege of examining the books, records, and papers of the Contracting Officer relating to the actual cost of the work for the purpose of checking up and verifying such cost.

3. *Auditing functions.* In order to avoid so far as possible duplication in accounting

[1] This contract will bear same date as letter contract.

and auditing functions performed by the A-E-M and the Government, it is agreed that the following accounting and auditing functions shall be performed by the Government exclusively:

a. Time checking (not time keeping) in the field or in the A-E-M's Plant.

b. Audit of original pay rolls of the A-E-M (or such portions thereof as are applicable), where such pay rolls are prepared by the A-E-M.[1]

c. Checking of equipment rentals and the preparation and delivery of properly approved rental rolls to the A-E-M for payment.[2]

d. Such other accounting and auditing functions as may be effectively performed by Government employees and to which the Contracting Officer and the A-E-M may mutually agree in writing.

4. *Discharge of functions.* It is further agreed that if any of the accounting and auditing functions performed exclusively by the Government do not adequately discharge such accounting and auditing functions to the satisfaction of the A-E-M, the A-E-M, with the approval in writing of the Contracting Officer, may perform such additional checking and auditing as may be so approved. The A-E-M shall be reimbursed for the cost of such additional accounting and auditing functions as are so approved.

ART. XIV. *Drawings and other data to become property of Government.* 1. All drawings, designs and specifications are to become the property of the Government on completion thereof as outlined in this contract, and the Government shall have full right to use said drawings, designs and specifications as instruments for the purpose of constructing, under contract or otherwise, any buildings or other structures for the sole use of the Government when and where the Government may designate without any claim on the part of the A-E-M for additional compensation.

2. All notes, designs, drawings and other data concerning the project shall be delivered to the Government whenever requested by the Contracting Officer and, furthermore, access to such data shall be restricted to trusted and duly authorized representatives of the Government and of the A-E-M.

ART. XV. *Special requirements.* 1. (Insert clause b in § 803.365–3.)

2. (Insert clause c in § 803.365–3.)

3. The A-E-M hereby agrees that he will:

a. (Insert clause in § 803.365–6.)

b. Procure all necessary permits and licenses; obey and abide by all applicable laws, regulations, ordinances, and other rules of the United States of America, of the State, Territory, or political subdivision thereof wherein the work is done, or of any other duly constituted public authority.

c. Reduce to writing, unless this provision is waived in writing by the Contracting Officer, every contract in excess of two thousand dollars ($2,000) made by him for the purpose of the work hereunder for services, materials, supplies, machinery, equipment, or for the use thereof; insert therein a provision that such contract is assignable to the Government; make all such contracts in his own name, and not bind nor purport to bind the Government or the Contracting Officer thereunder. No purchase in excess of two thousand dollars ($2,000) shall be made or placed without the prior approval of the Contracting Officer.

d. Enter into no subcontract for any portion of the construction work except in the form prescribed by the Chief of the Technical Service, with the written approval of the Contracting Officer. Subcontracts are defined as contracts entered into by the A-E-M with others which involve the performance, wholly or in part at the site of the work, of some part of the work described in this contract.

e. The Contracting Officer may require the A-E-M to dismiss from work such employee or employees as the Contracting Officer deems incompetent, careless or insubordinate, or whose continued employment is deemed inimical by the Contracting Officer to the public interest. The A-E-M shall make every reasonable effort in the selection of his employees and in the prosecution of the work under this contract to safeguard plot drawings and schematic drawings furnished him and drawings and specifications, and to prevent the theft or unauthorized use of the same.

f. Immediately upon termination of third-party rental agreements, make all repairs to equipment rented thereunder which are required to be made by the terms of such rental agreements and shall remove such equipment from the site of the work. In cases where such repairs and removal cannot promptly be made, the A-E-M shall notify the Contracting Officer of the reasons for such delay.

ART. XVI. *Termination of contract by the Government.* (Insert the clause in § 803.350)

ART. XVII. *The Contracting Officer's decisions.* 1. The services rendered and the work done by the A-E-M shall be subject to the supervision and approval of the contracting officer to whom the A-E-M shall report and be responsible.

ART. XVIII. *Disputes.* (Insert article in § 803.326)

ART. XIX. *Convict Labor.* (Insert clause in § 803.345)

ART. XX. *Labor.* 1. (Insert clauses in §§ 803.343 and 803.343–1)

2. (Insert clause in § 803.346)

3. *Excess wage rates on overtime compensation.* All wage rates, including compensation for overtime under Section 2 of this article, for laborers and mechanics engaged in work under this contract shall be approved in writing by the Chief of the Technical Service or a representative expressly designated by him for that purpose, and any amount paid by the A-E-M to any laborer or mechanic in excess of the wage rate approved for such laborer or mechanic by the Chief of the Technical Service or a representative expressly designated by him for that purpose shall be at the expense of the A-E-M and shall not be reimbursed by the Government. When, in connection with the audit and check by the Contracting Officer or his authorized representative, of the A-E-M's pay rolls prior to reimbursement as contemplated in section 1 of Article XI hereof, it is found that one or more laborers and/or mechanics have been paid wages at rates in excess of the wage rates approved as herein provided, the reimbursement made to the A-E-M on account of such pay rolls shall not include any such excess payments.

4. (Insert clause in § 803.325)

5. (Insert clause in § 803.344)

ART. XXI. (Insert clause in § 803.362)

ART. XXII. *Notice to Government of labor disputes.* (Insert clause in § 803.354)

ART. XXIII. *Officials not to benefit.* (Insert clause in § 803.322)

ART. XXIV. *Covenant against contingent fees.* (Insert clause in § 803.323)

ART. XXV. *A-E-M's organization and methods.* 1. Upon the execution of this contract, the A-E-M shall submit to the Contracting Officer a chart showing in general the executive and administrative organization, duties and personnel to be employed in connection with the work under contract; the data so furnished shall be supplemented as additional information becomes available.

ART. XXVI. *Progress reports and changes in personnel.* 1. The A-E-M shall promptly, after the execution of this contract, prepare and submit to the Contracting Officer, for approval, a schedule showing the order in which the A-E-M proposes to carry on the work, with dates on which he will start the several salient features of the work and the contemplated dates for completing the same. The schedule shall be in the form of a progress chart at suitable scale so as to indicate with symbols the percentage completed at any time. The A-E-M shall correct the progress schedule at the end of each week and shall immediately deliver to the Contracting Officer three copies each of the same.

2. The A-E-M shall furnish sufficient technical, supervisory and administrative personnel to insure the prosecution of the work in accordance with the approved progress schedule. If in the opinion of the Contracting Officer, the A-E-M falls behind the progress schedule, the A-E-M shall take such steps as may be necessary to improve his progress, and the Contracting Officer may direct him to increase working days per week, or hours of labor per day. When in the opinion of the Contracting Officer, the A-E-M's personnel and/or overhead is excessive for the proper performance of this contract, reductions thereof shall be made as required by the Contracting Officer. Failure to promptly comply with such directions shall be deemed sufficient cause to terminate this contract for the fault of the A-E-M.

ART. XXVII. *Loading and unloading railway cars.* 1. The A-E-M shall load promptly all railroad cars furnished for loading upon his order and shall unload from railroad cars promptly upon arrival all shipments consigned to him and shall provide storage facilities and other facilities necessary for these purposes; and the A-E-M shall not order railway cars for loading unless they can be loaded promptly and shall not cause or permit shipments to be consigned to him unless they can be unloaded from railroad cars promptly upon arrival.

ART. XXVIII. *Assignment of claims.* (Insert clause in § 803.355)

5. No assignee shall divulge any information concerning the contract, or contained therein, except to those persons authorized by the Contracting Officer.

If this contract is classified as Secret, Confidential, or Restricted, the foregoing provisions of this Article shall not be applicable, and the following provision shall be deemed to be substituted therefor:

1. Neither this contract, nor any interest therein, or claim thereunder, shall be assigned or transferred by the A-E-M to any party or parties.

ART. XXIX. *Renegotiation.* (See § 803-342 and Part 812.)

ART. XXX. *Approval required.* 1. This contract shall be subject to the approval of the ---------- and shall not be binding unless so approved.

ART. XXXI. *Definitions.* 1. The term "Chief of the Supply Service" refers to the head of a service of the War Department, e.g., the Chief of Engineers.

2. The terms "Secretary of War" and "Chief of the Supply Service" shall include their duly authorized representatives as the case may be other than the Contracting Officer.

3. The term "his duly authorized representative" shall mean any person or board authorized by the Secretary of War or the Chief of the Supply Service, as the case may be, to act for him, other than the Contracting Officer.

4. For the original signing of the contract and modification thereof, the term "Contracting Officer" as used herein shall be deemed to include the Contracting Officer in the Office of the Chief of Engineers appointed for that purpose by the Chief of Engineers. For all other purposes, the term "Contracting Officer" shall mean the District Engineer of the United States Engineer District in which the contract work is being performed, his successor or duly authorized representative.

5. The term "construction plant" shall include any part thereof.

ART. XXXII. *Alterations.* The following changes were made in this contract before it was signed by the parties hereto:

In witness whereof, the parties hereto have executed this contract as of the day and year first above written.

THE UNITED STATES OF AMERICA.

CERTIFICATION

I, ----------, do hereby certify that I am the duly qualified ---------- of the corporation named herein as Architect-Engineer-Construction-Manager; that ---------- who signed this contract on behalf of the Architect-Engineer-Construction-Manager was then ---------- of said corporation; that said contract was duly signed for and in behalf of said corporation by authority of its governing body, and is within the scope of its corporate powers.

In witness whereof, I have hereunto affixed my hand and the seal of the---------- this ---------- day of----------, 194--.

[CORPORATE SEAL]

APPENDIX "B"

Contract No. ----------

(All equipment available ----------
except where otherwise specified)

Quantity	Item: Complete description, capacity, and identifying Nos.	Total purchase cost or fair value	Rental Rate $... month, week or day

APPENDIX "C"

There are set forth below the present key employees proposed to be furnished under this contract indicating their names, description of work to be performed, an expression as to whether the salaries are based on a weekly, monthly or annual basis, and the maximum salary agreed upon to be paid for services in the position indicated for personnel now employed.

Name	Position	Salary based on weekly (W) monthly (M) or annual basis	Maximum salary agreed to be paid under contract

For the purposes of this appendix "C" it is understood that

1. "Non-manual employees" are those employees who are not "laborers and mechanics" within the meaning of the Davis-Bacon Act. The term "non-manual employees" includes all occupations not involving manual labor directly in connection with construction work. Custodian employees are included within the term "non-manual employees." The following is a list (not all inclusive) of typical "non-manual" occupations:

Accountants.	Office Machine Operators.
Architects.	Office Managers.
Auditors.	Project Managers.
Axemen.	Purchasing Agents.
Bookkeepers.	Rodmen.
Chainmen.	Stenographers.
Checkers.	Stewards.
Chiefs of Party.	Storekeepers.
Clerks.	Superintendents.
Cooks.	Telephone Operators.
Draftsmen.	Timecheckers.
Engineers.	Timekeepers.
Executives of any kind.	Tool Checkers.
Guards.	Transitmen.
Levelmen.	Typists.
Material Checkers.	Waiters.
Material Clerks.	Watchmen.
Messengers.	Waterboys.

2. Non-manual employees will be classified in the following groups:

a. Group "A". Employees whose base salaries are $53.31 or less per week.

b. Group "B". Employees whose base salaries are over $53.31 and not over $90.00 per week.

c. Group "C". Employees whose base salaries are over $90.00 per week.

d. Group "D". Trade foremen employed by construction contractors.

3. The base salaries of all employees in Groups "A" and "B" are based on a work week of 40 hours. The base salaries of all employees in Group "C" are based on a minimum work week of 48 hours.

4. No offer of employment will be made to any prospective employee for work of the same general classification and responsibility as his present employment at a rate exceeding present salary.

5. The base salary of a person not in the employ of the A-E-M prior to the execution of this contract will not be approved at a rate in excess of the maximum prescribed for the job classification in the approved salary schedule attached.

6. The base salary of a person in the employ of the A-E-M prior to the execution of the contract will not be approved at a base salary in excess of that paid immediately prior to execution plus such increases as the A-E-M customarily grants for work away from the home office, except that, in cases where the classifications of such a person is changed incident to or during his assignment to the project, the salary range in the approved salary schedule shall govern.

7. *With regard to overtime payments.* a. Group "A" employees will be paid at the rate of time and one-half for all work which they are required to perform in excess of 40 hours during the first six days of any regularly scheduled work week, and at the rate of two times straight time for work which they are required to perform on the seventh consecutive day of such work week.

b. Group "B" employees will be paid at the rate of straight time for all work which they are required to perform in excess of 40 hours per week.

c. Group "C" employees will work any necessary number of hours (including work on Sundays) without payment of additional compensation.

d. Group "D" employees normally employed on an hourly basis will be granted the same overtime pay as the laborers and mechanics under their supervision. Group "D" employees employed on a weekly or monthly basis will be governed by the overtime provisions applicable to employees in Group "A", "B", or "C".

8. *With regard to holiday payments.* a. No deductions from weekly or monthly base salaries of employees in Groups "A", "B", and "C" shall be made for approved absences on customary holidays, and no premium wage or extra compensation shall be paid for work on such holidays, except that employees in Group "A" who are required to work on the holidays specified below, shall be paid at the rate of one and one-half times the straight time rate:

New Year's Day.	Thanksgiving Day.
July Fourth.	Christmas Day.
Labor Day.	Memorial Day.

b. Group "D" employees normally employed on hourly basis will be granted the same overtime pay as the laborers and mechanics under their supervision. Group "D" employees employed on a weekly or monthly basis will be governed by the holiday provisions applicable to Group "A", "B", or "C".

9. *Work on the seventh consecutive day:*

a. Since it is the policy to provide that each worker will have one day of rest in seven, operations shall be arranged so as to permit one scheduled day of rest in each seven for all employees not engaged in an executive or supervisory capacity.

b. Only in situations of emergency will approval be granted to work, on the seventh consecutive day or more than 48 hours in any scheduled work week, those employees who are not engaged in executive or supervisory capacities. The Contracting Officer will obtain the prior approval of the Division Engineer or his designated representative before approving work in such cases.

10. *Leave privileges:* All employees of Groups "A", "B", "C", and those employees of Group "D" who are employed on a weekly or monthly basis, shall accrue leave with pay at the rate of two days per month for each month of service in lieu of any sick or vacation allowance, subject to the following rules:

a. Leave granted for any reason in excess of two days per month will not be reimbursable.

b. Leave may be granted by the A-E-M, with the approval of the Contracting Officer, at such time or times as may be deemed in the best interests of the Government. Leave may be granted during the course of employment or at the completion of employment.

c. No leave will be accrued to any employee in excess of 48 days.

d. Unearned leave may not be advanced.

e. Employees separated because of their own misconduct (including such causes as insubordination, drunkenness on the job, theft, etc.) shall forfeit any leave which they may have accrued at the time of separation.

f. Employees who resign, or are involuntarily separated for causes not due to their misconduct, shall be entitled to all leave to and including date of separation.

g. Employees shall be charged with leave only for absence on days upon which they would normally be on duty.

h. The minimum charge for leave shall be one hour. Leave granted for less than one full day shall be proportionately charged.

i. Leave may not be granted for days of disability because of accidents which are covered by compensation insurance.

[1] Where pay rolls are prepared by the Government the audit thereof by the Government will be concurrent with such preparation.

[2] If not applicable, this section will be omitted.

11. *Approved salary schedule:*

NON-MANUAL EMPLOYEES OF COST-PLUS-A-FIXED-FEE PRINCIPAL AND SUBCONTRACTORS

§ 813.1313 *W. D. Contract Form No. 13.*

Contract No. _____

CONTRACT (SUPPLIES) WAR DEPARTMENT WAR SUPPLIES LIMITED

Contract for _____ Amount $____

Place _____

The Finance Officer, United States Army, _____, is designated as the officer to make payments in accordance with this contract.

The supplies and services to be obtained by this instrument are authorized by, are for the purposes set forth in, and are chargeable to the following allotments, the available balances of which are sufficient to cover cost of same _____

_____ This contract is authorized by the following laws:

This contract, entered into this _____ day of _____, 19__, by the United States of America, hereinafter called the Government, represented by the Contracting Officer executing this contract, and War Supplies Limited, a corporation organized and existing under the laws of the Dominion of Canada, hereinafter called the Contractor, with its principal office of the city of Ottawa, Province of Ontario, witnesseth that the parties hereto do mutually agree as follows:

ARTICLE 1. *Standard of payment.* All prices, costs and amounts set out or referred to in this contract are in United States Dollars.

ART. 2. *Scope of this contract.* (Insert Article 1, § 813.1301)

ART. 3. *Changes.* (Insert Article 2, § 813.1301)

ART. 4. *Extras.* (Insert Article 3, § 813.1301)

ART. 5. *Inspection.* (a) All material and workmanship shall be subject to inspection and test at all times and places and, when practicable, during manufacture. In case any articles are found to be defective in material or workmanship, or otherwise not in conformity with the specification requirements, the Government shall have the right to reject such articles, or require their correction. Rejected articles, and/or articles requiring correction, shall be removed by and at the expense of the Contractor promptly after notice so to do. If the Contractor fails to promptly remove such articles and to proceed promptly with the replacement and/or correction thereof, the Government may, by contract or otherwise replace and/or correct such articles and charge to the Contractor the excess cost occasioned the Government thereby, or the Government may terminate the right of the Contractor to proceed as provided in Article 6 of this contract, the Contractor being liable for any damage to the same extent as provided in said Article 6 for terminations thereunder.

(b) If inspection and test, whether preliminary or final, are made on the premises of the Contractor or subcontractor, the Contractor shall furnish, without additional charge, all reasonable facilities and assistance for the safe and convenient inspections and tests required by the inspectors in the performance of their duty. All inspections and tests by the Government shall be performed in such a manner as not to unduly delay the work. Special and performance tests shall be as described in the specifications. The Government reserves the right to charge to the Contractor any additional cost of inspection and test when articles are not ready at the time inspection is requested by the Contractor.

(c) Final inspection and acceptance of materials and finished articles will be made after delivery, unless otherwise stated. If final inspection is made at a point other than the premises of the Contractor or subcontractor, it shall be at the expense of the Government except for the value of samples used in case of rejection. Final inspection shall be conclusive except as regards latent defects, fraud, or such gross mistakes as amount to fraud. Final inspection and acceptance or rejection of the materials or supplies shall be made as promptly as practicable, but failure to inspect and accept or reject materials or supplies shall not impose liability on the Government for such materials or supplies as are not in accordance with the specifications. In the event public necessity requires the use of materials or supplies not conforming to the specifications, payment therefor shall be made at a proper reduction in price.

ART. 6. *Delays-damages.* (Insert clause in § 803.352)

ART. 7. *Responsibility for supplies tendered.* (Insert Article 6, § 813.1301)

ART. 8. *Increase or decrease.* Unless otherwise provided herein, no increase or decrease in the total number of articles contracted for under Article 2 hereof, will be accepted, without the prior written approval of the Contracting Officer. (or insert clause in §803.329)

ART. 9. *Payments.* (Insert Article 8, § 813.1301)

ART 10. *Officials not to benefit.* (Insert clause in § 803.322)

ART. 11. *Covenant against contingent fees.* (Insert clause in § 803.323)

ART. 12. *Disputes.* (Insert clause in § 803.326)

ART. 13. *Termination at the option of the Government.* (a) The performance of work under this contract may be terminated by the Government in whole, or from time to time in part, whenever the Contracting Officer shall determine that any such termination is for the best interests of the Government. Termination hereunder shall be effected by delivery to the Contractor of a Notice of Termination specifying the extent to which performance of work under the contract shall be terminated, and the date upon which such termination shall become effective.

(b) After receipt of a Notice of Termination, and except as otherwise directed by the Contracting Officer, the Contractor shall (1) terminate work under the contract on the date and to the extent specified in the Notice of Termination; (2) place no further orders or subcontracts for materials, services or facilities except as may be necessary for completion of such portions of the work under the contract as may not be terminated; (3) terminate all orders and subcontracts to the extent that they relate to the performance of any work terminated by the Notice of Termination; (4) settle all claims arising out of such termination of orders and subcontracts to the extent provided in and in accordance with the principles and procedures agreed upon between the War and Navy Departments and the Contractor by letter dated January 8, 1945, as the same may from time to time be amended; (5) assign to the Government in the manner and to the extent directed by the Contracting Officer, all of the right, title and interest of the Contractor under any of the orders or subcontracts so terminated with respect to which it may have been determined that the termination claims thereunder will be settled and paid by the Government; (6) deliver to the Government any plans, drawings, information and other property which, if the contract had been completed, would be required to be furnished to the Government; and (7) complete performance of such part of the work as shall not have been terminated by the Notice of Termination.

(c) The amount or amounts to be paid to the Contractor by reason of the total or partial termination of work under this contract shall be determined in accordance with the principles laid down in the agreement dated January 8, 1945, as the same may be from time to time amended, between the War and Navy Departments and the Contractor relating to the settlement of termination claims under contracts between the War or Navy Departments and the Contractor, or under orders or subcontracts relating to the performance of any such contracts, and the Government shall pay to the Contractor the amount or amounts so determined.

(d) The Government shall make partial payments and payments on account, from time to time, of the amounts to which the Contractor shall be entitled under this Article, whenever in the opinion of the Contracting Officer the aggregate of such payments shall be within the amount to which the Contractor will be entitled hereunder.

(e) The obligation of the Government to make any payments under this Article shall be subject to deductions in respect of any claim which the Government may have against the Contractor in connection with this contract.

ART. 14. *Assignment of claims.* (Insert clause in § 803.355)

ART. 15. *Notice of shipments.* (Insert clause in § 803.328)

ART. 16. *Patents.* The Contractor shall hold and save the Government, its officers, agents, servants, and employees harmless from liability of any nature or kind, including costs and expenses, for or on account of any invention, article, or appliance patented under the laws of Canada, manufactured or used in the performance of this contract, including their use by or for the Government.

The Government shall hold and save the Contractor, its representatives, agents, and subcontractor harmless from all liability under judgments by courts of competent jurisdiction, that may be obtained against the Contractor, its representatives, agents, and subcontractors, because of the use of any invention patented under the laws of the United States, specifically prescribed and authorized in writing by the Government as necessary for the performance of this contract, or the use of any invention patented under the laws of the United States which necessarily flows from the nature of the thing being produced or procured under this contract, but not otherwise: *Provided*, That such United States Letters Patent so used are not owned or controlled by the Canadian Government, the Contractor, its representatives, subcontractors, or persons in privity with the Contractor: And *Provided Further*, That immediate notice of any demand, liability, or legal proceedings arising from such use is given in writing by the Contractor to the Contracting Officer, and reserving to the Government the right to intervene in any such demand or proceeding and in its discretion to defend same or make settlement thereof, and the Contractor shall furnish all information in its possession and all assistance of its employees, representatives, or agents requested by the Government.

ART. 17. *Patent licenses.* The Contractor agrees to, and does hereby, in consideration of the terms and in consideration of payments to be made by the Government under this contract, grant unto the Government a non-exclusive, irrevocable, non-transferable, royalty-free license to make, have made, and use for governmental purposes, and to sell or otherwise dispose of in accordance with law, machines, articles or compositions of matter, embodying any and all inventions made or developed in the course of carrying out the work contemplated by this contract whether patented or unpatented, and to practice or cause to be practiced any methods or processes, whether patented or unpatented, which are developed in carrying out the provisions of this contract: *Provided*, That nothing contained in this Article shall impose any obligation upon the Contractor to license or otherwise make available to the Government any invention, method or process, which is not owned or controlled by the Contractor or by the Canadian Government.

ART. 18. *Subcontractor.* It is understood and agreed that the supplies and materials to be furnished under this contract will be manufactured and/or supplied by the _____ at its factory (Name of subcontractor) located at _____. The (City in which plant is located) performance of any of the work by any other subcontractor is prohibited, except by the specific approval of the Contracting Officer in advance.

ART. 19. *Governing laws.* This contract will be construed according to the laws of the United States of America.

ART. 20. *Definitions.* (a) The term "Secretary of War" as used herein shall include the Under Secretary of War, and the term "his duly authorized representative" shall mean any person or board authorized by the Secretary of War to act for him other than the Contracting Officer.

(b) The term "Contracting Officer" as used herein shall include his duly appointed successor or his authorized representative.

ART. 21. *Alterations.* The following changes were made in this contract before it was signed by the parties hereto:

§ 813.1314 *W. D. Contract Form No. 14.*

Rental Agreement No. _____

Contract No. _____

RENTAL AGREEMENT — GOVERNMENT - OWNED CONSTRUCTION OR ROAD MAINTENANCE EQUIPMENT

Lessee and address _____

Equipment to be used in connection with project located at _____

Payment _____

To be made to _____, United States Army, at _____

This contract is authorized by the following laws _____

GOVERNMENT-OWNED EQUIPMENT RENTAL AGREEMENT

This agreement, entered into this _____ day of _____ 194____, by the United States of America (hereinafter called the Government), represented by the Contracting Officer executing this contract, and _____

_____

[1] a corporation organized and existing under the laws of the State of _____

[1] a joint venture consisting of _____

_____

[1] a partnership consisting of _____

_____

[1] an individual trading as _____

_____

of the City of _____ in the State of _____ (hereinafter called the Lessee), witnesseth that;

[2] Whereas, the Lessee has entered into Contract No. W _____ or may enter into a contract (hereinafter, in either event, called the principal contract) with the Government to construct for the Government _____

at or near _____ (hereinafter referred to as the project); and

[2] Whereas, the Lessee has entered into Subcontract No. _____ to Contract No. W _____, such subcontract hereinafter, for the purposes of this Agreement, being referred to as the "principal contract", to construct _____

_____

at or near _____ (hereinafter referred to as the project); and

Whereas, the Government owns certain equipment as set forth in Schedule A, attached hereto and made a part hereof, located at _____; and

Whereas, the equipment is not now required by the Government for use on other projects within _____ and the Lessee desires to lease the same; and

Whereas, the leasing of the equipment to expedite performance of the principal contract by the Lessee is deemed necessary by the War Department to facilitate the prosecution of the war; and

Whereas, the Secretary of War has authorized the execution of this lease on behalf of the United States;

Now, therefore, the parties hereto do mutually agree as follows:

SECTION 1. The Government hereby leases to the Lessee the equipment listed in Schedule A, attached hereto and made a part hereof; which equipment the Lessee shall use in the performance of the principal contract at the project. This equipment is the property of the Government and is now located at _____. Schedule A may be supplemented from time to time whenever equipment is added to or withdrawn from the scope of this lease. Each such supplement shall be signed on behalf of the Lessee and the Government.

[1] Delete all lines which do not apply.

[2] Use whichever "Whereas" clause is appropriate, depending upon whether the Lessee is a lump sum or unit price prime contractor, or a lump sum or unit price subcontractor.

SEC. 2. Upon notification by the Contracting Officer that the equipment is ready for delivery, the Lessee agrees to receive the same without delay at the present location thereof, in its present condition, as is, without any warranty, express or implied, on the part of the Government as to condition or serviceability.

SEC. 3. The term of this lease shall begin on _____ and shall end upon the return of the equipment to the Government at _____ or at such other place as the Contracting Officer may designate, but in no event to exceed the time necessary to complete the Lessee's principal contract.

SEC. 4. This lease may be terminated by the Government by giving _____ day's written notice at any time after _____ days from the date of this lease.

SEC. 5.[1] The Lessee agrees that he will pay rental at the rate and at the times prescribed in Schedule A, and that such rental may be deducted from the payments due or to become due to the Lessee under the terms of the principal contract. Such deductions will be made monthly on or about the 10th of the month for the previous calendar month if practicable. The rental period shall begin on the date of commencement of the term of this lease and shall cease on the termination of the lease, as defined in Section 3.

SEC. 5.[1] The rental period shall begin on the date of commencement of the term of this lease and shall cease on the termination of this lease, as defined in Section 3 hereof. The Lessee shall pay rental at the rate prescribed on Schedule A. The rental accrued at the end of any calendar month shall be paid to the Government on or before the 10th day of the following month.

SEC. 6. Title to the equipment leased hereunder is and shall remain in the Government.

SEC. 7. The Lessee at its own expense will maintain the equipment in good repair and make all necessary replacements during the term of this lease. Any replacement of parts shall be by parts recommended by the manufacturer of the equipment or approved by the Contracting Officer. All fuel and lubricants will be furnished by the Lessee. The obligations under this section shall continue until the equipment shall have been delivered to a common carrier for return to the Government.

SEC. 8. The Lessee shall not remove any of the equipment from the project without the prior written approval of the Contracting Officer or his duly authorized representative. The Lessee shall not pledge, assign, transfer, sublet or part with the possession of any of the equipment in any manner to any third party either directly or indirectly, except that this provision shall not preclude the Lessee from permitting the use of the equipment by a third party with the prior written approval of the Contracting Officer or his duly authorized representative; and the Lessee shall not do or suffer anything whereby any of the equipment shall or may be seized, taken in execution, attached, removed, destroyed or injured.

SEC. 9. The Lessee shall not, without the prior written approval of the Contracting Officer or his duly authorized representative, use any of the equipment for any purpose other than performance of the principal contract at the project, in furtherance of the national war effort. Upon failure of the Lessee to comply with this provision, the Contracting Officer may terminate this lease upon twenty-four hours' notice communicated to the Lessee or its agent at its address as set forth in Section 21, and upon such termination the Contracting Officer or his duly authorized representative may require the immediate return of the equipment.

SEC. 10. The equipment shall be returned to the Government upon the expiration or termination of this lease in as good condition as when delivered to Lessee, reasonable wear and tear excepted. If in the opinion of the Contracting Officer, or his duly authorized representative the Lessee shall have failed to comply with the requirements of the lease in this respect, the Lessee shall pay to the Government as damages the amount necessary to place the equipment in as good condition as when delivered to Lessee, reasonable wear and tear excepted, or if such equipment can not be placed in such condition, Lessee shall pay an amount equivalent to the value of such equipment as stipulated in Schedule A, less the sum of the amount determined by the Contracting Officer to represent reasonable wear and tear, and the scrap value of such equipment.

SEC. 11. Between the time of delivery of the equipment to the Lessee at _____ and the time of its return to the Government at _____ or at such other place as the Contracting Officer may designate pursuant to sections 3 and 12, the Lessee shall be solely responsible for any loss or destruction of the equipment, irrespective of whether such loss or destruction results from the failure of the Lessee to exercise reasonable care. Such responsibility shall be measured by the value of the equipment as set forth in Schedule A, less the amount determined by the Contracting Officer to represent reasonable wear and tear for the period during which such equipment was used. The Lessee shall take all necessary steps to protect the interest of the Government in the equipment. Without limiting the generality of the foregoing, the Contracting Officer may require, and in that event the Lessee shall, at its own expense, take specific measures, including but not limited to the procurement of insurance, as directed by the Contracting Officer, to protect the interests of the Government.[1]

SEC. 12. The Lessee agrees to reimburse the Government immediately upon presentation of a statement thereof, for all packing and handling costs, and further agrees to pay all transportation charges on the equipment from _____ to the job site of the project at _____. Upon expiration or termination of this lease, the Lessee agrees to pay all packing, handling and transportation charges necessary for the return of the equipment to the Government at _____, or at such other place as the Contracting Officer may designate; but the Lessee's responsibility for return transportation charges shall not exceed the amount required to return the equipment to _____

SEC. 13. The equipment is rented without operators. Any operator deemed incompetent by the Contracting Officer shall be removed from the equipment.

SEC. 14. The Contracting Officer shall furnish to the Lessee without charge, upon request, copies of such drawings, specifications, instructions, or the like as the Lessee may require for the operation or repair of the equipment and as may be on file at _____. This is for the sole purpose of enabling the Lessee to maintain the equipment in serviceable condition, and does not constitute a license or authority initially to manufacture, use or sell any articles covered by unexpired United States Letters Patent as shown or described in such copies.

SEC. 15. The Government shall not be responsible for damages to property of the Lessee or property of others, or for personal injuries to the Lessee's officers, agents, servants or employees, or to other persons, arising from or incident to the use of the equipment herein leased, and the Lessee shall save the Government harmless from any and all such claims; provided, that nothing contained in this section 15 shall be deemed to affect any liability of the Government to its own employees.

SEC. 16. At all times the Contracting Officer or his duly authorized representative shall have access to the job site whereon any of the equipment is situated, for the purpose of inspecting or inventorying the same, or for the purpose of removing the same in the event of the termination of this lease.

SEC. 17. (Insert clause § 803.322)

SEC. 18. The Lessee warrants that he has not employed any person to solicit or secure this lease upon any agreement for a commission, percentage, brokerage, or contingent fee. Breach of this warranty shall give the Government the right to annul the lease, or at its option, to recover from the Lessee the amount of such commission, percentage, brokerage, or contingent fee, in addition to the consideration herein set forth. This warranty shall not apply to commissions payable by the Lessee upon contracts or leases secured or made through bona fide established commercial agencies maintained by the Lessee for the purpose of doing business.

SEC. 19. (Insert article in § 803.326, omitting last sentence).

SEC. 20. This agreement shall be subject to the written approval of _____ and shall not be binding until so approved.

SEC. 21. All notices to either of the parties to this lease shall be sufficient if mailed in a sealed postpaid envelope addressed as follows:

SCHEDULE A—RATES OF RENTAL

[Amendments of Maximum Price Regulation 134 of the Office of Price Administration have necessitated certain changes in the model Schedule which previously appeared at this point. The Office of the Chief of Engineers will issue detailed instructions on this subject matter and will periodically revise such instructions to accord with any further regulations of the Office of Price Administration.]

§ 813.1315 *Utility contract forms.*

§ 813.1315a *W. D. Contract Form No. 15—(a) Explanatory notes.* (1) The form set out in this section is available for use by Procuring Agencies for the procurement of electric, gas, water or sewage service when a connection charge to cover additional facilities necessary to furnish such services is included. Particular attention is directed to the footnotes accompanying the form.

(2) In cases where the amount of a connection charge cannot be agreed upon or where a contractor refuses to install additional facilities on other than an actual cost basis, a provision may be substituted for provision 4 of Article I of the form, reading as follows:

4. *Reimbursement for cost of facilities.* (a) The Government agrees to pay the contractor, as a connection charge, after receipt of satisfactory evidence of completion of the facilities, the costs thereof, without profit to the contractor, after deducting the agreed net salvage value of said facilities which is _____ Dollars. The Government is to receive a refund of the amount so paid as provided in paragraph 5 of this Article.

(b) The costs of the facilities shall include all items of costs and expenses properly chargeable to the work, including but not limited to acquisition of any necessary rights of way, easements or other interests in real property, labor, materials, transportation, insurance, overhead charges properly allocable to the work, supervision, surveys, permits, rental of tools, equipment and machinery employed in the work, together with such other items of expense as should, in the opinion of the Contracting Officer be included in the cost of the work. The Government shall promptly reimburse the contractor as provided herein upon receipt of properly certified invoices, in quadruplicate, approved by the Contracting Officer: *Provided, however,* That in no event shall the total amount paid by the Government to the contractor exceed the sum of _____ Dollars.

(c) In so far as practicable, all original time cards or pay rolls, material records and accounts, for all charges and expenditures for which reimbursement will be claimed from the Government, shall be made available to the Government on request for the purpose of checking and auditing the cost invoice. Also, in so far as practicable, separate records shall be maintained by the contractor of all items and accounts which will constitute the basis of information from which invoices for reimbursement will be prepared.

(d) The Government reserves the right to terminate this contract at any time prior to completion of the facilities herein provided for. In the event the Government exercises such right, fair compensation with respect to such facilities, exclusive of profit, within the meaning of the Contract Settlement Act of 1944 (Public No. 395, 78th Cong.), as the same may be amended from time to time, will be provided for the Contractor.

(3) In the blank space in provision 5 of Article I, insert the highest percentage of refund which can be negotiated. In all cases such percentage should be sufficient to provide for an estimated complete refund in not to exceed five years and should not be less than 10% in any case. If a percentage of 10% or more is unobtainable, such will constitute a material deviation from the contract form.

(4) In the case of electric and gas service, Special Provisions A and B (§ 813.1315b (b)), to be attached to and made a part of the contract in accordance with provision 1 (a) of Article II of the form, will be modified as follows:

(i) *Electric service.* Revise provision 7 of Special Provision A of § 813.1315b (b) to read:

7. *Renegotiation.* (a) Unless the provisions of subparagraph (b) or (c) of this paragraph 7 are applicable to this contract, (1) this contract shall be deemed to contain all the provisions required by subsection (b) of the Renegotiation Act, as amended by section 701 of the Revenue Act of 1943 (Public Law 235, 78th Congress, enacted February 25, 1944); and (2) in compliance with said subsection (b) of the Renegotiation Act, the Contractor shall insert in the subcontracts specified in said subsection (b) either the provisions of this article or the provisions required by said subsection (b).

(b) This contract, as to all amounts received under it, shall be exempt from statutory renegotiation if the Contractor hereunder is a department, bureau, agency, or governmental corporation of the United States, or any Territory, possession or State, or any agency thereof, or any foreign Government or agency thereof.

(c) This contract, but only as to amounts received under it for the delivery of electric power, shall be exempt from statutory renegotiation if it is made with a public utility for the delivery of electric power of less than 1000 kilowatts of contractual demand except that if the actual demand was 1000 kilowatts or more at any time during any particular fiscal year, amounts received or accrued under this contract for such fiscal year shall not be exempt from renegotiation by reason of anything contained in this subsection (c).

(ii) *Gas service.* Revise provision 8 of Special Provision B § 813.1315b (b) to read:

8. *Renegotiation.* (a) Unless the provisions of subparagraphs (b), (c) or (d) of this paragraph 8 are applicable to this contract, (1) this contract shall be deemed to contain all the provisions required by subsection (b) of the Renegotiation Act, as amended by section 701 of the Revenue Act of 1943 (Public Law 235—78th Congress, as amended February 25, 1944); and (2) in compliance with said subsection (b) of the Renegotiation Act, the Contractor shall insert in the subcontracts specified in said subsection (b) either the provisions of this article or the provisions required by said subsection (b).

(b) This contract, as to all amounts received under it, shall be exempt from statutory renegotiation if the Contractor hereunder is a department, bureau, agency or Governmental corporation of the United States or any Territory, possession or State, or any agency thereof, or any foreign Government or agency thereof.

(c) This contract, but only as to amounts received under it for the delivery of gas, shall be exempt from statutory renegotiation if the gas to be supplied hereunder is the product of a gas well which has not been processed, refined or treated beyond the first form or state suitable for industrial use.

(d) This contract, but only as to amounts received under it for the delivery of gas, shall be exempt from statutory renegotiation if it is made with a public utility, except that if the amounts received or accrued hereunder for the delivery of gas during any particular fiscal year were $50,000 or more, amounts received or accrued hereunder for such fiscal year shall not be exempt from renegotiation by reason of anything contained in this subparagraph (d). If such fiscal year is a fractional part of twelve months the $50,000 amount shall be reduced to the same fractional part thereof for the purpose hereof.

(5) In the case of electric, gas, water and sewage service provisions 5, 7, 6 and 4, respectively, of Special Provisions A, B, C and D (§ 813.1315b (b)) to be attached to and made a part of the contract in accordance with Provision 1 (a) of Article II of the form, will be modified to read:

Notice of intention to terminate service under this contract shall be at the option of the Government and shall be given in writing by the Contracting Officer to the Contractor not less than thirty (30) days in advance of the effective date of termination.

(b) *Contract form.*

[1] The first form of section 5 will be used when the equipment rental agreement is between the Government and a lump sum or unit price prime contractor; the second form when the agreement is with a lump sum or unit price subcontractor.

[1] Note that the provisions of this standard form of contract deviate from the requirements of § 803.365—1. Such deviation has been specifically authorized.

[1] Insert designation of service involved, that is, either electric, gas, water or sewage.

The facilities, supplies and services to be obtained by this instrument are authorized by, are for the purposes set forth in, and are chargeable to allotments below enumerated, the available balances of which are sufficient to cover the cost thereof:

Applicable allotments, having available balances sufficient to cover the cost will be stated on the procuring instruments or invoices.

Contract No. W --------

This contract, entered into this ---------- day of ----------, 194--, by and between The United States of America (hereinafter called the "Government"), represented by the Contracting Officer executing this contract and [1] ---------- (hereinafter called the "Contractor"),

Witnesseth that:

Whereas, the Contractor is engaged in the business of supplying [2] ---------- service to private and public consumers; and

Whereas, the Government and the Contractor are entering into this contract for the supply by the Contractor to the Government of the above service for the operation of ---------- ---------- known as ---------- (hereinafter called the "Project"); and

Whereas, in order that the Contractor may supply the above service in accordance with the terms of this contract and within the time specified, it is necessary for the Contractor to provide the facilities described and enumerated in Appendix "A" attached hereto, and generally referred to hereinafter as Contractor's New Facilities; and

Whereas, due to the present uncertainty as to the amount of such service which the Government will use, and as to the length of time the Project will be operated, the Government is willing to compensate Contractor in the form of a connection charge for the cost of the facilities required to furnish services;

Now, therefore, in consideration of the premises and of the mutual agreements herein contained, to be performed by the parties hereto respectively, it is agreed as follows:

ARTICLE I—FACILITIES. CONNECTION CHARGE AND REFUND PROVISIONS

1. *Facilities to be provided.* The Contractor shall proceed to acquire or construct all necessary equipment, materials and rights of way needed for Contractor's New Facilities, which are described more fully in Appendix A attached hereto and made a part hereof. It is estimated that such facilities will be completed on or before ----------. It is expressly understood however that neither the Contractor nor the Government guarantees the correctness of this estimate but will use its best effort to acquire or construct the facilities within the time specified.

2. *License for facilities.* The Government hereby grants to the Contractor a license to enter upon and use a site or sites to be agreed upon between the parties hereto upon which the Contractor shall install, operate and maintain the Contractor's New Facilities to be located on Government property; and such license shall continue in effect until such time as the Government shall order the removal of Contractor's New Facilities located thereon: *Provided*, That after Contractor's New Facilities are ordered removed Contractor shall have ninety (90) days within which to comply with the Government order and if such facilities are not removed within said ninety (90) day period, title thereto shall vest in the Government without further action, and no claim for damages against the Government or its officers or agents shall be created by or made on account thereof: *And provided further*, That if the Government orders removal to another location on the Project, for the convenience of the Government, then the Government may be required to pay the cost of such removal and relocation and shall likewise license Contractor to use such land as may be necessary for the relocation. The license hereby granted by the Government to the Contractor shall be free of any rental or other charges.

3. *Contractor's employees.* Upon request the names of the employees of the Contractor whose services Contractor proposes to retain in the construction, operation and maintenance of that portion of Contractor's New Facilities located within the boundaries of the Project shall be submitted to the Commanding Officer, or his authorized representative, in advance of actual employment for such purposes, together with pertinent information within the knowledge of Contractor as to the character, background and international political sympathies or affiliations of such employees, and the Commanding Officer, or his representative, shall reject or approve the employment of such persons within the confines of the Project as he may deem proper in the interests of the Government. Employees so approved shall be designated as such by a method to be agreed upon by the Contractor and the Commanding Officer of the Project.

4. *Payment for cost of facilities.* (a) In consideration of the estimated costs to be incurred by the Contractor and the uncertain duration of the Project the Government agrees to pay the Contractor, as a connection charge, after receipt of satisfactory evidence of completion of the facilities, the sum of $------ less the net salvage value of said facilities in the amount of $------. The net connection charge to be paid by the Government is $------. The Government is to receive a refund of the amount so paid as provided in paragraph 5 of this article.

(b) The Government reserves the right to terminate this contract at any time prior to completion of the facilities herein provided for. In the event the Government exercises such right, fair compensation with respect to such facilities, exclusive of profit, within the meaning of the Contract Settlement Act of 1944 (Public No. 395, 78th Cong.), as the same may be amended from time to time, will be provided for the Contractor.

5. *Refund agreement.* (a) In consideration of the fact that the Contractor is to be paid a connection charge for the facilities provided hereunder, and the further consideration that title to said facilities is to be and remain in the Contractor, it agrees to allow the Government on each monthly bill for service supplied as hereinafter provided, a credit of [3] -------- of the gross amount of such bills as rendered, said credits to be made monthly and continue until such time as the accumulated credits equal the amount of the connection charge, unless this contract shall have been previously terminated, except that if a new contract for the supply of such service shall be entered into between the parties hereto within a period of fifteen months from the date of such termination, the deductions shall resume and continue as above provided.

(b) Anything in this contract to the contrary notwithstanding, no refund shall be made the Government or credit allowed on Government bills, after fifteen (15) years from the date of this contract.

6. *Ownership, operation, maintenance, and removal of facilities to be provided hereunder.* (a) The facilities to be supplied by the Contractor as hereinbefore provided, notwithstanding the payment by the Government therefor less the net salvage thereof, shall be and remain the property of the Contractor and shall, at all times during the life of this contract or any renewals thereof, be operated and maintained by the Contractor at its expense, and all taxes and other charges in connection therewith, together with all liability arising out of the construction, operation or maintenance of said facilities shall be the obligation of the Contractor.

(b) Upon termination of the service provisions of this contract, Contractor may, of its own volition, remove any of its New Facilities constructed under and by virtue of this contract; *Provided, however*, That at any time within fifteen (15) months from the date of termination such facilities so removed will be reinstalled by Contractor without cost to the Government, upon receipt of sixty (60) days written notice from the Government, and provided a new service contract is executed between the parties hereto. This provision shall not give the Government the right to have such facilities reinstalled without cost to the Government in the event the Government "orders" removal as provided under paragraph 2 of this Article.

ARTICLE II—SERVICE PROVISIONS

1. *Service.* (a) The Contractor agrees to furnish the service required hereunder at the Project, beginning on ---------- 19--, and thereafter until further notice, and at the rates and other terms set forth in provision 2 of the Article or attached hereto and, in accordance with Special Provisions numbered 1 to ---------- inclusive, attached hereto and made a part hereof.[4]

(b) The Government agrees that the service to be supplied under the terms of this contract shall be used only in connection with activities within the boundaries of the Project as presently located or as such boundaries may be extended in the future.

2. *Rates.*

ARTICLE III—GENERAL PROVISIONS

1 *Convict labor.* (Insert § 803.345.)

2. *Eight-hour law.* (Insert § 803.346) with proviso at end reading: "*Provided further*, That this stipulation is only applicable to laborers or mechanics engaged in installation of the facilities provided for in Article I hereof."[5]

3. *Officials not to benefit.* (Insert § 803-322).

4. *Disputes.* (Insert General Provision 12 of W. D. Contract Form No. 383, § 813.1317a (b).)

5. *Covenant against contingent fees.* (Insert § 803.323.)

6. *Anti-discrimination.* (Insert § 803.325.)

7. *Assignment of rights.* If this contract is for an amount of $1,000 or more, claims for monies due or to become due to the Contractor from the Government hereunder may be assigned to a bank, trust company, or other financing institution, including any Federal lending agency, in accordance with the Assignment of Claims Act of 1940 (Public No. 811, 76th Cong.). Payment to an assignee of any claim hereunder shall not be subject to reduction or set-off for any indebtedness of the assignor to the United States arising independently of this contract.

8. *Service regulations.* The matter of meters, meter accuracy, reliability of service, and all other similar matters not stipulated in this contract, shall be governed by the rules applicable and on file with the public regulatory body having jurisdiction in said matters.

9 *Change of rates.* If during the life of this contract the public regulatory body having jurisdiction receives for file in authorized manner rates that are higher or rates that are lower than those stipulated herein for like conditions of service, the Contractor hereby agrees to continue to furnish service as stipulated in this contract, and the Government hereby agrees to pay for such service at the higher or lower rates from and after the date when such rates are made effective. Such revised rate schedule, in sextuplicate, shall be promptly furnished to the Contracting Officer by the Contractor for attachment to this contract.

10. *Payments.* For and in consideration of the faithful performance of the stipulations of this contract, the Contractor shall be paid by the designated disbursing officer for service herein contracted for, at the rates and under the terms and conditions herein set forth. The Contractor hereby declares that said rates are not in excess of the lowest rates now available to any prospective customer under like conditions of service, and agrees that during the life of this contract the Government shall continue to be billed on the lowest available rate for similar conditions of service. Recognition is given to the fact that the Government fiscal year ends on June 30. Payments hereunder shall be contingent upon the availability of appropriations therefor, and shall not be made in advance of service rendered. All bills for service shall be paid without penalty or interest and the Government shall be entitled to any discounts customarily applicable to payment of bills by all customers of the Contractor.

11 *Definitions.* (Insert Article 23, § 813.1301.)

12. *Changes.* The Contracting Officer may at any time, with the consent of the Contractor, by a written order, make changes in this contract within the general scope thereof. If such changes cause an increase or decrease in the amount due under this contract, an equitable adjustment shall be made, and the contract shall be modified in writing accordingly.

13. *War Powers Act.* This contract is authorized by and negotiated under the First War Powers Act and Executive Order 9001.

14 *Alterations.* The following changes were made in this contract before it was signed by the parties hereto:

In witness whereof, the parties hereto have executed this contract as of the day and year first above written:

THE UNITED STATES OF AMERICA,
By ----------

(Official Title)

(Contractor)
By ----------

(Business Address)
Witnesses as to signature of Contractor:

(Address)

(Address)

[1] Insert name of Contractor. If a corporation, the name should be followed by "a Corporation organized and existing under the laws of the State of ----------", with principal office at ----------". If other than a corporation, the name should be followed by appropriate descriptive matter: e. g. see § 813.1301.

[2] Insert designation of service involved, that is, either electric, gas, water or sewage.

[3] Insert negotiated percentage of credit. See § 813.1315a, explanatory note (3).

[4] Attach whichever of Special Provisions A, B, C, or D set forth in § 813.1315b (b) is applicable to the service involved, modified when necessary as indicated in paragraph (a) (4) of this section and, in all cases, as indicated in paragraph (a) (5) of this section.

[5] If the contract is with any one of the several states of the Union or the political subdivisions thereof, Provision 2 of Article III will be changed to read "Eight-Hour Law—The Contractor agrees to incorporate in any subcontract entered into for furnishing the facilities covered by Article I of this contract the following provision: (here insert the contract provision required by § 803.346)." In this connection see § 809.905-1 (c).

I ----------, certify that I am the ---------- Secretary of the corporation named as Contractor herein; that ---------- who signed this contract on behalf of the Contractor was then ---------- of said corporation; that said contract was duly signed for and on behalf of said corporation by authority of its governing body and is within the scope of its corporate powers.

In witness whereof, I have hereunto affixed my hand and the seal of said corporation this ------ day of ----------, 19----.

[CORPORATE SEAL] ----------
(---------- Secretary)

I hereby certify that, to the best of my knowledge and belief, based upon observation and inquiry, ----------, who signed this contract for ---------- had authority to execute the same, and is the individual who signs similar contracts on behalf of this corporation with the public generally.

(Contracting Officer)

APPENDIX A

NOTE: This Appendix should contain a description of the facilities to be provided, including a small map showing their location and route, and small drawings or sketches of the type of facilities involved.

§ 813.1315b *W. D. Contract Form No. 27*—(a) *Explanatory notes.* The forms set out in this section are available for use by Procuring Agencies for the procurement of electric, gas, water or sewage service (without connection charge) as follows:

(1) Where the estimated annual expenditure under the contract is $1,000 or less, the form set out in paragraph (b) of this section will be used without any of the Special Provisions contained in the succeeding paragraphs.

(2) Where the estimated annual expenditure under the contract exceeds $1,000, the form set out in paragraph (b) of this section will be used together with Special Provisions, as follows:

(i) Contracts for Electric Service; Special Provision A.

(ii) Contracts for Gas Service; Special Provision B.

(iii) Contracts for Water Service; Special Provision C

(iv) Contracts for Sewage Service; Special Provision D

RATES

[Reverse side of § 803.1315b (b)]

GENERAL PROVISIONS

1. *Service regulations.* The matter of meters, meter accuracy, reliability of service, and all other similar matters not stipulated in this contract, shall be governed by the rules applicable and on file with the public regulatory body having jurisdiction in said matters.

2. *Payments.* For and in consideration of the faithful performance of the stipulations of this contract, the Contractor shall be paid by the designated disbursing officer for service herein contracted for, at the rates and under the terms and conditions herein set forth. The Contractor hereby declares that said rates are not in excess of the lowest rates now available to any prospective customer under like conditions of service, and agrees that during the life of this contract the Government shall continue to be billed on the lowest available rate for similar conditions of service. Recognition is given to the fact that the Government fiscal year ends on 30 June. Payments hereunder shall be contingent upon the availability of appropriations therefor, and shall not be made in advance of service rendered. All bills for service shall be paid without penalty or interest and the Government shall be entitled to any discounts customarily applicable to payment of bills by all customers of the Contractor.

3. *Changes of rates.* If during the life of this contract the public regulatory body hav-

[2] *Special provisions.* When the estimated annual expenditure under this contract is more than $1000, Special Provisions A (Electric Service), B (Gas Service), C (Water Service), or D (Sewage Service) shall be attached and made part hereof.

ing jurisdiction receives for file in authorized manner rates that are higher or rates that are lower than those stipulated herein for like conditions of service, the Contractor hereby agrees to continue to furnish service as stipulated in this contract, and the Government hereby agrees to pay for such service at the higher or lower rates from and after the date when such rates are made effective. Such revised rate schedule, in sextuplicate, shall be promptly furnished to the Contracting Office by the Contractor for attachment to this contract.

4. *Contractor's equipment.* The Government shall provide, free of cost, suitable locations on the premises to be supplied for the installation of the meters and any other equipment of the Contractor necessary to furnish service hereunder, all of which facilities shall be and remain the sole property of the Contractor and shall, at all times during the life of this contract, be operated and maintained by the Contractor at its expense; and all taxes and other charges in connection therewith, together with all liability arising out of the negligence of the Contractor in the construction, operation or maintenance of said facilities shall be assumed by the Contractor. Authorized representatives of the Contractor will be allowed access to the facilities of the Contractor at suitable times to perform the obligations of the Contractor with respect to said facilities. The Contractor shall have the right to remove its property within a reasonable time after termination of this contract, provided termination is not due to fault of the Contractor.

5. *Officials not to benefit.* (Insert § 803.322)

6. *Convict labor.* The Contractor shall not employ any person undergoing sentence of imprisonment at hard labor.

7. *Covenant against contingent fees.* (Insert § 803.323.)

8. *Anti-discrimination.* (Insert § 803.325.)

9. *Assignment of rights.* If this contract is for an amount of $1,000 or more, claims for monies due or to become due to the Contractor from the Government hereunder may be assigned to a bank, trust company, or other financing institution, including any Federal lending agency, in accordance with the Assignment of Claims Act of 1940 (Public No. 811, 76th Cong.) Payment to an assignee of any claim hereunder shall not be subject to reduction or set-off for any indebtedness of the assignor to the United States arising independently of this contract.

10. *Definitions.* Except for the original signing of this contract, and except as otherwise stated herein, the term "Contracting Officer" as used herein shall include his duly appointed successor or his authorized representative.

SPECIAL PROVISIONS A: ELECTRIC SERVICE

Attached to and made part of Contract No. W---------

1. *Estimated service requirements.*
Estimated maximum demand----------kw.
Estimated annual consumption----------kwh.
(The Government is in no way obligated to use nor is it restricted to the above estimated requirements.)

2. *Point of delivery.* The point of delivery of service shall be----------

3. *Description of electric service.* Contractor will supply ----------phase, ----------wire, ---------- cycle, alternating current at----------volts.

4. *Metering and billing.* Service will be measured at----------volts by----------watthour meter(s) and----------demand meter(s), to be furnished, installed, maintained, calibrated and read by the Contractor. The readings of the meters will be:
Billed separately.[1]
Combined for billing purposes.[1]

5. *Termination.* Notice of intention to terminate this contract shall be at the option of the Government and shall be given in writing by the Contracting Officer to the Contractor not less than thirty days in advance of the effective date of termination.

6. *Approval.* If the estimated maximum demand stated in paragraph 1 above is 1000 KW or more, this contract shall be subject to the approval of the War Department Power Procurement Officer and shall not be binding until so approved.

7. *Renegotiation.* (a) Unless the provisions of subparagraph (b) of this paragraph 7 are applicable to this contract, (1) this contract shall be deemed to contain all the provisions required by sub-section (b) of the Renegotiation Act as amended by section 701 of the Revenue Act of 1943 (Public Law No. 235, 78th Congress, enacted February 25, 1944); and (2) in compliance with said sub-section (b) of the Renegotiation Act, the Contractor shall insert in the subcontracts specified in said sub-section (b) either the provisions of this Article or the provisions required by said sub-section (b).

(b) This contract shall be exempt from statutory renegotiation if (1) the contractor hereunder is a department, bureau, agency or governmental corporation of the United States, or any Territory, possession or State or any agency thereof, or any foreign Government or agency thereof; or (2) made with a public utility for the delivery of electric power of less than 1000 kilowatts of contractual demand except that if the actual demand was 1000 kilowatts or more at any time during any particular fiscal year, amounts received or accrued under this contract for such fiscal year shall not be exempt from renegotiation by reason of anything contained in this sub-paragraph (b) (2).

8. *Disputes.* (Insert General Provision 12 of W. D. Contract Form No. 383, § 813.1317a (b).)

9. *Alterations and additions.*

SPECIAL PROVISIONS B: GAS SERVICE

Attached to and made part of Contract No. W ---------

1. *Estimated service requirements.*
Estimated maximum demand: ---------- MCF per hour.
Estimated annual consumption: -------- MCF.
(The Government is in no way obligated to use nor is it restricted to the above estimated requirements.)

2. *Point of delivery.* The point of delivery of gas shall be ----------

3. *Quality of gas.* The Contractor will supply commercially clean and dry gas with a heat content at 14.7 pounds per square inch absolute and 60 degrees Fahrenheit of not less than ------ British thermal units per cubic foot. Deduction for failure to provide gas at the agreed heat value shall be made as follows: One per cent net of the average price per 1000 cubic feet of gas for each one per cent below the agreed heat value.

4. *Unit of measure.* A "cubic foot of gas", for the purpose of this contract, is the amount of gas necessary to fill a cubic foot of space when the gas is at a base pressure of ------ ounces per square inch above atmospheric pressure and at a base temperature of 60 degrees Fahrenheit, and the gas volumes shall be computed into such units. It is agreed that the gas shall be assumed to obey Boyle's law and no correction shall be made for any variation from this law; that the atmospheric pressure is ------ pounds per square inch; and that the flowing temperature is 60 degrees Fahrenheit.

5. *Metering and billing.* Gas will be measured by ---------- meters to be furnished, installed, maintained, calibrated and read by the Contractor. The readings of the meters will be:
(number and type)
Billed separately.[1]
Combined for billing purposes.[1]

When orifice meters are used to measure gas furnished hereunder, such meters shall be of standard manufacture and shall be installed and operated in accordance with the manufacturer's specifications and recommendations. Computations of gas deliveries shall be made in accordance with the manufacturer's recommendations and shall be corrected for the specific gravity of the gas, which shall be determined by spot specific gravity tests made monthly or at more frequent intervals if required, or by a recording gravitometer.

Upon request of the Contracting Officer or his representative, the Contractor will submit to the Government records and charts from its metering equipment, together with calculations therefrom, for the Government's inspection and verification, subject to return by the Government within ten days after receipt thereof, after which return the charts and records shall be kept on file by the Contractor for the mutual use of both parties for such period and to such extent as may be required by law.

6. *Pressure.* [1] Contractor will maintain at the point of delivery a regulated pressure within ten per cent of the pressure requested by the Contracting Officer but shall not be required to maintain more than ---------- pounds or less than ---------- pounds per square inch gauge.

[1] Contractor will supply gas from its low pressure distribution system at a pressure between ---------- and ---------- ounces per square inch gauge.

7. *Termination.* Notice of intention to terminate shall be at the option of the Government and shall be given by the Contracting Officer not less than thirty days in advance of the effective date of termination

8. *Renegotiation.* (a) Unless the provisions of subparagraph (b) of this paragraph 8 are applicable to this contract, (1) this contract shall be deemed to contain all the provisions required by subsection (b) of the Renegotiation Act as amended by section 701 of the Revenue Act of 1943 (Public Law No. 235, 78th Congress, enacted February 25, 1944); and (2) in compliance with said subsection (b) of the Renegotiation Act, the Contractor shall insert in the subcontracts specified in said subsection (b) either the provisions of this Article or the provisions required by said subsection (b).

(b) This contract shall be exempt from statutory renegotiation if:

(1) The Contractor hereunder is a department, bureau, agency or governmental corporation of the United States, or any Territory, possession or State, or any agency thereof, or any foreign Government or agency thereof; or

(2) The gas to be supplied hereunder is the product of a gas well which has not been processed, refined, or treated beyond the first form or state suitable for industrial use; or

(3) Made with a public utility for the delivery of gas, except that if the amounts received or accrued hereunder during any particular fiscal year were $50,000 or more, amounts received or accrued hereunder for such fiscal year shall not be exempt from renegotiation by reason of anything contained in this subparagraph (b) (3). (If such fiscal year is a fractional part of twelve months, the $50,000 amount shall be reduced to the same fractional part thereof for the purposes hereof.)

9. *Disputes.* (Insert General Provision 12 of W. D. Contract Form No. 383, § 813.1317a (b).)

10. *Alterations and additions.*

SPECIAL PROVISIONS C: WATER SERVICE

Attached to and made part of Contract No. W---------

1. *Estimated service requirements.* Estimated daily maximum demand: ----------
Estimated annual consumption: ----------
(The Government is in no way obligated to use nor is it restricted to the above estimated requirements.)

2. *Point of delivery.* The point of delivery of water shall be ----------

3. *Description of water service.* The Contractor shall have ---------- gallons per minute of water continuously available at the point of delivery at a pressure of not less than ---------- pounds per square inch gauge.

4. *Quality of water.* The Contractor will supply clear, potable water safe for human consumption in accordance with standards adopted by the United States Public Health Service for drinking and culinary water supplied by common carriers in interstate commerce and such revisions thereof as may be made from time to time.

5. *Metering and billing.* Water will be measured by ---------- meters owned, calibrated and maintained by ----------
(number and size)
The readings of the meters will be:
Billed separately.[1]
Combined for billing purposes.[1]

6. *Termination.* Notice of intention to terminate this contract shall be at the option of the Government and shall be given in writing by the Contracting Officer to the Contractor not less than thirty days in advance of the effective date of termination.

7. *Renegotiation.* (a) Unless the provisions of subparagraph (b) of this paragraph 7 are applicable to this contract, (1) this contract shall be deemed to contain all the provisions required by subsection (b) of the Renegotiation Act as amended by section 701 of the Revenue Act of 1943 (Public Law No. 235, 78th Congress, enacted February 25, 1944); and (2) in compliance with said subsection (b) of the Renegotiation Act, the Contractor shall insert in the subcontracts specified in said subsection (b) either the provisions of this Article or the provisions required by said subsection (b).

(b) This contract shall be exempt from statutory renegotiation if:

(1) The contractor hereunder is a department, bureau, agency or governmental corporation of the United States, or any Territory, possession or state, or any agency thereof, or any foreign Government or agency thereof; or

(2) Made with a public utility for the furnishing of water, except that if the amounts received or accrued hereunder during any particular fiscal year were $10,000 or more, amounts received or accrued hereunder for such fiscal year shall not be exempt from renegotiation by reason of anything contained in this subparagraph (b) (2). (If such fiscal year is a fractional part of twelve months, the $10,000 amount shall be reduced to the same fractional part thereof for the purposes hereof.)

8. *Disputes.* (Insert General Provision 12 of W. D. Contract Form No. 383, § 813.1317a (b).)

9. *Alterations and additions.*

SPECIAL PROVISIONS D: SEWAGE

Attached to and made part of Contract W---------

1. *Estimated service requirements.*
Estimated annual volume ----------
(The Government is in no way obligated to deliver nor is it restricted to the above estimated requirements.)

2. *Service to be rendered.* Contractor shall furnish a sanitary sewer connection and sanitary sewerage service as required by the Government and shall receive, carry, treat and dispose of all sanitary sewage originating at the project in such amounts as the Government desires to release into Contractor's sewer system and in a manner and by such means as will constitute no hazard to the public health. Contractor shall operate its sewage disposal and treatment facilities in conformity with applicable laws, rules, and regulations promulgated by State and Federal governmental authorities.

3. *Point of delivery.* The sewage shall be delivered to Contractor by the Government at ----------

4. *Termination.* Notice of intention to terminate this contract shall be at the option of the Government and shall be given in writing by the Contracting Officer to the Contractor not less than thirty days in advance of the effective date of termination.

5. *Renegotiation.* (a) Unless the provisions of subparagraph (b) of this paragraph 5 are applicable to this contract, (1) this contract shall be deemed to contain all the provisions required by subsection (b) of the Renegotiation Act as amended by section 701 of the Revenue Act of 1943 (Public Law No. 235, 78th Congress, enacted February 25, 1944); and (2) in compliance with said subsection (b) of the Renegotiation Act, the Contractor shall insert in the subcontracts specified in said subsection (b) either the provisions of this Article or the provisions required by said subsection (b).

(b) This contract shall be exempt from statutory renegotiation if:

(1) The contractor hereunder is a department, bureau, agency or governmental corporation of the United States, or any Territory, possession or state, or any agency thereof; or

(2) Made with a public utility for the removal of sewage, except that if the amounts received or accrued hereunder during any particular fiscal year were $10,000 or more, amounts received or accrued hereunder for such fiscal year shall not be exempt from renegotiation by reason of anything contained in this subparagraph (b) (2). (If such fiscal year is a fractional part of twelve months, the $10,000 amount shall be reduced to the same fractional part thereof for the purposes hereof.)

6. *Disputes.* (Insert General Provision 12 of W. D. Contract Form No. 383, § 813.1317a (b)).

Contract No. ----------

LUMP SUM CONTRACT FOR ARCHITECT-ENGINEER SERVICES

(With Optional Supervision)

WAR DEPARTMENT

Architect-engineer & address----------
Services in connection with----------
Location----------
Amount: For Title I $----------
For Title II $----------
Payment: To be made by--------, U. S. Army, at----------

The supplies and services to be obtained by this instrument are authorized by, are for the purposes set forth in, and are chargeable to, the following allotments, the available balances of which are sufficient to cover the cost of the same:

This contract was negotiated under and is authorized by the following laws:

LUMP SUM CONTRACT FOR ARCHITECT-ENGINEER SERVICES

(With Optional Supervision)

This Contract, entered into this---------- day of----------, 19----, by the United States of America (hereinafter called the "Government"), represented by the Contracting Officer executing this contract and----------

---

[1] a corporation organized and existing under the laws of the State of----------

---

[1] a partnership consisting of----------

---

[2] an individual trading as----------
in the City of----------
State of----------
(hereinafter called the "Architect-Engineer").

Witnesseth that:

Whereas, the accomplishment of the hereinafter described work and services is authorized by law and will facilitate the prosecution of the war; and

Whereas, the Government desires to engage the Architect-Engineer to render services as hereinafter set forth for the preparation of necessary reports, designs, drawings, specifications and other documents; and, at the option of the Government, for technical supervision of the construction of the project described in Article I-A hereof; and

Whereas, the Secretary of War has directed ----------
to negotiate this Architect-Engineer Contract:

Now, therefore, the parties hereto do mutually agree as follows:

TITLE I

ARTICLE I-A. *Description of project.* 1. The Architect-Engineer shall, upon receipt of notice to proceed, perform all the services required under this contract for the project generally described as follows:

(hereinafter referred to as "the project"), located at or in the vicinity of ---------- and more specifically described in Appendix "A" which is attached hereto and made a part hereof.

ART. I-B. *Statement of architect-engineer services.* The Architect-Engineer shall perform the following services:

1. Make such topographical and other surveys and maps as are specified in Appendix "A"; supervise necessary test borings and other subsurface investigations required by the Contracting Officer, but the cost of such borings and investigations shall be borne by the Government. This provision is not to be deemed to require the Architect-Engineer to make real estate surveys.

2. Establish a permanently monumented base line, with elevations, tied into the North American Datum.

3. Prepare, subject to the approval of the Contracting Officer, preliminary studies, sketches, and layout plans and reports including estimates of cost of the proposed project and of all structures, utilities and appurtenances thereto. But if more than three sets of such studies, sketches, plans, or reports are required because of changes initiated by the Contracting Officer, an adjustment in the contract price will be made as provided in Article III-E.

4. Adopt Government designs, drawings, specifications and standards for buildings and other structures as necessary to meet the requirements of the approved layout of the proposed project, and prepare detailed designs, specifications and drawings in required form for buildings and other structures for which Government designs are incomplete or unavailable.

5. When preliminary drawings are approved in writing by the Contracting Officer, prepare final designs, detailed working drawings and specifications in accordance with Government standards necessary for the effective coordination and efficient execution of the construction work and revise such drawings and specifications if necessary. All such drawings may be prepared in pencil on tracing paper or pencil tracing cloth of approved quality by such methods and of such quality of workmanship as will permit the making of satisfactory reproductions thereof and the revision of such drawings for record purposes. Prepare and furnish ---------- copies of the specifications and ---------- sets of full size copies of working drawings; in the event additional copies are required the Government shall pay the cost thereof. There shall be included in the specifications all provisions which the Contracting Officer may direct

[1] Delete all lines which do not apply.

[2] Delete inapplicable language.

to have incorporated therein relating to the advertising, negotiating, or awarding of construction contract or contracts, conditions under which the work shall be done, and any special provisions required by statute or existing War Department regulations or instructions.

6. Obtain necessary permits and approvals from all local, State and Federal authorities. Should it become necessary in the performance of the work and services for the Architect-Engineer to secure the right of ingress and egress to perform any of the work required by Title I hereof on properties not owned or controlled by the Government, the Architect-Engineer shall, if practicable, secure the consent of the owner, his representative, or agent, prior to effecting entry on such property. In the event the owner requires the payment of any fee for a license to enter upon and/or use such property, the Architect-Engineer, when so directed by the Contracting Officer, shall pay such fee and obtain a receipt therefor. The expenditures covering such fees shall constitute a reimbursable item under this contract, and the Architect-Engineer, upon presentation of a voucher therefor, duly supported by proper receipts attached thereto, shall be reimbursed for the full amount thereof.

7. Prepare an estimate of the cost of the proposed project based upon the approved designs, drawings and specifications therefor.

8. Prepare schedules and charts showing the sequence of operations in the construction of each of the several portions of the work.

9. Prepare estimates showing the quantities of critical and important materials and length of time after award of the construction contract when such materials will be required on the site.

10. Assist the Contracting Officer in preparing invitations for bids or proposals analysing and evaluating bids or proposals for a construction contract or contracts based upon the approved drawings and specifications.

11. Check and approve all shop and working drawings submitted by the Constructor in connection with the construction work to assure that they conform with approved drawings.

12. During the construction period the Architect-Engineer shall furnish such advice as may be requested and an approved representative shall make _____ visits to the site of the work at periods required by the Contracting Officer; additional visits, if made, shall be paid for at _____ Dollars ($_____) per day in full satisfaction therefor. In the event that the option of Title II is exercised, the provisions of this paragraph shall not apply.

ART. I–C. *Progress schedule.* 1. The Architect-Engineer shall, promptly after the execution of this contract, prepare and submit to the Contracting Officer, for approval, a schedule showing the order in which the Architect-Engineer proposes to carry on the work, with dates on which he will start the several salient features of the work and the contemplated dates for completing the same. Such schedule shall provide for completion of all work hereunder within the contract time. The schedule shall be in the form of a progress chart at suitable scale so as to indicate with symbols the percentage completed at any time. The Architect-Engineer shall correct the progress schedule at the end of each week and shall immediately deliver three copies to the Contracting Officer.

2. The Architect-Engineer shall furnish sufficient technical, supervisory and administrative personnel to insure the prosecution of the work in accordance with the approved progress schedule.

ART. I–D. *Period of service.* 1. The Architect-Engineer shall complete all work and services under Title I of this contract except work and services required under Article I–B, sections 11 and 12, within _____ months after receipt of notice to proceed.

ART. I–E. *Payment.* 1. In consideration of the performance of his undertakings under this Title I, the Architect-Engineer shall be paid the sum of _____ Dollars ($_____), which shall constitute complete payment for all services required to be performed under this Title I and all expenditures which may be made and expenses incurred except as are otherwise expressly provided herein.

TITLE II

At any time prior to six months after satisfactory completion and acceptance of the work and services to be furnished under Title I except Article I–B, sections 11 and 12, the Government, at its option, may direct, by a written order, the Architect-Engineer to perform the work and services provided under this Title II. Upon receipt of such direction, the Architect-Engineer shall proceed with such work and services.

ART. II–A. *Services to be furnished by Architect-Engineer.* The Architect-Engineer shall perform the following services:

1. Furnish all governing lines, bench marks and grades essential to the construction of the project.

2. Furnish a Resident Engineer and staff of assistants and other personnel to supervise the construction to assure that every part of the work is done in accordance with the approved drawings and specifications and within the areas and boundaries designated for the project. The Architect-Engineer will furnish _____ man-months of inspection service as required by the Contracting Officer.

3. Make all field tests at the site of the work and report to the Contracting Officer in writing as to the conformity or nonconformity of the materials and equipment and workmanship to specifications. The Architect-Engineer shall evaluate reports on such other tests of materials and equipment as may be required by the Contracting Officer, but the cost of such tests shall be borne by the Government.

4. Prepare, with the assistance of the Constructor, labor estimates showing the approximate numbers, trades and dates required to meet the approved construction schedule.

5. Prepare weekly progress reports in approved form showing the progress of the construction work and any deviation from the approved construction schedule.

6. Prepare, when required by the Contracting Officer, the partial and final construction estimates for payment.

7. Without additional compensation the Architect-Engineer or any member of the organization, when requested, shall consult and advise with the Contracting Officer on any questions which may arise in connection with the work under this contract.

8. Upon termination or completion of this contract as determined by the Contracting Officer, and before final payment, the Architect-Engineer shall:

a. Prepare record drawings to show construction as actually accomplished. These record drawings shall be prepared by correcting drawings as prepared for construction purposes or, where construction drawings cannot be satisfactorily revised for record purposes, by preparation of appropriate new drawings. All such new drawings shall be prepared in pencil on tracing paper or pencil tracing cloth of approved quality.

b. Assist the Contracting Officer in the preparation of the completion report for the project.

c. Supervise the testing of operating units to assure their conformance with specifications and furnish all engineering services necessary to secure such conformance.

d. Prepare instructions for the proper operation and maintenance of all utilities and operating equipment designed by the Architect-Engineer.

ART. II–B. *Period of service.* 1. The period of service of the Architect-Engineer under Title II of this Contract shall be _____ months from receipt of the order to proceed, but the Government may extend such period as provided in Article III–E of this Contract.

ART. II–C. *Payment.* 1. In consideration of the performance of his undertakings under this Title II the Architect-Engineer shall be paid the sum of _____ Dollars ($_____), which shall constitute complete payment for all services required to be performed under this Title II and all expenditures which may be made and expenses incurred except as are otherwise provided herein.

TITLE III

The provisions of this Title shall apply to this entire contract, to wit: to Title I and likewise to Title II should Title II become operative as provided herein.

ART. III–A *Method of payment.* 1. Estimates shall be made semi-monthly of the amount and value of the work and services performed by the Architect-Engineer under this contract, determined in accordance with Appendix "A" attached hereto and made a part hereof.

2. Upon approval of such estimate by the Contracting Officer payment upon vouchers approved by the Contracting Officer shall be made to the Architect-Engineer as soon as practicable of 90% of the amount as determined above, less all previous payments.

3. In the event that the Government does not exercise the option under Title II of this contract within 30 days after the satisfactory completion and acceptance by the Contracting Officer of the work done by the Architect-Engineer under Article I–B, sections 1 through 10 inclusive, the Architect-Engineer shall be paid the unpaid balance of any money due for work done under said sections.

4. Upon satisfactory completion of the construction work and its final acceptance the Architect-Engineer shall be paid the unpaid balance of any money due hereunder. Prior to such final payment under the contract, or prior to settlement upon termination of the contract, and as a condition precedent thereto, the Architect-Engineer shall execute and deliver to the Contracting Officer a release of all claims against the Government arising under or by virtue of this contract, other than such claims, if any, as may be specifically excepted by the Architect-Engineer from the operation of the release in stated amounts to be set forth therein.

ART. III–B. *Drawings and other data to become property of Government.* 1. All notes, designs, drawings, specifications and other technical data are to become the property of the Government on completion as outlined in this contract, and the Government shall have full right to use those instruments for the purpose of constructing under contract or otherwise any buildings or other structures for the sole use of the Government when and where the Government may designate, without any claim on the part of the Architect-Engineer for additional compensation.

2. All notes, designs, drawings, specifications and other technical data concerning the project shall be delivered to the Government whenever requested by the Contracting Officer, and, furthermore, access to such data shall be restricted to trusted and duly authorized representatives of the Government and of the Architect-Engineer.

ART. III–C. *Contracting officer's decisions.* 1. The extent and character of the work to be done by the Architect-Engineer shall be subject to the general supervision, direction, control and approval of the Contracting Officer to whom the Architect-Engineer shall report and be responsible. In the event that there should be any dispute with regard to the extent and character of the work to be done, the decision of the Contracting Officer shall govern, but the Architect-Engineer shall have the right of appeal as provided in Article III–D.

ART. III–D. *Disputes.* (Insert article in § 803.326)

ART. III–E. *Changes.* 1. The Contracting Officer may at any time, by a written order, and without notice to the sureties, make any changes in this contract which may either increase or decrease the services hereunder. If such changes cause an increase or decrease in the services required under this contract, or in the time required for its performance, an equitable adjustment shall be made and the contract shall be modified in writing accordingly. Any claim for adjustment under this article must be asserted within 10 days from the date the change is ordered: *provided, however,* That the Contracting Officer, if he determines that the facts justify such action, may receive and consider, and with the approval of the Secretary of War or his duly authorized representative, adjust any such claim asserted at any time prior to the date of final settlement of the contract. If the parties fail to agree upon the adjustment to be made, the dispute shall be determined as provided in Article III–D, but nothing provided in this article shall excuse the Architect-Engineer from proceeding with the prosecution of the work so changed.

ART. III–F. *Termination.* 1. The Government may terminate this contract at any time and for any cause by a notice in writing from the Contracting Officer to the Architect-Engineer. Upon receipt of such notice the Architect-Engineer shall, unless the notice directs otherwise, immediately discontinue all work.

2. If the contract is terminated for the convenience of the Government, payment to the Architect-Engineer will be made promptly for that proportion of the services required under the contract which the work actually performed bears to the total work required under the contract, less any payments previously made.

3. If this contract is terminated because of the failure on the part of the Architect-Engineer to fulfill his undertakings under this contract, the Government may take over the work and prosecute the same to completion by contract or otherwise, and the Architect-Engineer shall be liable to the Government for any excess cost occasioned to the Government thereby.

ART. III–G. *Covenant against contingent fee.* (Insert clause in § 803.323)

ART. III–H. *Officials not to benefit.* (Insert clause in § 803.322)

ART. III–I. *Assignment of claims.* (Insert clause in § 803.355)

ART. III–J. *Convict labor.* (Insert clauses in § 803.345 or § 803.356)

ART. III–K. *Dismissals.*

1. Should the continued employment, under this contract, of any person in the Architect-Engineer's organization be deemed by the Contracting Officer to be prejudicial to the interests of the Government, that person shall be immediately removed from the work. The Architect-Engineer shall make every reasonable effort in the selection of his employees and in the prosecution of the work under this contract to safeguard all drawings and specifications, and to prevent the theft or unauthorized use of the same.

ART. III–L. *Workmen's compensation laws.* 1. The Act of June 25, 1936 (49 Stat. 1938, 1939; 40 U. S. C. 290), provides that the several states have authority to make their Workmen's Compensation Laws applicable to contracts for the construction, alteration or repair of a public building or public work of the United States, and the several states are vested with the power and authority to enforce such state laws on lands of the United States.

ART. III–M. *Accident prevention.* 1. The Architect-Engineer will maintain an accurate record of, and will report to the Contracting Officer in the manner and on the forms prescribed by the Contracting Officer, all causes of death, occupational disease, and traumatic injury arising out of or in the course of employment on work under this contract.

ART. III–N. *Anti-discrimination.* (Insert clauses in § 803.325).

ART. III–O. *Renegotiation pursuant to section 403 of the Sixth Supplemental National Defense Appropriation Act, 1942, as amended.* (Insert article in § 803.342–1).

ART. III–P. *Definitions.* (Insert article 22, § 813.1301)

ART. III–Q. *Approval.* 1. This contract shall be subject to the written approval of the _____ and shall not be binding unless so approved.

ART. III–R. *Alterations.* 1. The following changes were made in this contract before it was signed by the parties hereto:

In witness whereof, the parties hereto have executed this contract as of the day and year first above written:

GENERAL PROVISIONS APPLYING TO THIS ORDER

1. *Payments.* The Contractor shall be paid, upon the submission of properly certified invoices or vouchers, the prices stipulated herein for articles delivered and accepted or services rendered, less deductions, if any, as herein provided. If the Contracting Officer permits, (a) payments may be made on partial deliveries accepted by the Government when the amount due on such deliveries so warrants; or, (b) when requested by the Contractor, payments for accepted partial deliveries may be made whenever such payments would equal or exceed either $1,000 or 50% of the total amount of the contract.

2. *Inspection.* Whether or not an inspection point is specified herein, all material and workmanship shall be subject to inspection and test at all times and places (including inspection and test after arrival at destination) and, when practicable, during manufacture. In case any articles are found to be defective in material or workmanship, or otherwise not in conformity with the specification requirements, the Government shall have the right to reject such articles, or require their correction. Final inspection shall be conclusive except as regards latent defects, fraud, or such gross mistakes as amount to fraud. In the event public necessity requires the use of materials or supplies not conforming to the specifications, payment therefor shall be made at a proper reduction in price.

3. *Variation in quantities.* (Insert § 803.329)

4. *Notice of shipments.* (Insert § 803.328)

5. *Taxes.* (Insert § 803.357–2)

6. *Walsh-Healey Act.* If this contract is for an amount in excess of $10,000, the representations and stipulations required by Section 1 of the Act of June 30, 1936 (Walsh-Healey Act, Public No. 846, 74th Cong.), to be included in all contracts therein specified, are hereby incorporated and made a part of this contract with the same force and effect as if fully set forth in the contract. Such representations and stipulations shall be subject to all applicable regulations, determinations, and exemptions of the Secretary of Labor now or hereafter in effect.

7. *Eight-hour law.* This General Provision 7 shall apply if General Provision 6 is not applicable. (Insert § 803.346)

8. *Anti-discrimination.* (Insert § 803.325)

9. *Convict labor.* The Contractor shall not employ any person undergoing sentence of imprisonment at hard labor.

10. *Changes.* Where the supplies to be furnished are to be specially manufactured in accordance with drawings and specifications, the Contracting Officer may at any time, by a written order, and without notice to the sureties, if any, make changes in the drawings or specifications. Changes as to shipment and packing of all supplies may also be made as above provided. If such changes cause an increase or decrease in the amount due under this contract, or in the time required for its performance, an equitable adjustment shall be made and the contract shall be modified in writing accordingly.

11. *Delays; damages.* If the Contractor refuses or fails to perform this contract within the time specified, or any extension thereof, the Government may, by written notice, terminate the right of the Contractor to proceed with deliveries or with such part or parts thereof as to which there has been delay, and may hold the Contractor liable for any damage caused the Government by reason of such termination. The right of the Contractor to proceed with the performance of this contract shall not be terminated under this General Provision 11 if the delay is due to causes beyond the control and without the fault or negligence of the Contractor, including without being limited to, any preference, priority, or allocation order issued by the Government or any other act of the Government.

12. *Disputes.* Except as otherwise specifically provided in this contract, all disputes concerning questions of fact which may arise under this contract, and which are not disposed of by mutual agreement, shall be decided by the Contracting Officer, who shall reduce his decision to writing and mail a copy thereof to the Contractor. Within 30 days from said mailing the Contractor may appeal to the Secretary of War, whose decision or that of his designated representative, representatives, or board shall be final and conclusive upon the parties hereto. Pending decision of a dispute hereunder the Contractor shall diligently proceed with the performance of this contract.

13. *Assignment of rights hereunder.* This General Provision 13 shall apply if this contract is for $1,000 or more, unless this contract is marked secret, confidential, or restricted. (Insert § 803.355.)

14. *Officials not to benefit.* Insert § 803.322.)

15. *Covenant against contingent fees.* (Insert § 803.323.)

16. *Termination at the option of the Government.* The performance of work under this contract may be terminated by the Government whenever the Contracting Officer shall determine that such action is for the best interests of the Government. If this contract is so terminated, fair compensation, within the meaning of the Contract Settlement Act of 1944 (Public No. 395, 78th Cong.), as the same may from time to time be amended, will be provided for contractor

17. *Definitions.* Except for the original signing of this contract, and except as otherwise stated herein, the term "Contracting Officer" as used herein shall include his duly appointed successor or his authorized representative.

SHIPPING INSTRUCTIONS

A. Mark each package with complete destination, Delivery Order or Purchase Order number, name of Contractor, commodity, quantity, Delivery Order or Purchase Order item number, package number.

B. Packing list must accompany each shipment, showing package number and contents.

C. If purchase is f. o. b. destination, delivery charges are absorbed in the prices. If purchase is f. o. b. origin, delivery charges are excluded from the prices and Government bill of lading will be used, or commercial bill of lading will be used and exchanged for Government bill of lading at destination.
